PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

To Be Held on April 23, 2003

This Proxy Statement is furnished to the shareholders of Ames National Corporation, an Iowa corporation, (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Shareholders to be held on Wednesday, April 23, 2003, at 4:30 o'clock p.m., local time, at the Scheman Building, Iowa State Center, Ames, Iowa, and at any adjournment or postponement thereof (the "Meeting"). This Proxy Statement and form of Proxy enclosed herewith are first being sent to the shareholders of the Company entitled thereto on or about March 20, 2003.

Only shareholders of record at the close of business on March 19, 2003 are entitled to notice of and to vote at the Meeting. There were 3,128,982 shares of the Company's common stock (the "Common Stock") outstanding at the close of business on that date, all of which will be entitled to vote at the Meeting. The presence, in person or by proxy, of the holders of a majority of such outstanding shares is necessary to constitute a quorum for the transaction of business at the Meeting. Holders of the shares of Common Stock are entitled to one vote per share standing in their names on the record date on all matters to properly come before the Meeting. Shareholders do not have cumulative voting

Edgar Filing: AMES NATIONAL CORP - Form DEF 14A

rights. If the holder of shares abstains from voting on any matter, or if shares are held by a broker which has indicated that it does not have discretionary authority to vote on a particular matter, those shares will be considered to be present for the purpose of determining whether a quorum is present, but will not be counted as votes cast with respect to any matter to come before the Meeting and will not affect the outcome of any matter.

If the accompanying Proxy is properly signed and returned and is not revoked, the shares represented thereby will be voted in accordance with the instructions indicated thereon. If the manner of voting such shares is not indicated on the Proxy, the shares will be voted FOR the election of the nominees for directors named herein. Election of any nominee for director will require the affirmative vote of a plurality of those shares voting at the Meeting in person or by proxy.

The Company will bear the cost of solicitation of proxies. In addition to the use of the mails, proxies may be solicited by officers, directors and regular employees of the Company, without extra compensation, by telephone, e-mail, facsimile or personal contact. It will greatly assist the Company in limiting expense in connection with the

Meeting if any shareholder who does not expect to attend the Meeting in person will return a signed Proxy promptly.

A shareholder may revoke his or her Proxy at any time prior to the exercise thereof by filing with the Secretary of the Company at the Company's principal office at P.O. Box 846, 405 Fifth Street, Ames, Iowa 50010, Attn: Secretary, either a written revocation of the Proxy or a duly executed Proxy bearing a later date. A shareholder may also revoke the Proxy by attending the Meeting and voting in person. Attendance at the Meeting without voting in person will not serve as the revocation of a Proxy.

INFORMATION CONCERNING NOMINEES FOR ELECTION AS DIRECTORS

The Board of Directors of the Company currently consists of nine members. The Board of Directors is divided into three classes for the purpose of electing and defining the terms of office of the directors. All directors are elected to serve three-year terms, with approximately one-third of the directors being elected on an annual basis. The terms of four directors will expire at the Meeting. The Board of Directors has determined that, in order to provide for three classes of directors with an equal number of directors in each class, one director will be elected at the Meeting to serve a two year term and three directors will be elected at the Meeting to serve three year terms. This action will ultimately result in three classes of directors, with three directors in each class and each director being elected to serve a three year term.

The directors to be elected at the Meeting will include one director who will serve for a two year term expiring at the annual meeting of shareholders to be held in 2005 and three directors who will each serve a three-year term expiring at the annual meeting of shareholders to be held in 2006. The director serving the two year term and the three directors serving three years terms shall each serve until his or her successor is elected and qualified, or until his or her earlier death, resignation or removal. The Board of Directors has no reason to believe that any nominee will be unable to serve as a director, if elected. However, in case any nominee should become unavailable for election, the Proxy will be voted for such substitute, if any, as the Board of Directors may designate.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

This report describes the current compensation policy and practices as endorsed by the Board of Directors of the Company and the boards of directors of the Banks and the process followed in arriving at 2002 compensation provided to Daniel Krieger, President of the Company, and the other executive officers identified in the preceding Summary Compensation Table (collectively, the "executive officers"). Decisions regarding the compensation of Mr. Krieger are made by the Board of Directors of the Company upon recommendation of the Compensation Committee of the Board. Decisions regarding the compensation of the other executive officers are made by the board of directors of the particular Bank by which each of the executive officers is employed upon recommendation of the compensation committee of the particular board. Although compensation decisions are made at the Company and Bank levels, as applicable, the Company and the Banks all adhere to the same compensation policies and practices. Accordingly, the following description of the compensation policy and practices of the Compensation Committee of the Board of Directors of the Company is equally applicable to the policy and practices of the compensation committee of the particular Bank by which each of the executive officers is employed.

Compensation Policy and Practices

The executive compensation program of the Company has been designed to provide a fair and competitive compensation package that will enable the Company to compete for and retain talented executives and encourage superior performance through the award of performance-based compensation. The executive compensation package consists of the following components:

- * base salary
- * deferred salary
- * performance awards
- * benefits

Executive compensation decisions made by the Compensation Committee are guided by the Management Incentive Compensation Plan (the "MIC Plan") which provides for the allocation of total salary between base salary and deferred salary and establishes parameters for additional performance awards. Total salary (consisting of base salary and deferred salary) of the executive officer is established on an annual basis by the Compensation Committee. In establishing total salary, the Compensation Committee reviews individual performance, Company and Bank performance (primarily in terms of profitability ratios) as compared to peer groups on both a national and state basis and a compensation survey prepared by the Iowa Bankers Association providing state-wide peer group compensation data for similarly-sized institutions. No specific weight is accorded to the various factors considered, and the total salary established is ultimately a subjective decision on the part of the Compensation Committee. Once total salary has been established, the MIC Plan contains a formula whereby total salary is allocated between base salary (which is paid on a monthly basis and is not contingent on any performance standards) and deferred salary (which is paid

Edgar Filing: AMES NATIONAL CORP - Form DEF 14A

only upon satisfaction of certain performance thresholds), as described below.

Under the MIC Plan, the Compensation Committee establishes on an annual basis an earnings threshold which is used to determine the payment of deferred salary and to define eligibility for earning additional performance awards over and above total salary. The earnings threshold is defined by selecting a return on assets target that the Compensation Committee views as representing sufficient performance to enable the executive officer to earn all deferred salary and to become eligible for additional performance awards in the event earnings exceed the threshold. In establishing the earnings threshold, the Compensation Committee reviews and relies primarily on national and state peer group return on asset ratios of financial institutions of similar size. Although the MIC Plan provides that the Company and Banks are generally expected to achieve results above the peer group ratio, the decision concerning the appropriate earnings threshold is ultimately a subjective decision of the Compensation Committee. The MIC Plan also requires the Compensation Committee to establish an earnings "floor" (below which no deferred salary will be earned) and a "ceiling" (which limits the amount of performance award compensation which may be paid during any year). The "floor" and "ceiling" earnings levels are also established on a subjective basis by the Compensation Committee.

Under the MIC Plan, the entitlement to deferred salary and additional performance awards are reviewed and determined on a semi-annual basis, comparing the actual earnings during the two prior calendar quarters against the earnings threshold established under the MIC Plan. If actual earnings are below the threshold, the executive officer will receive only a portion of the deferred salary (or no deferred salary at all if earnings are below the "floor") and no performance award. If actual earnings exceed the threshold, the executive officer will receive all deferred salary to which he is entitled. In addition, the executive officer will receive his pre-determined percentage of the performance award pool established under the MIC Plan, with such pool being an amount equal to 10% of the amount by which the actual earnings exceed the threshold (subject to the ceiling established by the Compensation Committee).

10

Each executive officer also receives on an annual basis a contribution to the Ames National Corporation 401(k) Profit Sharing Plan (the "401(k) Plan") which is a defined contribution plan. The Company and the Banks previously sponsored the Ames National Corporation Money Purchase Pension Plan, but that plan was merged into the 401(k) Plan effective January 1, 2002. Under the 401(k) Plan, an executive officer, along with all other eligible employees of the Company and the Banks, may defer up to fifteen percent of total compensation on an annual basis and will receive a matching contribution from the Company or applicable Bank in an amount of up to two percent of total compensation. An additional contribution of five percent of total compensation (which is subject to a different vesting schedule than the two percent contribution) is made by the Company or applicable Bank to the account of each executive officer, as well as to the accounts of all other eligible employees of the Company and the Banks. In addition, the Board of Directors of the Company may make a discretionary contribution to the 401(k) Plan which historically has been based on the profitability of the Company and the Banks for the year. Such contribution, if made, is allocated among all eligible employees on a pro rata basis relative to total compensation. All contributions are subject to certain ceilings established by applicable law.

Compensation of President

The Compensation Committee used the executive compensation practices described above to determine Mr. Krieger's compensation for 2002. His total salary for 2002 was established at \$291,626 based on a review by the Compensation Committee

Edgar Filing: AMES NATIONAL CORP - Form DEF 14A

of his individual performance, Company and Bank performance and the Iowa Bankers Association 2002 Salary Survey with respect to the salaries paid to chief executive officers of Iowa-based banks with deposits in excess of \$225 million. Under the MIC Plan, his total salary was allocated between base salary of \$177,108 and deferred salary of \$44,888. He earned all deferred salary to which he was entitled during 2002, based on actual earnings exceeding the thresholds established by the Compensation Committee at the beginning of the year. Mr. Krieger received performance awards in the amount of \$69,630 during 2002, also on the basis of the aggregate earnings of the Banks exceeding the earnings threshold established by the Compensation Committee at the beginning of the year. He also received a contribution in the amount of \$24,170 to the 401(k) Plan, the contributions having been determined in the manner described above.

The undersigned members of the Compensation Committee have submitted this report.

the Banks from time to time in the ordinary course of business, and additional transactions may be expected to take place in the ordinary course of business in the future. All loans and commitments included in such transactions have been made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons. In the opinion of management of the Company, such loan transactions do not involve more than the normal risk of collectability or present other unfavorable features.

In June of 2002, United Bank & Trust NA ("United Bank"), the Company's new affiliate bank located in Marshalltown, Iowa, purchased the real estate for its new office from Leo E. Herrick, the President of United Bank, and reimbursed Mr. Herrick for certain expenses he personally incurred related to the organization of United Bank. Mr. Herrick originally purchased the real estate in November of 2001 for \$256,221 in anticipation of organizing United Bank and sold the property to United Bank for \$263,550. The amount paid by United Bank was intended to cover the amount expended by Mr. Herrick to purchase the real estate and to reimburse him for \$7,329 of interest he incurred on a personal loan used to finance the acquisition. United Bank also reimbursed Mr. Herrick for \$18,783 of additional expenses he had personally incurred related to the organization of United Bank, consisting of \$9,021 of accounting, legal and other professional fees, \$9,575 for insurance, utilities and other amounts incurred in maintaining the property prior to the sale thereof to United Bank and \$187 of miscellaneous expenses. The amounts paid to Mr. Herrick by United Bank for purchase of the real estate and the reimbursement of expenses were determined based on the actual out-of-pocket expenses incurred by Mr. Herrick. The amounts paid to Mr. Herrick were reviewed and approved by Mr. Krieger, President of the Company. The transactions did not result in any profit to Mr. Herrick.
