Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On December 6, 2012, the Board of Directors of Cigna Corporation, upon the recommendation of the Corporate Governance Committee of the Board, approved an amendment to Article III, Section 2 of Cigna's By-Laws that provides for the phased elimination of the classified board structure. Under the amendment, directors whose terms expire will stand for election for one-year terms beginning at the 2016 annual meeting of shareholders. Directors who have been elected to three-year terms prior to this meeting will complete those terms.

The amendment to the By-Laws took effect on the same day as Board approval. This description of the amendment is qualified in its entirety by reference to the full text of the amendment, attached as Exhibit 3.1 and incorporated herein by reference.

Item 7.01 Regulation FD Disclosure.

At Cigna's 2012 annual meeting of shareholders, shareholders had the opportunity to vote on a management proposal regarding declassification. The Board was interested in shareholders' views regarding the proposal, and encouraged shareholders to vote as they believed appropriate but made no recommendation that shareholders vote either for or against the proposal. While the proposal failed to meet the 80% affirmative vote threshold required for implementation, a substantial majority of shareholders who did cast a ballot voted in favor of the proposal.

The Board considered the voting results, benchmarking data within the proxy peer group that showed the majority do not have a classified board and the growing trend of declassification. Based on these and other factors, the Board determined that it was advisable to approve the amendment to the By-Laws to declassify. The Board also considered factors that weighed against declassification including: (1) the lack of clear evidence that declassification supports shareholder value creation; and (2) the fluidity of the healthcare market and industry over the next few years, in large part due to the implementation of a number of key provisions of the Patient Protection Affordable Care Act in 2014. Based upon these factors, the Board determined that it is in the best interests of its shareholders to declassify in a measured way and therefore approved declassification beginning in 2016.
