ANNUAL MEETING OF STOCKHOLDERS

To Be Held on May 23, 2002

We are pleased to present you with this "plain English" proxy statement in connection with this year's annual meeting. We hope you will find it easy to read and understand. We also hope you will come to our annual stockholders' meeting on Thursday, May 23, 2002.

As you will see in the accompany Annual Report, the past year was a significant year for The Leather Factory, Inc. At the annual meeting, after we vote on the proposals described in this proxy statement, we will present a brief report on the past year for The Leather Factory, as well as an overview of our plans for the upcoming year and beyond. As always, we will conclude the meeting by inviting you to ask questions and make comments.

IT IS IMPORTANT THAT PROXIES BE RETURNED PROMPTLY; THEREFORE, WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING, PLEASE COMPLETE, DATE, SIGN AND RETURN THE ENCLOSED PROXY IN THE POSTAGE-PAID ENVELOPE ALSO PROVIDED. YOU MAY, IF YOU WISH, WITHDRAW YOUR PROXY AT ANY TIME PRIOR TO THE TIME IT IS VOTED AND VOTE YOUR SHARES PERSONALLY.

This proxy statement was first mailed to stockholders on or about April 24, 2002.

On behalf of the board of directors, I would like to express our appreciation for your continued interest in The Leather Factory, Inc. We look forward to greeting as many of our shareholders as possible at this year's meeting.

Sincerely,

/s/ Wray Thompson

QUESTIONS AND ANSWERS

Why did I receive this proxy statement?

We are mailing this proxy statement to everyone who was a stockholder of record of our company on April 23, 2002. Only stockholders of record on the close of business on this date are entitled to vote at the meeting. The purposes of this proxy statement are:

- o To let our stockholders know when and where we will hold our annual stockholders' meeting;
- o To provide detailed information about the nine directors who will be voted on for re-election;
- o To provide updated information about our company you should consider in order to make an informed decision at the meeting.

At the close of business on the record date, there were 10,031,161 shares of our

Edgar Filing: LEATHER FACTORY INC - Form DEF 14A

common stock outstanding and entitled to vote. There were approximately 640 holders of record. Each holder of record is entitled to one vote per share. To achieve a quorum at the meeting, a majority of our outstanding shares must be present either in person or by proxy.

What will occur at the annual meeting?

First, we will determine whether enough stockholders are present at the meeting to conduct business. A stockholder will be deemed to be "present" at the meeting if the stockholder is:

- o Present in person, or
- o Not present in person but has voted by proxy prior to the meeting.

According to our bylaws, holders of at least a majority of our outstanding shares must be present at this year's meeting in order to conduct the meeting. If holders of fewer than a majority of our outstanding shares are present at the meeting, we will reschedule the meeting. A new meeting date will be announced at the meeting.

After each proposal has been voted on at the meeting, we will discuss and take action on any other matter that is properly brought before the meeting. Also, some of our officers will report on our recent financial results and our current operations.

If enough stockholders are present at the meeting to conduct business, then we will vote on the proposal to re-elect the nine director nominees as members of our board of directors for the upcoming year. Our board of directors has approved this proposal and is now soliciting your vote on the proposal and recommends that you vote FOR the re-election of each of the director nominees.

How do I vote if I do not plan to attend the annual meeting?

In addition to voting in person at the meeting, you may mark your selections on the enclosed proxy card, date and sign the card, and return the card in the enclosed envelope. We encourage you to vote now even if you plan to attend the meeting in person. If your shares are in a brokerage account, you may receive different voting instructions from your broker.

With respect to the election of directors, votes may be cast in favor or withheld. Votes that are withheld will be excluded in determining if nominee(s) have received a plurality of votes, but will be counted in determining if a quorum is present.

2

Please understand that voting by any means other than voting in person at the meeting has the effect of appointing Robin L. Morgan, our Vice-President of Administration, and William M. Warren, our Secretary, as your proxies. They will be required to vote on the election of directors described in this proxy statement exactly as you have voted. However, if any other matter requiring a stockholder vote is properly raised at the meeting, the Ms. Morgan and Mr. Warren will be authorized to use their discretion to vote on such issues on your behalf.

All shares of common stock represented at the annual meeting by properly executed proxies received prior to or at the meeting and not revoked will be voted at the meeting in accordance with the instructions indicated in such proxies. If no instructions are indicated on a proxy, it will be voted FOR the election of each of the nominees for director.

Edgar Filing: LEATHER FACTORY INC - Form DEF 14A

What if I hold my shares in "street name," and I do not give instructions to my broker or its nominee?

In general, the broker or nominee would have the discretion to vote these shares. Should there be any "broker non-votes," they will be counted as shares that are present determining the presence of a quorum. At present, we are not aware of anything that will come before the meeting involving matters where American Stock Exchange rules bar brokers and nominees from voting if the beneficial owner fails to execute and return a proxy.

How many votes are necessary to re-elect the nominees for director?

Each nominee must receive the affirmative vote of a plurality of shares either present at the meeting or represented by proxy to be elected. The affirmative vote of holders of a majority of the shares either present at the meeting or represented by proxy is required on any other action that may properly be presented at the meeting. Cumulative voting is not allowed.

You should note that certain officers and directors of the Company own approximately two-thirds of the outstanding shares of common stock that will be entitled to vote at the meeting (see "Security Ownership of Certain Beneficial Owners and Management"). We anticipate that these shares will be voted in favor of the nominees for director. Thus, approval of the nine nominees for director is likely.

What if a nominee is unwilling or unable to stand for re-election?

Each of the persons nominated for re-election has agreed to stand for re-election. We are not aware of any intention of any nominee not to stand for re-election or any circumstances which would cause any nominee not to stand for re-election. However, if unexpected events arise which cause one or more of the nominees to be unable to stand for re-election, then one of the following would occur:

- o Our board of directors can vote at the meeting to reduce the size of the board of directors;
- o Our board of directors may, during the meeting, nominate another person for director; or
- o Pursuant to our bylaws, the board of directors could leave the vacancy open until the board appoints a new director at a later time.

Your vote is completely confidential.

It is important for you to understand that if our board of directors nominates someone at the meeting, the person to whom you have given your proxy will be able to use his or her discretion to vote on your behalf for the candidate of his or her choice.

3

Who counts the votes and how are the votes treated?

We will appoint two persons as inspectors of election for the meeting who will count the votes cast. They will treat shares represented by proxies that withhold authority as shares that are present and entitled to vote when determining if a quorum exists for any matter voted upon by the stockholders.

What if I want to change my vote?

Edgar Filing: LEATHER FACTORY INC - Form DEF 14A

You can change your vote on a proposal at any time before the meeting for any reason by revoking your proxy. Proxies may be revoked by:

- o Filing a written notice of revocation, which includes a later date than the proxy date, with our secretary at or before the meeting;
- o Properly executing a later proxy relating to the same shares; or
- o Attending the meeting and voting in person; however, attendance at the meeting will not in and of itself constitute a revocation of a proxy.

Any written notice revoking a proxy should be sent to: Secretary, The Leather Factory, Inc., 3847 East Loop 820 South, Fort Worth, Texas 76119.

Who pays for this solicitation?

We, the company, will pay for the cost of soliciting proxies. Our directors, officers and employees may solicit proxies. They will not be paid for soliciting the proxies but may be reimbursed for out-of-pocket expenses related to the proxy solicitation. Proxies may be solicited in person, by mail, by telephone, by telegram or other means of communication. We will make arrangements with custodians, nominees and fiduciaries in order to forward proxy solicitation materials to beneficial owners of common stock.

Who is our independent public accountant?

Our board of directors selected Hein + Associates LLP to serve as our independent public accountant for the year ended December 31, 2001. A representative of Hein + Associates LLP is expected to attend the meeting. The representative will have the opportunity to make a statement at the meeting and respond to appropriate questions from you, our stockholders. Our board of directors has not named the independent public accountant that will serve as outside auditor for 2002.

What audit fees did we pay to our independent auditors this past year for our audit?

Audit Fees. During 2001, we paid Hein + Associates LLP an aggregate of \$38,558 for professional services rendered for the audit of our annual financial statements and the reviews of our financial statements included in our Forms 10-Q.

All Other Fees. There were no fees paid to Hein + Associates LLP for non-audit services in 2001.

How do I raise an issue for discussion or vote at the annual meeting?

If you wish to present a proposal for consideration at an annual meeting, you must send written notice of the proposal to our corporate secretary. We have not received notice of any stockholder proposals to be presented at this year's meeting.

If you would like your proposal to be included in next year's proxy statement, you must submit it to our corporate secretary by no later than December 26, 2002. We will include your proposal in our next annual proxy statement if it is a proposal that we would be required to include pursuant to the rules of the Securities and Exchange Commission.

Edgar Filing: LEATHER FACTORY INC - Form DEF 14A

You may write to our corporate secretary at 3847 East Loop 820 South, Fort Worth, Texas 76119 to present a proposal for consideration.

If a stockholder raises a matter at the meeting that requires a stockholder vote, the person to whom you have given your proxy will use his or her discretion to vote on the matter on your behalf.

According to our by-laws, any proposal properly raised at the meeting by a stockholder will require the affirmative vote of a majority of the shares deemed present at the meeting, whether in person or by proxy.

How can I receive a copy of the annual report?

We provide a free copy of our Annual Report on Form 10-K that includes the financial statements and schedules, but does not include the exhibits. If you would also like the report's exhibits, we will provide copies of the exhibits. We may charge a reasonable fee for providing these exhibits.

In order to receive this report, you must request a report in writing and mail the request to The Leather Factory, Inc., PO Box 50429, Fort Worth, Texas 76105-0429, Attention: Shannon L. Greene, Chief Financial Officer.

How many board meetings were held last year?

10

We held three meeting of our board of directors during 2001. Each director attended all board meetings and all meetings of committees on which they served.

What are the board of directors' committees? What functions do they serve?

Our Board has appointed four committees. Each is discussed separately below. The Board of Directors however does not have a standing nominating committee. The entire board selects nominees to serve as directors.

Audit Committee.

H.W. Markwardt, Michael A. Markwardt, Joseph R. Mannes, and Anthony C. Morton currently serve on our audit committee. Mr. Mannes is the chairman of the committee. Each member of the audit committee is "independent", as defined by the American Stock Exchange. The primary function of our audit committee is to serve as the focal point for communication among the board of directors, the independent auditors, and the company's management, as it relates to financial accounting, reporting, and controls.

The audit committee's basic role is to review and approve the scope of the annual examination of our books and records. Other roles of the committee include:

- o Reviewing the findings and recommendations of our outside auditors when the audit is complete;
- o Considering the organization, scope and adequacy of our internal accounting and financial reporting controls in effect; and
- o Evaluating the independent accountants and recommend to the board the selection, retention or replacement of the independent accounts;

The audit committee met two times during 2001. The Audit Committee has not made a recommendation to the Board regarding the retention or non-retention of Hein + Associates LLP as independent outside auditor for 2002. The committee historically meets in the fall to discuss the selection of auditors for the current year.

Report of the Audit Committee

The audit committee oversees our financial reporting process on behalf of our board of directors. Our management is responsible for the preparation, presentation, and integrity of our financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. Our independent auditors, Hein + Associates LLP, are responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States.

Edgar Filing: LEATHER FACTORY INC - Form DEF 14A

The audit committee has reviewed and discussed our audited financial statements for the year ended December 31, 2001 with our management and has discussed with Hein + Associates LLP the matters required to be discussed by Statement on Auditing Standards Board Standard No. 61, as amended, "Communication with Audit Committees". In addition, Hein + Associates LLP has provided the audit committee with the written disclosures and the letter required by Independence Standards Board Standards No. 1, "Independence Discussions with Audit Committees", and the audit committee has discussed with Hein + Associates LLP their independence from The Leather Factory, Inc. and its management.

11

Based on these reviews and discussed, the audit committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

Compensation Committee.

The compensation committee is responsible for recommending to the board of directors the compensation program of the executive officers. The names of the committee members appear at the end of the committee's report below.

The basic philosophy of the executive compensation program is to link the compensation of its executive officers to their contribution toward increases in the size of the operations and income of the company and accordingly, increases in stockholder value. Consistent with that philosophy, the executive compensation program is designed to meet the following policy objectives:

1. Attracting and retaining qualified executives critical to the long-term success of the company;
2. Tying executive compensation to the company's general performance and specific attainment of long-term strategic goals;
3. Rewarding executives for contributions to strategic management designed to enhance long-term stockholder value; and
4. Providing incentives that align the executive's interest with those of the company's stockholders.

The compensation committee met one time during 2001.

During 2001, Mr. Thompson was the only member of our compensation committee who was also an officer or employee of the company. None of the members were a party to any material transaction with us during the past year. In addition, none of our executive officers served as a member of the compensation or similar committee or board of directors of any other entity of which an executive officer served on our compensation committee or our board of directors. Effective March 15, 2002, Mr. Thompson resigned from the committee.

Report of the Compensation Committee

Edgar Filing: LEATHER FACTORY INC - Form DEF 14A

In 2001, a majority of our compensation committee was non-employee directors. Except for Mr. Thompson, none of these directors participate in the compensation programs described in this report. The compensation committee is responsible for reviewing and making recommendations to our board of directors regarding the compensation of our executive officers. Our board of directors has final approval of executive officer compensation. We review the performance of each executive officer on at least an annual basis.

What are the components of our executive officers compensation program?

Executive officer compensation consists of the following components:

- o Annual base salary;
- o Annual incentive bonus;

12

- o Long-term compensation in the form of stock option grants;
- o Company contributions under our ESOP.

How are base salaries determined?

During 2001, we sought to establish base salaries of our executive officers at levels that, in the judgment of the committee members and the board of directors, were sufficiently competitive to attract and retain qualified executive officers. These salary levels were determined based on prior experience and compared to salaries for comparable positions in other companies. Base salaries are generally increased annually assuming the company's financial performance and position is satisfactory.

Were incentive bonuses paid?

Historically, the company awards discretionary bonuses to its executive officers as well as certain other employees. These bonuses are determined on a subjective basis, considering prior bonus amounts awarded, the availability of cash, the business prospects for the upcoming year, and the increase in net income for the year in question as general guidelines. The compensation committee determines the bonuses awarded to the executive officers, while the chief executive officer and president determine bonuses awarded to non-officer employees. Mr. Thompson abstained from the committee's consideration of his compensation. For the fiscal year ended December 31, 2001, bonuses were awarded to each of the executive officers due to the improvement in fiscal 2001 results over fiscal 2000.

What is the long-term component of executive compensation?

Stock options. Our stock option plan prohibits grants of stock options to Mr. Thompson, Mr. Morgan and Ms. Morgan. Ms. Greene was granted options to purchase 60,000 shares of our common stock during 2001. The options vest over a five-year period.

Employees' Stock Ownership Plan. Our ESOP was established to provide long-term incentive compensation for our employees. The executive officers participate in the ESOP in the same manner as all other plan participants. The company makes annual cash or stock contributions to a trust for the benefit of eligible employees and the trust in turn invests in shares of the Company's Common Stock. An unaffiliated bank is trustee of the trust.

How was our chief executive officer's compensation determined?

Edgar Filing: LEATHER FACTORY INC - Form DEF 14A

During 2001, our chief executive officer's base salary rate was \$157,500, no increase from 2000. This base salary was, in the opinion of the committee and the board of directors, consistent with salaries for comparable positions within our industry. The incentive bonus awarded to our chief executive officer for 2001 was \$35,000, as determined by the compensation committee based on the financial improvement of the company.

The compensation committee of our board of directors has provided this report.
