## NHC reports first quarter earnings up 15.5%

MURFREESBORO, Tenn. -- National HealthCare Corporation (AMEX: NHC), today announced earnings for the quarter ended March 31 of \$3,953,000 or 34 cents per basic share compared to \$3,423,000 or 30 cents per basic share for the same period last year, an increase of 15.5%

Revenues for the quarter increased 6% to \$119,944,000 compared to \$113,205,000 for the same period a year earlier. Our results for the quarter reflect continued strong census and census mix and low leverage.

The company has announced its intention to begin paying quarterly dividends. Our first quarterly dividend of 12.5 cents per share is to shareholders of record on April 30 and payable on June 10.

NHC provides services to 75 long-term health care centers with 9,252 beds. NHC also operates 32 homecare programs, six independent living centers and assisted living centers at 19 locations. NHC's other services include managed care specialty medical units, Alzheimer's units and a rehabilitation services company. NHC also provides accounting services for over 30 long-term healthcare centers and three assisted living centers. In order to understand in all material respects the financial condition, results of operations and cash flows of NHC, the investor must review our most recent Form 10-Q quarterly report, Form 10-K annual report and press releases which are available on our web site at [www.NHCcare.com](http://www.NHCcare.com).

*Statements in this press release that are not historical facts are forward-looking statements. NHC cautions investors that any forward-looking statements made involve risks and uncertainties and are not guarantees of future performance. The risks and uncertainties are detailed from time to time in reports filed by NHC with the S.E.C., including Forms 8-K, 10-Q and 10-K, and include, among others, the following: liabilities and other claims asserted against us, including patient care liabilities, as well as the resolution of current litigation; availability of insurance and assets for indemnification; national and local economic conditions; including their effect on the availability and cost of labor, utilities and*

materials; the effect of government regulations and changes in regulations governing the healthcare industry, including our compliance with such regulations; changes in Medicare and Medicaid payment levels and methodologies and the application of such methodologies by the government and its fiscal intermediaries, the ability of third parties for whom we have guaranteed debt to refinance certain short term debt obligation; and other factors referenced or incorporated by reference in the S.E.C. filings. The risks included here are not exhaustive. All forward-looking statements represent NHC's best judgment as of the date of this release.
