Item 1.01 Entry into Material Definitive Agreement

On November 17, 2006, Titanium Metals Corporation ("TIMET") entered into a

Conversion Services Agreement (the "Conversion Agreement") with Haynes International, Inc. ("Haynes"). Under the Conversion Agreement, Haynes will process titanium metal for TIMET into a variety of flat products, including plate and sheet (the "Titanium Conversion Services"), on Haynes' 4-High Steckel Rolling mill located at Haynes' facilities in Kokomo, Indiana. Pursuant to the agreement (and the related Access and Security Agreement discussed below), TIMET paid \$50 million to Haynes in exchange for Haynes' commitment to provide capacity to TIMET to process up to 10 million pounds of titanium per year for the twenty-year term of the agreement. The fee is earned by Haynes during the term of the Conversion Agreement in equal annual installments on the first 20 anniversaries of the date thereof. The earned portion of the fee is nonrefundable to TIMET. The Conversion Agreement also provides TIMET an option to increase the annual volume to 20 million pounds per year, subject to TIMET's providing Haynes with certain financing to fund capital expenditures required to achieve the increased volumes. In addition to the up-front fee, TIMET will pay Haynes for its processing services during the term of the agreement and will sell certain quantities of titanium metal to Haynes.

On November 17, 2006, TIMET also entered into an Access and Security Agreement (the "Access Agreement") with Haynes. Pursuant to the Access Agreement, as security for the \$50 million fee paid by TIMET to Haynes and other obligations of Haynes under the Conversion Agreement and the Access Agreement, Haynes granted to TIMET a first priority security interest in certain assets of Haynes used to provide the Titanium Conversion Services (the "Operating Assets"). The Access Agreement also provides that upon the occurrence of specified events relating to a bankruptcy of or default under debt obligations by Haynes, TIMET has the right to use and occupy the Operating Assets to perform the Titanium Conversion Services.

The Conversion Agreement and the Access Agreement will each be filed as an exhibit to TIMET's Annual Report on Form 10-K for the year ending December 31, 2006, and portions of each of the Conversion Agreement and the Access Agreement will be omitted pursuant to a request for confidential treatment. The foregoing summary of the Conversion Agreement and the Access Agreement is qualified in its entirety by reference to all of the terms of the Conversion Agreement and the Access Agreement.

Item 7.01 Regulation FD Disclosure.

TIMET hereby furnishes the information set forth in its press release issued on November 20, 2006, a copy of which is attached hereto as Exhibit 99.1 and incorporated herein by reference.
