PROXY STATEMENT

SOLICITATION AND VOTING OF PROXIES

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Fauquier Bankshares, Inc. (the "Company") for use at the Annual Meeting of Shareholders to be held at THE FAUQUIER SPRINGS COUNTRY CLUB, SPRINGS ROAD, WARRENTON, VIRGINIA, ON TUESDAY, MAY 20, 2003 AT 11:00 A.M., EASTERN TIME (THE "ANNUAL MEETING"), and at any adjournments thereof.

The cost of solicitation will be borne by the Company. Additional solicitations may be made by letter, e-mail, telephone or telefax by the Company or by its directors or regular employees, without additional compensation therefor.

The Company began mailing this proxy statement and the form of proxy solicited hereby to its shareholders on or about April 18, 2003.

Any proxy given pursuant to this solicitation may be revoked by the person executing it at any time prior to its exercise by submitting a written notice of revocation to the Secretary of the Company or a properly-executed proxy bearing a later date, or by attending the meeting and voting in person.

Other than the matters set forth in the attached Notice of Annual Meeting of Shareholders, the Board of Directors knows of no additional matters that will be presented for consideration at the Annual Meeting. Execution of a proxy, however, confers on the designated proxy holders discretionary authority to vote the shares in accordance with their best judgment on such other business, if any, that may properly come before the Annual Meeting or any adjournment thereof, including whether or not to adjourn the Annual Meeting.

VOTING SECURITIES

As of April 9, 2003, the record date fixed for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting, there were 3,298,938 outstanding shares of common stock, which is the only class of stock of the Company. Each such share of common stock is entitled to one vote. Shares of stock represented by valid proxies received pursuant to this solicitation, and not revoked before they are exercised, will be voted as specified therein. If no specification is made, signed proxy cards will be voted for the election of each of the nominees for director named in this proxy statement and in favor of the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company's independent auditors.

The presence, in person or by proxy, of the holders of at least a majority of the total number of shares of common stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. In the event that there are not sufficient votes for a quorum, or to approve or ratify any matter being presented at the time of the Annual Meeting, the Annual Meeting may be adjourned in order to permit further solicitation of proxies.

As to the election of directors, the form of proxy being provided by the Board of Directors enables a shareholder to vote "FOR" the election of the nominees proposed by the Board of Directors or to "WITHHOLD AUTHORITY" to vote for one or more of the nominees being proposed. Under Virginia law, directors are elected by a plurality of votes cast at a meeting in which a quorum is present, without regard to either broker non-votes or proxies as to which authority to vote for one or more of the nominees being proposed is withheld.

Edgar Filing: FAUQUIER BANKSHARES INC - Form DEF 14A

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE.

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, officers, directors and beneficial owners of more than 10% of the Company's common stock are required to file reports on Forms 3, 4 and 5 with the Securities and Exchange Commission to report their beneficial ownership of the Company's common stock as well as certain changes in such beneficial ownership. Based solely upon the Company's review of such reports, the Company believes that no officer, director or more than 10% beneficial owner failed to file required reports on Forms 3, 4 or 5 on a timely basis during the fiscal year ended December 31, 2002, except Pat H. Nevill, who filed a late Form 4 disclosing one transaction that was not reported on a timely basis.

COMPENSATION OF MANAGEMENT

DIRECTORS' COMPENSATION

MEETING FEES. Non-employee directors of the Company receive a fee of \$200 for each Board and committee meeting attended. Non-employee directors of the Bank receive a fee of \$500 for each Bank Board meeting and \$200 for each Bank committee meeting attended. However, no director may receive fees for more than two meetings held in any one day. Mr. Tiffany, the Company's sole employee

Edgar Filing: FAUQUIER BANKSHARES INC - Form DEF 14A

director, receives no additional compensation from the Company for his services performed as a director.

DIRECTOR DEFERRED COMPENSATION PLAN. Effective April 1, 1995, the Board approved and established a Director Deferred Compensation Plan (the "Deferred Compensation Plan"). This plan provides that any non-employee director of the Company or the Bank may elect to defer receipt of all or any portion of his or her compensation as a director. A participating director may elect to have amounts deferred under the Deferred Compensation Plan held in a deferred cash account credited on a quarterly basis with interest equal to the highest rate offered by the Bank at the end of the preceding quarter. Alternatively, a participant may elect to have a deferred stock account in which deferred amounts are treated as if invested in the Company's common stock at the fair market value on the date of deferral. The value of a stock account will increase and decrease based upon the fair market value of an equivalent number of shares of common stock. In addition, the deferred amounts deemed invested in common stock will be credited with dividends on an equivalent number of shares. Amounts considered invested in the Company's common stock are paid, at the election of the director, either in cash or in whole shares of common stock and cash in lieu of fractional shares. Directors may elect to receive amounts contributed to their respective accounts through up to five installment payments. The Company may establish a trust to hold amounts deferred and which accumulate under the plan. The purpose of the Deferred Compensation Plan is to give the non-employee directors the option of deferring current taxation on directors' fee income.

NON-EMPLOYEE DIRECTOR STOCK OPTION PLAN. The Board established, effective April 1, 1995, a Non-Employee Director Stock Option Plan (the "Option Plan"). The five-year term of the Option Plan expired in 1999. Under the Option Plan each director who is not an employee of the Company or the Bank received an option grant covering 2,240 shares of Company common stock on April 1 of each year during the five-year term of the Option Plan. The

5

first grant under the Option Plan was made on May 1, 1995. The exercise price of awards was fixed at the fair market value of the shares on the date the option was granted. During the term of the Option Plan, a total of 123,200 shares of common stock could be granted and 120,960 shares of common stock were granted under the Option Plan. The options granted under the Option Plan were exercisable six months from the date of grant except in the case of death or disability. Options that were not exercisable at the time a director's services on the Board terminated for reasons other than death, disability or retirement in accordance with the Company's policy were forfeited. The purpose of the Option Plan was to promote a greater identity of interest between non-employee directors and the Company's shareholders by increasing each participant's proprietary interest in the Company through the award of options to purchase Company common stock.

THE OMNIBUS STOCK OWNERSHIP AND LONG TERM INCENTIVE PLAN. Effective January 1, 2000, the Omnibus Stock Ownership and Long Term Incentive Plan (the "Omnibus Plan") established in 1998 for employees, was amended and restated to include non-employee directors. The Omnibus Plan has a ten-year term and the first grant to non-employee directors was made on May 23, 2000. The exercise price of awards is fixed at the fair market value of the shares on the date the option is granted. During the term of the Omnibus Plan, a total of 180,000 options for shares of common stock may be granted to non-employee directors. The Omnibus Plan provides for an annual issuance of 3,734 options to non-employee directors during their initial three-year term to achieve total holdings of 11,200 options. The annual issuance of options to non-employee directors subsequent to their initial three-year term requires Board action each year. Directors who had

Edgar Filing: FAUQUIER BANKSHARES INC - Form DEF 14A

completed their initial three-year term received 2,000 options per non-employee director, per year, for each of 2002, 2001 and 2000. The options are exercisable six months from the date of grant except in the case of death or disability.

A total of 120,960 options for shares of common stock were granted to the non-employee directors during the five-year term of the Option Plan. There are 104,040 options under the Option Plan remaining available to be exercised. Under the Omnibus Plan, 28,694 options were granted to non-employee directors at an exercise price of \$8.13 in 2000, 28,214 options were granted to non-employee directors at an exercise price of \$8.07 in 2001, and 25,732 options were granted to non-employee directors at an exercise price of \$13.00 in 2002. No options issued to non-employee directors had been exercised as of December 31, 2002. All options have been adjusted to reflect the effect of stock splits.

PENSION PLAN. The Bank has a non-contributory defined benefit plan which covers substantially all employees of the Bank who are 21 years of age or older, who have at least one year of service, and work a minimum of 1,000 hours per year.

The plan's normal retirement benefit formula is as follows:

- (a) 1.35% of the participant's final 5-year average compensation per year of service up to 35 years, plus

Edgar Filing: FAUQUIER BANKSHARES INC - Form DEF 14A

(b) 0.60% of the participant's final 5-year average compensation, in excess of his/her covered compensation level, per year of service up to 35 years.

For purposes of the pension plan, "covered compensation level" equals the average of the last 35 years of the social security wage base at normal retirement. The Bank's pension plan expense for the fiscal year ended December 31, 2002 was \$433,036. Cash benefits under the plan generally commence on retirement, death or other termination of employment and are payable in various forms, generally at the participant's election. The plan is based on a straight life annuity assuming full benefit at age 65, no offsets, and covered compensation of \$39,444 for a person age 65 in 2002. Compensation that may be taken into account for purposes of the pension plan is currently limited to \$200,000 by Internal Revenue Code regulations and includes all regular pay, overtime and regular bonuses.

401(K) SAVINGS PLAN. The Bank has a defined contribution retirement plan under Section 401(k) of the Internal Revenue Code of 1986, as amended, covering employees who have completed six months of service and who are at least 18 years of age (the "401(k) Savings Plan"). Under the plan a participant may contribute an amount up to 15% of their covered compensation for the year, subject to certain limitations. The Bank may also make, but is not required to make, a

Edgar Filing: FAUQUIER BANKSHARES INC - Form DEF 14A

discretionary matching contribution. The amount of this matching contribution, if any, is determined on an annual basis by the Bank's Board of Directors. The Bank made a contribution to the plan for the year ended December 31, 2002 of \$101,265.

MANAGEMENT INCENTIVE PLAN. For performance during 2002, the Bank awarded cash incentive compensation under a management incentive plan (the "Management Incentive Plan") totaling \$204,440 for the Chief Executive

9

Officer and other Named Executive Officers. The incentive compensation awards granted to Mr. Tiffany, Mr. Ferrell, Ms. Gorkowski, Mr. Graap and Mr. Shook were based solely upon the Bank's performance as measured by the corporate objectives. Each of the executive officers met the performance objectives established for him or her for 2002.

No Named Executive Officer received remuneration in the form of bonus, profit-sharing, pension, retirement, options or warrants to purchase stock, or under any other remuneration plan, other than as indicated in the Summary Compensation Table above, for the year ended December 31, 2002. An incentive compensation plan for Bank employees, however, was approved by the Bank's Board of Directors to be shared by all employees of the Bank, other than the Named Executive Officers (the "Employee Incentive Plan"). An incentive pool of \$301,814 for 2002 was divided among all employees of the Bank, other than the Named Executive Officers.

There are no commission agreements between the Company or the Bank and their respective directors or officers.

SPLIT DOLLAR LIFE INSURANCE AGREEMENT. On January 1, 1996, the Bank entered into a split dollar life insurance agreement with Mr. Ferrell pursuant to which the Bank purchased two existing policies of insurance on Mr. Ferrell's life. Pursuant to the agreement, the Bank pays a portion of the annual premium on the insurance policies. The policies provide for a combined death benefit of \$440,000 to be paid to the beneficiaries named therein, and the Bank is entitled to the total policy proceeds in excess of the death benefits. The Bank paid \$5,373 for premiums in 2002 in connection with this agreement.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN. In 2000, the Board of Directors authorized the investment of a specially designed life insurance policy to be carried as an asset of the Bank and to be used to fund a supplemental retirement plan for Mr. Tiffany (the "SERP"). The initial investment of \$749,000 was implemented on August 10, 2000, and was split equally between Jefferson Pilot Life Insurance and Southland Life Insurance Companies. At December 31, 2002, the approximate cash surrender value was \$846,941.

CHANGE OF CONTROL AGREEMENTS. The Bank has entered into change of control agreements with the Named Executive Officers. The change of control agreements are intended to attract and retain experienced, well-qualified executive officers who will advance the best interests of the Bank. The continued success of the Bank and the Company depends to a significant degree on the skills and competence of these executive officers.

The agreements become operative upon a change of control in the Bank. For purposes of the agreements, a change of control of the Bank occurs if, (i) any person, including a "group" as defined in Section 13(d)(3) of the Securities Exchange Act of 1934 (but excluding any group of which an executive officer is a member), becomes the beneficial owner of securities of the Bank or of the Company having 20% or more of the combined voting power of the then outstanding

Edgar Filing: FAUQUIER BANKSHARES INC - Form DEF 14A

Bank or Company securities that may be cast for the election of the Bank or Company directors, other than as a result of an issuance of securities initiated by the Bank or Company, as long as the majority of the Bank's Board of Directors approving the purchases is a majority at the time the purchases are made; or (ii) as the direct or indirect result of, or in connection with, a tender or exchange offer, a merger or other business combination, a sale of assets, contested election, or any combination of these events, the persons who were directors of the Bank or Company before such events cease to constitute a majority of the Bank or Company's Board of Directors, or any successor's board, within two years of the last of such transactions.

If, after a change of control occurs, an executive officer's employment is terminated within three (3) years, depending upon the agreement, the executive officer is entitled to receive the payments specified in the agreements, unless such termination was for cause or the executive officer terminates employment without good reason. "Cause" means the executive officer's gross negligence or willful misconduct, which is detrimental to the best interests of the Bank's business operations. "Good reason" means (i) a material change in the executive officer's functions, duties, responsibilities, authority, benefits or perquisites, or relocation of the executive officer's principal place of employment, (ii) removal from or failure to re-elect the executive officer to a current position, (iii) a reduction of the executive officer's base salary or a failure to increase such salary in accordance with cost-of-living increases, or (iv) the failure of any successor to assume and agree to perform the agreements.

10

If an executive officer is terminated not for cause or terminates employment for good reason: (i) the Bank is required to pay the executive officer as compensation for services rendered to the Bank a cash amount, subject to any applicable payroll or other taxes required to be withheld, equal to 2.99 times the highest annual compensation paid to the executive officer by the Bank for any six months ending with the executive officer's termination; (ii) in addition to the benefits to which an executive officer is entitled under the retirement plans or programs, in effect, the Bank is required to pay an executive officer a cash amount equal to the actuarial equivalent of the retirement pension to which the executive officer would have been entitled under the terms of such retirement plan or programs, without regard to "vesting" thereunder, had the executive officer accumulated three (3) additional years of continuous service after termination at the executive officer's base rate in effect at the time of termination, reduced by the single sum actuarial equivalent of any amounts to which the executive officer is entitled pursuant to the provisions of the retirement plans or programs; (iii) the Bank is required to maintain in full force and effect, for the continued benefit of the executive officer for a three-year period after termination, all employee benefit plans and programs or arrangements in which the executive officer was entitled to participate immediately prior to termination, or substantially similar programs if the executive officer's continued participation is not possible under the general terms and provisions of such existing plans and programs; and (iv) all stock options granted to the executive officer under any of the Bank's stock option plans shall become immediately exercisable with respect to all or any portion of the shares covered thereby, regardless of whether such options are otherwise exercisable. The Bank is required to reimburse the executive officer for any federal income tax liability incurred by the executive officer in connection with the exercise of such options that would not have been incurred by the executive officer in the absence of such options becoming immediately available upon a change of control.

If any payment made or benefit provided to an executive officer pursuant to the agreements would constitute an "excessive parachute payment" within the meaning

Edgar Filing: FAUQUIER BANKSHARES INC - Form DEF 14A

of Section 280G of the Internal Revenue Code of 1986, as amended and any regulations thereunder, thereby resulting in a loss of an income tax deduction by the Bank or the imposition of an excise tax on the executive officer under Section 4999 of the Internal Revenue Code of 1986, as amended, then the payments scheduled under the agreements will be reduced to one dollar less than the maximum amount which may be paid without causing any such payment or benefit to be nondeductible.

REPORT OF THE COMPENSATION AND BENEFITS COMMITTEES ON EXECUTIVE COMPENSATION

The following report of the Company's Compensation and Benefits Committee (the "Company Committee") and the Bank's Compensation and Benefits Committee (the "Bank Committee") provides information with respect to the compensation paid to the Named Executive Officers for the year ended December 31, 2002.

Executive compensation is primarily paid by the Bank. Therefore, the executive compensation program of the Company and the Bank is primarily administered by the Bank Committee. The Bank Committee is comprised of Messrs. Montgomery, Larson, Haworth and Minter, and Mses. Nevill and Stringfellow, each of whom is a non-employee director of the Bank and the Company. The compensation program for executive officers consists of some or all of the following elements: base salary; performance-based cash rewards under the Management Incentive Plan; annual grants of options under the Omnibus Plan; annual matching contributions under the 401(k) Savings Plan; split dollar life insurance, automobile allowances, and SERP compensation.

The Company's Board of Directors established the Company Committee on October 10, 2002. Its sole function is to act with respect to the Deferred Compensation Plan and the Omnibus Plan. The Company Committee is comprised of the same individuals as the Bank Committee.

The executive compensation program is designed to enable the Company and the Bank to attract, retain and reward executive officers. The Company Committee and the Bank Committee intend to keep compensation levels competitive with a representative sample of the Bank's peer institutions. The peer group used by the Company Committee and the Bank Committee includes other community banks of similar size located in Virginia. The committees' strategy is to maintain a structure within the executive compensation program that

11

strengthens the link between executive compensation, the Bank's performance, individual performance of the executive officers and shareholder interests.

The following sections of this report describe the compensation program for executive officers in effect in 2002.

BASE SALARY. The base salary paid to the Bank's Chief Executive Officer, C. Hunton Tiffany, is determined by the Bank Committee. The Bank Committee establishes performance thresholds or other measures that directly relate his base salary to operating performance and a review of the range of salaries earned by Chief Executive Officers within a representative peer group, although there is no predetermined point within such range at which the Bank Committee targets the salary. Mr. Tiffany's 2002 salary was at the midpoint of the range of salaries paid to the Chief Executive Officers of the Bank's peer group. The Bank Committee believes that Mr. Tiffany's 2002 base salary is appropriate in relation to the Bank's performance and consistent with the salaries earned by executive officers of the Bank's peer group.

Edgar Filing: FAUQUIER BANKSHARES INC - Form DEF 14A

In 2002, the base salary paid to the Bank's President, Randy Ferrell, was determined by the Bank's Chief Executive Officer. The President determined the base salaries paid to the other executive officers. The Bank's Chief Executive Officer and President managed executive salaries in relation to the salaries paid to executive officers in peer institutions, giving effect to operating performance, their relative contributions, and the experience of each executive officer. In determining base salary, they utilized a computer based model developed by the Bank's outside consultants for computing salary increases based on performance reviews. The Bank Committee believes that the base salaries paid to the executive officers gave fair consideration to their individual contributions in 2002 and are competitive with the Bank's peer group.

MANAGEMENT INCENTIVE COMPENSATION. The Management Incentive Plan is recommended by the Bank Committee and approved by the Bank's Board of Directors. The Bank Committee determined the Chief Executive Officer's incentive compensation in 2002. The Chief Executive Officer and President managed the incentive compensation awards for executive officers of the Bank in 2002, based on each executive officer's achievement of his or her individual performance objectives. These objectives were tied to measurements directly related to corporate strategic objectives. These actions reflect a commitment to maintaining a strong incentive compensation plan that is directly related to maximizing long-term shareholder value.

For performance during 2002, the Bank awarded cash incentive compensation under the Management Incentive Plan totaling \$204,440 for the Chief Executive Officer and other Named Executive Officers. The incentive compensation awards granted to Mr. Tiffany, Mr. Ferrell, Ms. Gorkowski, Mr. Graap and Mr. Shook were based solely upon the Bank's performance as measured by the corporate objectives. Each of the Named Executive Officers met the performance objectives established for him or her for 2002.

Effective January 1, 2003, the Bank Committee began determining the compensation and benefits awarded to all executive officers, including the President, in addition to determining the compensation and benefits awarded to the Chief Executive Officer. The Company Committee will make all stock option grants under the Omnibus Plan, upon consideration of the recommendations of the Bank Committee.

401(K) SAVINGS PLAN MATCHING CONTRIBUTIONS. The 401(k) Savings Plan is a voluntary defined contribution benefit plan designed to provide additional incentive and retirement security for eligible employees of the Bank. All Bank employees over the age of 18 are eligible to participate in the 401(k) Savings Plan. The executive officers of the Bank participate in the 401(k) Savings Plan on the same basis as all other eligible employees of the Bank. Under the 401(k) Savings Plan, each eligible employee of the Bank may elect to contribute on a pre-tax basis to the 401(k) Savings Plan between 2% to 15% of his or her compensation, subject to certain limitations that may lower the maximum contributions of more highly compensated participants.

The Bank's Board of Directors determines each year whether to match employee contributions based on the previous year's profitability. In 2002, the Bank matched fifty cents (\$0.50) on each dollar contributed by an employee up to six percent (6%) of that employee's contribution. For 2002, the Bank's matching contributions to the Named Executive Officers totaled \$21,451, including \$5,100 contributed to the account of Mr. Tiffany,

\$5,100 contributed to the account of Mr. Ferrell, \$3,151 contributed to the

Edgar Filing: FAUQUIER BANKSHARES INC - Form DEF 14A

account of Ms. Gorkowski, \$4,200 contributed to the account of Mr. Graap and \$3,900 contributed to the account of Mr. Shook.

SPLIT DOLLAR LIFE INSURANCE AGREEMENT. The Bank currently has a split dollar life insurance agreement with Mr. Ferrell, entered into on January 1, 1996. The policy provides for a combined death benefit of \$440,000 to be paid to named beneficiaries, and the Bank is entitled to policy proceeds in excess of death benefits. The Bank paid \$5,373 for premiums in January 2002 in connection with this agreement.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN. In 2001, the Bank's Board of Directors authorized the investment of a specially designed life insurance policy to be carried as an asset of the Bank and to be used to fund a supplemental retirement plan for Mr. Tiffany. The initial investment of \$749,000 was implemented on August 10, 2000, and was split equally between Jefferson Pilot Life Insurance and Southland Life Insurance Companies. At December 31, 2002, the approximate cash surrender value was \$846,941. The Board's objective was to supplement Mr. Tiffany's expected retirement earnings under current plans to provide him with approximately 70% of his annual income at the time of retirement. The expected tax attributes, increases in cash value, and receipt of death benefits were believed to make the life insurance investment an effective means of paying for, or off-setting the cost of, the SERP.

STOCK OPTIONS. The Company awards stock options to executive officers as a long-term incentive to align the executive officer's interest with those of other shareholders and to encourage significant stock ownership. Under the Omnibus Plan, the Company Committee grants to selected key employees options to purchase common stock at a price equal to the fair market value of the common stock on the date of grant. Employees selected under the Omnibus Plan are those key employees who, in the judgment of the Company Committee, are in a position to materially affect the overall success of the Bank and its subsidiaries by reason of the nature and extent of their duties.

In 2002, the Bank Committee granted options for 26,398 shares of common stock to employees of the Bank, including options for 4,000 shares granted to Mr. Tiffany, 8,756 granted to Mr. Ferrell, 4,000 granted to Mr. Shook, 5,514 granted to Mr. Graap, and 4,128 granted to Ms. Gorkowski. These grants were approved and ratified by the Company Committee and the Company Board of Directors. Neither the Company Committee nor the Bank Committee has adopted any objective criterion that relates the level of options granted to the executive officers to performance of the Bank or the individuals. In awarding the grant to the executive officers, the Bank Committee considered numerous factors, including the Bank's operating performance, each executive officer's prior contributions and potential to contribute in the future and practices within the Bank's peer group with respect to granting options, although, none of these factors was individually determinative.

The stock options granted under the Omnibus Plan to employees generally become exercisable on the third anniversary of the date of grant. The option recipients, including Mr. Tiffany, will receive value from these grants only to the extent that the price of the Company's common stock exceeds the grant price.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION IN COMPENSATION DECISIONS. The Bank Committee and the Company Committee are composed of outside, independent directors, none of whom was, during the fiscal year 2002, an employee of the Company, the Bank or their subsidiaries. Ms. Stringfellow has served as the Company's Corporate Secretary since 1991 and also served as an independent contractor from June 1999 until December 31, 2002.

This report is submitted by the Compensation and Benefits Committees of the Company and the Bank.

STOCK PERFORMANCE

The following graph shows a comparison of total shareholder return on the Company's common stock based on its market price, assuming the reinvestment of dividends, with the cumulative total returns for the companies on the NASDAQ Stock Market (U.S.), and SNL Bank Stocks indices for the period beginning on June 16, 1999, the date that the Company's common stock became registered pursuant to the Securities Exchange Act of 1934, as amended, and ending on December 31, 2002. We believe the Company's performance is more accurately compared to companies in the banking industry, rather than the NASDAQ Total U.S. Index, which includes companies in diverse industries with market capitalizations many times the size of the Company's market capitalization.

The Stock Performance Graph also compares the Company's stock performance to the SNL \$250M-\$500M Bank Index in addition to the SNL Bank Index. The SNL \$250M-\$500M Bank Index, which includes the Bank, contains all banks and related holding companies from throughout the United States with total assets of between \$250 million and \$500 million, thus providing a larger and more appropriate measurement base to compare with the Company's stock performance. We believe that a comparison of the Company's stock performance to banks with similar assets is more accurate than a comparison of banks of all asset sizes.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The responsibilities include providing effective external audits of all corporate subsidiaries by a suitable independent accountant, providing an effective and efficient internal audit program to serve all subsidiaries in an examining and advisory capacity, assisting the Board of Directors in fulfilling its fiduciary responsibilities for financial reporting and internal accounting and operations controls, and to act as an agent for the Board of Directors to help insure the independence of internal and external auditors, the integrity of management, and the adequacy of disclosures to shareholders.

The Company's management is responsible for preparing the Company's financial statements. The Company's independent auditors are responsible for auditing the financial statements. The activities of the Committee are in no way designed to supersede or alter these traditional responsibilities. Except to the extent required by the rules of the NASDAQ stock market, membership on the Audit Committee does not call for the professional training and technical skills generally associated with career professionals in the field of accounting and auditing. In addition, the Company's independent auditors and the independent

internal auditors have more available time and information than does the Committee. Accordingly, the Committee's role does not provide any special assurances with regard to the Company's financial statements, nor does it involve a professional evaluation of the quality of the audits performed by the independent auditors.

In this context, the Audit Committee has reviewed and discussed the audited 2002 financial statements with management, and has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees.

The Audit Committee has received and has discussed the written disclosures from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, has considered the compatibility of non audit services with the auditors' independence, and has discussed with the auditors the auditor's independence.

Based on its review and discussions with the auditors, the Audit Committee recommended, and the Board of Directors approved, that the audited financial statements be included in the Company's 2002 Annual Report and in the Company's Form 10-K for 2002 filed with the Securities and Exchange Commission.

The Audit Committee and the Board of Directors have adopted a written charter for the Audit Committee that is reviewed annually. A copy was provided in the proxy material for the Annual Meeting of Shareholders held in 2001.

The six members of the Audit Committee are independent as defined by NASD Marketplace Rule 4200(a)(15) of the NASD listing standards.
