Where the stockholder specifies a choice on the proxy as to how his or her shares are to be voted, the shares will be voted accordingly. If no choice is specified, the shares will be voted: FOR the election of the three nominees for director named herein; and FOR the adoption of the three alternative amendments to our Restated Certificate of Incorporation.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to us a written notice of revocation or a signed proxy bearing a later date. Any stockholder who has executed a proxy but is present at the annual meeting and who wishes to vote in person, may do so by revoking his or her proxy as described in the preceding sentence. Shares represented by valid proxies in the form enclosed, received in time for use at the annual meeting and not revoked at or prior to the annual meeting, will be voted at the annual meeting. The presence, in person or by proxy, of the holders of a majority of the shares of our common stock, par value \$0.01 per share, outstanding and entitled to vote is necessary to constitute a quorum at the annual meeting.

A plurality of the votes duly cast is required for the election of directors. That is, the nominees receiving the greatest number of votes will be elected. The affirmative vote of the holders of a majority of the outstanding shares of common stock entitled to vote is required to adopt each of the proposed amendments to the Restated Certificate of Incorporation.

With respect to the tabulation of votes on any matter, abstentions are treated as present or represented and entitled to vote at the meeting, while broker non-votes are treated as not being present or represented and entitled to vote.

This proxy statement and the accompanying proxy are being mailed on or about May 8, 2003 to all stockholders entitled to notice of and to vote at the annual meeting.

The close of business on April 29, 2003 has been fixed as the record date for determining the stockholders entitled to notice of and to vote at the annual meeting. As of the close of business on April 29, 2003, we had 50,432,261 shares of common stock outstanding and entitled to vote. Holders of common stock are entitled to one vote per share on all matters to be voted on by stockholders.

The cost of soliciting proxies, including expenses in connection with preparing and mailing this proxy statement, will be borne by us. In addition, we will reimburse brokerage firms and other persons representing beneficial owners of common stock for their expenses in forwarding proxy materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, email, facsimile, other electronic means and personal solicitation by our directors, officers or employees. No additional compensation will be paid for such solicitation.

EXECUTIVE OFFICERS

The names of, and certain information regarding, our executive officers who are not also directors, are set forth below.

Name	Age	Position
----	---	-----
Duane D. Kimble, Jr.	42	Executive Vice President, Finance and Chief Financial Officer
Sandra K. Likes	52	Vice President

Duane D. Kimble, Jr. has been our Executive Vice President, Finance and Chief Financial Officer since August 2001. Prior to joining us, Mr. Kimble was the Executive Vice President and Chief Financial Officer of Baldwin Piano and Organ Company, which filed a voluntary petition for relief under Chapter 11 of Title 11 of the United States Code in May 2001, from July 1998 until June 2001 and the Director, Business and Operations, Analysis for Equistar Chemicals, LLC, a joint venture between Lyondell Petrochemical, Millennium Chemicals and Oxy Chemicals from 1997 to 1998.

Sandra K. Likes has been our Vice President since May 2001. Ms. Likes served as Vice President of Eyeshop from June 2000 to May 2001. She served in the following positions at LensCrafters, Inc., an optical retail company, from 1987 to 2000: Associate Vice President of Future Business; Category Manager for Contact Lenses; and Associate Vice President of Product. Prior to that, Ms. Likes served as Vice President and Divisional Merchandise Manager for Junior and Misses Sportswear of Elder Beerman Stores Corp, an independent retail department store chain.

REPORT OF COMPENSATION COMMITTEE

The Compensation Committee consists of the following non-employee members of the board of directors: Ryan M. Schwarz and Russell E. Taskey. The Compensation Committee determines and maintains our executive compensation policies and objectives and administers our 1992 Employee, Director and Consultant Stock Option Plan and our 2002 Employee, Director and Consultant Stock Plan.

The objectives of the Compensation Committee are to attract and retain highly talented and productive executives, to provide incentives for superior performance and to align the interests of executive officers, officers and certain senior management with the interests of our stockholders.

Our executive compensation program combines cash compensation with long-term incentive compensation, consisting principally of stock option grants, to attract, motivate and maintain our executive officers, officers and senior management. In addition, executive officers, officers and senior management are included in our benefit plan which includes health, dental, life and disability insurance and which is offered to all of our employees.

Cash compensation consists of base salary and annual bonus programs. When setting base salary levels, including the base salary level for the Chief Executive Officer, the Compensation Committee considers the individual's salary history, experience, performance and contribution to the management team. The Compensation Committee also considers salaries of executives in other companies of similar size and industry, as well as the competitive market conditions, for the purpose of determining base salary necessary to recruit and retain highly

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

talented and productive executives. The Compensation Committee generally intends to target base salary levels of our executive officers, including our Chief Executive Officer, to the mid-range of such comparable companies. Also considered are our performance, the performance of the specific area of business for which executive officers, officers and senior management, respectively, have direct responsibility, and progress towards implementing our business plan.

Cash bonuses are awarded to executive officers, officers and senior management principally as a mechanism to recognize and reward individual and/or our achievements. Cash bonuses are awarded based upon progress towards meeting specific goals established in writing at the time that final budgets for the fiscal year are approved, including the performance of the specific area of business for which the executive officers, officers and senior management have direct responsibility and progress towards implementing and achieving our business plan and profit goals. The amount of such bonuses will vary depending upon the above mentioned factors and in determining such amounts the Compensation Committee will consider a bonus range based on minimum and maximum percentages of the executive officers, officers and senior management's base salary. No cash bonuses were awarded for 2002.

The Compensation Committee believes that stock option grants: (1) align executive officers, officers and senior management's interest with stockholder interest by creating a direct link between compensation and stockholder return; (2) assure that executive officers, officers and senior management maintain a significant long-term interest in our success; and (3) help retain executive officers, officers and senior management in a competitive market. Option grants are made from time to time to executive officers, officers and senior management whose contributions have or will have a significant impact on our long-term performance. Our determination of whether option grants are appropriate each year is based upon individual and/or our performance measures established for each individual, including our Chief Executive Officer. Generally, options vest in equal annual installments over a period of four years and expire ten years from the date of grant. No stock options were awarded during 2002.

PERFORMANCE GRAPH

The graph below compares the performance of Sight Resource Corporation with that of the Nasdaq Stock Market, the OptiStock Vision Stock Return Index and the Retail/PPMC/Managed Care Stock Return Index. The comparison of total return on investment (change in period end stock price plus reinvested dividends) for each of the periods assumes that \$100 was invested on December 31, 1997 in each of Sight Resource Corporation, the Nasdaq Stock Market, the OptiStock Vision Group and the Retail/PPMC/Managed Care Group with investment weighted on the basis of market capitalization. The graph lines merely connect quarter-end dates and do not reflect fluctuations between those dates.

REPORT OF AUDIT COMMITTEE

The Audit Committee of the board of directors, which consists entirely of directors who meet the independence and experience standards applicable to companies listed on the Nasdaq National Market, has furnished the following report.

The Audit Committee assists the board of directors in overseeing and monitoring the integrity of our financial reporting process, our compliance with legal and regulatory requirements and the quality of our internal and external audit processes. The role and responsibilities of the Audit Committee are set forth in a written Charter adopted by the board of directors, which was appended to our 2002 proxy statement. The Audit Committee reviews and reassesses the Charter annually and recommends any changes to the board of directors for approval. The Audit Committee is responsible for overseeing our overall financial reporting process. In fulfilling its responsibilities for the financial statements for fiscal year 2002, the Audit Committee took the following actions: [Note: The following reflects action expected to be taken by the audit committee prior to the mailing of the definitive proxy statement.]

- Reviewed and discussed the audited financial statements for the fiscal year ended December 28, 2002 with management and KPMG LLP, our independent auditors;

7

- Discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit; and
- Received written disclosures and the letter from KPMG LLP regarding its

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

independence as required by Independence Standards Board Standard No. 1. The Audit Committee further discussed with KPMG LLP their independence. The Audit Committee considered, with a view to maintaining the independence of its independent auditors, the nature and scope of the non-audit services supplied by our independent auditors. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the Audit Committee determined appropriate.

Based on the Audit Committee's review of the audited financial statements and discussions with management and KPMG LLP, the Audit Committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 28, 2002 filed with the Securities and Exchange Commission.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and officers, and persons who own more than 10% of our common stock, to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of our common stock and our other equity securities. Officers, directors and greater than 10% beneficial owners are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 28, 2002, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with, except as follows. Mr. Butler, Mr. Callsen, Ms. Kunkler, Mr. McLendon, Mr. Tabacchi, Mr. Taskey, Mr. Kimble and Ms. Likes were late in filing a Statement of Annual Change in Beneficial Ownership on Form 5 to report the receipt of stock options that were granted to them in August 2001.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On July 20, 2001, pursuant to an Agreement and Plan of Merger (the "Merger Agreement") dated as of May 23, 2001, among us, our wholly owned subsidiary Eyeshop Acquisition Corporation ("EAC"), and eyeshop.com, inc. ("Eyeshop"), EAC merged with and into Eyeshop (the "Merger") and Eyeshop became our wholly owned subsidiary. On May 23, 2001, we entered into a common stock purchase agreement with Eyeshop and certain investors associated with Eyeshop (the "Stock Purchase Agreement") pursuant to which we sold, in two tranches, an aggregate of 5,000,000 shares of our common stock at a price of \$0.20 per share, for an aggregate purchase price of \$1,000,000, to persons associated with Eyeshop. On May 31, 2001, we entered into a second common stock purchase agreement with certain investors associated with Eyeshop (the "Second Stock Purchase Agreement"), to sell an aggregate of 6,569,500 shares of our common stock at a price of \$0.20 per share for an aggregate purchase price of \$1,313,900. Persons who received our shares in the Merger and/or who purchased shares pursuant to the Stock Purchase Agreements included Excalibur Investments B.V., La Sesta S.A., Mr. Butler and Ms. Kunkler.

Pursuant to the terms of the Merger Agreement, the Stock Purchase Agreement and the Second Stock Purchase Agreement, certain members of management of Eyeshop

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

were appointed to management positions as follows: Mr. Butler became the Chairman of our board of directors; Ms. Kunkler became our President and Chief Executive Officer and a director; and Mr. William Connell and Mr. Tabacchi were appointed to our Board of Directors.

In connection with the foregoing, all of the investors who purchased our common stock pursuant to the Stock Purchase Agreement and the Second Stock Purchase Agreement, all of the former Eyeshop stockholders and all of our officers and directors entered into voting agreements, dated May 23, 2001 (the "Voting Agreements"), as a condition to the closing of the transactions. Each of the Voting Agreements provides that the security holders subject to the Voting Agreements agree to vote in favor of the following nominees to the Board of Directors when the class of directors in which they are members is up for reelection during the three years following the effective time of the Merger: Mr. Butler, Ms. Kunkler, Mr. Connell, Mr. Callsen, Mr. McLendon and/or Mr. Schwarz (and for any of the foregoing who does not serve, that person's designee); and, to the extent there are positions on the Board of Directors not filled by any of the foregoing, for any additional nominees recommended to the stockholders for election by the Board of Directors. Mr. Connell no longer serves as a director of the Company.

On December 31, 2002, we completed the sale of 12,500,000 shares of Common Stock at an aggregate purchase price of \$2,500,000 (\$0.20 per share). The shares were sold and purchased in a private placement. The purchasers of the shares, and the number of shares purchased by each purchaser, were as follows:

8

Purchaser	Number of Shares	Aggregate Purchase Price
Carlyle Venture Partners, L.P.	1,940,295	\$ 388,059
Carlyle U.S. Venture Partners, L.P.	257,335	\$ 51,467
C/S Venture Investors, L.P.	396,255	\$ 79,251
Carlyle Venture Coinvestment, L.L.C.	156,115	\$ 31,223
E. Dean Butler	1,250,000	\$ 250,000
Excalibur Investments B.V.	5,500,000	\$ 1,100,000
La Sesta S.A.	3,000,000	\$ 600,000

Mr. Butler is Chairman of our Company. The other purchasers were pre-existing stockholders of the Company. As noted elsewhere in this proxy statement, Messrs. Schwarz, Tabacchi and Brustio, all of whom are directors of the Company, have relationships with the Carlyle Entities, Excalibur and La Sesta, respectively.

The sale and purchase of the shares was completed pursuant to a Common Stock Purchase Agreement dated as of December 31, 2002 among the Company and the purchasers (the "Purchase Agreement").

The above described share sale transaction was reviewed by a special committee of the Company's Board of Directors composed of disinterested directors. The special committee recommended the transaction for approval by the full Board. In connection with that review and recommendation, the committee received and

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

considered a fairness opinion from a financial advisory firm.

Also pursuant to the Purchase Agreement and as of December 31, 2002, the Company issued to Carlyle Venture Partners, L.P., C/S Venture Investors, L.P., Carlyle U.S. Venture Partners, L.P., and Carlyle Venture Coinvestment, L.L.C. (the "Carlyle Entities") an aggregate of 1,849,625 shares of Common Stock as payment of accrued and unpaid dividends (in the amount of \$508,000) on the shares of Series B Convertible Preferred Stock, par value \$.01 per share (the "Preferred Stock"), held by the Carlyle Entities.

Also pursuant to the Purchase Agreement and as of December 31, 2002, the Carlyle Entities converted all of their Preferred Stock (1,452,119 shares) to 3,243,900 shares of common stock of the Company. There are no remaining shares of Preferred Stock outstanding.

Also pursuant to the Purchase Agreement, the Carlyle Entities and the Company agreed to the cancellation of certain warrants (being referred to as Class I (Mirror) Warrants) representing an obligation to purchase an aggregate of 62,884 shares of common stock of the Company.

The Purchase Agreement provides that, for a period of three years, the Board of Directors of the Company shall take such action as may be consistent with its fiduciary duties to cause the Board of Directors to remain consistent with its then current composition, subject to the following: (i) Mr. Tabacchi (a director of the Company and an affiliate of Excalibur) and one representative of the Carlyle Entities will be members of the Board; (ii) Mr. Brustio (who was elected to the Board on December 31, 2002 and who is President and director of La Sesta) will be a member of the Board; and (iii) the Board shall nominate an additional director who shall have significant financial and accounting expertise and who is neither employed by the Company nor any affiliate of the Company as an employee or consultant, and the identity and financial and accounting experience of such director shall be reasonably satisfactory to the Carlyle Entities; and (iv) Mr. Tabacchi shall have the right to designate a director to fill the first vacancy on the Board (other than vacancies related to the positions reserved for the Carlyle Entities and Mr. Brustio).

PROPOSAL ONE: ELECTION OF DIRECTORS

Our Restated Certificate of Incorporation provides for a classified board of directors, consisting of three classes of directors, with each class to be as nearly equal in number as is reasonably possible. We have designated three Class A directors (Ms. Kunkler, Mr. Schwarz and Mr. Tabacchi), three Class B directors (Mr. Butler, Mr. Callsen and Mr. Taskey) and three Class C directors (Mr. Brustio, Mr. Good and Mr. McLendon). The Class A Directors constitute a class with a term that expires at this year's annual meeting. The Class B and Class C directors will serve until the annual meetings of stockholders to be held in 2004 and 2005, respectively, and until their respective successors are duly elected and qualified. At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose terms are expiring.

Pursuant to our bylaws, the board of directors has voted (i) to fix the board of directors at nine members and (ii) to nominate Ms. Kunkler, Mr. Schwarz and Mr. Tabacchi for election at the annual meeting to serve for a term of three years continuing until the annual meeting of stockholders in the year 2006, and until their respective successors are elected and qualified. The Class B directors (Mr. Butler, Mr. Callsen and Mr. Taskey) and the Class C directors (Mr. Brustio, Mr. Good and Mr. McLendon) will serve until the annual meetings of stockholders to be held in 2004 and 2005, respectively, and until their respective successors have been elected and qualified.

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

Unless authority to vote for any of the nominees named above is withheld, the shares represented by the enclosed proxy will be voted FOR the election of the nominees as directors. In the event that any nominee shall become unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the board of directors may recommend in his place. The board of directors has no reason to believe that any nominee will be unable or unwilling to serve as a director.

VOTE REQUIRED

A plurality of the votes duly cast is required for the election of directors.

BOARD RECOMMENDATION

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF MS. KUNKLER, MR. SCHWARZ AND MR. TABACCHI AS DIRECTORS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

PROPOSALS TWO, THREE AND FOUR:
AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION
TO EFFECT A REVERSE STOCK SPLIT AT THE DISCRETION OF THE BOARD OF DIRECTORS

We are asking our stockholders to approve three alternative proposals to amend our Restated Certificate of Incorporation to effectuate a reverse stock split. A reverse stock split would reduce the number of outstanding shares of our common stock, and the individual holdings of each stockholder at the time of the split, in accordance with the same ratio. The three proposals are identical except that each proposal has its own ratio. These ratios are 1-for-5, 1-for-10 and 1-for-20. Under these proposals, the board of directors will be given the authority to effectuate at its discretion any one of the approved proposals, or none at all, at any time prior to our annual meeting in 2005. The proposals not effectuated will be abandoned. We are asking you to approve these proposals because effectuating a reverse stock split may (1) help us satisfy the Nasdaq National Market System's listing standards relating to minimum stock price, and (2) raise our stock price, which may attract more investors to purchase our stock.

If any of the proposals are approved, the board of directors will have the discretion to effect one reverse stock split at any time prior to our annual meeting in 2005, using one of the approved ratios, or to choose not to effect a reverse stock split at all, based on its determination of which action is in the best interests of the Company and its stockholders. No further action on the part of our stockholders will be required to complete the reverse stock split.

We currently have authorized 70,000,000 shares of common stock and 5,000,000 shares of preferred stock. As of April 29, 2003, the record date for the annual meeting, 50,432,261 shares of common stock were outstanding. There were no shares of preferred stock outstanding. The reverse stock split, if implemented, would reduce the number of outstanding shares of common stock, but would not change the par value or the voting rights of the common stock and, except for the impact of fractional shares, each stockholder's proportionate ownership interest in the Company would be the same immediately before and after the reverse stock split. In addition, if the reverse stock split is implemented, the authorized number of shares of common stock will be reduced to 20,000,000 in the

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

case of a 1-for-5 reverse split, 10,000,000 in the case of a 1-for-10 reverse split, and 5,000,000 in the case of a 1-for-20 reverse split.

PURPOSES OF THE REVERSE STOCK SPLIT

We believe that increasing our stock price through a reverse stock split will have a number of benefits. First, a reverse stock split may assist us in satisfying the National Market System eligibility criteria so that our common stock may return to the system. Our stock was removed from the National Market System in 2000 when our share price fell below the minimum price required for continued qualification. Among the requirements for renewed qualification is a minimum bid price per share of \$5.00. Approval of the reverse stock split proposals may assist us in satisfying the minimum share price requirement.

Second, a reverse stock split may attract additional investors. We believe that a number of institutional investors and investment funds are reluctant to invest in lower-priced stocks and that brokerage firms are reluctant to recommend lower-priced stocks to their clients. By effecting a reverse stock split, we may be able to raise our stock price to a level where our stock would be viewed more favorably by potential investors. Other investors may also be dissuaded from purchasing lower-priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. A higher stock price after a reverse stock split should reduce this concern.

CERTAIN RISKS ASSOCIATED WITH THE REVERSE STOCK SPLIT

We cannot assure you that the market price per new share of our common stock after the reverse stock split will rise or remain constant in proportion to the reduction in the number of shares before the reverse stock split. In many cases, the market price of a company's shares declines after a reverse stock split. Thus, while our stock price might meet the National Market System's standards initially, we cannot assure you that it would continue to do so. We also cannot assure you that the reverse stock split will result in per share stock prices that will attract additional investors or increase analyst coverage. Furthermore, stockholders who otherwise would be entitled to receive fractional shares will only be entitled to a cash payment in lieu of such shares and will no longer have any rights as a stockholder with respect to the shares of common stock that would have been exchanged for such fractional shares.

In addition to reducing the number of outstanding shares, a reverse stock split will reduce the number of round lot holders of our shares and the trading volume of our shares. These factors may result in our shares being less liquid. A decline in liquidity may make it more difficult for you to buy or sell our shares and may have a downward influence on our share price.

To qualify for designation as a National Market System security, we must satisfy various criteria in addition to that relating to minimum bid price per share. Other criteria that may apply include pre-tax annual income, the aggregate market value of our publicly held shares, and the amount of our stockholders' equity. There is no assurance that we will satisfy the other criteria.

PRINCIPAL EFFECTS OF THE REVERSE STOCK SPLIT

10

If approved and implemented, the principal effects of the reverse stock split would include the following:

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

- depending on the ratio for the reverse stock split selected by the Board, each 5, 10 or 20 shares of common stock you own will be combined into one new share of common stock, as applicable;
- the number of shares of our common stock issued and outstanding will be reduced proportionately based on the ratio selected by the board or directors;
- appropriate adjustments will be made to stock options granted under our plans to maintain the economic value of the awards;
- the number of shares reserved for issuance under our existing stock-based compensation plans will be reduced proportionately based on the ratio selected by the board or directors (and any other appropriate adjustments or modifications will be made under the plans);
- the number of one one-thousandths of a share of Series A Junior Participating Preferred Stock purchasable upon exercise of each of the preferred share purchase rights granted to stockholders pursuant to our Rights Agreement will be multiplied by 5, 10 or 20 (depending on the ratio selected by the board of directors) and one right will continue to be associated with each share of common stock;

The common stock resulting from the reverse stock split will remain fully paid and non-assessable. The reverse stock split will not affect the registration of our common stock under the Securities Exchange Act of 1934.

ADJUSTMENT OF NUMBER OF AUTHORIZED SHARES

As stated above, if the reverse split is implemented, the authorized number of shares of common stock will be reduced from 70,000,000 to 20,000,000 in the case of a 1-for-5 reverse split, 10,000,000 in the case of a 1-for-10 reverse split, and 5,000,000 in the case of a 1-for-20 reverse split. Even though the authorized number of shares is being reduced, the result, considering the impact of the reverse split on the number of outstanding shares, will be to increase the number of our authorized but unissued shares in relation to our issued shares.

We believe it continues to be in our best interest to have sufficient authorized but unissued shares of common stock available in order to provide flexibility for corporate action in the future. The availability of authorized shares for issuance from time to time in the board of directors' discretion in connection with possible acquisitions of other companies, future financings, stock splits or dividends or for other corporate purposes is desirable in order to avoid repeated separate amendments to our Restated Certificate of Incorporation and the delay and expense incurred in holding special meetings of the stockholders to approve such amendments. We currently have no specific plans, arrangements or agreements with respect to any exchange, merger, combination, acquisition or similar transaction that would require us to issue authorized but unissued shares of our common stock.

We will not solicit further authorization by vote of the stockholders for the issuance of the additional shares of common stock proposed to be authorized, except as required by law, regulatory authorities or rules of any stock exchange or system on which our shares may then be listed or quoted. The issuance of additional shares of common stock could have the effect of diluting existing stockholder earnings per share, book value per share and voting power. Our stockholders do not have any preemptive right to purchase or subscribe for any part of any new or additional issuance of our securities.

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

FRACTIONAL SHARES

No fractional certificates will be issued in connection with the reverse stock split. Stockholders who otherwise would be entitled to receive fractional shares because they hold a number of shares of common stock not evenly divisible by the number selected by the Board for the reverse stock split ratio will be entitled, upon surrender of any certificate(s) representing such shares, to a cash payment in lieu thereof. We will arrange for a third party to aggregate the fractional shares of registered stockholders, sell them in the open market and deliver the proceeds to those stockholders upon surrender of their certificates. We will pay any brokerage commissions in connection with the sale. As an alternative to arranging for a third party sale of the aggregated fractional interests, the board of directors may cause the Company to purchase the fractional shares at their fair market value as of the effective date of the reverse split as determined by the board.

ACCOUNTING MATTERS

The par value of our common stock will remain at \$.01 per share after the reverse stock split. As a result, as of the effective time, the stated capital on our balance sheet attributable to our common stock will be reduced proportionately based on the reverse stock split ratio selected by the board of directors, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. In future financial statements, we will restate net income or loss per share and other per share amounts for periods ending before the reverse stock split to give retroactive effect to the reverse stock split.

PROCEDURE FOR EFFECTING REVERSE STOCK SPLIT AND EXCHANGE OF STOCK CERTIFICATES

If stockholders approve one or more of the proposals and the board of directors decides to implement the reverse stock split, we will file with the Secretary of State of the State of Delaware a certificate of amendment to our Restated Certificate of Incorporation. The reverse stock split will become effective at the time and on the date of filing of, or at such later time as is specified in, the certificate of amendment, which we refer to as the "effective time" and "effective date," respectively. Beginning at the effective time, each certificate representing shares of common stock will be deemed for all corporate purposes to evidence ownership of the number of whole shares of common stock into which the shares previously

11

represented by the certificate were combined pursuant to the reverse stock split. The text of the certificate of amendment would be in substantially the form attached hereto as Annex A, except that the text of the form may be altered for any changes required by the Secretary of State of the State of Delaware and changes deemed necessary or advisable by the board of directors, including the insertion of the effective time, effective date, numbers of authorized shares and the reverse stock split ratio selected by board of directors.

Following any reverse stock split, stockholders holding physical certificates will need to exchange those certificates for new certificates and a cash payment in lieu of any fractional shares, and we expect that our common stock will receive a new CUSIP number. No action will be required by stockholders who hold their shares through a brokerage firm or otherwise in "street name."

Our transfer agent, presently American Stock Transfer & Trust Company, will advise registered stockholders of the procedures to be followed to exchange

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

certificates in a letter of transmittal to be sent to stockholders. No new certificates will be issued to a stockholder until the stockholder has surrendered the stockholder's outstanding certificate(s), together with the properly completed and executed letter of transmittal, to our transfer agent. Any old shares submitted for transfer following effectuation of the split, whether pursuant to a sale, other disposition or otherwise, will automatically be exchanged for new shares. STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

NO APPRAISAL RIGHTS

Stockholders do not have appraisal rights under Delaware General Corporation Law or under our Restated Certificate of Incorporation in connection with the reverse stock split.

RESERVATION OF RIGHT TO ABANDON REVERSE STOCK SPLIT

We reserve the right to abandon the reverse stock split without further action by our stockholders at any time before the effectiveness of the filing with the Secretary of State of the State of Delaware of the certificate of amendment to our Restated Certificate of Incorporation, even if the reverse stock split has been authorized by our stockholders at the annual meeting. By voting in favor of the reverse stock split, you are also expressly authorizing the board of directors to determine not to proceed with, and abandon, the reverse stock split if it should so decide.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of the material U.S. federal income tax consequences of the proposed reverse stock split. This discussion is based on the Internal Revenue Code, the Treasury Regulations promulgated thereunder, published statements by the Internal Revenue Service and other applicable authorities on the date of this proxy statement, all of which are subject to change, possibly with retroactive effect. This discussion does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. Further, it does not address any state, local or foreign income or other tax consequences. This summary assumes that the shares of common stock held immediately prior to the effective time of the reverse stock split (the "old shares") were, and the new shares received will be, held as a "capital asset," as defined in the Internal Revenue Code (generally, property held for investment).

Subject to the discussion below concerning the treatment of the receipt of cash payments instead of fractional shares, we believe that the material U.S. federal income tax consequences of the reverse stock split are as follows:

- The Company will not recognize any gain or loss as a result of the reverse stock split.
- You will not recognize any gain or loss as a result of the reverse stock split, except with respect to cash received instead of fractional shares.
- The aggregate adjusted basis of the shares you hold following the reverse stock split will be equal to your aggregate adjusted basis immediately prior to the reverse stock split, reduced by any tax basis attributable to a fractional share.

Edgar Filing: SIGHT RESOURCE CORP - Form PRE 14A

- Your holding period for the shares you continue to hold after the reverse stock split will include your holding period for the shares you held immediately prior to the reverse stock split.

In general, if you receive cash instead of a fractional share of our common stock, you will recognize capital gain or loss based on the difference between the amount of cash received and your adjusted basis in the fractional share. The capital gain or loss will constitute long-term capital gain or loss if your holding period for our common stock is greater than one year as of the date of the reverse stock split. The deductibility of capital losses is subject to limitations. This tax treatment will apply whether the cash received results from a third party sale of your fractional shares or alternatively, from a repurchase by the Company.

Our view regarding the tax consequences of the reverse stock split is not binding on the Internal Revenue Service or the courts. ACCORDINGLY, WE URGE YOU TO CONSULT WITH YOUR OWN TAX ADVISOR WITH RESPECT TO ALL OF THE POTENTIAL TAX CONSEQUENCES TO YOU OF THE REVERSE STOCK SPLIT.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the outstanding shares of common stock entitled to vote is required to approve each of the proposals to amend the Restated Certificate of Incorporation.

"FOURTH: The total number of shares of all classes of stock which the Corporation shall have the authority to issue is (i) [20,000,000/10,000,000/5,000,000] shares of Common Stock, \$0.01 par value per share ("Common Stock"), and (ii) 5,000,000 shares of Preferred Stock, \$0.01 par value per share ("Undesignated Preferred Stock").

the Corporation, par value \$.01 per share (the "New Common Stock"), with cash being paid, without interest, in lieu of any fractional share of New Common Stock that would otherwise be issued, as provided below.

Each stock certificate that, immediately prior to the Effective Time, represented shares of Old Common Stock (a "Certificate") will from and after the Effective Time represent, (i) automatically and without the necessity of surrendering the same for exchange, the number of shares of New Common Stock, rounded down to the nearest whole number, determined by dividing the number of shares of Old Common Stock represented by such Certificate immediately prior to the Effective Time by [5/10/20] and (ii) the right to receive, upon surrender thereof to the transfer agent of the Corporation for exchange, a cash payment, without interest, in lieu of any fraction of a share of New Common Stock that would have been represented by such Certificate if fractional shares of New Common Stock had been issued in the Reclassification, as provided below.

No fractional shares of New Common Stock of the Corporation shall be issued in the Reclassification. Instead of issuing such fractional shares, the Corporation shall arrange for the disposition of fractional interests on behalf of those entitled thereto, and distribute the proceeds received from the sale among the holders of the fractional interests as their respective interests appear upon surrender of their Certificates, if any, to the transfer agent. Alternatively, the Corporation may, upon authorization by the board of directors and subject to compliance with the General Corporation Law of the State of Delaware, pay to stockholders otherwise entitled to receive a fractional share cash in an amount equal to the fair market value of such fractional share as of the Effective Date as determined by the board of directors, such payment to be made upon surrender of the applicable Certificate. No stockholder of the Corporation shall transfer any fractional shares of New Common Stock of the Corporation. The Corporation shall not recognize on its stock record books any purported transfer of any fractional share of New Common Stock of the Corporation."

4. At a meeting of the Board of Directors of the Corporation a resolution was duly adopted, pursuant to Section 242 of the General Corporation Law of the State of Delaware, setting forth the foregoing amendment to the Restated Certificate of Incorporation of the Corporation and declaring the amendment to be advisable. Pursuant to Section 242 of the General Corporation Law of the State of Delaware, the holders of outstanding shares of the Corporation having no less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted, authorized the adoption of the aforesaid amendment upon notice duly given.
