Item 7.01. Regulation FD Disclosure

On April 21, 2014, the Company announced the launch of a secondary offering (the "Offering") of 1,791,304 shares of its common stock, \$0.01 par value per share (the "Common Stock"), by certain existing stockholders (the "Selling Stockholders") of the Company at a price to the public to be determined. The Company will not receive any of the proceeds from the sale of the Common Stock being sold by the Selling Stockholders.

The Common Stock is being offered and sold pursuant to a prospectus dated February 14, 2014 and a final prospectus supplement to be filed with the U.S. Securities and Exchange Commission (the "SEC"), in connection with a takedown from the Company's effective shelf registration statement on Form S-3 (File No. 333-193457) declared effective by the SEC on February 14, 2014. In addition, the Company will enter into an agreement with the underwriters to repurchase up to 400,000 of the 1,791,304 shares of common stock that are the subject of the Offering at a price per share equal to the price per share being paid by the underwriters to the Selling Stockholders in the Offering. The closing of this concurrent stock repurchase is contingent on the closing of the Offering and the satisfaction of certain other customary conditions. The
