RISK FACTORS

WE MAY NOT HAVE ENOUGH FUNDING TO COMPLETE OUR BUSINESS PLAN.

We will need additional financing to fully implement our business plan. We cannot give any assurance that this additional financing could be obtained of attractive terms or at all. In addition, our ability to raise additional funds through a private placement may be restricted by SEC rules which limit a Company's ability to sell securities similar to those being sold in a registered offering before the time that offering is completed or otherwise terminated. Lack of funding could force us to curtail substantially or cease our operations.

Edgar Filing: TIDELANDS OIL & GAS CORP/WA - Form 424B3

FUTURE CAPITAL NEEDS COULD RESULT IN DILUTION TO INVESTORS; ADDITIONAL FINANCING COULD BE UNAVAILABLE OR HAVE UNFAVORABLE TERMS.

Our Company's future capital requirements will depend on many factors, including cash flow from operations, progress in its gas operations, competing market developments, and the Company's ability to market its proposed products successfully. Although the Company currently has specific plans and arrangements for financing its working capital is presently insufficient to fund the Company's activities. It will be necessary to raise additional funds through equity or debt financings. Any equity financings could result in dilution to our Company's then-existing stockholders. Sources of debt financing may result in higher interest expense. Any financing, if available, may be on terms unfavorable to the Company. If adequate funds are not obtained, the Company may be required to reduce or curtail operations.

SUBSTANTIAL CAPITAL REQUIREMENTS

We may make substantial capital expenditures for the development, acquisition and production of natural gas pipeline, processing systems and, or storage facilities. If revenues or the Company's equity financing decrease as a result of lower natural gas prices, operating difficulties, the Company may have limited ability to expend the capital necessary to undertake or complete proposed plans and opportunities. There can be no assurance that additional debt or equity financing or cash generated by operations will be available to meet these requirements.
