NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2010
(UNAUDITED)

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

General

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10Q. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Accordingly, the results from operations for the three months period ended March 31, 2010 are not necessarily indicative of the results that may be expected for the year ending December 31, 2010. The unaudited condensed financial statements should be read in conjunction with the December 31, 2009 financial statements and footnotes thereto included in the Company's SEC Form 10 K.

The condensed consolidated financial statements as of December 31, 2009 have been derived from the audited consolidated financial statements at that date but do not include all disclosures required by the accounting principles generally accepted in the United States of America.

Business and Basis of Presentation

Seawright Holdings, Inc., (Company) was formed on October 14, 1999 under the laws of the state of Delaware. The Company is a development stage enterprise, as defined by Accounting Standards Codification subtopic 915-10, Development Stage Entities ("ASC 915-10") and is seeking to develop a spring water bottling and distribution business. From its inception through the date of these financial statements, the Company has recognized minimal revenues and has incurred significant operating expenses. Consequently, its operations are subject to all risks inherent in the establishment of a new business enterprise. For the period from inception through March 31, 2010, the Company has accumulated losses of \$8,963,297.

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, Seawright Springs LLC and Knox County Minerals, LLC. Significant intercompany transactions have been eliminated in consolidation.

Reclassification

Certain reclassifications have been made in prior year's financial statements to conform to classifications used in the current year.

Recent Accounting Pronouncements

There were various other updates recently issued, most of which represented technical corrections to the accounting literature or application to specific industries and are not expected to have a material impact on the Company's

consolidated financial position, results of operations or cash flows.

NOTE 2 - GOING CONCERN MATTERS

The accompanying unaudited condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying unaudited condensed consolidated financial statements during three months ended March 31, 2010, the Company incurred a net loss of \$331,057, had incurred a deficit since its inception from October 14, 1999 through March 31, 2010 in the amount of \$8,963,297 and used \$5,565,932 in cash for operating activities from its inception through March 31, 2010. These factors among others may indicate that the Company will be unable to continue as a going concern for a reasonable period of time.

The Company's existence is dependent upon management's ability to develop profitable operations. Management is devoting substantially all of its efforts to developing its products and services and there can be no assurance that the Company's efforts will be successful. However, the planned principal operations have not commenced and no assurance can be given that management's actions will result in profitable operations or the resolution of its liquidity problems. The Company is also pursuing additional debt or equity financing through discussions with private investors. There can be no assurance that the Company will be successful in its effort to secure additional financing. The accompanying statements do not include any adjustments that might result should the Company be unable to continue as a going concern.

NOTE 3 - PROPERTY AND EQUIPMENT

In October, 2003, the Company acquired approximately 140 acres of land and related improvements in Augusta County, Virginia, in exchange for \$1,000,000, comprised of \$300,000 of cash and a \$700,000 promissory note payable.

NOTE 3 - PROPERTY AND EQUIPMENT (continued)

Major classes of property and equipment at March 31, 2010 and December 31, 2009 consisted of the following:

	March 31, 2010	December 31, 2009
Land	\$1,000,000	\$1,000,000
Equipment	32,167	32,167
Building improvements	261,307	261,307
	1,293,474	1,293,474
Less - accumulated depreciation	(48,881)	(45,190)
	\$1,244,593	\$1,248,284

Depreciation expense was \$3,691 and \$3,691 for the three month periods ended March 31, 2010 and 2009, respectively.

NOTE 4 - LAND PURCHASE OPTION

On March 25, 2010, the Company's wholly-owned subsidiary, Knox Minerals, LLC ("Knox Minerals"), entered into a Real Estate Purchase Option (the "2010 Option") with James R. Golden and John C. Slusher (the "Option Holders"), under which Knox Minerals agreed to pay the Option Holders \$100,000 for an option to purchase the oil and gas (including coal bed methane) rights under certain land owned by the Option Holders in Knox County, Kentucky (the "Knox Land") for an aggregate price of \$1,575,000. The option period was 120 days, except that Knox Minerals had the right to extend the closing date for four additional 30 day periods upon payment of \$25,000 for each period. Next Generation Media Corp., n/k/a Next Generation Energy Corp. ("NGEC"), loaned the Company \$125,000, of which \$100,000 used by Knox Minerals to make the initial option payment to the Option Holders and the remaining \$25,000 was used to pay a brokerage commission due to a broker who arranged the 2010 Option. NGEC's loan is evidenced by a promissory note dated March 25, 2010 in the principal amount of \$125,000 that is payable in full with interest at 6% per annum twenty-four months after the date of the note.

Subsequent to the date of the financial statements, in April 2010 Knox Minerals entered into an Assignment and Assumption Agreement with NGEC, under which Knox Minerals assigned all of its right, title and interest under the 2010 Option to NGEC. NGEC ultimately did not close and the 2010 Option lapsed by its terms. Subsequent to the assignment and before the expiration of the 2010 Option to NGEC, the President of the Company, Joel Sens, became a significant shareholder and a director of NGEC (see Note 9 – Subsequent Events).

NOTE 5 - NOTES PAYABLE

Notes payable at March 31, 2010 and December 31, 2009 are as follows:

(1) Theodore J. Kanakis loaned the Company \$300,000 pursuant to an unsecured promissory note bearing interest at 7% per annum and due July 1, 2008. The Company made partial repayment during the year ended December 31, 2008, with remaining outstanding principal in the amount of \$187,530 at December 31, 2009 and 2008. On January 15, 2010, the Company, Mr. Kanakis and Mr. Sens entered into a settlement agreement, under which Mr. Sens allowed Mr. Kanakis to retain a coin collection, which the parties agreed and had a fair value of \$105,000, Mr. Sens pledged as part of the settlement agreement. In addition, the Company issued Mr. Kanakis a note in the amount of \$150,000 in settlement of the Company's remaining liability due to Mr. Kanakis. The note is secured by a subordinate lien on certain property of the Company in Augusta County, Virginia. The note entitled the Company to satisfy the entire amount due under the note by a payment of \$125,000 on or before March 30, 2010. As of March 31, 2010, the note was not paid, therefore interest began to accrue on the note at the rate of 1% per month, with monthly interest payments being due on the 5th day of each month. In addition, note provided that if the price of gold increased by more than 10% from the date of execution of the note, the principal amount due on the note would increase by the same percentage that the price of gold increased. The note is due and payable on December 31, 2010.

(2) On March 25, 2010, Next Generation Media Corp., n/k/a Next Generation Energy Corp. ("NGEC"), loaned the Company \$125,000, of which \$100,000 used by Knox Minerals to make the initial option payment to the Option

Holders (see Note 4) and the remaining \$25,000 was used to pay a brokerage commission due to a broker who arranged the 2010 Option. NGEN's loan is evidenced by a promissory note dated March 25, 2010 in the principal amount of \$125,000 that is payable in full with interest at 6% per annum twenty-four months after the date of the note. During the quarter ended March 31, 2010, NGEN advanced the Company in the amount of \$25,000 for working capital purpose. The advance is non-interest bearing and due on demand. In May 2010, the President of the Company became an officer and director of NGEN, and in October 2010 became a significant shareholder of NGEN.

NOTE 6 - LINE OF CREDIT

On April 14, 2008, the Company issued a promissory note to American Marketing and Capital, Inc. ("AMC") in the amount of \$300,000 note. The note was due October 13, 2008 and was secured by certain real estate of the Company and 2,100,000 common shares of the Company personally owned by the President of the Company. On May 16, 2008, the Company modified the previously issued \$300,000 note, adding additional borrowing of \$178,800 with the maturity date of the note remained unchanged. On May 30, 2008, the Company modified again the previously issued \$300,000 note, adding an additional borrowing of \$166,500, with the maturity date of the note remained unchanged. The note was repaid in full on July 8, 2008 upon sale of real estate property of the Company.

On August 28, 2008, the Company entered into a new revolving line of credit agreement with AMC and issued a Revolving Credit promissory note to AMC in the amount of \$200,000. The note bore interest at 2% per month, and matures on October 27, 2008. The note was secured by all non-real estate assets of the Company, and by 980,000 shares of common stock of the Company owned by Joel Sens. On November 7, 2008, the Company and AMC amended their line of credit agreement to increase the amount that the Company could borrow by \$360,000, to a maximum of \$560,000. The amendment also extended the maturity date of the note to January 6, 2009. Under the amendment, the Company granted AMC a lien on the certain property of the Company located in Augusta County, Virginia to secure the loan, in addition to the collaterals as defined pursuant to the original line of credit agreement dated August 28, 2008. The Company's outstanding balance as of March 31, 2010 and December 31, 2009 is \$700,427.

NOTE 7 - COMMON STOCK

The Company was incorporated under the laws of the State of Delaware on October 14, 1999 under the name of Pre-Settlement Funding Corporation. The Company has authorized 100,000 shares of preferred stock, with a par value of \$0.001 per share. The Company has designated 60,000 of its preferred stock as Series A Convertible Preferred Stock. As of March 31, 2010 and December 31, 2009, the Company does not have any shares of Series A Convertible Preferred Stock issued and outstanding. The Company has authorized 19,900,000 shares of common stock, with a par value of \$.001 per share. As of March 31, 2010 and December 31, 2009, there were 13,598,399 shares of common stock issued and outstanding.

NOTE 8 - RELATED PARTY TRANSACTIONS

From time to time, the Company's President, Joel Sens, has advanced funds to the Company for working capital purposes. At times the total payment the Company repaid to the Company's President and (or) the funds the President of the Company withdrew exceeded the total balance due. The Company accounted for the excess payments to the Company's President as a nonreciprocal transfer to a shareholder and, accordingly, has reflected the overpayment as a direct reduction of additional paid-in capital. The total balance due from Mr. Sens was \$666,947 at December 31, 2009.

As described in Note 5, during the quarter ended March 31, 2010 Mr. Sens allowed Mr. Kanakis to retain a coin collection provided by Mr. Sens, valued at \$105,000, in partial settlement of the Company's liability due to Mr. Kanakis. Other net advances that Mr. Sens provided to the Company during the quarter ended March 31, 2010 was \$10,051. The aggregate contribution of \$115,051 to the benefit of the Company was accounted for as contributed capital and, accordingly, is reflected as an addition to additional paid-in capital. The total balance due from Mr. Sens was \$551,896 at March 31, 2010.

As described in Note 5, the Company's President has guaranteed certain loans to the Company, and/or pledged certain personal property to secure loans to the Company. The President of the Company pledged certain of his personal property including common shares of the Company he owned in connection with certain loan transactions.

As of March 31, 2010, the Company was indebted to Next Generation Energy Corp. ("NGEC") for \$125,000 under a promissory note dated March 25, 2010, which note bears interest at 6% per annum and is due 24 months after the date of the note (Note 5). In addition, as of March 31, 2010 the Company was indebted to NGEC for \$7,500 for a loan that bears interest at 6% per annum and is due on demand. As of March 31, 2010, the Company was indebted to NGEC for \$25,000, which loan is non-interest-bearing and due on demand. In May 2010, Mr. Sens became an officer and director of NGEC, and in October 2010 became a significant shareholder of NGEC.

NOTE 9 - SUBSEQUENT EVENTS

Amicus Funding, Inc. Loan Transactions

Amicus Funding, Inc. (“Amicus”) acquired two \$50,000 notes issued by Company during the year ended December 31, 2008. One note matured on June 26, 2008 and the other note matured on July 3, 2008, and neither note was paid at their maturity. On February 10, 2009, the Company, Amicus and the President of the Company, Joel Sens, entered into a settlement agreement with respect to the two notes owned by Amicus, in which the Company paid Amicus \$12,000 in cash and executed a note payable to Amicus in the amount of \$112,000. On November 10, 2009, the Company, Amicus and Mr. Sens entered into a settlement agreement with respect to the notes issued to Amicus under the February 10, 2009 settlement agreement. Under the November 10, 2009 settlement agreement, the Company issued Amicus a note in the amount of \$140,000.

NOTE 9 - SUBSEQUENT EVENTS (continued)

On November 10, 2010, Amicus agreed to convert the \$140,000 note and total unpaid accrued interest of \$10,000 into 375,000 shares of the Company's common stock. Amicus has the right, until March 30, 2011, to put any of the shares back to the Company for cash in the amount of \$0.40 per share. The note was converted and the common shares were issued to Amicus in December 2010.

American Marketing and Capital, Inc. Loan Transactions

As described in Note 6, the Company obtained a line of credit from American Marketing and Capital, Inc. ("AMC") with balance due AMC in the amount of \$700,427 at March 31, 2010 and December 31, 2009. On May 5, 2010, the Company and AMC converted the outstanding principal and all unpaid accrued interest owed to AMC into a Convertible Note in the original principal amount of \$440,000. The Convertible Note was due on October 30, 2010, bore interest at 6% per annum, and was convertible into the Company's common stock at \$0.40 per share. On November 9, 2010, the Company and AMC entered an agreement under which AMC converted all principal and interest due under the Convertible Note, which was \$466,400, into 1,166,000 shares of the Company's common stock. Of the shares issued to AMC, 375,000 shares were issued by the Company in December 2010 and 791,000 shares were provided by Mr. Sens.

Theodore J. Kanakis Loan Transactions

As described in Note 5, the principal amount due to Mr. Kanakis was \$150,000 and \$187,530 at March 31, 2010 and December 31, 2009, respectively. On January 22, 2011, the Company, Mr. Kanakis and Mr. Sens entered into an agreement, under which Mr. Kanakis agreed to convert the January 15, 2010 note and unpaid accrued interest and fees into 650,000 shares of the Company's common stock (the "Conversion Shares"). Mr. Kanakis has the right to put the Conversion Shares back to the Company at any time from March 31, 2011 to June 30, 2011 in the event he does not receive total proceeds of \$186,500 from the sale of the Conversion Shares and the Option Shares, in which event the put price for the Conversion Shares shall be the January 15, 2010 note. Mr. Kanakis had sold 100,000 of the Option Shares for \$12,500, and the parties agreed as part of the settlement that he could sell the remaining Option Shares, subject to a limit price of \$0.16 per share. Mr. Kanakis has a potential buyer to purchase the Conversion Shares for \$110,000, and if Mr. Kanakis is not paid by the buyer of the Conversion Shares, he has the right to put his rights and claims against the buyer to the Company in lieu of the Conversion Shares. If Mr. Kanakis is able to sell the remaining Option Shares, but does not sell or receive payment for the Conversion Shares, then Mr. Kanakis may put the Conversion Shares back to the Company for the January 15, 2010 note, in which event the Company shall be entitled to a credit of \$15,000 on the note. To date the 650,000 shares of common stock have not been issued to Mr. Kanakis.

None of the transactions contemplated by the January 22, 2011 agreement were completed. On June 29, 2011, the Company, Mr. Kanakis and Mr. Sens entered into a modification to the January 22, 2011 agreement. Under the modification, Mr. Kanakis agreed that he would sell the remaining Option Shares to an investor identified by Mr. Sens for \$0.18 per share, or \$72,000 by August 15, 2011; provided that he could sell any Option Shares on the open market at a price greater than \$0.18 per share prior to such investor purchasing the Option Shares. The parties also agreed that Mr. Kanakis would sell the Conversion Shares to an investor identified by Mr. Sens for \$110,000 by July 31,

2011. No shares were issued under the June 29, 2011 modification agreement and that agreement has since expired.

Charter House, LLC Loan Transactions

The Company had total outstanding notes due to Charter House, LLC in the aggregate amount of \$418,000 as of March 31, 2010 and December 31, 2009. On May 10, 2010, the Company and Charter House, LLC entered into a forbearance agreement with regards to the outstanding liability. The unpaid principal, accrued interest, penalty and fees were partially repaid by the Company pursuant to the agreement, and Charter House, LLC agreed not to exercise any remedies under the note until December 31, 2010. The interest rate was agreed to be 21% per annum. The Company also prepaid interest that would accrue under the note from May 10, 2010 to December 31, 2010 in the amount of \$51,478. The forbearance agreement defined the default rate of interest as 24% per annum, and provided that a default on a note to Kent Carr in the amount of \$750,000 (see below) would constitute a default under the note. If the Company fails to make payment in full of the amount due on or before December 31, 2010, a late charge of 10% of such payment will be added to the amount due. The Company did not repay the loan as of December 31, 2010 and is currently in default.

NOTE 9 - SUBSEQUENT EVENTS (continued)

Pierre Palian Loan Transactions

The Company had an outstanding note to Pierre Palian in the amount of \$375,000 as of March 31, 2010 and December 31, 2009. The note bore interest at 15% per annum, and matured on October 13, 2008. The note was secured a lien on certain real estate of the Company in Augusta County, Virginia. The note was guaranteed by Mr. Sens. On May 5, 2010, the Company and Mr. Palian entered into a forbearance agreement with regards to the outstanding liability. The unpaid accrued interest, penalty and fees were partially repaid by the Company pursuant to the agreement, and Mr. Palian agreed not to exercise any remedies under the note until December 31, 2010, and increased the interest rate under the note to 21% per annum. The Company also prepaid interest that would accrue under the note from May 10, 2010 to December 31, 2010 in the amount of \$48,972. The forbearance agreement also increased the default rate of interest to 24% per annum, and provided that a default on a note to Kent Carr in the amount of \$750,000 (see below) would constitute a default under the note. The Company did not repay the loan as of December 31, 2010 and is currently in default.

Kent Carr Loan Transaction

On May 5, 2010, the Company issued a note to Kent Carr in the amount of \$750,000 secured by a first lien on certain real estate property of the Company in Augusta County, Virginia. The note bore interest at 12% per annum and is due on November 1, 2011. The proceeds of the note were used to partially repay indebtedness to Charter House, LLC and Pierre Palian, and miscellaneous fees and charges. As part of the transaction, Charter House, LLC and Mr. Palian subordinated their first mortgage on certain property of the Company in Augusta County, Virginia to the mortgage lien of Mr. Carr.

Loans to Officer/Significant shareholder

From time to time, the President of the Company, Joel Sens, advanced funds to the Company for working capital purposes. As described in Note 8, the total balance due to Mr. Sens was paid in full and the total payments the Company remitted exceeded the total balance due to Mr. Sens. Total overpayment made to Mr. Sens amounted to \$551,896 at March 31, 2010. The total overpayment was subsequently reduced for the fair value of 791,000 shares of common stock Mr. Sens personally owned and assigned to another lender as partial settlement of the loan to the Company.

Knox County Minerals, LLC

On April 16, 2010, Knox Minerals entered into an Assignment and Assumption Agreement with NGEC, under which Knox Minerals assigned all of its right, title and interest under the 2010 Option to NGEC. Under the Assignment and Assumption Agreement, NGEC paid Knox Minerals \$600,000 in the form of a promissory note payable in full in sixty months with interest at 6% per annum. NGEC also agreed to grant Knox Minerals a 9% overriding royalty in the property, and to convey to Knox Minerals one of the parcels covered by the option. NGEC made one extension payment to extend the closing date under the 2010 Option, but did not close and the 2010 Option lapsed by its terms.

Subsequent to the assignment and before the expiration of the 2010 Option to NGEC, the President of the Company, Joel Sens, became a significant shareholder and a director of NGEC.

The Company has not netted the \$125,000 loan from NGEC against NGEC's \$600,000 promissory note payable to Knox Minerals because the obligations are not mutual obligations that are subject to offset under the law. A note payable of \$125,000 due to NGEC was accounted for in March 2010, however, the Company did not recognize a gain or a note receivable for the \$600,000 promissory note due from NGEC, based on the assessment that NGEC had limited ability to repay this note and that collection could not be reasonably assured at that time the agreement was entered into. The Company will account for future amounts, if any, that it collects from NGEC as other income only at the time such collection occurs.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Disclosure Regarding Forward Looking Statements

This Quarterly Report on Form 10-Q includes forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended ("Forward Looking Statements"). All statements other than statements of historical fact included in this report are Forward Looking Statements. In the normal course of its business, the Company, in an effort to help keep its shareholders and the public informed about the Company's operations, may from time-to-time issue certain statements, either in writing or orally, that contain or may contain Forward-Looking Statements. Although the Company believes that the expectations reflected in such Forward Looking Statements are reasonable, it can give no assurance that such expectations will prove to have been correct. Generally, these statements relate to business plans or strategies, projected or anticipated benefits or other consequences of such plans or strategies, past and possible future, of acquisitions and projected or anticipated benefits from acquisitions made by or to be made by the Company, or projections involving anticipated revenues, earnings, levels of capital expenditures or other aspects of operating results. All phases of the Company operations are subject to a number of uncertainties, risks and other influences, many of which are outside the control of the Company and any one of which, or a combination of which, could materially affect the results of the Company's proposed operations and whether Forward Looking Statements made by the Company ultimately prove to be accurate. Such important factors ("Important Factors") and other factors could cause actual results to differ materially from the Company's expectations are disclosed in this report. All prior and subsequent written and oral Forward Looking Statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by the Important Factors described below that could cause actual results to differ materially from the Company's expectations as set forth in any Forward Looking Statement made by or on behalf of the Company.

Plan of Operation

In 2003, we purchased property containing a spring located in Mt. Sidney, Virginia in the Shenandoah Valley with the intention of developing a spring water distribution business. The spring has a flow in excess of 1,000,000 gallons of water daily.

We chose to develop and acquire packaging for selling our water under the brand names Seawright Springs and Quibell. We developed two proprietary Polyethylene Terephthalate, or PET, bottles in a 16.9 ounce size and a 33.8 ounce size. In addition, in June 2005 we acquired from Quibell glass bottle designs for various sized bottles (including 237 ml, 385 ml, 750 ml and 1 liter sizes) as well as labels for various sized sparkling water bottles, spring water bottles and tea bottles (including 237 ml, 385 ml, 750 ml, 1 liter, 1.5 liter and 16.9 ounce bottles).

We ultimately determined that we did not have the capital resources to market and distribute our bottled water as a retail brand, and therefore we discontinued that business strategy. Our business strategy is now focused on negotiating bulk sales of our water to other bottlers, or to municipal, commercial or agricultural users. The fair value of the intangible assets acquired from Quibwell was impaired and reduced to \$0 as of December 31, 2007.

We do not anticipate that our business will require substantial additional capital to the extent it involves the sale of water in bulk from our existing property, because we expect that such sales will be handled by our existing officer. However, we are also considering complimentary acquisitions of other natural resources properties, and will need to raise new capital to complete any acquisitions.

In 2008, we decided to enter the business of owning oil and gas properties, and procured an option on certain properties in Knox County, Kentucky. However, we were unable to close on the purchase and the option lapsed in 2009. In 2010, we procured a new option on the oil and gas rights underlying the same properties, and shortly thereafter assigned the option to a third party. Subsequent to the assignment of the option in 2010, the President of the Company became a significant shareholder and a director of that entity the option was assigned to. This 2010 option also lapsed later in 2010.

Comparison of Financial Results

Three months ended March 31, 2010 and 2009

Revenues

During the three months ended March 31, 2010, and 2009, we generated no revenues. We have discontinued trying to market our bottled water as a retail brand, and have shifted our focus to negotiating bulk sales of our water to other bottlers, or to municipal, commercial or agricultural users. Because of the change in our business strategy, we do not believe that past revenues are reflective of our future revenues.

Costs and Expenses

From our inception through March 31, 2010, we have incurred net losses of \$8,938,297. These losses were associated principally with maintenance and engineering costs associated with the spring site, including testing of water quality, stock issuances to our founders, legal, consulting and accounting fees and costs in connection with the development of our business plan, market research, interest and financing expenses, and the preparation of our registration statements.

We incurred operating expenses of \$117,294 and \$256,384, respectively, during the three months ended March 31, 2010 and 2009, respectively. Expenses for the three months ended March 31, 2010 and 2009 are composed principally of salary, legal and accounting fees, and consulting fees.

We incurred total other expenses of \$213,763 and \$129,501, respectively, for the three months ended March 31, 2010 and 2009. Other expense in both periods was mainly attributable to interest and financing expense on borrowed funds.

During the three ended March 31, 2010 and 2009, we incurred net losses of \$331,057 and \$385,885, respectively.

Liquidity and Capital Resources

The following table sets forth the major sources and uses of cash for the three months ended March 31, 2010 and 2009:

	Three months ended March 31,	
	2010	2009
Net cash used in operating activities	\$ (60,059)	\$ (86,948)
Net cash used in investing activities	(100,000)	-
Net cash provided by financing activities	160,059	86,948
Net increase in cash and cash equivalents	\$ -	\$ -

As of March 31, 2010, we had working capital deficit (total current liabilities in excess of total current assets) of (\$3,098,561), an available cash balance of \$580, an accounts payable and accrued liabilities balance of \$1,128,969, a line of credit balance of \$700,427, notes payable and convertible notes payable of \$1,346,075, and other current liabilities of \$48,662.

While we have raised the capital necessary to meet our working capital and financing needs in the past, additional financing is required in order to meet our current and projected cash flow deficits from operations and development. Funds will be needed to meet certain of our obligations that are secured by our property in Mt. Sydney, Virginia, and to fund general and administrative expenses. We have been working on business development in recent years to fund our cash needs from the bulk sale of our spring water, but if we are not able to negotiate a bulk sales agreement in a timely fashion, we will need to raise new capital to fund our cash needs.

If we are not successful in generating sufficient liquidity from operations or in raising sufficient capital resources on terms acceptable to us, this could have a material adverse effect on our business, results of operations, liquidity and financial condition.

Going Concern

Our financial statements have been presented on the basis that we continue as a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying financial statements, we have significant recurring losses, and have minimal revenues at this time. These factors create an uncertainty about our ability to continue as a going concern. Management is devoting substantially all of its efforts to developing its products and services and there can be no assurance that the Company's efforts will be successful. However, the planned principal operations have not commenced and no assurance can be given that management's actions will result in profitable operations or the resolution of its liquidity problems. The Company is also pursuing additional debt or equity financing through discussions with private investors. There can be no assurance that the Company will be successful in its effort to secure additional financing. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements.

Critical Accounting Policies and Estimates

Our significant accounting policies are described in Note 1 of notes to our audited financial statements for the year ended December 31, 2009, which are included in our Annual Report on Form 10-K filed on June 15, 2011. Financial Reporting Release No. 60, published by the SEC, recommends that all companies include a discussion of critical accounting policies used in the preparation of their financial statements. While all these significant accounting policies impact our consolidated financial condition and results of operations, we view certain of these policies as critical. Policies determined to be critical are those policies that have the most significant impact on our consolidated financial statements and require management to use a greater degree of judgment and estimates. Actual results may differ from those estimates.

We believe that given current facts and circumstances, it is unlikely that applying any other reasonable judgments or estimate methodologies would cause a material effect on our consolidated results of operations, financial position or liquidity for the periods presented in this report.

Recent accounting pronouncements

Recent accounting pronouncements issued by the FASB and the SEC did not, or are not believed by management to, have a material impact on the Company's present or future consolidated financial statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Because the Company is a smaller reporting company, it is not required to provide the information called for by this Item.

ITEM 4. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

Joel Sens, our chief executive officer and chief financial officer, is responsible for establishing and maintaining our disclosure controls and procedures. Disclosure controls and procedures means controls and other procedures that are designed to ensure that information we are required to disclose in the reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and to ensure that information required to be disclosed by us in those reports is accumulated and communicated to our management, including our principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Mr. Sens evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) as of March 31, 2010. Based on that evaluation and because of the Company's limited resources and limited number of employees, it is concluded that our disclosure controls and procedures were ineffective as of March 31, 2010.

Changes in internal controls

There were no changes in our internal controls over financial reporting that occurred during the quarter ended March 31, 2010 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION.

ITEM 1. LEGAL PROCEEDINGS.

Reference is made to "Item 3. Legal Proceedings" in the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for a discussion of legal proceedings in 2009. The following developments occurred in the quarter ended March 31, 2010:

On August 10, 2009, Theodore Kanakis filed a lawsuit against the Company in the Circuit Court for Arlington County, Virginia to recover a loan in the original principal amount of \$300,000 that he made to the Company in 2007. The lawsuit was dismissed in January 2010 as part of a settlement under which Mr. Sens conveyed a coin collection that both parties valued at \$105,000 to Mr. Kanakis as partial payment of the amount owed Mr. Kanakis, and the Company issued a note to Mr. Kanakis for \$150,000 in settlement of the remainder of the liability.

ITEM 1A. RISK FACTORS.

Not applicable.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

At March 31, 2010, the Company was in default under certain loan agreements as described in Note 5 to its unaudited consolidated financial statements.

ITEM 4. (REMOVED AND RESERVED)

ITEM 5. OTHER INFORMATION.

None.

ITEM 6. EXHIBITS.

- 31 Certification Pursuant to Rule 13a-14(a)/15d-14(a) of the Securities Exchange Act of 1934
