ADM TRONICS UNLIMITED, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2007 AND 2006

(Unaudited)

NOTE 1 - ORGANIZATIONAL MATTERS

ADM Tronics Unlimited, Inc. ("we", "us", "the company" or "ADM"), was incorporated under the laws of the state of Delaware on November 24, 1969. We are authorized under our Certificate of Incorporation to issue 150,000,000 common shares, with \$.0005 par value, and 5,000,000 preferred shares with \$.01 par value.

The accompanying unaudited condensed consolidated financial statements as of

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

June 30, 2007 and for the three month periods ended June 30, 2007 and 2006 have been prepared by ADM pursuant to the rules and regulations of the Securities and Exchange Commission, including Form 10-QSB and Regulation S-B. The information furnished herein reflects all adjustments (consisting of normal recurring accruals and adjustments), which are, in the opinion of management, necessary to fairly present the operating results for the respective periods. Certain information and footnote disclosures normally present in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted pursuant to such rules and regulations. The Company believes that the disclosures provided are adequate to make the information presented not misleading. These financial statements and the information included under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" should be read in conjunction with the audited financial statements and explanatory notes for the year ended March 31, 2007 as disclosed in the Company's 10-KSB for that year as filed with the SEC, as it may be amended.

The results of the three months ended June 30, 2007 are not necessarily indicative of the results to be expected for the pending full year ending March 31, 2008.

NATURE OF BUSINESS

We are a manufacturer and engineering concern whose principal lines of business are the production and sale of chemical products and the manufacture and sale of medical devices. Our chemical product line is principally comprised of water-based chemical products used in the food packaging and converting industries. These products are sold to customers located in the United States, Australia, and Europe. Medical equipment is manufactured in accordance with customer specification on a contract basis. Our medical device product line consists principally of proprietary devices used in the treatment of joint pain, postoperative edema, and tinnitus. These devices are FDA cleared medical devices known as "Electroceutical" units. These products are sold or rented to customers located principally in the United States.

IVIVI OPERATIONS

Our former majority owned subsidiary, Ivivi Technologies, Inc. ("Ivivi"), filed a Registration Statement with the Securities and Exchange Commission ("SEC") for the initial public offering of a portion of its common stock. The Registration Statement was declared effective by the SEC on October 18, 2006. As a result of the consummation of Ivivi's initial public offering, we no longer own a majority of the outstanding common stock of Ivivi. We do own approximately 34% of Ivivi's outstanding common stock and can exert significant influence based upon the percentage of Ivivi's stock owned by us. As a result, our investment in Ivivi subsequent to October 18, 2006 is reported under the equity method of accounting, whereby we recognize our share of Ivivi's earnings or losses as they are incurred. For the three months ended June 30, 2006, Ivivi's revenues included in these consolidated financial statements were \$217,419 and Ivivi's operating loss was \$999,528.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

CONSOLIDATION

The consolidated financial statements include the accounts of ADM Tronics Unlimited, Inc. and its subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

USE OF ESTIMATES

These financial statements have been prepared in accordance with accounting

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

principles generally accepted in the United States and, accordingly, require management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates made by management include expected economic life and value of our medical devices, deferred tax assets, option and warrant expenses related to compensation to employees and directors, consultants and investment banks, the value of warrants issued in conjunction with convertible debt, allowance for doubtful accounts, and warranty reserves. Actual results could differ from those estimates.

6

REVENUE RECOGNITION

CHEMICAL PRODUCTS:

Sales revenues are recognized when products are shipped to end users. Shipments to distributors are recognized as sales where no right of return exists.

MEDICAL DEVICES:

We recognized revenue primarily from the rental and to a lesser extent from the sale of our medical devices. Revenue from the rental and sales of medical devices was primarily generated by our former subsidiary Ivivi. The Ivivi operations have been consolidated in these financial statements through October 18, 2006.

After October 18, 2006, we recognize revenue from the sale of the medical devices we manufacture for Ivivi upon completion of the manufacturing process.

Rental revenue, resulting from the Ivivi operations, has been recognized as earned on either a monthly or pay-per-use basis in accordance with individual customer agreements.

Sales are recognized when our products are shipped to end users including medical facilities and distributors. Our products are principally shipped on a "freight collect" basis. Shipping and handling charges and costs are immaterial. We have no post shipment obligations, and sales returns have been immaterial.

We provide an allowance for doubtful accounts determined primarily through specific identification and evaluation of significant past due accounts, supplemented by an estimate applied to the remaining balance of past due accounts.

NET LOSS PER SHARE

We use SFAS No. 128, "Earnings Per Share" for calculating the basic and diluted loss per share. We compute basic loss per share by dividing net loss and net loss attributable to common shareholders by the weighted average number of common shares outstanding. Diluted loss per share is computed similar to basic loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential shares had been issued and if the additional shares were dilutive. Common equivalent shares are excluded from the computation of net loss per share if their effect is antidilutive.

Per share basic and diluted net loss amounted to \$0.01 and \$0.04 for the three months ended June 30, 2007 and 2006, respectively. The assumed exercise of

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

common stock equivalents was not utilized for the three month periods ended June 30, 2007 and 2006 since the effect would be antidilutive. There were 11,626,854 common stock equivalents at June 30, 2007 and 50,182,341 at June 30, 2006.

NOTE 3 - INVENTORY

Inventory at June 30, 2007 consists of the following:

	Current	Long Term	Total
	-----	-----	-----
Raw materials	\$ 191,280	\$ 118,084	\$ 309,364
Finished goods	66,384	35,530	101,914
	-----	-----	-----
	\$ 257,664	\$ 153,614	\$ 411,278
	=====	=====	=====

NOTE 4 - INVESTMENT IN IVIVI AND RELATED CAPITAL TRANSACTIONS

On October 18, 2006, Ivivi's Registration Statement on Form SB-2 related to its initial public offering was declared effective by the Securities and Exchange Commission (the "SEC"). Upon the consummation of Ivivi's initial public offering, we no longer own a majority of the outstanding common stock of Ivivi and do not control Ivivi's operations, but can exert significant influence based upon the percentage of Ivivi's stock owned by us. As a result, we have deconsolidated the operations of Ivivi subsequent to October 18, 2006. Any future change of percentage of interest gains or losses related to our investment in Ivivi will be recorded as a credit or charge to additional paid-in capital.

During the period from April 1, 2007 to June 30, 2007, Ivivi recorded an increase in additional paid-in capital as a result of the recognition of compensation expense related to option grants to employees and others. We have recorded a proportional increase in our investment in Ivivi in the amount of \$112,290, with a related credit to additional paid-in capital. We have also recorded A change of ownership percentage adjustment of \$121.

The market value of our investment in Ivivi at June 30, 2007 was \$14,007,500. However, our common shares of Ivivi have not been registered with the SEC and are subject to restriction as a result of securities laws and a lock-up agreement for 12 months from Ivivi's IPO that has been executed by us.

7

The following table sets forth summarized results of operations of Ivivi for the three months ended June 30, 2007:

	April 1, 2007 to June 30, 2007 -----

CRITICAL ACCOUNTING POLICIES

REVENUE RECOGNITION:

Sales revenues from our chemical products are recognized when products are shipped to end users. Shipments to distributors are recognized as sales where no right of return exists.

We recognized medical device revenue primarily from the rental and, to a lesser extent, from the sale of our medical devices. Revenue from the rental and sales of medical devices was primarily generated by our former subsidiary Ivivi. The Ivivi operations have been consolidated in these financial statements through October 18, 2006.

After October 18, 2006, we recognize revenue from the sale of the medical devices we manufacture for Ivivi upon completion of the manufacturing process.

Rental revenue from medical devices, resulting from the Ivivi operations, has been recognized as earned on either a monthly or pay-per- use basis in accordance with individual customer agreements.

Sales of medical devices are recognized when our products are shipped to end users including medical facilities and distributors. Our products are principally shipped on a "freight collect" basis. Shipping and handling charges

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

and costs are immaterial. We have no post shipment obligations and sales returns have been immaterial.

USE OF ESTIMATES:

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an ongoing basis, we evaluate our estimates, including those related to reserves, deferred tax assets and valuation allowance, impairment of long-lived assets, fair value of equity instruments issued to consultants for services and fair value of equity instruments issued to others. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions; however, we believe that our estimates, including those for the above-described items, are reasonable.

9

BUSINESS OVERVIEW

ADM is a corporation that was organized under the laws of the State of Delaware on November 24, 1969. During the years ended March 31, 2007 and 2006, our operations were conducted through ADM itself and its subsidiaries, Ivivi Technologies, Inc. (through October 18, 2006), Pegasus Laboratories, Inc. and Sonotron Medical Systems, Inc. Ivivi has been deconsolidated as of October 18, 2006 upon the consummation of Ivivi's initial public offering, as we no longer own a majority of the outstanding common stock of Ivivi and do not control Ivivi's operations, but can exert significant influence based on the percentage of Ivivi's stock owned by us. As a result, our investment in Ivivi subsequent to October 18, 2006 is reported under the equity method of accounting and Ivivi's results of operations and cash flows have not been consolidated with our results of operations and cash flows since that date.

We are a technology-based developer and manufacturer of diversified lines of products in the following three areas: (1) environmentally safe chemical products for industrial use, (2) therapeutic non-invasive electronic medical devices and (3) cosmetic and topical dermatological products. We have historically derived most of our revenues from the development, manufacture and sale of chemical products, and, to a lesser extent, from our therapeutic non-invasive electronic medical devices and topical dermatological products. However, during the three months ended June 30, 2006, we derived an increased amount of our revenue from the sale and rental of our therapeutic non-invasive medical devices, through Ivivi. With the consummation of Ivivi's IPO, our continuing revenues will once again be derived primarily from the development, manufacture and sale of chemical products, and, to a lesser extent, from our therapeutic non-invasive electronic medical devices and topical dermatological products. Our current medical segment includes our Sonotron subsidiary.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED JUNE 30, 2007 AS COMPARED TO JUNE 30, 2006

We believe the following table, which compares the results of operations for the

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

three months ended June 30, 2007 with the pro-forma results of operations for the three months ended June 30, 2006 as if Ivivi's operations were reported on one line, gives a more informative disclosure of our ongoing operations.

The pro forma financial information set forth below should be read in conjunction with a reading of our historical financial statements. The pro forma information is presented for illustrative purposes only and is not intended to be indicative of our results of operations that may be reported in the future.

REVENUES

We have included the operations of our Ivivi subsidiary in our consolidated results of operations through October 18, 2006. For the three month period ended June 30, 2006, revenues from such operations were \$217,419.

Revenues were \$293,086 for the three months ended June 30, 2007 as compared to \$247,560 for the three months ended June 30, 2006 (excluding Ivivi's operations), an increase of \$45,526, or 18%. The increase resulted from an increase in sales of finished medical devices to Ivivi. Gross profit was \$123,027 and \$161,966 (excluding Ivivi's operations) for the three months ended June 30, 2007 and 2006 respectively. Gross margins decreased as a result of margins on \$61,599 of sales of medical devices of approximately 17% to Ivivi as compared to margins achieved from chemical products.

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

NET LOSS

We have included the operations of our Ivivi subsidiary in our consolidated results of operations through October 18, 2006. For the three month period ended June 30, 2006, net loss attributable to the Ivivi operations was \$2,205,935.

Net loss for the three months ended June 30, 2007 was \$572,649 compared to a net loss for the three months ended June 30, 2006 of \$2,187,702.

Selling, general and administrative expenses increased by \$102,995, or 71%, from \$145,724, excluding Ivivi's operations, to \$248,719, mainly due to a \$65,613 increase in consulting and professional fees and a \$21,870 increase in compensation expense. We also recorded an equity method investment loss of \$469,607 in 2007 from our investment in Ivivi. Interest income increased \$22,890, to \$25,143 in the three months ended June 30, 2007 from \$2,253 in the three months ended June 30, 2006, due to increased funds invested in a money market account.

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2007, we had cash and equivalents of \$2,335,871 as compared to \$2,498,276 at March 31, 2007. The \$162,405 decrease was primarily the result of our loss from operations during the three month period. Our cash will be used for increased administrative and marketing costs in order to attempt to increase our revenue. The market value of our investment in Ivivi at June 30, 2007 was \$14,007,500. However, our common shares of Ivivi have not been registered with the SEC and are subject to restriction as a result of securities laws and a lock-up agreement for 12 months from Ivivi's IPO that has been executed by us.

OPERATING ACTIVITIES

Net cash used by operating activities was \$152,588 for the three months ended June 30, 2007 as compared to net cash used by operating activities of \$438,929 for the three months ended June 30, 2006. The use of cash in 2007 was primarily due to a net loss of \$572,649 and an increase in net operating assets of \$60,516, partially offset by a non cash charge for the equity investment loss of \$469,607.

The use of cash in the 2006 period was primarily due to a net loss of \$2,187,702 of which \$2,205,935 was related to Ivivi's operations, partially offset by non cash charges for the amortization of loan costs and amortization of discount of \$211,462 on the convertible notes issued in the private placements, stock based compensation of \$230,672, equity based penalty expense of \$640,717 and the increase in the fair value of the liability for warrants issued with registration rights of \$224,003. In addition, we recorded a decrease in accounts receivable of \$60,626 and an increase in accounts payable of \$368,454.

FINANCING ACTIVITIES

During the three months ended June 30, 2006, we paid \$113,974 for deferred costs related to Ivivi's IPO and Ivivi had net proceeds from notes payable of \$250,000. We had no comparable items during 2007.

indebtedness to the Company, management launched a sales and marketing initiative which included, among other things, the re-branding of its water-based industrial chemical products through the establishment of a new division, Aqua-Based Technologies. In addition, the Company hired a Director of Sales and Marketing for such division. This is part of a business plan to enhance Company operations and to increase sales and marketing efforts for its products. Such plan includes seeking to hire additional sales employees as well as pursuing strategic relationships to help market and promote certain product lines. Although we expect available funds and funds generated from our operations to be sufficient to meet our anticipated needs for a minimum of 12 months, we may need to obtain additional capital to continue to operate and grow our business. Our cash requirements may vary materially from those currently anticipated due to changes in our operations, including our marketing and sales activities, product development, and the timing of our receipt of revenues. We do not have any material external sources of liquidity or unused sources of funds. Our ability to obtain additional financing in the future will depend in part upon the prevailing capital market conditions, as well as our business performance. There can be no assurance that we will be successful in our efforts to arrange additional financing on terms satisfactory to us or at all.
