**PROXY STATEMENT FOR**  
**ANNUAL MEETING OF SHAREHOLDERS**  
**TO BE HELD ON MAY 22, 2007**

This proxy statement and the accompanying form of proxy are being furnished to shareholders in connection with the solicitation of proxies on behalf of the Board of Directors (the "Board") of Mexican Restaurants, Inc., a Texas corporation (the "Company"), for use at the Company's 2007 Annual Meeting of Shareholders, to be held on Tuesday, May 22, 2007 at 9:30 a.m., Houston, Texas time, at the Monterey's Little Mexico restaurant located at 270 W. F<sup>1</sup> Street, Humble, Texas 77338, and at any adjournment, continuation or postponement thereof. The Notice of Annual Meeting, this Proxy Statement and the accompanying proxy, together with the Company's Annual Report to Shareholders for the year ended December 31, 2006, are first being sent to shareholders on or about April 18, 2007.

At the Annual Meeting, the Company's shareholders will be asked to consider and vote upon (i) the election of three Class II directors, and (ii) such other business as may properly come before the annual meeting.

**Solicitation**

The solicitation of proxies is made by and on behalf of the Board. The cost of the solicitation will be borne by the Company, including the reasonable expenses of brokerage firms or other nominees for forwarding proxy materials to beneficial owners. In addition to solicitation by mail, proxies may be solicited by telephone, telecopy or personally. Proxies may be solicited by directors, officers and employees of the Company without additional compensation.

**Record Date, Outstanding Shares and Voting Rights**

The close of business on April 9, 2007, has been fixed as the record date for the determination of shareholders entitled to notice of and to vote at the meeting (the "Record Date"). On the Record Date, the Company had outstanding 3,460,322 shares of Common Stock, \$0.01 par value ("Common Stock"), each of which will be entitled to one vote.

In order to transact business at the Annual Meeting, a quorum consisting of a majority of all outstanding shares entitled to vote on the Record Date must be present. Abstentions and proxies returned by brokerage firms for which no voting instructions have been received from their principals will be counted for the purpose of determining whether a quorum is present, in person or by proxy. Once a share is represented for any purpose at the Annual Meeting, it will be deemed present for quorum purposes for the entirety of the meeting. A plurality of the votes cast is required for the election of directors. A majority of the outstanding shares entitled to vote that are represented at the meeting in person or by proxy is required for approval of any other matters that may be presented at the meeting.

If the enclosed proxy is executed and returned, the shares represented thereby will be voted in accordance with any specifications made by the shareholder. In the absence of any such specification, they will be voted to elect the directors as set forth under "Election of Directors" and in the transaction of any other business that properly comes before the meeting or any adjournment thereof. Pursuant to applicable law, broker non-votes and abstaining votes will not be counted in favor of or against the election of any nominee for director or any other proposal to be presented at the meeting.

The presence of a shareholder at the meeting will not operate to revoke his proxy. A proxy may be revoked at any time insofar as it has not been exercised by giving written notice of revocation to the Company, executing and returning a proxy with a later date, or by attending the Annual Meeting and voting in person.

If any other matters come before the meeting, the persons named in the proxy, or their substitutes, will vote thereon in accordance with their best judgment. The Board does not know of any matters other than the election of directors as described below that will be presented for action at the meeting, and none of the members of the Board have informed the Company in writing that they intend to oppose any action intended to be taken by the Company.

**NO PERSON IS AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATION OTHER THAN THOSE CONTAINED IN THIS PROXY STATEMENT, AND, IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATIONS MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED. ## **EXECUTIVE COMPENSATION**

### **Compensation Discussion and Analysis.**

The Company's Compensation/Stock Option Committee is empowered to review and approve, or in some cases recommend for the approval of the full Board of Directors, the annual compensation and compensation procedures for the four executive officers and the Chairman of the Company: the Chairman, the President and Chief Executive Officer, the Chief Operating Officer, the Chief Financial Officer, and the Chief Marketing Officer.

*Objectives of Compensation Program*

The primary objective of our compensation program, including our executive compensation program, is to attract and retain qualified, energetic employees who are enthusiastic about the Company's mission and culture. A further objective of our compensation program is to provide incentives and reward employees for their contribution to the Company. In addition, we strive to promote an ownership mentality among key employees. Finally, we endeavor to ensure that our compensation program is perceived as fundamentally fair to all shareholders.

---

*What Our Compensation Program is Designed to Reward*

Our compensation program is designed to reward each key employee's contribution to the Company. In measuring the executive officers' contribution to the Company, the Compensation/Stock Option Committee considers numerous factors, including the Company's growth and financial performance, individual performance, scope of responsibility, prior experience, breadth of knowledge and comparison against the competitive practices of relevant comparative companies of similar size, as well as indicators derived from published compensation surveys of companies in the Company's industry.

Regarding most compensation matters, including executive compensation, our management provides recommendations to the Compensation/Stock Option Committee; however, the Committee does not delegate any of its functions to others in setting compensation. We do not currently engage any consultant related to executive and/or director compensation matters.

*Elements of Company's Compensation Plan and Why We Chose Each (How It Relates to Objectives)*

The compensation policies and programs of the Company are considered by the Compensation/Stock Option Committee within the context of an integrated total rewards framework. Within this framework, the committee considers and determines various components of "pay" - base salary, annual incentive compensation, long-term equity incentive compensation, benefits and perquisites. As incentive compensation, Company executives are eligible to receive annual cash bonus awards based in part on a formula of profits, same-store sales growth and cash flow relative to financial plan. It is through the considered combination of these programs that the committee believes it can most effectively support and facilitate the ultimate creation of value for shareholders.

It is the Compensation/Stock Option Committee's intention to set total executive cash compensation sufficiently high to attract and retain a strongly motivated leadership team, but not so high that it creates a negative perception to our other shareholders.

In 2005, the Board of Directors and shareholders of the Company approved the Mexican Restaurants, Inc. 2005 Long Term Incentive Plan. The 2005 Incentive Plan authorizes the granting of up to 350,000 shares of Common Stock in the form of incentive stock options and non-qualified stock options and restricted stock awards to key executives and other key employees of the Company, including officers of the Company and its subsidiaries, of which shares are subject to presently outstanding awards. The 2005 Incentive Plan will terminate on November 8, 2015. It is anticipated that the shares authorized under the 2005 Plan will enable the Company to provide sufficient grants of awards for the foreseeable future. Also, the inclusion of authority to grant various forms of equity compensation in addition to stock options, including restricted stock, will allow the Company to tailor future awards to the Company's specific needs and circumstances at that time.

In fiscal year 2006, no options were granted by the Company from the 2005 Incentive Plan. On May 23, 2006, the Company's Board of Directors approved a restricted stock grant of 3,000 shares to each of the outside directors with ten years of service, with such grants vesting over a four year period. Messrs. Domec and Fitzsimmons qualified for this restricted stock grant. On December 15, 2006 the Company awarded Mr. Dennard 10,000 shares of restricted stock, and awarded Mr. Porry 5,000 shares of restricted stock. The shares will vest 20% per year over five years. The Company has also agreed to make awards for 5,000 additional shares of restricted stock to each officer, with the same five year vesting schedule, during fiscal years 2007 and 2008.

The 1996 Incentive Plan authorized the reservation of 500,000 shares of Common Stock to be used for stock options, stock appreciation rights or restricted stock, of which 197,000 shares are subject to presently outstanding awards. The Incentive Plan terminated on December 31, 2005.

*Change of Control*

Messrs. Porry, Dennard and Vegas were granted Performance Unit Awards in 2005. The awards will vest, if at all, only if, on or before August 16, 2010, there is a Business Combination (as defined in the awards), and then the percentage of the award that becomes vested will be determined based upon the Fair Market Value Per Share (as defined in the awards) of the Company on the last business day immediately preceding the Business Combination. If the Fair Market Value Per Share is less than \$20, none of the units will vest. If it is \$20 or greater, 100% will vest. In the event of termination of any of these three executives, the award shall be forfeited in its entirety.

---

*Accounting and Tax Considerations*

Our stock option grant policies have been impacted by the implementation of SFAS No. 123R, which we adopted in the first quarter of fiscal year 2006. Under this accounting pronouncement, we are required to value stock option grants using the fair value method, and to expense the value of our option grants in the income statement over the stock option's vesting period.

*Chief Executive Officer Compensation*

The Compensation Committee's general approach in reviewing the annual compensation of the Company's Chief Executive Officer, is to seek to be competitive with other companies of a similar size in the Company's industry, to recognize and reward initiative, overall corporate performance and managerial ability, and to provide long-term incentive to increase shareholder value. Mr. Glowacki, the Company's Chief Executive Officer, terminated his employment effective December 15, 2006. Subsequently, in April 2007, Mr. Glowacki resumed his employment as Chief Executive Officer of the Company. Mr. Glowacki's base salary for fiscal year 2006 was \$253,085. The Committee believes that the compensation of the Company's Chief Executive Officer and its other executives during fiscal 2006 was consistent with the objectives of the Company's executive compensation program.

*General*

Messrs. Dennard and Vegas received annual base salaries for the fiscal year ended December 31, 2006 of \$155,000 and \$175,000, respectively. Upon his return to the Company in April 2007, Mr. Glowacki was granted an annual base salary of \$275,000. The Compensation/Stock Option Committee will evaluate Mr. Glowacki's compensation in May 2007 and make a recommendation to the Board of Directors.

Regarding most compensation matters, including executive and director compensation, our management provides recommendations to the Compensation/Stock Option Committee; however, the committee does not delegate any of its functions to others in setting compensation. We do not currently engage any consultant related to executive and/or director compensation matters.

At the March 2007 Board meeting the Chairman of the Compensation /Stock Option Committee reported that his committee had approved the fiscal year 2006 executive bonus plan payouts. The performance bonuses paid in 2007 were based on fiscal year 2006 actual performance results compared to the budgeted performance targets and same-store sales increases. These combined calculations formed a pool that was used for discretionary awards to the named executive officers, with the exception of the then interim CEO, as determined by the Compensation Committee and reported to the Board.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the corporate income tax deduction for compensation paid to each executive officer shown in the summary compensation table in the proxy statement of a public company to \$1 million, unless the compensation is "performance-based compensation" and qualifies under certain other exceptions. Our policy is primarily to design and administer compensation plans which support the achievement of long-term strategic objectives and enhance shareholder value. Where it is consistent with our compensation philosophy, the Committee will also attempt to structure compensation programs that are tax-advantageous to us. There were no stock option awards in 2006.

(1) Mr. Glowacki’s employment terminated effective December 15, 2006, at which time Mr. Neeb began serving as interim chief executive officer.

(2) All other compensation consists of automobile allowances, except in the case of Mr. Glowacki. See note (3). If the total aggregate perquisites are less than \$10,000, they are not disclosed.

(3) Incident to Mr. Glowacki’s termination of employment during December 2006, the Company paid Mr. Glowacki \$596,764 for his vested stock options pursuant to a separation agreement.

(4) On December 15, 2006, the Company awarded Mr. Dennard 10,000 shares of restricted stock, and awarded Mr. Porry 5,000 shares of restricted stock. The shares will vest 20% per year over five years. The Company has also agreed to make awards for 5,000 additional shares of restricted stock to each officer, with the same five-year vesting schedule, during fiscal years 2007 and 2008. This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2006 fiscal year for the fair value of restricted stock awards in 2006 as well as prior fiscal years, in accordance with FAS 123R. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to vesting conditions. For additional information, refer to notes 1 and 5 to our financial statements in the Form 10-K for the year ended December 31, 2006, as filed with the SEC.

(5) In fiscal year 2006, the Company did not award stock options to its executive officers. This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2006 fiscal year for the fair value of stock options awarded in 2006 as well as prior fiscal years, in accordance with FAS 123R. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to vesting conditions. For additional information, refer to note 1 to our financial statements in the Form 10-K for the year ended December 31, 2006, as filed with the SEC.

(6) The performance bonuses paid in 2006 were based on fiscal year 2005 actual performance results compared to the budgeted performance targets and same-store sales growth. These combined calculations form a pool in which at least 60 percent of the pool is paid to the CEO and the remaining 40 percent is to be used for discretionary awards determined by the Compensation/Stock Option Committee and reported to the Board. The Committee increased the pool amount to reflect the committee’s evaluation of management’s efforts in accelerating the Company’s recovery from the effects of Hurricanes Katrina and Rita. The Compensation/Stock Option Committee’s report of recommended bonuses is presented to the Board before any payments are made. Mr. Vegas’ bonus was calculated based on same-store sales growth and control over the advertising budget.

(1) Mr. Glowacki exercised options for 30,875 shares during the second and third quarters and options for 102,903 shares in the fourth quarter pursuant to the Separation Agreement dated December 1, 2006.

### Potential Payments Upon Termination

Employment agreements are in effect for Messrs. Porry, Dennard and Vegas. The employment agreements are automatically renewed bi-annually unless a specific action is taken to terminate the agreement. The agreement provides salary compensation protection for up to a period of two years following the termination of employment without cause during the term by the Company. If an executive is terminated, he will receive base salary only for the earlier of the remainder of the contract or until the executive accepts new employment. The agreement requires a minimum of one year's notice of intent to resign from the Company. If there is failure to provide such minimum notice, the executive forfeits any then-unexercised stock options, unvested restricted shares, and unpaid bonuses or other compensation as of the date of such resignation.

The compensation that would become payable under the employment agreements and other arrangements if the named executive's employment had terminated on December 31, 2006 would be limited to the employee's base salary for the earlier of two years or until such time as they accept new employment. Those two year amounts would be \$360,500 for Mr. Dennard, \$360,500 for Mr. Vegas and \$300,000 for Mr. Porry. Due to the number of factors that affect the amount of any benefits provided upon the events discussed above, actual amounts paid or distributed may be different.

### CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related party transactions are subject to the review and approval of the Company's Audit Committee, which is comprised exclusively of independent directors who are not otherwise involved in the day-to-day management of the Company or officers of the Company, and who do not have a personal financial interest in the matter in which they are acting.

---

### **Lease of Headquarters Building**

Prior to February 20, 2004, the Company leased its executive offices in Houston, Texas from CO Properties No. 3, a Texas partnership owned by Larry N. Forehand and Michael D. Domec. The lease, which was originally set to expire in December 2006, was a gross lease (where the landlord pays utilities and property taxes) with monthly rental payments of \$10,416 per month in 2004. In 2004 the Company leased 10,015 square feet under the lease for aggregate rental payments of \$10,416. The Company believes that this lease is on terms at least as favorable as could be obtained from an unrelated third party.

On February 20, 2004, CO Properties No. 3 sold the executive offices to a third party. In exchange for two months of free rent, the Company exercised one of its options, extending the office lease through December 2009. In 2006 the Company's monthly rental payments were \$11,000 per month.

### **Report of the Audit Committee**

The Audit Committee serves an independent oversight role by consulting with and providing guidance to management and the external auditors on matters such as accounting, audits, compliance, controls, disclosure, finance and risk management. The Board has affirmatively determined that all Audit Committee members are financially literate and possess "financial sophistication" as defined by Nasdaq listing standards. The Board of Directors has designated the Chairman of the Audit Committee, Thomas E. Martin, as the audit committee "financial expert" under the SEC's guidelines.

The three members of the Board's Audit Committee, Thomas E. Martin, Joseph J. Fitzsimmons and Michael D. Domec, are all independent within the meaning of applicable NASD listing standards and the applicable independence standards of the SEC. The Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board and operates under a written charter adopted by the Board. The Audit Committee annually recommends to the Board the selection of the Company's independent registered public accounting firm. For the fiscal year 2006, UHY LLP was the Company's independent registered public accounting firm.

Management is responsible for the Company's financial statements and the financial reporting process, including the systems of internal controls. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosure in the financial statements.

The Audit Committee reviewed with the independent registered public accounting firm the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, as required by Statement on Auditing Standards No. 61, "Communication with Audit Committees". In addition, the Audit Committee has discussed with the independent registered public accounting firm the auditors' independence from management and the Company and has received the written disclosures and the letter from the independent registered public accounting firm required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee further considered whether the provision by UHY LLP of the non-audit services described elsewhere in this proxy statement is compatible with maintaining the auditors' independence.

Based upon (i) the Audit Committee's review and discussion of the audited financial statements with management and the independent registered public accounting firm, (ii) the Audit Committee's review of the representation of management, and (iii) the disclosures by the independent registered public accounting firm to the Audit Committee, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the

SEC. The Company's Audit Committee periodically considers the selection of the Company's independent registered public accounting firm.

---

**Audit Committee Pre-Approval Policies and Procedures**

The Audit Committee requires that each engagement of the Company's independent auditor to perform auditing services and permitted non-audit services must be approved by the Audit Committee in advance, including the fees and principal terms thereof.

**INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS****Independent Registered Public Accounting Firm's Fees and Services**

The firm of UHY LLP ("UHY") acts as our principal independent registered public accounting firm. Through December 31, 2006, UHY had a continuing relationship with UHY Advisors, Inc. ("Advisors") from which it leased auditing staff who were full time, permanent employees of Advisors and through which UHY's partners provide non-audit services. UHY has no full time employees and therefore, none of the audit services performed were provided by permanent full-time employees of UHY. UHY manages and supervises the audit services and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination.

The following table sets forth the aggregate fees billed by UHY LLP for 2006 for audit and non-audit services and by KPMG LLP for fiscal year 2006 and fiscal year 2005 for audit and non-audit services (as well as all "out-of-pocket" costs incurred in connection with these services) and are categorized as Audit Fees, Audit-Related Fees, Tax Fees, Tax-Related Fees, and All Other Fees. The nature of the services provided in each such category is described in the following table:

	<b>2006</b>		<b>2005</b>	
Audit fees	\$216,935	82.94%	\$172,185	98.9%
Audit-related fees	11,301	4.32 %	1,983	1.1%
Tax fees	31,085	11.88%	--	--
Tax-related fees	2,254	.86%	--	--
All other fees	--	--	--	--
Total	\$261,575	100.00%	\$174,168	100.00%

The Audit fees for the years ended December 31, 2006 and January 1, 2006, respectively, were for professional services rendered for the audits of the consolidated financial statements of the Company and statutory audits, income tax provision procedures, and assistance with review of documents filed with the SEC. Audit-related expenses are primarily reimbursement for out-of-pocket expenses.

The Audit Committee of the Board has considered whether provision of other services is compatible with maintaining the independent registered public accounting firm's independence and discussed these services with the independent registered public accounting firm and with the Company's management, and has determined that such services have not adversely affected UHY LLP's independence and are permitted under the rules and regulations concerning auditor

independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the rules and regulations of the American Institute of Certified Public Accountants.

UHY LLP has served as the Company's independent public accountants since the Company's second quarter of fiscal 2005. Prior to that, KPMG LLP had served as the Company's auditors since the 1996 initial public offering. Representatives of UHY LLP are expected to be present at the Annual Meeting to respond to appropriate questions. Consistent with the Company's policy, the auditors for each fiscal year are selected annually by the Board.
