PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 23, 2002

Information Regarding Proxies

The enclosed Proxy is solicited on behalf of the Board of Directors of Bio-Rad Laboratories, Inc., a Delaware corporation ("Bio-Rad" or the "Company"), in connection with the annual meeting of stockholders of the Company to be held at the Company's corporate offices, 1000 Alfred Nobel Drive, Hercules, California 94547 on Tuesday, April 23, 2002 at 4:00 p.m., and at any adjournments or postponements thereof. Copies of this Proxy Statement and the accompanying notice and Proxy Card are first being mailed to all stockholders entitled to vote on or about April 1, 2002.

The Company will pay the cost of this Proxy solicitation. In addition to solicitation by use of the mails, proxies may be solicited from stockholders of the Company by directors, officers and employees of the Company in person or by telephone, telegram or other means of communication. Such directors, officers and employees will not be additionally compensated, but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. Arrangements will be made with brokerage houses, custodians, nominees and fiduciaries for forwarding of proxy materials to beneficial owners of shares held of record by such brokerage houses, custodians, nominees and fiduciaries and for reimbursement of their reasonable expenses incurred in connection therewith. The Company may retain Georgeson Shareholder Services, a proxy solicitation firm, to solicit proxies in connection with the annual meeting, at an estimated cost of \$6,000.00.

Shares for which a properly executed Proxy in the enclosed form is returned will be voted at the annual meeting in accordance with the directions on such Proxy. If no voting instructions are indicated with respect to one or more of the proposals, the Proxy will be voted in favor of the proposal(s), and to approve those other matters that may properly come before the annual meeting at the discretion of the person named in the Proxy. Any Proxy may be revoked by the record owner of the shares at any time prior to its exercise by filing with

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

the Secretary of the Company a written revocation or duly executed Proxy bearing a later date or by attending the meeting in person and announcing such revocation. Attendance at the annual meeting will not, by itself, constitute revocation of a Proxy.

Voting Securities

The securities of the Company entitled to vote at the meeting consist of shares of its Class A Common Stock and Class B Common Stock, both \$0.0001 par value (collectively, "Common Stock"). 20,098,301 shares of Class A Common Stock and 4,875,492 shares of Class B Common Stock were issued and outstanding at the close of business on March 8, 2002. These share numbers reflect the Company's two-for-one stock split effected in the form of a 100% stock dividend. Only stockholders of record at the close of business on March 8, 2002 will be entitled to notice of and to vote at the meeting. The presence, in person or by Proxy, of the holders of a majority of the Voting Power will constitute a quorum for the transaction of business, provided, however, that the election of the Class A and Class B directors shall require the presence, in person or by Proxy, of the holders of a majority of the outstanding shares of each respective class. Each share of Class A Common Stock is entitled to one-tenth of a vote and each share of Class B Common Stock is entitled to one vote, except in the election of directors and any other matter requiring the vote of one or both classes of Common Stock voting separately. The sum of one-tenth the number of outstanding shares of Class A Common Stock and the number of outstanding shares of Class B Common Stock constitutes the "Voting Power" of the Company.

1

The holders of Class A Common Stock, voting as a separate class, are entitled to elect two directors. The holders of Class B Common Stock, also voting as a separate class, are entitled to elect the other directors. The stockholders do not have any right to vote cumulatively in any election of directors. Under Delaware law, directors elected by each class shall be elected by a plurality of the votes in the respective class.

On all other matters submitted to a vote at the annual meeting (except matters requiring the vote of one or both classes voting separately), the affirmative vote of the holders of a majority of the Voting Power present in person or represented by Proxy is necessary for approval. The Board of Directors is not aware of any matters that might come before the meeting other than those mentioned in this Proxy Statement. If, however, any other matters properly come before the annual meeting, it is intended that the proxies will be voted in accordance with the judgment of the person or persons voting such proxies.

Under the Company's Bylaws and Delaware law: (1) shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum; (2) with respect to the directors to be elected by each class of Common Stock, the director nominees receiving the highest number of votes, up to the number of directors to be elected by that class, are elected and, accordingly, abstentions, broker non-votes and withholding of authority to vote will not affect the election of directors; and (3) proxies that reflect abstentions as to a particular proposal will be treated as voted for purposes of determining the approval of that proposal and will have the same effect as a vote against that proposal, while proxies that reflect broker non-votes will be treated as unvoted for purposes of determining

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

approval of that proposal and will not be counted as votes for or against that proposal.

There is no statutory or contractual right of appraisal or similar remedy available to those stockholders who dissent from any matter to be acted upon.

2

Bennett, its Executive Vice President and Chief Operating Officer and a Director of the Company. Under the terms of this Agreement, Mr. Bennett will give the Company six months' notice of any intention to resign from his present position and will not compete with the Company for two years after the end of his employment with Bio-Rad. For mutually agreed assignments extending beyond the six weeks, or if Mr. Bennett does not remain a director, his compensation would be at his weekly pay rate in effect at the time of his resignation from his present position. He will be entitled to exercise his stock options for a period of four years after the end of his employment with Bio-Rad.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is composed of Albert J. Hillman and Philip L. Padou. The Company currently has no interlocking relationships with another entity involving any of its Compensation Committee members, and no executive officer of the Company serves on the Compensation Committee. James J. Bennett, David Schwartz and Norman Schwartz participate in general Board of Directors' discussions of compensation, bonuses and stock options. David, Norman and Alice N. Schwartz were absent from and did not participate in the discussions or decisions concerning the President's compensation.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee was formed in December 1993. The function of the Compensation Committee is to review and approve the compensation arrangements for the Company's senior management and any compensation plans in which the executive officers and directors are eligible to participate. The Compensation

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

Committee of the Board of Directors has furnished the following report on executive compensation, which also refers to decisions made by Philip L. Padou, Albert J. Hillman and other members of the Board of Directors prior to the formation of the Compensation Committee.

Objectives and Overview

The overall objectives of the Company's executive compensation programs are:

- . to attract, retain and motivate key executive talent;
- . to reward key executives based on business performance;
- . to align executive incentives with the interests of stockholders; and
- . to encourage the achievement of Company objectives.

Executive compensation consists of four components: (1) base salary; (2) annual and special incentive bonus payments; (3) long-term incentives in the form of stock options; and (4) contributions to the Company's profit sharing plan. The Company strives to provide a competitive total compensation package to senior management based on professionally compiled surveys of broad groups of companies of comparable size within related industries.

Base Salary

Each year, the Company obtains studies of compensation trends, practices and levels from a variety of nationally recognized independent compensation surveys in order to determine the competitiveness of the pay structure for its senior managers. Within the comparative groups of companies surveyed, the Company sets executive base salaries and total compensation near and below the arithmetic mean of the surveys, respectively. Each executive's base salary is determined by an assessment of the executive's job description and current salary in relation to the salary range designated for the position in the compensation surveys. Adjustments are made when necessary to reflect changes in responsibilities or competitive industry pressures. Each executive's performance is evaluated annually to determine individual merit increases within the overall guidelines established in each year's budget process. For 2001, the Company merit increase guideline was 5.5% and was based on the compensation surveys.

Incentive Bonus Payments

Executive officers of the Company, including the President, are eligible for an annual incentive bonus and special bonuses, determined as a percentage of the officers' eligible wages. Annual bonuses are awarded to executive officers, including the President and other key employees of the Company and its operating units, who meet certain annual Company and operating unit goals, which are previously established by senior management. In 2001, the performance factors used in calculating bonuses included sales volume, direct contribution and inventory and/or receivable management turns, as measured against annual objectives. Performance goals have been established for the Company as a whole and for each operating unit. Bonuses are determined using these performance factors and comparisons to competitive industry standards. The bonus calculation is weighted between Company performance and operating unit performance according to the responsibilities of each executive. Incentive bonuses may be awarded in cash and/or stock.

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

Bonuses for performance in 2001 were awarded in March 2002 and ranged from 0% to 53.94% of base salaries. Bonuses for 2000 were awarded in March 2001 and ranged from 0.85% to 51.75% of base salaries. Bonuses for 1999 were awarded in March 2000 and ranged from 0.31% to 49.4% of base salaries. Because bonuses are based on growth and profitability, trends in bonus awards generally track operating unit and Company performance. Special bonuses are awarded only on completion of specific projects or transactions.

Long-Term Incentives

The Company provides its executive officers and other key employees with long-term incentive compensation through the grant of stock options. The Company believes that stock options provide the Company's key employees with the opportunity to purchase and maintain an equity interest in the Company and to share in the appreciation of the value of the stock. Stock options are intended to align executive interests with the interests of stockholders and therefore directly motivate senior management to maximize long-term stockholder value. The stock options also create an incentive to remain with the Company for the long term because the options are vested over a four or five-year period. Because all options are granted at no less than the fair market value of the underlying stock on the date of grant, stock options provide value to the recipients only when the price of Bio-Rad Common Stock increases over time.

The Board of Directors has delegated certain responsibilities of administration of the Company's stock option plans to the Stock Option Award Committee. The Stock Option Award Committee is composed of Albert J. Hillman and Philip L. Padou and is responsible for determining the timing and distribution of grants subject to the terms of the current option plans. The Stock Option Award Committee also determines the total number of shares granted and the allocation of shares to individual executive officers and key employees. Recommendations from senior management and other factors are considered including: the responsibility level, individual performance and contribution to the Company's business of each officer and key employee. The option grants are submitted to the Board of Directors for ratification and the date of grant is the date of the Board of Directors meeting. In 2001, the Company granted no options to any executive officers or key employees.

Profit Sharing Plan Contributions

The Company's employees who are directors or officers are entitled to participate in the Bio-Rad Laboratories, Inc. Employees' Deferred Profit Sharing Retirement Plan ("Profit Sharing Plan") on the same basis as all other Company employees. The Profit Sharing Plan covers all full-time employees of the Company, or any of its participating subsidiaries, who have completed one year of service. Contributions to the Profit Sharing Plan are determined each year by the Board of Directors in its sole discretion and are allocated among each participant based on the ratio his or her compensation bears to the aggregate compensation of all participants. For 2001, the Board of Directors approved a contribution of 5% of eligible compensation. Participants are vested 100% after five years of service, but funds are not distributed until retirement, termination of employment with the Company or as required by regulation or law.

President's Compensation

For 2001, the Compensation Committee was primarily responsible for determining and approving the President's compensation. The President's compensation was compared with compensation of other CEOs in the above-mentioned surveys and proxy statements for comparable companies. David Schwartz's salary is typically set within the mid-range of CEO's salaries surveyed for comparable companies. There was no change to Mr. Schwartz's salary in 1999, 2000 or 2001.

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

The President's annual bonus is based on the achievement of the Company's financial goals. The same performance criteria are used to calculate his annual bonus as those established for other eligible executive officers. These criteria are discussed above under Incentive Bonus Payments. A bonus was paid in 2002 based on performance against previously established growth and profitability targets for 2001.

11

In addition, in 2001, Mr. Schwartz received "split dollar" life insurance benefits from the Company. The Board of Directors of the Company has determined that in the event of the demise of David Schwartz and Alice Schwartz, their heirs might be required to sell a significant amount of their holdings in the Company in order to satisfy estate taxes. As the Board believes that such event might result in a major disruption in the trading of the stock, it has determined that it is in the best interest of all shareholders to procure a life insurance policy that would provide proceeds to the heirs for the payment of such taxes. The Company is a party to a "split dollar" life insurance agreement with a trust established by David Schwartz and Alice Schwartz for their heirs under which the trust is the beneficiary of a life insurance policy insuring the lives of David Schwartz and Alice Schwartz for which the Company pays the premiums. Upon the death of each of David Schwartz and Alice Schwartz prior to the termination of the agreement, a portion of the premiums previously advanced by the Company under the insurance policy will be repaid to the Company. Included in the compensation amounts shown for David Schwartz in fiscal year 2001 is \$595,067, representing the premium payment by the Company in such year.

To the extent readily determinable and as one of the factors in its consideration of compensation matters, the Compensation Committee considers the anticipated tax consequences to the Company and to its executives of various payments and benefits. Some types of compensation payments and their deductibility (e.g., the spread on exercise of non-qualified options) depend upon the timing of an executive's vesting or exercise of previously granted rights. Further, interpretations of and changes in the tax laws and other factors beyond the Compensation Committee's control also affect the deductibility of compensation. For these and other reasons, the Compensation Committee will not necessarily limit executive compensation to that deductible under Section 162(m) of the Internal Revenue Code. The Compensation Committee will consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with its other compensation objectives.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Our audit committee was established on September 24, 1992, and adopted its audit committee charter on June 7, 2000. During fiscal 2001, the audit committee of the Board of Directors was comprised of Albert J. Hillman, Ruediger Naumann-Etienne and Philip L. Padou who were "independent" directors,

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

as determined in accordance with Rule 121(A) of the American Stock Exchange's regulations. Albert J. Hillman and Ruediger Naumann-Etienne joined the Audit Committee in October 2001; Philip L. Padou joined the Audit Committee in September 1992.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted accounting practices and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. The following is the Audit Committee's report submitted to the Board of Directors for the fiscal year ended December 31, 2001.

12

The audit committee has:

- . reviewed and discussed the Company's audited financial statements with management;
- . discussed with Arthur Andersen LLP, the Company's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61, as may be modified or supplemented; and
- . received from Arthur Andersen LLP the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1, as may be modified or supplemented, and discussed the auditors' independence with them.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001 for filing with the Securities and Exchange Commission.

Audit Fees: The aggregate fees billed for professional services rendered for the audit of the Company's annual financial statements (including all the Company's subsidiaries) for the fiscal year ended December 31, 2001 and the reviews of the financial statements included in the Company's Forms 10-Q for that fiscal year were \$1,045,552.

Financial Information Systems Design and Implementation Fees: For the fiscal year ended December 31, 2001, the Company paid no fees to its principal accountants for professional services rendered in connection with the operation, supervision or management of the Company's information systems or local area network, or for the design or implementation of a hardware or software system for aggregating source data underlying the Company's financial statements, or generating information that is significant to such statements, taken as a whole.

All Other Fees: The aggregate fees billed for services rendered by the Company's principal accountants, other than described above, for the fiscal year ended December 31, 2001 were \$211,752.

The Company's audit committee has considered whether the provision of services described above under the captions "Audit Fees" and "Financial Information Systems Design and Implementation Fees" are compatible with maintaining the principal accountant's independence, and has determined that the provision of such services to the Company does not compromise the principal accountant's independence.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities ("Insiders"), to file with the Securities and Exchange Commission (the "SEC") initial reports of ownership and reports of changes in ownership of Common

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

Stock of the Company. Insiders are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports which they file.

To the Company's knowledge, based solely upon its review of the copies of such reports furnished to the Company and written representations from certain Insiders that no other reports were required, during the fiscal year ended December 31, 2001 all Section 16(a) filing requirements applicable to Insiders were complied with, with the following exceptions: (i) certain Form 4 filings for Thomas Chesterman, James Stark, David Schwartz and Alice Schwartz were delayed; (ii) the Form 5 filings for 2000 for David Schwartz and Norman Schwartz were delayed; (iii) the Form 3 filing for Dr. Ruediger Etienne-Naumann was delayed and (iv) the Form 5 filing for 2001 for Dr. Ruediger Etienne-Naumann was delayed.

II. RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors has selected Arthur Andersen LLP, independent public accountants, to serve as Bio-Rad's auditors for the fiscal year ending December 31, 2002. A representative of Arthur Andersen LLP is expected to be present at the annual meeting of stockholders to make a statement if he or she desires to do so and to respond to appropriate questions.

Although it is not required to do so, Bio-Rad wishes to provide stockholders with the opportunity to express their opinion on the selection of auditors, and accordingly is submitting a proposal to ratify the selection of Arthur Andersen LLP. If the stockholders should fail to ratify this proposal, the Board of Directors will consider the selection of another auditing firm.

The Board of Directors recommends that you vote FOR ratification of Arthur Andersen LLP to serve as the Company's auditors for the fiscal year ending December 31, 2002.

III. APPROVAL OF AMENDMENT TO THE AMENDED 1988 EMPLOYEE STOCK PURCHASE PLAN

The Amended 1988 Employee Stock Purchase Plan (the "Purchase Plan") was approved by stockholders in its original form in 1988. The original Purchase Plan authorized the use of 300,000 newly issued shares and 300,000 outstanding shares, purchased from the open market, for sale to eligible employees at a discount of 15%. The original Purchase Plan was amended in 1992, 1994 and 1999 to authorize an aggregate of 600,000 additional newly issued shares (to a new total of 900,000 newly issued shares) and the resale of 290,000 additional shares (to a new total of 590,000 shares). As of December 31, 2001, 7,545 shares remain authorized and available. The addition of shares to the Purchase Plan is necessary to continue availability of shares for purchase by employees. (All share numbers in this section have been adjusted for stock splits, including the two-for-one stock split of the Company's Class A and Class B Common Stock effected in the form of a stock dividend paid on March 7, 2002.)

The Amendment

Subject to stockholder approval, the Board of Directors has approved an amendment to the Purchase Plan increasing by 400,000 the authorized number of shares to be sold to employees participating in the Purchase Plan. These shares may be newly issued or outstanding shares purchased from the open market.

Description of the Purchase Plan

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

The following is a general summary of the principal provisions of the Purchase Plan, including the amendment described above. A copy of the proposed amendment is set forth in Appendix A to this Proxy Statement. This summary is not intended to be complete and reference should be made to the Purchase Plan as it is proposed to be amended for a complete statement of its terms and provisions. Any stockholder who desires to review the text of the Purchase Plan can obtain a copy by writing to the Company's Secretary.

The Purchase Plan is intended to provide employees with an equity interest in the Company and to enhance the employees' sense of participation in Company affairs. The Purchase Plan is designed to meet the requirements of Section 423 of the Internal Revenue Code and afford to participating employees the tax benefits available under Section 423. See "Federal Income Tax Consequences."

A committee of the Board of Directors or an administrator selected by the Board administers the Purchase Plan consistent with Rule 16b-3 under the Securities Exchange Act of 1934, as amended. The committee or administrator designates the enrollment period, scheduled purchase dates and other such administrative matters. Significant modifications, such as increasing the number of authorized shares, require approval of the stockholders.

All full-time employees of the Company and participating subsidiaries, including officers and directors who are also employees, are eligible to participate in the Purchase Plan after six months of employment. All eligible employees have equal rights and privileges under the Purchase Plan. Employees owning five percent or more of the Voting Power of the Company are not eligible to participate in the Purchase Plan. Any eligible employee may enroll in the Purchase Plan as of the first trading day of any three-month period. As of December 31, 2001, approximately 2,024 employees were eligible to participate and approximately 423 were enrolled in the Purchase Plan.

Participating employees may elect to make contributions to the Purchase Plan through payroll deductions at a designated percentage of monthly base earnings from the Company up to a maximum of 10%. No employee is permitted under the Purchase Plan to purchase Common Stock at a rate which exceeds \$25,000 of fair market value of Common Stock in any calendar year. At any time before a scheduled purchase date, a participant may elect to withdraw funds contributed to the Purchase Plan.

The cost for each share purchased is 85% of the lower of the fair market value on the first trading day or the last trading day of an enrollment period. The length of each enrollment period is currently three months. As of March 8, 2002 the closing market price of Class A Common Stock was \$33.00.

The following shares of Class A Common Stock were purchased for contributions made in fiscal year 2001: David Schwartz, 0 shares; James J. Bennett, 0 shares; Sanford S. Wadler, 0 shares; Norman Schwartz, 0 shares; John Goetz, 212 shares; all executive officers as a group, 1,066 shares; and all other employees, 77,776 shares. These shares have been adjusted for the March 2002 two-for-one stock split effected in the form of a 100% stock dividend.

Federal Income Tax Consequences

The following discussion is a general summary of the current material U.S. federal income tax consequences to U.S. participants in the Purchase Plan. The summary does not discuss all aspects of federal income taxation that may be relevant to a particular participant in light of such participant's personal investment circumstances, nor does it describe state or other tax consequences. The Purchase Plan is intended to meet the requirements of an "employee stock purchase plan" under Section 423 of the Internal Revenue Code.

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

Neither the grant of the right to purchase shares, nor the purchase of shares, under the Purchase Plan has a federal income tax effect on employees or the Company. Any United States tax liability to the employee and any tax deductions to the Company are deferred until the employee sells the shares, disposes of the shares by gift or dies.

In general, if shares are held for more than one year after they are purchased and for more than two years from the beginning of the enrollment period in which they are purchased, or if the employee dies while owning the shares, gain on the sale or other disposition of the shares constitutes ordinary income to an employee (with no corresponding deduction to the Company) to the extent of the lesser of (1) 15% of the fair market value of the shares at the beginning of the enrollment period, or (2) the gain on the sale (the amount by which the market value of the shares on the date of sale, gift or death, exceeds the employee's purchase price). Any additional gain is a capital gain. If the shares are sold or disposed of prior to meeting both of the holding periods, an employee recognizes ordinary income (and the Company receives a corresponding deduction) to the extent that the fair market value of the shares at the date of the purchase exceeds the employee's purchase price. Any appreciation or depreciation after the date of the employee's purchase (measured with respect to the market value of the shares on the date of the employee's purchase) is treated as capital gain or loss.

The Board of Directors recommends that you vote FOR the proposal to amend the Amended and Restated 1988 Employee Stock Purchase Plan.
