If the net proceeds from the sale of such shares are insufficient to satisfy the balance of the uncollected amounts, the Plan Administrator may sell additional shares from your account as necessary to satisfy the uncollected balance.

In addition, an insufficient funds fee of \$25.00 will be charged. The Plan Administrator may place a hold on the Lowe's Plan account until the insufficient funds fee is received from you, or may sell shares from your account to satisfy any uncollected amounts.

14. *When will shares be purchased?*

For initial investments and optional additional cash investments, the Plan Administrator will buy shares each week, beginning on Thursday (or the next business day) if your funds are received at least two business days before that Thursday.

The Plan Administrator will use your investment to purchase as many full shares as possible and will use any amount remaining to purchase a fraction of a share.

Table of Contents

Dividends

16. *Can my dividends be reinvested automatically?*

Yes. You may elect on your enrollment form full, partial or no reinvestment of your dividends. If you make no election on your enrollment form, cash dividends on all shares in your account will be reinvested. If you choose partial reinvestment, you must identify the number of shares in your account on which you would like to receive cash payments for dividends.

17. *When will my dividends be reinvested and at what price?*

The purchase of shares with your reinvested dividends will generally begin on the dividend payment date (or next business day) and be completed within five business days of the dividend payment date. The price of shares purchased on the open market with dividends will be the weighted average price of all shares purchased with reinvested dividends. If shares are purchased from Lowe's, the purchase price will be the average of the high and low sales price reported on the New York Stock Exchange's consolidated tape for the day of the transaction.

Source of Stock

18. *What is the source of Lowe's common stock purchased through the Lowe's Plan?*

At Lowe's option, share purchases will be made in the open market or directly from Lowe's. Share purchases on the open market may be made on any stock exchange where Lowe's common stock is traded or by negotiated transactions on such terms as the Plan Administrator may reasonably determine. Neither Lowe's nor any participant will have any authority or power to direct the date, time or price at which shares may be purchased by the Plan Administrator.

Lowe's will receive proceeds from purchases of common stock by participants in the Lowe's Plan only to the extent that such purchases are made directly from Lowe's and not in the open market. Lowe's is unable to estimate the number of shares, if any, that will be purchased directly from Lowe's under the Lowe's Plan or the amount of proceeds from any such purchases. If shares for the Lowe's Plan are purchased directly from Lowe's, the net proceeds will be used by Lowe's for general corporate purposes.

Sale of Shares

19. *How do I sell my shares?*

You can sell some or all of the Lowe's Plan shares you hold in any of three ways: by providing written instructions to the Plan Administrator; by calling the Plan Administrator toll free at 1-877-282-1174; or by accessing your Computershare shareholder account online. Each account statement you receive will have a sale coupon form attached for your convenience. If you sell only a portion of your shares, the Plan Administrator will continue to reinvest the dividends on your remaining shares in the Lowe's Plan as previously authorized by you.

The Plan Administrator will generally sell shares daily within five business days of receipt of proper instructions. The sale price for your shares will be the weighted average price per share received by the Plan Administrator for all sales made that day for Lowe's Plan participants. A \$10 service charge and a sales fee of \$0.12 per share, which includes brokerage commissions, will be deducted from your sale proceeds.

Please note that the Plan Administrator is not able to accept instructions to sell on a specific day or at a specific price.

Table of Contents

If you prefer, you can withdraw shares from the Lowe's Plan, at no cost to you, and sell them through a broker of your own choosing. You may do so either by requesting a certificate for the shares and presenting it to the broker or by requesting the shares you wish to sell be converted to book-entry form in DRS. If you request a certificate for the shares, the certificate will normally be mailed to you within five business days of receipt of your instructions. If you withdraw and sell only a portion of your shares, the Plan Administrator will continue to reinvest the dividends on your remaining shares in the Lowe's Plan as previously authorized by you.

How Shares are Held

20. *How does the safekeeping service (book-entry shares) work?*

All shares of Lowe's common stock that are purchased through the Lowe's Plan will be held by the Plan Administrator and recorded in book-entry form in your Lowe's Plan account on the records of the Plan Administrator. If you hold Lowe's common stock certificates outside the Lowe's Plan you may also, at any time, deposit those certificates for safekeeping with the Plan Administrator, and the shares represented by the deposited certificates will be included in book-entry form in your Lowe's Plan account.

21. *How do I deposit my Lowe's stock certificates with the Plan Administrator?*

To deposit certificates into the Lowe's Plan, you should send your certificates, by registered and insured mail, to the Plan Administrator at Lowe's Stock Advantage Direct Stock Purchase Plan, c/o Computershare, P.O. Box 43078, Providence, RI 02940-3078, with written instructions to deposit those shares in your Lowe's Plan account. The certificates should not be endorsed and the assignment section should not be completed. We recommend insuring certificates for at least three percent of the market value to cover the cost of a surety bond in the event the shares are lost in transit to the Plan Administrator.

22. *Are there any charges associated with this custodial service?*

No. There is no cost to you for having the Plan Administrator hold the shares purchased for you through the Lowe's Plan or for having the Plan Administrator deposit the stock certificates you hold into your account.

23. *How can I receive a stock certificate?*

Normally, stock certificates for shares purchased under the Lowe's Plan will not be issued; rather shares will be registered in the name of the Plan Administrator or its nominee and credited to your Lowe's Plan account. However, you may request a stock certificate by indicating your preference on the stub attached to your account statement and forwarding it to the Plan Administrator. There is no charge for this service. Stock certificates for fractional shares will not be issued.

Transfers of Shares

24. *Can I transfer shares that I hold in the Lowe's Plan to someone else?*

Yes. You may transfer ownership of some or all of your Lowe's Plan shares by sending the Plan Administrator written transfer instructions. Your signature must be Medallion Guaranteed by a financial institution. Most banks and brokers participate in the Medallion Guarantee program. The Medallion Guarantee program ensures that the individual signing is in fact the owner of the participant's account.

You may transfer shares to new or existing Lowe's shareholders. However, a new Lowe's Plan account will not be opened for a transferee as a result of a transfer of less than one full share.

Table of Contents

Change of Address

25. *I've just moved. How can I request a change of address or update other personal data?*

It is important that our records contain your most up-to-date personal data. If you need to request a change of address or update other personal data, you may access your Computershare account online, call Computershare toll free at 1-877-282-1174, or write to them at the address listed in question 28.

Withdrawal from the Lowe's Stock Advantage Direct Stock Purchase Plan

26. *How do I close my Lowe's Plan account?*

You may terminate your participation in the Lowe's Plan either by completing the appropriate section of your account statement and returning it to the Plan Administrator or by giving notice to the Plan Administrator in writing, on the phone or through your Computershare account online. Upon termination, you may elect to receive a certificate for the number of whole shares held in your Lowe's Plan account or to have all of the shares in your Lowe's Plan account sold for you as described earlier in this prospectus and pay applicable fees and commissions. Alternatively, you may request the Plan Administrator convert your shares to book-entry form in DRS. Shares held in DRS have the same rights and privileges as shares of Lowe's common stock registered on Lowe's records that are represented by a certificate. If you choose either this alternative or to receive a physical certificate, you will also receive a check for the value of any fractional shares you held in the Lowe's Plan, less any applicable fees, for selling those fractional shares.

If you elect to receive a certificate or to have your shares sold, the Plan Administrator will send you your proceeds, without interest, or your certificate (with a check for the value of any fractional shares) as soon as practicable. If a notice of withdrawal is received on or after the record date, but before the related dividend payment date, the Plan Administrator may not process your request until after the dividend reinvestment has posted to your account. Thereafter, cash dividends on shares you hold in book-entry form in DRS or in certificate form will be paid out to you and not reinvested in Lowe's common stock.

Administration

27. *Who administers the Lowe's Stock Advantage Direct Stock Purchase Plan?*

The Lowe's Plan is administered by Computershare, which also serves as Lowe's stock transfer agent, registrar and dividend disbursing agent. As Plan Administrator, Computershare acts as agent for Lowe's Plan participants and keeps records, sends statements and performs other duties relating to the Lowe's Plan. Computershare Inc., an affiliate of Computershare and a transfer agent registered with the SEC, acts as service agent for Computershare.

Purchases and sales of Lowe's common stock under the Lowe's Plan are made by a broker-dealer acting as purchasing agent for Lowe's Plan participants. To the extent required by applicable law in certain jurisdictions, shares offered under the Lowe's Plan are offered through a broker-dealer.

32. Can the Lowe's Plan be changed?

Yes. We may add to, modify, suspend or terminate the Lowe's Plan at any time. We will send you written notice of any significant changes. Upon termination of the Lowe's Plan, we will return to you any uninvested automatic deductions from your bank account and any uninvested optional cash investments or initial investment. Whole shares held in your account under the Lowe's Plan will be converted to book-entry form in DRS. We will pay you in cash for any fractional shares credited to your account. Alternatively, you may request the Plan Administrator to issue a stock certificate free of charge.

33. What are the responsibilities of Lowe's and the Plan Administrator?

Neither Lowe's nor the Plan Administrator, Computershare, will be liable for any act, or for any failure to act as long as they have made good faith efforts to carry out the terms of the Lowe's Plan, as described in this prospectus and on the forms that accompany each investment or activity.

Participants should recognize that neither Lowe's nor the Plan Administrator can promise a profit or protect against a loss on the common stock purchased under the Lowe's Plan. For more information about the risks and uncertainties that Lowe's is exposed to, you should read the Risk Factors included in Lowe's Annual Report on Form 10-K to the SEC and the description of material changes, if any, in those Risk Factors included in our Quarterly Reports on Form 10-Q.

Although the Lowe's Plan provides for the reinvestment of dividends, the declaration and payment of dividends will continue to be determined by the Lowe's Board of Directors at its discretion, depending upon future earnings, the financial condition of Lowe's and other factors. The amount and timing of dividends may be changed, or the payment of dividends terminated, at any time without notice.

Tax Consequences

You should consult with your tax advisor for a complete analysis of the tax consequences of participating in the Lowe's Plan. The following summary is for general information only.

Cash dividends reinvested under the Lowe's Plan will be taxable for U.S. Federal income tax purposes as having been received by you even though you have not actually received them in cash. You will receive an annual statement from the Plan Administrator indicating the amount of reinvested dividends reported to the U.S. Internal Revenue Service as dividend income.

You will not realize a gain or loss for U.S. Federal income tax purposes upon a transfer of shares to the Lowe's Plan or the withdrawal of whole shares from the Lowe's Plan. You will, however, generally realize a gain or loss when shares are sold, including any fractional share interest for which you receive cash upon termination of your participation in the Lowe's Plan. The amount of gain or loss will be the difference between the amount that you receive for the shares sold and your tax basis for the shares. In order to determine the tax basis for shares in your account, you should retain all account and transaction statements.

Lowe's Plan participants who are foreign persons generally are subject to a withholding tax on dividends paid on shares held in the Lowe's Plan. The Plan Administrator is required to withhold from dividends paid to foreign shareholders the appropriate amount, under current law, determined in accordance with Internal Revenue Service regulations. Where applicable, this withholding tax may be determined by treaty between the U.S. and the country in which the participant resides. In addition, dividends paid on shares in Lowe's Plan accounts, and the proceeds of any sale of shares, may be subject to the current applicable backup withholding tax rate under the Internal Revenue Code if the participant does not provide an IRS Form W-9 certifying that the participant is not subject to backup withholding tax. If a participant is subject to a withholding tax, the amount of any dividends that will be credited to a participant's Lowe's Plan account for investment in additional shares of Lowe's common stock will be net of any applicable withholding tax.

EXPERTS

The consolidated financial statements and related consolidated financial statement schedule, incorporated in this Prospectus by reference from the Lowe's Companies, Inc. and subsidiaries (the Company) Annual Report on Form 10-K for the year ended February 1, 2008, and the effectiveness of the Company's internal control over financial reporting have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their reports, which are incorporated herein by reference. Such consolidated financial statements and financial statement schedule have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

Table of Contents

With respect to the unaudited consolidated interim financial information for the fiscal three-month periods ended May 2, 2008 and May 4, 2007 and for the fiscal three and six-month periods ended August 1, 2008 and August 3, 2007 which is incorporated herein by reference, Deloitte & Touche LLP, an independent registered public accounting firm, have applied limited procedures in accordance with the standards of the Public Company Accounting Oversight Board (United States) for a review of such information. However, as stated in their reports included in the Company's Quarterly Reports on Form 10-Q for the quarters ended May 2, 2008 and August 1, 2008 and incorporated by reference herein, they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their reports on such information should be restricted in light of the limited nature of the review procedures applied. Deloitte & Touche LLP are not subject to the liability provisions of Section 11 of the Securities Act of 1933 for their reports on the unaudited interim financial information because those reports are not reports or a part of the Registration Statement prepared or certified by an accountant within the meaning of Sections 7 and 11 of the Act.

We have not authorized anyone else to provide you with information in addition to or different from the information contained or incorporated by reference in this prospectus or represent anything else about us or this offering. We are not making any offer of these securities in any state where the offer is not permitted. Except as otherwise indicated, the information appearing in this prospectus speaks only as of the date on the front of this document. Our business, financial condition, results of operations and prospects may have changed since that date.

Item 15. Indemnification of Directors and Officers.

The following summary is qualified in its entirety by reference to the Company's Charter, Bylaws and the sections of the North Carolina Business Corporation Act (the "NCBCA") referred to below.

Sections 55-8-50 through 55-8-58 of the NCBCA and the Company's By-laws provide for indemnification of the Company's directors and officers in a variety of circumstances, which may include liabilities under the Securities Act of 1933, as amended.

The NCBCA provides directors and officers with a right to indemnification when the director or officer has been wholly successful, on the merits or otherwise, in defense of any proceeding to which he was a party because he is or was a director or officer of the corporation. The NCBCA also permits a corporation to indemnify directors and officers who met a certain standard of conduct. Directors and officers are also entitled to apply to a court for an order requiring the corporation to indemnify the director or officer in a particular case. The court may grant such an order if it determines the director or officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances. The Company's Charter provides that, to the full extent permitted by the NCBCA, the Company shall indemnify any director from any liability incurred as a director.

The NCBCA also authorizes a corporation to indemnify directors and officers beyond the indemnification rights granted by law.

Article IV of the Company's Bylaws provides that any person who serves or has served as a director or officer of the Company, or in such capacity at the request of the Company for any other corporation, partnership, joint venture, trust or other enterprise, will be indemnified by the Company to the fullest extent permitted by law against (i) reasonable expenses, including attorney's fees, actually and necessarily incurred by such person in connection with any threatened, pending or completed action, suit or proceeding seeking to hold such person liable by reason of the fact that he or she is or was acting in such capacity, and (ii) payments made by such person in satisfaction of any judgment, money decree, fine, penalty or reasonable settlement for which he or she may have become liable in any such action, suit or proceeding. The Company's Bylaws provide that the Company may not, however, indemnify any person against liability or litigation expense he or she may incur on account of his or her activities which were at the time they were taken known or believed by such person to be clearly in conflict with the best interests of the Company. Also, the Bylaws provide that the Company may not indemnify any director with respect to any liability arising out of Section 55-8-33 of the NCBCA (relating to unlawful declaration of dividends) or any transaction from which the director derived an improper personal benefit as provided in Section 55-2-02(b)(3) of the NCBCA.

The Company's Charter provides that, to the full extent permitted by the NCBCA, a director of the Company shall not be liable for monetary damages for breach of any duty as a director. Section 55-2-02(3) of the NCBCA currently permits North Carolina corporations to limit the liability of a director for monetary damages for breach of any duty as a director, except for liability with respect to (i) acts or omissions not made in good faith that the director at the time

of the breach knew or believed were in conflict with the best interests of the corporation, (ii) unlawful distributions, (iii) any transaction from which the director or officer derived an improper personal benefit and (iv) acts or omissions occurring prior to the date the provision of the Company's Charter limiting the liability of its directors became effective.

II-1

Table of Contents

In addition, Section 55-8-30(d) of the NCBCA provides that a director is not liable for any action taken as a director, or any failure to take any action, if he or she performed the duties of his or her office in compliance with the general standards of conduct applicable to directors of North Carolina corporations.

The Company maintains an insurance policy for the benefit of directors and officers insuring them against claims that are made against them by reason of any wrongful act (as defined) committed in their capacity as directors or officers.

Item 16. Exhibits.

The exhibits to this Registration Statement are listed in the exhibit index, which appears elsewhere herein and is incorporated by reference.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933,

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the

Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the registration statement is on Form S-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B: [Not Applicable]; or

(ii) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed

Table of Contents

incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
