**PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 24, 2007**

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies from the shareholders of Knight Transportation, Inc. to be voted at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at 8:30 A.M., Phoenix time, on May 24, 2007, at the Arizona Biltmore, 2400 East Missouri, Phoenix, Arizona 85016. **THE ENCLOSED PROXY IS SOLICITED BY OUR BOARD OF DIRECTORS.** If not otherwise specified, all proxies received pursuant to this solicitation will be voted (i) FOR the director nominees named herein; (ii) FOR the amendment and restatement of our Amended and Restated Articles of Incorporation; (iii) FOR ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2007; and (iv) with respect to any other matters properly brought before the Annual Meeting, in accordance with the recommendations of the Board of Directors, or, if no recommendations are given, in accordance with the judgment of the proxy holders.

This Proxy Statement, the proxy card, and our Annual Report were first mailed on or about April 20, 2007, to shareholders of record at the close of business on March 30, 2007 (the "Record Date").

The terms "we," "our," "us," or the "Company" refer to Knight Transportation, Inc. and its subsidiaries.

Voting Rights

Only holders of record of our Common Stock, par value \$0.01 per share ("Common Stock"), at the close of business on the Record Date are entitled to vote at the Annual Meeting, either in person or by valid proxy. Except in the election of directors, shareholders are entitled to one vote for each share held of record on each matter of business to be considered at the Annual Meeting. In the election of directors, cumulative voting is required by law. *See* "Required Vote; Cumulative Voting." As of the Record Date, there were issued and outstanding approximately 86,225,974 shares of our Common Stock, entitled to cast an aggregate 86,225,974 votes on all matters subject to a vote at the Annual Meeting, other than in the election of the Class III directors, where the shares are entitled to an aggregate 258,677,922 votes. Votes cast at the Annual Meeting will be tabulated by the Inspector of Elections and the results of all items voted upon will be announced at the Annual Meeting.

Quorum Requirement

In order to transact business at the Annual Meeting, a quorum must be present. A quorum is present if a majority of the issued and outstanding shares of Common Stock as of the Record Date are represented at the Annual Meeting in person or by proxy. Shares that are entitled to vote but that are not voted at the direction of the holder (called "abstentions") and shares that are not voted by a broker or other record holder due to the absence of instructions from the beneficial owner (called "broker non-votes") will be counted for the purpose of determining whether a quorum is present.

Required Vote; Cumulative Voting

Election of Directors. Directors are elected by plurality of the votes cast, which means that the director nominees receiving the highest number of votes for their election will be elected as directors. Abstentions and broker non-votes are not counted as votes for the election of any director nominee. Under the Constitution of the State of Arizona, as well as Section 10-728 of the Arizona Revised Statutes, shareholders have cumulative voting rights in electing directors of an Arizona corporation. Cumulative voting means that each shareholder, when electing directors, has the right to cast as many votes in the aggregate as he, she, or it has voting shares multiplied by the number of directors to be elected. For example, this year three Class III directors will be elected. If a shareholder has 100 shares of Common Stock, the shareholder is entitled to cast a total of 300 votes in the election of the Class III directors and may cast 300 votes for a single director nominee or distribute those votes among the Class III director nominees as the shareholder determines.

Table of Contents

Other Matters. Approval of the other matters submitted to shareholders for consideration and action at the Annual Meeting requires that the number of votes cast for the matter exceeds the number of votes cast against the matter. Abstentions and broker non-votes will be disregarded in determining whether a matter has been approved. In other words, abstentions and broker non-votes will be counted neither as votes for, nor as votes against, a matter.

Right to Attend Annual Meeting; Revocation of Proxy

Returning a proxy card now will not interfere with your right to attend the Annual Meeting or to vote your shares personally at the Annual Meeting, if you wish to do so. Shareholders who execute and return proxies may revoke them at any time before they are exercised by giving written notice to our Secretary at our address, by executing a subsequent proxy and delivering it to our Secretary, or by attending the Annual Meeting and voting in person.

Costs of Solicitation

We will bear the cost of solicitation of proxies, which we expect to be nominal and will include reimbursements for the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of our outstanding Common Stock. Proxies will be solicited by mail and may be solicited personally by directors, officers, or our employees, who will not receive any additional compensation for any such services.

Annual Report

The information included in this Proxy Statement should be reviewed in conjunction with the Consolidated Financial Statements, Notes to Consolidated Financial Statements, Reports of our Independent Registered Public Accounting Firm, and other information included in our 2006 Annual Report to Shareholders that was mailed on or about April 20, 2007, together with this Notice of Annual Meeting and Proxy Statement, to all shareholders of record as of the Record Date.

How to Read this Proxy Statement

This Proxy Statement contains the proposals to be considered by shareholders at the Annual Meeting, as well as important information concerning, among other things: our management and our Board of Directors; executive compensation; transactions between us and our officers, directors, and affiliates; the stock ownership of management and other large shareholders; the services provided to us by and fees of Deloitte & Touche LLP, our independent registered public accounting firm; and instructions for shareholders who want to make proposals at the 2008 Annual Meeting of Shareholders. *Each shareholder should read this information before completing and returning the enclosed proxy card.*

CORPORATE GOVERNANCE

Applicable Corporate Governance Requirements

Our Common Stock has been listed on the New York Stock Exchange (the "NYSE") since December 30, 2004, and therefore we are subject to the listing standards, including standards relating to corporate governance, embodied in applicable rules of the NYSE. Prior to listing on the NYSE, our Common Stock was listed on the Nasdaq National Market and we were subject to the listing standards, including standards related to corporate governance, embodied in applicable rules of the National Association of Securities Dealers, Inc.

Corporate Governance Guidelines

Our Board of Directors has adopted corporate governance guidelines to further its goal of providing effective governance of our business and affairs for the long-term benefit of our shareholders. A copy of the corporate governance guidelines is available free of charge on our corporate website at <http://www.knighttrans.com> and is available in print to any shareholder who requests it. The Nominating and Corporate Governance Committee is responsible for periodically reviewing the corporate governance guidelines and recommending changes as appropriate to ensure the effective functioning of our Board of Directors and high quality corporate governance.

Code of Ethics

The Board of Directors has adopted a Code of Ethical Conduct that applies to all of our directors, officers, and employees. In addition, we maintain a Policy Governing Responsibilities of Financial Managers and Senior Officers (the "Financial Responsibilities Policy") that applies to our senior executive officers (Executive Vice President or above), Chief Financial Officer, Chief Accounting Officer, Controller, and any other employees who are responsible for the management of our funds or for the operation and maintenance of our financial accounting and reporting system. The Code of Ethical Conduct and Financial Responsibilities Policy include provisions applicable to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, which constitute a "code of ethics" within the meaning of Item 406(b) of Regulation S-K. The Board of Directors and Its Committees

Board of Directors

Meetings of the Board of Directors. During the year ended December 31, 2006, our Board of Directors met on four regularly scheduled occasions and did not hold any special meetings. Each of the directors, other than Randy Knight, attended 75% or more of the meetings of the Board of Directors and the meetings held by all of the committees of the Board on which he or she served. We encourage our directors to attend our Annual Meetings of Shareholders. Eight of our then-current directors attended the 2006 Annual Meeting of Shareholders.

Table of Contents

Independent Directors. In accordance with NYSE Rule 303A.02(a), the Board of Directors affirmatively determines the independence of each director after reviewing the findings and recommendations of the Nominating and Corporate Governance Committee. Upon the recommendation of the Nominating and Corporate Governance Committee, the Board has determined that Donald A. Bliss, G.D. Madden, Michael Garnreiter, Mark Scudder, Kathryn L. Munro, and Richard J. Lehmann are independent (collectively, the "Independent Directors"). Except in their capacities as directors or as holders of an immaterial amount of securities of other entities, neither Mr. Bliss, Mr. Madden, Mr. Garnreiter, nor Ms. Munro either directly or in his or her capacity as a partner, shareholder, officer, or similar position of another organization, has or in the past three years had any business or financial relationship with us or any of our subsidiaries. Mr. Scudder is president of a law firm to which we paid approximately \$163,000 for legal services in 2006 and which currently provides legal services to us. Based upon information regarding the law firm's total revenues for each of the past three years supplied by Mr. Scudder, the Board of Directors has determined that the relationship between us and Mr. Scudder is not material. Mr. Lehmann is the founding principal of a bank to which we maintained at certain times during 2006 a \$5,000,000 deposit and of which Mr. Bliss and Mr. Randy Knight serve as directors. The Board of Directors, after considering (i) the bank's total deposit base, (ii) the substantial deposits we had at certain times during the year with other financial institutions, (iii) the fact that the bank matches or exceeds the return we receive from other depositories, and (iv) the nature of Messrs. Bliss' and Randy Knight's board service, determined that the relationship between us and Mr. Lehmann is not material. *See* "Certain Relationships and Related Transactions" for additional information concerning our financial relationships with Mr. Scudder. None of the Independent Directors or any of their immediate family members has or had any of the disqualifying relationships with us or our subsidiaries specified in NYSE Rule 303A.02(b).

Executive Sessions. In 2006, pursuant to NYSE Rule 303A.03, our Independent Directors held three meetings, referred to as "executive sessions," at which only the Independent Directors were present. The Chairman of the Nominating and Corporate Governance Committee acts as the presiding director for all executive sessions. Donald A. Bliss currently serves as the Chairman of the Nominating and Corporate Governance Committee and will continue in that capacity following the Annual Meeting. Our non-management directors, who are comprised of the Independent Directors and Randy Knight, met once in 2006. Our non-management directors and independent directors will each continue to hold at least one meeting annually at which only independent and non-management directors are present, respectively.

Communication with Directors. Our Board of Directors provides a process for shareholders to send written communications to the entire Board or individual directors. If you wish to send a communication to the entire Board of Directors, your communication should be addressed as follows: The Board of Directors, Knight Transportation, Inc., c/o Timothy M. Kohl - Secretary, 5601 West Buckeye Road, Phoenix, Arizona 85043. Written communications addressed in this manner will be copied and distributed to each director at or prior to the next Board meeting. If you wish to communicate with an individual director, your communication should be addressed as follows: Name - Director, Knight Transportation, Inc., c/o Timothy M. Kohl - Secretary, 5601 West Buckeye Road, Phoenix, Arizona 85043. Written communications received in this manner will not be opened, but rather delivered unopened to the director to whom they are addressed at or prior to the next Board meeting, following clearance through normal security procedures.

In addition, we provide a method for concerned parties to communicate directly with our non-management directors. Any person wishing to contact our non-management directors may contact such directors through our presiding non-management director, the Chairman of the Nominating and Corporate Governance Committee, whose contact information may be obtained by writing our Secretary, Timothy M. Kohl, at the address set forth above or by calling our Investor Relations Department at telephone number (602) 606-6414.

The Audit Committee

Purpose, Functions, Composition, and Meetings. The primary purpose of the Audit Committee is to assist the Board of Directors in its oversight of:

- the integrity of our financial statements;
- the qualifications, independence, and performance of our independent registered public accounting firm; and
- our compliance with legal and regulatory requirements related to financial reporting.

As more fully outlined in the Audit Committee's charter, the primary functions of the Audit Committee include:

- making determinations regarding the selection and retention of our independent registered public accounting firm and reviewing and pre-approving such firm's fees and the proposed scope of its services; and
- reviewing, and meeting with our management, internal auditors, and independent registered public accounting firm, as applicable, to discuss our financial statements and financial and related disclosures, accounting policies and principles, internal control systems, and financial reporting processes.

The Audit Committee currently is comprised of Donald A. Bliss, G.D. Madden, and Michael Garnreiter, with Mr. Garnreiter serving as the Chairman. Each member of the Audit Committee satisfies the independence and other audit committee membership criteria set forth in NYSE Rule 303A.07. Specifically, each member of the Audit Committee:

- is independent under NYSE Rule 303A.02;

- meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and
- is financially literate, as our Board of Directors has interpreted such qualification in its business judgment.

The Audit Committee met five times during 2006. Each member of the Audit Committee attended all of the Audit Committee meetings during 2006.

Audit Committee Financial Expert. The Board of Directors has determined that at least one "audit committee financial expert," as defined under Item 407(d)(5) of Regulation S-K, currently serves on the Audit Committee. The Board of Directors has identified Michael Garnreiter as an audit committee financial expert. Mr. Garnreiter is independent, as independence for audit committee members is defined under applicable NYSE rules.

Audit Committee Charter. Since 1994, the Audit Committee has operated pursuant to a written charter detailing its purpose, powers, and duties. In February 2007, the charter of the Audit Committee was amended and restated to comply with SEC Release Nos. 33-8732 and 34-54302. The amendment and restatement of the Audit Committee Charter was not material in nature. A copy of the Audit Committee's current charter is available free of charge on our website at <http://www.knighttrans.com> and is available in print to any shareholder who requests it.

Report of the Audit Committee. In performing its duties, the Audit Committee, as required by applicable rules and regulations promulgated by the SEC, issues a report recommending to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K, and relating to certain other matters, including the independence of our independent registered public accounting firm. The *Report of the Audit Committee* follows.

The Report of the Audit Committee shall not be deemed to be incorporated by reference into any filing made by us under the Securities Act of 1933 or the Exchange Act, notwithstanding any general statement contained in any such filings incorporating this Proxy Statement by reference, except to the extent we incorporate such report by specific reference.

The Company retains an independent registered public accounting firm that is responsible for conducting an independent audit of the Company's financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States), and issuing a report thereon.

In undertaking its responsibilities, the Audit Committee has discussed the Company's financial statements with management and the Company's independent registered public accounting firm and, in issuing this report, has relied upon the responses and information provided to the Audit Committee by management and the independent registered public accounting firm.

For the fiscal year ended December 31, 2006, the Audit Committee has reviewed and discussed the audited financial statements with management and Deloitte & Touche LLP, the Company's independent registered public accounting firm. Specifically, the Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU § 380, *Communication with Audit Committees or Others with Equivalent Authority and Responsibility* and Rule 2-07, *Communication With Audit Committees*, of Regulation S-X), which include, among other things:

- methods used to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the accounting firm's conclusions regarding the reasonableness of those estimates; and
- disagreements with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial

statements.

The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Statement No. 1 (*Independence Discussions with Audit Committees*) and discussed with the independent registered public accounting firm its independence.

Based on the foregoing reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the Securities and Exchange Commission.

The Nominating and Corporate Governance Committee

Purpose, Functions, Composition, and Meetings. In February 2003, the Board of Directors established a nominating committee to recommend to the Board potential candidates for election as directors. In November 2004, the nominating committee was reconstituted as the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently is comprised of Richard J. Lehmann, Kathryn L. Munro, and Donald A. Bliss, with Mr. Bliss serving as Chairman.

The purposes of the Nominating and Corporate Governance Committee are to assist the Board of Directors in improving our corporate governance, to train members of the Board, to improve the Board's governance functions, and to assist us in obtaining the highest quality independent directors. As more fully detailed in the Nominating and Governance Committee's charter, the primary functions of the committee include:

- evaluating the composition of the Board and selecting and recommending nominees for election or reelection to the Board or for appointment to fill Board vacancies;
- developing and implementing regular and emergency succession plans for our senior management positions; and
- reviewing and developing policies or making recommendations concerning other aspects of our corporate governance, such as the Board committee structure, our corporate governance guidelines, director training and evaluation programs, and potential conflicts of interest.

All current members of the Nominating and Corporate Governance Committee are independent, as independence for nominating committee members is defined under applicable NYSE rules. In 2006, the Nominating and Corporate Governance Committee held one meeting.

The Nominating and Corporate Governance Committee met in March 2007 and recommended that the Board of Directors nominate Kevin P. Knight, Randy Knight, and Michael Garnreiter, for election as Class III directors. All nominees are presently directors and have consented to stand for re-election. Mr. Randy Knight has been ill recently and the Board, at his request, has placed him on a medical leave of absence, not to exceed one year, until he has recovered. Mr. Randy Knight's medical condition has improved and it is anticipated that he will recover fully from his illness. The Nominating and Corporate Governance Committee recommended and the Board renominated Mr. Randy Knight to stand for election as a director due to the substantial contributions he has made to the Board and to our company over the years, his knowledge of the transportation industry, and the contributions the Committee and Board expect that he will make in the future.

Nominating and Corporate Governance Committee Charter. A written charter for the Nominating and Corporate Governance Committee was adopted in March 2005. A copy of the charter is available free of charge on our website at <http://www.knighttrans.com> and is available in print to any shareholder who requests it.

Process for Identifying and Evaluating Director Nominees. Director nominees are chosen by the entire Board of Directors, after considering the recommendations of the Nominating and Corporate Governance Committee. As a matter of course, the members of the Nominating and Corporate Governance Committee review the qualifications of various persons to determine whether they should be considered as candidates for membership on the Board of Directors. The Nominating and Corporate Governance Committee also accepts recommendations of director candidates from our other outside directors and our executive officers, advisors, and shareholders. We do not pay a fee

to any third party to identify or evaluate or assist in identifying or evaluating potential nominees.

The Nominating and Corporate Governance Committee will review all candidate recommendations, including those properly submitted by shareholders, in accordance with the mandate contained in its charter. This will include a review of the person's judgment, integrity, independence, management or business skills and experience (particularly with public companies and companies in our industry or other industries related to our business), prominence and reputation in their profession, knowledge of corporate governance issues and Board functions, commitment to attend and actively participate in meetings and related Board activities, other commitments and responsibilities, and such other factors as the Nominating and Corporate Governance Committee determines are appropriate in light of our needs and the needs of the Board. With regard to specific qualities and skills, the Nominating and Corporate Governance Committee believes it necessary that: (i) at least a majority of the members of the Board of Directors qualify as "independent" under NYSE Rule 303A.02; (ii) at least three members of the Board of Directors satisfy the audit committee membership criteria specified in NYSE Rule 303A.07; and (iii) at least one member of the Board of Directors eligible to serve on the Audit Committee has sufficient knowledge, experience, and training concerning accounting and financial matters so as to qualify as an "audit committee financial expert" within the meaning of Item 407(d)(5) of Regulation S-K.

Table of Contents

In addition to the qualifications and considerations described above, our corporate governance guidelines contain the following director eligibility criteria that impact the director nomination process:

- a mandatory retirement age of 82 for all directors, subject to waiver by a majority of the Board;
- director term limits of 20 years, following March 2, 2005, for all directors, subject to waiver by a majority of the Board;
- no director may serve on more than five public company boards of directors, including our Board; and
- our Chief Executive Officer may not serve on more than two other public company boards of directors in addition to our Board.

Consideration of Director Candidates Recommended by Shareholders. The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders, provided that the following procedural requirements are satisfied. Candidate recommendations should be mailed via certified mail, return receipt requested, and addressed to the Nominating and Corporate Governance Committee, Knight Transportation, Inc., c/o Timothy M. Kohl - Secretary, 5601 West Buckeye Road, Phoenix, Arizona 85043. In order to be considered, a shareholder recommendation must: (i) be received at least 120 days prior to the first anniversary of the date of the proxy statement for the prior year's Annual Meeting (by December 15, 2007 for director candidates to be considered for nomination for election at the 2008 Annual Meeting of Shareholders); (ii) contain sufficient background information, such as a resume and references, to enable the Committee to make a proper judgment regarding the qualifications of the proposed nominee; (iii) be accompanied by a signed consent of the proposed nominee to serve as a director if elected and a representation that such proposed nominee qualifies as "independent" under NYSE Rule 303A.02 or, if the proposed nominee does not qualify, a description of the reason(s) he or she is not "independent"; (iv) state the name and address of the person submitting the recommendation and the number of shares of our Common Stock owned of record or beneficially by such person; and (v) if submitted by a beneficial shareholder, be accompanied by evidence that the person making the recommendation beneficially owns shares of our Common Stock.

The Compensation Committee

Purpose, Functions, Composition, and Meetings. The purpose of the Compensation Committee is to review, analyze, recommend, and approve all aspects of executive compensation. As more fully outlined in the Compensation Committee's charter, the primary functions of the Compensation Committee include:

- reviewing and approving corporate goals and objectives relating to the compensation of the Chief Executive Officer, evaluating the Chief Executive Officer's performance in light of those objectives, and determining and approving the Chief Executive Officer's compensation based upon this evaluation;
- reviewing and making recommendations to the Board regarding the compensation of our other executive officers;
- reviewing and approving all forms of incentive compensation, including stock options and other stock-based awards to our executive officers; and
- administering our stock option plan as in effect from time-to-time.

Table of Contents

During 2006, the Compensation Committee was comprised of G.D. Madden, Richard J. Lehmann, and Kathryn L. Munro, with Ms. Munro serving as Chairperson. The Compensation Committee met three times in 2006. At those meetings, the Compensation Committee approved executive bonuses for fiscal year 2005, approved the compensation of, and option grants awarded to, our executive officers for fiscal year 2006, established performance targets for 2006, issued its *Report on Executive Compensation* for inclusion in the proxy statement relating to the 2006 Annual Meeting of Shareholders, and reviewed the compensation of our directors who are not 10% shareholders, officers, or employees of ours ("Outside Directors"). See "Executive Compensation - Compensation Discussion and Analysis" for a discussion of, including the Compensation Committee's role in implementing, our processes and procedures for setting executive compensation. See "Executive Compensation - Director Compensation" for a discussion of, including the Compensation Committee's role in implementing, our processes and procedures for setting director compensation.

Compensation Committee Charter. In February 2007, the charter of the Compensation Committee was amended and restated to comply with SEC Release Nos. 33-8732 and 34-54302. The amendment and restatement of the Compensation Committee Charter was not material in nature. A copy of the Compensation Committee's current charter is available free of charge on our website at <http://www.knighttrans.com> and is available in print to any shareholder who requests it.

Compensation Committee Interlocks and Insider Participation

None of the current members of the Compensation Committee have been, or are, an officer or employee of our company. During 2006, none of our executive officers served as a member of the board of directors or compensation committee (or other committee performing equivalent functions) of any entity that had one or more executive officers serving as a member of our Board of Directors. See "Certain Relationships and Related Transactions" for a description of certain transactions between us and our other directors, executive officers, or their affiliates, and "Executive Compensation - Director Compensation" for a description of compensation of the members of the Compensation Committee.

Compensation Committee Report

Report of the Compensation Committee. In performing its duties, the Compensation Committee, as required by applicable rules and regulations promulgated by the SEC, issues a report recommending to the Board of Directors that our Compensation Discussion and Analysis be included in this Proxy Statement and our Annual Report on Form 10-K. The *Report of the Compensation Committee* follows.

Director Evaluation Program. The Nominating and Corporate Governance Committee is responsible for developing and implementing a director evaluation program to measure the individual and collective performance of directors and the fulfillment of their responsibilities to our shareholders, including an assessment of the Board's compliance with applicable corporate governance requirements and identification of areas in which the Board might improve its performance. The Nominating and Corporate Governance Committee also is responsible for developing and recommending to the Board of Directors for approval an annual self-evaluation process for the Board designed to assure that directors contribute to our corporate governance and to our performance.

Director Orientation and Training. The Nominating and Corporate Governance Committee is responsible for developing and implementing an orientation program for new directors. Under this program, we provide new, non-management directors a variety of materials to assist them in familiarizing themselves with our business, management structure, and operations and key legal, financial, risk management, and operational issues, as well as the policies, procedures, and responsibilities of the Board and its committees. New, non-management directors also meet with members of our senior management and other non-management directors as part of their orientation. We periodically provide materials to directors on various subjects to assist them in understanding our business and operations and in effectively discharging their duties.

Authority to Engage Advisors. Each of the Audit Committee, the Nominating and Corporate Governance Committee, and the Compensation Committee is conferred by its charter with explicit authority to engage its own independent advisors.

Management Succession Planning. The Board of Directors has adopted a management succession plan that identifies emergency and potential long-term successors to our Chief Executive Officer, President, Chief Financial Officer, and certain other key members of senior management. The Nominating and Corporate Governance Committee, following consultation with our Chief Executive Officer, is responsible for making an annual report to the Board of Directors with regard to management succession planning. After reviewing this report and consulting with the members of the Nominating and Corporate Governance Committee and the Chief Executive Officer, the Board of Directors makes any changes or updates to the management succession plan that it determines are appropriate.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview and Philosophy of Compensation

The Compensation Committee has the responsibility to review, recommend, and approve all executive officer compensation arrangements. The Compensation Committee has the specific responsibility to (i) review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer, (ii) evaluate the performance of our CEO in light of those goals and objectives, and (iii) determine and approve the compensation level of our CEO based upon that evaluation. The Compensation Committee also has the responsibility to annually review the compensation of our other executive officers and to determine whether such compensation is reasonable under existing facts and circumstances. In making such determinations, the Compensation Committee seeks to ensure that the compensation of our executive officers aligns the executives' interests with the interests of our shareholders. The Compensation Committee must also review and approve all forms of incentive compensation, including stock option grants, stock grants, and other forms of incentive compensation granted to our executive officers. The Compensation Committee takes into account the recommendations of our CEO in reviewing and approving the overall compensation of the other executive officers.

We believe that the quality, skills, and dedication of our executive officers are critical factors affecting our long-term value and success. Thus, one of our primary executive compensation goals is to attract, motivate, and retain qualified executive officers. We seek to accomplish this goal by rewarding past performance, incentivizing future performance, and aligning our executive officers' long-term interests with those of our shareholders. Our compensation program is specifically designed to reward our executive officers for individual performance, years of experience, contributions to our financial success, and creation of shareholder value. Our compensation philosophy is to provide overall compensation levels that (i) attract and retain talented executives and motivate those executives to achieve superior results, (ii) align executives' interests with our corporate strategies, our business objectives, and the long-term interests of our shareholders, and (iii) enhance executives' incentives to increase our stock price and maximize shareholder value. In addition we strive to ensure that our compensation, particularly salary compensation, is consistent with our constant focus on controlling costs. Our primary strategy for building senior management depth has been to develop personnel from within our company to ensure that our executive team as a whole remains dedicated to our customs, practices, and culture, recognizing, however, that we may gain talent and new perspectives from external sources. Accordingly, in many instances we build our compensation elements around long-term retention and development together with annual rewards based on specific focus areas.

Elements of Compensation

Our compensation program for senior executive officers generally consists of the following five elements:

- base salary;
- performance-based annual cash bonus determined primarily by reference to objective financial and operating criteria;
- long-term equity incentives in the form of stock options and other stock-based awards or grants;

- specified perquisites; and
- employee benefits that are generally available to all of our employees.

The Compensation Committee has the responsibility to make and approve changes in the total compensation of our executive officers, including the mix of compensation elements. In making decisions regarding an executive's total compensation, the Compensation Committee considers whether the total compensation is (i) fair and reasonable to us, (ii) internally appropriate based upon our culture and the compensation of our other employees, and (iii) within a reasonable range of the compensation afforded by other opportunities. The Compensation Committee also bases its decisions regarding compensation upon its assessment of the executive's leadership, individual performance, years of experience, skill set, level of commitment and responsibility required in the position, contributions to our financial success, the creation of shareholder value, and current and past compensation. In determining the mix of compensation elements, the Compensation Committee considers the effect of each element in relation to total compensation. Consistent with our culture of cost control and industry-leading performance, the Compensation Committee historically has attempted to keep base salaries relatively low and weight overall compensation toward incentive cash and equity-based compensation. The Compensation Committee specifically considers whether each particular element provides an appropriate incentive and reward for performance that sustains and enhances long-term shareholder value. The Compensation Committee also considers the tax consequences associated with each element of compensation, including whether the deductibility of compensation is expected to be limited under Section 162(m) of the Internal Revenue Code. In determining whether to increase or decrease an element of compensation, we rely upon the Compensation Committee's judgment concerning the contributions of each executive and, with respect to executives other than the CEO, we consider the recommendations of the CEO. We generally do not rely on rigid formulas (other than performance measures under our annual cash bonus program) or short-term changes in business performance when setting compensation.

Table of Contents

The following is a discussion of each element of our compensation program, including (i) why we choose to pay each element, (ii) how we determine the specific amount to pay for each element, and (iii) how each element, and our decisions regarding each element, fit into our overall compensation objectives and affect decisions regarding other elements. We also discuss the specific decisions we made with respect to the compensation of our Chief Executive Officer, Chief Financial Officer, and our three other most highly compensated executive officers for the fiscal year ended December 31, 2006 (collectively, the "Named Executive Officers"). We made all such decisions in the context of us generating higher year-over-year operating income for the 48th consecutive quarter, improving our net margin for the sixth consecutive year, successfully closing the acquisition of Roads West, opening seven new service centers, and being named to *ForbesMagazine's* list of the "200 Best Small Companies in America" for the twelfth consecutive year.

Base Salary

We pay base salaries at levels that reward executive officers for ongoing performance and that enable us to attract and retain highly qualified executives, but not at a level that allows them to achieve the overall compensation they desire. Base pay is a critical element of our compensation program because it provides our executive officers with stability. Such stability allows our executives to focus their attention and efforts on creating shareholder value and on our other business objectives. In determining base salaries, we consider an executive's qualifications and experience, including, but not limited to, the executive's industry knowledge and the quality and effectiveness of the executive's leadership, scope of responsibilities, past performance, and future potential of providing value to our shareholders. Although we do not believe it is appropriate to establish compensation levels based solely on benchmarking because of geographic and incentive compensation differences, we consider base salaries of executives having similar qualifications and holding comparable positions in companies similarly situated to ours. We set our base salaries at a level that allows us to pay a portion of an executive officer's total compensation in the form of perquisites, cash bonuses, and long-term incentives. We believe that such a mix of compensation helps us incentivize our executives to maximize shareholder value. We consider adjustments to base salaries annually to reflect the foregoing factors but do not apply a specific weighting to such factors.

Base Salary of Our Chief Executive Officer. In July 2005, a specially constituted Compensation Committee of our Board of Directors, composed exclusively of outside directors, engaged Frederic W. Cook & Co., Inc., an independent compensation consultant, to assist the Compensation Committee in establishing a compensation package for Kevin P. Knight, our Chairman of the Board and CEO. The Compensation Committee reviewed the independent compensation consultant's recommendations and set Mr. Knight's base salary at \$540,000 for 2005. In May 2006, after reviewing our financial performance for the fiscal year ended December 31, 2005, and considering our compensation philosophy and the guidelines described above, the Compensation Committee approved a \$50,000 increase to Mr. Knight's base salary.

Base Salary of Our Other Named Executive Officers. In May 2006, after reviewing our financial performance for the fiscal year ended December 31, 2005, and considering our compensation philosophy and the guidelines described above, the Compensation Committee approved the following annual base salary increases for our Named Executive Officers, other than our CEO: (i) a \$32,500 increase for David A. Jackson in continued recognition of his development and increased level of responsibilities as our Chief Financial Officer, with the relatively large percentage increase being justified by a very low starting point and the need to bring his salary more in line with the position of Chief Financial Officer; (ii) a \$40,000 increase for Timothy M. Kohl in continued recognition of his promotion to the position of President and his development and increased responsibilities attendant to such position; (iii) a \$10,000 increase for Keith T. Knight in recognition of his promotion to our Chief Operating Officer and the increased responsibilities attendant to such position, and (iv) a \$10,000 increase for Casey Comen in continued recognition of his increased responsibilities as our Vice President of Sales.

The following table reflects the adjustments we made from 2005 to 2006 to the base salaries of our Named Executive Officers:

Performance-Based Annual Cash Bonuses

On December 21, 2005, our shareholders approved and ratified our 2005 Executive Cash Bonus Plan ("Cash Bonus Plan"). We use our Cash Bonus Plan to provide annual incentives to executive officers in a manner designed to (i) link increases in compensation to increases in our income in order to reinforce cost controls, (ii) reinforce our performance goals, and (iii) link a significant portion of our executives' compensation to the achievement of such goals. We also use the Cash Bonus Plan to preserve for our benefit a federal tax deduction for payments of incentive compensation to our executive officers. Cash bonuses are designed to reward executive officers for their contributions to our financial and operating performance and are based primarily upon our financial results and certain operating statistics that the Compensation Committee identifies each year as being important to our success.

Under the Cash Bonus Plan, the Compensation Committee is required to set, for each executive officer, one or more objective performance targets. The annual cash bonus amount awarded to each executive officer is dependent upon the executive reaching or exceeding such performance targets. Performance targets may be based on the attainment of specified levels of one or any variation or combination of the factors listed in the Cash Bonus Plan. Corporate performance targets are typically established on a combined basis of sales and earnings growth targets. Additionally, individual performance targets may be based on the successful implementation of corporate policies, negotiation of significant corporate transactions, development of long-term business goals or strategic plans, or the exercise of specific areas of managerial responsibility. Each performance target may be expressed on an absolute and/or relative basis with respect to one or more peer group companies or indices and may include comparisons with our past performance. The Compensation Committee also reserves the right to award cash bonuses for achievements outside the objective performance targets, but such awards may not exceed one-third of the maximum amount achievable under the objective targets, except in extraordinary circumstances. The Compensation Committee sets the specific performance targets for each executive officer after (i) engaging in active dialog with our CEO concerning our strategic objectives and performance, and (ii) reviewing the appropriateness of the financial measures used in the Cash Bonus Plan. Performance targets must be established for each executive officer prior to the 90th day of each fiscal year.

Concurrently with establishing the performance targets, the Compensation Committee must also establish a maximum cash bonus award opportunity for each executive officer. An executive's maximum cash bonus award opportunity may not exceed the plan maximum of \$2 million annually (however, the maximum award approved for any executive has never exceeded \$354,000). In determining an executive officer's maximum cash bonus opportunity, the Compensation Committee considers (i) the value that achieving specific performance targets will add to our shareholders, (ii) the degree of difficulty in achieving specific performance targets, and (iii) each of the other elements comprising the executive's total compensation. When calculating the cash bonus earned by an executive officer, the Compensation Committee may, in its sole discretion, eliminate or reduce the size of a bonus if it deems such action is appropriate but

may not increase a bonus above the executive's maximum cash bonus opportunity. Further, the Compensation Committee is required to certify, prior to payment, that the executive officer achieved the respective performance targets underlying the cash bonus.

Performance-Based Annual Cash Bonuses Paid to Our Named Executive Officers. For 2006, the Compensation Committee approved maximum performance-based cash bonus opportunities under which (i) Kevin P. Knight was eligible to receive a cash bonus of up to 60% of his base salary; (ii) Timothy M. Kohl was eligible to receive a cash bonus of up to 40% of his base salary; and (iii) each of David A. Jackson, Casey Comen, and Keith T. Knight were eligible to receive a cash bonus of up to 30% of their respective base salaries. The percentage of salary assigned to each executive officer was based on the Compensation Committee's evaluation of the magnitude of each executive officer's ability to impact corporate performance based on the executive's responsibilities at the time. These percentages may change from time to time as responsibilities of the executive officers change and as specific goals evolve.

Table of Contents

For 2006, the Compensation Committee established performance targets for our Named Executive Officers based on specific sales and earnings growth targets, the successful expansion of new service centers, cash collection benchmarks, and other personal goals relevant to each officer's position and scope of responsibility. In addition to setting these specific performance targets, the Compensation Committee determined that, in all cases, earnings per diluted share ("EPS") growth of 20.0% or more would substitute for non-achievement of all other performance targets. The Compensation Committee believed that the performance targets, specifically the growth in EPS, represented aggressive, yet achievable goals for the executives to earn 100% of the maximum cash bonus award.

For 2006, we achieved EPS growth of 20.6%. Thus, the Compensation Committee did not compare our financial performance and the performance of each Named Executive Officer against the performance targets described above. Instead, the Compensation Committee substituted the achievement of EPS growth of 20.6% for the performance targets and awarded each Named Executive Officer the maximum cash bonus award. For 2006, our Named Executive Officers received cash bonuses in the following amounts:

Named Executive Officer and Principal Position	2006 Performance - Based Bonus (\$)
Kevin P. Knight, Chairman and CEO	354,000
David A. Jackson, Chief Financial Officer	39,750
Timothy M. Kohl, President	132,000
Keith T. Knight, Chief Operating Officer	97,500
Casey Comen, Vice President of Sales	78,000

In determining EPS growth from 2005 to 2006, the Compensation Committee, pursuant to its authority granted under the Cash Bonus Plan, excluded the net after tax impact of our adoption of Statement of Financial Accounting Standards No. 123, which requires us to expense non-cash stock-based compensation. The Compensation Committee believed such an adjustment was fair and reasonable because the Committee did not consider the effect of SFAS 123R when setting the performance targets for 2006 and the base year (2005) did not include the effect of SFAS 123R.

Long-Term Incentives

On December 21, 2005, our shareholders approved and ratified our Amended and Restated 2003 Stock Option Plan ("Stock Option Plan"). Our Stock Option Plan is a broad-based equity compensation plan that we use to attract, motivate, and retain qualified executive officers by providing them with long-term incentives. We also use the Stock Option Plan to align our executives' and shareholders' long-term interests by creating a strong and direct link between executive pay and shareholder return.

The Stock Option Plan allows the Compensation Committee to link compensation to performance over a period of time by granting awards that have multiple-year vesting schedules. Awards with multiple-year vesting schedules, such as stock options, provide balance to the other elements of our compensation program that otherwise link compensation to annual performance. Awards with multiple-year vesting schedules create incentive for executive officers to increase shareholder value over an extended period of time because the value received from such awards is based on the growth of the stock price above the grant price. Such awards also incentivize executives to remain with us over an extended period of time. Thus, we believe our Stock Option Plan is an effective way of aligning the interests of our executive officers with those of our shareholders.

Under the Stock Option Plan, the Compensation Committee may grant stock options or award restricted stock as forms of executive officer compensation. To date, the Compensation Committee has only awarded stock options under

the Stock Option Plan because the Committee believes that stock options have historically been an effective means of incentivizing executive officers to work toward, and rewarding them for, increasing shareholder value. The Compensation Committee recognizes a broad trend toward some level of restricted stock grants and may, in its discretion, award restricted stock in the future.

Table of Contents

The Compensation Committee considers several factors when determining the number of options to award to our executive officers. In August 2005, the Compensation Committee approved a policy that any annual stock option granted to our CEO would fall within a range of 150% to 250% of the next highest annual stock option award made to our executive officers, excluding our Chairman and CEO. Thus, the Compensation Committee must consider this policy when determining the number of options to award to both our CEO and our other executive officers. In addition to the foregoing, when determining the number of options to grant other executive officers, the Compensation Committee considers (i) the recommendations of our CEO; (ii) the value of the option in relation to other elements of total compensation; (iii) the number of options currently held by the executive; (iv) the number of options granted to the executive in prior years; and (v) the executive's position, scope of responsibility, ability to affect our profits, ability to create shareholder value, and historic and recent performance.

Long Term Incentives Awarded to Our Named Executive Officers. On May 24, 2006, after considering each of the factors described above, the Compensation Committee granted each of our Named Executive Officers an option to purchase shares of our Common Stock, with an exercise price equal to the fair market value of the underlying Common Stock on the date of the grant, in the following amounts:

Named Executive Officer and Principal Position	Options Granted (#)
Kevin P. Knight, Chairman and CEO	75,000
David A. Jackson, Chief Financial Officer	15,000
Timothy M. Kohl, President	30,000
Keith T. Knight, Chief Operating Officer	30,000
Casey Comen, Vice President of Sales	10,000

In February 2007, the Compensation Committee approved a policy whereby the primary grant of options or restricted stock to our Named Executive Officers may only be made once per year and then only on the date of the Annual Meeting of Shareholders, unless an executive officer or director is newly hired or retained. In the case of a newly hired or retained executive officer or director, the Compensation Committee may grant options or restricted stock grants on the 25th day (or if the 25th day is not a business day, on the next business day) of the second calendar month after the close of each calendar quarter. Prior to the approval of the Compensation Committee's new policy, grants had historically been made once per year contemporaneously with or following annual salary determinations. Options granted under our Stock Option Plan (i) have a grant date that is established when the Compensation Committee approves the grant and all key terms have been determined, (ii) have an exercise price equal to the fair market value of the underlying Common Stock on the date of the grant, (iii) are subject to a vesting schedule, (iv) are exercisable for a maximum term of 10 years, and (v) once made, may not be repriced.

Other Compensation

We provide our Named Executive Officers with certain other benefits that we believe are reasonable, competitive, and consistent with our overall executive compensation program. We believe that these benefits generally allow our executives to work more efficiently. The costs of these benefits generally constitute only a small percentage of each executive's total compensation with the exception being the air travel allowance for our CEO. In setting the amount of these benefits, the Compensation Committee considers (i) each executive's position and scope of responsibilities, and (ii) all other elements comprising the executive's compensation. We provided the following additional benefits to our Named Executive Officers during 2006: (i) a vehicle allowance, (ii) an air travel allowance (for only our CEO), and (iii) payment of life insurance premiums (for only Timothy M. Kohl). We report these costs as personal benefits for the Named Executive Officers in the "All Other Compensation" column in the Summary Compensation Table below.

Employee Benefits

Our Named Executive Officers are eligible to participate in all of our employee benefit plans, such as our 401(k) Plan and medical, dental, and group life insurance plans, in each case on the same basis as our other employees.

Employee Benefits Paid to Our Named Executive Officers. In 2006, in addition to providing medical, dental, and group life insurance to our Named Executive Officers, we also contributed \$850, which represents our maximum matching discretionary contribution per participant, to the 401(k) Plan of each Named Executive Officer.

Employment Agreements

We currently do not have any employment contracts, severance agreements, or change-of-control agreements with any of our Named Executive Officers.

(1) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2006 fiscal year for the fair value of stock options granted to each Named Executive Officer, in 2006 as well as prior fiscal years, in accordance with SFAS 123R. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. For additional information on the valuation assumptions with respect to the 2006 grants, refer to note 8 of our financial statements as provided in the Form 10-K for the year-ended December 31, 2006, as filed with the SEC. The following table describes each component of the "All Other Compensation" column in the Summary Compensation Table.

(1) This column represents the total amount of other benefits provided to the Named Executive Officer, if the aggregate of such benefits were equal to or exceeded \$10,000. For Mr. Comen, this amount includes compensation for a car allowance. For Kevin Knight, \$178,846 of this amount represents an air travel allowance and the remainder represents a cash vehicle allowance. Each year we pay a specified amount for the business-related air travel of Mr. Knight, in his role as our Chief Executive Officer. Mr. Knight uses the allowance for all of his business-related air travel, whether commercial or charter. With over 30 locations across the United States and numerous acquisitions, investor, supplier, industry, and other destinations, Mr. Knight is required to travel by air frequently to carry out his responsibilities. Some of this travel may involve a personal component. Rather than attempt to differentiate the personal and business travel we pay our CEO an allowance and he pays for all air travel expenses without reimbursement from us. We do not pay for the personal air travel of any of our executive officers, including our Named Executive Officers.

(2) We pay certain life insurance premiums on behalf of our President, Mr. Kohl. The premiums we pay are for (i) a \$500,000 policy on which Mr. Kohl has designated a party related to him as the sole primary beneficiary and (ii) a \$1,000,000 policy on which we are a 50% primary beneficiary and Mr. Kohl has designated a party related to him as the other 50% primary beneficiary. The Compensation Committee considers payment of these premiums to Mr. Kohl when setting the level of the other elements of Mr. Kohl's compensation.

(1) This column represents the potential value of the payout for each Named Executive Officer based upon the attainment of specified performance targets that were established by the Compensation Committee on February 8, 2006 and as discussed in more detail in the Compensation Discussion and Analysis. The potential payouts are performance-driven and therefore completely at risk. As reflected in the Summary Compensation Table, each Named Executive Officer was awarded his respective target amount.

(2) This represents the number of stock options granted in 2006 to the Named Executive Officer. On December 31, 2006, 20% of these options vested with the remaining options vesting 5% per calendar quarter thereafter and becoming fully vested on December 31, 2010.

(3) This represents the number of stock options granted in 2006 to Mr. Comen. This option will vest as follows: 3,333 shares on March 1, 2007, 3,333 shares on March 1, 2008, and 3,334 shares on March 1, 2009.

(4) This column represents the exercise price for the stock options granted, which was the closing price of our stock on May 24, 2006, the grant date.

(5) This column represents the grant date fair value of the stock options under SFAS 123R granted to the Named Executive Officers in 2006. The fair value was calculated using

the Black Scholes value on the grant date of approximately \$8.54. The fair value of the option awards are accounted for in accordance with SFAS 123R. For additional information on the valuation assumptions, refer to note 8 of our financial statements in the Form 10-K for the year-ended December 31, 2006, as filed with the SEC. Narrative to Director Compensation

The Board of Directors, upon the recommendation of our Compensation Committee, establishes the form and amount of compensation paid to our Outside Directors. In 2006, our Outside Directors received annual compensation of \$9,000, plus a fee of \$750 for attending each meeting of the Board of Directors, a fee of \$500 for attending Audit Committee meetings, a fee of \$500 for attending Nominating and Corporate Governance Committee meetings, a fee of \$750 for attending Compensation Committee meetings, and a fee of \$450 for all other Board committee meetings. In addition, each of the Chairpersons of the Audit Committee, the Nominating and Corporate Governance Committee, and the Compensation Committee received an annual fee of \$2,500, in addition to other director fees. During 2006, we also reimbursed directors for travel and other related expenses incurred in attending Board or committee meetings.

During 2006, Outside Directors had the option to accept shares of our Common Stock in lieu of cash compensation and fees for their service on the Board and its committees. If this option was elected, we issued Common Stock on February 15 and August 15, 2006 in payment of accrued compensation and fees for the preceding six month period ending December 31 and June 30, respectively. The number of shares issued was determined by dividing the amount of the accrued compensation and fees by the closing market price of our Common Stock as of the trading day prior to issuance.

Prior to February 2007, upon their election or appointment to the Board, Outside Directors received an automatic non-qualified stock option grant covering 2,500 shares of Common Stock equal to the fair market value on the date of grant. In addition to the initial stock option grant, in 2003 we adopted an annual stock option grant program for Outside Directors. Under this program, Outside Directors received a non-qualified stock option grant covering 1,000 shares of Common Stock on June 1 of each calendar year. The exercise price of these options is the fair market value on the date of grant. In connection with this program, Outside Directors who had served on the Board for at least three years as of December 31, 2002, were granted a catch-up, non-qualified stock option for 1,000 shares of Common Stock at an exercise price equal to the fair market value on June 2, 2003, the date of grant. Except for the 1,000 share catch-up option described in the preceding sentence, all non-qualified stock options granted to an Outside Director, including the initial grant, are forfeitable if the Outside Director resigns within one year of the date of grant. In February 2007, in light of the new compensation structure for Outside Directors, the Board of Directors elected to discontinue the practice of making these automatic grants. Stock issued under the new program will be issued as stock grants under the Independent Director provision of our Amended and Restated 2003 Stock Option Plan, which reserved 100,000 shares of our Common Stock for compensatory stock grants to Outside Directors, subject to certain adjustments.

In February 2007, the Board of Directors, at the recommendation of our Compensation Committee, adopted a new compensation structure for our Outside Directors. Under the new structure, our Outside Directors will receive annual compensation of \$45,000 payable 50% in cash and 50% in Common Stock. Under the new independent director compensation program, no fees will be paid for attendance at meetings. The Chair of the Audit Committee will receive an annual fee of \$5,000; the Chair of the Compensation Committee will receive an annual fee of \$3,000; and the Chair of the Nominating and Corporate Governance Committee will receive an annual fee of \$2,500.

The cash compensation will be paid on a quarterly basis beginning in 2007. The first grant of Common Stock, and each grant thereafter, will be made on the date of the Annual Meeting. The number of shares issued will be determined by dividing the amount of the accrued compensation by the closing market price of our Common Stock on the date of the grant. The Common Stock will vest over a three year period and will vest automatically upon death or resignation or retirement from the Board with the consent of the Nominating and Corporate Governance Committee. Each Outside Director must hold all Common Stock granted as compensation until such director holds a minimum of \$100,000 in Common Stock.

Directors who are our employees or 10% shareholders do not receive compensation for Board or committee service. We do, however, reimburse them for travel and other related expenses.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Audit Committee has established procedures relating to the review, approval, or ratification of any transaction, or any proposed transaction, in which we were or are to be a participant and the amount involved exceeds \$120,000, and in which any "related person" (as that term is defined in Instruction 1 to Item 402(a) of Regulation S-K) had or will have a direct or indirect material interest, referred to as an "interested transaction." Under the policies and procedures, our Audit Committee is to review the material facts of all interested transactions that require the committee's approval and either approve or disapprove of the entry into the interested transactions, subject to certain exceptions, by taking into account, among other factors it deems appropriate, whether the interested transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. No director may participate in any discussion or approval of an interested transaction for which he or she is a related party. If an interested transaction will be ongoing, the Audit Committee may establish guidelines for our management to follow in its ongoing dealings with the related party and then at least annually must review and assess ongoing relationships with the related party. During 2006, the following interested transactions were subject to such review, approval, or ratification:

Mark Scudder, one of our directors, is president of a law firm to which we paid approximately \$163,000 for legal services in 2006 and which currently provides legal services to us. During 2006, Mr. Scudder received salary and bonuses from the firm, none of which is directly related to services provided to us. Based upon information regarding the law firm's total revenues for each of the past three years supplied by Mr. Scudder, the Audit Committee determined that this relationship is not material and ratified the transaction.

The Knight family has been involved in the transportation business for a number of years, and family members of Kevin Knight, Gary Knight, Keith Knight, and Randy Knight have been employed by us since our inception. The Knight family members are employed on the same terms and conditions as non-related employees. During 2006, we employed and compensated in excess of \$120,000 in total compensation two individuals who are considered related persons under Item 404(a) of Regulation S-K. The aggregate total compensation paid to these two individuals in 2006 was \$335,065. We also employed ten other related persons during 2006, none of whom received compensation in excess of \$120,000.

See "Corporate Governance - The Board of Directors and Its Committees - Committees of the Board of Directors - The Compensation Committee - Compensation Committee Interlocks and Insider Participation" for a description of transactions between us and members of our Compensation Committee or their affiliates.

**PROPOSAL NO. 2. - APPROVAL OF KNIGHT TRANSPORTATION, INC.
SECOND AMENDED AND RESTATED ARTICLES OF INCORPORATION**

We seek shareholder approval to amend and restate our Amended and Restated Articles of Incorporation to increase the aggregate number of shares of our common stock that we have the authority to issue from 100,000,000 shares of common stock to 300,000,000 shares of our common stock, par value \$0.01 per share, to facilitate our operations in the future and to make certain other ministerial changes in our Amended and Restated Articles of Incorporation. We have determined that it is in our best interest to receive authorization to issue additional shares of common stock in light of the fact that we have used nearly 73 million shares for five stock splits since our inception, and Board priorities may justify the issuance of additional shares in the future. Any newly authorized shares of our common stock will have voting and other rights identical to those of the currently authorized shares of common stock.

We are seeking shareholder approval to amend and restate our Amended and Restated Articles of Incorporation to increase our authorized common stock for several reasons. Our Board of Directors believes it is necessary to increase the number of shares of our authorized capital stock in order to provide us with the flexibility to issue common stock for a variety of business purposes that may arise and our Board deems advisable, without further action by our shareholders, unless required by law, regulation, or NYSE rules. These purposes could include, among other things, (i) to declare future stock dividends or stock splits, which may increase the liquidity of our shares; (ii) the sale of stock to obtain additional capital or to acquire other companies, businesses, or assets, which could enhance our growth strategy; (iii) for use in additional stock incentive programs; and (iv) for other bona fide purposes. We currently have no plans, arrangements, or understandings with respect to a possible offering or acquisition.

It is not possible to state the effects of the amendment upon the rights of the holders of common stock until the Board determines the purpose for the actual issuance of common stock. However, additional shares of common stock might be issued at times and under circumstances as to have a dilutive effect on earnings per share and on the equity ownership of the present holders of our common stock.

While the issuance of additional shares of our common stock may have the effect of impeding an unsolicited attempt by a person or entity to acquire control of us, our Board of Directors does not intend or view the increase in authorized common stock as an anti-takeover measure nor are we aware of any proposed or contemplated transaction of this type. Our issuance of additional shares of common stock may, depending upon the circumstances under which the shares are issued, reduce shareholders' equity per share, or reduce the percentage of ownership of our common stock of existing shareholders.

The authorization to issue these additional shares requires an amendment of our Restated Articles of Incorporation and we have chosen to restate the Restated Articles of Incorporation for administrative purposes. Under Arizona law, such an amendment requires the affirmative vote of a majority of the votes cast by shareholders entitled to vote and represented in person or by proxy at the annual meeting. In the absence of contrary instructions, each proxy will be voted for the approval of the amendment and restatement of our Amended and Restated Articles of Incorporation. A copy of the proposed amendment and restatement of our Amended and Restated Articles of Incorporation is attached as Appendix A to this proxy statement.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL OF THE AMENDMENT AND RESTATEMENT OF OUR AMENDED AND RESTATED ARTICLES OF INCORPORATION.

PROPOSAL NO. 3. - RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed Deloitte & Touche LLP to serve as our principal independent registered public accounting firm for fiscal 2007. Deloitte & Touche also served as our principal independent registered public accounting firm in fiscal 2006. At the Annual Meeting, our shareholders are being asked to ratify the appointment of Deloitte & Touche as our independent registered public accounting firm for fiscal 2007. A representative of Deloitte & Touche is expected to be present at the Annual Meeting and to be available to respond to appropriate questions, and such representative will have an opportunity to make a statement at the Annual Meeting if he or she desires to do so.

Approval by our shareholders of the appointment of our independent registered public accounting firm is not required by law, any applicable NYSE rule, or by our organizational documents, but the Board of Directors is submitting this matter to our shareholders for ratification as a corporate governance practice. Ultimately, the Audit Committee retains full discretion and will make all determinations with respect to the appointment and retention of the independent registered public accounting firm.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Audit-Related Fees ⁽³⁾	-	-	-	-
Tax Fees ⁽⁴⁾	-	-	-	-

(2) Audit Fees represent fees billed for professional services rendered by the principal independent registered public accounting firm for the audit of our annual financial statements and the review of financial statements included in our quarterly reports on Form 10-Q, or services that are normally provided by such accounting firm in connection with statutory or regulatory filings or engagements for those fiscal years.

(3) Audit-Related Fees represent fees billed, other than Audit Fees, for assurance and related services by the principal independent registered public accounting firm that are reasonably related to the performance of the audit or review of our financial statements and internal control over financial reporting. We were not billed for any Audit-Related Fees in 2006 or 2005.

(4) Tax Fees represent fees billed for professional services rendered by the principal independent registered public accounting firm for tax compliance, tax advice, and tax planning. We were not billed for any Tax Fees in 2006 or 2005.

(5) All Other Fees represent fees billed for products and services provided by the principal independent registered public accounting firm, other than Audit Fees, Audit-Related Fees, and Tax Fees. We were not billed for any Other Fees in fiscal 2006 or 2005.

Since July 30, 2002, our Audit Committee has maintained a policy pursuant to which it pre-approves all audit, audit-related, tax, and other permissible non-audit services provided by our principal independent registered public accounting firm in order to assure that the provision of such services is compatible with maintaining the accounting firm's independence. Under this policy, the Audit Committee pre-approves, on an annual basis, specific types or categories of engagements constituting audit, audit-related, tax, or other permissible non-audit services to be provided by the principal independent registered public accounting firm. Pre-approval of an engagement for a specific type or category of services generally is provided for up to one year and typically is subject to a budget comprised of a range of anticipated fee amounts for the engagement. Management and the independent registered public accounting firm are required to periodically report to the Audit Committee regarding the extent of services provided by the accounting firm in accordance with the annual pre-approval and the fees for the services performed to date. If management believes that a new service, or the expansion of a current service, provided by the principal independent registered

public accounting firm is necessary or desirable then such new or expanded services are presented to the Audit Committee for its review and approval prior to the engagement of the accounting firm to render such services. No audit-related, tax, or other non-audit services were approved by the Audit Committee pursuant to the *de minimus* exception to the pre-approval requirement under Rule 2-01, paragraph (c)(7)(i)(C), of Regulation S-X during the fiscal year ended December 31, 2006.
