Independent Auditor's Report -----

May 2, 2003

To the Compensation and Personnel Committee
and Board of Directors of Tompkins Trustco, Inc.
Employee Stock Ownership Plan

We have audited the accompanying statements of net assets available for benefits of the Tompkins Trustco, Inc. Employee Stock Ownership Plan ("the Plan") as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Edgar Filing: TOMPKINS TRUSTCO INC - Form 11-K

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Assets Held for Investment Purposes at End of Year as of December 31, 2002, Investment Assets That Were Both Acquired and Disposed of Within the Plan Year for the Year Ended December 31, 2002, and Reportable Transactions for the Year Ended December 31, 2002 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TOMPKINS TRUSTCO, INC.

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Employee Stock Ownership Plan -----

The following description of the Tompkins Trustco, Inc. (the "Company") Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted effective January 1, 2001. The Plan is an employee stock ownership plan covering eligible employees who have completed one (1) year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Compensation and Personnel Committee appointed by the Company's Board of Directors (the "Board"). The Trust Department of Tompkins Trustco, Inc. is the Plan's Trustee (the "Trustee"). All investments are non-participant directed.

Effective December 31, 1999, the Company acquired Letchworth Independent Bancshares Corporation, holding corporation for the Bank of Castile. Letchworth Independent Bancshares Corporation operated a leveraged employee stock ownership plan known as Letchworth Independent Bancshares Corporation Employee Stock Ownership Plan. Effective January 1, 2001, Letchworth Independent Bancshares Corporation Employee Stock Ownership Plan merged with the Plan (see Note 8).

As described in Note 6, the Plan purchased voting common stock of the Company using the proceeds of a borrowing from the Company. The borrowing is collateralized by unallocated shares of stock and is to be repaid over a period of not more than ten (10) years by Company contributions to the Plan. As the Plan makes each payment of principal, an appropriate percentage of stock will be released and allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code (IRC). Shares vest fully upon allocation. Accordingly, the financial statements of the Plan for 2002 and 2001 present separately, the assets and liabilities and changes therein pertaining to the accounts of employees with vested rights in allocated stock (allocated) and stock not yet allocated to employees (unallocated). Under the Plan agreement, the Trustee shall vote all common stock of the Company unless otherwise directed by agreement.

Company contributions - The Company shall, for each Plan year, contribute to the Plan out of profits a discretionary amount, which shall not exceed 5% of participant compensation. This discretionary contribution is in addition to the required non-elective contribution (see Note 4).

Edgar Filing: TOMPKINS TRUSTCO INC - Form 11-K

Participants' accounts - Each participant's account is credited with an allocation of the Company's discretionary and non-elective contributions and an allocation of Plan earnings. Allocations of Company contributions are based upon the participant's compensation and the allocations of Plan earnings are based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

-6-

Forfeitures on non-vested account balances are allocated to participants' accounts as Company contributions.

Eligibility - An employee shall become eligible for participation in the Plan on the first day of the month coinciding with completing one (1) year of employment and attaining the age of twenty-one (21). However, any employee of the Company or its affiliated entities on December 31, 2000, automatically became a participant of the Plan on January 1, 2001. Leased employees, employees covered under a collective bargaining agreement and "On-Call" employees are not eligible to participate.

Vesting - Participants whose account balances transferred into the Plan on January 1, 2001, are fully vested. Employees who became eligible to participate in the Plan after January 1, 2001, will become vested in the Plan over a five (5) year period.

Payments of benefits - Upon retirement or disability, a participant may elect to receive either a lump sum amount equal to the value of their account or payments on an instalment method. Distributions to participants upon termination of employment other than for retirement or disability may be made in a lump sum.

Note 2 - Summary of significant accounting policies

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those assets.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Participant loans - The Plan may make loans to participants in an amount equal to the lesser of \$50,000 or one-half of the value of the participant's vested account balance. Loans will be payable over a five (5) year period and bear interest at the prime rate.

Risks and uncertainties - The Plan provides for various investment options in any combination of the Company's stocks and money market funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investments - Investments are recorded at fair value. The investment in the Company's common stock is valued at December 31, 2002 and 2001, at the

Edgar Filing: TOMPKINS TRUSTCO INC - Form 11-K

market value as listed on the American stock exchange for publicly traded securities. The value per share of common stock at December 31, 2002 and 2001, was \$44.10 and \$40.25, respectively.

-7-

Economic dependency and concentration of risk - The Plan has approximately 99% and 98% of its assets invested in Tompkins Trustco, Inc. Common Stock as of December 31, 2002 and 2001, respectively. Accordingly, the Plan is dependent upon the financial condition of the Company.

Note 3 - Administration of Plan assets

The Trustee of the Plan holds the Plan's assets, which consist principally of Tompkins Trustco, Inc. common shares. Dividends on the stock are paid in cash to the participants or reinvested to buy more shares of common stock for a participant account, or used to make loan payments.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses, including maintaining participant accounts, legal and accounting costs are paid directly by the Company.

Note 4 - Employer non-elective contributions

In addition to the Company's discretionary contribution, the Company is obligated to make contributions in cash to the Plan which, when aggregated with the dividends and interest earnings of the Plan's unallocated fund, equal the amount necessary to enable the Plan to make payments of principal and interest due on its term loan.

Note 5 - Investments

The Plan's investments are held by the Company's administered trust fund. The fair values of investments are as follows:

	December 31,	
	2002	2001
Tompkins Trustco, Inc. Common Stock - Allocated (404,007 in 2002 and 423,513 shares in 2001)	\$ 17,816,709	\$ 17,046,398
Tompkins Trustco, Inc. Common Stock - Unallocated (15,977 shares in 2002 and 32,261 shares in 2001)	704,586	1,298,505
Money market funds - Allocated	734	514
Money market funds - Unallocated	40	36
	-----	-----
Total investments at fair value	\$ 18,522,069	\$ 18,345,453

In March 2003 and 2002, the Plan allocated 15,977 and 22,091 shares,

Edgar Filing: TOMPKINS TRUSTCO INC - Form 11-K

respectively, which had previously been released but not allocated.

Investments that represent 5% or more of the Plan's net assets (\$930,509 for 2002 and \$909,756 for 2001) are separately identified above.

-8-

The Plan's investments appreciated (depreciated) in fair value as follows:

	Year ended December 31,	
	2002	2001
Tompkins Trustco, Inc. Common Stock - Allocated	\$ 362,024	\$ 4,358,221
Tompkins Trustco, Inc. Common Stock - Unallocated	(9,110)	395,197
	\$ 352,914	\$ 4,753,418
	\$ 352,914	\$ 4,753,418

Note 6 - Term loan payable

The Plan has a \$486,661 term loan agreement with the Company, which is collateralized by unallocated shares of Company stock. The term loan agreement provides for the loan to be repaid over a period not to exceed ten (10) years, requiring a minimum annual payment of principal of \$48,666 with interest payable annually at prime rate plus 1.0%, currently at 5.25%. The outstanding balance on the loan at December 31, 2001, was \$150,344. During 2001, the Plan utilized certain plan assets to pay additional principal of approximately \$106,000. During 2002, the note was repaid in full.

Note 7 - Termination of the Plan

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions and provisions of ERISA. Upon Plan termination, all assets would be used to pay the administrative expenses, liquidation expenses and participant claims until all fund assets have been expended. The Company would not be entitled to receive any assets or other benefits upon termination of the Plan.

Note 8 - Plan mergers and transfers

Effective January 1, 2001, The Tompkins Trustco, Inc. Investment and Stock Ownership Plan ("ISOP") spun off and transferred \$9,563,019 of assets to the Plan for the purpose of providing a discretionary profit sharing contribution to employees which consists mainly of Company stock. Furthermore, the Plan merged with the Bank of Castile Employee Stock Ownership Plan and \$4,017,246 of net assets were transferred into the Plan.

Note 9 - ESOP diversification and transfers

Edgar Filing: TOMPKINS TRUSTCO INC - Form 11-K

Under the Plan document, participants meeting certain age and service requirements may elect to diversify an eligible portion of Company stock held in their account within ninety (90) days after the close of each Plan year. The participants may make this election over a six (6) year period. In the first (5) five years a participant may diversify up to 25% of the number of shares allocated to their account. In the sixth year, the percentage changes to 50%. The funds elected to be diversified, are transferred to the ISOP and invested in funds as chosen by the participant. During 2002 and 2001, the Plan transferred \$243,925 and \$260,464 to the ISOP, respectively.

-9-

Note 10 - Plan amendments

Effective May 1, 2001, the Plan was amended to allow all affiliated entities of the Company to participate in the Plan.

Effective January 1, 2002, the Plan was amended as required by the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) to include catch-up contributions for participants fifty (50) years of age and older and to increase annual compensation limit for contribution and benefit purposes.

Note 11 - Tax status

The Company has filed for a determination letter from the Internal Revenue Service to determine that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Company has not received its determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 12 - Correction of contribution amount

In 2001 employer contributions were accrued improperly. The 2001 financial statements have been restated for this item. The result of this correction was to reduce the net increase in net assets in 2001 by \$584,810.
