The Audit Committee also discussed with Ernst & Young the written disclosures and the letter from Ernst & Young required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees,

and considered the compatibility of the non-audit services provided by the auditors with the auditors' independence.

Based on the Audit Committee's review of the audited financial statements and the review and discussions described in the second paragraph of this report, the Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended June 30, 2004 be included in the Annual Report on Form 10-K for the fiscal year ended June 30, 2004, for filing with the Securities and Exchange Commission.

Respectfully submitted,

Audit Committee

	Number of Securities Underlying Options Granted(1)	Percent of Total Options Granted to Employees in Fiscal Year(2)	Exercise Price (\$/Sh)	Expiration Date	5%	10%
Robert E. Conway	31,429	2.5%	\$ 3.75	08/01/13	\$ 74,121	\$ 187,836

(1) All options described in the table above become exercisable in four equal annual installments beginning on July 1, 2004 and have a term of ten years from the date of grant.

(2) Based on options to purchase an aggregate of 1,281,749 shares of common stock granted to our employees in the fiscal year ended June 30, 2004.

(3) Potential realizable values are computed by multiplying: (1) the difference between the (i) the product of the per-share market price at the time of grant and the sum of one plus the assumed stock price appreciation rate compounded annually over the term of the option, and (ii) the per-share exercise price of the option; and (2) the number of securities underlying the option grant as of June 30, 2004. The 5% and 10% assumed annual rates of stock appreciation are mandated by rules of the Securities and Exchange Commission and do not represent our estimate or projection of future common stock prices.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table shows information concerning options held by the named executive officers at June 30, 2004.

Name	Shares Acquired on Exercise (#)	Value Realized \$(1)	Number of Securities Underlying Unexercised Options at June 30, 2004 (#)		Value of Unexercised In-the-Money Options at June 30, 2004 \$(2)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
			Robert E. Conway	15,000	\$ 48,300	726,187

John R. Moore			26,332	48,034	0	79,951

(1)

The value realized upon exercise of stock options has been calculated based on the fair market value of our common stock on the respective exercise dates, minus the respective exercise prices for the options. This calculation does not necessarily indicate that the optionee sold stock on that date and at that price, or at all.

(2)

The value of unexercised in-the-money options has been calculated based on the closing price of \$7.95 per share of common stock on June 30, 2004, as reported on the Nasdaq National Market, less the applicable exercise price per share, multiplied by the number of shares underlying these options.

Employment Agreements

Robert E. Conway. Effective November 15, 2001, we entered into an employment agreement with Mr. Conway to serve as our Chief Executive Officer. The agreement was entered into at the end of the term of Mr. Conway's prior employment agreement with us, is for an initial term of four years and may be renewed for additional one-year terms. Either party may terminate the agreement for any reason upon 30 days' prior notice to the other party during the initial term or any additional term. Under the agreement, we will pay Mr. Conway an annual salary of \$275,000, subject to subsequent adjustment at the discretion of the Board of Directors. In addition, we granted to Mr. Conway options to purchase 400,000 shares of our common stock in November 2001. In April 2002, Mr. Conway elected to cancel 100,000 of these shares, which were returned to the option pool for future grant. The options vest in equal annual installments over a four-year period, subject to his continued employment. If Mr. Conway terminates his employment agreement, he would be entitled to exercise any vested options during the 90-day period following such termination. Mr. Conway is also eligible to receive a cash and/or equity performance bonus each fiscal year based on a percentage of his base salary if he meets performance criteria established by our Board of Directors. We also agreed to reimburse Mr. Conway for reasonable out-of-pocket expenses he incurred in connection with his performance of services under this agreement.

If Mr. Conway's employment is terminated as a result of his disability or by us without cause, we agreed to pay him a severance payment equal to one year of his base salary in equal monthly installments and he would be entitled to receive, pro-rated to the date of termination, any cash and/or equity performance bonus he would have received for that year. If Mr. Conway's employment is terminated following certain changes in control of our company, we agreed to pay him severance equal to two years of his base salary in equal monthly installments. All options granted to Mr. Conway under the agreement would become fully vested upon certain changes in control of our company. Mr. Conway agreed to execute a release acceptable to us in consideration for our severance obligations under the agreement. If Mr. Conway terminates his employment without cause or if we terminate his employment for cause, he will not receive any severance payments, performance bonus or acceleration of any of his options granted to him under the agreement. Mr. Conway is also subject to a non-compete agreement in which he agreed during the term of his employment and for the two years thereafter not to engage in any competing activities in the United States or within a 50-mile radius of any area where we are doing business and not to recruit or solicit any of our employees or customers.

Other Executive Officers. Effective September 1, 2000, we entered into employment agreements with Dr. Koch, Dr. Snitman, Dr. Piscopio and Mr. Carruthers and effective as of March 4, 2002, we entered into an employment agreement with Mr. Moore. These agreements are for an initial term of two years and may then be renewed for additional one-year terms. In September 2002, we renewed the employment agreements with Dr. Koch, Dr. Snitman, Dr. Piscopio and Mr. Carruthers for additional two-year terms. Either party may terminate for any reason upon 30 days' prior notice to the other. Under these agreements we will pay the employees annual salaries ranging from \$165,000 to \$240,000, subject to subsequent adjustment. If the employee is terminated as a result of disability or by us without cause, including a reduction in the employee's salary, we have agreed to pay the employee a severance payment equal to the greater of one year, or the remaining term, of his then-current base salary in equal monthly installments and to cause any unvested options to vest. Upon a change of control of the company, 75% of such employee's outstanding options will vest and the remaining 25% of such options will vest one year later, if the employee is still working for us. If an employee decides

to terminate his employment following a change of control, he would be entitled to receive the same severance payments described above as if his employment were terminated by us without cause. Each of these employees is also subject to a non-compete agreement in which he has agreed for a period of two years following his termination not to engage in any competing activities within a 50-mile radius of any area where we are doing business and not to recruit or solicit any of our employees or customers.

Retirement Savings Plan

We maintain a 401(k) savings plan that is intended to be a qualified retirement plan under the Internal Revenue Code. Generally, all of our employees, excluding leased and intern employees, are eligible to participate in the plan. They may enter the plan at the first calendar quarter following their original employment date; at this point participants may make salary deferral contributions to the savings plan, subject to the limitations imposed by the Internal Revenue Code. Array matched 50% of the first 4% of each participant's semi-monthly contribution in fiscal year 2004. Effective in fiscal year 2005, Array will match 100% of the first 4% of each participant's semi-monthly contribution. In addition, Array may make annual discretionary profit sharing contributions in an amount to be determined at the plan year-end by the Board of Directors. Participants' contributions may be invested in any of several investment alternatives. Participants become vested in our contributions according to a graduated vesting schedule based upon length of service with us.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors has prepared the following report on Array's policies with respect to the compensation of executive officers for the fiscal year ended June 30, 2004. This report, as well as the performance graph on page 21, are not soliciting materials, are not deemed filed with the SEC and are not incorporated by reference in any filing of Array under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this Proxy Statement and irrespective of any general incorporation language in any such filing.

The Compensation Committee is authorized to determine the compensation of Array's executive officers and administer Array's various incentive compensation, stock and benefit plans, and works closely with the Board of Directors in carrying out its duties. No current member of the Compensation Committee is or has been an employee of Array. During fiscal year 2004, the Compensation Committee consisted of Kyle A. Lefkoff, Francis J. Bullock, Ph.D and Marvin H. Caruthers, Ph.D. Douglas E. Williams, Ph.D. was appointed to the Compensation Committee in July 2004. The Compensation Committee's responsibilities are described in a written charter, which was amended and restated in 2004 and is attached as an appendix to this Proxy Statement and is available under the Investor Relations section of our website at www.arraybiopharma.com.

Compensation Policies Toward Executive Officers

Overview. Array's compensation policies are designed to attract, motivate and retain experienced and qualified executives and support the attainment of Array's strategic objectives. To achieve these goals, the Compensation Committee seeks to provide industry competitive salaries, bonuses either in cash or in stock options based on the achievement of certain annual operational and financial objectives and on individual merit, and stock option grants to executives when they are hired.

In setting compensation, the Compensation Committee considers individual contribution, teamwork and performance level as well as the executive's total compensation package, including insurance and other benefits. The Committee does not rely exclusively on quantitative methods to set compensation.

Base Salaries. Base salaries are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the individual, and the competitive marketplace for executive talent. The Compensation Committee annually reviews and adjusts base salaries of executive officers

based upon, among other things, individual performance, responsibilities and the evaluation of the Chief Executive Officer. The Compensation Committee does not assign specific weights to any particular factors affecting base salary levels.

Bonuses. Executive officers, including the Chief Executive Officer, are eligible for annual cash and/or equity bonuses equal to a varying percentage of their base salary, based on both corporate and individual performance targets established annually by the Board of Directors. The annual bonus amount is based on objective financial targets that include revenues, profits, new orders and collaborations, and on operational goals related to staffing, facilities, internal programs and other factors relating to individual merit.

Stock Options. The Compensation Committee and the Board of Directors believe that grants of stock options to Array's executives provide meaningful long-term incentives that increase stockholder value and are critical in attracting and retaining skilled executive personnel. The Compensation Committee generally grants options to new executive officers and other key employees when they are hired by Array and annually reviews making additional grants to executives and employees either as bonus awards or as awards aimed at retaining key employees. Options generally have an exercise price equal to the fair market value on the grant date, vest over a period of four years and expire ten years after grant. The full benefit of the options is realized upon appreciation of the stock price in future periods, thus providing an incentive to create long-term value for Array's stockholders through appreciation of our stock price.

Other. Array has adopted a contributory retirement plan, or 401(k) plan, for all regular employees. Participants may contribute up to 60% of pretax compensation, subject to certain limitations. During fiscal 2004, Array matched 50% of the first 4% of each participant's semi-monthly contribution, and this contribution vests according to a graduated vesting schedule based upon length of service with us. For fiscal 2005, Array will match 100% of the first 4% of each participant's semi-monthly contribution, subject to the same vesting schedule. In addition, Array may make annual discretionary profit sharing contributions in an amount to be determined at the plan year-end by the Board of Directors.

The Compensation Committee also administers Array's Employee Stock Purchase Plan, referred to as the ESPP. The ESPP gives substantially all regular employees an opportunity to purchase shares of common stock through payroll deductions of up to 15% of eligible compensation, not to exceed \$25,000 of fair value annually. Participant account balances are used to purchase stock at the lesser of 85% of the fair market value on the first trading day of the participant's offering period or the last trading day of the purchase period. A total of 1,200,000 shares of common stock are reserved for issuance under the ESPP, and, as of June 30, 2004, there were 338,468 shares remaining available for purchase.

Chief Executive Officer Compensation

The executive compensation policies described above are applied in setting Mr. Conway's compensation. Accordingly, his compensation also consists of annual base salary, annual cash and/or stock option bonus and long-term equity-linked compensation. The Compensation Committee's general approach in establishing Mr. Conway's compensation is to be competitive with peer companies, but to base a large percentage of his target compensation, by means of grants of performance-based stock options, on Array's long-term performance.

Compensation Deductibility Policy

Under Section 162(m) of the Internal Revenue Code and applicable Treasury regulations, no tax deduction is allowed for annual compensation in excess of \$1,000,000 paid to any of Array's five most highly compensated executive officers. However, performance-based compensation that has been

approved by stockholders is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the board committee that establishes such goals consists only of "outside directors" as defined for purposes of Section 162(m). The Compensation Committee intends to maximize the extent of tax deductibility of executive compensation under the provisions of Section 162(m) so long as doing so is compatible with the Company's compensation policies outlined above. The Board of Directors and the Compensation Committee reserve the authority to award non-deductible compensation in other circumstances as they deem appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given, notwithstanding our efforts, that compensation intended by Array to satisfy the requirements for deductibility under Section 162(m) does in fact do so.

Respectfully submitted,

Compensation Committee

Kyle A. Lefkoff

Francis J. Bullock, Ph.D.

Marvin H. Caruthers, Ph.D.

VOTING PROCEDURES AND COSTS OF PROXY SOLICITATION

All votes will be tabulated by the inspector of election appointed for the Annual Meeting who will separately tabulate affirmative and negative votes, abstentions and shares represented by brokers who are prohibited from exercising discretionary authority because the beneficial owners of such shares have not provided voting instructions, commonly referred to as "broker non-votes." Shares represented by proxies that reflect abstentions and broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. The election of directors will be approved by a plurality of the votes duly cast. Abstentions and broker "non-votes" are not counted for purposes of the election of directors.

The cost of preparing, assembling and mailing the proxy materials will be borne by us. We will also request persons, firms and corporations holding shares in their names or in the names of their nominees, which shares are beneficially owned by others, to send the proxy materials to, and to obtain proxies from, such beneficial owners and will reimburse such holders for their reasonable expenses in doing so. Original
