PROXY STATEMENT  
ANNUAL MEETING OF STOCKHOLDERS  
May 17, 2018

To Our Stockholders:

Core Molding Technologies, Inc. (hereinafter referred to as the “Company”) is furnishing this Proxy Statement in connection with the solicitation by its Board of Directors of proxies to be used and voted at its annual meeting of stockholders, and at any adjournment of the annual meeting. The Company will hold its annual meeting on May 17, 2018, at 24 Commerce Drive, Gaffney, South Carolina at 9:00 a.m. Eastern Daylight Savings Time. The Company is holding the annual meeting for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The cost of soliciting proxies will be borne by the Company.

The Company is first sending this Proxy Statement, the accompanying proxy card and the Notice of Annual Meeting of Stockholders on or about April 12, 2018.

GENERAL INFORMATION

Solicitation

The Board of Directors of the Company (the “Board of Directors” or “Board” and individually, a “director” or “directors”) is soliciting the enclosed proxy. In addition to the use of the mail, directors and officers of the Company may solicit proxies, personally or by telephone. The Company will not pay its directors and officers any additional compensation for the solicitation.

In addition, Broadridge Financial Solutions, Inc. will conduct proxy distribution and tabulation on behalf of the Company. The Company will reimburse Broadridge Financial Solutions, Inc. for reasonable expenses incurred for these services. The Company also will make arrangements with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of proxy distribution material to beneficial owners of the common stock of the Company. The Company will reimburse those brokerage firms, custodians, nominees and fiduciaries for their reasonable expenses.

The Company will pay all expenses of the proxy distribution and tabulation. Except as otherwise provided, the Company will not use specially engaged employees or other paid solicitors to conduct any proxy solicitation.

Voting Rights and Votes Required

Holders of shares of the common stock of the Company at the close of business on March 23, 2018, the record date for the annual meeting, are entitled to notice of, and to vote at, the annual meeting. On the record date, the Company had 7,866,489 shares of common stock outstanding.

Each outstanding share of common stock on the record date is entitled to one vote on all matters presented at the annual meeting. The presence, in person or by proxy, of stockholders entitled to cast a majority of all the votes entitled to be

2

cast will constitute a quorum for the transaction of business at the annual meeting. No business, other than adjournment, can be conducted at the annual meeting unless a quorum is present in person or by proxy.

Abstentions will count as shares present in determining the presence of a quorum for a particular matter. Abstentions, however, will not count as votes cast in determining the approval of any matter by the stockholders. Broker non-votes are shares held of record by brokers or other nominees that are present in person or by proxy at the meeting, but are not voted because instructions have not been received from the beneficial owner with respect to a particular matter over which the broker or nominee does not have discretionary authority to vote. Broker non-votes are counted toward the establishment of a quorum. If you do not return a proxy card and your shares are held in "street name," your broker may be permitted, under applicable rules of the self regulatory organizations of which it is a member, to vote your shares in its discretion on certain matters that are deemed to be routine, such as ratification of the appointment of our independent registered public accounting firm. Proposals 1 and 2, as referenced in the Company's Notice of Annual Meeting of Stockholders are considered to be non-routine, and Proposal 3 is considered to be routine. Accordingly, if you do not provide voting instructions to your brokerage firm or other entity holding your shares, your brokerage firm or other entity holding your shares will not be permitted to vote your shares on Proposals 1 and 2, and will be permitted to vote your shares on Proposal 3, at its discretion. Accordingly, the Company requests that you promptly provide your broker or other nominee with voting instructions if you want your shares voted for non-routine matters and to carefully follow the instructions your broker gives you pertaining to their procedures.

In the election of directors, each of the seven directors will be elected by a plurality of votes cast by stockholders of record on the record date and present at the annual meeting, in person or by proxy. Cumulative voting in the election of directors will not be permitted.

The Company is seeking stockholder ratification of the appointment of its independent registered public accounting firm. While ratification is not required by law, the affirmative vote of a majority of the votes cast by stockholders of record on the record date and present at the annual meeting, in person, or by proxy, would ratify the selection of Crowe Horwath LLP ("Crowe Horwath") as the independent registered public accounting firm for the current year.

#### Voting of Proxies

Shares of common stock represented by all properly executed proxies received prior to the annual meeting will be voted in accordance with the choices specified in the proxy. Unless contrary instructions are indicated on the proxy, the shares will be voted:

- FOR the election as directors of the nominees named in this Proxy Statement until their successors are elected and qualified;
- FOR the resolution to approve the advisory vote for 2017 compensation of the named executive officers; and
- FOR the ratification of the appointment of Crowe Horwath as the independent registered public accounting firm for the Company for the year ending December 31, 2018.

Management of the Company and the Board of Directors of the Company know of no matters to be brought before the annual meeting other than as set forth in this Proxy Statement. If, however, any other matter is properly presented to the stockholders for action, it is the intention of the holders of the proxies to vote at their discretion on all matters on which the shares of common stock represented by proxies are entitled to vote.

#### Revocability of Proxy

A stockholder who signs and returns a proxy in the accompanying form may revoke it at any time before the authority granted by the proxy is exercised. A stockholder may revoke a proxy by delivering a written statement to the Secretary of the Company that the proxy is revoked.

#### Annual Report

Any stockholder who desires to present a proposal for consideration at the 2019 annual meeting of stockholders must submit the proposal in writing to the Company. If the proposal is received by the Company prior to the close of business on December 8, 2018, and otherwise meets the requirements of applicable state and federal law, the Company will include the proposal in the proxy statement and form of proxy relating to the 2019 annual meeting of stockholders. The Company may confer on the proxies for the 2019 annual meeting of stockholders discretionary authority to vote on any proposal, if the Company does not receive notice of the proposal by February 28, 2019.

(1) The "Percent of Class" computation is based upon the total number of shares beneficially owned by the named person or group divided by the sum of (i) 7,866,489 shares of common stock outstanding on March 23, 2018.

The information presented is derived from Amendment No. 11 to Schedule 13D, as filed with the SEC on August 17, 2017 by Mario J. Gabelli and certain entities which he directly or indirectly controls or for which he acts as chief investment officer, including GGCP, Inc., GAMCO Investors, Inc., Gabelli Funds, LLC, GAMCO Asset Management, Inc. and Teton Advisors Inc. In certain cases, subsidiaries of Dimensional Fund Advisors LP act as an adviser or sub-adviser to certain Funds. In its role as investment advisor, sub-adviser and/or manager, Dimensional Fund Advisors LP or its subsidiaries (collectively, “Dimensional”) possess voting and/or investment power over the securities of the Company that are owned by the Funds, and may be deemed to be the beneficial owner of the shares of the Company held by the Funds. The Johnson family group and all other Series B shareholders have entered into a shareholders' voting agreement under which all Series B voting common shares will be voted in accordance with the majority vote of Series B voting common shares.

- (4) Accordingly, through their ownership of voting common shares and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR LLC. Neither FMR LLC nor Abigail P. Johnson has the sole power to vote or direct the voting of the shares owned directly by the various investment companies registered under the Investment Company Act ("Fidelity Funds") advised by Fidelity Management & Research Company, a wholly owned subsidiary of FMR LLC, which power resides with the Fidelity Funds' Boards of Trustees. ## CORPORATE GOVERNANCE

### The Board of Directors — Independence

Of the directors who presently serve on the Company's Board of Directors, the Board has affirmatively determined that each of Messrs. Cellitti, Crowley, Hellmold, Jauchius, Simonton and Smith meets the standards of independence under NYSE American LLC exchange listing standards. In making this determination, the Board of Directors considered all facts and circumstances the Board of Directors deemed relevant from the standpoint of each of the directors and from that of persons or organizations with which each of the directors has an affiliation, including commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships among others. In making this determination, the Board of Directors has relied upon both information provided by the directors and information developed internally by the Company in evaluating these facts.

### Board Leadership Structure

The Chairman of the Board is a director and presides at meetings of the Board. The Chairman is appointed on an annual basis by at least a majority vote of the remaining directors. Historically, the offices of Chairman of the Board and Chief Executive Officer have been separated. Such separation enables the Chairman to devote his time to managing the Board and the Chief Executive Officer to focus on the operations of the Company. The Company has no fixed policy with respect to separation of the offices of the Chairman of the Board and Chief Executive Officer; however, the Board believes it is in the best interests of the Company and its stockholders to separate these positions. James L. Simonton has served as the Company's Chairman of the Board since November of 2011.

### Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing the management of the Company's risks. The Board regularly reviews information regarding the Company's operations and liquidity, as well as the related risks. The Board reviews and approves the Company's annual operating, organizational and capital plans. The Compensation Committee reviews the Company's incentive compensation arrangements to determine whether they encourage excessive risk taking, and reviews the relationship between risk management policies and compensation, and evaluates compensation policies that could mitigate any such risk. The Audit Committee oversees the management of financial risks. The Nominating Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed about risks through committee minutes and reports at Board meetings.

The Compensation Committee, consisting of Messrs. Hellmold, Crowley, Cellitti and Smith, recommends to the Board of Directors compensation policies as they relate to the Company's named executive officers and directors, and also considers the overall policies and practices utilized by senior management with respect to establishing compensation for all other employees. The Compensation Committee considers the risk assessments of the Company's Chief Executive Officer and Chief Financial Officer as part of its duties to review and recommend the current compensation packages to the Board. The Compensation Committee believes that the Company's policies and practices with respect to compensation are not reasonably likely to have a material adverse effect on the Company. In reaching the foregoing conclusions, both the Compensation Committee and the Chief Executive Officer and Chief Financial Officer assessed the risks associated with the Company's compensation policies and practices. The basis for these conclusions included: (i) a consideration of the Company's existing compensation programs, and the allocation between each primary component of compensation (base salary, annual profit sharing and long-term equity based compensation); and (ii) a consideration of the risks associated with the Company's business, and whether the Company's compensation policies and practices increased those risks. Based on the foregoing, the Compensation

Committee recommended, and all of the independent members of the Board approved, the Company's compensation programs, and in connection with such approval concluded that the risks associated with the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

## Board Meetings and Committees

The Board of Directors met five times during the year ended December 31, 2017. During that period, each of the directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings of all committees of the Board of Directors on which each director served.

## Compensation Committee

The Company has a Compensation Committee, which consists of Messrs. Hellmold (Committee Chair), Cellitti, Crowley, and Smith, who are all deemed independent directors under NYSE American LLC listing standards. The Compensation Committee is governed by a charter which was adopted August 28, 2012. A copy of the Compensation Committee Charter is available on the Company's website at [www.coremt.com](http://www.coremt.com). In accordance with its written charter, the Compensation Committee performs the duty of reviewing, evaluating and making recommendations to the Board concerning the form and amount of compensation paid to the executive officers and directors of the Company, with a majority of directors who are independent under NYSE American LLC listing standards required to effect a decision.

All of the Compensation Committee members are familiar with the standard compensation levels in similar industries, and are knowledgeable regarding the current trends for compensating executive officers. The Compensation Committee may also obtain analysis and advice from an external compensation consultant to assist with the performance of its duties under its charter. The Compensation Committee retained Mathews, Young - Management Consulting ("Mathews, Young"), a compensation and human resource firm, to assist in reviewing appropriate 2017 compensation programs. In this regard, Mathews, Young compiled competitive data for base salaries, non-equity compensation, and equity incentive awards from a peer group of companies to be used to benchmark the appropriateness and competitiveness of our executive compensation. During 2017, there were no fees paid to Mathews, Young for services that were not related exclusively to executive or director compensation. The Compensation Committee has assessed the independence of Mathews, Young pursuant to Securities and Exchange Commission ("SEC") rules and determined that Mathews, Young is independent and its work for the Compensation Committee does not raise any conflict of interest.

The Compensation Committee makes all recommendations regarding the Chief Executive Officer's compensation, subject to ratification by the independent members of the Board, after consulting with its advisors, in executive session where no management employees are present. For the other executive officers, the Chief Executive Officer is asked by the Compensation Committee to conduct and present an assessment on the performance of those executive officers and on the Company's performance, taking into account external market forces and other considerations. While the Chief Executive Officer and Chief Financial Officer attend Compensation Committee meetings regularly by invitation, all final deliberations are held, and all final recommendations are made, regarding executive compensation, by the Compensation Committee in executive session where no management employees are present. For additional information regarding the operation of the Compensation Committee, see "Compensation Discussion and Analysis" within this proxy statement. The Compensation Committee held two meetings during 2017.

## Audit Committee

The Company has an Audit Committee, which consists of Messrs. Crowley (Committee Chair), Cellitti, Hellmold, and Jauchius, each of whom are "independent" as that term is defined under NYSE American LLC listing standards. The Board has determined that Messrs. Crowley, Hellmold and Jauchius each qualify as an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K (17 CFR §229.407(d)(5)(ii)) as promulgated by the SEC. The principal function of the Audit Committee is to review and approve the scope of the annual audit undertaken by the independent registered public accounting firm of the Company and to meet with them to review and inquire as to audit functions and other financial matters and to review the interim, quarterly and year-end audited financial

statements. For a more detailed description of the role of the Audit Committee, see “Report of the Audit Committee” below. The Audit Committee discussed the interim financial information contained in quarterly earnings announcements with both management and the independent auditors prior to the public release of quarterly information. The Audit Committee is governed by a charter as most recently reaffirmed by the Board of Directors on March 1, 2018. A copy of the Audit

Committee Charter is available on the Company's website at [www.coremt.com](http://www.coremt.com). In accordance with its written charter, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. The Audit Committee met four times during the year ended December 31, 2017.

#### Nominating Committee

The Company has a Nominating Committee consisting of Messrs. Cellitti (Committee Chair), Crowley, and Hellmold, each of whom are independent under NYSE American LLC listing standards. The principal function of the Nominating Committee is to recommend candidates for membership on the Board of Directors. A copy of the Nominating Committee Charter is available on the Company's website at [www.coremt.com](http://www.coremt.com). The Board's Nominating Committee met separately from the Board meetings once during the year ended December 31, 2017.

In identifying and evaluating nominees for director, the Nominating Committee seeks to ensure that the Board possesses, in the aggregate, the strategic, managerial and financial skills and experience necessary to fulfill its duties and to achieve its objectives, and seeks to ensure that the Board is comprised of directors who possess knowledge in areas that are of importance to the Company. In addition, the Nominating Committee believes it is important that at least one director have the requisite experience and expertise to be designated as an "audit committee financial expert." The Nominating Committee looks at each nominee on a case-by-case basis regardless of who recommended the nominee. While the Company does not have a formal diversity policy for Board membership, the Nominating Committee evaluates and measures those skills and accomplishments which should be possessed by a prospective member of the Board, including contribution of a diverse frame of reference that will enhance the quality of the Board's deliberations and decisions. In addition, the Nominating Committee considers, among other factors, ethical values, personal integrity and business reputation of the candidate, his or her financial acumen, reputation for effective exercise of sound business judgment, strategic planning capability, indicated interest in providing attention to the duties of a member of the Board, personal skills in marketing, manufacturing processes, technology or in other areas where such person's talents may contribute to the effective performance by the Board of its responsibilities.

The table below summarizes the specific qualification, attributes, skills and experience of each director nominee that led our Board of Directors to conclude that the nominee is qualified to serve on our Board of Directors. While each director nominee is generally knowledgeable in each of these areas, an "X" in the chart below indicates that the item is a specific qualification, attribute, skill or experience that the nominee brings to our Board of Directors. The lack of an "X" for a particular item does not mean that the nominee does not possess that qualification, attribute, skill or experience.

The Company may require any proposed nominee to furnish other information as it may reasonably require to determine the eligibility of the proposed nominee to serve as a director. The presiding officer of the meeting of stockholders may, if the facts warrant, determine that a stockholder did not make a nomination in accordance with the foregoing procedure. ## EXECUTIVE COMPENSATION

Unless the context requires otherwise, in this Executive Compensation section, including the Compensation Discussion and Analysis and the tables which follow it, references to “we,” “us,” “our” or similar terms are to the Company and our subsidiaries.

### Compensation Discussion and Analysis

This compensation discussion and analysis describes the following aspects of our compensation system as it applies to our named executive officers as described in the summary compensation table set forth below (the “named executive officers”):

- Our compensation philosophy and objectives;
- The means we employ to achieve our compensation objectives, including the establishment of total direct compensation and the mix within that compensation;
- The elements of compensation that are included within total direct compensation as well as other compensation items in addition to total direct compensation; and
- The reasons we have elected to pay these elements of compensation to achieve our compensation objectives and how we determine the amount of each element.

### Compensation Philosophy and Objectives

Our compensation philosophy is focused on incentivizing executives through the use of base salary, annual profit sharing incentives and long-term equity based incentive compensation in order to attract, motivate, reward and retain executives.

The Board of Directors has established an articulated compensation philosophy with the following primary objectives:

- Attract, retain and encourage the development of highly qualified and motivated executives;
- Provide compensation that is competitive with our peers and defined marketplace;
- Provide compensation on both an annual and long-term basis and in a fashion that aligns the interests of executives with those of our stockholders in order to create long-term stockholder value; and
- Enhance the connection between our business results and the compensation of executives, linking a material portion of executive compensation with performance.

To this end, the objectives of our compensation philosophy put a strong emphasis on correlating the long-term growth of stockholder value with management’s most significant compensation opportunities.

### Means of Achieving Our Compensation Objectives

The three primary components of compensation for our named executive officers include base salary, annual profit sharing opportunity and long-term equity based incentive compensation. Our named executive officers also participate in our 401(k) plan and receive medical, dental, vision, short-term disability, long-term disability and life insurance benefits consistent with those benefits for our other corporate salaried employees.

## Determination of Compensation

Our Compensation Committee reviews, evaluates and recommends compensation policies for our named executive officers. All of the Compensation Committee members are familiar with the standard compensation levels in similar industries, and are knowledgeable regarding the current trends for compensating executive officers. The Board of Directors is responsible for the final determination concerning compensation of named executive officers; provided, however, that the Chief Executive Officer is not involved in, and abstains from, all discussions and decisions regarding his compensation as an executive officer. During 2017, the Compensation Committee retained Mathews, Young to assist in the review of 2017 compensation programs. In this regard, Mathews, Young compiled competitive data for base salaries, non-equity compensation, and equity incentive awards from a peer group of companies to be used to benchmark the appropriateness and competitiveness of our executive compensation. During 2017, there were no fees paid to Mathews, Young for services that were not related to executive or director compensation. The Compensation Committee has assessed the independence of Mathews, Young pursuant to SEC rules and determined that Mathews, Young is independent and its work for the Compensation Committee does not raise any conflict of interest. The Compensation Committee also considered each named executive officer's individual performance, the compensation objectives described above and peer group performance described below in determining compensation. Past stockholder advisory votes are taken into account by the Compensation Committee as affirmation by our stockholders of the Company's compensation policies and practices with respect to our named officers.

As part of its duty to review executive officer compensation programs, the Compensation Committee reviews and evaluates the Company's equity incentive programs with consideration of the peer benchmark data and the Board's overall compensation objectives. Stock grants are typically considered in May after the Company's annual meeting. The Board made restricted stock grants to the named executive officers on May 12, 2017, May 12, 2016 and May 14, 2015 under the Long-Term Equity Incentive Plan.

## Peer Group Analysis

To help facilitate the compensation review and to establish appropriate levels of compensation for directors and named executive officers, the Board retained Mathews, Young, a compensation and human resource firm, to compile competitive data for base salaries, non-equity compensation, and equity incentive awards from a peer group of companies. Because our market for executive talent is national, competitive data is reflective of the compensation levels of executives at companies of comparable size and complexity on both the local and national level. In addition, the information that is collected relates to companies with comparable manufacturing operations or geographic representation. The companies reviewed were publicly traded in the United States and had median sales of approximately \$294 million. The data reviewed for these peer companies was derived from the publicly available SEC filings of these organizations. The companies comprising the peer group reviewed for establishing 2017 compensation levels were as follows:

Ceco Environmental Corp	Commercial Vehicle Group	CompX International Inc.
Continental Materials Corp	DMC Global Inc.	Dorman Product Inc.
Douglas Dynamics Inc	Eastern Co.	Freightcar America Inc.
Gentherm Inc.	Graham Corp.	Hurco Companies Inc.
Lydall Inc.	Mantex International Inc.	Motorcar Parts of Amer Inc.
PGT Innovations Inc.	Shiloh Industries Inc.	Sifco Industries
Stoneridge Inc.	Strattec Security Corp	Sun Hydraulics Corp
Supreme Industries Inc.	Synalloy Corp	Twin Disc Inc.
UFP Technologies Inc.	Universal Stainless & Alloy Products	

Each element of compensation and total compensation for each of the Company's named executive officers for 2017 is set forth below, along with the peer group median data, prepared by Mathews, Young, for comparison purposes:

	Base Salary		Non-Equity Compensation		Equity Awards		Total Compensation	
	Actual	Peer Group Median	Actual <sup>(1)</sup>	Peer Group Median	Actual	Peer Group Median	Actual	Peer Group Median
Kevin L. Barnett President and Chief Executive Officer	\$528,654	\$485,000	\$47,636	\$370,000	\$401,244	\$322,000	\$977,534	\$1,177,000
Terrence J. O'Donovan VP, Marketing and Sales	\$260,769	\$263,000	\$33,965	\$117,000	\$172,249	\$128,000	\$466,983	\$508,000
Robert P. Price VP of Operations	\$237,885	\$270,000	\$30,841	\$137,000	\$144,002	\$152,000	\$412,728	\$559,000
John P. Zimmer VP, Secretary, Treasurer and Chief Financial Officer	\$303,846	\$298,000	\$36,039	\$129,000	\$227,497	\$149,000	\$567,382	\$576,000

(1) Amounts represent the sum of non-equity incentive plan compensation and all other compensation as reflected in the summary compensation table.

We used this competitive data to determine the applicable market median for executive compensation among the peer group, which serves as a benchmark for analyzing compensation for each of our executive positions. Non-equity compensation and equity awards can vary significantly from year to year in relation to the peer group, depending on the Company's performance in relation to that of the peer group. In years of higher profitability, the profit sharing (non-equity compensation) and equity amounts awarded to our executive officers may exceed the corresponding market median amounts of our peer group. In contrast, during years of lower profitability the Company's profit sharing and equity awards may fall below the corresponding market median amounts of our peer group. Therefore, we also considered the five year average peer group market medians for non-equity compensation and equity awards. The five year average non-equity compensation and equity awards for the Company's named executives, as prepared by Mathews Young and reviewed by the Compensation Committee were 130% and 70%, respectively, of the five year average market medians of our peer group.

We believe reviewing the approximate market median amounts from our peer group is an appropriate guide for establishing our executive compensation, because we expect to achieve at least median performance and that result balances the cost of the compensation program with the expected performance.

While we target total compensation at the market median, an executive's actual total compensation could vary significantly depending upon the relationship between our actual performance and the performance of our peer group, particularly in regard to non-equity compensation. If our results are well above the peer group performance, executives have the opportunity to earn compensation that is well above the relevant market median. Conversely, executives may earn compensation that is well below the relevant market median if our performance is well below peer group levels.

#### Compensation Mix

We compensated our named executive officers through a combination of base salary, the opportunity for annual profit sharing incentive compensation and long-term equity based incentive compensation. The amount of total direct compensation for our named executive officers is allocated among the various types of compensation in a manner

designed to achieve our overall compensation objectives based on the peer group median as described above. The

19

---

annual profit sharing and long-term equity based incentive components target 55% of the executive officers' overall direct compensation with the remaining 45% relating to base salary. In years of higher profitability, the profit sharing and long-term equity amounts awarded to our executive officers could result in a compensation mix of more than our target. In contrast, during years of lower profitability our compensation mix of profit sharing and long term equity amounts is lower than our target.

The resulting compensation mix for our named executive officers for 2017 was approximately 43% annual profit sharing and long-term equity and 57% base salary. The resulting compensation mix for our named executive officers for 2016 was approximately 57% annual profit sharing and long-term equity and 43% base salary. The resulting compensation mix for our named executive officers for 2015 was approximately 64% annual profit sharing and long-term equity and 36% base salary. The Board considered the resulting compensation mix reasonable and appropriate in light of the performance achieved for each year and the market amounts from our peer group.

### Elements of Direct Compensation

#### Base Salary

We use base salaries to provide a predictable level of current income for our named executive officers. Our base salaries are designed to assist in attracting, retaining and encouraging the development of qualified executives. The amount of each executive's annual base salary is based on that executive's position, skills and experience, individual performance and the salaries of executives with comparable positions and responsibilities at peer companies. When establishing base salaries for our named executive officers, we do not take into account awards previously made, including equity-based awards under our long-term incentive plans or profit sharing incentives. Base salary adjustments are approved by the Board, based upon recommendations of the Compensation Committee, typically on an annual basis, and take into account the named executive officer's individual performance and pay relative to other peer group companies.

The Compensation Committee typically reviews officer compensation on an annual basis. The last time the Compensation Committee reviewed base salaries was in May of 2017, with base salary adjustments effective June 1, 2017.

#### Profit Sharing Program

The Board has established an annual profit-sharing program (the "Profit Sharing Plan") for all non-represented and salaried employees, including its named executive officers. This program was designed to align the interests of such individuals with those of our stockholders by directly tying profit sharing payments to our overall financial performance. This program has historically been used to create a profit sharing pool based upon fifty percent of our earnings before taxes ("EBT") above a threshold established by the Board. The intent of such threshold is to begin creating a profit sharing pool only after achieving a reasonable rate of return for our stockholders. In 2017, this threshold was based upon an 8% return on the Company's beginning equity. In 2016, this threshold was based upon a 10% return on the Company's beginning equity. In 2015, this threshold was based upon an 8% return on the Company's "adjusted assets." Adjusted assets include total assets, plus the net present value of leased equipment, less cash, construction in process, deferred tax assets, intangible assets, and total debt. The rate of return used by the Board to establish the threshold each year can vary based on economic and cyclical factors in our business; however, the profit sharing pool is limited to a maximum of 20% of EBT.

The profit sharing threshold was \$7,741,000, \$8,873,000 and \$8,501,000 in 2017, 2016 and 2015, respectively. The profit sharing pool was \$360,000 for 2017, \$2,373,000 for 2016, \$4,542,000 for 2015, and was limited to 20% of EBT in 2015.

Under the Profit Sharing Plan, as approved by the Board, 18%, 25% and 27% of the profit sharing pools noted above were allocated to our named executive officers for 2017, 2016, and 2015, respectively, with the remaining amount of the pool allocated to all other participating employees. Our named executive officers received no other cash bonus compensation in 2017, 2016 or 2015.

## Long-Term Stock-Based Compensation

The Board administers the Core Molding Technologies, Inc. 2006 Long-Term Equity Incentive Plan, as amended by the stockholders in 2015 (the “2006 Plan”). The 2006 Plan allows for the grant of incentive and nonqualified stock options, restricted stock, stock appreciation rights, performance shares, performance units and other awards. The Board also administers the Core Molding Technologies, Inc. 2002 Employee Stock Purchase Plan, as amended by the stockholders in 2013 (the “Stock Purchase Plan”). The Stock Purchase Plan provides eligible employees, including named executive officers, with the opportunity to acquire our common stock, and thereby develop a further incentive for such individuals to share in our future success and further link and align the personal interests of such individuals to those of our stockholders. The 2006 Plan and the Stock Purchase Plan are the primary methods for providing stock-based compensation to our named executive officers.

**Restricted Stock.** Pursuant to the 2006 Plan, the Board of Directors established a restricted stock program in May of 2006. The Compensation Committee reviews and considers equity incentive programs as part of its duty to review executive officer compensation programs.

In 2017, 2016 and 2015, the Board granted our named executive officers, directors and other key managers shares of restricted common stock pursuant to the 2006 Plan. To reinforce the commitment to long-term results and retain named executive officers, each restricted stock grant vests in three equal installments over the next three (3) years following the date of the grant, with all restricted stock grants being fully time vested upon the date of the recipient’s 65<sup>th</sup> birthday and accelerated vesting upon death, disability or “change-in-control” (as described in the 2006 Plan).

The restricted stock grants also contained stock ownership vesting requirements, such that each restricted stock grant does not vest until the recipient owns and retains shares of our common stock equal in value to 100% of the recipient’s base salary at the date of grant, if a named executive officer. Each recipient’s unvested stock grants may only account for up to 50% of the total ownership requirement. The stock ownership requirement is eliminated for participants upon the date of the recipient’s 60<sup>th</sup> birthday. The Board believes that this stock ownership requirement is a way to align more closely the interests of the named executive officers with those of the stockholders, giving such named executive officers a more vested stake in our long-term performance.

The Company has no established specific performance targets associated with restricted stock grants; however restricted stock grants are based on the Company's performance in the year immediately preceding the grant and the recipient's achievement of individual performance expectations. Awards, as a percent of annual base salary, made to named executive officers in 2017, 2016 and 2015 were as follows:

Name	2017	2016	2015
Chief Executive Officer	75%	80%	75%
Chief Financial Officer	70%	75%	65%
VP of Marketing and Sales	65%	70%	65%
VP of Operations	60%	70%	65%

Restricted shares granted are determined based on the award value divided by the Company’s average of the high and low share price on the grant date. The Board has increased the value of restricted stock grants over the last few years to better align equity awards of our executive officers to the peer group median and to reflect performance. At times, pro rata consideration is given to the date of hire for new named executive officers and directors with respect to the grant date for restricted stock. The Company’s restricted stock grants are part of the overall compensation mix for named executive officers and the Board believes that the current restricted stock awards for each of the named executive officers helps to achieve the Company’s overall compensation objectives of incentivizing executives in order to attract, motivate and reward their efforts on behalf of the Company and its stockholders and sufficiently aligns the interests of the Company’s named executive officers with stockholders in order to achieve long-term growth.

Awards made to named executive officers in 2017, 2016 and 2015 were as follows:

Name	2017 Restricted Stock Awards	2016 Restricted Stock Awards	2015 Restricted Stock Awards
Kevin L. Barnett, Chief Executive Officer	20,909	33,147	15,221
Terrence J. O'Donovan, VP of Marketing and Sales	8,976	14,223	6,396
Robert P. Price <sup>(1)</sup> , VP of Operations	7,504	—	—
John P. Zimmer, Chief Financial Officer	11,855	16,434	6,929

(1) Mr. Price was hired on November 28, 2016, which was after the annual restricted stock awards in May 2016.

In establishing the award levels for restricted stock grants in 2017, 2016 and 2015, the Board did not consider the equity ownership levels of the recipients or compensation previously paid, including prior stock-based awards that were fully vested. The Board's primary focus in granting such restricted stock awards is to focus on retention of executives in light of prevailing competitive conditions and to motivate executives in ways that support our strategic direction.

Our current and intended future practice is to make restricted stock awards at the Board meeting held in conjunction with the annual meeting of stockholders. This meeting customarily is held in May, and this practice permits us to consider the prior-year results and future expectations when making new grants. From time to time, we also may grant awards in connection with new hires and promotions, at the time of those events.

Employee Stock Purchase Program. We maintain the Stock Purchase Plan, as referenced above, under which all of our employees, including our named executive officers, are permitted to participate. Accumulated employee elective payroll deductions are used to purchase shares of our common stock quarterly on or about January 31, April 30, July 31 and October 31 at a 15% discount to the average of the high and low trading price of the common stock on the NYSE American LLC on the last business day of the fiscal quarter of the plan. The Board believes that this broad-based plan encourages stock ownership by all of our employees.

#### Other Elements of Compensation

##### Benefits

We provide our named executive officers with medical, dental, vision, short-term disability, long-term disability and life insurance benefits under the same programs used to provide benefits to our other corporate salaried employees.

##### 401(k) Plan

We maintain a defined contribution tax-qualified retirement plan called the "Core Molding Technologies, Inc. 401(k) Retirement Savings Plan" (the "401(k) Plan"), which provides for broad-based employee participation, including for our named executive officers. The 401(k) Plan is designed to encourage savings for retirement, as we do not maintain a defined benefit plan that provides a specified level of income following retirement for named executive officers or other employees.

Under the 401(k) Plan, all of our eligible employees, including our named executive officers, may contribute earnings on a pre-tax basis to the 401(k) Plan up to the maximum limit then in effect under applicable law, and receive matching contributions from us that are subject to vesting over time. The matching contribution equals 25% of the first 6% of

earnings deferred by each participant to the 401(k) Plan, which includes all salary and wages that are subject to income tax withholding (except for disqualifying dispositions of incentive stock options and vesting of restricted stock awards). In addition, we make an automatic employer contribution equal to 3% of each participant's base salary. This contribution is made for all eligible employees, regardless of whether they make any pre-tax contributions. Finally, if a participant is at least age 35, we may make a retirement contribution based upon such participant's base salary, which equals 1.5% of such participant's earnings if such participant is age 35 to 44, and 3.5% of base salary if such participant is age 45 or older. This contribution is subject to Board approval, and is made only if the participant is employed on the last day of the year.

We offer the 401(k) Plan because it provides our employees, including our named executive officers, with a way to save for retirement. We evaluate the 401(k) Plan for competitiveness in the marketplace from time to time, but we do not anticipate taking the level of benefits provided into account in determining our executives' overall compensation packages in the coming years.

#### Perquisites

In general, we believe that perquisites should not constitute a consequential portion of any named executive officer's compensation. As a result, any perquisites received by the Company's named executive officers were de minimis, and none of the Company's named executive officers received perquisites in excess of \$1,000.

#### Executive Severance Arrangements

We have entered into executive severance agreements with Messrs. Barnett, O'Donovan, Price, and Zimmer that specify payments in the event the executive officer's employment is terminated after a change in control. We believe that such executive severance agreements serve to assure the stability and continuity of our executive officers upon the occurrence of any change in control event, as well as to assure the effectiveness of existing retention and incentive features of the Company's compensation program. See further disclosure below under "Potential Payments Upon Change of Control or Termination" for more information.

#### Conclusion

Our compensation programs are designed and administered in a manner consistent with our executive compensation philosophy and objectives. Our programs emphasize the retention of key executives and appropriate rewards for results. Our Compensation Committee monitors these programs in recognition of the marketplace in which we compete for talent, and will continue to emphasize pay-for-performance and equity based incentive programs that reward our named executive officers for results that are consistent with our stockholders' interests.

#### Compensation Committee Report

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based upon our review and discussion with management, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

The amounts in the Stock Awards column reflect the aggregate fair value of performance-based restricted stock awards based on the fair value on the date of grant, in accordance with FASB ASC Topic 718, excluding the (1) effects of estimated forfeitures. Assumptions used in the calculation of this amount are included in the footnote entitled "Stock Based Compensation" to the Company's audited financial statements for the years ended December 31, 2017, 2016 and 2015, included in the Company's Annual Reports on Form 10-K as filed with the SEC.

The amounts in the Non-Equity Incentive Plan Compensation column represent compensation paid to our named executive officers under the Company's Profit Sharing Plan. Such compensation is paid to the named executive officers based upon the Company's earnings levels for the year in excess of a base threshold, as described in the "Compensation Discussion and Analysis" section above. The amounts in this column were earned for the years (2) ended December 31, 2017, 2016 and 2015 and were paid to each named executive officer in the year following the year earned. Each named executive officer received a portion of the executive officer profit sharing pool based upon the ratio of his base salary each year to the total base salaries for all named executive officers in the aggregate. For 2017, 2016 and 2015, the executive officer profit sharing pool totaled \$66,566, \$603,188, and \$1,248,517, respectively.

Includes contributions by the Company to its 401(k) Plan for salaried employees. The Company makes contributions to its 401(k) Plan in several ways. These contributions are made on earnings up to annual limitations set by the Internal Revenue Service. The Company makes a matching contribution equal to 25% of the first 6% of earnings deferred by each participant to the 401(k) Plan, which includes all salary and wages that are subject to income tax withholding (except for disqualifying dispositions of incentive stock options and vesting of restricted stock awards). In addition, the Company makes an automatic employer retirement contribution equal to 3% of each participant's base salary. This contribution is made for all eligible employees, regardless of whether they make any pre-tax contributions. Finally, if a participant is at least age 35, the Company may make a retirement contribution based upon such participant's earnings, which equals 1.5% of such participant's earnings if such participant is age 35 to 44, and 3.5% of earnings if such participant is age 45 or older. This contribution is (3) normally made only if the participant is employed on the last day of the year. Matching contributions for the year ended December 31, 2017 were \$3,975 for Messrs. Barnett and Mr. O'Donovan, \$3,483 for Mr. Price and \$3,620 for Mr. Zimmer. Retirement contributions during the year ended December 31, 2017 were \$17,225 for Messrs.
