Section 1 Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement

Effective May 7, 2007, SIFCO Industries, Inc. ("SIFCO") and its Irish subsidiary, SIFCO Turbine Components Limited ("SIFCO Turbine"), entered into a business purchase agreement (the "Agreement") for the sale of its industrial turbine engine component repair business to PAS Technologies Inc., which is based in the United States ("PAS"). PAS will complete the acquisition through a wholly-owned Irish subsidiary named PAS Turbines Ireland. The industrial turbine engine component repair business operates in SIFCO's Cork, Ireland facility. Subject to satisfaction of certain conditions to closing, the transaction is expected to close on or about June 16, 2007. Total consideration for the business is approximately \$5.0 million payable in cash and subject to certain adjustment and/or escrow provisions under the Agreement. SIFCO Turbine will retain ownership of the Cork, Ireland facility (subject to a long-term lease arrangement with PAS Turbines Ireland) and substantially all existing liabilities of the business. SIFCO has agreed to guarantee the performance by SIFCO Turbine of all of its obligations under the Agreement.

The closing of the transaction is subject to certain customary conditions to closing, unless otherwise waived by the parties, including (i) no material adverse event (as defined in the Agreement) having occurred and (ii) regulatory and third party consents having been obtained. The Agreement may be terminated by PAS if the conditions to closing have not or cannot be fulfilled prior to the closing date. The Agreement terminates if the closing has not occurred by June 16, 2007. Upon completion of this transaction, SIFCO will no longer maintain a turbine engine component repair operation in Ireland, but will own and lease real estate.
