PART III - OTHER INFORMATION

State below in reasonable detail the reasons why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, N-SCR, or the transition report portion thereof, could not be filed within the prescribed time period.

The Company reported on Form 12b-25 filed with the Commission on March 28, 2003 that the Company would be unable to file its Annual Report on Form 10-K for the year ended December 28, 2002 within the prescribed time period (that is, by March 28, 2003). The Company anticipated, however, that it would be able to file the Report within 15 days after March 28.

The Company reported on Form 12b-25/A, Amendment Number 1, filed with the Commission on April 14, 2003 that the Company continued to be unable to file the Report. The Company anticipated, however, that the Report would be filed during the week of April 28, 2003.

The Company continues to be unable to file the Report because it has not yet completed its 2002 year-end financial statements. In the course of the Company's work on those statements, and in the course of work by KPMG LLP on their audit of those statements, it has been determined that

\* The statements cannot be completed, and an audit of the statements cannot be completed, until certain entries and accounts upon which the statements are based are substantiated, reconciled or corrected, as applicable.

\* The Company's internal controls over financial reporting appear to be inadequate and should be strengthened.

At the recommendation of KPMG, the Company is in the process of retaining another accounting firm to assist the Company in determining whether the above referenced accounting entries are accurate or inaccurate and, if inaccurate, the cause of the inaccuracy (that is, whether the inaccuracy was caused by system error or deficiency, error in judgment, negligence, intentional action, or other cause).

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Edgar Filing: SIGHT RESOURCE CORP - Form NT 10-K/A

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company currently estimates that it will report, for the full year ended December 28, 2002, a net loss attributable to common shareholders in the range of \$6,700,000 to \$7,500,000, inclusive of asset impairment charges estimated in the range of \$2,600,000 to \$2,900,000. By way of comparison, the Company sustained a net loss attributable to common shareholders of \$6,237,000 during the year ended December 29, 2001.

As described in the Company's Report on Form 8-K filed with the Commission on January 10, 2003, the Company completed a refinancing transaction on December 31, 2002 (three days after the end of the Company's fiscal year). As reported on the Form 8-K, the refinancing transaction resulted in gain to the Company from extinguishment of debt. The estimated gain in the amount of approximately \$2,400,000 after deduction of applicable expenses will be recognized during the Company's first fiscal quarter of 2003.

Cautionary Statement. The estimates reported in this form should be viewed as forward looking statements and may differ from results as finally determined upon completion of the applicable financial statements.
