PROXY STATEMENT

Annual Meeting of Stockholders

November 19, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Mercury Air Group, Inc., a Delaware corporation (Mercury or the Company), to be voted at the Annual Meeting of Stockholders of the Company (the Meeting) which will be held on November 19, 2002 at 9:00 a.m. Pacific Standard Time at the Manhattan Beach Marriott located at 1400 Parkview Avenue, Manhattan Beach, CA 90266 and any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders and in this Proxy Statement.

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this Proxy Statement, the proxy and any additional information furnished to stockholders. Copies of solicitation material will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward proxy materials to such beneficial owners. The Company may reimburse persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. The original solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile, or personal solicitation by directors, officers or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

Proxies duly executed and received in time for the Meeting will be voted at the Meeting in accordance with the instructions on the proxies. Unless previously revoked or unless other instructions are on the proxy, proxies will be voted at the Meeting: a) for the six director nominees named herein; b) to approve an amendment to Article III of the Company's Certificate of Incorporation to effect a reverse split of our outstanding common stock; c) To approve an amendment to Article III of the Company's Certificate of Incorporation to increase the number of authorized shares of the common stock and to increase the number of authorized shares of the preferred stock; and d) as determined by the persons holding the proxies with regard to all other matters which come before the Meeting.

The approximate date on which this Proxy Statement and accompanying proxy will first be sent or given to stockholders is October 23, 2002.

VOTING SECURITIES

At the record date for the Meeting, the close of business on September 19, 2002 (the Record Date), the Company had outstanding 6,537,699 shares of common stock, par value \$0.01 (Common Stock). Each stockholder is entitled to one vote for every share of Common Stock standing in his name as of the Record Date. A stockholder who has given a proxy may revoke it at any time before it is exercised at the Meeting by filing with the Secretary of the Company a written notice of revocation, by executing and delivering a subsequent proxy bearing a later date, or by attending the Meeting and voting in person. The presence at the Meeting or any adjournments or postponements thereof, in person or by proxy, of the holders of record of a majority of the shares of Common Stock will constitute a quorum for the transaction of business. Stockholders who either (a) specifically abstained from voting on one or more matters by so marking their ballot or proxy card (abstentions) or (b) are nominees holding shares for beneficial owners who, although they may have voted on certain matters at the Meeting pursuant to discretionary authority or instructions from the beneficial owners, have not voted on the specific matter in question because they have not received instructions from the beneficial owners with respect to such matter and they do not have discretionary authority with respect thereto (broker non-votes) will be considered as present at the Meeting for purposes of determining whether a quorum exists with respect to all matters considered at the Meeting. Messrs. Czyzyk, Kopko and Dr. Fagan, as partners of CFK Partners, which is the beneficial owner of 31.0% of the Company's outstanding stock, have agreed to vote for such individuals as directors, have indicated that they intend to vote for the other three director nominees named

herein, and have indicated that they intend to vote in favor of the reverse stock split, and in favor of increasing the authorized shares of our common and preferred stock.

PROPOSAL 1 ELECTION OF DIRECTORS

The Board of Directors has nominated six individuals for election to the Company's Board of Directors. The solicited proxies may be voted to fill only the six vacancies on the Board of Directors for which nominees are named in this Proxy Statement. Each director elected will hold office until the next annual meeting of stockholders and until his successor is elected and qualified or until the director's earlier death, resignation or removal. All of the nominees are currently directors of the Company previously elected by the stockholders except for Sergei Kouzmine and Michael H. Janowiak.

Unless otherwise indicated thereon, all proxies received will be voted in favor of the election of the indicated six nominees of the Board of Directors named below as directors of the Company. Should any of the nominees not remain a candidate for election on the date of the Meeting (which contingency is not now contemplated or foreseen by the Board of Directors), proxies solicited hereunder may be voted for substitute nominees selected by the Board of Directors. Directors shall be elected by a plurality of the votes cast by the Common Stock at the Meeting.

He was President of Lockheed Aircraft Service Company and Lockheed Martin Aeronautics International from 1986 to 1997. Prior to that assignment, he served as Vice President of Corporate Development from 1983 to 1986. Mr. Bowling presently serves on the board of directors of Pemco Aviation Group, Inc. Mr. Bowling received a B.S. in Aeronautical Engineering from Georgia Tech and a M.B.A. from Georgia State University. He was elected to the Academy of Distinguished Engineering Alumni at Georgia Tech. Mr. Bowling is not seeking re-election to the Board of Directors.

There were five regular scheduled meetings and one telephonic meetings of the Board of Directors of the Company held during fiscal 2002, the period from July 1, 2001 through June 30, 2002.

The Company has a standing audit committee. On June 1, 2000, the Company adopted a written charter for the Audit Committee (the Audit Committee Charter). Information regarding the functions performed by the committee, its membership, and the number of meetings held during the year, is set forth in the Report of the Audit Committee included in this annual proxy statement.

On November 7, 2001, the Board of Directors agreed to combine the Stock Option Committee, a special subcommittee of the Compensation Committee created on April 23, 1998, with the Compensation Committee. In addition, the Compensation Committee administers the Company's non-cash employee incentive plans, including stock purchase and stock option grants. During

Table of Contents

fiscal 2001, the Compensation Committee consisted of Messrs. Bowling, Kopko, Feracota and Kouzmine and met five times. The Compensation Committee currently consists of Messrs. Bowling, Kouzmine, Kopko, Feracota and Janowiak.

On August 22, 2000, the Board of Directors created a Board Nominating Committee. The Board Nominating Committee considers future nominees for the Corporation's Board of Directors. The Board Nominating Committee consists of Messrs. Czyzyk, Kopko, and Dr. Fagan.

During fiscal 2002, each member of the Board of Directors attended at least 75% of the Board meetings and committee meetings for the committees on which he served.

In order to be elected, a nominee must receive the vote of a plurality of the votes cast by the Common Stock at the Meeting. Shares may be voted for or withheld from each nominee. Shares that are withheld and broker non-votes will have no effect on the outcome of the election because directors will be elected by a plurality of the shares voted for directors at a meeting at which a quorum is present.

The Mercury Board of Directors unanimously recommends that the holders of Common Stock vote for the election of all nominees.

PROPOSAL NO. 2 Amendment to the Certificate of Incorporation to Effect a Reverse Stock Split

On September 27, 2002, the Company's Board of Directors adopted resolutions, subject to approval by the Company's stockholders and the Company's lenders, to amend the Company's Certificate of Incorporation (the Amendment) to (i) effect, at any time until the date of the Company's 2003 Annual Meeting, a reverse stock split (the Reverse Split) of the Company's Common Stock, in an exchange ratio of one share of New Common Stock (New Common Stock) for each two issued and outstanding shares of Old Common Stock (Old Common Stock); (ii) to provide that no fractional shares or scrip representing fractions of a share shall be issued, but in lieu thereof, each fraction of a share that any stockholder would otherwise be entitled to receive shall be rounded up to the nearest whole share, and (iii) further that there be no change in the par value per share of each share of New Common Stock as a result of the Reverse Split. The Company's Board of Directors will have the discretion to determine when to implement the Reverse Split. The form of the proposed Amendment is annexed to this Proxy Statement as Appendix A.

Vote Required

Approval of the Reverse Split proposal requires the affirmative vote of a majority of the shares of Common Stock outstanding as of the Record Date. Abstentions and broker non-votes are not affirmative votes and therefore will have the same effect as votes against the proposal. The Company's Board of Directors has unanimously determined that the Reverse Split proposal is advisable and in the best interests of the Company and the stockholders of the Company. The Board of Directors unanimously recommends that the Company's stockholders vote FOR approval of the Reverse Split Proposal.

Purpose of the Reverse Split

The principal purpose of the Reverse Split is to increase the market price of the Company's Common Stock. Giving the Company's Board of Directors authority to implement the Reverse Split will avoid the need to call a special meeting of, or seek consents from stockholders under time constraints to authorize a reverse split should the Board of Directors deem it desirable.

The Company believes that obtaining a higher price for its Common Stock may provide the Company with a broader market for its Common Stock and facilitate the use of the Common Stock in acquisitions and financing transactions in which the Company may engage. However, even following the Reverse Split, the market price of the Common Stock may not increase in proportion to the ratio of the Reverse Split, and may in fact decrease following the Reverse Split.

Board Discretion To Implement Reverse Split

If the Reverse Split is approved by the Company's stockholders, the Reverse Split will be implemented only if the Company's Board of Directors determines that the Reverse Split is in the best interests of Company and its stockholders,

Table of Contents

at any time within one year following stockholder approval. The determination by the Company's Board to effect or to not effect the Reverse Split will be based upon certain factors, including the existing and expected marketability and liquidity of the Common Stock, the then current market price of the Common Stock, prevailing market conditions, and the Board's determination as to the likely effect of the Reverse Split on the market price of the Common Stock. If the Reverse Split is not effected within one year following stockholder approval, the Reverse Split will not be effected without further approval by the stockholders pursuant to Section 242(c) of the Delaware General Corporation Law (the "DGCL").

Effects of the Reverse Split on the Common Stock

The effect of a Reverse Split on the market prices for the Company's Common Stock cannot be accurately predicted. Specifically, prices for shares of the Common Stock following the Reverse Split may not be proportionately increased by the stock split ratio. In addition, the Reverse Split may adversely affect the market price of the Common Stock, and any increase in the price per share that may occur immediately after the proposed Reverse Split may not be sustained for any prolonged period of time. As a result, if the Reverse Split does not proportionally increase the market price for the Common Stock, the market value of a Stockholder's holdings will consequently decrease.

Proportionate voting rights and other rights of the holders of Common Stock will not be affected by the Reverse Split (other than immaterial amount as a result of the rounding up of fractional shares as described below). For example, a holder of 2% of the voting power of the outstanding shares of the Old Common Stock immediately prior to the effective time of the Reverse Split will continue to hold 2% of the voting power of the outstanding shares of the New Common Stock after the Reverse Split. Although the Reverse Split will not affect the rights of stockholders or any stockholder's proportionate equity interest in the Company (subject to the treatment of fractional shares), the number of authorized shares of Common and Preferred Stock will not be reduced. The Company is currently authorized to issue a maximum of eighteen million (18,000,000) shares of Common Stock and three million (3,000,000) shares of Preferred Stock. This will increase the ability of the Company's Board of Directors to issue such authorized and unissued shares without further stockholder action. For example, the Company may use authorized but unissued shares as consideration for acquisitions as part of its business strategy. The number of stockholders of record will not be affected by the Reverse Split.

If approved, the Reverse Split will result in some stockholders owning "odd-lots" of less than 100 shares of Common Stock. Brokerage commissions and other costs of transactions in odd-lots are generally higher than the costs of transactions in "round-lots" of even multiples of 100 shares.

Unless such approval is required by applicable law or regulation, the Company may issue additional authorized but unissued shares of Common Stock without the need to obtain stockholder approval. To the extent additional shares are issued in this manner, the percentage interest of the Company's stockholders and other reserved shares affected by the Reverse Split could be significantly reduced. Although the effective increase in the number of authorized but unissued shares of Common Stock may be construed as having an antitakeover effect by permitting the issuance of shares to purchasers who might oppose a hostile takeover bid, the Reverse Split is not being proposed in response to any effort of which management of the Company is aware to accumulate shares of Common Stock or obtain control of the Company, nor is it part of a similar plan by management. Holders of the Common Stock have no preemptive or other subscription rights.

The Company also has outstanding certain stock options and warrants to purchase shares of Common Stock. Under the terms of the outstanding stock options and warrants, the Reverse Split will effect a reduction in the number of shares of Common Stock issuable upon exercise of the stock options and warrants in proportion to the exchange ratio of the Reverse Split and will effect a proportionate increase in the exercise price of the stock options and warrants.

Based on approximately 6,537,699 shares of Common Stock outstanding as of September 19, 2002, the Reverse Split will effect a 50% reduction in the number of shares of Common Stock outstanding, so that following the Reverse Split, there will be approximately 3,268,850 shares of Common Stock outstanding.

Amendment Effective Date

The Reverse Split would become effective at the time of the filing of the Amendment with the Secretary of State of the State of Delaware or at such later time as may be specified therein (the "Amendment Effective Time"). At the Amendment Effective Time, each share of Old Common Stock issued and outstanding immediately prior to the Amendment Effective Time will be, automatically and without any further action on the part of the stockholders,

Table of Contents

reclassified into 0.50 of a share of New Common Stock. For example, if a person held 120 shares of Old Common Stock prior to the Amendment Effective Time, at the Amendment Effective Time such person would hold 60 shares of New Common Stock.

New Shares Issued in Lieu of Fractional Shares

No scrip or fractional certificates will be issued as a result of the Reverse Split. Any fraction of a share that any stockholders of record otherwise would be entitled to receive shall be rounded up to the nearest whole share.

No Dissenters Rights

No appraisal rights are available under DGCL or under the Company's Certificate of Incorporation, or By-Laws to any stockholder who dissents from the proposal to approve the Amendment. There may exist other rights or actions under state law for stockholders who are aggrieved by reverse stock splits generally. Although the nature and extent of such rights or actions are uncertain and may vary depending upon the facts or circumstances, stockholder challenges to corporate action in general are related to the fiduciary responsibilities of corporate officers and directors and to the fairness of corporate transactions.

Exchange Of Stock Certificates

As soon as practicable after the Amendment Effective Time, each holder of record of Old Common Stock will receive instructions for the surrender of certificate(s) representing the Old Common Stock from an exchange agent designated by the Company. The instructions will include a form of transmittal letter to be completed and returned to the exchange agent. Upon proper completion and execution of the letter of transmittal and return thereof to the exchange agent, together with the certificate(s) representing the Old Common Stock into which the surrendered shares have been reclassified, a stockholder will be entitled to receive a certificate representing the number of full shares of the New Common Stock. Until surrendered as contemplated herein, each certificate representing Old Common Stock shall be deemed at and after the Reverse Split to represent 0.50 of a full share of New Common Stock. Stockholders should not destroy any stock certificate and should not submit any stock certificate until requested to do so.

Certain Federal Income Tax Consequences of the Reverse Split

The following discussion summarizing certain federal income tax consequences of the Reverse Split is based on the Internal Revenue Code of 1986, as amended, the applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices in effect on the date of this Proxy Statement, all of which could be repealed, overruled or modified at any time, possibly with retroactive effect. The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of the Reverse Split. This discussion is for general information only and does not discuss consequences which may apply to certain stockholders in light of their individual circumstances (such as persons subject to the alternative minimum tax) or to special classes of taxpayers (such as non-resident alien individuals and foreign entities, dealers in securities, insurance companies, and tax-exempt entities). This discussion also does not address any tax consequences of the Reverse Split under state, local or foreign law.

STOCKHOLDERS ARE URGED AND EXPECTED TO CONSULT THEIR TAX ADVISORS AS TO THE PARTICULAR CONSEQUENCES TO THEM OF THE REVERSE SPLIT.

The federal income tax consequences of the Reverse Split generally should be as follows:

- (a) a stockholder generally should recognize no gain or loss on the receipt of New Common Stock solely in exchange for Old Common Stock;
- (b) a stockholder's adjusted tax basis in shares of New Common Stock generally should be the same as such stockholder's adjusted tax basis in the shares of Old Common Stock exchanged therefore;
- (c) a stockholder's holding period of the New Common Stock generally should include such stockholder's holding period of the Old Common Stock exchanged therefore; and
- (d) the Company will not recognize gain or loss as a result of Reverse Split.

Table of Contents

Miscellaneous

The Old Common Stock is currently registered under the Exchange Act and, as a result, the Company is subject to the periodic reporting and other requirements of the Exchange Act. The Reverse Split will not affect the registration of the New Common Stock under the Exchange Act. The par value of the New Common Stock will not change as a result of the Reverse Split. Accordingly, the New Common Stock account on the Company's Consolidated Balance Sheet will be reduced with the Additional Paid-in Capital account being credited with the amount by which the Common Stock account was reduced.

IN ACCORDANCE WITH THE DGCL, NOTWITHSTANDING STOCKHOLDER APPROVAL OF THE REVERSE SPLIT PROPOSAL, AT ANY TIME PRIOR TO THE EFFECTIVENESS OF THE REVERSE SPLIT, THE COMPANY'S BOARD MAY ABANDON THE REVERSE SPLIT PROPOSAL WITHOUT FURTHER ACTION BY THE STOCKHOLDERS.

PROPOSAL NO. 3 Amendment to the Certificate of Incorporation to Increase the Number of Shares of Common and Preferred Stock that the Company is Authorized to Issue.

On September 27, 2002, the Company's Board of Directors adopted resolutions, subject to approval by the Company's stockholders and the Company's lenders, to amend the Company's Certificate of Incorporation to increase the aggregate number of shares of Common Stock that the Company is authorized to issue from 18,000,000 to 30,000,000 and to increase the aggregate number of shares of Preferred Stock that the Company is authorized to issue from 3,000,000 to 10,000,000.

If approved by the stockholders and lenders, the amendment will become effective upon the filing of a Certificate of Amendment with the Delaware Secretary of State. The amendment would delete the first paragraph of Article III of the Company's Certificate of Incorporation and replace it in its entirety as follows:

The Corporation is authorized to issue two classes of shares, designated common stock (Common Stock) and preferred stock (Preferred Stock), respectively. The number of shares of Common Stock authorized to be issued is 30,000,000, with a par value of \$.001 per share, and the number of shares of Preferred Stock authorized to be issued is 10,000,000, with a par value of \$.001 per share. Shares of Common Stock or Preferred Stock that are redeemed, purchased or otherwise acquired by the Corporation may be reissued except as otherwise provided by law.

However, if our stockholders approve the proposed amendment to our Certificate of Incorporation, the Board of Directors retains discretion under Delaware law to not implement the proposed amendment. If the Board of Directors exercised such discretion, the number of authorized shares would remain at current levels.

Vote Required

Approval of this proposal to increase the number of shares of Common Stock that the Company is authorized to issue requires the affirmative vote of a majority of the shares of Common Stock outstanding as of the Record Date. Abstentions and broker non-votes are not affirmative votes and therefore will have the same effect as votes against the proposal. The Company's Board of Directors has unanimously determined that this proposal is advisable and in the best interests of the Company and the stockholders of the Company. The Board of Directors unanimously recommends that the Company's stockholders vote FOR approval of this proposal.

Purpose and Effect of the Amendment

As of September 19, 2002, the Company had approximately 6,537,699 shares of Common Stock outstanding, approximately 2,918,447 shares are reserved for future issuance under the Company's stock incentive plans and employee stock plans, of which, currently, approximately 825,188 are covered by outstanding options, and approximately 1,132,334 shares reserved for future issuance under other outstanding options and warrants. Based upon the foregoing number of outstanding and reserved shares of Common Stock, the Company currently has approximately 6,586,332 shares remaining available for other purposes.

Table of Contents

The Board of Directors believes that it is in the Company's best interests to increase the number of authorized but unissued shares of Common and Preferred Stock in order to provide the Company with the flexibility to issue Common and/or Preferred Stock for a variety of corporate purposes the Board may deem advisable without further action by the Company's stockholders, unless required by law, regulation or stock exchange rule. These purposes could include, among other things, the sale of stock to obtain additional capital funds, the purchase of property, the use of additional shares for various equity compensation and other employee benefit plans of the Company or of acquired companies, the declaration of future stock splits or distributions, the acquisition of other companies, and other bona fide purposes.

The Board believes that the proposed increase in authorized Common and Preferred Stock will make sufficient shares available for use pursuant to the purposes described herein. Other than as specified above and as permitted or required under the Company's employee benefit plans and under outstanding options, warrants and other securities convertible into Common Stock, the Company's management has no present arrangements, agreements or understandings for the use of the additional shares proposed to be authorized. No additional action or authorization by the Company's stockholders would be necessary prior to the issuance of any additional shares, unless required by applicable law or the rules of any stock exchange or quotation system on which the Common or Preferred Stock is then listed or quoted. The Company reserves the right to seek a further increase in authorized shares from time to time in the future as considered appropriate by the Board. However, if our stockholders approve the proposed amendment to our Certificate of Incorporation, the Board of Directors retains discretion under Delaware law not to implement the proposed amendment. If the Board of Directors exercised such discretion, the number of authorized shares would remain at current levels.

The additional shares of Common Stock authorized by the proposed amendment would have the same privileges as the shares of Common Stock currently authorized and issued. The additional shares of Preferred Stock authorized by the proposed amendment would have such rights and privileges as determined by the Board of Directors. Stockholders do not have preemptive rights under the Company's Certificate of Incorporation and will not have such rights with respect to the additional authorized shares of Common or Preferred Stock. In addition, if the Board elects to issue additional shares of Common or Preferred Stock, such issuance could have a dilutive effect on the earnings per share, voting power and shareholdings of current stockholders. Except for certain transactions requiring stockholder approval under the Delaware General Corporation Law, the Board may approve the issuance of authorized shares of Common or Preferred Stock at such times, to such persons and for such consideration as it determines without prior approval of or ratification by the stockholders. Shares of Preferred Stock may be issued in one or more classes or series, and with such voting powers, full or limited, or no voting powers, and such distinctive designations, preferences and relative, participating, optional or other special rights and such qualifications, limitations, or restrictions thereof as shall be stated and expressed in the resolution or resolutions adopted by the Board of Directors providing for the issuance of such class or series and as may be permitted by the DGCL.

Potential Anti-Takeover Effect

The proposed amendment to increase the number of authorized shares of Common and Preferred Stock could, under certain circumstances, have an anti-takeover effect. For example, in the event of a hostile attempt to take over control of Mercury, it may be possible for us to endeavor to impede the attempt by issuing shares of Common or Preferred Stock, thereby diluting or impairing the voting power of the other outstanding shares of Common Stock and increasing the potential costs to acquire control of Mercury. The amendment therefore may have the effect of discouraging unsolicited takeover attempts, thereby potentially limiting the opportunity for our stockholders to dispose of their shares at the higher price generally available in takeover attempts or that may be available under a merger proposal. The proposed amendment may have the effect of permitting our current management, including the current Board of Directors, to retain its position, and place it in a better position to resist changes that stockholders may wish to make if they are dissatisfied with the conduct of our business. This proposal to increase the authorized Common and Preferred Stock has been prompted by business and financial considerations.

(1) These amounts represent the hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration dates, based upon the per-share market price on the date of the grant. These assumptions are not intended to forecast future appreciation of the Company's stock price. The potential realizable value computation does not take into account federal or state income tax consequences of option exercises or sales of appreciated stock.

(2) The Company granted options at an exercise price equal to the fair market value of its Common Stock on the date of grant, as determined by the most recent closing share price of the Company's Common Stock prior to the Compensation Committee or Board of Directors

The amounts reported thus reflect the increase in the price of the Common Stock from the option grant date to the option exercise date, but do not necessarily reflect actual proceeds received upon option exercises.(3) For purposes of this table, fair market value is deemed to be the average of the high and low Common Stock price reported by the American Stock Exchange Composite Transactions on the date indicated.(4) Based upon a fair market value of \$4.58 per

Employment Agreements

Dr. Fagan has an employment agreement with Mercury dated as of August 22, 2000 pursuant to which Mercury employed him as Chairman of the Board for a three year period with automatic one year extensions at the end of each year until either party terminates the agreement in writing prior to such renewal. Under the employment agreement, Dr. Fagan's annual compensation is \$350,000 per year, which at his direction, is paid to CFK Partners.

Mr. Czyzyk entered into an amended and restated employment agreement with Mercury as of May 22, 2002 pursuant to which Mercury will continue to employ him as its President/Chief Operating Officer, for a term ending on November 15, 2005, subject to automatic one-year extensions each successive November 15, unless either party gives 30 days notice of non-renewal. As of the date hereof, neither Mr. Czyzyk nor Mercury has given notice of non-renewal.

Table of Contents

Mr. Czyzyk assumed the position of Chief Executive Officer in December 1998. The agreement further provides for the continued nomination of Mr. Czyzyk to the Board of Directors of Mercury, so long as Mr. Czyzyk continues to serve as President/Chief Executive Officer.

Mr. Czyzyk's annual salary under the agreement is \$520,000 of which, Mr. Czyzyk elected to receive \$132,000 through his wholly owned corporation, Transportation Logistics, Inc., a California corporation, pursuant to a year to year consulting agreement dated as of January 1, 2002. In addition, Mr. Czyzyk receives compensation relating to services rendered to MercFuel, Inc., a wholly-owned subsidiary of the Company in the amount of \$150,000 per year. Mr. Czyzyk is eligible to receive a bonus equal to: (i) 25% of his base compensation to the extent that Mercury's operating income on a consolidated basis minus sales and general administrative expense and depreciation (EBIT) for the most recently completed fiscal year exceeds the average of EBIT for the prior three fiscal years; and (ii) 4.166 % of the amount by which EBIT for the most recently completed fiscal year exceeds the average of EBIT for the prior three fiscal years. Under the agreement, Mr. Czyzyk is eligible to participate in the 2002 Management Stock Purchase Plan, wherein he can purchase up to 387,650 shares of Mercury common stock from CFK Partners a price of \$7.50 per share, such purchase to be funded by Mercury. Mr. Czyzyk elected to participate in the 2002 Management Stock Purchase Plan, and purchased 387,650 shares of Mercury common stock, thereunder. Mr. Czyzyk's obligations to repay Mercury are forgiven rateably over a 10-year period, provided Mr. Czyzyk remains employed by Mercury during such period. Mr. Czyzyk shall have no obligation to repay Mercury if he remains employed by Mercury after March 1, 2012, or in the event of a takeover of the Company by parties unrelated to the existing Board of Directors.

In the event Mr. Czyzyk's employment is terminated for cause, Mr. Czyzyk will not be entitled to receive or be paid a bonus. In the event Mr. Czyzyk's employment is terminated without cause, Mercury will be obligated to pay Mr. Czyzyk the base compensation that would otherwise be paid to him over the remaining term of the agreement, and a bonus for the fiscal year of termination in an amount which would otherwise be paid to him prorated over the days Mr. Czyzyk was employed by Mercury during the fiscal year of termination. Cause is defined in the employment agreement as misappropriation of corporate funds, negligence, Mr. Czyzyk's voluntary abandonment of his job (other than following a Change in Control) or a breach of the employment agreement. In the event of Mr. Czyzyk's death, Mr. Czyzyk's estate or beneficiary will be entitled to receive the death benefits of a \$10,000,000 insurance policy, but all other obligations under his employment agreement will terminate and Mercury's only obligation will be to pay Mr. Czyzyk or his estate all accrued salary through the end of the month of his death. In the event of Mr. Czyzyk's disability for a period of more than six (6) weeks, Mr. Czyzyk's base salary will be reduced by 50% during the period of disability. If Mr. Czyzyk is disabled for a period of more than 12 months, Mercury will be obligated to pay Mr. Czyzyk the same amount that would have been paid to Mr. Czyzyk if his employment was terminated without cause, except that all amounts paid to Mr. Czyzyk under any long-term disability insurance policy maintained by Mercury will be credited as if paid by Mercury to Mr. Czyzyk and after giving effect to any federal or state income tax savings resulting from the payment under a disability policy (as opposed to taxable salary). The employment agreement further provides that Mr. Czyzyk may terminate his employment following a Change in Control, in which event Mr. Czyzyk will be entitled to be paid the entire balance of his base compensation remaining to be paid to Mr. Czyzyk over the remaining term of the agreement. The agreement provides for a five-year post-employment, non-competition covenant.

Mr. Lovett shall have no obligation to repay Mercury if he remains employed by Mercury after March 1, 2012 or in the event of a takeover of the Company by parties unrelated to the existing Board of Directors.

In the event Mr. Lovett's employment is terminated for cause, or in the event of the death or disability of Mr. Lovett, all rights of Mr. Lovett under his employment agreement will cease. In the event Mr. Lovett's employment is terminated without cause, Mercury will be obligated to pay Mr. Lovett the lesser of one year's base compensation or the base compensation that would otherwise be paid to him over the remaining term of the agreement, with a minimum of six

(6) months base compensation. Cause is defined in the employment agreement as misappropriation of corporate funds, negligence, Mr. Lovett's voluntary abandonment of his job (other than following a Change in Control) or a breach of the employment agreement. The employment agreement further provides that Mr. Lovett may terminate his employment following a Change in Control, in which event Mr. Lovett will be entitled to be paid the lesser of one year's base compensation or the entire balance of his base compensation remaining to be paid to Mr. Lovett over the remaining term of the agreement. The agreement provides for a six-month post-employment, non-competition covenant.

Mr. Enticknap entered into an employment agreement with Mercury dated May 22, 2002 pursuant to which Mercury will employ him as Executive Vice President of Mercury and Chief Operating Officer of Mercury Air Centers, for a term ending on May 22, 2005, subject to automatic one-year extensions each successive May 22, unless either party gives 30 days' notice of non-renewal. Under the employment agreement, Mr. Enticknap's annual compensation is \$181,500. Under the agreement, Mr. Enticknap is eligible to participate in the 2002 Management Stock Purchase, wherein he can purchase up to 30,000 shares of Mercury common stock from CFK Partners a price of \$7.50 per share, such purchase to be funded by Mercury. Mr. Enticknap elected to participate in the 2002 Management Stock Purchase Plan, and purchased 30,000 shares of Mercury common stock. Mr. Enticknap's obligations to repay Mercury are forgiven over a 8-year period, provided Mr. Enticknap remains employed by Mercury during such period. Mr. Enticknap shall have no obligation to repay Mercury if he remains employed by Mercury after March 1, 2010 or in the event of a takeover of the Company by parties unrelated to the existing Board of Directors.

In the event Mr. Enticknap's employment is terminated for cause, or in the event of the death or disability of Mr. Enticknap, all rights of Mr. Enticknap under the Agreement will cease. In the event Mr. Enticknap's employment is terminated without cause, Mercury will be obligated to pay Mr. Enticknap the lesser of one year's base compensation or the base compensation that would otherwise be paid to him over the remaining term of the agreement, with a minimum of six (6) months base compensation. Cause is defined in the employment agreement as misappropriation of corporate funds, negligence, Mr. Enticknap's voluntary abandonment of his job (other than following a Change in Control) or a breach of the employment agreement. The employment agreement further provides that Mr. Enticknap may terminate his employment following a Change in Control, in which event Mr. Enticknap will be entitled to be paid the lesser of one year's base compensation or the entire balance of his base compensation remaining to be paid to Mr. Enticknap over the remaining term of the agreement. The agreement provides for a six-month post-employment, non-competition covenant.

Certain Transactions

Pursuant to a Stock Purchase Agreement (the "Stock Purchase Agreement") dated August 9, 1993 between Mercury, SK Acquisition, Inc., a Delaware corporation wholly owned by Seymour Kahn (SKAI) and William L. Silva, SKAI sold 151,250 shares of Common Stock to Mr. Silva at a price of \$1.98 per share (as adjusted to reflect stock splits and dividends since the date of the transaction), with Mr. Silva paying a total purchase price of \$300,000. On August 9, 1993, the closing price of the Common Stock on the American Stock Exchange was \$2.06 per share, as adjusted. Mr. Silva paid \$30,000 cash at the closing of his purchase, and agreed to pay the remaining \$270,000 over a period of five years from the date of purchase, together with interest at the rate of 10% per annum on the outstanding balance. SKAI advanced the purchase price pursuant to a non-recourse loan, secured by a first security interest in the Common Stock sold to Mr. Silva which has expired by its terms. Mr. Silva also gave SKAI an irrevocable proxy to vote the Common Stock purchased by him for all purposes until June 30, 2000.

As part of the Stock Purchase Agreement, Mercury agreed to loan the principal balance of the unpaid purchase price to Mr. Silva during the five-year payment period as each payment was required to be made to SKAI on March 1, June 1, September 1 and December 1 of each year until payment in full on December 1, 1998. Such loan was non-recourse, bears no interest, and was secured by a second security interest in the purchased stock. Mr. Silva paid his own interest on the balance of the purchase price due SKAI from personal funds. Commencing January 1, 1997, and annually thereafter, if he remains employed by Mercury, one-fifth of Mr. Silva's loan will be forgiven. Since, Mr. Silva remained employed by Mercury through January 1, 2001, his loans have been forgiven in full and his shares of Common Stock are now owned without any further lien in favor of Mercury.

During fiscal 2002, Mercury loaned Mr. Silva \$17,523 which was used to pay withholding taxes associated with

the loan forgiveness (\$54,000) under the Stock Purchase Agreement. Such loan bears no interest and was repaid with Mr. Silva's year-end bonus.

Mercury has Indemnity Agreements with each of its directors and executive officers which require Mercury, among other things, to indemnify them against certain liabilities that may arise by reason of their status or service as directors, officers, employees or agents of Mercury, and, under certain circumstances, to advance their expenses incurred as a result of proceedings brought against them. In order to be entitled to indemnification, the executive officer or director must have acted in a manner reasonably believed to be in, or not opposed to, the best interests of Mercury and, with respect to a criminal matter, in a manner which he had no reason to believe was illegal.

Compensation of Directors

During fiscal 2002, directors who were not employees of the Company were paid an annual minimum of \$15,000 in fees paid in advance on the annual meeting date, \$1,000 per meeting and \$500 per telephonic meeting paid in arrears after each meeting. Directors were also reimbursed for their travel, meals, lodging and out-of-pocket expenses incurred in connection with attending Board meetings.

Compensation Committee Interlocks and Insider Participation

During Fiscal 2002, the Company's Compensation Committee consisted of Messrs. Bowling, Kouzmine, Kopko, and Feracota. Mr. Janowiak joined the Company's Compensation Committee in September 2002.

In January 2002, the Company sold land and building which comprise its corporate headquarters to CFK Realty Partners, LLC (CFK Partners), a limited liability company beneficially owned by Messrs. Czyzyk, Fagan and Kopko, for \$4.2 million, consisting of \$2.8 million cash and a note receivable of \$1.4 million. The note receivable accrues interest at 5% and is due on December 31, 2005. Concurrently, the Company also entered into a ten-year lease for the property which provides for base monthly rental payments in the amount of \$36,664. In August 2002, the Company expended approximately \$275,000 to renovate its corporate headquarters, which it will amortize over the term of the lease.

During fiscal 2002 and continuing through fiscal 2003, the law firm of McBreen & Kopko, of which Mr. Kopko is a partner, has been providing legal services to the Company at its standard billing rates. The Company paid \$785,000, during fiscal 2002 to McBreen & Kopko related to legal services. Frederick H. Kopko, Jr. a partner of McBreen & Kopko, is a member of the Company's board of directors. In addition, Mr. Kopko, is a partner in CFK Partners, the Company's largest stockholder.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS**

This report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing made by the Company under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

Under the rules established by the Securities and Exchange Commission, the Company is required to provide certain data and information regarding the compensation and benefits provided to the Company's Chief Executive Officer, Mr. Czyzyk, and the Company's other executive officers, Messrs. Silva, Enticknap, and Lovett. The disclosure requirements for the named executive officers include the use of tables and a report explaining the rationale and considerations that led to fundamental executive compensation decisions affecting those individuals. In fulfillment of this requirement, the Compensation Committee, at the direction of the Board of Directors, has prepared the following report for inclusion in this Proxy Statement.

Compensation Philosophy

This report reflects the Company's compensation philosophy as endorsed by the Compensation Committee and resulting actions taken by the Company for the reporting periods shown in the various compensation tables supporting this report. The Compensation Committee approves salary and bonus amounts, other award levels and benefits for all executive officers of the Company and is responsible for administering the Company's non-cash compensation plans, including stock option and stock purchase arrangements.

The executive compensation programs of the Company have been designed to:

Embody a pay for performance policy where compensation amounts are affected by corporate, operating unit and individual performance as measured by earnings and selective personal objectives;

Motivate key senior executives to achieve strategic business initiatives and reward them for their achievements;

Provide compensation opportunities which are, in the judgment of the Compensation Committee, comparable to those offered by other leading companies, thus allowing the Company to compete for and retain talented executives who are critical to the Company's long-term success; and

Align the interest of executives with long-term interests of the stockholders through Common Stock ownership and stock option programs.

Compensation Mechanisms

At present, the executive compensation program is comprised of salary, annual cash bonus programs, long-term incentive opportunities in the form of Company financed stock ownership opportunities and stock options and other benefits typically provided to executives by major corporations.

Executive officer salaries are determined based on individual performance, position, tenure, salary history, internal comparability considerations and in some instances the results of arm's length negotiations in connection with the start-up of a new operating unit. In determining salaries, the Compensation Committee uses surveys and the personal knowledge of its members regarding compensation levels for similar positions at other companies generally. During fiscal 2002, the Compensation Committee obtained salary surveys from WYATT Data Services and ExecPay.Com, Inc. to determine salaries at comparable companies. For each executive officer with operational responsibilities, a significant portion of total compensation is a bonus based on the earnings of the Company or the specific operating unit for which

Table of Contents

he has profit and loss statement responsibility. As a result, an executive officer's compensation can vary substantially from year-to-year based on the Company's or a specific operating unit's earnings performance. For fiscal 2002, the bonus for executive officers with operating unit responsibility was principally based on an individual's success in exceeding the budgeted earnings for his operating unit. For a number of years through Fiscal 2002 there have been several bonus programs in existence whereby selected executives were considered for annual cash awards. Beginning on July 2002 (Fiscal 2003), a single executive compensation program was implemented with the approval of the Compensation Committee. This new program provides the opportunity for key executives and managers to earn a predetermined potential cash bonus based on achieving certain financial and personal objectives. These objectives are agreed to at the beginning of each fiscal year.

Each of the Company's executive officers may also be compensated in part through Company financed common stock ownership and stock options. The Company currently has in place the 1990 Long-Term Incentive Plan, the 1998 Long-Term Incentive Stock Option Plan, and the 2001 Stock Incentive Plan which provides for stock option grants to key employees at the current fair market value on the date of grant. Each of the Company's executive officers currently holds options granted under the 2001 Stock Incentive Plan, the 1998 Long-Term Incentive Stock Option Plan or 1990 Long-Term Incentive Plan. Option awards to each executive officer have been based on the executive's level of responsibility, past performance and internal comparability considerations. As part of the executive compensation program cited above and also beginning in Fiscal 2003, a very select number of key executives have been selected to participate in the Company's stock option program. There are several levels of participation and these executives will receive annual stock options grants if recommended by management and approved by the compensation committee and the Board of Directors.

The Compensation Committee will continue to support a pay for performance approach for company executives for both short term and long term considerations.

Executive Officers Compensation

During fiscal 2002 cash bonuses were awarded to the following executives:

Name	Amount
Joseph A. Czyzyk	\$ 235,250
William S. Silva	\$ 99,000
Wayne J. Lovett	\$ 25,000
John Enticknap	\$ 25,000
Randolph E. Ajer	\$ 152,750

The bonus plan for Mr. Czyzyk was based on exceeding the Company's average earnings for the prior three years, encouraging Mr. Czyzyk to budget for aggressive growth. Mr. Czyzyk's future bonuses will now be included as a part of the new executive compensation plan. The Compensation Committee also retains discretion to reward exceptional achievement or correct over-all inequities through discretionary bonuses. The Committee has the discretion to waive the requirement to exceed this average in 2002 if there were extenuating circumstances. There were several external circumstances that were judged by the Committee to be not under the control of the Senior Management and a waiver was granted permitting a bonus award to these individuals in 2002.

During Fiscal 2002, the Company funded the purchase of 524,546 shares of Mercury Common Stock (Mercury Stock) at a price of \$7.50 per share for Messrs. Czyzyk, Lovett, Enticknap, Schlax, Antonoff and Coleman was pursuant to the terms and conditions set forth in their employment agreement. The Mercury stock was purchased from CFK Partners, a partnership consisting of Messrs. Czyzyk, Fagan, and Kopko. In addition, the Company financed the purchase of 151,250 shares of Common Stock at \$1.98 per share for each of Messrs. Ajer and Czyzyk over a seven-year period ended March 31, 1998 and financed the purchase of 151,250 shares of Common Stock at \$1.98 per share by Mr. Silva over a seven-year period ended January 1, 2001. These shares were purchased from SKAI, a corporation wholly-owned by Seymour Kahn, the Company's former Chairman. In addition to serving as a compensation device, these stock purchase programs were designed to ensure an orderly transition in control of the Company, to avoid excessive dilution.

Table of Contents

and to some degree to maintain internal comparability in officer compensation. As a result of the stock options and company financed stock purchases, each executive officer has a strong incentive to continue his association with the Company and to enhance the value of the Company's equity securities in the long-term.

During fiscal 2002, the Compensation Committee approved the option to purchase a total of 280,000 shares of the Company's stock to Messrs. Czyzyk, Silva, Enticknap and Lovett. In connection with its decisions, the Compensation Committee reviews and considers the written recommendations of its Chief Executive Officer, Joseph A. Czyzyk. As described below, a large portion of Mr. Czyzyk's compensation is based on the earnings of the Company and he is a significant stockholder of the Company. Accordingly, the Compensation Committee believes that the recommendations are likely to be consistent with the Compensation Committee's philosophy of encouraging earnings growth and strategic decisions designed to maximize stockholder return.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for annual compensation over \$1 million paid to a corporation's chief executive officer and four other most highly compensated individuals. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. Because the current compensation levels of the Company's executive officers are below the \$1 million threshold, the Compensation Committee has not determined what steps are required to structure qualifying performance-based compensation and whether or not the required steps would be in the best interest of the Company.
