QUESTIONS AND ANSWERS

1. Q: WHY AM I RECEIVING THESE MATERIALS?

A: The Board of Directors of TriCo Bancshares is providing these proxy materials to you in connection with TriCo's annual meeting of shareholders which will take place on May 23, 2006. As a shareholder, you are invited to attend the meeting and may vote on the proposals described in this proxy statement.
2. Q: WHAT INFORMATION IS CONTAINED IN THESE MATERIALS?

A: The information included in this proxy statement relates to the proposals to be voted on at the meeting, the voting process, the compensation of our directors and executive officers and certain other required information. Our 2005 Annual Report is also enclosed.
3. Q: WHO MAY VOTE AT THE MEETING?

A: Only shareholders of record at the close of business on March 29, 2006, may vote at the meeting. As of the record date, 15,764,388 shares of our common stock were issued and outstanding. Each shareholder is entitled to one vote for each share of common stock held on the record date.
4. Q: WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A SHAREHOLDER OF RECORD AND AS A BENEFICIAL OWNER?

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

A: Most shareholders hold shares through a stockbroker, bank or other nominee rather than directly in their own name. The distinctions between shares held of record and shares owned beneficially are summarized below.

Shareholder of Record

If your shares are registered directly in your name with our transfer agent, Mellon Investor Services, LLC, you are considered to be the shareholder of record of those shares and these proxy materials are being sent directly to you by TriCo. As the shareholder of record, you have the right to vote by proxy or to vote in person at the meeting. In that case, we have enclosed a proxy card for you to use.

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered to be the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your broker or nominee which is considered to be the shareholder of record of those shares. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. If you wish to vote these shares at the meeting, you must contact your bank or broker for instructions. Your broker or bank has enclosed a voting instruction card for you to use in directing the broker or bank how to vote your shares for you.

5. Q: WHAT MAY I VOTE ON AT THE MEETING?

A: You may vote to elect ten nominees to serve on our Board of Directors for terms expiring at the next annual meeting and to ratify the selection of KPMG, LLP as our independent accountants for 2006.

6. Q: HOW DOES THE BOARD OF DIRECTORS RECOMMEND I VOTE?

A: The Board of Directors recommends that you vote your shares FOR each of the ten listed director nominees and FOR the ratification of the accountants.

1

7. Q: HOW CAN I VOTE MY SHARES?

A: You may vote either in person at the meeting or by appointing a proxy. Please refer to the instructions included on your proxy card to vote by proxy. If you hold your shares through a bank, broker or other nominee, then you may vote by the methods your bank or broker makes available, using the instructions the bank or broker has included with this proxy statement.

8. Q: HOW ARE VOTES COUNTED?

A: In the election of directors, you may vote FOR all of the director nominees or your vote may be WITHHELD with respect to one or more nominees. In addition, under California law and our bylaws, you may cumulate your votes in the election of the directors by following the procedures described at "Governance, Board Nomination and Board Committees--Nomination and Election of Directors" at page 9. If the

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

proxy is not marked with respect to election of directors, authority will be granted to the persons named in the proxy to cumulate votes if they so choose and to allocate votes among the nominees in such a manner as they determine is necessary in order to elect all or as many of the nominees as possible. You may vote FOR, AGAINST or ABSTAIN on the proposals to ratify the accountants.

9. Q: HOW ARE ABSTENTIONS AND BROKER NON-VOTES TREATED?

A: Since the affirmative vote of the holders of a majority of the shares of our common stock present and voting is required to approve the proposals (other than the election of directors), abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present. Abstentions will be counted as voting shares and will have the effect of a vote "against" the proposals. Broker non-votes will not be counted as shares voting on the proposals.

10. Q: CAN I CHANGE MY VOTE?

A: You have the right to revoke your proxy at any time before the meeting by:

- providing written notice to TriCo's corporate secretary and voting in person at the meeting, or
- appointing a new proxy before the meeting begins.

Attending the meeting will not by itself revoke a proxy unless you specifically revoke your proxy in writing.

11. Q: WHAT IF I OWN SHARES THROUGH TRICO'S EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST?

A: For present or past employees of TriCo, your proxy includes any shares held in your account under our employee stock ownership plan and trust.

12. Q: WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY CARD?

A: If your shares are registered differently and are held in more than one account, then you will receive more than one card. Be sure to vote all of your accounts so that all of your shares are voted. We encourage you to have all accounts registered in the same name and address. You can accomplish this by contacting Mellon Investor Services LLC, 235 Montgomery Street, 23rd Floor, San Francisco, California 94104, telephone 1-800-676-0712.

13. Q: WHO MAY ATTEND THE MEETING?

A: All shareholders who owned shares of our common stock on March 29, 2006, may attend the meeting. You may indicate on the enclosed proxy card if you plan to attend the meeting.

14. Q: HOW WILL VOTING ON ANY OTHER BUSINESS BE CONDUCTED?

A: We do not know of any business to be considered at the meeting other than election of ten directors and ratification of our accountants for 2006. If any other business is properly presented at the meeting, your proxy gives Richard P. Smith, our president and chief

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

executive officer, and Richard O'Sullivan, executive vice president of our subsidiary, Tri Counties Bank, authority to vote on these matters in their discretion.

15. Q: WHERE AND WHEN WILL I BE ABLE TO FIND THE RESULTS OF THE VOTING?
- A: The results of the voting will be announced at the meeting. We will also publish the final results in our quarterly report on Form 10-Q for the second quarter of 2006 to be filed with the Securities and Exchange Commission.
16. Q: IS MY VOTE CONFIDENTIAL?
- A: Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within TriCo or to third parties except:
- as necessary to meet applicable legal requirements,
 - to allow for the counting and certification of votes, or
 - to help our Board solicit proxies.
17. Q: WHEN ARE SHAREHOLDER PROPOSALS FOR THE 2007 ANNUAL MEETING DUE?
- A: All shareholder proposals to be considered for inclusion in our proxy statement for the 2007 annual meeting must be received at our principal office by December 16, 2006. Shareholder nominations for directors must be received by our president as described on page 9.
18. Q: WHO WILL BEAR THE COST OF SOLICITING PROXIES FOR THE MEETING AND HOW WILL THESE PROXIES BE SOLICITED?
- A: We will pay the cost of preparing, assembling, printing, mailing and distributing these proxy materials, including the charges and expenses of brokers, banks, nominees and other fiduciaries who forward proxy materials to their principals. Proxies may be solicited by mail, in person, by telephone or by electronic communication by our officers and employees who will not receive any additional compensation for these solicitation activities.

3

PROPOSALS TO BE VOTED ON

1. ELECTION OF DIRECTORS

Ten directors will be elected this year for terms expiring at our annual meeting in 2007. Each nominee is currently serving as a director of TriCo. The nominees for election are:

William J. Casey
Donald J. Amaral
Craig S. Compton
John S. A. Hasbrook
Donald E. Murphy

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

Steve G. Nettleton
Richard P. Smith
Carroll R. Taresh
Michael W. Koehnen
Alex A. Vereschagin, Jr.

The ten nominees receiving the most affirmative votes cast at the meeting will be elected as directors assuming a quorum is present. Consequently, any shares not voted at the meeting, whether by abstention or otherwise, will have no effect on the election of directors. If any of the nominees should unexpectedly decline or become unable to serve, the proxies we are soliciting may be voted for a substitute nominee or the Board may reduce the size of the Board.

Brief biographies of the director nominees begin on page 5. These biographies include their age, business experience and the names of publicly held and certain other corporations of which they are also directors. Unless stated otherwise, each director has been engaged in his present occupation for at least the past five years.

Shareholders may cumulate their votes when electing directors. To do so, you must follow the procedures set forth in our bylaws which are described at "Governance, Board Nomination and Board Committees--Nomination and Election of Directors" on page 9.

The Board recommends a vote to elect these ten nominees.

2. RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

The firm of KPMG, LLP has served as our independent certified public accountants since 2002 and our audit committee has selected the firm as our accountants for 2006. Representatives of KPMG will be present at the meeting and will have the opportunity to make a statement and to answer questions.

Neither TriCo's governing documents nor applicable law require shareholder ratification of the appointment of KPMG as our independent accountant. However, the audit committee recommended, and the Board of Directors determined, to submit the appointment of KPMG to the shareholders for ratification as a matter of good corporate practice. If shareholders fail to ratify the appointment, the audit committee will reconsider whether or not to retain that firm. Even if appointment is ratified, the audit committee in its discretion may direct the appointment of different independent accountants at any time.

The following audit services were performed by KPMG for the year ended December 31, 2005:

- examination of our financial statements and our employee benefit plans,
- services related to our filings with the Securities and Exchange Commission, and
- consultation on matters related to accounting, financial reporting, tax returns, internal controls and regulatory compliance.

Additional information concerning KPMG's services for TriCo can be found on pages 23-24. The affirmative vote of a majority of those shareholders present and voting will ratify the selection of KPMG as our independent accountants.

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

The Board recommends a vote to ratify the selection of KPMG, LLP as our accountants for 2006.

GOVERNANCE, BOARD NOMINATION AND BOARD COMMITTEES

CORPORATE GOVERNANCE

We have long believed that good corporate governance is important to ensure that TriCo is managed for the long-term benefit of its shareholders. We continue to review our corporate governance policies and practices along with provisions of the Sarbanes-Oxley Act of 2002, the rules of the Securities and Exchange Commission and the listing standards of Nasdaq. Since our 2005 annual meeting we have:

- affirmatively determined that all of our directors except for Mr. Smith qualify as independent directors under the rules of Nasdaq and our corporate governance guidelines, and
- affirmatively determined that Mr. Amaral is an audit committee financial expert under the rules of the Securities and Exchange Commission.

You can view our code of business conduct, our code of ethics for our principal executive officers and senior financial officers, and our audit committee charter on our website at www.tricountiesbank.com under "investor information--corporate information," or receive copies by writing to our corporate secretary at TriCo Bancshares, 63 Constitution Drive, Chico, California 95973, phone (530) 898-0300. The charter for our audit committee is included as Exhibit A to this proxy statement. The charter for our nominating and corporate governance committee is not available on our web site but was included with our 2005 proxy statement.

DIRECTOR INDEPENDENCE

We believe that independent directors play an important role in TriCo's corporate governance and are committed to ensuring that at least a majority of our directors are independent. Our board has affirmatively determined that the following nine of our ten directors are independent as defined by Nasdaq Marketplace Rule 4200(a)(15) and our corporate governance guidelines: Mr.

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

Amaral, Mr. Casey, Mr. Compton, Mr. Hasbrook, Mr. Koehnen, Mr. Murphy, Mr. Nettleton, Mr. Taresh and Mr. Vereschagin. Our corporate governance guidelines provide that a director is independent if he does not have a material relationship with TriCo directly or indirectly as a partner, shareholder or officer of an organization that has a relationship with TriCo, and he otherwise qualifies as independent under the applicable rules of the Securities Exchange Act of 1934, as amended, and Nasdaq. These independence determinations were based upon a review of all relevant transactions and relationships between TriCo, our senior management and our accountants, on the one hand, and each director and his family members, on the other hand. Mr. Smith is not considered independent because of his employment as president and chief executive officer.

ATTENDANCE AT MEETINGS

The Board of Directors of TriCo met 12 times and the Board of Directors of Tri Counties Bank met 12 times during 2005. Each director attended at least 75% of the meetings of the Boards of Directors of both TriCo and Tri Counties Bank and the meetings of the committees of TriCo and Tri Counties Bank on which they served, except for Mr. Murphy. In addition, our independent directors met one time in executive session to discuss our chief executive officer's performance. Executive sessions are chaired by the independent director then serving as lead director. Mr. Casey was our lead director in 2005 and will continue to serve as lead director in 2006.

Our corporate governance guidelines provide that each director must attend our annual shareholders meeting. In 2005 all of our directors attended the annual shareholders meeting.

BOARD PROCEDURES AND COMMITTEES

Our full Board of Directors considers all major decisions. However, we have established three standing committees so that some matters can be addressed in more depth than may be possible in a full Board meeting: a compensation and management succession committee, a nominating and corporate governance committee and an audit committee. These three committees each operate under a written charter. The Board has affirmatively determined that each member of our Board committees is independent as defined by Nasdaq Marketplace Rule 4200(a)(15) and our corporate governance guidelines. Following is a description of each of these committees. Our subsidiary, Tri Counties Bank, also has an audit committee and other Board committees.

7

Audit Committees. We have a standing audit committee of TriCo and a standing audit committee of Tri Counties Bank. The current members of both audit committees are Donald Amaral (chairman), William Casey, John Hasbrook, Michael Koehnen, Steve Nettleton and Alex Vereschagin, Jr. The board has determined that Mr. Amaral is an audit committee financial expert under the rules of the Securities and Exchange Commission and that each member of the committee is financially literate as defined by Nasdaq listing standards and is independent under special standards established by the Securities and Exchange Commission for audit committee members. Their qualifications and business expertise are described beginning on page 5. The committee monitors:

- the integrity of our financial statements, including the financial reporting process and systems of internal controls regarding finance, accounting and legal and regulatory compliance,
- our compliance with legal and regulatory requirements,

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

- the independence, qualifications and performance of our financial executives, independent auditor and internal auditing department, and
- the communication among our independent auditor, management, our internal auditing function and the Board.

The committee also annually retains our independent accountant and approves the terms and scope of work to be performed. Our audit committee met six times during 2005. For more information on the audit committee, please see the report of the audit committee beginning on page 23.

Compensation and Management Succession Committee. The current members of the compensation and management succession committee are William Casey (chairman), Craig Compton, John Hasbrook and Michael Koehnen. This committee:

- determines TriCo's salary philosophy,
- sets the compensation levels for our president and chief executive officer,
- reviews the compensation of our other executive officers,
- administers our stock option plans,
- reviews the benefits provided to our executive officers and directors, and
- establishes and reviews our management succession policies.

The compensation and management succession committee held five meetings in 2005. The report of the compensation and management succession committee is found beginning on page 21.

Nominating and Corporate Governance Committee. The current members of the nominating and corporate governance committee are William Casey (chairman), Donald Amaral, Craig Compton, Michael Koehnen and Steve Nettleton. This committee:

- determines nominees to the Board in the manner described below,
- reviews our Board committee structure and members,
- annually evaluates the Board,
- monitors director independence, and
- reviews our corporate governance guidelines and code of business ethics.

The committee met two times in 2005.

COMPENSATION AND MANAGEMENT SUCCESSION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of our compensation and management succession committee is an officer, former officer or employee of TriCo or Tri Counties Bank. No executive officer of TriCo had any interlocking relationship with any other for-profit entity during 2005, including serving on the compensation committee for any other entity.

NOMINATION AND ELECTION OF DIRECTORS

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

Qualifications. Our nominating and corporate governance committee determines the director nominees for each annual meeting of shareholders using the criteria set forth in our corporate governance guidelines. Our guidelines provide that all directors must be committed to representing the long-term interests of our shareholders and possess:

- the highest personal and professional ethics, integrity and values,
- informed judgment,
- sound business experience,
- the ability to make independent analytical inquiries, and
- an understanding of our business environment.

The committee has not established any specific minimum qualification standards for directors, except that no person may serve as a director who is seventy-five years of age or older at the time of election. However, the committee may identify certain skills or attributes as being particularly desirable for specific director nominees in order to complement the existing Board composition. To date the committee has identified and evaluated nominees for directors based on several factors, including:

8

- referrals from our management, existing directors and advisors,
- business or banking experience,
- education,
- leadership abilities,
- professional reputation and affiliation, and
- personal interviews.

We do not currently pay any fee to a third party to identify or evaluate potential director nominees, although we may retain search firms in the future to assist in finding qualified candidates.

Shareholder Nominations. The committee will consider nominees recommended by shareholders if those nominations are submitted under Section 15 of our bylaws. Section 15 provides that nomination for election of members of the Board of Directors may be made by the Board of Directors or by any shareholder of any outstanding class of capital stock of TriCo entitled to vote for the election of directors. Notice of intention to make any nominations shall be made in writing and shall be delivered or mailed to the president of TriCo not less than 21 days nor more than 60 days prior to any meeting of shareholders called for the election of directors; provided, however, that if less than 21 days' notice of the meeting is given to shareholders, such notice of intention to nominate shall be mailed or delivered to TriCo's president not later than the tenth day following the day on which the notice of meeting was mailed; provided further, that if notice of such meeting is sent by third-class mail as permitted by Section 6 of the bylaws, no notice of intention to make nominations shall be required. Such notification shall contain the following information to the extent known to the notifying shareholder: (a) the name and address of each

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

proposed nominee; (b) the principal occupation of each proposed nominee; (c) the number of shares of capital stock of TriCo owned by each proposed nominee; (d) the name and residence address of the notifying shareholder; and (e) the number of shares of TriCo stock owned by the notifying shareholder. Nominations not made in accordance with these provisions may, in the discretion of the chairman of the meeting, be disregarded and upon the chairman's instructions the inspectors of election can disregard all votes cast for each such nominee.

Nominees recommended by shareholders are evaluated in the same manner as other nominees. We have not received any proposals for director nominees from shareholders for this election.

Cumulative Voting. Each shareholder may cumulate votes in the election of directors. This means that a shareholder can cast votes for the number of shares owned multiplied by the number of directors to be elected. For example, if you own 1,000 shares, you could cast 10,000 votes since we will be electing ten directors at the meeting. You may cast those votes for a single candidate or distribute your votes among any or all of the candidates. However, you may not cumulate votes for a candidate unless that candidate has been properly nominated prior to the voting and you have given notice of your intention to cumulate your votes. You must express your intention to cumulate votes at the meeting prior to the election. If any shareholder gives notice to cumulate his shares, all other shareholders shall be allowed to cumulate their votes as well. We will provide an opportunity at the meeting for any shareholder who desires to cumulate votes to announce his intention to do so. We are soliciting, by your proxy, the discretionary authority to vote proxies cumulatively. The ten nominees receiving the highest number of votes will be elected directors.

9

COMPENSATION OF DIRECTORS

COMPENSATION

During 2005 each non-employee director received a \$1,500 monthly retainer, the chairman of the Board received \$500 per month and the chairman of the audit committee received \$300 per month. Each director also:

- received nonqualified options for 4,000 shares of our common stock under our 2001 stock option plan described on page 16, which vest in May 2006,
- participates in the deferred compensation plan and supplemental retirement plan described below,
- has an indemnity agreement under which TriCo will indemnify him in his capacity as a director,

The chairman of our board and the chairman of our audit committee received

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

nonqualified options for an additional 1,000 shares. We do not pay our directors any additional compensation to attend board or committee meetings. Directors who are employees of TriCo do not receive additional compensation for their service on the Board.

DIRECTOR DEFERRED COMPENSATION PLAN

In 1992 we adopted a deferred compensation plan for directors to provide our non-employee directors with supplemental retirement benefits which was amended effective June 30, 2004, and January 1, 2005. Under the plan, each director may defer all or part of his retainer fees into a separate account up to a maximum life-time deferral amount of \$1.5 million. The amount deferred cannot be less than \$200 per month. The plan permits us to make discretionary contributions to a director's account. It also requires us to make an annual contribution to each director's account based on amounts contributed to other retirement and benefit plans.

Until January 1, 2008, accounts maintained under the plan are credited with interest each month at a rate that is three percent higher than the annual yield of the Moody's average corporate bond yield index. Beginning January 1, 2008, the interest will be reduced to a rate that is 1% higher than the Moody's corporate bond yield index. Upon a director's retirement, his account will earn interest at the Moody's corporate bond yield index. Directors are immediately 100% vested in their own contributions and associated interest. We determine the vesting rate for all discretionary contributions. To date, we have not made any discretionary contributions to directors' accounts. This plan is nonqualified, unsecured and unfunded. However, we do maintain corporate-owned life insurance on the lives of the directors who participate in the plan to offset some of the costs. In 2005 none of the directors elected to defer some or all of their annual compensation.

DIRECTOR SUPPLEMENTAL RETIREMENT PLANS

In 1987 we adopted a supplemental retirement plan for directors to provide additional retirement benefits to directors who retired on or before December 31, 2003. Any outside director of TriCo or Tri Counties Bank who served as a director for at least ten years was eligible to participate. Full benefits applied to all directors who are at least 65 years old. When a qualified director retires, he can immediately receive 15 times the amount of the retainer fees we paid him during his final year of service. We pay that amount in 15 equal annual installments. If a director has been on our Board for at least ten years but is not yet 65, we will pay the supplemental retirement benefit at a discounted rate. If we experience a change of control, we will pay all vested retirement benefits immediately. This plan is nonqualified, unsecured and unfunded. Effective January 1, 2004, we adopted a new supplemental retirement plan for directors who retire on or after January 1, 2004. The 2004 plan is substantially similar to the 1987 plan except that the vesting schedule has been changed from 10 years to 15 years and the discount for early retirement has been changed from 4% per year to 6% per year.

- (2) Includes cash compensation earned and received by the executive officers and amounts earned but deferred at the election of the officers under our executive deferred compensation plan described on page 15.

EXECUTIVE DEFERRED COMPENSATION PLAN

Our executive deferred compensation plan was adopted in 1987 and amended effective June 30, 2004, and January 1, 2005. It provides our key employees with supplemental funds for retirement or death. Under the

14

plan, each executive may defer all or part of his compensation into a separate account up to a maximum life-time deferral amount of \$1.5 million. The plan permits us to make discretionary contributions to an executive's account. It also requires us to make an annual contribution to each executive's account based on amounts contributed to other retirement and benefit plans.

Until January 1, 2008, accounts maintained under the plan are credited with interest each month at a rate that is 3% higher than the annual yield of the Moody's average corporate bond yield index. Beginning January 1, 2008, the interest will be reduced to a rate that is 1% higher than the Moody's corporate bond index. Upon an executive's retirement, his account will earn interest at the Moody's corporate bond index. Executives are immediately 100% vested in their own contributions and associated interest. We determine the vesting rate for all discretionary contributions. So far, we have not made any discretionary contributions.

This plan is nonqualified, unsecured and unfunded. However, we do maintain corporate-owned life insurance on the lives of the executives who participate in the plan to offset some of the costs. In 2005 Mr. Smith, Mr. Mastorakis, Mr. Hagstrom and Mr. Carney each elected to defer some or all of their compensation.

CEO INCENTIVE PLAN

In 2001 the Board adopted the CEO Incentive Plan which is described in the "Report of the Compensation and Management Succession Committee" beginning on page 21. This plan provides bonus compensation to our chief executive officer,

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

Richard Smith.

CEO EMPLOYMENT AGREEMENT

In 2004 we entered into an amended employment agreement with Richard Smith, as further amended in 2005, which provided Mr. Smith with a base annual salary of \$430,000 for 2005 with future increases as determined by the compensation and management succession committee. Mr. Smith is also eligible to receive an annual incentive bonus under the CEO Incentive Plan and stock options under our 2001 stock option plan. Mr. Smith's compensation is described in the "Report of the Compensation and Management Succession Committee" on page 21. The agreement also provides that he shall receive benefits under our supplemental executive retirement plan and other benefit plans, vacation days and a car allowance. If a change of control of TriCo occurs and Mr. Smith's employment is terminated other than for "cause" or Mr. Smith terminates his employment after a substantial and material negative change occurs in his title, compensation or responsibilities, then Mr. Smith is entitled to receive twice his annual salary then in effect and twice his most recent bonus.

CHANGE OF CONTROL AGREEMENTS

Mr. O'Sullivan, Mr. Mastorakis, Mr. Hagstrom, Mr. Reddish, Mr. Carney, Mr. Miller and Mr. Rios have each entered into agreements with TriCo that provide them with benefits if TriCo experiences a change of control. If a change of control occurs and the executive's employment is terminated other than for "cause" or the executive terminates his employment after a substantial and material negative change in his title, compensation or responsibilities, then such executive is entitled to receive twice the combined amount of his annual salary in effect at the time and most recent annual bonus.

LONG-TERM CARE AGREEMENTS

In 2003 we entered into long-term care agreements with all eligible directors and all executive officers and paid a one-time premium for long-term care insurance for each participant. The single premiums cost approximately \$50,000 for each participant and will be amortized by TriCo over five years. The long-term care insurance provides long-term care benefits if a participant becomes disabled or has a long-term medical condition. The agreements generally provide that if a participant's service with TriCo terminates for any reason, the participant will reimburse a percentage of the premium paid by TriCo. The reimbursement obligation decreases 20% for each year of service following adoption of this agreement. For example, if a participant's service is terminated immediately following his third year of service following adoption of this agreement, he would generally be required to reimburse TriCo for 40% of the premium. During 2005 we recognized an expense of \$136,093 relating to the long-term care insurance.

2001 STOCK OPTION PLAN

In 2001 we adopted a stock option plan for key officers, employees, directors and consultants, as subsequently amended by shareholders, which provides that an aggregate of 2,124,650 shares of our common stock may be granted under the plan. On March 29, 2006, there were options for 1,361,082 shares outstanding and options for 502,436 shares were available for future grant. Vesting schedules are determined individually for each grant. The stock options we have issued to the named executive officers were granted at exercise prices equal to the fair market value of TriCo stock at the date of grant and vest over a five-year period.

Eligibility and Administration. Current and prospective officers, employees, directors and consultants of TriCo or its subsidiaries or affiliates may be granted awards under the plan. As of March 29, 2006, approximately 685 individuals were eligible to participate in the plan. The plan is administered by our compensation and management succession committee. Awards to directors serving on the committee are determined and administered by the full Board of Directors. The committee may:

- select participants,
- determine the type and number of options to be granted,
- determine the exercise price and vesting period of any option,
- determine and later amend the terms and conditions of any option,
- interpret the rules relating to the plan, and
- otherwise administer the plan.

Stock Options. The committee may grant both incentive stock options, which can result in potentially favorable tax treatment to the participant, and non-qualified stock options. The committee determines the terms and vesting provisions, including the exercise price that generally may not be less than the fair market value of a share of common stock on the grant date. The maximum term of each option, the times at which each option will be exercisable, and the provisions requiring forfeiture of unexercised options following termination of employment generally are fixed by the committee, except that no option may have a term exceeding ten years. Incentive stock options that are granted to holders of more than 10% of our stock are subject to certain additional restrictions, including a five-year maximum term and a minimum exercise price of 110% of the fair market value.

Shares subject to options that are cancelled, expire unexercised, forfeited, settled in cash or otherwise terminated remain available for awards under the plan. Shares issued under the plan may be either newly issued shares or shares

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

which we have reacquired. The plan imposes individual limitations on the amount of certain awards in order to comply with Section 162(m) of the Internal Revenue Code of 1986. Under these limitations no single participant may generally receive options in any calendar year that relate to more than \$1 million. Finally, options may generally be adjusted to prevent dilution or enlargement of benefits when certain events occur, such as a stock dividend, reorganization, recapitalization, stock split, combination, merger or consolidation.

16

Director Options. A new director to the Board receives options for 20,000 shares when he is first elected. These options become exercisable in five equal installments of 4,000 shares each beginning on the first anniversary of the grant date. In addition, each director who is re-elected to the Board receives options for 4,000 shares upon re-election and each director who is appointed as chairman of the Board or chairman of our audit committee may receive options for 1,000 shares. These shares are exercisable on the first anniversary of the grant date. The option price for all options granted to directors is the fair market value on the grant date. The Board determines the terms and conditions of any other options granted to directors.

Termination of Employment. All options not exercised within 90 days after an optionee ceases to serve as a director, officer, employee or consultant of TriCo are forfeited.

Change in Control. All outstanding awards vest, become immediately exercisable or payable and have all restrictions lifted immediately when TriCo experiences a change in control.

Amendment and Termination. The Board may amend, suspend or terminate the plan subject to applicable shareholder approval. The committee may waive any conditions or amend the terms of any option. However, the committee may not amend the terms of previously granted options to reduce the exercise price or cancel options and grant substitute options with a lower exercise price than the cancelled options. The committee also may not adversely affect the rights of any award holder without the award holder's consent.

Certain Federal Income Tax Consequences. Following is a brief description of the federal income tax consequences generally arising for awards under the plan. Tax consequences to TriCo and to participants receiving options will vary with the type of option. The plan is not intended to be a "qualified plan" under Section 401(a) of the Internal Revenue Code.

Effects on Participants. Generally, a participant will not recognize income, and TriCo is not entitled to take a deduction, when an incentive stock option or a nonqualified option are granted. A participant generally will not have taxable income when he exercises an incentive stock option. When a participant exercises a nonqualified option, he must generally recognize ordinary income equal to the difference between the exercise price and fair market value of the shares acquired on the exercise date.

If a participant sells shares of common stock acquired from an incentive stock option before the end of two years from the grant date and one year from the exercise date, the participant must generally recognize ordinary income equal to the difference between the fair market value of the shares at the exercise date and the exercise price. Otherwise, a participant's disposition of shares acquired when an option is exercised generally will result in short-term or long-term capital gain or loss measured by the difference between the sale price and the participant's tax basis in the shares.

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

Effects on TriCo. TriCo generally may receive a tax deduction equal to the amount recognized as ordinary income by the participant in connection with an option. TriCo generally is not entitled to a tax deduction relating to amounts that represent a capital gain to a participant. Accordingly, TriCo will not be entitled to any tax deduction for an incentive stock option if the participant holds the shares of common stock for the incentive stock option holding periods prior to selling the shares.

Performance-based Compensation. Section 162(m) of the Internal Revenue Code generally disallows a public company's tax deduction for compensation paid in excess of \$1 million in any tax year to its five most highly compensated executives. However, compensation that qualifies as "performance-based compensation" is excluded from this \$1 million deduction limit and therefore remains fully deductible by TriCo. TriCo intends that the following grants will qualify as "performance-based compensation" so that these awards will not be subject to the Section 162(m) deduction limitations:

- performance awards,
- options granted with an exercise price at least equal to 100% of the fair market value of the underlying shares of common stock at the grant date, and
- options granted to employees that the committee expects to be named executive officers at the time a deduction arises.

17

1995 Stock Option Plan. In 1995 we adopted a stock option plan for key employees. On March 29, 2006, there were options for 194,000 shares outstanding under this plan and no additional options were available for grant. Vesting schedules were determined individually for each grant under both plans.

(1) Potential realizable value is based on an assumption that the market price of our common stock will appreciate at the stated rates (5% and 10%), compounded annually from the date of grant until the end of the term. The values are calculated based on rules of the Securities and Exchange Commission and do not reflect our estimate or projection of future stock prices. Actual gains, if any, on stock option exercises will depend on the future performance of the price of our common stock and the timing of exercises.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLANS

In 1987 we adopted a supplemental executive retirement plan which provides supplemental retirement benefits to key employees who retired on or before December 31, 2003. This plan is administered by our compensation

and management succession committee. In general terms, the benefits are payable if a participant retires at the age of 65, if he dies or becomes disabled, or if he is terminated within 24 months after a change in control. We do not pay benefits if an employee is terminated for cause. The plan is nonqualified, unsecured and unfunded. The purpose of the plan is to provide an incentive to key executives to remain in TriCo's service by providing additional compensation that is payable only if the executive remains with TriCo until retirement, disability or death. Participants in the plan are approved by the compensation and management succession committee.

The plan provides for payments of 70% of the participant's final average compensation, including salary and bonus for the highest paid 36 months out of

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

the last 60 months of the participant's employment. The benefit amount is reduced by the sum of amounts payable to the officer from social security benefits and the annuity received from TriCo's ESOP, profit sharing plans, frozen tax-qualified retirement benefit plan and other defined benefit plans. The normal retirement age under the plan is age 65 with at least ten years of service. The plan also allows for early retirement at age 55 with at least ten years of service. If a participant retires prior to age 65, the 70% payment under the plan is reduced by 2% per year for each year the participant's retirement date precedes his normal retirement date for the first five years and 4% for the next five years to age 55. Benefit payments under the plan will be made for the lifetime of the participant, with a minimum of ten years of payments if the participant dies after retirement.

Effective January 1, 2004, we adopted a new supplemental executive retirement plan which provides supplemental retirement benefits to key employees retiring on or after January 1, 2004. The 2004 plan is substantially similar to the 1987 plan except that the retirement age is reduced from 65 to 62, the vesting schedule is reduced from 20 years to 15 years and a forfeiture provision was added if voluntary termination occurs prior to full vesting.

The following table shows estimated annual retirement benefits that would be payable to the named executive officers under the 2004 plan, assuming a minimum of ten years of service at normal retirement age of age 62 under various assumptions as to final average annual compensation and years of credited service. Such amounts have not been reduced for expected social security benefits and the expected annuity payout from the ESOP, both of which are currently expected to reduce payments of the benefits.

ESTIMATED ANNUAL RETIREMENT BENEFITS

FINAL AVERAGE COMPENSATION	ANNUAL BENEFIT AFTER SPECIFIED YEAR IN PLAN			
	5	10	15	20+
\$100,000	\$ 17,500	\$ 35,000	\$ 52,500	\$ 70,000
200,000	35,000	70,000	105,000	140,000
300,000	52,500	105,000	157,500	210,000
400,000	70,000	140,000	210,000	280,000
500,000	87,500	175,000	262,500	350,000
600,000	105,000	210,000	315,000	420,000

Final average compensation includes salary and annual bonus as set forth in the summary compensation table. All of the named executive officers are participants in the plan. At March 29, 2006, they had accrued the following years of service in the plan: Mr. Smith--twelve years; Mr. O'Sullivan--twenty-one years; Mr. Mastorakis--five years; Mr. Hagstrom--twelve years; Mr. Reddish--eleven years and Mr. Carney--nine years.

SPLIT DOLLAR LIFE INSURANCE

In March 2003 we entered into joint beneficiary agreements with all of our named executive officers and directors, except for Mr. Nettleton. These agreements provide that the Company shall own and pay premiums on a split dollar life insurance policy to provide various death benefits to the beneficiaries named by each of these directors and executive officers in certain circumstances.

OTHER BENEFIT PLANS

We do not provide any actuarial plan that is payable upon retirement or any long-term incentive plans that provide compensation for performance that is measured over a period longer than one fiscal year. The named executive officers may also participate in other benefits available to all employees, some of which are described below.

ESOP. We have an employee stock ownership plan and trust for all employees completing at least 1,000 hours of service with TriCo or Tri Counties Bank. Annual contributions are made by TriCo in cash at the discretion of the Board. Contributions to the plan are held in trust and invested primarily in our common stock. Contributions are allocated to participants on the basis of salary in the year of allocation. In general, benefits become vested after seven years.

401(k). We have a 401(k) plan for all employees age 21 and over completing at least 90 days of service with TriCo or Tri Counties Bank. Participants may contribute a portion of their compensation subject to certain limits based on federal tax laws. Contributions are not included in a participant's current taxable income. TriCo does not make matching contributions to the plan. Plan assets are held in trust. A participant can direct the investment of his contribution into one or more of 19 mutual funds. Generally, contributions are distributable upon a participant's retirement, disability, death or other separation from employment.

REPORT OF THE COMPENSATION AND MANAGEMENT SUCCESSION COMMITTEE

TO OUR SHAREHOLDERS:

The report of the compensation and management succession committee for 2005 includes our activities related to compensation review and recommendations for the chief executive officer and, to a certain extent, the other executive officers named on page 14. In 2003 the committee engaged Benmark as independent compensation consultant to conduct a comprehensive assessment of our overall executive compensation program to ensure that our compensation levels are reasonable, appropriate and compatible. In 2005 the committee again reviewed Benmark's recommendations and evaluated the executive compensation program as it relates to the performance of executives.

COMPENSATION POLICY

The committee's compensation policy approved on February 17, 2004, provides that our officers will be compensated consistent with our stated compensation strategy of optimizing our ability to attract and retain officers consistent with internal equity considerations, competitive practice and regulatory oversight. The committee determines the compensation of Richard P. Smith, our chief executive officer. The committee also reviews Mr. Smith's compensation decisions concerning other officers.

The compensation program for executive officers consists of three key elements:

- base salary,
- performance-based annual bonus, and

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

- periodic grants of stock options.

This three-part program enables us to tie executive compensation to TriCo's performance, reward individual performance and attract and retain a highly qualified management team. Our executive officers also received the change of control agreements described on page 15 which the committee believes provides continuity in leadership which benefits our shareholders and employees. As a result, the committee believes that this program best serves the interests of TriCo and its shareholders.

COMPENSATION OF CHIEF EXECUTIVE OFFICER

Base Salary. Mr. Smith's salary was originally set forth in his amended employment agreement described on page 15. In determining the annual adjustments to his base salary, the committee annually considers compensation levels of chief executive officers with similar qualifications and experience at banks of similar size and type located on the West Coast. In 2005 the committee increased Mr. Smith's salary 4.88% to \$430,000 from \$410,000 in 2004.

Annual Bonus. The bonus permits annual recognition of individual performance and is based on the CEO Incentive Plan adopted in 2001. In 2005 the bonus schedule for Mr. Smith was based on a sliding scale from 90% to 120% of TriCo's budget as pre-established by the Board prior to 2005. If TriCo achieved 90% of the forecasted budget, Mr. Smith would be entitled to a bonus of 22.5% of his annual salary. If TriCo achieved 120% of the forecasted budget, Mr. Smith would be entitled to a bonus of 150% of his annual salary. Under this plan, the committee evaluates Mr. Smith's performance annually based on the following four components:

- TriCo's financial performance,
- TriCo's asset and liability quality, and internal growth,
- TriCo's common stock price, and
- Mr. Smith's leadership skills.

Based on the committee's evaluation under each of these guidelines and whether TriCo met the budgeted performance goals, the committee recommended that Mr. Smith receive an incentive bonus of \$215,000 for 2005 which was paid in 2006. This bonus represented 50% of Mr. Smith's 2005 base salary. The full Board approved payment of this bonus.

Stock Options. The number of stock options granted to Mr. Smith under our 2001 stock option plan described beginning on page 16 is determined by a subjective evaluation of Mr. Smith's ability to influence TriCo's long-term growth and profitability. Since the value of an option bears a direct relationship to TriCo's stock price, the committee believes it is an effective incentive to create value for shareholders. All options are granted at exercise prices not less than the fair market value of the stock

on the date of the grant. In 2005 Mr. Smith received stock options for 4,000 shares of common stock for his re-election to the Board of Directors and no stock options for his employment as chief executive officer. The 4,000 shares vest on the first anniversary of the grant date.

COMPENSATION OF OTHER EXECUTIVES

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

The salaries and annual bonuses for all other officers are recommended by Mr. Smith each year for the committee's approval. Mr. Smith seeks to establish base salaries that are within the range of salaries for persons holding similarly responsible positions at other banks and bank holding companies located on the West Coast. In addition, he considers factors such as relative company performance, the individual's past performance at TriCo and future potential.

The committee believes that the long-term interests of stockholders and our officers are more closely linked when the officers are given the opportunity to own our common stock. This provides incentives to reach TriCo's long-term goals. The number of stock options granted to top executives by the committee each year is determined by a subjective evaluation of the executive's ability to influence TriCo's long-term growth and profitability. In 2005 our executives other than Mr. Smith together received stock options for an aggregate 154,160 shares of common stock. These shares vest 20% immediately and 20% on each anniversary of the grant date for four years.

To attract and retain talented executives who will focus on achieving TriCo's long-term goals, our executive officers, including Mr. Smith, also receive:

- change of control agreements described on page 15,
- contributions through our employee stock ownership plan described on page 20,
- interest credits on deferred compensation under our executive deferred compensation plan described on page 15,
- participation in our supplemental executive retirement plan described on page 19,
- long-term care agreements described beginning on page 15, and
- perquisites referenced on page 14.

INTERNAL REVENUE CODE SECTION 162(M)

The committee also considers the potential impact of section 162(m) of the Internal Revenue Code of 1986, as amended. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the chief executive officer and the other senior executive officers, other than is approved by the shareholders of the corporation and that meets certain other technical requirements. Based on these requirements, the committee believes that section 162(m) will not prevent TriCo from receiving a tax deduction for any of the compensation paid to our executive officers.

SUMMARY

The committee believes that our policy of tying executive compensation to TriCo's performance was met and that the compensation for our executive officers has been competitive and comparable to the compensation received by executive officers of similarly-sized banks on the West Coast. In addition, TriCo's executive compensation policies support our overall objective to enhance shareholder value through profitable management of TriCo's operations. The committee is firmly committed to the ongoing review and evaluation of our executive compensation program.

REPORT OF THE AUDIT COMMITTEE

TO OUR SHAREHOLDERS:

The Board has affirmatively determined that all members of TriCo's audit committee are independent directors as defined in Nasdaq Rule 4200(a)(15) and the special standards established by the Securities and Exchange Commission. The committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of TriCo's accounting, the system of internal controls established by management, auditing and reporting practices. The responsibilities of the committee are described on page 8 and are set forth in its charter, a copy of which is attached to this proxy statement as Exhibit A.

Management is responsible for internal controls and the financial reporting process, including the system of internal controls. KPMG, LLP, our independent accountant, is responsible for expressing an opinion on the conformity of TriCo's audited consolidated financial statements with generally accepted accounting principles. The audit committee monitors these processes and reports its findings to the full Board. The committee has reviewed and discussed TriCo's audited consolidated financial statements with management and KPMG. The committee has also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 (communication with audit committees).

The audit committee has reviewed and implemented the provisions of the Sarbanes-Oxley Act, the rules of the Securities and Exchange Commission and the Nasdaq listing standards. The committee may also engage independent legal counsel to review assets and make recommendations on procedures required by the Sarbanes-Oxley Act. At two of its regular meetings in 2005, the committee met privately in executive session with KPMG, TriCo's chief executive officer and the director of the internal audit department to review:

- overall audit scope and plans,
- results of internal and external audit examinations,
- TriCo's audited consolidated financial statements,
- management's discussion and analysis of financial condition and results of operations contained in TriCo's quarterly and annual reports,
- evaluations of TriCo's internal controls by KPMG, and
- quality of TriCo's financial reporting.

The audit committee considered the need to ensure the independence of TriCo's accountants while recognizing that in certain situations KPMG may possess the expertise and be in the best position to advise TriCo on issues other than accounting and auditing. All audit services and fees payable to KPMG for audit services must be pre-approved by the committee. The committee's charter requires that any other services, including any permitted non-audit services, also be pre-approved by the committee. The committee then communicates its approval to management. All audit and non-audit services performed by KPMG during 2005 were pre-approved by the committee.

Edgar Filing: TRICO BANCSHARES / - Form DEF 14A

KPMG has provided the committee with the written disclosures required by Independence Standards Board Standard No. 1 (independence discussions with audit committees), and the committee discussed with KPMG their independence. The audit committee has considered the effect that provision of the services described under "tax fees" and "all other fees" under Independent Public Accountants on page 24 may have on the independence of KPMG. These fees amounted to approximately 12.48% of our total fees paid to KPMG in 2004 and approximately 5.37% of our total fees paid in 2005. The committee approved these services and determined that those services were compatible with maintaining the independence of KPMG as TriCo's principal accountant.

23

Based on the audit committee's review and discussions with management and KPMG referenced in this report, the audit committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in TriCo's annual report on Form 10-K for the year ending December 31, 2005, for filing with the Securities and Exchange Commission.

OTHER INFORMATION

CERTAIN TRANSACTIONS

Some of our directors, executive officers and their associates are customers of Tri Counties Bank and we expect to have banking transactions with them in the future. In our opinion, all loans and commitments to lend were made in the ordinary course of our business and complied with applicable laws. Terms, including interest rates and collateral, were substantially the same as those prevailing for comparable transactions with other persons of similar creditworthiness.

In our opinion, these transactions did not involve more than a normal risk of collectibility or present other unfavorable features. The aggregate amount of all loans and credit extensions outstanding as of December 31, 2005, to all directors, director nominees and executive officers (including their associates and members of their immediate family) was approximately \$10,146,000, representing 6.79% of shareholders' equity at that time. Our audit committee reviews the adequacy and fairness of the loans to our directors and officers.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our directors, executive officers and some other shareholders are required to report their ownership of our common stock and any changes in that ownership to the Securities and Exchange Commission and Nasdaq. To the best of our knowledge, all required filings in 2005 were properly made in a timely fashion, except that Mr. Vereschagin, Jr. was inadvertently late in filing one report. In making these statements, we have relied on the representations of the persons involved and on copies of their reports filed with the Commission.
