**Stock Option Grants in Fiscal Year 2002**

Name	Date Granted	Options Granted(1)	% of Total Options Granted to Employees in Fiscal Year	Exercise Price Per Share	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option term (2)	
						5%	10%
John P. Wilmers	05/01/02	125,000	27.5%	0.62	04/30/12	\$ 48,739	\$ 123,515

(1) Options were exercisable on date of grant.

(2) Potential realizable value is based on the assumption that the common stock price appreciates at the annual rate shown above (compounded annually) from the date of grant until the end of the option term. The numbers are calculated based on the requirements promulgated by the Securities and Exchange Commission. The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised (if the executive were to sell the shares on the date of exercise). Therefore, there is no assurance that the value realized will be at or near the potential realizable as calculated in this table.

**Aggregated Option/SAR Exercises in Last Fiscal Year and FY-End Option/SAR Values**

The following table sets forth information with respect to exercised and unexercised options and SARs, if any, during fiscal year 2002.

John P. Wilmers	0	0	321,875 ("Ex")		\$ 17,500 ("Ex")	
Brad J. French	0	0	187,675 ("Ex")		\$ 14,000 ("Ex")	
Ray F. Boegner	0	0	200,275 ("Ex")		\$ 14,000 ("Ex")	

- (1) Adjusted for all stock splits and dividends effected by the Company.
- (2) The value in column (e) was determined by using the last reported per share trade price (\$0.76) on December 31, 2002, less the option exercise price, multiplied by the number of shares.

The Chief Executive Officer, currently Mr. Wilmers, is entitled to receive no more than 40% of the pool. No bonuses have been paid for the years ended December 31, 2002, 2001 and 2000.

### **Retirement and Savings Plan**

The Company has adopted a Retirement and Savings Plan (the "Plan"), which is a combination savings and profit sharing plan designed to qualify under Section 401 of the United States Internal Revenue Code of 1986, as amended (the "Code"), including the provisions of Section 401(k). ## COMPENSATION COMMITTEE REPORT

### Responsibility; Composition of Committees

The Company has a Compensation Committee which is responsible for reviewing and recommending to the Board of Directors of the Company annually the compensation to be paid to the President and Chief Executive Officer of the Company. The Compensation Committee is comprised of three members of the Board of Directors, Messrs. Echtenkamp (Chair), Bradford and Welsh.

Mr. Wilmers, in his capacity as President and Chief Executive Officer of the Company, determines the compensation to be paid to Mr. French and Mr. Boegner, subject to review by the Compensation Committee.

The Company also has an independent committee, the Stock Option Committee, which is responsible for the granting of options under the 1995 Stock Option Plan of the Company to executive officers, directors and key employees of the Company. The Stock Option Committee is comprised of Messrs. Welsh and Echtenkamp. The Company also has an Outside Director Stock Option Committee, which is responsible for the granting of options under the Non-Employee Director's Stock Option Plan. The Outside Director Stock Option Committee is comprised of Mr. Brad French and Mr. Myron Kaplan.

### Compensation Philosophy

Decisions with respect to executive compensation are made by the Compensation Committee on an individual basis based upon a number of factors, including the provisions of any existing employment contract with an executive officer, evaluation of the executive officer's performance, the level of responsibility associated with the executive officer's office, recruitment requirements and the performance of the Company. Compensation of the executive officers of the Company has historically been structured to motivate, reward and retain the executive officers consistent with the needs of the Company from time to time. The major elements of the executive officers' compensation are base salary, short-term incentive in the form of a bonus payable from the Bonus Plan and a long-term incentive in the form of options to purchase common stock, with an emphasis on annual bonuses and options.

### Base Salary

The base salaries of executive officers have historically reflected, and will continue to reflect their individual contribution. Base salaries have historically been reviewed annually.

### Cash Bonuses

The executive officers participate in the Bonus Plan pursuant to which they receive cash bonuses if the Company achieves specific operating levels. The bonus pool is based upon a percentage of operating income, as defined by the Board of Directors. The calculation of the bonus pool will be subject to approval of the Compensation Committee. The distribution among management is at the initial determination of Mr. Wilmers but is also subject to approval by the Compensation Committee. Mr. Wilmers may receive no more than 40% of the bonus pool. Participant bonuses will continue to be based upon individual performance during the prior year. No bonuses were paid for the year 2002.

### Stock Options

The 1995 Stock Option Plan (the "Option Plan") of the Company is designed to give employees, officers and directors of the Company the incentive to maximize wealth for shareholders by participating in the long-term growth of the Company. The Committee granted options for an aggregate of 455,000 shares to eight employees during 2002, including options for an aggregate of 225,000 shares to the executive officers.

As to future options, the Stock Option Committee will consider the number and terms of the options outstanding when determining to grant options. The Option Plan currently provides that no member of the Stock Option Committee can participate in the Option Plan during his membership on the Stock Option Committee. According to the provisions of the Option Plan, the Stock Option Committee determines, among other things, the number of shares of common stock to be optioned, the option price and the term of the option.

The Company's general policy is to grant options with an exercise price equal to the fair market value of the common stock on the date of grant and having a ten year term. In no event will options be granted at less than 85% of fair market value of the common stock on the date of grant.

### Chief Executive Officer Compensation

The Compensation Committee reviews and establishes the base salary of the Chief Executive Officer based on independent competitive data, his leadership in establishing performance standards in the conduct of the Company's business, and its expectation as to his future contributions in directing the long-term success of the Company and its business.

The Committee maintained the Chief Executive Officer's base salary of \$215,000 during 2002, plus participation in the Bonus Plan and other normal employee benefits.

The foregoing report is submitted by the Compensation and Stock Option Committees of the Board of Directors of the Company in accordance with requirements of the Securities Exchange Act of 1934 and the rules and regulations thereunder, and is not intended to create any contractually binding employment rights for the benefit of any employee of the Company.

### PERFORMANCE GRAPH

The following performance graph shows the cumulative total return on the Company's common stock, the S & P 500 Index and a peer group for the past five years. The peer group is made up of four corporations (namely Concord Camera Corp., Accom, Inc., Showscan Entertainment, Inc., and Sonic Solutions, Inc.). The peer group is comprised of companies engaged in the sale of products related to the theater, motion picture or image capturing or image projection businesses. The Company is unable to identify, for comparison purposes, any public industry or line-of-business indices because the small number of companies offering similar or competing products are divisions or subsidiaries of much larger, diversified companies.

The performance graph assumes the value of the investment in the common stock and each index was \$100 and that all dividends were reinvested.
