COMPENSATION OF EXECUTIVE OFFICERS

Report of the Compensation Committees on Executive Compensation:

The Company's annual compensation policies applicable to executive officers are administered by the Compensation Committee (the "Committee") of the Board of Directors, all of which Committee members are non-employee directors. The compensation policies are designed to attract, motivate and retain qualified individuals required to manage the Company to meet its short- and long-term objectives and thereby increase stockholder value. Significant emphasis is also placed on encouraging executive officers to build their holdings of the Company's stock

to align their goals with those of the stockholders. The Company's program on executive compensation consists of three primary components: base salary, annual incentive bonuses and long-term incentives under incentive stock plans. The Committee recommends to the Board of Directors the salaries and incentive bonuses of executive officers and the Incentive Compensation Committee administers the incentive stock plans. The Committees consider total individual performance and the overall financial and other significant conditions of the Company in making their compensation recommendations. Each of the three components of executive compensation is reviewed for competitiveness and reasonableness in relation to a group of companies the Committee deems comparable.

Base Salary:

For reasons unrelated to personal performance but instead to the continuing downturn in the machine tool business and the Company's resulting financial performance, there were no adjustments to officers' salaries during the year 2002.

Incentive Bonuses:

The Committee administers the Company's incentive cash bonus program which provides flexibility to the Committee from year to year to meet the ever-changing business environment, provides competitive profit-focused cash incentives for the corporate officers and allows the Chief Executive Officer to establish specific individual objectives for all officers other than himself, the achievement of which is rewarded by year-end cash bonuses if the Company is sufficiently profitable. Although the Committee was pleased with the performance of the executive officers, no bonuses were granted to any of the Named Executive Officers nor any other executive officers.

During 2002 the Compensation Committee had not yet developed a policy in order to qualify any compensation to the five highest-paid executive officers in excess of \$1 Million per year for federal tax deductibility pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended. The Compensation Committee intends to balance the interests of the Company in maintaining flexible incentive plans and the manner and extent to which the Company benefits from the compensation package paid to any executive officer against the possible loss of a tax deduction if and when taxable compensation for any of the five highest-paid executive officers exceeds \$1 Million per year.

Compensation of Chief Executive Officer:

The compensation of Mr. Ervin was determined in accordance with the compensation principles and plans discussed in this report. In setting the compensation for the Chief Executive Officer, the Committee considers the total level of compensation resulting from both short-term and long-term compensation elements. Taking into account corporate profitability and not personal performance, which the Committee deems excellent, Mr. Ervin's base salary was unchanged for 2002. In accordance with the Committee's emphasis on long-term equity incentives, Mr. Ervin was awarded stock options for 26,000 shares of Hardinge Inc. Common Stock under the same terms and conditions as awards made to employees generally.

Report of the Incentive Compensation Committee:

Under the 1996 and 2002 Incentive Stock Plans (the "Plans") shares of Common Stock have been set aside for grants to key employees of restricted stock and stock options. Under the Plans, restricted stock grants and stock options can be selected by the Committee for award to key executives with a view to increasing executive ownership of Company stock to encourage their focus on long-term corporate results and to link a substantial portion of executive pay and financial incentive to increases in stockholder value. Individual restricted stock and stock option awards are based upon an executive's responsibilities and role in increasing stockholder value and the Committee's evaluation of individual performance based upon qualitative and quantitative measurements, together with the Company's financial performance. No consideration is given to the number of shares currently directly or indirectly owned. Restrictions on restricted shares awarded lapse upon passage of time as established by the Committee on the date of the award, if said shares are not earlier forfeited. Under these Plans for the year 2002, Mr. Rich was awarded a grant of 5,000 restricted shares of Common Stock to be earned over an eight-year period subject to forfeiture and restrictions on transfer. Total unconditional vesting will occur only upon the completion of eight years of continuous service (as specified at the time of grant) or, if earlier, upon death, retirement after age 55, retirement prior to age 55 for reasons of total and permanent disability or retirement for other medical or health reasons which render an employee unable to perform his duties and responsibilities or termination in other limited circumstances. Partial vesting will occur if the employee is terminated during a period from one to eight years (as specified at the time of grant) for reasons other than gross deviation from duties and responsibilities. The Plans provide that the possibility of forfeiture shall lapse in its entirety and the Company shall deliver to the employee or his personal representative, free of any restrictions, certificates representing the shares of Restricted Stock in the event of a termination of the employee's employment with the Company or a subsidiary within four years following a change of control as defined in the agreements entered into pursuant to the Plans. Effective December 31, 2002 the Committee approved the removal of restrictions

Edgar Filing: HARDINGE INC - Form DEF 14A

on 15,000 shares of restricted stock earlier granted to certain Named Executive Officers. All of these restrictions were contractually scheduled to be automatically eliminated two days later on January 2, 2003. This action did not affect Hardinge's 2002 net earnings for accounting purposes.

Under the 2002 Incentive Stock Plan, during 2002 the Committee approved stock option grants to the Hardinge Named Executive Officers as detailed below. Each grant allows the officer to acquire shares of Hardinge's Common Stock, subject to the completion of a three-year vesting period. These shares may be acquired at a fixed price per share (the market price on the grant date) over a ten-year period.

E. Martin Gibson, Chair Richard J. Cole Albert W. Moore

Compensation Committee Interlocks and Insider Participation:

Messrs. Gibson, Cole, Hunter and Moore served as members of the Compensation Committee during 2002. Mr. Hunter is the Secretary of the Company and a partner with the law firm of Sayles & Evans. Sayles & Evans has acted as regular outside legal counsel to the Company since 1956 and the Company expects to continue to use such services in 2003. During 2002 the Company paid Sayles & Evans \$262,152 for legal services. J. Patrick Ervin participates in the deliberations of the Compensation and Incentive Compensation Committees for the purpose of providing evaluations and recommendations with respect to the compensation paid to officers other than himself. However, Mr. Ervin neither participates nor is otherwise involved in the deliberations of the Compensation and Incentive Compensation Committees with respect to his own compensation, and those deliberations are conducted by the Compensation and Incentive Compensation Committees in executive session without Mr. Ervin present.

Pension Plan:

The Company maintains a non-contributory defined benefit Pension Plan for all employees. Normal retirement is at age 65; however, retirement before age 65 can be selected under certain conditions. Annual pensions are computed on the basis of adjusted career average compensation, excluding bonuses. The adjusted career average compensation formula is the sum of (a) for service prior to December 1, 1993, 1.25% of the annual compensation rate as of December 1, 1993, times the number of years of service prior to December 1, 1993, plus (b) 1.5% of compensation on or after December 1, 1993. Pension amounts are not subject to reductions for Social Security benefits or offset amounts but are subject to federal law limitations on pensions payable under tax qualified plans.

If the Named Executive Officers remain continuously employed at current compensation levels until retirement at the normal retirement age of 65, the estimated annual pension amounts payable under the Pension Plan for Messrs. Ervin, Simons, Rich, Danby and Colvin would be \$91,895, \$68,368, \$39,519, \$43,621 and \$24,151, respectively. Pensions described are straight-life annuity amounts not reduced by joint and survivorship provisions which are available to all retirees through reductions in pensions otherwise payable.

Employment Agreements:

The Company has entered into written employment contracts with Messrs. Ervin, Simons, Rich, Danby and Colvin (the "officers"). The term of each employment agreement is two years, with automatic, successive one-year extensions unless either party provides the other with 60 days' prior notice of termination. In the case of a change of control (as such term is defined in the employment agreements), the term of each officer's employment agreement will be automatically extended for a period of two years following the date of the change of control. Officers'

bonuses shall be determined in accordance with an annual bonus policy.

If an officer is terminated without cause, or resigns for good reason (as such term is defined in the employment agreements), such officer will be entitled to continued payment of his base salary for the greater of six months or the remainder of the current term. If an officer is terminated without cause or resigns for good reason (as such term is defined in the employment agreements) on or after a change of control, or resigns for any reason at any time six months or more following a change of control, such officer will be entitled (i) to receive a lump sum cash payment equal to one and one-half times the sum of his base salary in effect immediately prior to his termination or resignation (or as in effect immediately prior to the change of control, if higher) and his average annual bonus for the three years preceding the change of control, and (ii) to participate, at the Company's expense, in the Company's welfare benefit plans for a period of three years following his resignation or termination. Such lump sum cash payments shall be subject to reduction to the extent necessary to prevent any amounts or benefits due from being deemed "excess parachute payments" within the meaning of Section 280G of the Code.

There is a Deferred Directors Fee Plan that allows a director at his election to defer receiving up to 100% of his fees payable in cash until the later of separation or age 70.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

The Audit Committee of the Board of Directors of Hardinge Inc. serves as the representative of the Board for general oversight of the Company's financial accounting and reporting process, system of internal control, audit process and process for monitoring compliance with laws and regulations and performs other related functions as described in the Audit Committee's Charter adopted by the Board. A copy of the Charter was attached to the Company's 2001 proxy statement and has not been amended to date. The Committee meets with management periodically to consider the adequacy of Hardinge's internal controls and the objectivity of its financial reporting. These matters are discussed with appropriate Company personnel. The Committee regularly meets privately with the independent auditors who have unrestricted access to the Committee. The Directors who serve on the Committee are all "independent" as required by all applicable laws and regulations. The Company's management has primary responsibility for preparing the Company's financial statements and its financial reporting process, including the Company's system of internal controls. The Company's independent accountants, Ernst & Young LLP, audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States, and discuss with the Committee any issues they believe should be raised. The Committee monitors these processes, relying

13

without independent verification, on the information provided and on the representations made by management and the independent auditors.

In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed the audited financial statements with the Company's management. Management represented to the Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States.
2. The Audit Committee has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended.
3. The Audit Committee has received the written disclosures and the letter from the independent accountants required by Independence Standard's Board Standard No. 1, "Independence Discussions with Audit Committees", as amended, and has discussed with the independent accountants their independence from management and the Company and considered the compatibility of non-audit services with the auditors' independence.
4. Based on the review and discussions referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board of Directors of Hardinge Inc., and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of Ernst & Young LLP as the Company's independent auditors for 2003.

The Board has adopted a written charter for the Audit Committee and operated under that charter during 2002. The Audit Committee has reviewed the relevant requirements of the Sarbanes-Oxley Act, the proposed rules of the U.S. Securities and Exchange Commission and the proposed new listing standards of NASDAQ regarding audit committee policies. Although some of these rules and standards had not yet been finalized at the time of the printing, the Audit Committee intends to amend its charter when the rules and standards are finalized to reflect additional requirements or changes.

PROPOSAL NO. 2:

PROPOSAL TO RATIFY THE APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors is seeking stockholder ratification of the appointment of Ernst & Young LLP as its independent auditors for 2003.

The Audit Committee of the Board of Directors has reviewed and evaluated all criteria it considered relevant in assessing the performance of Ernst & Young LLP, such as the quality of its audit work, its knowledge of the industry and the Company's affairs, the availability of its

professional advice on a timely basis and the reasonableness of its fees. Based upon such review and evaluation, the engagement of Ernst & Young LLP as independent auditors has been approved by the Board of Directors upon the recommendation of the Audit Committee. If stockholders do not ratify the appointment of Ernst & Young LLP, the appointment of independent auditors will be reconsidered by the Audit Committee and the Board of Directors. Even if the appointment is ratified, the Audit Committee in its discretion may nevertheless recommend to the Board of Directors another firm of independent auditors at any time during the year if the Audit Committee determines such a change would be in the best interests of the stockholders and the Company.

Audit services provided by Ernst & Young LLP during 2002 included an audit of Hardinge's consolidated financial statements, audits of the separate financial statements of certain Company affiliates,

14

audits of employee benefit plan financial statements and a review of Hardinge's Annual Report and certain other filings with the SEC and other governmental agencies. In addition, Ernst & Young LLP provided various non-audit services to the Company during 2002. Fees for the year 2002 were: Annual audit \$338,330, and all other fees were \$238,938, comprised of audit related services of \$54,707 and other services of \$184,231. Audit related services generally include fees for statutory and pension audits and non-audit services were primarily for tax consulting and services.

Ernst & Young LLP has audited the Company's financial statements annually since 1984. A representative of Ernst & Young LLP is expected to attend the Annual Meeting, and will have the opportunity to make a statement if such representative desires to do so and will be able to respond to appropriate questions from stockholders.

Vote Required

The affirmative vote of a majority of the votes cast at the Annual Meeting is required for ratification of the appointment of Ernst & Young LLP.
