Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's directors, executive officers and persons who beneficially own more than 10% of the Company's common stock to file with the SEC and the Nasdaq Stock Market reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company and to furnish the Company with copies of all such reports they file. To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company, or written representations that no other reports were required to be filed by those persons, the Company believes that, during the fiscal year ended December 31, 2008, all such reports were timely filed.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company maintains policies that relate to the identification, review and approval of related party transactions. As part of a review of possible related person transactions, the Company annually distributes and collects questionnaires that solicit information about any direct or indirect transactions with the Company from each of our directors and officers.

Our Standards of Business Conduct require all directors, officers and employees to avoid any situation that involves an actual or apparent conflict of interest in personal and professional relationships or with their duty to, or with any interest of, the Company. Under the Standards of Business Conduct, situations that involve, or may reasonably be inferred to involve, a conflict between a director, officer or employee's personal interests and the interests of the Company should be disclosed to the Chair of the Audit Committee. The Audit Committee is then responsible for reviewing the related party transaction. No related party transaction shall be approved or ratified if such transaction is contrary to the best interests of the Company. In determining whether to approve or ratify a related party transaction, the Audit Committee takes into account such factors as it deems appropriate, which may include whether the interested transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction.

From January 1, 2008 to the date of this proxy statement, there have not been any transactions of the type described in Item 404 of Regulation S-K, and currently no such transactions are proposed.

CORPORATE GOVERNANCE

The Company strives to maintain corporate governance practices that benefit the long-term interests of the Company's stockholders by clearly outlining the Company's duties and responsibilities, providing a framework for active and

fruitful discussions among the members of the Board of Directors and between the Board and management, and avoiding conflicts of interest and other legal and ethical problems. Accordingly, the Company's corporate governance practices are designed not only to satisfy regulatory requirements, but also to provide for effective management of the Company.

Information on the Company's corporate governance practices is available to the public under "Corporate Governance" on the Company's website at www.transact-tech.com. The information on the website includes the Company's Corporate Governance Principles, the charters of each of the Company's Committees, and the Company's Standards of Business Conduct, which includes a code of ethics applicable to the officers responsible for financial reporting, the Chief Executive Officer, Chief Financial Officer and Controller. The Company encourages its directors to attend all Board meetings as well as the Annual Meeting. One of the directors attended the Company's 2008 Annual Meeting. Each director attended at least 90% of the Company's Board meetings held in 2008 and 100% of applicable Committee meetings.

Board Size

The Corporate Governance Principles provide that the Board should generally have between four and ten members. In establishing the appropriate number of directors, the Board and the Compensation and Corporate Governance Committee consider (i) resignations and retirements from the current Board, (ii) the availability of appropriate, qualified candidates, and (iii) the goal of assuring that the Board is small enough to facilitate active discussions and decision-making while, at the same time, is large enough to provide an appropriate mix of continuity, experience, skills and diversity so that the Board and its Committees can effectively perform their responsibilities.

Criteria for Membership on the Board

The Board and its Nominating Committee consider a number of different factors in selecting nominees for director. Some of these factors, such as integrity, are applied uniformly to all prospective candidates. Others, such as specific industry experience, may be adopted on a case by case basis by the Board and the Nominating Committee based on the Company's business needs at the time a nomination is under consideration. The Nominating Committee and the Board of Directors apply the same criteria to each candidate for the Board, regardless of whether the candidate is proposed by a stockholder or some other source. Specific criteria considered by the Nominating Committee and the Board include:

Independence. The Board of Directors, in its Corporate Governance Principles and Committee charters, has established a policy that a substantial majority of the directors be "independent" members of the Board. The Nominating Committee and the Board consider the independence of each prospective director before election and further consider the independence of all continuing directors on at least an annual basis. The Board has determined that Messrs. Dill, Schwarz and Tanaka are independent in accordance with the Company's criteria and Mr. Shuldman, the Company's Chief Executive Officer, is not independent. The Board applies the following criteria in determining independence, which criteria are derived from Nasdaq's listing standards as well as certain additional requirements that are imposed on certain Committee members under the rules and regulations of the Securities and Exchange Commission and the Internal Revenue Service:

- **Independent Judgment.** The director must not have any relationship with the Company that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making this determination, the Board considers all relevant facts and circumstances, including commercial, charitable and familial relationships that might have an impact on the director's judgment.
- **Employment.** The director must not have been an employee of the Company or any parent or subsidiary of the Company at any time during the past three years. In addition, a member of the director's immediate family (including the director's spouse, parents, stepparents, children, stepchildren, siblings, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law and anyone who resides in the director's home other than a tenant or employee) must not have been an executive officer of the Company during the past three years.

- Other Payments. Neither the director nor a member of his or her immediate family member may have received compensation of more than \$100,000 per year from the Company during any period of twelve consecutive months during the past three years, except for director fees, payments arising solely from investments in the Company's securities, benefits under certain Company plans and non-discretionary compensation, certain permitted loans and compensation paid to a family member who is not an executive officer of the Company.
- Auditor Affiliation. Neither the director nor a member of his or her immediate family may be a current partner of the Company's independent auditors or have been a partner or employee of the Company's independent auditors who worked on the Company's audit at any time during the past three years.

- **Interlocking Directorships.** Neither the director nor any member of his or her immediate family may be employed as an executive officer by another entity where, at any time during the past three years, any of the Company's executive officers served on the compensation committee.
- **Transactions.** Neither the director nor any member of his or her immediate family may be a partner in, or a controlling stockholder or executive officer of, any organization that, during the current or any one of the past three years, received payments from the Company, or made payments to the Company, for property or services that exceed the greater of \$200,000 or 5% of the recipient's annual consolidated gross revenues for such year (excluding payments arising solely from investments in the Company's securities or paid under a non-discretionary charitable matching program).
- **Additional Standards for Audit Committee Members.** Any director who serves on the Board's Audit Committee may not, directly or indirectly, have received any consulting, advisory or other compensatory fee from the Company (other than certain retirement benefits and deferred compensation) or be an affiliate of the Company (except as a director, but including by way of stock ownership). In addition, no such director may have participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years.

Overall Board Composition. The Board of Directors believes it is important to consider the professional skills and background, experience in relevant industries, age and diversity of its directors in light of the Company's current and future business needs.

Personal Qualities. Each director must possess certain personal qualities, including integrity, judgment and business acumen. In addition, each director must be no older than 75 years of age at the time of nomination or renomination.

Commitments. Each director must have the time and ability to make a constructive contribution to the Board. While the Board does not believe it is appropriate to establish a single standard regarding the number of other boards on which a director may sit, this is a factor that may be considered in reviewing a candidate's suitability.

Additional Criteria for Incumbent Directors. During their terms, all incumbent directors on the Company's Board are expected to have regular attendance at Board and Committee meetings; to stay informed about the Company and its business; to participate in discussions of the Board and its Committees; to take an interest in the Company's business and provide advice and counsel to the Company's Chief Executive Officer; and to comply with the Company's Corporate Governance Principles and other applicable policies.

Regulatory Requirements. The Board must have directors who meet the criteria established from time to time by The Nasdaq Global Market, the Securities and Exchange Commission, the Internal Revenue Service and other applicable regulatory entities for service on the Board and its Committees.

Director Nomination Process

Under its charter, the Nominating Committee is responsible for identifying, reviewing and recommending individuals to the Board for nomination or election as directors. This typically involves the following steps:

- **Specific Criteria.** The Nominating Committee and the Board review the overall composition of the Board in light of the Company's current and expected business needs and, as a result of such assessments, may establish specific qualifications that the Committee will seek in Board candidates.

- Identifying New Candidates. The Committee may seek to identify new candidates for the Board (i) who possess the desired qualifications, and (ii) who satisfy the other requirements for Board service. In identifying new director candidates, the Committee may seek advice and names of candidates from Committee members, other members of the Board, members of management, and other public and private sources. The Committee may also, but need not, retain a search firm in order to assist it in these efforts.

- **Reviewing New Candidates.** The Committee reviews the potential new director candidates identified through this process. This involves reviewing the candidates' qualifications and conducting an appropriate background investigation. The Committee may also select certain candidates to be interviewed by one or more Committee members.
- **Reviewing Incumbent Candidates.** On an annual basis, the Committee also reviews incumbent candidates for renomination to the Board. This review involves an analysis of the criteria described above that apply to incumbent directors.
- **Recommending Candidates.** The Nominating Committee recommends a slate of candidates for the Board of Directors to submit for approval to the stockholders at the Annual Meeting. This slate of candidates may include both incumbent and new nominees. In addition, apart from this annual process, the Committee may, in accordance with the Corporate Governance Principles, recommend that the Board elect new members of the Board who will serve until the next annual stockholders meeting. At the time of making any recommendation to the Board, the Committee reports on the criteria that were applied in making the recommendation and its findings concerning each candidate's qualifications.
- **Stockholder Nominations Submitted to the Committee.** Stockholders may also submit names of director candidates, including their own, to the Nominating Committee for its consideration. The process for stockholders to use in submitting suggestions to the Nominating Committee is set forth below at "Procedures for Submitting Director Nominations and Recommendations." Candidates who are nominated for the Board of Directors by shareholders are evaluated in the same manner as recommendations received from other sources.

Board Meetings and Executive Sessions

The Board of Directors holds regular quarterly meetings, as well as periodic special meetings. In 2008, the Board of Directors held eleven meetings.

Independent directors meet by themselves in executive sessions, without management or employee directors present, at most regularly scheduled Board meetings. In addition, independent directors may convene additional executive sessions at any time.

These executive sessions are led by the Chair of the committee that is responsible for the subject matter at issue (e.g., the Audit Committee Chair would lead a discussion of audit-related matters). When it is not clear which committee has specific responsibility for the subject matter, the Chair of the Compensation and Corporate Governance Committee presides.

Committees of the Board

The Board has four standing committees: the Audit Committee, the Compensation and Corporate Governance Committee, the Nominating Committee and the Executive Committee.

Each Committee is composed entirely of independent directors and operates under a written charter. The Chair of each Committee is selected by the Board. Each Committee, except the Executive Committee, holds regular executive sessions at which only Committee members are present. Each Committee is authorized to retain its own outside counsel and other advisors as it desires.

Charters for the Audit Committee, the Compensation and Corporate Governance Committee, and the Nominating Committee are available on the Company's website, www.transact-tech.com, but a brief summary of the committees' responsibilities follows:

6

Audit Committee. The Audit Committee is responsible for assisting the Board in fulfilling its responsibilities to oversee the quality and integrity of the Company's financial statements and accounting practices, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of the Company's independent registered public accounting firm and internal audit function. It is comprised of Messrs. Charles A. Dill, Thomas R. Schwarz and Graham Y. Tanaka, with Mr. Dill serving as Chair. The Board has determined that each member of the Audit Committee is an independent director and meets the financial literacy requirements of The Nasdaq Global Market to serve on the Committee. In addition, the Board has determined that Mr. Dill is an "audit committee financial expert" as defined under the rules of the Securities and Exchange Commission. The Audit Committee operates under a written charter, which was revised in March 2004 and is posted on the Company's website. The Audit Committee met four times during 2008.

Nominating Committee. The Nominating Committee is responsible for assisting the Board in carrying out its responsibilities relating to the composition of the Board, including identifying, reviewing and recommending candidates to the Board for nomination or election as directors. It is comprised of Messrs. Charles A. Dill, Thomas R. Schwarz and Graham Y. Tanaka, with Mr. Tanaka serving as Chair. The Nominating Committee operates under a written charter, which was adopted in March 2004 and is posted on the Company's website. The Nominating Committee met one time during 2008.

Compensation and Corporate Governance Committee. The Compensation Committee provides oversight for the hiring and termination of all executive officers of the Company, the Company's corporate governance practices, CEO performance review and succession planning, director compensation, Board and Committee performance evaluation, stockholder communication matters, the design and management of the executive compensation programs, and the philosophy and programs for all employee compensation and benefit programs worldwide. The Committee is responsible for determining the compensation (including salary, bonus, equity-based grants, and any other long-term cash compensation) for the Company's Chief Executive Officer and for other senior executives as are subject to the Committee's direct purview. It is comprised of Messrs. Charles A. Dill, Thomas R. Schwarz and Graham Y. Tanaka, with Mr. Schwarz serving as Chair. The Compensation and Corporate Governance Committee operates under a written charter, which was adopted in March 2004 and is posted on the Company's website. The Compensation and Corporate Governance Committee met three times during 2008.

Executive Committee. The Executive Committee meets between scheduled meetings of the Board of Directors and has the power and authority of the Board, except as limited by the Company's By-Laws. It is comprised of Messrs. Charles A. Dill, Thomas R. Schwarz and Graham Y. Tanaka. The Executive Committee did not meet during 2008.

Standards of Business Conduct

In order to help assure the highest levels of business ethics at the Company, the Board of Directors has approved and the Company has adopted Standards of Business Conduct (the "Standards"), which apply to the Company's directors, officers and employees. The Standards provide an overview of the Company's policies related to employee conduct in the workplace, regulatory compliance and investigations; the Company's relationships with its customers, vendors, competitors and the public; insider trading; conflicts of interest; lobbying; political activities and contributions; accuracy of books, records and financial statements; confidentiality; and the protection of all who come forward to report suspected violations of the Standards. In addition, the Standards act as a code of ethics promoting honest and ethical conduct on the part of the Company's officers who are responsible for financial reporting, including the Chief Executive Officer, Chief Financial Officer and Controller. The Standards mandate that these officers avoid conflicts of interest and disclose any relationship that could give rise to a conflict, protect the confidentiality of non-public information about the Company, work to achieve responsible use of the Company's assets and resources, comply with all applicable governmental rules and regulations, and promptly report any possible violation of the Standards. The Standards require these individuals to promote full, fair, understandable and accurate disclosure in the Company's

publicly filed reports and other public communications. It sets forth standards for accounting practices and maintenance of records. Individuals who fail to observe the terms of the Standards may face disciplinary action, including possible employment termination.

PROPOSAL 1:

ELECTION OF DIRECTORS

The Board of Directors currently consists of four directors and is divided into three classes. Each class of directors is elected by the holders of the Company's Common Stock to serve a staggered three-year term.

At the Annual Meeting, one person is to be elected to hold office as a director until the 2012 Annual Meeting of Stockholders or until a successor is duly elected and qualified. The nominee for election is Charles A. Dill. In the absence of instructions to the contrary, the persons named in the accompanying proxy will vote such proxy “FOR” the election of the nominee. Should the nominee become unavailable, which is not anticipated, votes pursuant to the proxy will be cast for a substitute candidate as may be designated by the Board of Directors, or in the absence of such designation, in such other manner as the Board may in their discretion determine. Alternatively, in such a situation, the Board of Directors may take action to fix the number of directors for the ensuing year at the number of nominees and incumbent directors who are then able to serve.

Director Independence and Qualifications

The Board of Directors has determined that Messrs. Dill, Schwarz and Tanaka are “independent” within the criteria established under the Company’s Corporate Governance Principles. Mr. Shuldman, as Chief Executive Officer of the Company, is not independent. See “Corporate Governance – Criteria for Membership on the Board.” In addition, the Board has determined that each director or nominee possesses the high level of skill, experience, reputation and commitment that is mandated by the Board.

Information Concerning Nominee for Re-election as Director Whose Terms Will Expire at the 2012 Annual Meeting

Charles A. Dill, 69, has been a director of the Company since its formation in June 1996. From 2004 to the present, Mr. Dill has served as a General Partner of Two Rivers Associates, a private equity investment firm. Mr. Dill was a General Partner of Gateway Associates, a venture capital firm, from 1996 to 2004. Mr. Dill currently serves as a director of Zoltek Companies, Inc. and Stifel Financial Corp., as well as several other privately held companies.

VOTE REQUIRED

The election of Charles A. Dill as director of the Company requires affirmative votes of the holders of a plurality of the votes of the Company’s Common Stock present in person or represented by proxy and entitled to vote. Abstentions by holders of such shares and broker non-votes will have no effect on the election of directors, but will be included in determining the presence of a quorum at the Annual Meeting.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE “FOR” THE ELECTION OF CHARLES A. DILL AS DIRECTOR OF THE COMPANY.

Information Concerning Director Whose Term Will Expire at the 2010 Annual Meeting

POLICY REGARDING PRE-APPROVAL OF SERVICES PROVIDED
BY THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has established a policy requiring its pre-approval of all audit services and permissible non-audit services provided by the independent registered public accounting firm, along with the associated fees for those services. The Policy provides for the annual pre-approval of specific types of services pursuant to policies and procedures adopted by the Audit Committee, and gives detailed guidance to management as to the specific services that are eligible for such annual pre-approval. The Policy requires the specific pre-approval of all other permitted services. For both types of pre-approval, the Audit Committee considers whether the provision of a non-audit service is consistent with the Securities and Exchange Commission's rules on auditor independence, including whether provision of the service (i) would create a mutual or conflicting interest between the independent registered public accounting firm and the Company, (ii) would place the independent registered public accounting firm in the position of auditing its own work, (iii) would result in the independent registered public accounting firm acting in the role of management or as an employee of the Company, or (iv) would place the independent registered public accounting firm in a position of acting as an advocate for the Company. In addition, the Audit Committee considers whether the independent registered public accounting firm is best positioned and qualified to provide the most effective and efficient service, based on factors such as the independent registered public accounting firm's familiarity with the Company's business, personnel, systems or risk profile and whether provision of the service by the independent registered public accounting firm would enhance the Company's ability to manage or control risk or improve audit quality or would otherwise be beneficial to the Company.

The Audit Committee may delegate to one of its members the authority to address certain requests for pre-approval of services between meetings of the Committee, and such Committee member is required to report his or her pre-approval decisions to the Committee at its next regular meeting. The Policy is designed to ensure that there is no delegation by the Audit Committee of authority or responsibility for pre-approval decisions to management of the Company. The Audit Committee monitors compliance by management with the pre-approval policy by requiring management, pursuant to the Policy, to report to the Audit Committee on a regular basis regarding the pre-approved services rendered by the independent registered public accounting firm.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM'S SERVICES AND FEES

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm. Accordingly, the Audit Committee has appointed PricewaterhouseCoopers LLP to perform audit and other services for the Company. In addition, the Audit Committee has procedures in place for the pre-approval by the Audit Committee of all services provided by PricewaterhouseCoopers LLP. These pre-approval procedures, as amended, are described below under "Policy Regarding Pre-Approval of Services Provided by the Independent Registered Public Accounting Firm."

The aggregate fees billed by PricewaterhouseCoopers LLP to the Company for the years ended December 31, 2008 and 2007 are as follows:

	2008	2007
Audit Fees(1)	\$ 412,192	\$ 402,580
Audit-Related Fees (2)	6,000	40,000
Tax Fees (3)	6,200	95,184
All Other Fees (4)	1,515	1,515
Total Fees for Services Provided	\$ 425,907	\$ 539,279

(1) Audit Fees consist of fees related to: (i) the annual audit of the Company's financial statements and of internal controls, (ii) reviews of the Company's quarterly financial statements, (iii) statutorily required audits for the Company's UK subsidiary and (iv) the review of registration statements, periodic reports and other reports filed with the SEC.

(2) Audit-Related Fees consist of fees incurred for consultations regarding accounting and financial reporting standards.

(3) Tax Fees include fees incurred for tax planning and advice, preparation of domestic and foreign tax returns, research and development tax credit study, and review of tax accruals.

(4) All Other Fees include software license fees for the use of a web-based accounting research tool.

The Audit Committee has considered whether the provision of the above services, other than Audit Fees, is compatible with maintaining the auditors' independence and has determined that, in its opinion, they are compatible. All of the above services during the year ended December 31, 2008, other than those covered by Audit Fees, were either approved by the Audit Committee or were performed pursuant to pre-approval policies and procedures.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

Overview

This Compensation Discussion and Analysis describes the philosophy, approach, and elements used by us and the Compensation and Corporate Governance Committee (the "Compensation Committee") of our Board of Directors, which is composed entirely of independent directors of the Company, to define, manage, and review compensation paid to our executives. Our philosophy and approach to executive compensation apply to all executive officers of the Company, including those executives designated as named executive officers.

Philosophy and Objectives of the Compensation Program

Our Compensation Committee's philosophy is that our executive compensation program is to be based on our performance and be competitive with other similar-sized companies in similar industries. The primary objectives of our compensation program are to:

- Attract, engage, retain, and reward executive officers;
- Motivate employees and encourage individual initiative and effort;
- Help to achieve key business objectives and attain Company goals; and
- Align executives' interests closely with those of the Company and its shareholders.

Our executive compensation program principally includes base salary, an incentive cash performance bonus program and equity incentive awards. The Compensation Committee believes that each element of the total compensation program helps to ensure that the efforts of our executive officers support the creation of stockholder value, whether through focusing on short-term and long-term performance goals, promoting an ownership mentality or linking individual performance to the Company's overall performance. The Committee retains its discretion to modify the

compensation program elements in response to the needs of the Company.

The elements of our executive compensation program are periodically analyzed using current publicly available market data, contemporary market trends in the industries in which the Company operates and periodic reviews of compensation and benefit surveys. Although we perform periodic reviews of salary surveys and occasionally use compensation consultants to analyze elements of our compensation program, we do not believe that it is appropriate to establish compensation levels based solely on the use of such surveys. The Committee did not utilize a compensation consultant in fiscal 2008, but it determined that a compensation consultant should be retained in fiscal 2009 to help the committee with its review of compensation information against market data.

We rely upon our judgment in making compensation decisions, after reviewing the financial performance of the Company and carefully evaluating an executive officer's performance, business achievements, leadership qualities, operational performance, business responsibilities, number of years of experience in the industry and/or with the Company, current compensation arrangements and long-term potential to enhance shareholder value. While competitive market compensation paid by other companies is one of the many factors that we consider in assessing the reasonableness of compensation, we do not attempt to maintain a certain target percentile within a peer group or otherwise rely on that data to solely determine executive officer compensation. Instead, we incorporate flexibility into our compensation program and in the assessment process to respond to and adjust for the evolving business environment. We strive to achieve an appropriate mix between cash payments and equity incentive awards to meet our objectives. Any apportionment goal is not applied rigidly and does not control our compensation decisions. Our mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of cash and equity awards. We believe the most important indicators of whether our compensation objectives are being met is our ability to motivate our executive officers to deliver superior performance and to achieve short-term and long-term strategic goals, including financial metrics related to revenue growth and profitability.

The Compensation Committee, on occasion, meets with the Chief Executive Officer and Chief Financial Officer to obtain recommendations with respect to the Company's compensation programs, practices and packages for executive officers, senior managers and other employees. Our Chief Executive Officer and Chief Financial Officer, with the assistance and support of the human resources department, provide recommendations regarding the design of the Company's compensation program to the Compensation Committee. The Compensation Committee considers, but is not bound to accept, management's recommendations with respect to executive compensation.

Elements of the Company's Compensation Plan

The principal elements of the Company's compensation program are base salary, an incentive cash bonus program and equity incentive awards.

Base Salary: In general, base salaries for employees, including executive officers, are established based on the scope of their responsibilities, individual contribution, prior experience, sustained performance, external market data and anticipated level of difficulty of replacing the employee with someone of comparable experience and skill. Base salary for each executive is reviewed on an annual basis as part of our companywide merit review process. The amount of any merit increase to an executive's base salary is determined based on a combination of the current position of the executive's pay against market data and the executive's performance and results during the past year. Our Chief Executive Officer is responsible for assessing the performance of each executive reporting to him. Our Compensation Committee assesses the performance of our Chief Executive Officer.

Incentive Cash Bonus Program: We have historically maintained an incentive cash compensation plan for all executive officers, except for those who receive sales commissions, which provides our executives with the opportunity to receive performance bonuses upon the attainment of certain annual financial objectives, as well as individual performance objectives. The incentive cash bonus is designed to be a significant portion of executive compensation in order to create and maintain a significant incentive for our executives to achieve or exceed our strategic and annual financial objectives.

To ensure alignment of compensation with our business objectives and performance, our Chief Executive Officer and other executive officers establish specific performance metrics each fiscal year. Our performance metrics (as used for incentive cash bonus) are reviewed and approved by our Compensation Committee. The metrics are quantifiable and aligned with our strategic and annual business plans and are regularly reviewed by our Board of Directors and

Compensation Committee. For 2008, we had a single performance metric which consisted of a target level of diluted earnings per share of \$0.30, excluding legal fees associated with the FutureLogic lawsuit. The minimum and maximum diluted earnings per share set forth in the incentive cash compensation plan by our Compensation Committee was \$0.21 and \$0.50, respectively, excluding legal fees associated with the FutureLogic lawsuit.

Our executive officers, except for those that receive sales commissions, participate in the incentive cash bonus plan. Bonuses are paid under the incentive cash bonus program only if the Company meets specified performance objectives. The incentive cash bonus that any particular executive is eligible to earn is established as a percentage of the individual's base salary ("Target Bonus"). If we reach our target performance objective, which in 2008 was based on a level of diluted earnings per share, bonuses are paid at 100% of the Target Bonus amount. If we under-achieve or over-achieve our target performance objective, the Target Bonus is adjusted accordingly on a sliding scale. For 2008, the estimated bonus payout upon reaching the minimum threshold was 60% of Target Bonus and the estimated maximum bonus payout was 140% of Target Bonus. In addition, if performance objectives are achieved, the actual bonus amount payable to an executive could be modified based on an evaluation of the executive's individual performance. The Compensation Committee sets the target diluted earnings per share amount at a level which it believes is challenging, yet achievable by the Company. The maximum bonus payout requires very high levels of both individual and Company performance, which the Compensation Committee believes are possible but extremely difficult to meet.

Equity Incentive Awards: The goal of our equity-based incentive awards is to align the interests of our executives with our shareholders and to provide executives with an incentive to manage the Company from the perspective of an owner with an equity stake in the business. We believe that our long-term performance is improved by encouraging ownership by our executives through the use of stock-based grants. Because vesting of our stock awards is based on continued employment, our equity-based incentives also facilitate the retention of executives through the term of the awards. Generally, we believe that stock options are the most effective tool for meeting our compensation goal of increasing long-term shareholder value by tying the value of stock options to our future performance – i.e. executives are able to profit from stock options only if our stock price increases in value over the stock option's exercise price.

Grants of stock options are typically approved by the Compensation Committee at its regularly scheduled meeting on or about March 1. While the majority of stock option awards to our employees have been made under our annual grant program, the Compensation Committee may make stock option awards to employees at other times, including at the time of hire of an employee, promotion of an employee, to reward an employee, for retention purposes or for other circumstances as recommended by the Chief Executive Officer or the Compensation Committee. In determining the size of the long-term equity incentives to be awarded to employees, we take into consideration a number of factors including but not limited to relative job scope, individual performance level, prior contributions to the Company, the need to retain the employee, the size of prior grants and competitive market data. Based upon these factors, the Compensation Committee determines the size of the equity incentives at levels it considers appropriate to create meaningful opportunity for reward predicated on the creation of long-term shareholder value.

The exercise price of options granted is set at the closing price of our common stock on the date of grant. Grants of options generally vest in equal annual installments over a three- to five-year period and have a ten-year term.

2008 Executive Compensation

The specific compensation decisions made for each of our executive officers for 2008 reflect the performance of the Company against key financial and operational measurements, as well as performance against individual objectives.

Base Salary: In determining the base salary of the Named Executive Officers, the Compensation Committee evaluated the overall performance of the Company and the individual's contributions to that performance, as well as the performance of the sales unit or function that each leads when relevant. In March 2008, the Compensation Committee conducted an annual review and evaluation of the compensation levels of Mr. Shuldman, Mr. DeMartino and Mr. Kumpf. Although the Compensation Committee conducted its annual review, the Company's executives, including Mr. Shuldman, Mr. DeMartino, Mr. Kumpf, Mr. Stetson and Mrs. Chernay, elected to receive no increase in base salary during 2008, due to the Company's performance in 2007 and to control costs in 2008.

Incentive Cash Bonus: During 2008, the Company achieved and exceeded by 20% its diluted earnings per share performance objective of \$0.30 diluted earnings per share, excluding legal fees associated with the FutureLogic lawsuit, as reviewed and approved by the Compensation Committee at the beginning of 2008. Therefore, for 2008, the cash bonus payout for all eligible employees, including executives, was 112% of the annual target amount. For 2008, Mr. Shuldman, Mr. DeMartino and Mr. Kumpf were paid an incentive cash bonus of \$357,739, \$132,664 and \$78,400, respectively. These amounts are shown in the “Summary Compensation Table” below under the column “Bonus.” These bonuses were calculated as a percentage of each executive’s base salary in effect as of March 2008. Mr. Stetson and Mrs. Chernay were not eligible to participate in the cash incentive program as they earned commission based on annual sales from their respective sales unit, as well as a cash bonus based on the attainment of certain individual objectives. Mr. Stetson and Mrs. Chernay received a commission, paid monthly, equal to 0.7% and 0.3% of sales achieved by each of them in the fiscal year and also included a discretionary bonus for Mrs. Chernay of \$5,000 which the Committee determined was appropriate given the overall increase in sales in the fiscal year.

Equity Incentive Awards: With regard to equity incentive compensation, during 2008 one equity incentive award was granted to the executives. In February 2008, the Compensation Committee awarded a grant to Mr. Shuldman, Mr. DeMartino, Mr. Kumpf, Mr. Stetson and Mrs. Chernay of stock options to purchase 21,000, 25,000, 20,000, 10,000 and 10,000 shares, respectively. The vesting terms of the grant of stock options are outlined in the table entitled “Grants of Plan-Based Awards in 2008.” The level of awards granted was consistent with the level of historical grants over the previous five years. Upon completion of their evaluation, the Compensation Committee planned to grant Mr. Shuldman stock options to purchase 30,000 shares. Mr. Shuldman asked the Committee to reduce his grant by 9,000 stock options in order to provide certain non-executive employees, who do not ordinarily receive equity incentive awards, with stock options.

Tax Deductibility of Compensation

Under Section 162(m) of the Internal Revenue Code, publicly held corporations may be prohibited from deducting as an expense for federal income tax purposes total compensation in excess of \$1 million paid to certain executive officers in a single year. Section 162(m) specifically exempts certain performance-based compensation from the deduction limit. The levels of base salary, annual cash incentive bonus and equity compensation we generally pay to our executive officers do not exceed this limit, and thus compensation decisions are not driven by the requirements of Section 162(m).

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in TransAct’s proxy statement for the 2009 annual meeting.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company has entered into certain agreements and maintains certain plans that may require payments be made, and/or benefits be provided, to the Named Executive Officers: (i) in the event a Named Executive Officer's employment is terminated other than for Cause, as defined below, (a "Termination Event"), (ii) if a change in control (as defined by the applicable agreement or plan) occurs (a "Change in Control Event") or (iii) if a Termination Event occurs or a Named Executive Officer resigns for certain specified reasons within one year of a change in control (a "Change in Control and Termination Event"). The payments and benefits that each Named Executive Officer may be entitled to receive upon a Termination Event, Change in Control Event or a Change in Control and Termination Event are described in the applicable employment agreement or severance agreement and the Company's 1996 Stock Plan and 2005 Equity Incentive Plan. Below is a description of the types of events that would trigger payments under these agreements and plans and the potential payments to each such Named Executive Officer assuming that a triggering event occurred on December 31, 2008, the last day of our most recent fiscal year.

Employment and Severance Agreements

Events That Trigger a Termination Event or Change in Control Event. The applicable employment and severance agreements generally define Cause as a termination for the following reasons: (i) action or inaction by the Named Executive Officer that constitutes larceny, fraud, gross negligence, a willful or negligent misrepresentation to the Board or officers of the Company or a commission of a crime of moral turpitude; (ii) material, repetitive, unjustified and unexcused refusal to follow the reasonable and lawful written instruction of the Board—or in the case of the Named Executive Officers other than Mr. Shuldman, the Board or the Company's President; or (iii) death or disability. Change in control is generally defined in each agreement to include (i) a merger of the Company with another company where the majority of the board of the surviving company is not comprised of directors of the Company in office immediately prior to the transaction, (ii) a change in the board of directors of the Company such that after an election a majority of the directors in office are not directors that were nominated by two-thirds of board members prior to the election or (iii) a complete liquidation of the Company.

Effect of a Termination Event or Change in Control and Termination Event. Under the terms of an Employment Agreement dated July 31, 1996 between Bart C. Shuldman and the Company, if a Termination Event or Change in Control Event were to occur, Mr. Shuldman would continue to receive: (i) his annual base salary and (ii) all other benefits (including health, disability and life insurance benefits; participation in any ERISA benefit plans and 401(k) plans; an automobile allowance; and certain service fees related to medical exams, income tax planning and estate planning) for two years and three years, respectively, from the date of termination. In connection with a Termination Event, Mr. Shuldman would receive a pro rata portion of his annual target bonus amount for the year of termination. If a Change in Control Event were to occur and within one year thereafter either Mr. Shuldman's employment is terminated other than for Cause, or Mr. Shuldman resigns following a significant reduction in the nature or scope of his responsibilities or authorities, a decrease in salary other than resulting from a reduction that applies generally to all management personnel or specified relocations of the Company's facilities, Mr. Shuldman would be entitled to continue to receive, in addition to the amounts listed in the first sentence, his annual target bonus for a period of three years from the date of termination and all stock options and other awards granted to Mr. Shuldman under the Company's stock plans would immediately vest.

Under the terms of a Severance Agreement with Steven A. DeMartino dated June 1, 2004, if a Termination Event were to occur, Mr. DeMartino would be entitled to continue to receive, for one year following the date of termination (i) his annual base salary, (ii) a pro rata portion of his annual target bonus for the year of termination and (iii) medical, dental, vision, life and long term disability insurance benefits. If a Change in Control Event were to occur and the employment of Mr. DeMartino is terminated other than for Cause, or if he resigns for specified reasons, within one year of a change in control, Mr. DeMartino would be entitled to receive for two years after his termination (i) his annual base salary, (ii) annual target bonus, (iii) medical, dental, vision, life and long term disability insurance benefits and (iv) all stock options granted to Mr. DeMartino would immediately vest.

Under the terms of Severance Agreements with Michael S. Kumpf, James B. Stetson, and Tracey S. Chernay dated September 4, 1996, January 24, 2001 and July 29, 2005, respectively, if a Termination Event were to occur, the applicable Named Executive Officer would be entitled to continue to receive, for six months following the date of termination (i) a pro rata portion of his or her annual base salary, (ii) a pro rata portion of his or her annual target bonus for the year of termination or, in the case of Messrs. Stetson, the full amount of the applicable annual target bonus for the year of termination, and (iii) only in the case of Mr. Kumpf and Mrs. Chernay, all benefits which would otherwise have been payable. If a Change in Control Event were to occur, the applicable Named Executive Officer would be entitled to continue to receive for a period of one year from the date of termination (i) base salary, (ii) annual target bonus, (iii) in the case of Mr. Kumpf and Mrs. Chernay, all benefits and (iv) all stock options granted to the applicable Named Executive Officer would immediately vest.

Equity Plans

2005 Equity Incentive Plan. The terms of the Company's 2005 Equity Incentive Plan provide that all awards issued under the plan would accelerate and either become exercisable or vest, as applicable, immediately prior to any of the following: (i) a reorganization, merger, consolidation or similar transaction in which the surviving corporation is not the Company or a publicly owned corporation (or a subsidiary thereof) in which the stockholders of the Company immediately prior to the transaction continue to beneficially own 50% or more of the voting securities of the Company, (ii) a sale, transfer, exchange or other disposition of all or substantially all of the Company's assets, (iii) any acquisition of 50% or more of the voting securities of the Company excluding acquisitions by specified parties or (iv) any dissolution or liquidation of the Company. Upon the occurrence of some of the foregoing Change in Control Events, stock or other property to be delivered upon acceleration of any award may be placed in escrow, rather than actually delivered, under terms set by the Compensation and Corporate Governance Committee.

1996 Stock Plan. The terms of the Company's 1996 Stock Plan do not provide for the acceleration of all awards issued under the plan in the event of a change in control of the Company. Instead, the plan provides that acceleration upon a change in control is permitted and that the terms of the individual awards issued under the plan control whether the awards accelerate upon occurrence of a Change in Control Event.

Payments Upon a Change in Control Event. If a Change in Control Event had occurred on December 31, 2008 that triggered acceleration of all of the equity awards outstanding to each Named Executive Officer under each of the 1996 Stock Plan and the 2005 Equity Incentive Plan that accelerate either by their terms or the terms of the applicable plan, the following amounts would have been paid to the Named Executive Officers:

Name	Stock Options(1)	Stock Awards(2)	Total
Bart C. Shuldman	\$ 201,663	\$ 71,145	\$ 272,808

Michael S. Kumpf	14,505	34,425	48,930
James B. Stetson	-	25,245	25,245
Tracey S. Chernay	-	-	-

(1) Accelerated stock options were valued using the spread between the exercise price of the applicable award and the closing price of \$4.59 per share of our common stock on December 31, 2008, which was the last trading day of the year.

(2) Accelerated stock awards were valued using the closing price of \$4.59 per share of our common stock on December 31, 2008, which was the last trading day of the year.

PAYMENTS UPON A TERMINATION EVENT

The following table summarizes the potential payments to each Named Executive Officer, over the course of the applicable time period for which such payments would be owed, assuming that a Termination Event occurred on December 31, 2008, the last day of the Company's fiscal year.

Non-Competition Provisions That Apply to a Termination Event or Change in Control Event

Pursuant to Mr. Shuldman's Employment Agreement, upon the occurrence of a Termination Event while he is receiving severance payments under the agreement, Mr. Shuldman agrees that for two years, or in the case of a Change in Control Event, for three years, that he will not directly or indirectly engage in any business or activity that is competitive with the Company in a geography where the Company is selling its products. Further, Mr. Shuldman agrees not to attempt to recruit any employees of the Company or encourage them to leave the Company and agrees not to encourage any of the Company's customers to direct their business elsewhere. The other Named Executive Officers have the same provisions in their Severance Agreements, except that they apply for six months upon the occurrence of a Termination Event or one year upon the occurrence of a Change in Control Event and they are not contingent upon the payment of the benefits described in each agreement by the Company to the Named Executive Officer.
