**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD NOVEMBER 9, 2012**

Annual Meeting and Voting

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of The Estée Lauder Companies Inc. (the "Company," "we" or "us"), a Delaware corporation, to be voted at the Annual Meeting of Stockholders to be held in the Grand Salon at The Essex House, 160 Central Park South, New York, New York, on Friday, November 9, 2012, at 10:00 a.m., local time, and at any adjournment or postponement of the meeting. The approximate date on which this Proxy Statement and form of proxy are first being sent or given to stockholders, or being made available through the Internet for those stockholders receiving their proxy materials electronically, is September 28, 2012.

Admission to the Meeting

Admission to the meeting will require a ticket. If you are a stockholder of record and plan to attend, please check the appropriate box on the proxy card, or so indicate when you vote by telephone or the Internet, and an admission ticket will be mailed to you. If you are a stockholder whose shares are held through an intermediary such as a bank or broker, and you plan to attend, please request an admission ticket by writing to the Investor Relations Department at The Estée Lauder Companies Inc., 767 Fifth Avenue, New York, New York 10153. Evidence of your ownership of shares of our Common Stock on September 11, 2012 (the "Record Date"), which you can obtain from your bank, broker or other intermediary, must accompany your letter.

Who May Vote?

Only stockholders of record of shares of Class A Common Stock and Class B Common Stock at the close of business on the Record Date are entitled to vote at the Annual Meeting or at any adjournment or postponement of the meeting. Each owner of record of Class A Common Stock on the Record Date is entitled to one vote for each share of Class A Common Stock so held. Each owner of record of Class B Common Stock on the Record Date is entitled to ten votes for each share of Class B Common Stock so held. On September 11, 2012, there were 237,708,679 shares of Class A Common Stock and 149,778,082 shares of Class B Common Stock issued and outstanding.

Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

In accordance with rules adopted by the Securities and Exchange Commission (the "SEC"), we have elected to furnish to our stockholders this Proxy Statement and our Fiscal 2012 Annual Report by providing access to these documents on the Internet rather than mailing printed copies. Accordingly, a Notice of Internet Availability of Proxy Materials (the "Notice") is being mailed to our stockholders of record and beneficial owners (other than those who previously requested printed copies or electronic delivery of our proxy materials), which will direct stockholders to a website where they can access our proxy materials and view instructions on how to vote online or by telephone. If you would prefer to receive a paper copy of our proxy materials, please follow the instructions included in the Notice.

Table of Contents

How do I cast my vote if I am a stockholder of record?

If you are a stockholder of record (which means your shares are registered directly in your name with the Company's transfer agent, Computershare Shareowner Services, or you have a physical stock certificate) you can vote your shares in one of two ways: either by proxy or in person at the Annual Meeting. If you choose to vote by proxy you may do so by using the Internet or the telephone, or by requesting a printed copy of our proxy materials and completing and returning by mail the proxy card you will receive in response to your request.

Whichever method you use, each valid proxy received in time will be voted at the Annual Meeting in accordance with your instructions. To ensure that your proxy is voted, it should be received by the close of business on November 8, 2012. If you submit a proxy without giving instructions, your shares will be voted as recommended by the Board of Directors.

How do I cast my vote if my shares are held in "street name"?

If you are a beneficial owner of shares held in a stock brokerage account or by a bank or other nominee (i.e. in "street name"), you are invited to attend the Annual Meeting. However, since you are not a stockholder of record, you may not vote these shares in person at the Annual Meeting unless you bring with you a legal proxy from the stockholder of record. A legal proxy may be obtained from your broker, bank or nominee.

If you do not wish to vote in person or you will not be attending the Annual Meeting, you may vote over the Internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you will receive voting instructions from your broker, bank, or nominee describing the available processes for voting your stock.

If your shares are held for you by a broker, your broker must vote those shares in accordance with your instructions. If you do not give voting instructions to your broker, your broker may vote your shares for you on any discretionary items of business to be voted upon at the Annual Meeting, such as the ratification of the appointment of KPMG LLP (Item 4).

Important Consideration for "street name" holders. You must instruct your broker if you want your shares to be counted in the election of directors at the Annual Meeting (Item 1), the advisory vote to approve executive compensation (Item 2) and the approval of an amendment to the Certificate of Incorporation to increase the number of authorized common shares (Item 3). New York Stock Exchange rules prevent your broker from voting your shares on these matters without your instructions. Please follow the instructions provided by your broker so that your vote can be counted.

May I change my vote?

All proxies delivered pursuant to this solicitation are revocable at any time before they are exercised at the option of the persons submitting them by giving written notice to the Secretary of the Company at the mailing address set forth below, by submitting a later-dated proxy (either by mail, telephone or the Internet) or by voting in person at the Annual Meeting. The mailing address of our principal executive offices is 767 Fifth Avenue, New York, New York 10153.

What constitutes a quorum?

The holders of a majority of the votes entitled to be cast by the stockholders entitled to vote generally, present in person or by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions, broker non-votes and votes withheld are included in the count to determine a quorum.

Table of Contents

What if a quorum is not represented at the Annual Meeting?

In the event that a quorum does not exist, the Executive Chairman or the holders of a majority of the votes entitled to be cast by the stockholders who are present in person or by proxy may adjourn the meeting. At such adjourned meeting at which a quorum may be present, any business may be transacted which might have been transacted at the meeting as originally called.

How many votes are required to approve a proposal?

Directors (Item 1) will be elected by a plurality of the votes cast by the holders of the shares of Class A Common Stock and Class B Common Stock voting in person or by proxy at the Annual Meeting. Shares present at the Annual Meeting that are not voted for a particular nominee, broker non-votes or shares present by proxy where the stockholder withholds authority to vote for the nominee will not be counted toward the nominee's achievement of a plurality. The advisory vote to approve executive compensation (Item 2) and the ratification of the appointment of KPMG LLP (Item 4) requires the affirmative vote of a majority of the votes cast "For" and "Against" each proposal by holders of Class A Common Stock and Class B Common Stock voting in person or by proxy at the Annual Meeting. Abstentions and broker non-votes, while not counted as votes cast for the proposals in Items 2 and 4, will have the practical effect of reducing the number of votes in favor of such proposals. Under Delaware law and our Certificate of Incorporation, approval of the amendment to the Certificate of Incorporation to increase the number of authorized common shares (Item 3) requires votes cast "For" the proposal from holders of a majority of the voting power of all the outstanding shares of Class A Common Stock and Class B Common Stock. Accordingly, abstentions and broker non-votes will have the same effect as votes "Against" this proposal.

The advisory vote to approve executive compensation (Item 2) is not binding on the Company. However, the Compensation Committee and the Stock Plan Subcommittee, which are responsible for designing and administering the Company's executive compensation program, value the opinions expressed by stockholders and will consider the outcome of the vote when making future compensation decisions.

How will my shares be voted?

All proxies properly submitted pursuant to this solicitation and not revoked will be voted at the Annual Meeting in accordance with the directions given. In the election of directors to serve until the Annual Meeting of Stockholders in 2015 (Item 1), stockholders may vote in favor of all nominees or withhold their votes as to any or all nominees. Regarding the advisory vote to approve executive compensation (Item 2), the amendment to the Certificate of Incorporation to increase the number of authorized common shares (Item 3) and the ratification of the appointment of KPMG LLP (Item 4), stockholders may vote in favor of the proposal, may vote against the proposal or may abstain from voting. Stockholders should specify their choices on the enclosed proxy card or pursuant to the instructions thereon for telephone or Internet voting. If no specific choices are indicated, the shares represented by a properly submitted proxy will be voted:

1.
FOR the election of ALL nominees as director;
2.
FOR the advisory resolution to approve executive compensation;
3.
FOR the amendment to the Certificate of Incorporation to increase the number of authorized common shares; and
4.
FOR the ratification of the appointment of KPMG LLP as independent auditors.

If you have returned your signed and completed proxy card and other matters are properly presented at the Annual Meeting of Stockholders for consideration, the proxy holders appointed by the Board of

Table of Contents

Directors (the persons named in your proxy card if you are a stockholder of record) will have the discretion to vote on those matters for you.

Who will count the vote?

Representatives of Computershare Shareowner Services will tabulate the votes and act as inspectors of election.

May I see a list of stockholders entitled to vote as of the Record Date?

A list of registered stockholders as of the close of business on September 11, 2012 will be available for examination by any stockholder for any purpose germane to the meeting during normal business hours from October 31, 2012 through November 8, 2012 at the office of Spencer G. Smul, Senior Vice President, Deputy General Counsel and Secretary of the Company, at 767 Fifth Avenue, New York, New York 10153.

Can I access the Notice of Annual Meeting, Proxy Statement, Annual Report and Form 10-K on the Internet?

Our Proxy Statement (including Notice of Annual Meeting) and Fiscal 2012 Annual Report to Stockholders are available at <http://www.proxyvoting.com/el>.

These proxy materials are also available, along with the Annual Report on Form 10-K for the fiscal year ended June 30, 2012, in "Financial Reports" of the "Investor Relations" section of our website at www.elcompanies.com. Instead of receiving future copies of our Notice of Annual Meeting, Proxy Statement, Annual Report and Form 10-K by mail, most stockholders can elect to receive an email that will provide electronic links to these documents. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and will also give you an electronic link to the proxy voting site.

Stockholders of record can enroll in Investor ServiceDirect at www.cpushareownerservices.com for online access to future proxy materials.

If you hold your shares in a bank or brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your bank or broker regarding the availability of this service.

ELECTION OF DIRECTORS
(Item 1)

Board of Directors

Currently, the Board of Directors is comprised of fifteen directors. The directors are divided into three classes, each serving for a period of three years.

The stockholders elect one class of the members of the Board of Directors annually. The directors whose terms will expire at the 2012 Annual Meeting of Stockholders are Rose Marie Bravo, Paul J. Fribourg, Melody Hobson, Irvine O. Hockaday, Jr. and Barry S. Sternlicht, each of whom has been nominated to stand for re-election as a director at the 2012 Annual Meeting, to hold office until the 2015 Annual Meeting and until his or her successor is elected and qualified. In the unanticipated event that one or more of these nominees is unable or declines to serve for any reason, the Board of Directors may reduce the number of directors or take action to fill the vacancy or vacancies.

The Board recommends a vote FOR each nominee as a director to hold office until the 2015 Annual Meeting. Proxies received by the Board will be so voted unless a contrary choice is specified in the proxy.

Table of Contents**Ownership of Shares**

The following table sets forth certain information regarding the beneficial ownership of the Company's Class A Common Stock and Class B Common Stock as of September 11, 2012 by (i) each person known by the Company to own beneficially more than 5% of the outstanding shares of either Class A Common Stock or Class B Common Stock, (ii) each of the Company's directors or nominees, (iii) each of the current or former executive officers whose names appear in the Summary Compensation Table, and (iv) all directors and executive officers as a group. Except as set forth in the notes to the table, the business address of each 5% stockholder is 767 Fifth Avenue, New York, New York 10153. The share amounts reported in the table and the accompanying notes reflect the two-for-one stock split of the Company's Class A and Class B Common Stock that was effective January 20, 2012. **As described in the notes to the table, certain named beneficial owners share voting and/or investment power with respect to certain shares of common stock. Consequently, such shares are shown as beneficially owned by more than one person.**

- (1) Each share of Class B Common Stock is convertible at the option of the holder into one share of Class A Common Stock and is automatically converted into a share of Class A Common Stock upon transfer to a person who is not a Lauder Family Member (as defined below see "Certain Relationships and Related Transactions Lauder Family Relationships and Compensation"). The number of shares of Class A Common Stock and percentages contained under this heading do not account for such conversion right.
- (2) The number of shares of Class A Common Stock includes shares owned, shares underlying stock units payable in shares that are vested or expected to be paid out by November 11, 2012, and exercisable options (regardless of whether such options were in-the-money on September 11, 2012). The stock units included in the table that are beneficially owned by the non-employee directors represent the stock portion of their annual retainers plus dividend equivalents. Such units will be settled in shares of Class A Common Stock. Amounts are rounded to the nearest whole unit. Restricted stock units shown for Mr. W. Lauder, Mr. Freda, Mr. Demsey, Mr. Prouvé and Mr. Kunes, and restricted stock units in respect of 47,008 shares of Class A Common Stock for the other executive officers are subject to withholding of shares for payment of taxes and are expected to vest and be paid out on October 31, 2012.
- (3) Leonard A. Lauder, Ronald S. Lauder, William P. Lauder and Gary M. Lauder, each individually and as trustees of various trusts, Aerin Lauder, as trustee, Jane Lauder, as trustee, Joel S. Ehrenkranz, as trustee, George W. Schiele, as trustee, Richard D. Parsons, as trustee, and Carol S. Boulanger, as trustee, are parties to a Stockholders' Agreement, pursuant to which each has agreed to vote his or the trust's shares for the election of Leonard A. Lauder (or one of his sons), Ronald S. Lauder (or one of his daughters) and one person, if any, designated by each as a director of the Company. See notes (6) and (11) for certain exceptions. Shares underlying stock options and stock units are not subject to the Stockholders' Agreement until the stock options are exercised or the stock units are converted. For purposes of the table, shares owned by each such individual are not attributed to the others by reason of such voting arrangement.
- (4) Represents 3,601,338 shares of Class A Common Stock beneficially owned directly by Leonard A. Lauder and with respect to which he has sole voting and investment power.
- (5) The Evelyn H. Lauder 2011 Marital Trust for the benefit of Leonard A. Lauder and his descendants (the "EHL 2011 Trust") is the majority stockholder of LAL Family Corporation ("LALFC"), which is the sole general partner of LAL Family Partners L.P. ("LALFP"). The EHL 2011 Trust is the successor to the Leonard A. Lauder 2008 Marital Trust, which was established by Leonard A. Lauder, had the same two trustees as the EHL 2011 Trust currently has and owned the shares of LALFC now owned by the EHL 2011 Trust. The EHL 2011 Trust and its two trustees, George W. Schiele and Joel S. Ehrenkranz, share voting and investment power and may be deemed to be the beneficial owners of 90,659,684 shares of Class B common Stock owned directly by LALFP.

Messrs. Ehrenkranz and Schiele disclaim beneficial ownership of all such shares. Mr. Ehrenkranz's business address is 375 Park Avenue, New York, New York 10152. Mr. Schiele's business address is 19 Hill Rd., Greenwich, Connecticut 06830.
- (6) Includes shares owned beneficially or deemed to be owned beneficially by Ronald S. Lauder as follows:

(a) 47,356 shares of Class A Common Stock and 11,328,976 shares of Class B Common Stock directly and with respect to which he has sole voting and shares investment power as described below;

Table of Contents

(b) 6,364 shares of Class A Common Stock and 6,364 shares of Class B Common Stock as sole trustee of a trust for the benefit of his children and with respect to which he has sole voting and investment power;

(c) 36,457 shares of Class A Common Stock as a Director of the Ronald S. Lauder Foundation with respect to which he shares voting and investment power; and

(d) 59,514 shares of Class A Common Stock as a Director of The Jewish Renaissance Foundation with respect to which he shares voting and investment power.

Shares owned by The Jewish Renaissance Foundation are not subject to the Stockholders' Agreement. Mr. R. Lauder disclaims beneficial ownership of the shares of Class A Common Stock and Class B Common Stock owned by trusts for the benefit of one or more of his children, the Ronald S. Lauder Foundation, and The Jewish Renaissance Foundation. 8,000,000 shares of Class B Common Stock are pledged by Mr. R. Lauder to secure loans under a loan facility with a group of banks as to which he has sole voting power and shares investment power with the collateral agent pledge; and 2,000,000 shares of Class B Common Stock are pledged to secure his obligations under a prepaid variable forward sale contract to an unaffiliated third party buyer and with respect to which he has sole voting power and shares investment power with such third party buyer.

(7)

Includes shares owned beneficially or deemed to be owned beneficially by William P. Lauder as follows:

(b) 668,662 shares of Class A Common Stock and 1,268,304 shares of Class B Common Stock as co-trustee of The 1992 GRAT Remainder Trust established by Leonard A. Lauder for the benefit of William P. Lauder and others and with respect to which he shares voting power with Gary M. Lauder, as co-trustee, and investment power with Gary M. Lauder and Carol S. Boulanger, as co-trustees;

(c) 24,360 shares of Class A Common Stock as co-trustee of The 1992 GRAT Remainder Trust established by Leonard A. Lauder for the benefit of Gary M. Lauder and others with respect to which he shares voting power with Gary M. Lauder, as co-trustee, and investment power with Gary M. Lauder and Carol S. Boulanger, as co-trustees;

(d) 1,359,578 shares of Class A Common Stock underlying exercisable options held by Mr. W. Lauder; and

(e) 23,706 shares of Class A Common Stock underlying restricted stock units expected to vest and be paid out (subject to withholding of shares for payment of taxes) on October 31, 2012.

Mr. W. Lauder disclaims beneficial ownership of shares held by the two trusts to the extent he does not have a pecuniary interest in such shares. Excludes stock options with respect to 265,475 shares of Class A Common Stock granted to Mr. W. Lauder under the Company's share incentive plans that were not yet exercisable as of September 11, 2012. Also excludes shares of Class A Common Stock underlying: (a) performance share unit awards with a target payout of 21,522 shares and restricted stock units in respect of 7,174 shares that were granted to Mr. W. Lauder by the Stock Plan Subcommittee on September 1 and 15, 2010; (b) performance share unit awards with a target payout of 12,734 shares and restricted stock units in respect of 13,456 shares that were granted to Mr. W. Additional Information Regarding the Board of Directors

Stockholders' Agreement. All Lauder Family Members (other than The 4202 Corporation) who beneficially own shares of Common Stock have agreed pursuant to a stockholders' agreement with the Company (the "Stockholders' Agreement") to vote all shares beneficially owned by them for Leonard A. Lauder (or for one of his sons), Ronald S. Lauder (or for one of his daughters) and one person, if any, designated by each as a director of the Company. The term "Lauder Family Member" is defined later in this Proxy Statement (see "Certain Relationships and Related Transactions – Lauder Family Relationships and Compensation"). Lauder Family Members who are parties to the Stockholders' Agreement beneficially owned, in the aggregate, on September 11, 2012, shares of Common Stock having approximately 83% of the voting power of the Company. The right of each of Leonard A. Lauder (or his sons) and Ronald S. Lauder (or his daughters) to designate a nominee exists only when he (including his descendants) beneficially owns (other than by reason of the Stockholders' Agreement) shares of Common Stock with at least 10% of the total voting power of the Company. Currently, William P. Lauder is the nominee of Leonard A. Lauder and Aerin Lauder and Jane Lauder are the nominees of Ronald S. Lauder. The right of each of Leonard A. Lauder (or one of his sons) and Ronald S. Lauder (or one of his daughters) to be nominated will exist so long as he (including his descendants) beneficially owns shares of Common Stock with at least 5% of the total voting power of the Company. In the event that Leonard A. Lauder ceases to be a member of the Board of Directors by reason of his death or disability, then his sons, William P. Lauder and Gary M. Lauder, will succeed to his rights to be nominated as a director and to designate one nominee. If either son is unable to serve by reason of his death or disability, the other son will have the right to designate a nominee. Similarly, Aerin Lauder and Jane Lauder, Ronald S. Lauder's daughters, will succeed to their father's rights if he should cease to be a director by reason of his death or disability. If either daughter is unable to serve by reason of her death or disability, the other daughter will have the right to designate a nominee. In the event none of Leonard A. Lauder and his sons and Ronald S. Lauder and his daughters are able to serve as directors by reason of death or disability, then the rights under the Stockholders' Agreement to be a nominee and to designate a nominee will cease.

Board Committees. The Board of Directors has established three standing committees – the Audit Committee, the Compensation Committee (which includes the Stock Plan Subcommittee) and the Nominating and Board Affairs Committee. Current copies of the charters for each of these Committees may be found in the "Investor Relations" section of the Company's website: www.elcompanies.com within the "Leadership" subsection under the heading "Corporate Governance" by selecting "Committees." Stockholders may also contact Investor Relations at 767 Fifth Avenue, New York, New York 10153 or call 800-308-2334 to obtain a hard copy of these documents without charge.

The Company is a "controlled company" under the rules of the New York Stock Exchange because the Lauder family and their related entities hold more than 50% of the voting power of the outstanding voting stock. As such, the Company may avail itself of exemptions relating to the independence of the Board and certain Board committees. Despite the availability of such exemptions, the Board of Directors has determined that it will have a majority of independent directors and that both the Nominating and Board Affairs Committee and the Compensation Committee will have otherwise required provisions in their charters. As permitted by the New York Stock Exchange rules for "controlled companies," our Board does not require that the Nominating and Board Affairs Committee and Compensation Committee be comprised solely of independent directors.

The Audit Committee members are Irvine O. Hockaday, Jr., Chair, Mellody Hobson, Paul J. Fribourg and Richard F. Zannino. The Board of Directors has determined that Mr. Hockaday, Ms. Hobson, Mr. Fribourg and Mr. Zannino each qualifies as an "Audit Committee Financial Expert" in accordance with the rules issued by the Securities and Exchange Commission. The Audit Committee has a written charter adopted by the Board of Directors. The Committee, among other things, appoints the independent auditors; reviews the independence of such auditors; approves the scope of the annual

Table of Contents

audit activities of the independent auditors and the Company's Internal Control Department; reviews audit results; reviews and discusses the Company's financial statements with management and the independent auditors; reviews and discusses with the Board the Company's risk assessment and management processes; and is responsible for our policy for the review of related person transactions. The Committee also meets separately, at least quarterly, with the Chief Financial Officer and Chief Internal Control Officer and with representatives of the independent auditor.

The Compensation Committee members are Richard D. Parsons, Chair, Rose Marie Bravo, Paul J. Fribourg and Barry S. Sternlicht. The Committee has the authority to, and does, establish and approve compensation plans and arrangements with respect to the Company's executive officers and administers the Executive Annual Incentive Plan. The Stock Plan Subcommittee, whose members are Rose Marie Bravo, Paul J. Fribourg and Barry S. Sternlicht, has the authority to adopt and administer the Company's share incentive plans. In 2012, the Board of Directors established an Employee Equity Award Committee, the sole member of which is Fabrizio Freda. The sole purpose of this Committee is to make limited grants of equity awards under the share incentive plan to employees who are not executive officers. To date, the Committee has not made any grants.

The Nominating and Board Affairs Committee members are Lynn Forester de Rothschild, Chair, Charlene Barshefsky, Wei Sun Christianson, William P. Lauder and Richard D. Parsons. The Committee, among other things, recommends nominees for election as members of the Board, considers and makes recommendations regarding Board practices and procedures and reviews the compensation for service as a Board member.

Each committee reports regularly to the Board and has authority to engage its own advisors.

Board and Board Committee Meetings; Attendance at Annual Meetings; Executive Sessions. Directors are expected to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on the Board for an extended period of time. In furtherance of the Board's role, directors are expected to attend all scheduled Board and Board Committee meetings and all meetings of stockholders. In fiscal 2012, the Board of Directors met five times, the Compensation Committee met five times, the Stock Plan Subcommittee met five times, the Audit Committee met nine times, and the Nominating and Board Affairs Committee met three times. The total combined attendance for all board and committee meetings was 95%. Barry S. Sternlicht attended 73.3% of the Board, Committee and Subcommittee meetings in fiscal 2012. The non-employee directors met five times in executive session in fiscal 2012, including four meetings at which at least one management director was present for all or part of the session. All but one of the directors who were on the Board attended the Annual Meeting of Stockholders in November 2011.

Irvine O. Hockaday, Jr. served as the presiding director for all executive sessions of the Board of Directors in fiscal 2012. Mr. Hockaday has been appointed by the Board to serve for an additional one-year term beginning after the 2012 Annual Meeting. The presiding director serves for a one-year term beginning with the meeting of the Board immediately following the Annual Meeting of Stockholders and is selected from among the independent members of the Board.

Board Leadership Structure. Our Board is currently led by our Executive Chairman, who is a member of the Lauder family. As provided in our Corporate Governance Guidelines, we also have an independent director who serves as our presiding director. The remaining directors include our President and Chief Executive Officer, nine other non-employee directors (eight of whom are independent), and three more members of the Lauder family. A majority of the directors are independent.

The Board of Directors considers this structure appropriate in view of the Lauder family's significant investment in the Company, including direct and indirect holdings of more than 86% of the voting power of the outstanding voting stock. The structure also comports with the Stockholders'

Table of Contents

Agreement among various members of the Lauder family and the Company, which was originally entered into in connection with our initial public offering in 1995. See "Additional Information Regarding the Board of Directors Stockholders' Agreement."

In addition to his responsibilities as Chairman of the Board, Mr. W. Lauder, as Executive Chairman, works with the President and Chief Executive Officer to set overall vision, strategy, financial objectives and investment priorities for the business. He also continues to provide high-level leadership in areas that are important to the Company, including marketing, trade relations, global communications and regulatory affairs. Mr. Hockaday, the current presiding director, presides at all meetings or executive sessions of non-employee or independent directors.

Board Role in Risk Oversight. Our Board of Directors regularly receives reports from our President and Chief Executive Officer and other members of senior management regarding areas of significant risk to us, including strategic, operational, financial, legal and regulatory, and reputational risks. However, senior management is responsible for assessing and managing the Company's various risk exposures on a day-to-day basis. In this regard, management has established functions that focus on particular risks, such as the Company's Legal Department, Treasury Group and Environmental Affairs and Safety Department, and has over time developed a more systemic and integrated approach to overall risk management, which includes the identification of risks and mitigation plans in the strategic planning process. The Board's role is one of oversight, assessing major risks facing the Company and reviewing options for their mitigation with management. In addition, under its Charter, the Audit Committee reviews and discusses with management our enterprise risk management processes.

Risk in Compensation Programs. In 2010, we developed a framework for evaluating incentive plan design features that may encourage or help mitigate risk, such as a mix of compensation elements, metrics, leverage, caps and time horizons in order to determine whether the risks arising from our compensation programs (in addition to those applicable only to executive officers) were reasonably likely to have a material adverse effect on the Company. As a result of this review, which included incentive plans covering our management employees and plans otherwise used in our most significant operations, we concluded that our compensation programs are not reasonably likely to have a material adverse effect on the Company. In 2012, we confirmed that there were no material changes to the plans that were reviewed in the past two years. The results were reviewed with senior management and the Compensation Committee and we continue to believe that our compensation programs are not reasonably likely to have a material adverse effect on the Company.

Director Qualifications. Our Board is comprised of individuals with diverse and complementary business experience, leadership experience and financial expertise. Many of our current directors have leadership experience at major domestic and multinational companies, as well as experience on the boards of other companies and organizations, which provides an understanding of different business processes, challenges and strategies. Other directors have government, legal, public policy and media experience that provides insight into issues faced by public companies. The members of the Board are inquisitive and collaborative, challenging yet supportive, and demonstrate maturity and sound judgment in performing their duties. In addition to their own attributes, skills and experience and their significant personal investments in the Company, Lauder Family Members (including related entities) who control the Company have agreed to vote their shares in favor of four individuals. They are the four Lauder family members who are currently on the Board.

The Board believes that the above-mentioned attributes, along with the leadership skills and other experience of its Board members, some of which are described in the table after this paragraph, provide the Company with the appropriate perspectives and judgment to guide the Company's

The Company does not have a specific policy on diversity of the Board. Instead, the Board evaluates nominees in the context of the Board as a whole, with the objective of recommending a group that can best support the success of the business and, based on the group's diversity of experience, represent stockholder interests through the exercise of sound judgment. Such diversity of experience may be enhanced by a mix of different professional and personal backgrounds and experiences. The Company is proud to have one of the most diverse boards in the S&P 500 when measured by gender and race.

Board Membership Criteria. The Nominating and Board Affairs Committee works with the Board on an annual basis to determine the appropriate characteristics, skills and experience for the Board as a whole and for its individual members. All directors should possess the highest personal and professional ethics as well as an inquisitive and objective perspective, practical wisdom and mature judgment. In evaluating the suitability of individual Board members, the Board takes into account many factors, including general understanding of marketing, finance and other disciplines relevant to the success of a large publicly traded company in today's business environment; understanding of the Company's business on a technical level; and educational and professional background. The Board evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best support the success of the business and, based on its diversity of experience, represent stockholder interests through the exercise of sound judgment. In determining whether to recommend a director for re-election, the Nominating and Board Affairs Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board.

Upon determining the need for additional or replacement Board members, the Nominating and Board Affairs Committee will identify one or more director candidates and evaluate each candidate under the criteria described above based on the information it receives with a recommendation or that it otherwise possesses, which information may be supplemented by additional inquiries. Application of these criteria involves the exercise of judgment and cannot be measured in any mathematical or routine way. Based on its assessment of each candidate's independence, skills and qualifications and the criteria described above, the Committee will make recommendations regarding potential director candidates to the Board. The Committee may engage third parties to assist in the search for director candidates or to

Table of Contents

assist in gathering information regarding a candidate's background and experience. The Committee will evaluate stockholder recommended candidates in the same manner as other candidates. Candidates may also be designated pursuant to the Stockholders' Agreement. See "Additional Information Regarding the Board of Directors Stockholders' Agreement."

Board Independence Standards for Directors. To be considered "independent" for purposes of membership on the Company's Board of Directors, the Board must determine that a director has no material relationship with the Company, including any of its subsidiaries, other than as a director. For each director, the Board broadly considers all relevant facts and circumstances. In making its determination, the Board considers the following categories of relationships to be material, thus precluding a determination that a director is "independent":

- (i) the director is an employee of the Company, or an immediate family member of the director is an executive officer of the Company, or was so employed during the last three years.
- (ii) the director receives, or an immediate family member of the director receives, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- (iii) (A) the director is a current partner or employee of a firm that is the Company's internal or external auditor, (B) the director has an immediate family member who is a current employee of such a firm, (C) the director has an immediate family member who is a current employee of such a firm and personally works on the Company's audit, or (D) the director or an immediate family member of the director was within the last three years a partner or employee of such a firm and personally worked on the Company's audit within that time.
- (iv) the director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee.
- (v) the director is a current employee, or an immediate family member of the director is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

Additionally, the following relationships will not be considered to be "material" relationships that would impair a director's independence:

- (i) any of the relationships described in (i)-(v) above, if such relationships occurred more than three years ago, or
- (ii) if a director is a current employee, or an immediate family member of a director is a current executive officer of another company that does business with the Company and such other company, during the current or last fiscal year, made payments to or received payments from, the Company of less than \$1 million or 2% of such other company's consolidated gross revenues, whichever is greater.

Contributions to tax exempt organizations shall not be considered payments for purposes of these independence standards. An "immediate family member" includes a director's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home.

The Board reviews at least annually whether directors meet these Director Independence Standards.

Table of Contents

The following directors, including the five nominated for re-election, have been determined by the Board to be "independent" pursuant to New York Stock Exchange rules and the Company's Independent Director Standards described above: Charlene Barshefsky, Rose Marie Bravo, Wei Sun Christianson, Paul J. Fribourg, Mellody Hobson, Irvine O. Hockaday, Jr., Lynn Forester de Rothschild, Barry S. Sternlicht and Richard F. Zannino.

In addition to the foregoing, in order to be considered "independent" under New York Stock Exchange rules for purposes of serving on the Company's Audit Committee, a director also may not accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the Company, other than as a director, and may not be an "affiliated person" of the Company. Audit Committee members may receive directors' fees and fixed payments for prior service with the Company. The Board has determined that each of the members of the Audit Committee meet these additional independence requirements as well.

Communications with the Board. A stockholder or any other interested party who wishes to communicate with the Board, any Committee thereof, the non-management directors as a group or any individual director, including the presiding director for the executive sessions of the Board, may do so by addressing the correspondence to that individual or group, c/o Sara E. Moss, Executive Vice President and General Counsel, The Estée Lauder Companies Inc., 767 Fifth Avenue, New York, New York 10153. She, or her designee, will review all such correspondence to determine that the substance of the correspondence relates to the duties and responsibilities of the Board or individual Board member before forwarding the correspondence to the intended recipient. Spam, junk mail, solicitations, and hostile, threatening, illegal or similarly unsuitable material will not be forwarded to the intended recipient and, if circumstances warrant, may be forwarded to the Company's security staff. Any communication that is not forwarded may be made available to the intended recipient at his or her request.

Director Nominees Recommended by Stockholders. The Nominating and Board Affairs Committee will consider stockholder recommendations of nominees in the same manner as and pursuant to the same criteria by which it considers all other nominees, except for nominations received pursuant to the Stockholders' Agreement. See "Board Membership Criteria." Stockholders who wish to suggest qualified candidates should send their written recommendation to the Nominating and Board Affairs Committee c/o Sara E. Moss, Executive Vice President and General Counsel, The Estée Lauder Companies Inc., 767 Fifth Avenue, New York, New York 10153. The following information must accompany any such recommendation by a stockholder: (i) the name and address of the stockholder making the recommendation, (ii) the name, address, telephone number and social security number of the proposed nominee, (iii) the class or series and number of shares of the Company that are beneficially owned by the stockholder making the recommendation, (iv) a description of all arrangements or understandings between the stockholder and the candidate, and an executed written consent of the proposed nominee to serve as a director of the Company if so elected, (v) a copy of the proposed nominee's resume and references, and (vi) an analysis of the candidate's qualifications to serve on the Board of Directors and on each of the Board's committees in light of the criteria for Board membership established by the Board. See "Board Membership Criteria." For stockholders intending to nominate an individual for election as a director directly, there are specific procedures set forth in our bylaws. See "Stockholder Proposals and Direct Nominations."

Corporate Governance Guidelines and Code of Conduct

The Board of Directors has developed corporate governance practices to help it fulfill its responsibilities to stockholders in providing general direction and oversight of management of the Company. These practices are set forth in the Company's Corporate Governance Guidelines. The Company also has a Code of Conduct ("Code") applicable to all employees, officers and directors of the Company, including, without limitation, the Chief Executive Officer, the Chief Financial Officer and other senior officers. These documents, as well as any waiver of a provision of the Code granted to any senior officer or director or material amendment to the Code, if any, may be found in the "Investor Relations" section of the Company's website: www.elcompanies.com within the "Leadership" subsection under the heading "Corporate Governance." Stockholders may also contact Investor Relations at 767 Fifth Avenue, New York, New York 10153 or call 800-308-2334 to obtain a hard copy of these documents without charge.

Audit Committee Report

The Audit Committee of the Board of Directors, consisting solely of "independent directors" as defined by the Board and consistent with the rules of the New York Stock Exchange, has:

1. reviewed and discussed the Company's audited financial statements for the fiscal year ended June 30, 2012 with management;
2. discussed with KPMG LLP the matters required to be discussed by PCAOB AU Section 380, as currently in effect; and
3. received the written disclosures and letter from KPMG LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP's communications with the Audit Committee concerning independence, and has discussed KPMG LLP's independence with representatives of KPMG LLP.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended June 30, 2012 be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2012 filed with the Securities and Exchange Commission.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and any persons who own more than 10% of the Class A Common Stock, to file forms reporting their initial beneficial ownership of common stock and subsequent changes in that ownership with the SEC and the New York Stock Exchange. Officers, directors and greater-than-10% beneficial owners also are required to furnish the Company with copies of all forms they file under Section 16(a). Based solely upon a review of the copies of the forms furnished to the Company, or a written representation from a reporting person that no Form 5 was required, the Company believes that during the 2012 fiscal year all Section 16(a) filing requirements were satisfied.

Policy and Procedures for the Review of Related Person Transactions

We have a written policy that sets forth procedures for the review and approval or ratification of transactions involving "Related Persons," which consists of any director, nominee for director, executive officer or greater than 5% stockholder of the Company, and the "Immediate Family Members" of any such director, nominee for director, executive officer or greater than 5% stockholder. The Audit Committee (or its Chair under certain circumstances) is responsible for applying the Policy with the assistance of the Executive Vice President and General Counsel ("EVP GC") or designee (if any).

"Transactions" covered by the Policy consist of any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships in which:

- (i) with respect to any fiscal year, any transaction which is currently proposed or has been in effect at any time since the beginning of such fiscal year in which the Company was, is or is proposed to be a participant, and
- (ii) a person who at any time during such fiscal year was a Related Person had, has or will have a direct or indirect material interest.

Determination of materiality may include the importance of the interest to the Related Person (financially or otherwise), the relationship of the Related Person to the Transaction and of Related Persons with each other, and the dollar amount involved in the Transaction; and whether any Related Person has or will have a direct material interest or an indirect material interest in the transaction.

The Policy includes a list of categories of transactions identified by the Board as having no significant potential for an actual or the appearance of a conflict of interest or improper benefit to a Related Person, and thus are not subject to review by the Audit Committee ("Excluded Transactions"). Excluded Transactions include certain transactions in the ordinary course of business between the Company and another entity with which a Related Person is affiliated and certain discretionary charitable contributions by the Company to an established non-profit entity with which a Related Person is affiliated, as long as the amounts involved are below certain percentages of the consolidated gross revenues of the Company and the Related Person.

Each Transaction by a Related Person should be reported to the EVP GC, or designee, for presentation to the Audit Committee for approval prior to its consummation, or for ratification, if necessary, after consummation. The EVP GC or designee will assess whether any proposed transaction involving a Related Person is a related person transaction covered by the Policy, and if so, the transaction will be presented to the Audit Committee for review and consideration at its next meeting or, in those instances in which the EVP GC or designee determines that it is not practicable or desirable for the Company to wait until the next Audit Committee meeting, to the Chair of the Audit Committee. If the EVP GC or designee potentially may be involved in a related person transaction, the applicable person is required to inform the Chief Executive Officer and the Chair of the Committee. Transactions by Related Persons (other than Excluded Transactions) will be reviewed and be subject to approval by the Audit Committee. If possible, the approval will be obtained before the Company commences the transaction or enters into or amends any contract relating to the transaction. If advanced Audit Committee approval of a related person transaction is not feasible or not identified prior to the commencement of a transaction, then the transaction will be considered and, if the Audit Committee determines it to be appropriate, ratified at the Audit Committee's next regularly scheduled meeting.

Table of Contents

In determining whether to approve or ratify a related person transaction covered by the Policy, the Audit Committee may take into account such factors it deems appropriate, which may include (if applicable), but not be limited to:

the materiality of the interest of the Related Person in the Transaction;

the fairness or reasonableness of the Related Person Transaction to the Company;

the availability of other sources for comparable products or services;

the terms of the Transaction; and

the terms available to unrelated third parties or to employees generally.

A member of the Audit Committee who is a Related Person in connection with a particular proposed related person transaction will not participate in any discussion or approval of the transaction, other than discussions for the purpose of providing material information concerning the transaction to the Committee.

Certain Relationships and Related Transactions

Lauder Family Relationships and Compensation. Leonard A. Lauder is Chairman Emeritus. His brother, Ronald S. Lauder is Chairman of Clinique Laboratories, LLC. Leonard A. Lauder's wife, Evelyn H. Lauder, was Senior Corporate Vice President of the Company until she passed away in November 2011. Leonard A. Lauder has two sons, William P. Lauder and Gary M. Lauder. William P. Lauder is Executive Chairman and in such role, is Chairman of the Board of Directors. Gary M. Lauder is not an employee of the Company. Ronald S. Lauder and his wife, Jo Carole Lauder, have two daughters, Aerin Lauder and Jane Lauder, both of whom are directors of the Company. Aerin Lauder is also Style and Image Director for the Estée Lauder brand (see "Agreements with Aerin Lauder" below for additional information). Jane Lauder is also Global President, General Manager of Origins and Ojon.

For fiscal 2012, the following Lauder Family Members received the following amounts from the Company as compensation: Leonard A. Lauder received an aggregate of \$1,600,000 for his services; Ronald S. Lauder received \$650,000 in salary and a bonus of \$488,950; Evelyn H. Lauder received \$225,000 in salary and a bonus of \$170,250; and Jane Lauder received \$500,000 in salary and a bonus of \$310,000 and stock options in respect of 22,752 shares of Class A Common Stock, performance share units in respect of 3,926 shares of Class A Common Stock and restricted stock units in respect of 3,926 shares of Class A Common Stock. Each is entitled to participate in standard benefit plans, such as the Company's pension and medical plans. For information regarding fiscal 2012 compensation for William P. Lauder, see "Executive Compensation."

For fiscal 2013, Leonard A. Lauder is being paid on a per diem basis with an aggregate limit of \$1,600,000; Ronald S. Lauder has a base salary of \$650,000 and bonus opportunities with a target payout of \$350,000; and Jane Lauder has a base salary of \$525,000 and bonus opportunities with a target payout of \$406,600. On September 4, 2012, Jane Lauder was granted stock options with respect to 20,032 shares of Class A Common Stock, performance share units with a target payout of 3,387 shares of Class A Common Stock and restricted stock units in respect of 3,387 shares of Class A Common Stock. The grants were consistent with those made to employees at her level. For information regarding fiscal 2013 compensation for William P. Lauder, see "Executive Compensation."

Leonard A. Lauder's current employment agreement (the "LAL Agreement") provides for his employment as Chairman Emeritus until such time as he resigns, retires or is terminated. Mr. L. Lauder is entitled to participate in standard benefit plans, such as the Company's pension and medical plans, and has a supplemental pension arrangement discussed below. Mr. L. Lauder is entitled to participate in the Amended and Restated Fiscal 2002 Share Incentive Plan, but no grants have been

Table of Contents

made to him under the plan to date. If Mr. L. Lauder retires, the Company will continue to provide him with the office he currently occupies (or a comparable office if the Company relocates) and a full-time executive secretary for as long as he would like. The Company may terminate Mr. L. Lauder's employment at any time if he becomes "permanently disabled," in which event Mr. L. Lauder will be entitled to (i) receive his base salary for a period of two years after termination, (ii) receive bonus compensation during such salary continuation period at an annual rate equal to the average of the actual bonuses paid to him prior to such termination under the LAL Agreement (the "Leonard Lauder Bonus Compensation") and (iii) participate in the Company's benefit plans for two years. In the event of Mr. L. Lauder's death during the term of his employment, for a period of one year from the date of Mr. L. Lauder's death, his beneficiary or legal representative will be entitled to receive Mr. L. Lauder's base salary and the Leonard Lauder Bonus Compensation. Mr. L. Lauder may terminate his employment at any time upon six months' written notice to the Company, in which event Mr. L. Lauder will be entitled to receive his base salary and the Leonard Lauder Bonus Compensation for the six-month period following termination. In addition, the Company may terminate Mr. L. Lauder's employment for any reason upon 60 days' written notice. In the event of termination of his employment by the Company (other than for cause, disability or death) or a termination by Mr. L. Lauder for good reason after a change of control, (a) Mr. L. Lauder, for a period of three years from the date of termination, will be entitled to (i) receive his base salary in effect at the time of termination, (ii) receive the Leonard Lauder Bonus Compensation, (iii) participate in the Company's benefit plans and (b) in the case of termination by the Company (other than for cause, disability or death), Mr. L. Lauder will not be subject to the non-competition covenant contained in the LAL Agreement. Upon termination for any reason, options previously granted to Mr. L. Lauder will remain exercisable for the remainder of their respective terms, subject to certain non-competition and good conduct provisions.

As used in this Proxy Statement, the term "Lauder Family Members" includes only the following persons: (i) the estate of Mrs. Estée Lauder; (ii) each descendant of Mrs. Lauder (a "Lauder Descendant") and their respective estates, guardians, conservators or committees; (iii) each "Family Controlled Entity" (as defined below); and (iv) the trustees, in their respective capacities as such, of each "Family Controlled Trust" (as defined below). The term "Family Controlled Entity" means (i) any not-for-profit corporation if at least 80% of its board of directors is composed of Lauder Descendants; (ii) any other corporation if at least 80% of the value of its outstanding equity is owned by Lauder Family Members; (iii) any partnership if at least 80% of the value of its partnership interests are owned by Lauder Family Members; and (iv) any limited liability or similar company if at least 80% of the value of the company is owned by Lauder Family Members. The term "Family Controlled Trust" includes certain trusts existing on November 16, 1995 and trusts the primary beneficiaries of which are Lauder Descendants, spouses of Lauder Descendants and/or charitable organizations, provided that if the trust is a wholly charitable trust, at least 80% of the trustees of such trust consist of Lauder Descendants.

Registration Rights Agreement. Leonard A. Lauder, Ronald S. Lauder, The Estée Lauder 1994 Trust, William P. Lauder, Gary M. Lauder, Aerin Lauder, Jane Lauder, certain Family Controlled Entities and other Family Controlled Trusts, Morgan Guaranty Trust Company of New York ("Morgan Guaranty") and the Company are parties to a Registration Rights Agreement (the "Registration Rights Agreement"), pursuant to which each of Leonard A. Lauder, Ronald S. Lauder and Morgan Guaranty have three demand registration rights and The Estée Lauder 1994 Trust has six demand registration rights in respect of shares of Class A Common Stock (including Class A Common Stock issued upon conversion of Class B Common Stock) held by them. Three of the demand rights granted to The Estée Lauder 1994 Trust may be used only by a pledgee of The Estée Lauder 1994 Trust's shares of Common Stock. All the parties to the Registration Rights Agreement (other than the Company) also have an unlimited number of piggyback registration rights in respect of their shares. The rights of Morgan Guaranty and any other pledgee of The Estée Lauder 1994 Trust under the Registration Rights

Agreement will be exercisable only in the event of a default under certain loan arrangements. Leonard A. Lauder and Ronald S. Lauder may assign their demand registration rights to Lauder Family Members. The Company is not required to effect more than one registration of Class A Common Stock in any consecutive twelve-month period. The piggyback registration rights allow the holders to include their shares of Class A Common Stock in any registration statement filed by the Company, subject to certain limitations.

The Company is required to pay all expenses (other than underwriting discounts and commissions of the selling stockholders, taxes payable by the selling stockholders and the fees and expenses of the selling stockholders' counsel) in connection with any demand registrations, as well as any registrations pursuant to the exercise of piggyback rights. The Company has agreed to indemnify the selling stockholders against certain liabilities, including liabilities arising under the Securities Act of 1933.

Stockholders' Agreement. All Lauder Family Members (other than the 4202 Corporation) who beneficially own shares of Common Stock are parties to the Stockholders' Agreement. The stockholders who are parties to the Stockholders' Agreement beneficially owned, in the aggregate, shares of Common Stock having approximately 83% of the voting power of the Company on September 11, 2012. Such stockholders have agreed to vote in favor of the election of Leonard A. Lauder (or one of his sons) and Ronald S. Lauder (or one of his daughters) and one designee, if any, of each as directors. See "Additional Information Regarding the Board of Directors Stockholders' Agreement." Parties to the Stockholders' Agreement, may, without restriction under the agreement, sell their shares in a widely distributed underwritten public offering, in sales made in compliance with Rule 144 under the Securities Act of 1933 or to other Lauder Family Members. In addition, each party to the Stockholders' Agreement may freely donate shares in an amount not to exceed 1% of the outstanding shares of Common Stock in any 90-day period. In the case of other private sales, each stockholder who is a party to the Stockholders' Agreement (the "Offering Stockholder") has granted to each other party (the "Offeree") a right of first offer to purchase shares of Class A Common Stock that the Offering Stockholder intends to sell to a person (or group of persons) who is not a Lauder Family Member. Each Offeree has the opportunity to purchase the Offeree's pro rata portion of the shares to be offered by the Offering Stockholder, as well as additional shares not purchased by other Offerees. Any shares not purchased pursuant to the right of first offer may be sold at or above 95% of the price offered to the Offerees. The agreement also includes provisions for bona fide pledges of shares of Common Stock and procedures related to such pledges. The Stockholders' Agreement will terminate upon the occurrence of certain specified events, including the transfer of shares of Common Stock by a party to the Stockholders' Agreement that causes all parties thereto immediately after such transaction to own beneficially in the aggregate shares having less than 10% of the total voting power of the Company.

Agreements with Aerin Lauder. In April 2011, Estee Lauder Inc. ("ELI"), a subsidiary of the Company, entered into (a) a creative consultant agreement with Aerin Lauder (the "Creative Consultant Agreement") and (b) a brand license agreement with Ms. Lauder and Aerin LLC, a limited liability company wholly owned by Ms. Lauder (the "License Agreement"). In connection with the agreements she ceased to be Senior Vice President, Creative Director of the Estée Lauder brand.

Under the Creative Consultant Agreement, Aerin Lauder is a spokesperson for the Estée Lauder brand and collaborates with the Estée Lauder Creative Director on creative aspects of the brand as Style and Image Director. The initial term of the agreement expires on June 30, 2016. Ms. Lauder received \$700,000 in fiscal 2012 for her services under the agreement. She will receive \$728,000 in fiscal 2013. For future fiscal years, that amount will be increased 4% each year. During the term of the agreement, the Company has the exclusive right to use Ms. Lauder's name and image to market beauty products and related services of the Estée Lauder brand. Ms. Lauder agrees to a minimum of 35 full days of personal appearances worldwide per year for the brand, the Company or its subsidiaries. If ELI requires Ms. Lauder to provide additional days per year, she will be paid \$21,000 per extra day for

Table of Contents

fiscal 2013, with such daily fee increasing \$1,000 in each subsequent fiscal year. Ms. Lauder will be provided with an office and access to an assistant in connection with her services.

Under the License Agreement, Aerin LLC has granted ELI a worldwide license to use the "Aerin" trademark and "A" logo (and related marks) and Ms. Lauder's name and image (i) exclusively in connection with "Core Beauty Products" (cosmetics, fragrances, toiletries, skin care, hair care, value sets and beauty accessories) and (ii) non-exclusively in connection with "Non-Core Beauty Products" (cosmetics bags, tote bags and fragranced candles). The License Agreement covers the name "Aerin" and not the name "Lauder," for which the Company and its subsidiaries retain sole ownership. The initial license term lasts until June 30, 2017, with three 5-year renewal terms if ELI does not give notice of non-renewal and net sales hit certain performance targets (or if ELI cures a sales shortfall, in certain circumstances). Aerin LLC will receive the following royalties: (i) for all products other than fragrances, 4% of annual net sales up to \$40 million and 5% of annual net sales in excess thereof; and (ii) for fragrances, 5% of annual net sales. In fiscal 2012, Aerin LLC was paid no royalties as there were no sales of Aerin-branded products by the Company. ELI must spend the following minimum amounts to promote Aerin-branded products: 20% of ELI's net sales of Aerin-branded products each year in the initial term and 15% of such net sales each year thereafter, with such requirement capped each year at 50% of Aerin LLC's similar expenditures, either directly or through other licensees, on Aerin-branded products. Both ELI and Aerin LLC will distribute Aerin-branded products only through prestige retailers.

ELI launched a limited "capsule collection" of some Aerin-branded products in August 2012. Within 12 months of ELI's "capsule collection" launch, ELI may launch additional Aerin-branded products in its reasonable commercial judgment. Ms. Lauder has agreed to provide at least ten personal appearances during each fiscal year, for which she will not be compensated, and which are in addition to those appearances covered by the Consultant Agreement. ELI will be responsible for her reasonable travel expenses in connection with such appearances.

Aerin LLC may terminate the License Agreement if an unaffiliated third party obtains more than 50% of the voting power or equity of ELI. ELI may terminate the License Agreement if control of Aerin LLC (or substantially all of its assets) is transferred to a competitor of ELC or to certain categories of retailers not engaged in prestige distribution. Either side may terminate the License Agreement for an uncured material breach.

Other Arrangements. The Company has subleased certain of its office space in New York to an affiliate of Ronald S. Lauder. For fiscal 2012, the rent paid or accrued was approximately \$723,000, which equals the Company's lease payments for that space. The Company also has agreed to provide such affiliate with certain services, such as phone systems, payroll service and office and administrative services, which are reimbursed at a rate approximating the Company's incremental cost thereof. For fiscal 2012, the affiliate paid approximately \$11.0 million pursuant to such agreement. At June 30, 2012, the affiliate had deposited with the Company \$1.3 million to cover expenses. The Company has similar arrangements for space and services with an affiliate of Leonard A. Lauder and his family. For fiscal 2012, that affiliate and/or family members paid the Company \$4.8 million for office space and certain services, such as phone systems, payroll service and office and administrative services. At June 30, 2012, the affiliate and family members had deposited with the Company \$94,000 to cover expenses. The payments by the affiliates and family members approximated the Company's incremental cost of such space and services.

Certain members of the Lauder family (and entities affiliated with one or more of them) own numerous works of art that are displayed at the Company's offices. The Company pays no fee to the owners for displaying such works. The owners of the works pay for their maintenance. In fiscal 2012, the Company paid premiums of about \$9,000 for insurance relating to such works.

Director Compensation

The following summary describes compensation paid to directors in fiscal 2012.

Annual Retainer for Board Service. Each non-employee director receives an annual cash retainer of \$75,000, payable quarterly. An additional \$25,000 is payable to each non-employee director by a grant of stock units (accompanied by dividend equivalent rights) as an annual stock retainer in the fourth quarter of the calendar year. The stock units vest upon grant. Each stock unit is convertible into shares of Class A Common Stock on or after the first business day of the calendar year following the one in which the director ceases to be a member of the Board. The number of stock units to be awarded is determined by dividing \$75,000 by the average closing price of the Class A Common Stock on the twenty trading days next preceding the date of grant.

Stock Options. In addition to the cash and stock portion of the retainer, each non-employee director receives an annual grant of options at a maximum cost determined at the date of grant of \$100,000. The exercise price of the options is equal to the closing price of the Class A Common Stock on the date of grant and the options vest and are exercisable one year after the date of grant (subject to post-service limitations).

Annual Retainer for Committee Service. Each director who serves on a Committee receives an additional annual cash retainer, payable quarterly in the following amounts: \$8,000 per year for service on the Nominating and Board Affairs Committee, \$12,000 per year for service on the Audit Committee, and \$8,000 per year for service on the Compensation Committee (including service on the Stock Plan Subcommittee). The Chairman of the Audit Committee receives a further annual cash retainer of \$25,000 and the Chairmen of the Compensation Committee and the Nominating and Board Affairs Committee receive a further annual cash retainer of \$15,000 each.

Initial Stock Grant. On the date of the first annual meeting of stockholders which is more than six months after a non-employee director's initial election to the Board, the director receives a grant of 4,000 shares of Class A Common Stock (plus a cash payment in an amount to cover related income taxes).

Stock Ownership Requirement. Each director is expected to own at least \$300,000 worth of shares of Class A Common Stock, which may include stock units payable in shares or deferred stock units payable in cash

Deferral. Non-employee directors may elect to defer receipt of all or part of their cash-based compensation. The deferrals may take the form of stock units (accompanied by dividend equivalent rights) to be paid out in cash or may simply accrue interest until paid out in cash.

Management Directors. Directors who are also employees of the Company receive no additional compensation for service as directors. These directors are Jane Lauder, Leonard A. Lauder, William P. Lauder and Fabrizio Freda. Aerin Lauder, who ceased to be an employee of the Company as of April 2011, continues to be treated as a management director and received no additional compensation for her service as a director in fiscal 2012. Information concerning the compensation of the Lauder family members, including those who serve as directors, and Mr. Freda is described in "Executive Compensation" (in the case of Mr. W. Lauder and Mr. Freda) and "Certain Relationships and Related Transactions - Lauder Family Relationships and Compensation."

Reimbursement of Expenses. Non-employee directors are reimbursed for their reasonable expenses (including costs of travel, food and lodging), incurred in attending Board, committee and stockholder meetings. Directors are also reimbursed for any other reasonable expenses relating to their service on the Board, including participating in director continuing education and Company site visits.

Table of Contents

Company Products. The Company provides directors with representative samples of the Company's products. The Company believes that receiving these products serve a business purpose by expanding the directors' knowledge of the Company's business. The Company also provides each director with the opportunity to purchase up to \$1,280 worth of the Company's products each calendar year (based on suggested retail prices) at no charge. If directors choose to take advantage of such opportunities and purchase more than \$640 worth of the Company's product, the excess is imputed as taxable income. Non-employee directors may also purchase a limited amount of Company products at a price equal to 50% off the suggested retail price, which is the same program made available to officers of the Company. For the year ended June 30, 2012, the aggregate incremental cost to the Company of these Company products was substantially less than \$10,000 per director.

The following table sets forth compensation information regarding the Company's non-employee directors in fiscal 2012.

- (1) The amount represents annual cash retainer for board service and, as applicable, retainers for board committee service or service as chairman of a board committee.
- (2) The amounts set forth in the Stock Awards column represent the aggregate grant date fair value of restricted stock units granted in the respective fiscal year as computed in accordance with FASB Accounting Standard Codification Topic 718, Compensation – Stock Compensation. The amounts were calculated based on the closing price per share of the Class A Common Stock on the NYSE on the date of grant. In addition, for Ms. Christianson the amount includes \$230,120 related to the initial stock grant of 4,000 shares made to her in November 2011.
- (3) Restricted stock units are vested upon grant but are not converted into stock until the first business day of the January following the date on which the director ceases to serve on the Board. Dividend equivalents on outstanding restricted stock units resulted in additional grants to the directors on December 14, 2011. Presented below are the grant date fair value of each award of restricted stock units granted in fiscal 2012 as computed in accordance with FASB Accounting Standard Codification Topic 718, Compensation – Stock Compensation and the aggregate number

(4) The amounts set forth in the Option Awards column represent the aggregate grant date fair value of stock options granted in the respective fiscal year as computed in accordance with FASB Accounting Standard Codification Topic 718, Compensation – Stock Compensation. Amounts shown disregard estimates of forfeitures related to service-based vesting conditions. The fair-market values of stock options granted were calculated using the Black-Scholes options pricing model based on the following assumptions used in developing the grant valuation for the awards on November 11, 2011: an expected volatility of 34% determined using a combination of both current and historical implied volatilities of the underlying Class A Common Stock obtained from public data sources; an expected term to exercise of 9 years from the date of grant; a risk-free interest rate of 2.0%; and a dividend yield of 1.0%. The value of any options that will ultimately be realized by the director grantees, if any, will depend upon the actual performance of the Company's Class A Common Stock during the term of the option from the date of grant through the date of exercise.

(6) Fees deferred by certain of the Company's directors in fiscal 2012 and prior years were deferred pursuant to applicable deferral agreements. Ambassador Barshefsky defers her compensation in an interest-bearing deferral account. The interest rate is the Citibank base rate at the last day of the calendar year. Using the Citibank base rate and the applicable federal rate set by the Internal Revenue Service (the "AFR") at December 31, 2011 as the rates for fiscal 2012, no interest accrued above the AFR in fiscal 2012. Paul J. Fribourg, Mellody Hobson, Irvine O. Hockaday, Jr., Lynn Forester de Rothschild and Barry S. Sternlicht defer their compensation in stock units. All earnings on the fees deferred by these directors were based on the value of a hypothetical investment in shares of Class A Common Stock made at the time of the deferral, plus the accrual of dividend equivalents on any dividends paid by the Company on the Class A Common Stock. These stock equivalent units are paid out in cash after the director leaves the Board. At June 30, 2012, the directors held units in respect of the following amounts of shares of Class A Common Stock: Paul J. Fribourg held 21,876; Mellody Hobson held 21,717; Irvine O. Hockaday, Jr. held 61,506; Lynn Forester de Rothschild held 54,408; and Barry S. Sternlicht held 28,741.

(7) The amount for Ms. Christianson represents a reimbursement for taxes on the initial stock grant made to her in November 2011.

Executive Compensation

Compensation Discussion and Analysis

Executive Summary

We have now successfully completed three years of our long-term strategy, which has driven our momentum and produced superb results. Our business model continued to deliver strong, sustainable sales growth that was highly profitable. For the second consecutive year, we achieved double-digit sales gains and record profits, despite difficult economic conditions in some key markets. These results, and the others described below, are also directly attributable to the ongoing determination and collective talents and efforts of our executive officers, as well as the other members of management and our employees.

During fiscal 2012, we achieved many financial milestones, including:

Record net sales of \$9.7 billion 10% higher than the prior year

Record gross margin of 79.5% a 150 basis point improvement from the prior year

Record net earnings of \$856.9 million, and diluted earnings per share of \$2.16 24% higher than the prior year

Record cash flow from operations of \$1.1 billion

We also raised the common stock dividend 40 percent, split the stock two-for-one, repurchased 11.2 million shares for \$555.2 million and used \$420.7 million for capital expenditures. And from July 1, 2009 through June 30, 2012, we increased the total market value of the Company by almost 230%, or \$14.6 billion.

The following summarizes certain executive compensation decisions that affected compensation in, or relating to, fiscal 2012:

Due in large part to the record financial results described above, our named executive officers achieved fiscal 2012 payout percentages under the Executive Annual Incentive Plan ("EAIP") ranging from 138% to 142% out of a possible maximum of 150% of target bonus opportunities. Actual payouts were determined by applying the payout percentages to the fiscal 2012 target bonus opportunities and are shown in the "Summary Compensation Table."

The stock-based compensation awarded to our executive officers in fiscal 2012 was based on target grant levels, an assessment of each executive's performance against his or her fiscal 2011 goals and his or her expected future contributions. These awards which ranged from 110% to 143% of target were granted in September 2011 and are shown in "Grants of Plan-Based Awards in Fiscal 2012."

The Compensation Committee authorized increases in salaries for the President and Chief Executive Officer and certain other executive officers in connection with their new employment agreements.

As a result of the strong performance over the three-year period ended June 30, 2012, the performance share units granted to our executive officers resulted in a maximum aggregate payout of 150% of target. Actual payouts for the Named Executive Officers are described in footnote 4 of the table in "Outstanding Equity Awards at June 30, 2012" below.

Stock ownership guidelines for the executive officers were increased by at least 100%.

2011 Advisory Vote on Executive Compensation

In November 2011, our stockholders voted on an advisory basis on the compensation of the named executive officers as disclosed in the proxy statement for the 2011 Annual Meeting. Over 98% of the votes cast at that meeting were cast in favor of the proposal. Such vote took place after the setting of compensation levels and the grants made at the start of fiscal 2012. Accordingly, the vote was not considered in those compensation decisions.

Overview of Compensation Philosophy and Objectives

Our compensation program for executive officers is designed to attract and retain high quality people and to motivate them to achieve both our long-term and short-term goals. We believe that the design and governance of our program supports, and aligns executive officers with, the business strategy and the overall goal to continue sustainable growth of net sales, profitability and return on invested capital on an annual and long-term basis.

Our executive compensation program is designed to achieve our business and financial goals by providing compensation that:

aligns executives' interests with our long-term and short-term goals;

rewards performance at the company, business unit and individual levels;

is competitive with the compensation practices at other leading beauty and consumer products companies; and

is equitable among our executive officers.

We have been in the beauty business for over 65 years, and have established a strong record of growth and profitability. For the first 50 years, we were wholly-owned by the Lauder family. Today, the family continues to own a significant portion of our outstanding stock. Our executive compensation program reflects our successful track record and the control by the Lauder family. It also reflects decisions of the Compensation Committee and the Stock Plan Subcommittee to shift executive compensation in the direction of equity-based elements and, for our executive officers, we believe we are now generally in line with our peers as it relates to the mix of cash and equity-based compensation.

In fiscal 2012, our executive officers included the Executive Chairman, President and Chief Executive Officer, the Group Presidents and the heads of certain functions. The "Named Executive Officers" are those named in the "Summary Compensation Table" below. As the senior most officers with the greatest overall responsibility, the Executive Chairman and President and Chief Executive Officer received the highest levels of compensation, including bonus opportunities and equity-based compensation. The two are followed by the Group Presidents by reason of their respective duties and responsibilities and then by the function heads. There is internal equity among similarly situated executive officers, which is intended to foster a more team-oriented approach to managing the business.

We have entered into employment agreements with our executive officers to attract and retain strong candidates and to provide the basis for a shared mutual understanding of the employment relationship. The employment agreements in effect during fiscal 2012 for our Named Executive Officers are described under "Employment Agreements." Our standard employment agreements for executive officers set forth the mutual understanding regarding termination and severance and non-competition, confidentiality and related covenants but do not include specified amounts of salary, bonus opportunities or equity-based compensation for future years. For executive officers who are recruited to join the Company, we will specify levels of salary, bonus opportunities and equity-based compensation grants for certain initial periods or that relate to initial grants (e.g., to compensate the officer for amounts or awards that may be forfeited at a prior employer). Currently employment agreements with

Table of Contents

each executive officer (other than Leonard A. Lauder) are based on the standard form of employment agreements. Ronald S. Lauder is not party to an employment agreement.

The compensation program for executive officers is established and administered by the Compensation Committee and the Stock Plan Subcommittee. The Stock Plan Subcommittee approves the terms of all grants to executive officers under our share incentive plans (including any equity compensation related terms of prior agreements for executive officers). The Compensation Committee approves all other aspects of executive compensation.

Elements of Compensation; Allocation

Our executive compensation program consists of the following:

base salary;

annual cash incentive bonuses; and

long-term equity-based compensation, including stock options, performance share units ("PSUs"), restricted stock units ("RSUs") and a market share unit ("MSU").

We also provide competitive benefits and modest perquisites.

We generally maintain a proportional mix of compensatory elements that reflects the executive officer's role in our Company and provides similar opportunities for executive officers with similar responsibilities. The amounts and allocations for each element (and among each element) are determined based on the position and the type and level of responsibility of the particular executive officer, internal pay equity and competitive considerations. To foster interdependence and collaboration among brands, regions and functions to drive the corporate strategy, annual incentives are structured so that there is alignment of business unit performance with overall corporate performance. Generally we believe that executive officers should have a greater percentage of their compensation based on performance in the form of long-term equity-based incentives and then short-term annual cash incentives followed by base salary.

Based on target levels for incentive compensation for fiscal 2012, the mix of pay for executive officers is shown in the table below:

	Base Salary	Annual Incentive Bonuses	Long-Term Equity Based Incentives (1)	Total
William P. Lauder	23%	46%	31%	100%
Fabrizio Freda	13%	24%	63%	100%
Other Named Executive Officers	18%	30%	52%	100%
All Executive Officers (10 persons) (2)	22%	26%	52%	100%

(1)

Annual grants are allocated 50% to stock options and 25% to PSUs and RSUs, respectively. The percentages above also include for Mr. Freda the fiscal 2012 amounts expensed for the MSU granted to him in fiscal 2011 and the additional RSU granted to him at the start of fiscal 2010 when he became Chief Executive Officer. The MSU, which was valued at \$10.6 million at the time of grant, is designed to be paid out at the end of fiscal 2014. The additional RSU, which was valued at \$4.0 million at the time of grant, vested in thirds on July 1, 2010, July 1, 2011 and July 1, 2012.

(2)

Excludes Leonard A. Lauder and Ronald S. Lauder, who have not received equity-based compensation since fiscal 2000.

Table of Contents

In general, base salary is the only portion of compensation that is assured. Annual cash incentives and PSUs are primarily intended to reward executives for achieving annual and three-year financial goals, respectively. Stock options are primarily intended to align executive officers' interests with those of the other stockholders and provide value to the executive officers only if there is an increase in stock price after the date of grant. RSUs are also intended to align the executive officers' interests with those of other stockholders and to increase the executive officers' beneficial ownership of stock in line with our executive stock ownership policy.

In certain circumstances, we may also pay amounts necessary to attract an executive to work for us or to move to a particular location. This reflects, in part, the global nature of our business and the executives that we seek to attract and retain.

Base Salary. We pay base salaries to provide executives with a secure base of cash compensation. Generally, for executives with base salaries of \$1 million or more per year, increases in base salary are not made except in the case of promotions or in the renewal of an employment agreement. This reflects, in part, the limitation on tax deductibility by us of non-objective performance-based compensation imposed by Section 162(m) of the Internal Revenue Code ("Section 162(m)"). See "Tax Compliance Policy" below. By not authorizing increases in base salary, the Compensation Committee can shift compensation more towards equity-based compensation. In determining the amount of base salary for an executive officer, the Compensation Committee primarily considers the executive's position, his or her current salary and tenure and internal pay equity, as well as competitiveness of the salary level in the marketplace. The Committee also considers the impact of Section 162(m) and recommendations from the Executive Chairman, President and Chief Executive Officer and the Executive Vice President-Global Human Resources. In connection with his new employment agreement, we increased Mr. Freda's base salary from \$1,500,000 to \$1,750,000, effective July 1, 2011. For other executive officers who entered into new employment agreements, base salaries were increased by up to 9.6% based on an assessment of each such officer's contributions and to reflect internal equity considerations.

Annual Incentive Bonuses. Annual incentives provided under the EAIP are of key importance in aligning the interests of our executives with our short-term goals and rewarding them for performance. For executive officers, the level of bonus opportunities and performance targets are based on the scope of the executive's responsibilities, internal pay equity among executives with similar responsibilities and competitive considerations. The measures in our annual incentive program are designed to foster interdependence and collaboration among brands, regions and functions to drive the corporate strategy by ensuring alignment of business unit performance with overall corporate performance. The EAIP is designed and administered to qualify as objective performance-based compensation under Section 162(m), so that bonuses paid out under the plan are tax deductible by us.

Aggregate bonus opportunities for executive officers under the EAIP are set annually by the Compensation Committee. For fiscal 2012, the annual incentive bonus payable to each executive is based on the product of three factors: (a) the target for the executive officer; (b) the Corporate Multiplier (as described below); and (c) the Business Unit Multiplier (as described below). The target payout, business criteria, the performance levels within each multiplier and the threshold, target and maximum payouts associated with each criteria and performance level are set by the Compensation Committee in consultation with management and the Committee's compensation consultant during the first quarter of the fiscal year. The target payout for an executive officer is largely based on the prior year target amount and is reviewed by the Compensation Committee annually. Each of the Corporate Multiplier and the Business Unit Multipliers is expressed as a percentage. The percentage is the sum of the component parts as described in more detail below. Target level performance on each of the criteria will result in multipliers at 100% and payout at 100% of the executive officer's target

Table of Contents

opportunity. Above-target payouts are earned if performance exceeds 100% of the target up to a maximum set by the Compensation Committee. Performance below target will result in payouts below the executive officer's target opportunity provided the minimum threshold has been achieved. Failure to achieve the pre-established minimum threshold level of performance results in no credit for that particular criteria and depending upon performance in respect of other criteria, can result in no bonus being paid. Measurement of performance is subject to certain automatic adjustments, such as changes in accounting principles, impairment of intangibles, the impact of discontinued operations and non-recurring income/expenses and the impact on net sales of unplanned changes in foreign currency rates. Such automatic adjustments included the charges associated with restructuring activities and intangible asset impairment in fiscal 2012.

Corporate Multiplier. The Corporate Multiplier is comprised of four equally weighted, company-wide performance criteria: (1) diluted net earnings per share from continuing operations ("Diluted EPS"); (2) net operating margin percentage ("NOP Margin"); (3) net sales; and (4) return on invested capital ("ROIC"). The chart below shows the threshold, target and maximum for each criteria making up the Corporate Multiplier as well as the results for fiscal 2012. As performance exceeded the maximum levels for three of the four measures, the payout factors were at 120% of target for each of Diluted EPS, NOP Margin and ROIC and 119.4% for Net Sales resulting in a Corporate Multiplier of 119.9%. Each executive officer's incentive payment is subject to the Corporate Multiplier.

	Fiscal 2012	Threshold Payout		Target Payout		Maximum Payout		Actual Performance	
	Target (1)	% of Target	(% of Oppty)	% of Target	(% of Oppty)	% of Target	(% of Oppty)	% of Target	(% of Oppty)
Diluted EPS	\$2.04	50%	50%	100%	100%	105.5%	120%	112.2%	120.0%
NOP Margin	14.6%	50%	50%	100%	100%	102.8%	120%	104.7%	120.0%
Net Sales	\$9,435.3 million	85%	50%	100%	100%	102.5%	120%	102.4%	119.4%
ROIC	22.1%	50%	50%	100%	100%	103.4%	120%	110.4%	120.0%
Corporate Multiplier									119.9%

(1)

Net sales are calculated at budgeted exchange rates at the time the target was set. Measurement of performance is subject to certain automatic adjustments described in this section of the Compensation Discussion and Analysis.

If actual performance is between the target and the maximum (as it was for Net Sales in fiscal 2012) or between the threshold and the target, the payout factor is calculated mathematically using the target level of performance as a base. As an example, for Net Sales, each 1% increase in performance over the target results in an 8% increase in the associated payout factor up to the maximum performance level of 2.5% (or 250 basis points) above target. Target levels of performance for a given fiscal year are determined based on the Company's internal planning and forecasting processes and benchmarked against selected peer companies. The establishment of the performance required to achieve the maximum payout under each measure occurs in a similar manner and is approved by the Compensation Committee.

Business Unit Multiplier. The Business Unit Multiplier works similarly, but is based on various combinations of business criteria at the business unit level, including: (1) net sales; (2) NOP Margin; (3) inventory management; (4) productivity and other cost savings; and (5) other divisional goals. The weighting of the various measures is fixed for each executive officer depending upon his or her position and responsibilities, and discussed further below. As with the Corporate Multiplier, target level performance on all the applicable criteria leads to a Business Unit Multiplier of 100%. If the threshold

Table of Contents

level of performance is not achieved for any of the applicable criteria, then the Business Unit Multiplier would be zero for that criteria.

For the Business Unit Multiplier, the Global Brands Results and the Regions Results are consolidations of the units of which they are comprised and the Functions Average is a simple average of the six Corporate Functions. For the two Group Presidents, the threshold, target and maximum for each criteria making up the Business Unit Multiplier for their respective units as well as the results for fiscal 2012 are shown in the following table:

Net sales are calculated at budgeted exchange rates at the time the target was set. Measurement of performance is subject to certain automatic adjustments described in this section of the Compensation Discussion and Analysis.

Where performance exceeded the maximum level the payout factors were at 125% of target. In the case where the actual performance was between the target and the maximum or between the threshold and the target, the payout factor was calculated mathematically using the target level of performance and associated payout as a base.

The Business Unit Multiplier for each Group President and the Executive Vice President and Chief Financial Officer included business unit strategic objectives tied to our long-term strategy. The goals of the plan at the start of fiscal 2012 were to gain share at least 1% ahead of global prestige beauty, derive more than 60% of sales from outside the United States, improve operating margin, increase return on invested capital and reduce inventory days. Each of the three executive officers was assigned goals that accounted for the percentages of his aggregate bonus opportunity target indicated below. These qualitative performance goals were specifically designed to incentivize each Group

Table of Contents

President and the Executive Vice President and Chief Financial Officer to accomplish the following objectives in fiscal 2012:

- (a) Strategy Alignment and Deployment weighted 2.5% for the Group Presidents and 5% for the Executive Vice President and Chief Financial Officer Embrace, support and cascade the corporate strategy throughout the organization, reinforce key messages and while demonstrating "Principles-Based Actions" drive the top priority action items as defined by the strategic plan;
- (b) Organization Integration, Capabilities Building and Talent Development weighted 5% for the Group Presidents and 10% for the Executive Vice President and Chief Financial Officer Through leadership and effective management of employees, support and deploy the new organization design to enhance integration, collaboration and efficiency and to leverage best practices, promote and motivate key talent to develop the key capabilities needed to operate successfully by leveraging and implementing the Talent Development Program;
- (c) Business Transformation weighted 5% for the Group Presidents and 10% for the Executive Vice President and Chief Financial Officer Demonstrate leadership in supporting the strategic modernization initiatives and other business transformation processes; and
- (d) Fiscal 2012 Priority for Business Unit/Function weighted 7.5% for the Group Presidents and 10% for the Executive Vice President and Chief Financial Officer Define uniquely relevant strategies with cascading choices for the particular business unit or function that are consistent with the Fiscal 2013 strategic plan.

After the end of fiscal 2012, the Executive Chairman, President and Chief Executive Officer and Executive Vice President Global Human Resources, with appropriate input from other employees of the Company, reviewed the actions taken by each Group President and the Executive Vice President and Chief Financial Officer and, based on those achievements, recommended the payout percentages shown in the table below (with a maximum of 125%). The assessment of these achievements and related payouts were confirmed by the Compensation Committee in its business judgment.

EAIP Payout Percentage. The product of the Business Unit Multiplier and the Corporate Multiplier result in the EAIP payout percentage. Payout percentages can range between zero and 150% of target. If all performance was at target level, then the payout to the executive officer would be 100% of his or her target payout. If all performance was at the threshold level, then the payout to the executive officer would equal 31.25% of his or her target payout. If performance was below threshold on all the criteria that went into the Corporate Multiplier or the Business Unit Multiplier, then there would be no payout to the executive officer. If performance was at or above maximum performance levels on all performance criteria, then the payout to the executive officer would equal 150% of his or her target payout. As noted, the weightings of the various criteria for an executive officer's Business Unit Multiplier depend upon the executive officer's position and responsibilities as shown in the calculation of the Business Unit multiplier below. The overall brand and region performance is a consolidation of the performance on the financial criteria discussed above of the relevant brands or geographies.

Long-Term Equity-Based Compensation

General. We consider equity-based compensation awarded under our Amended and Restated Fiscal 2002 Share Incentive Plan to be of key importance in aligning executives with our long-term goals and rewarding them for performance. The awards also provide an incentive for continued employment with us. Each year since fiscal 2006, we have granted to certain executive officers a combination of stock options, RSUs and PSUs. However, since fiscal 2000, no grants of any equity-based compensation have been made to Leonard A. Lauder or Ronald S. Lauder. The Stock Plan Subcommittee typically makes equity-based compensation awards to our executive officers at its regularly scheduled meeting during the first quarter of the fiscal year. There is no relationship between the timing of the granting of equity-based awards and our release of material non-public information.

The target and actual amounts and allocation of equity-based compensation granted to the named executive officers reflect the business judgment of the Stock Plan Subcommittee after consultation with its executive compensation consultant and our senior management. As with each other element of compensation, and compensation overall, the Stock Plan Subcommittee (or the Compensation Committee for non-equity-based compensation), its executive compensation consultant, and management and its consultant, take into account the level of responsibility of the particular executive officer, recent performance and expected future contributions of the executive officer, internal pay equity and competitive practice. They also consider applicable employment agreements and our desire to shift toward more equity-based compensation as a percentage of the total mix of compensation.

Table of Contents

While the Subcommittee and our senior management review the components of total direct compensation with the assistance of their consultants, they first analyze, for each type of position in the executive officer group, total direct compensation to gauge the extent to which it is broadly aligned with that of our executive compensation peer group. The Subcommittee and our senior management then review the elements of compensation (i.e. base salary, annual cash incentive bonus opportunities and long-term equity-based compensation opportunities) and determine a mix of these elements as a percentage of total direct compensation that is performance-oriented and reasonable when compared with the peer group given our belief that executive officers should have a greater percentage of their compensation in the form of variable shorter and longer-termed incentive compensation. The equity-based elements also serve as a retention mechanism and to help executive officers acquire sufficient shares of Class A Common Stock to satisfy the executive stock ownership guidelines.

The allocation among the different types of awards in fiscal 2012 – approximately 50% stock options, 25% PSUs (at target level) and 25% RSUs – reflects, in the business judgment of the Subcommittee, a balance among motivating the executive officers, rewarding performance, mitigating risk and helping the executive officers increase their equity ownership.

No specific weightings were used to determine the specific amounts or the total mix of the equity-based compensation. As with the amount of equity-based compensation granted, the allocation amongst the alternative equity-based compensation elements are compared with practices of the peer group companies (noted below) to make sure they are competitive and appropriate.

Stock Options. Stock options typically represent about 50% of the grant date value of the equity-based compensation granted to such executive officers. We believe that stock options are performance-based because the exercise price is equal to the closing price of the underlying Class A Common Stock on the date the option is granted. Despite the value attributed on the date of grant for accounting purposes, value is realized by the executive officer only to the extent that the stock price exceeds such price during the period in which the executive officer is entitled to exercise the options and he or she exercises them. The ability to exercise the options is limited by our "Policy on Avoidance of Insider Trading" described below. Options granted to our executive officers generally become exercisable in equal installments approximately 16 months, 28 months and 40 months after the date of grant.

Performance Share Units. We have granted PSUs to certain of our executive officers. PSUs typically represent approximately 25% of the grant date value of the equity-based compensation granted to such executive officers. The PSUs are generally rights to receive shares of our Class A Common Stock if certain company-wide performance criteria are achieved during a three-year performance period. PSUs are expressed in terms of opportunities. Each opportunity is based on particular business criteria that are considered important in achieving our overall financial goals. The Stock Plan Subcommittee approves the performance target for each opportunity during the first quarter of the three-year performance period. The long-range plan is determined based on our internal planning and forecasting processes and benchmarked against selected peer companies. Each opportunity is expressed in shares to be paid out if performance equals 100% of the target. PSUs are accompanied by dividend equivalents that are paid in cash. Assuming shares are paid out on a PSU, the cash amount paid to the executive officer is equal to the dividends paid per share over the performance period times the number of shares paid out.

The aggregate amount of a PSU represents the aggregate payout if the performance of all opportunities equal 100% of the related target performances. An above-target payout can be achieved under a particular opportunity if the performance associated with such opportunity exceeds 100% of the target up to a maximum set by the Stock Plan Subcommittee. A payout for performance below target may be made provided a significant portion of the target has been achieved. Failure to achieve the pre-established minimum threshold amount would result in no payout being made under the opportunity. Measurement of performance is subject to certain automatic adjustments, such as changes

Table of Contents

in accounting principles, the impact of discontinued operations and non-recurring income or expenses. Such automatic adjustments include unplanned impact of foreign currency changes and returns and charges associated with restructuring activities. The targets for the PSU opportunities and corresponding payouts for PSUs granted in fiscal 2010 for the three-year period ended June 30, 2012 were based on compound annual growth rates ("CAGR") in company-wide net sales, Diluted EPS and ROIC as follows:

	Fiscal 2010 through Fiscal 2012	Threshold Payout (% of Oppty)	Target Payout (% of Oppty)	Maximum Payout (% of Oppty)	Actual Performance Payout (% of Oppty)
	Target(1)	% of Target	% of Target	% of Target	% of Target
Net Sales (CAGR)					
(1)	3.6%	90%	50%	100%	150%
Diluted EPS					
(CAGR)	23.5%	85%	50%	100%	150%
ROIC (CAGR)	16.8%	85%	50%	100%	150%

(1)

Net sales are calculated at budgeted exchange rates at the time the target was set. Measurement of performance is subject to certain automatic adjustments described in this section of the Compensation Discussion and Analysis.

Each 1% increase in performance over the threshold results in a 5% increase in associated payout for Net Sales and a 3^{1/3}% increase in associated payout for Diluted EPS and ROIC up to the target performance levels and associated payouts. For the PSUs that were paid out after the end of fiscal 2012, all three exceeded the level for maximum payout.

The targets for the PSU opportunities and corresponding payouts for PSUs granted in fiscal 2012 for the three-year period ending June 30, 2014 are based on CAGR in company-wide net sales, Diluted EPS and ROIC, weighted equally, as follows:

	Fiscal 2012 through Fiscal 2014	Threshold (2) Payout (% of Oppty)	Target Payout (% of Oppty)	Maximum Payout (% of Oppty)
	Target (1)	% of Target	% of Target	% of Target
Net Sales (CAGR) (1)	6.5%	90%	50%	100%
Diluted EPS (CAGR)	10.5%	85%	50%	100%
ROIC (CAGR) (3)	(1.7%)	85%	50%	100%

(1)

Net sales are calculated at budgeted exchange rates at the time the target was set. Measurement of performance is subject to certain automatic adjustments described in this section of the Compensation Discussion and Analysis.

(2)

Payouts for an opportunity only will be made if performance exceeds the pre-established minimum threshold for such opportunity.

(3)

Target ROIC decrease of 1.7% reflects plans for additional capital investments to be made during the three-year period.

The goals above were based on the long-term strategic plan and the conditions that existed at the start of fiscal 2012. We believe the targets when they were set were reasonably aggressive.

Restricted Stock Units. RSUs are the right to receive shares of our Class A Common Stock over a period of time and typically represent approximately 25% of the grant date value of the equity-based compensation granted to our executive officers. RSUs are granted to executive officers to serve as a

Table of Contents

retention mechanism and to help them build their equity ownership in the Company. RSUs are also intended to help executive officers acquire sufficient shares of Class A Common Stock to satisfy the executive stock ownership guidelines introduced in fiscal 2007 and increased in fiscal 2012. RSUs are accompanied by dividend equivalents that are paid in cash. At the time an RSU vests, the cash amount paid to the executive officer is equal to the dividends paid per share between the grant date and the vesting date times the number of shares paid out.

The RSUs granted to executive officers in fiscal 2012 generally vest ratably in thirds on October 31, 2012, October 31, 2013 and October 31, 2014.

Equity-Based Compensation Granted in Fiscal 2012. As stated above, target award levels and actual grants of equity made to executive officers are determined by taking into account many factors. One of those factors is an assessment of recent performance and expected future contributions. For the Executive Chairman and the President and Chief Executive Officer, this determination is made by the Stock Plan Subcommittee; for the remaining executive officers, a recommendation is made by the executive officer's immediate manager, but the actual grant is approved by the Stock Plan Subcommittee. The resulting equity grant percentages are shown in the table below and were applied to the fiscal 2012 target equity award levels to arrive at the actual fiscal 2012 equity awards.

Named Executive Officer	Fiscal 2012 Equity Grant %
William P. Lauder	143.3%
Fabrizio Freda	132.3%
John Demsey	123.9%
Cedric Prouvé	118.6%
Richard W. Kunes	119.4%

For more information about the actual equity grants made to our Named Executive Officers for fiscal 2012, see "Grants of Plan-Based Awards in Fiscal 2012" and "Summary Compensation Table."

Peer Group and Compensation Consultant

We consider the compensation practices of a peer group of companies for the purpose of determining the competitiveness of our total compensation and various elements, but we do not target a specific percentile. We believe the peer group reflects the market in which we compete for executive talent. The Committee refers to the peer group data when considering compensation levels and the allocation of compensation elements for executive officers. Except as noted below, the peer group used for compensation in fiscal 2012 was last revised in fiscal 2010 and includes:

Avon Products	Limited Brands
Clorox Co.	PepsiCo
Colgate-Palmolive	Polo Ralph Lauren
Elizabeth Arden	Procter & Gamble
Gap	Revlon
International Flavors & Fragrances	Starbucks
Johnson & Johnson	Tiffany & Co.

Alberto Culver, previously included in the peer group, is now owned by Unilever.

Edgar Filing: ESTEE LAUDER COMPANIES INC - Form PRE 14A

The Compensation Committee has engaged Compensation Advisory Partners ("CAP") as its consultant for executive compensation purposes. The consultants from CAP report directly to the Compensation Committee and work with both the Committee (including the Subcommittee) and management to, among other things, provide advice regarding compensation structures in general and competitive compensation data. They also review for the Committee and/or Subcommittee information

Table of Contents

prepared by management. All of the decisions with respect to determining the amount or form of executive compensation under the Company's executive compensation programs are made by the Committee or Subcommittee alone and may reflect factors and considerations other than the information and advice provided by the consultants. No other services were provided by CAP to the Compensation Committee or to management.

In order to supplement its internal resources and to help the Committee and Subcommittee as necessary, the Company has engaged a separate consultant, Towers Watson, to assist with compensation matters in general and with executive compensation as well.

Role of Executive Officers

As noted above, executive compensation is set by the Compensation Committee and Stock Plan Subcommittee. In performing this function, the Committee and Subcommittee rely on the Executive Chairman, President and Chief Executive Officer and the Executive Vice President Global Human Resources (the "EVP HR") to provide information regarding the executive officers, the executive officers' roles and responsibilities and the general performance of the Company, the executive officers and the various business units that they manage. The three executive officers providing support take directions from and bring suggestions to the Compensation Committee and Stock Plan Subcommittee. They suggest performance measures and targets for each of the executive officers under the EAIP and for PSUs. They also make suggestions regarding terms of employment agreements. The final decisions regarding salaries, bonuses (including measures, targets and amounts to be paid), equity grants and other compensation matters related to executive officers are made by the Compensation Committee or Stock Plan Subcommittee, as the case may be. The EVP HR and her staff work with the Executive Vice President and General Counsel and her staff as well as CAP, Towers Watson and outside counsel in this context.

Other Benefits and Perquisites

Benefits. We determine benefits for executive officers by the same criteria applicable to the general employee population in the location where the executive officer is situated except as noted below. In general, benefits are designed to provide protection to the executive and/or his or her family in the event of illness, disability or death and to provide reasonable levels of income upon retirement. The benefits are important in attracting and retaining employees and to alleviate distractions that may arise relating to health care, retirement and similar issues. Executive officers are entitled to the following two benefits that are not generally available to the general population: (a) supplemental executive life insurance with a face amount of \$5 million (\$10 million for Mr. Freda) and (b) company-paid medical reimbursement. For costs associated with such programs, see Note 7 to the "Summary Compensation Table" below.

Perquisites. We provide limited perquisites to our executive officers. The perquisites include (a) an annual perquisite allowance of \$20,000 for the Executive Chairman and the President and Chief Executive Officer and \$15,000 for the other executive officers (other than the Lauders), (b) personal use of a company car (or cash in lieu of a company car), (c) financial counseling costs up to \$5,000 per year, and (d) spousal travel. On occasion, we will provide expense reimbursements relating to relocations. We believe these perquisites help to attract and retain executive officers and are more cost-effective to us than providing additional salary to the executive officers because the perquisite amounts are not included in calculating pension benefits.

Post-Termination Compensation

Retirement Plans. We provide retirement benefits to our employees in the United States, which cover the named executive officers, under the Estée Lauder Companies Retirement Growth Account

Table of Contents

Plan (the "RGA Plan"), the related Estée Lauder Inc. Benefits Restoration Plan (the "Restoration Plan"), and the Estée Lauder Companies 401(k) Savings Plan. Executive officers who have worked for our subsidiaries outside the United States may also be covered under plans covering such employees. As with other benefits, the retirement plans are intended to enable us to attract and retain employees. The plans provide employees, including the executive officers, with an opportunity to plan for future financial needs during retirement. For a more detailed discussion on the retirement plans, see "Pension Benefits."

In addition, certain executive officers, such as Mr. Freda, who joined us mid-career or who forfeited certain retirement benefits from their former employers to join us, have been provided with non-qualified supplemental pension arrangements.

Deferred Compensation. We currently allow executive officers to defer a portion of their base salary and annual bonus. Under the terms of their employment agreements and the EAIP, each of the Named Executive Officers may elect to defer all or part of his incentive bonus compensation, subject to the requirements of Section 409A of the Internal Revenue Code ("Section 409A"). The ability to defer is provided to participating executive officers as a way to assist them in saving for future financial needs with relatively little cost to us. The amounts deferred are a general obligation of ours and the cash that is not paid currently may be used by us for our general corporate purposes. For a more detailed discussion on deferred compensation, see the "Nonqualified Deferred Compensation in Fiscal 2012 and at June 30, 2012" table and the accompanying narrative below.

Potential Payments upon Termination of Employment. As discussed in more detail under "Potential Payments upon Termination of Employment or Change of Control" beginning on page 71, the Named Executive Officers' employment agreements provide for certain payments and other benefits in the event their employment is terminated under certain circumstances, such as disability, death, termination by us without cause, termination by us for material breach and non-renewals of their employment arrangement, or termination by the executive officer for "good reason" following a "change of control."

In view of the Lauder family's ownership of shares with over 86% of the voting power, they have the ability to determine whether our company will undergo a "change of control." In order to protect the interests of the executive officers and to keep them involved and motivated during any process that may result in a "change of control," certain of our outstanding equity compensation agreements contain provisions that accelerate vesting or may accelerate exercisability of equity-based awards upon a "change of control." However, under our employment agreements with our executive officers and in stock option and RSU Agreements for grants made in fiscal 2012, the executive officers will receive severance benefits (or acceleration of benefits) after a "change of control" only if we terminate the executive officer or the executive officer terminates his or her employment for "good reason."

We place great value on the long-term commitment that many executive officers have made to us. In addition to recognizing the service they have provided during their tenure, we attempt to motivate them to act in a manner that will provide longer-term benefits to us even as they approach retirement. In this regard, stock options, RSUs and PSUs granted to executive officers who are retirement-eligible contain provisions that allow the executive officers to continue to participate in the longer-term success of the business following retirement. For example, stock options become immediately exercisable upon retirement and are exercisable for the remainder of their ten-year terms. In addition, to the extent the performance is achieved, a retiree's PSUs will vest in accordance with the original vesting schedule.

The Amended and Restated Fiscal 2002 Share Incentive Plan provides for forfeiture of awards in the event that after termination of employment a participant (which includes individuals who are not executive officers) competes with or otherwise conducts herself or himself in a manner adversely affecting the Company.

Tax Compliance Policy

We are aware of the limitations on deductibility for income tax purposes of certain compensation in excess of \$1 million per year paid to our most highly compensated executive officers under Section 162(m). While significant portions of the compensation program as it applied to such persons in fiscal 2012 were generally designed to take advantage of exceptions to Section 162(m), such as the "performance-based" exception for annual bonuses, PSUs, MSUs and stock options, certain non-deductible compensation, such as the RSUs, was authorized.

Tax and Accounting Implications of Each Form of Compensation

Salary is expensed when earned. Amounts are tax deductible, except for certain annual payments over \$1 million to the President and Chief Executive Officer and the three highest paid executive officers other than the President and Chief Executive Officer (collectively, the "Covered Executives").

Annual bonuses under the EAIP are expensed during the year in which performance is being measured. Bonuses paid out under the EAIP are tax deductible.

Stock options are expensed at grant date fair value over the requisite service period. Outstanding options have been granted pursuant to stockholder-approved plans, and should therefore be deductible for tax purposes under Section 162(m). The deduction is taken by us in the tax year in which the option is exercised and the deductible amount per share is equal to the spread between the option exercise price and the price of the stock at the time of exercise.

PSUs are expensed at grant date fair value over the applicable performance period. Outstanding PSUs have been granted pursuant to a stockholder-approved plan, and should therefore be deductible for income tax purposes under Section 162(m). Tax deductions for PSUs are taken in the fiscal year in which the PSUs are paid out. The deductible amount equals the aggregate value of the shares and dividend equivalents paid on the day of payout.

RSUs are expensed at grant date fair value over the requisite service period. RSUs are tax deductible in the tax year when the shares are paid out except when payouts are made to a person who is a Covered Executive at the time of payout to the extent such Covered Executive's compensation exceeds the Section 162(m) limitations. Non-deductible RSUs were paid out in fiscal 2012. For RSUs that are deductible, the deductible amount equals the aggregate value of the shares and dividend equivalents paid on the day of payout, subject to the 162(m) limitations.

The MSU is expensed at grant date fair value over the applicable performance period. The MSU has been granted pursuant to a stockholder-approved plan, and should therefore be deductible for income tax purposes under Section 162(m). The deductible amount equals the aggregate value of the shares and dividend equivalents paid on the day of payout.

Executive Stock Ownership Guidelines

In fiscal 2012, we revised our stock ownership guidelines for executive officers to increase the amount of shares to be owned in order to further align their interests with those of our stockholders. Each executive officer in office prior to January 1, 2012, has three years to meet his or her target increase. Targets are tiered depending on an executive officer's position and are expressed as multiples of annual salary: 5 times (was 2.5) for the Executive Chairman and the President and Chief Executive Officer; 3 times (was 1.5) for Group Presidents, 3 times (was 1.0) for the Executive Vice President and Chief Financial Officer and 2.0 times (was 1.0) for other executive officers. A person who became, or who becomes, an executive officer after January 1, 2012 has five years to meet the targets. As of June 30, 2012, all executive officers owned shares (including RSUs) that exceed the guidelines applicable to them. Shares held directly by the executive officer or by his or her family members or in controlled entities and unvested RSUs are included in determining the value of the shares held.

Table of Contents

Policy on Avoidance of Insider Trading

Our executive officers, as well as members of our Board of Directors, and employees at senior levels and in sensitive areas throughout our organization, are subject to our policy on avoidance of insider trading. Under this policy, such people are prohibited from buying or selling shares of our stock during regular and special blackout periods. This also applies to the exercise of stock options and sale of the underlying shares. Moreover, prior to any trade, executive officers, directors and such employees must obtain preclearance from our Legal Department.

We do not restrict pledges of securities but require that pledges of securities be precleared by our Legal Department. While shares of our stock held in brokerage margin accounts can be considered to be "pledged," we do not consider margin accounts to be subject to our preclearance policy.

Recoupment Policy

Annual and long-term incentive compensation (whether in the form of stock options or paid or payable in cash or equity), RSUs, PSUs and MSUs awarded to executive officers are subject to an executive compensation Recoupment policy, also known as a "clawback." Under the policy, recoupment would apply in the event of an accounting restatement resulting from material noncompliance with financial reporting requirements under the applicable securities laws. Recoupment would apply to any current or former executive officer who received incentive compensation within the three-year period prior to the restatement and the amount to be recouped would be the amount in excess of what the executive officer would have been paid under the restatement.

Compensation Committee and Stock Plan Subcommittee Report

The Compensation Committee and the Stock Plan Subcommittee have reviewed and discussed with management the foregoing Compensation Discussion and Analysis in this Proxy Statement on Schedule 14A. Based on such review and discussions, the Compensation Committee and the Stock Plan Subcommittee have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended June 30, 2012.

(1)

Mr. Kunes was Executive Vice President and Chief Financial Officer until August 20, 2012. He is currently Executive Vice President, Senior Advisor to the President and Chief Executive Officer and expects to remain in that position until his retirement on June 30, 2013. On August 20, 2012, Tracey T. Travis became Executive Vice President and Chief Financial Officer.

(2)

Stock awards for Mr. Freda in each year reflect annual grants of RSUs and PSUs, as well as an additional grant of RSUs valued at \$4,000,000 that vested in thirds through July 1, 2012 that was made to him at the start of fiscal 2010, when he became President and Chief Executive Officer, and the grant of the MSU, valued at \$10,553,722 at the time of grant (as described below), that was made to him in connection with the renewal of his employment agreement on February 9, 2011. Each of these grants (as well as other RSUs and PSUs generally) will be earned by Mr. Freda over multiple fiscal years. See Note 3 below. If one were to allocate and view the amounts expensed for accounting purposes for the additional RSU and the MSU in the fiscal years expensed, then the amount of "Stock Awards" and "Total" compensation for Mr. Freda would be as follows:

Year	Stock Awards (\$)(a)	Total (\$)(a)
2012	\$7,023,969	\$17,132,575
2011	4,924,618	13,311,472
2010	5,131,971	12,816,486

(a)

The amount to be expensed for accounting purposes for the MSU in each of fiscal 2013 and 2014 is \$3,088,894.

(3)

Amounts represent the aggregate grant date fair value of RSUs, PSUs and the MSU granted in the respective fiscal year computed in accordance with Financial Accounting Standards Board Accounting Standard Codification Topic 718, Compensation Stock Compensation ("FASB ASC Topic 718"). Amounts shown relating to RSUs and PSUs disregard estimates of forfeitures related to service-based vesting conditions and were calculated based on the closing price of our Class A Common Stock on the NYSE on the date of grant (as adjusted for the two-for-one stock split that was effective January 20, 2012). The prices (similarly adjusted for the stock split) were \$16.75 on July 1, 2009, \$17.00 on September 2, 2009, \$16.84 on September 3, 2009, \$29.04 on September 1, 2010 and \$49.085 on September 1, 2011. For PSUs, the amount included was calculated based on the probable (e.g., likely) outcome with respect to satisfaction of the performance conditions at the date of grant, which is the target payout, consistent with the recognition criteria in FASB ASC Topic 718 (excluding the effect of estimated forfeitures). The maximum potential value of PSUs (assuming the grant date stock price) awarded at the date of grant for fiscal 2012, 2011 and 2010, respectively, were as follows: Mr. Lauder \$937,573, \$957,352, and \$750,006; Mr. Freda \$2,343,711, \$1,914,705 and \$1,500,012; Mr. Demsey \$1,329,565, \$1,260,634 and \$597,890; Mr. Prouvé \$1,255,643, \$1,164,819 and \$597,890; and Mr. Kunes \$1,145,644, \$1,101,832 and, \$531,488. The payout of PSUs could be as low as zero depending on performance over the relevant period and the value of any payout will depend on the stock price at the time of payout. For a description of the performance criteria applicable to the PSUs, see "Compensation Discussion and Analysis Elements of Compensation; Allocation Long-Term Equity-Based Compensation Performance Share Units." For Mr. Freda, the amount shown for fiscal 2011 also includes the grant date fair value of the MSU granted to him on February 9, 2011 of \$10,553,722. The grant date fair value was calculated using a lattice model with a Monte Carlo simulation with the following assumptions: contractual life of 41 months, a weighted-average expected volatility of 29%, a weighted-average risk-free interest rate of 1.6% and a weighted-average dividend yield of 1.0%. The expected stock price volatility assumption is a combination of both current and historical implied volatilities from options on the underlying stock at the time of grant. The implied volatilities were obtained from publicly available data sources. The expected life is equal to the contractual term of the grant. The average risk-free interest rate is based on the U.S. Treasury strip rates over the contractual term of the grant and the average dividend yield is based on historical experience. The payout of the MSU could be as low as zero depending upon stock price or performance during the applicable period in 2014 and the value of any payout will depend upon the stock price at the time of payout. See "Employment Agreements Fabrizio Freda."

(4)

Amounts represent aggregate grant date fair value of stock options granted in the respective fiscal year to the Named Executive Officers computed in accordance with FASB ASC Topic 718. Amounts shown disregard estimates of forfeitures related to service-based vesting conditions. The fair values of stock options granted were calculated using the Black-Scholes options pricing model based on the following assumptions:

Date of Grant	Expected Volatility	Expected Term to Exercise	Dividend Yield	Risk-Free Interest Rate
Sep. 1, 2011	34%	9	1.0%	2.0%
Sep. 1, 2010	30%	9	1.1%	2.4%
Sep. 2, 2009	30%	9	2.0%	3.3%

The expected volatility assumption is a combination of both current and historical implied volatilities of the underlying stock. The implied volatilities were obtained from publicly available data sources. See "Grants of Plan-Based Awards in Fiscal 2012" for information about option awards granted in fiscal 2012 and "Outstanding Equity Awards at June 30, 2012" for information

with respect to options outstanding at June 30, 2012. The actual value, if any, realized by an executive officer from any option will depend on the extent to which the market value of our Class A Common Stock exceeds the exercise price of the option on the date the option is exercised. Accordingly, there is no assurance that the value realized by an executive officer will be at or near the amounts set forth in the table. These amounts should not be used to predict stock performance.

(5)

The amounts represent incentive payments made in respect of each fiscal year under our EAIP. See "Grants of Plan-Based Awards in Fiscal 2012" for the potential payouts to which the executive was entitled depending on the outcome of the performance criteria. For a description of the performance criteria, see "Compensation Discussion and Analysis Elements of Compensation; Allocation Annual Incentive Bonuses."

(6)

The amounts represent the aggregate change in each fiscal year in the actuarial present value of each Named Executive Officer's accumulated pension benefits under the RGA Plan and the Restoration Plan, to the extent the Named Executive Officer participates. There was no above market portion of interest earned during fiscal 2012, 2011 and 2010 on the deferred compensation balances maintained for Messrs. Lauder and Kunes, who are the only Named Executive Officers with such balances. See "Nonqualified Deferred Compensation in Fiscal 2012 and at June 30, 2012" and the related discussion for a description of our deferred compensation arrangements applicable to executive officers. For Mr. Freda, the amount also represents a supplemental deferral intended to replicate pension benefits foregone at his former employer plus earnings on such deferral. See "Pension Benefits" below.

The perquisite allowance and financial counseling plans are administered on a calendar basis which accounts for the variation in amounts for a particular fiscal year.

In addition to the above, in fiscal 2005, we instituted a flight safety policy, which currently provides that our Chairman Emeritus, our Executive Chairman and our Chief Executive Officer should not fly together for any reason. One effect of the policy was to increase the costs of certain

Table of Contents

non-business trips for Mr. Lauder. In order to remedy this, we allowed Mr. Lauder to use Company- provided aircraft for non-business trips where it was necessary to comply with the flight safety policy at an incremental cost to us of \$67,888 in fiscal 2012. We also make available to our employees, including the Named Executive Officers, the ability to obtain a limited amount of our products for free or at a discount. The incremental cost of the free product program to us did not exceed \$1,000 in any fiscal year for any of the Named Executive Officers. The sales of product to employees at a discount are profitable for us.

Employment Agreements

The material terms of each Named Executive Officer's employment agreement are described below:

William P. Lauder. Under his employment agreement effective July 1, 2010, Mr. Lauder is an employee-at-will and he will continue as Executive Chairman until his retirement or other termination of his employment. The agreement provides that his base salary and bonus opportunities will be set by the Compensation Committee and that his equity grants are to be determined by the Stock Plan Subcommittee. In addition to benefits generally available to senior executives (e.g., annual perquisite reimbursement under our Executive Perquisite Plan up to \$20,000, financial counseling services up to \$5,000, and participation in our Executive Automobile Program with an automobile having an acquisition value of \$75,000), we provide Mr. Lauder additional executive life insurance with a face amount of \$5 million with annual premiums paid by us. Beginning in fiscal 2011, such insurance is provided through a term life insurance policy.

For fiscal 2013, Mr. Lauder's base salary is \$1.5 million and his aggregate target incentive bonus opportunities are \$3.0 million. In September 2012, he was granted equity-based compensation with an aggregate value of \$2,500,000, comprised of stock options in respect of 56,561 shares of Class A Common Stock with an exercise price of \$59.78 per share, RSUs in respect of 10,455 shares of Class A Common Stock and PSUs with a target payout of 10,455 shares of Class A Common Stock.

Fabrizio Freda. Under his employment agreement, effective July 1, 2011, Mr. Freda is an employee-at-will, and he will continue as President and Chief Executive Officer until his retirement or other termination of his employment. The agreement provides that his base salary and bonus opportunities will be set by the Compensation Committee and that his equity grants will be determined by the Stock Plan Subcommittee. For fiscal 2012, the Company agreed to recommend to the Stock Plan Subcommittee stock-based awards under the Amended and Restated Fiscal 2002 Share Incentive Plan with a value equivalent at the time of grant of no less than \$5 million with such value determined in accordance with procedures generally utilized by the Company for its financial reporting at the time of grant; provided, however, such grant would not exceed or be in respect of more than 1,000,000 shares of Class A Common Stock at target performance (provided that above-target performance payouts on performance-based awards are not subject to that limitation). In addition to benefits generally available to senior executives (e.g., annual perquisite reimbursement under our Executive Perquisite Plan of up to \$20,000, financial counseling services up to \$5,000, and participation in the Company's Executive Automobile Program with an automobile having an acquisition value of \$75,000), we provide Mr. Freda additional executive term life insurance with a face amount of \$10 million and travel for his spouse to accompany him on up to two business-related travel itineraries per fiscal year. In addition, Mr. Freda is entitled to an annual supplemental deferral computed by taking the difference between \$485,000 and the actual vested annual accruals and contributions made to the Company's qualified and non-qualified pension and qualified retirement savings plans on behalf of the Executive. Such deferrals are credited with interest annually at a rate per annum equal to the Citibank base rate but in no event more than 9%. Mr. Freda will also be reimbursed for relocation costs of his family from New York to Italy in the event of his termination.

Table of Contents

For fiscal 2013, Mr. Freda's base salary is \$1,750,000 and his aggregate target incentive bonus opportunities are \$3.25 million. In September 2012, he was granted equity-based compensation with an aggregate value of \$8,125,000, comprised of stock options in respect of 183,822 shares of Class A Common Stock with an exercise price of \$59.78 per share, RSUs in respect of 33,979 shares of Class A Common Stock and PSUs with a target payout of 33,979 shares of Class A Common Stock.

In connection with the renewal of his employment agreement in fiscal 2011, the Stock Plan Subcommittee granted to Mr. Freda the MSU payable in shares of the Company's Class A Common Stock. Such MSU will be paid out depending upon performance of the Class A Common Stock on the New York Stock Exchange during the 20 trading days ending June 30, 2014. If the average closing stock price per share of the Class A Common Stock during that period (the "Average Final Price") equals or exceeds \$75.00 per share, then Mr. Freda will receive 320,000 shares of Class A Common Stock. If the Average Final Price is less than \$75.00 per share and equal to or greater than \$18.75 per share, then Mr. Freda will receive that number of shares equal to 320,000 times the Average Final Price divided by \$75.00. Mr. Freda will receive no shares if the Average Final Price is less than \$18.75 per share. If Mr. Freda resigns or is terminated for cause prior to June 30, 2014, he will receive no shares. If Mr. Freda dies or becomes disabled prior to June 30, 2014 or is terminated without cause after February 9, 2012 and prior to June 30, 2014, then the number of shares to be paid out will be multiplied by a fraction, the numerator of which will be the number of completed months of service starting with July 2010 and the denominator of which shall be 48. The MSU will vest and be paid out upon a "Change in Control" (as defined in the agreement), with performance being determined by the consideration per share to be received by the holders of the Company's Class A Common Stock. Dividend equivalents will be paid out in cash in connection with the shares that are earned by Mr. Freda. Shares and cash paid out pursuant to the MSU are subject to applicable tax withholding requirements.

John Demsey. Under his employment agreement effective July 1, 2010, Mr. Demsey is an employee-at-will and he will continue as Group President until his retirement or other termination of his employment. The agreement provides for his base salary and bonus opportunities to be set by the Compensation Committee and that his equity grants will be determined by the Stock Plan Subcommittee. In addition to the benefits generally available to our senior executives (e.g., annual perquisite reimbursement under our Executive Perquisite Plan up to \$15,000, financial counseling services up to \$5,000, and participation in our Executive Automobile Program with an automobile having an acquisition value of \$50,000), we provide Mr. Demsey additional executive term life insurance with a face amount of \$5 million with annual premiums to be paid by us.

For fiscal 2013, Mr. Demsey's base salary is \$1.0 million and his aggregate target incentive bonus opportunities are \$2.5 million. In September 2012, he was granted equity-based compensation with an aggregate value of \$4,240,800, comprised of stock options in respect of 95,946 shares of Class A Common Stock with an exercise price of \$59.78 per share, RSUs in respect of 17,735 shares of Class A Common Stock and PSUs with a target payout of 17,735 shares of Class A Common Stock.

Cedric Prouvé. Under his employment agreement, effective July 1, 2011, Mr. Prouvé is an employee-at-will and he will continue as Group President International until his retirement or other termination of his employment. The agreement provides for his base salary and bonus opportunities to be set by the Compensation Committee and that his equity grants will be determined by the Stock Plan Subcommittee. In addition to the benefits generally available to our senior executives (e.g., annual perquisite reimbursement under our Executive Perquisite Plan up to \$15,000, financial counseling services up to \$5,000, and participation in our Executive Automobile Program with an automobile having an acquisition value of \$50,000), we provide Mr. Prouvé additional executive term life insurance with a face amount of \$5 million with annual premiums paid by us.

Table of Contents

For fiscal 2013, Mr. Prouvé's base salary is \$1.0 million and his aggregate target incentive bonus opportunities are \$2,170,000 million. In September 2012, he was granted equity-based compensation with an aggregate value of \$3,651,200, comprised of stock options in respect of 82,608 shares of Class A Common Stock with an exercise price of \$59.78 per share, RSUs in respect of 15,269 shares of Class A Common Stock and PSUs with a target payout of 15,269 shares of Class A Common Stock.

Richard W. Kunes. Under his employment agreement effective July 1, 2009, Mr. Kunes is an employee-at-will. Until August 20, 2012, he served as Executive Vice President and Chief Financial Officer. From such date, until his expected retirement on June 30, 2013, he is serving as Executive Vice President, Senior Advisor to the President and Chief Executive Officer. The agreement provides for his base salary and bonus opportunities to be set by the Compensation Committee and that his equity grants will be determined by the Stock Plan Subcommittee. In addition to the benefits generally available to our senior executives (e.g., annual perquisite reimbursement under our Executive Perquisite Plan up to \$15,000, financial counseling services up to \$5,000, and participation in our Executive Automobile Program with an automobile having an acquisition value of \$50,000), we provide Mr. Kunes additional executive term life insurance with a face amount of \$5 million with annual premiums to be paid by us.

For fiscal 2013, Mr. Kunes' base salary is \$870,000 and his aggregate target incentive bonus opportunities are \$752,000. In September 2012, he was granted equity-based compensation with an aggregate value of \$3,044,600, comprised of stock options in respect of 75,284 shares of Class A Common Stock with an exercise price of \$59.78 per share, RSUs in respect of 12,733 shares of Class A Common Stock and PSUs with a target payout of 12,733 shares of Class A Common Stock.

Tracey T. Travis. Under her employment agreement, effective August 20, 2012, Ms. Travis is an employee-at-will and will continue as Executive Vice President and Chief Financial Officer until her retirement or other termination of her employment. The agreement provides for a base salary and bonus opportunities to be set by the Compensation Committee and that her equity grants will be determined by the Stock Plan Subcommittee.

For fiscal 2013, her base salary is \$825,000 and her aggregate target incentive bonus opportunities are \$825,000. In order to induce Ms. Travis to join the Company and to compensate her for equity grants from her previous employer that were forfeited, she was granted equity based compensation with an aggregate value of \$2,300,000, comprised of stock options in respect of 52,037 shares of Class A Common Stock with an exercise price of \$59.78 per share and RSUs in respect of 19,237 shares of Class A Common Stock. In addition, for fiscal 2013, she was granted equity based compensation with an aggregate value of \$2,600,000, comprised of stock options in respect of 58,825 shares of Class A Common Stock with an exercise price of \$59.78 per share, RSUs in respect of 10,873 shares of Class A Common Stock and PSUs with a target payout of 10,873 shares of Class A Common Stock.

Each agreement described above provides that the executive may elect to defer all or part of his or her annual incentive bonus compensation in compliance with Section 409A. Each agreement also provides that benefits under the agreement may be modified by the Compensation Committee at any time other than in contemplation of a "Change of Control" (as defined in the agreement) or after a Change of Control. Any such modification shall not be effective until at least two years after such modification is approved by the Compensation Committee.

Each employment agreement also provides that the executive must abide by restrictive covenants relating to non-competition and non-solicitation during his employment and, under certain circumstances, for two years following termination of employment, and non-disclosure relating to our confidential information.

The provisions of the employment agreements relating to termination of employment and payments relating to termination are discussed in "Potential Payments upon Termination of Employment or Change of Control."

The amounts shown represent the possible aggregate payouts in respect of fiscal 2012 under the EAIP at the "threshold," "target" and "maximum" levels. Actual payouts for fiscal 2012 are disclosed in the Summary Compensation Table in the column "Non-Equity Incentive Plan Compensation." No future payout will be made under this award. Measurement of performance is subject to certain automatic adjustments, such as changes in accounting principles, the impact of discontinued operations and non-recurring income/expenses. For a discussion of the EAIP and the fiscal 2012 payouts, see "Compensation Discussion and Analysis Elements of Compensation; Allocation Annual Incentive Bonuses."

(2)

The amounts shown represent the number of shares of Class A Common Stock underlying threshold, target and maximum payout of PSUs granted under the Amended and Restated Fiscal 2002 Share Incentive Plan in fiscal 2012. Future payout of such PSUs is generally subject to the

Table of Contents

achievement by us of our net sales, Diluted EPS and ROIC cumulative annual growth rate goals for the three-year period ending June 30, 2014. These goals were set in September 2011. Payout generally assumes continued employment and is subject to acceleration upon the occurrence of certain events as described in "Potential Payments Upon Termination of Employment or Change of Control Effect of Termination on Outstanding Awards Under Equity Plans." For each executive officer, no payout will be made pursuant to the net sales, Diluted EPS, nor ROIC cumulative annual growth rate opportunities unless the threshold for such opportunity is achieved and additional shares shall be paid out if performance exceeds the targeted performance goals. Upon payout, shares will be withheld to cover minimum statutory tax obligations. PSUs are accompanied by dividend equivalent rights that will be payable in cash at the time of payout of the related shares. Measurement of performance is subject to certain automatic adjustments, such as changes in accounting principles, the impact of discontinued operations and non-recurring income/expenses. See "Compensation Discussion and Analysis Elements of Compensation Long-Term Equity-Based Compensation Performance Share Units."

- (3) The amounts shown represent the number of shares of Class A Common Stock subject to RSUs granted under the Amended and Restated Fiscal 2002 Share Incentive Plan in fiscal 2012. RSUs granted on September 1, 2011 generally vest ratably in thirds on October 31, 2012, October 31, 2013 and October 31, 2014. Vesting of RSUs is subject to continued employment and subject to acceleration upon the occurrence of certain events as described in "Potential Payments Upon Termination of Employment or Change of Control Effect of Termination on Outstanding Awards Under Equity Plans." RSUs are subject to restrictions on transfer and forfeiture prior to vesting. Upon payout, shares will be withheld to cover minimum statutory tax obligations. RSUs are accompanied by dividend equivalent rights that will be payable in cash at the time of payout. See "Compensation Discussion and Analysis Elements of Compensation Long-Term Equity-Based Compensation Restricted Stock Units."
- (4) The amounts shown represent the number of shares of Class A Common Stock underlying stock options granted under the Amended and Restated Fiscal 2002 Share Incentive Plan in fiscal 2012. The exercise price of the stock options is equal to the closing price of our Class A Common Stock on the date of grant (and under our plan, the exercise price cannot be lower than such closing price). The stock options (i) become exercisable or vest in thirds beginning with the January 1 following the first anniversary of the date of grant and the next two January 1 thereafter, assuming continued employment and subject to acceleration upon the occurrence of certain events as described in "Potential Payments Upon Termination of Employment or Change of Control Effect of Termination on Outstanding Awards Under Equity Plans" and (ii) expire 10 years from the grant date. Stock options do not have dividend equivalent rights or any voting rights with respect to the shares of Class A common stock underlying the options. See "Compensation Discussion and Analysis Elements of Compensation Long-Term Equity-Based Compensation Stock Options."
- (5) The amount shown is the total FASB ASC Topic 718 value of the award on the date of grant and were calculated using assumptions previously described in footnotes (2) and (3) of the Summary Compensation Table. The grant date fair value of PSU awards was calculated assuming the target payout.

Outstanding Equity Awards at June 30, 2012

The following table sets forth information with respect to stock options, RSUs, PSUs and the MSU outstanding on June 30, 2012 under our plans existing at the time of grant for each Named Executive Officer. In the section of the table relating to "Stock Awards" the first, second and third rows set forth RSUs and PSUs granted to the Named Executive Officers (other than Mr. Freda) in September 2009, 2010 and 2011, respectively. For Mr. Freda, the first row represents the RSU grant made to him in July 2009. RSU and PSU grants made to him in September 2009, 2010 and 2011 are reflected in the second, third and fifth rows. The MSU granted to him in February 2011, is reflected on the fourth row. Share amounts, option exercise prices and related information in the table and accompanying notes have been adjusted to reflect the two-for-one stock split of the Class A Common Stock effective January 20, 2012.

Each of the stock options set forth in the table was granted ten years prior to the expiration date. Stock options (i) become exercisable or vest in thirds beginning with the January 1 following the first anniversary of the date of grant and the next two January 1 thereafter, assuming continued employment and subject to acceleration upon the occurrence of certain events as described in

- (2) RSUs granted to Mr. Freda on July 1, 2009 generally vest ratably in thirds on July 1, 2010, 2011 and 2012. RSUs granted on September 2, 2009 generally vest ratably in thirds on November 1, 2010, October 31, 2011, and October 31, 2012. RSUs granted on September 1, 2010 generally vest ratably in thirds on October 31, 2011, October 31, 2012, and October 31, 2013. RSUs granted on September 1, 2011 generally vest ratably in thirds on October 31, 2012, October 31, 2013 and October 31, 2014. Vesting of RSUs assumes continued employment and subject to acceleration upon the occurrence of certain events as described in "Potential Payments Upon Termination of Employment or Change of Control-Effect of Termination on Outstanding Awards Under Equity Plans." As of June 30, 2012, the Named Executive Officers had earned dividend equivalents on outstanding unvested RSUs with dollar values as follows: Mr. W. Lauder, \$35,030; Mr. Freda, \$163,021; Mr. Demsey, \$38,179; Mr. Prouvé, 35,464; and Mr. Kunes, \$31,724.
- (3) The amounts represent the sum of (a) the product of (i) \$54.12 (which was the closing price of the Class A Common Stock on June 29, 2012, the last trading day of fiscal 2012) and (ii) the number of shares of Class A Common Stock underlying the RSUs and (b) the dividend equivalents.
- (4) The amount of shares represents the maximum level of payout of shares of Class A Common Stock underlying the outstanding PSUs granted in September 2009 (the "fiscal 2010 PSUs"), September 2010 (the "fiscal 2011 PSUs") and September 2011 (the "fiscal 2012 PSUs"). Payouts under the fiscal 2010 PSUs were made in September 2012 at levels reflecting achievement at maximum for all goals. The shares of Class A Common Stock paid out to the Named Executive Officers were as follows: Mr. W. Lauder, 44,118; Mr. Freda, 88,236; Mr. Demsey, 35,169; Mr. Prouvé, 35,169; and Mr. Kunes, 31,263. Each also received a cash payment reflecting dividend equivalents on such shares as follows: Mr. W. Lauder, \$51,839; Mr. Freda, \$103,677; Mr. Demsey, \$41,324; Mr. Prouvé, \$41,324; and Mr. Kunes, \$36,734. Payouts, if any, under the fiscal 2011 PSUs will be made in early fiscal 2014, assuming the performance criteria are achieved. Payouts, if any, under the fiscal 2012 PSUs will be made in early fiscal 2015, assuming the performance criteria are achieved. As of June 30, 2012, the Named Executive Officers had dividend equivalents on outstanding fiscal 2011 PSUs and fiscal 2012 PSUs at the maximum payout level with dollar values as follows: Mr. W. Lauder, \$39,082; Mr. Freda, \$83,177; Mr. Demsey, \$52,480; Mr. Prouvé, \$48,781; and Mr. Kunes, \$45,693. The number of shares for Mr. Freda underlying the MSU is the number of shares that would be paid out if the Average Final Price in June 2014 was \$54.12 (the closing price of the Class A Common Stock on June 30, 2012), and based on such number of shares, the dividend equivalents on his outstanding MSU would amount to \$121,229.
- (5) The amounts represent the sum of (a) the product of (i) \$54.12 (which was the closing price of the Class A Common Stock on June 29, 2012, the last trading day of fiscal 2012) and (ii) the number of shares of Class A Common Stock underlying the PSUs or that would be paid out under the MSU if \$54.12 was the average final price under the MSU and (b) dividend equivalents in respect of such PSUs and the MSU. The PSU amounts are at maximum payout level for each grant. The MSU amount reflects the number of shares of Class A Common Stock that would be paid out if \$54.12 was the average final price under the MSU.

Table of Contents**Option Exercises and Stock Vested in Fiscal 2012**

The following table sets forth as to each Named Executive Officer information on exercises of stock options and vesting of RSUs and PSUs during fiscal 2012, including: (i) the number of shares of Class A Common Stock underlying options exercised in fiscal 2012; (ii) the aggregate dollar value realized upon exercise of such options; (iii) the number of shares of Class A Common Stock received from the vesting of RSUs during fiscal 2012 and payout of PSUs on September 1, 2011; and (iv) the aggregate dollar value realized upon the vesting of RSUs during fiscal 2012 and payout of PSUs on September 1, 2011. Share amounts and option exercise prices in the table and accompanying notes have been adjusted to reflect the two-for-one stock split of the Class A Common Stock effective January 20, 2012.

Pension Benefits

We provide retirement benefits to our employees in the United States, including the Named Executive Officers, through qualified and non-qualified defined benefit pension plans. These plans include The Estée Lauder Companies Retirement Growth Account Plan ("RGA Plan") and the Estée Lauder Inc. Benefits Restoration Plan (the "Restoration Plan"), respectively. The non-qualified Restoration Plan provides for pension benefit payments which employees would have received under the RGA Plan if eligible compensation (including deferred salary and bonuses, where the RGA Plan allows) had not been subject to certain compensation limits as dictated by tax laws under ERISA that apply to qualified retirement plans.

Retirement benefits under the plans are the aggregate amount of annual credits (defined as 3, 4 or 5% of total annual compensation, including bonus, with certain items excluded) plus annual interest credits thereon, based on a government index, of not less than 4%. The aggregate amount is payable as a one-time lump sum under both plans or converted to monthly lifetime payments under the RGA Plan.

Executive officers who have worked for our subsidiaries outside the United States may also be covered under Company-sponsored pension plans covering such employees. None of the Named Executive Officers are covered under such plans.

We do not have any policies with respect to granting additional years of credited service except as provided in certain termination provisions as reflected in executive officer employment agreements. Benefits attributable to the additional years of credited service are payable by us pursuant to the terms of applicable employment agreements and are not payable under either the RGA Plan or the Restoration Plan.

In connection with his agreement to join the Company in November 2007 and continued in his current agreement, Mr. Freda is entitled to an annual supplemental deferral computed by taking the difference between \$485,000 and the actual vested annual accruals and contributions made to the Company's qualified and non-qualified pension and qualified retirement savings plans on his behalf. Such deferrals are credited with interest as of each June 30 during the term of deferral, compounded annually, at an annual rate equal to the annual rate of interest announced by Citibank N.A. in New York, New York as its base rate in effect on such June 30, but in no event more than 9%.

Set forth in the table below is each Named Executive Officer's years of credited service and the present value of his accumulated benefit under each of the pension plans and executive employment agreements pursuant to which he would be entitled to a retirement benefit, in each case, computed as

(1) Service shown is allocation service as of June 30, 2012 and is used to determine the level of annual credits for calendar 2012.

The present values of accumulated benefits reflected in the table above were calculated based on the assumption that the benefits under the pension plans would be payable at the earliest retirement age at which unreduced benefits are payable (age 65). The present values for the RGA Plan also reflect the assumption that 80% of benefits are payable as a one-time lump sum and 20% are payable as lifetime monthly payments. Amounts calculated under the pension formula based on compensation that exceeds IRS limits will be paid under the Restoration Plan and are included in the present values shown in the table above. The present values for the Restoration Plan also reflect the assumption that 100% of the benefits are payable as a one-time lump sum. The present value of accumulated benefits under the RGA and Restoration Plans was calculated using a 3.9% pre-retirement discount rate and RP 2000 mortality table (projected to 2018) for annuities and a 5% discount rate and GAR 1994 mortality table for lump sums, consistent with the assumptions used in the calculation of our benefit obligations as of June 30, 2012, as disclosed in Note 13 to our audited consolidated financial statements included in the Annual Report on Form 10-K for the fiscal year ended June 30, 2012.

- (1) Pursuant to their employment agreements, deferred compensation accounts of the Named Executive Officers who are either required or elect to defer compensation are credited with interest as of each June 30 during the term of deferral, compounded annually, at an annual rate equal to the annual rate of interest announced by Citibank N.A. in New York, New York as its base rate in effect on such June 30, but in no event more than 9%. As of June 30, 2012, the interest rate used for crediting purposes was 3.25% as compared with 120% of the applicable federal rate of 4.87%. As such, there was no interest credited in excess of 120% of the applicable federal rate reflected in the "Aggregate Earnings in Last FY" column above or were reported in the "Summary Compensation Table Change in Pension Value and Nonqualified Deferred Compensation Earnings."
- (2) The "Aggregate Balance at Last FYE" column above includes (i) for Mr. Lauder, salary deferrals from fiscal 2003 through fiscal 2011 as reported in the Summary Compensation Table contained in prior proxy statements in the amount of \$3,894,000 and interest thereon of \$1,006,111 and the deferral of 50% of his fiscal 2003 bonus as reported in the Summary Compensation Tables contained in prior proxy statements in the amount of \$763,500 and interest thereon of \$415,420 and (ii) for Mr. Kunes, the deferral of 100% of his fiscal 2000 through fiscal 2010 bonuses as reported in the Summary Compensation Tables contained in prior proxy statements in the amount of \$5,096,350 and interest thereon of \$1,577,145.

Potential Payments upon Termination of Employment or Change of Control

Events of Termination under the Employment Agreements

We have entered into employment agreements with each of our Named Executive Officers. See "Employment Agreements" above. These agreements provide for certain payments and other benefits if a Named Executive Officer's employment is terminated under circumstances specified in his respective employment agreement, including after a "change of control" of our Company (as defined below). The descriptions below of the termination provisions of the employment agreements are based on the employment agreements as in effect on June 30, 2012.

Termination of Employment Upon Permanent Disability. We may terminate a Named Executive Officer's employment at any time by reason of a "permanent disability" (as defined below), in which event the executive will be entitled to receive:

any accrued but unpaid salary and other amounts to which he is otherwise entitled prior to the date of termination;

bonus compensation earned but not paid that relates to any Contract Year (as defined below) ended prior to the date of termination;

unpaid bonus compensation otherwise payable for the Contract Year in which such disability occurred pro-rated to the date of termination;

his base salary in effect at the time of termination (less disability payments) for a period of one year from the date of termination (the "Disability Continuation Period"); and

reimbursement for financial counseling services in the amount of \$5,000 for a period of one year from the date of termination.

In addition, the executive will be entitled to continue to participate, to the extent permitted by applicable law and the applicable plan, in our health care, life insurance and accidental death and dismemberment insurance benefit plans during the Disability Continuation Period (disregarding any required delay in payments pursuant to Section 409A of the Internal Revenue Code ("Section 409A")). Since continued participation in the 401(k) Savings Plan and the RGA Plan is not permitted under law during the Disability Continuation Period, the executive will be entitled to receive cash payments equivalent in value to his continued participation in all qualified and non-qualified pension plans and the maximum matching contribution allowable under the 401(k) Savings Plan (the "Pension Replacement Payment") during the Disability Continuation Period. See "Effect of Certain Tax Regulations on Payments" below.

For purposes of the employment agreements, "Contract Year" means the 12 month period beginning July 1 during the term of the employment agreement. "Permanent Disability" means a disability as defined under our applicable insurance policy, or, in the absence of an applicable policy, a physical or mental disability or incapacity that prevents the executive from discharging his responsibilities under his employment agreement for a period of six consecutive months or an aggregate of six months out of any twelve-month period.

Termination of Employment Upon Death. In the event of the executive officer's death during the term of his employment, his beneficiary or legal representative will be entitled to receive:

any accrued but unpaid salary and other amounts to which the executive otherwise was entitled prior to the date of his death;

bonus compensation earned but not paid that relates to any Contract Year ended prior to his death;

Table of Contents

unpaid bonus compensation otherwise payable for the Contract Year in which his death occurred pro-rated to the date of his death;

reimbursement for financial counseling services in the amount of \$5,000 for a period of one year from the date of his death; and

his base salary in effect at the time of his death for a period of one year from the date of his death.

Termination of Employment Other than for Cause, Death or Disability; Termination for Material Breach. We may terminate the executive's employment for any reason (other than for "cause" as defined in the employment agreement) upon 90 days' prior written notice. In the event of our termination of the executive's employment (other than for cause, disability or death) or a termination by the executive for an uncured "material breach" (as defined below), the executive will be entitled to:

any accrued but unpaid salary and other amounts to which he is otherwise entitled prior to the date of termination;

bonus compensation earned but not paid that relates to any Contract Year ended prior to the date of termination;

unpaid bonus compensation otherwise payable for the Contract Year in which termination occurred pro-rated to the date of termination;

his base salary in effect at the time of termination for a period ending on a date two years from the date of termination;

bonus compensation equal to 50% of the average of incentive compensation bonuses previously paid or payable to the executive under the EAIP during the past two completed fiscal years;

reimbursement for financial counseling services in the amount of \$10,000 for a period of two years from the date of termination; and

participation, for a period ending on a date two years from the date of termination, to the extent permitted by applicable law, in our benefit plans and receipt of cash payments equivalent in value to his Pension Replacement Payment during such period.

For purposes of the agreements, "material breach" is a material reduction in the executive's authority, functions, duties or responsibilities, a material reduction in the executive's target compensation (unless such reduction is similar to other officers and/or employees generally), or our failure to pay any award to which the executive is entitled under his employment agreement.

Termination of Employment Following a Change of Control. In the event the executive terminates his employment for "good reason" (as defined below) within 2 years of a "change of control" of our Company (as defined below), he is entitled to receive payments and benefits as if his employment were terminated by us without cause. In the event of a termination by us, or by the executive for good reason, after a change of control, the executive will also be entitled to reimbursement for outside legal counsel up to \$20,000.

For purposes of the agreements, "good reason" means that the executive is assigned duties that are materially inconsistent with his position, his position is materially diminished, we breach the compensation arrangements of the employment agreement (and fail to timely cure the breach), the executive is required to relocate to any location more than 50 miles from the location at which he performed his services prior to the change of control or we fail to have any successor company assume the executive's employment agreement.

Table of Contents

For purposes of the employment agreements, a "change of control" is deemed to have occurred upon any of the following events:

during any period of two consecutive years, the individuals who at the beginning of such period constituted our board of directors or any individuals who would be "continuing directors" (as defined below) cease for any reason to constitute a majority of the board of directors;

our Class A Common Stock ceases to be publicly traded;

our board of directors approves any merger, exchange, consolidation, or similar business combination or reorganization, the consummation of which would result in the occurrence of an event described in the bullet points above, and such transaction is consummated;

our board of directors approves a sale of all or substantially all of our assets, and such transaction is consummated; or

a change of control of a nature that would be required to be reported under the SEC's proxy rules.

However, changes in the relative beneficial ownership among members of the Lauder family and family-controlled entities would not, by themselves, constitute a change of control, and any spin-off of one of our divisions or subsidiaries to our stockholders would not constitute a change of control.

"Continuing directors" mean the directors in office on the effective date of the executive officer's employment agreement and any successor to those directors and any additional director who was nominated or selected by a majority of the continuing directors in office at the time of his or her nomination or selection.

Termination for Cause. In the case of termination by us for "cause" (as defined below), the executive will be entitled to receive his accrued but unpaid salary and any benefit under our employee benefit programs and plans as determined under such programs and plans upon and as of such termination.

For purpose of the agreements, "cause" means that the executive has engaged in any of a list of specified activities, including his material breach of, or willful refusal to perform his duties under the agreements (other than because of disability or death), his failure to follow a lawful directive of the Chief Executive Officer (or Executive Chairman) or the Board of Directors that is within the scope of his duties, willful misconduct unrelated to us that could reasonably be anticipated to have a material adverse effect on us, gross negligence that could reasonably be anticipated to have a material adverse effect on us, violation of our Code of Conduct, drug or alcohol abuse that materially affects his performance or conviction of, entry of a guilty plea or no contest for, a felony.

Voluntary Termination. The executive may terminate his employment for any reason at any time upon 90 days' prior written notice, in which event we will have no further obligations after termination other than to pay the executive's accrued but unpaid salary, bonus compensation, if any, earned but not paid that relates to any Contract Year ended prior to the date of termination, and benefits under our employee benefit plans and programs as determined by such plans and programs upon and as of such termination.

Condition Precedent to Receipt of Payments upon Termination

The employment agreements require, as a precondition to the receipt of the payments described above, that the Named Executive Officer execute a general release of claims against us and our subsidiaries and affiliates. The release does not apply to rights that the executive may otherwise have to any payment of benefit provided for in his employment agreement or any vested benefit the executive

Table of Contents

may have in any of our benefit plans. The agreements also include provisions relating to nondisclosure of our confidential information and non-competition with us.

Modification of Severance Payments and Benefits

The employment agreements provide that changes to severance payments and benefits may be made by the Compensation Committee (or the Stock Plan Subcommittee for changes related to matters under its authority), except at such time the Company is contemplating one or more transactions that will result in a Change of Control or after a Change of Control. Moreover, any changes made to severance payments or benefits without the consent of the executive will not be effective until two years after such change is approved by the Compensation Committee or Stock Plan Subcommittee.

Effect of Certain Tax Regulations on Payments

Effect of Excise Tax on Parachute Payments. Under the employment agreements of the Named Executive Officers, if any amount or benefit paid under their respective agreements, taken together with any amounts or benefits otherwise paid to the executive by us or any of our affiliated companies, are parachute payments subject to excise tax under Section 4999 of the Internal Revenue Code, the amounts paid to the executive will be reduced (but not below zero) to the extent necessary to eliminate the excise tax.

The Compensation Committee has authorized us to amend the agreements with the Named Executive Officers to provide that an executive may elect to pay the excise tax on such payments rather than be subject to the reduction mentioned above if this results in higher net after tax payments. To date, such amendments have not yet been made and we do not expect that the change in this provision will have an impact on any of our Named Executive Officers. Such a provision has been included in the employment agreement with Tracey Travis.

Effect of Section 409A on Timing of Payments. Under the employment agreements, any amounts that are not exempt from Section 409A will be subject to the required six-month delay in payment after termination of service provided that the executive is a "specified employee" for purposes of Section 409A at the time of termination of service. Amounts that otherwise would have been paid during this six-month delay will be paid in a lump sum on the first day after such period expires.

Effect of Termination on Outstanding Awards under Equity Plans

Under our Amended and Restated Fiscal 2002 Share Incentive Plan, executives may be awarded stock options, stock appreciation rights, stock awards, RSUs, PSUs or MSUs.

The exercise of stock options or stock appreciation rights after termination of employment and the payment of RSUs, PSUs or the MSU are subject to the executive neither competing with, nor taking employment nor rendering service to one of our competitors without our written consent nor conducting himself in a manner adversely affecting us.

Permanent Disability. Upon the executive's total and permanent disability (as determined under our long-term disability program), stock options that are not yet exercisable become immediately exercisable and may be exercised until the earlier of one year after the last day of salary continuation or the expiration of the option term. RSUs will vest pro rata for the number of full months the executive was employed or receiving salary continuation payments during the applicable vesting period and will be paid in accordance with the award's vesting schedule. The MSU will vest pro rata for the number of full months the executive served prior to termination and the "Average Final Price" will be determined for the 20 trading days ending on such termination. The executive will be entitled to a pro rata payment of PSUs for the number of full months the executive was employed or receiving salary continuation payments during the award period, with the payment to be made at the same time

Table of Contents

payments for the award period are paid to active executives. If the executive officer is retirement eligible, the provisions relating to termination upon retirement will apply in lieu of the provisions relating to "permanent disability."

Termination of Employment Upon Death. Upon the executive's death, stock options that are not yet exercisable become immediately exercisable and may be exercised until the earlier of one year after death or the expiration of the option term. For stock options granted before 2007, the ability to exercise one year after death is not limited by the option term. RSUs will vest pro rata for the number of full months the executive was employed or was receiving salary continuation payments during the applicable period. The MSU will vest pro rata for the number of full months the executive served prior to death and the "Average Final Price" will be determined for the 20 trading days ending on such date of death. The executive officer will also be entitled to a pro rata payment of PSUs for the number of full months the executive was employed or receiving salary continuation payments during the award period. RSUs and PSUs will be paid as soon as practicable after the executive's death. If the executive officer is retirement eligible, the provisions relating to termination upon retirement will apply in lieu of the provisions relating to death.

Termination of Employment Upon Retirement. Upon formal retirement under the terms of our RGA Plan, stock options that are not yet exercisable become immediately exercisable and may be exercised until the end of the option term. RSUs will continue to vest and be paid in accordance with the vesting schedule. The MSU will be forfeited. The executive officer will be entitled to payment of PSUs as if he had been employed throughout the entire award period, with payment to be made at the same time such awards are paid to active executives.

Termination of Employment by Us Other than for Cause, Death or Disability. Upon termination of employment without "cause" (as defined in the Amended and Restated Fiscal 2002 Share Incentive Plan) by us, stock options that are not yet exercisable become immediately exercisable and may be exercised until the earlier of 90 days after the last day of salary continuation or the end of the option term. RSUs will vest pro rata for the number of full months receiving salary continuation payments during the vesting period of the award and be paid in accordance with the vesting schedule. The MSU will be forfeited if such termination occurs before the end of the first year of the award period. However, if termination occurs after the end of the first year of the award period, the executive will be entitled to a pro rata payout for the number of full months the executive served prior to termination and the "Average Final Price" will be determined for the 20 days ending on such termination. PSUs are forfeited if such termination occurs before the end of the first year of the award period. However, if termination occurs after the end of the first year of the award period, the executive will be entitled to a pro rata payout for the number of full months the executive was receiving salary continuation payments during the award period, with the payment to be made at the same time such awards are paid to active executives. If the executive officer is retirement eligible, the provisions relating to termination upon retirement will apply in lieu of the provisions described in this paragraph.

Voluntary Termination; Termination of Employment for Cause. Upon termination of employment by the executive without cause, stock options that are exercisable may be exercised until the earlier of 90 days after termination or the end of the option term. Stock options not yet exercisable as of the termination date are forfeited. Upon termination of employment by the executive (other than retirement) or termination of employment for cause during the applicable employment period, RSUs, PSUs and the MSU are forfeited.

Effect of Change in Control. Upon a "change in control" (as defined in the Amended and Restated Fiscal 2002 Share Incentive Plan), the Stock Plan Subcommittee administering the Plan may accelerate the exercisability or vesting of stock options granted prior to fiscal 2011. Each RSU will vest and become payable in shares as soon as practicable, but not later than two weeks after the change of control. Each PSU will become payable in shares equal to the target award amount as soon as

Table of Contents

practicable but not later than two weeks after the change of control. If the executive officer is retirement eligible, the provisions relating to termination upon retirement will apply in lieu of the provisions described in this paragraph. Beginning in fiscal 2011, if stock options are assumed by an acquirer then exercisability will be accelerated after a change in control if the executive is terminated without "cause" or the executive terminates for "good reason." Similarly, if RSUs are assumed by the acquirer, vesting will be accelerated after a change in control if the executive is terminated without "cause" or the executive terminates for "good reason." PSUs granted in fiscal 2011 and fiscal 2012 will become payable after a change in control in shares equal to the greater of the target award or what the payout would be based on performance as if the performance period ended on the date of the change in control. The MSU granted in fiscal 2011 will vest and become payable in shares as soon as practicable but no later than two weeks after a change of control.

Effect of Employment Agreements on Equity Awards. Under the employment agreements, if the executive's employment with us is terminated as a result of death or disability or by us without cause and the executive is not eligible for retirement under the terms of our qualified defined benefit pension plan, all stock options previously granted to the executive will vest and become immediately exercisable until the earlier of one year after such termination or the end of the option term, subject to the non-competition and good conduct provisions of the executive's employment agreement. All RSUs and PSUs granted to the executive shall continue to vest through the last date that base salary continuation payments, if any, are made.

Effect of Section 409A on Equity Awards. Payment of amounts subject to Section 409A is permitted only upon certain defined events including a change of control that satisfies the definition under Section 409A and related regulations. In September 2007, we amended the definition of "change of control" in the Amended and Restated Fiscal 2002 Share Incentive Plan to comply with Section 409A. In addition, if any payment under any equity award is subject to Section 409A, the required six-month delay after termination of service will apply to that payment.

Potential Payments in the Event of Termination at the End of Our Last Fiscal Year

The following tables describe potential payments and other benefits that would have been received by each Named Executive Officer or his estate under his employment agreement if employment had been terminated, under various circumstances, on June 30, 2012, the last business or trading day of our most recent fiscal year.

The following assumptions and general principles apply with respect to the following tables:

The tables reflect estimates of amounts that would be paid to the Named Executive Officer upon the occurrence of a termination. The actual amounts to be paid to a Named Executive Officer can only be determined at the time of the actual termination.

A Named Executive Officer is entitled to receive amounts earned during his term of employment regardless of the manner in which the Named Executive Officer's employment is terminated. These amounts include accrued but unpaid salary and bonus compensation earned but not paid that relate to any Contract Year ended prior to his termination, and in all circumstances but termination for cause, unpaid bonus compensation otherwise payable for the Contract Year in which termination occurred pro-rated to the date of termination. These amounts are not shown in the tables.

The amounts of equity-based awards reflect unvested awards as of the date of the termination event or change of control for which vesting continues post termination or change of control or is accelerated as a result of the event. All such awards held by the Named Executive Officers at June 30, 2012 that would have become vested and/or exercisable upon a terminating event are shown at a value using the closing stock price on June 29, 2012 of \$54.62. The value of PSUs

Table of Contents

was computed at target in the event of death and at maximum in the event of all other applicable termination events.

A Named Executive Officer will be entitled to receive all amounts accrued and vested under our 401(k) Savings Plan, the RGA Plan, the Restoration Plan and any other pension plans and deferred compensation plans in which the Named Executive Officer participates. These amounts will be determined and paid in accordance with the applicable plans and are not included in the tables because they are not termination payments.

The change in control provisions for stock options and RSUs made under the Amended and Restated Fiscal 2002 Share Incentive Plan prior to fiscal 2011 and the PSUs and the MSU provide for "single trigger" payment events (i.e. payment is triggered as a result of the change of control itself, regardless of the executive's continued employment). Based upon the unvested stock options, PSUs, RSUs and MSU with a "single trigger" held by each of the Named Executive Officers as of June 30, 2012, if a change of control had occurred on that date, the Named Executive Officers would have been entitled to the following amounts: Mr. Lauder, \$5,175,483; Mr. Freda, \$27,370,745; Mr. Demsey, \$4,047,256; Mr. Prouvé, \$4,047,256; and Mr. Kunes, \$3,813,660. Beginning in fiscal 2011, the change in control provisions for stock options and RSUs made under the Amended and Restated Fiscal 2002 Share Incentive Plan provide for "double trigger" payment events (i.e. payment is triggered as a result of a change of control and the executive's discontinued employment). Based upon the unvested stock options and RSUs with a "double trigger" held by each of the Named Executive Officers as of June 30, 2012, if a change of control had occurred on that date, the Named Executive Officers would have been entitled to the following amounts: Mr. Lauder, \$7,125,514; Mr. Freda, \$14,882,098; Mr. Demsey, \$9,318,606; Mr. Prouvé, \$8,597,006; and Mr. Kunes, \$7,934,960.

**ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION
(Item 2)**

As we discussed in the Compensation Discussion and Analysis which begins on page 42, the Board believes that the Company's compensation program for executive officers is designed to attract and retain high quality people and to motivate them to achieve both our long-term and short-term goals. Our overall goals are to continue sustainable growth of net sales and profitability on an annual and long-term basis.

As required by Section 14A of the Securities Exchange Act of 1934, this proposal, commonly referred to as the "say-on-pay" resolution, seeks a stockholder advisory vote on the compensation of our Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K through the following resolution:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation paid to the Company's named executive officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, compensation tables and narratives."

Because this is an advisory vote, it will not be binding upon the Board. However, the Compensation Committee and Stock Plan Subcommittee will take into account the outcome of the vote when considering future executive compensation arrangements. The Company currently intends to hold an advisory vote to approve executive compensation annually, consistent with the advisory vote of the stockholders at the Company's 2011 Annual Meeting of Stockholders.

The Board recommends a vote FOR the proposed resolution. Proxies received by the Board will be so voted unless a contrary choice is specified in the proxy.

**APPROVAL OF AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO INCREASE THE
NUMBER OF AUTHORIZED COMMON SHARES
(Item 3)**

On November 3, 2011, the Board of Directors authorized a two-for-one stock split of the Class A and Class B Common Stock. The split was effected on January 20, 2012 in the form of a stock dividend to stockholders of record at the close of business on January 4, 2012. The Company had sufficient authorized shares of Class A and Class B Common Stock to effect the stock split. The Board of Directors proposes that stockholders authorize the amendment of the Company's Certificate of Incorporation to increase the number of authorized shares of Class A and Class B Common Stock as follows:

	Currently Authorized (#)	Authorized After Amendment (#)
Class A Common Stock	650,000,000	1,300,000,000
Class B Common Stock	240,000,000	304,000,000

The proposed amendment to the Certificate of Incorporation will be effected by deleting Section 4.1 thereof in its entirety and inserting the following in lieu thereof:

"4.1. Authorized Capital Stock. The total number of shares of stock that the Corporation shall have authority to issue is one billion six hundred twenty four million (1,624,000,000) shares consisting of (a) one billion three hundred million (1,300,000,000) shares of Class A Common Stock, par value \$.01 per share (the "Class A Common Stock"); (b) three hundred four million (304,000,000) shares of Class B Common Stock, par value \$.01 per share (the "Class B Common Stock"); and (c) twenty million (20,000,000) shares of preferred stock, par value \$.01 per share (the "Preferred Stock"), issuable in one or more series as hereinafter provided. The Class A Common Stock and Class B Common Stock shall hereinafter collectively be called "Common Stock," and the Preferred Stock shall

Table of Contents

also be referred to herein as "Preference Stock." The number of authorized shares of any class or classes of capital stock of the Corporation may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the voting power of the stock of the Corporation entitled to vote generally in the election of directors irrespective of the provisions of Section 242(b)(2) of the DGCL or any corresponding provision hereinafter enacted."

As of September 11, 2012, there were 237,708,679 shares of Class A Common Stock issued and outstanding (exclusive of treasury shares), 42,249,590 shares of Class A Common Stock reserved for issuance under the Company's share incentive plans (including shares underlying outstanding awards), 164,994,204 shares of Class A Common Stock in Treasury and 149,778,082 shares of Class B Common Stock issued and outstanding. The adoption of the proposed amendment would provide for an additional 650,000,000 shares of Class A Common Stock and 64,000,000 shares of Class B Common Stock for future issuance. This would replenish the authorized shares to the levels available for issuance before the stock split. Although these shares would provide further flexibility, there are no present plans for their use. The Certificate of Incorporation requires that the Company reserve enough shares of Class A Common Stock to cover the conversion of shares of Class B Common Stock (currently 149,778,082 shares) and to treat the two classes similarly on matters such as dividends and stock splits. The amendment is intended to provide the required coverage in the event of a future two-for-one stock split on the two classes of Common Stock.

The Board of Directors is of the opinion that the proposed increase is in the best interests of the Company and its stockholders. The Board of Directors believes that the Company should have sufficient authorized but unissued shares for issuance in connection with stock splits and stock dividends, implementation of employee share incentive plans, offers of shares for cash, mergers and acquisitions, and other proper business purposes. In many situations, prompt action may be required which would not permit seeking stockholder approval to authorize additional shares for the specific purpose on a timely basis. The Board of Directors believes that it is important to have the flexibility to act promptly in the best interests of the stockholders.

If approved by the stockholders, the proposed increase in the number of authorized shares of Class A and Class B Common Stock will become effective immediately upon the filing of the amendment to the Certificate of Incorporation with the Secretary of State of the State of Delaware, which we expect to file promptly after the Annual Meeting. The additional shares of Class A and Class B Common Stock sought by the amendment will be available for issuance without further action by stockholders, unless such action is required by applicable law or the rules of any stock exchange on which the Company's securities may be listed. The New York Stock Exchange currently requires specific stockholder approval as a prerequisite to listing shares in several instances, including an acquisition where the present or potential issuance of shares could result in an increase of 20% or more in the number of shares of Common Stock outstanding.

Although the proposed increase in the number of authorized shares of Class A and Class B Common Stock, under certain circumstances could be construed as having an anti-takeover effect, the proposed increase is not in response to a specific takeover threat. In addition, Securities and Exchange Commission rules require disclosure of charter and bylaw provisions that could have an anti-takeover effect. Possible anti-takeover effects of charter and bylaw provisions include: (i) a limitation on the holding of Class B Common Stock (which carries 10 votes per share as compared to one vote per share for the Class A Common Stock) to only members of the Lauder family and certain controlled entities and trusts; (ii) Board authority to issue one or more series of preferred stock up to a maximum of approximately 20,000,000 shares presently available; (iii) a limitation on the ability to convene a special meeting of the stockholders, which may be called only by the Chairman of the Board of Directors, the Chief Executive Officer or the Board of Directors pursuant to a resolution adopted by the affirmative vote of a majority of the entire Board; and (iv) classification of the Company's Board of Directors with staggered terms.

The Board recommends a vote FOR the proposal to approve the amendment to the Certificate of Incorporation to increase the number of authorized common shares. Proxies received by the Board will be so voted unless a contrary choice is specified in the proxy.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS
(Item 4)

The Audit Committee of the Board of Directors of the Company has appointed the firm of KPMG LLP, a registered public accounting firm, to serve as independent auditors of the Company for the fiscal year ending June 30, 2013, subject to ratification of this appointment by the stockholders of the Company. KPMG LLP was first appointed in April 2002. KPMG LLP audited the Company's financial statements as of, and for the year ended, June 30 of each year since the initial appointment. KPMG LLP also audited the effectiveness of internal control over financial reporting as of June 30, 2012 and provided an opinion thereon.

KPMG LLP is considered by management of the Company to be well qualified. The firm has advised the Company that neither it nor any of its members has any direct or material indirect financial interest in the Company.

For the fiscal years ended June 30, 2012 and 2011, the Company paid (or will pay) the following fees to KPMG LLP (and its affiliates) for services rendered during the year or for the audit in respect of those years:

Fee Type	Fiscal 2012	Fiscal 2011
	(in thousands)	
Audit Fees(1)	\$ 6,523	\$ 6,700
Audit-Related Fees(2)	100	46
Tax Fees(3)	1,725	1,064
All Other Fees(4)		197
Total	\$ 8,348	\$ 8,007

(1) Fees paid for professional services rendered in connection with the audit of the annual financial statements and the effectiveness of internal control over financial reporting and related opinions, statutory audits of international subsidiaries, consents for registration statements and review of the quarterly financial statements for each fiscal year.

(2) Represents fees paid for professional services rendered in connection with the audits of the Company's employee benefit plans and other audit related services.

(3) Represents fees paid for tax compliance services, tax planning and related tax services.

(4) In fiscal 2011, KPMG LLP acquired the business of an information technology consulting firm that was providing services to the Company prior to the acquisition. The fees are for certain ongoing projects that were completed after the acquisition. All ongoing projects were completed before the end of fiscal 2011.

The Audit Committee of the Board of Directors has considered whether the provision of non-audit services by KPMG LLP is compatible with maintaining auditor independence. In 2002, the Audit Committee adopted a formal policy concerning approval of audit and non-audit services to be provided by KPMG LLP. The policy requires that all services KPMG LLP may provide to the Company, including audit services and permitted audit-related and non-audit services, be pre-approved by the Committee. The Chair of the Audit Committee may approve certain permitted non-audit services in between Committee meetings, which services are subsequently reported to and approved by the Committee. In addition, for particular permitted services, the Chief Financial Officer may approve the engagement of KPMG LLP provided such engagements will amount to fees of less than an aggregate of \$50,000 per fiscal quarter and such engagement is reported to the Chair of the Committee and reported to and ratified by the Committee at its next meeting. All audit and non-audit services described herein were approved pursuant to this policy for fiscal 2012, and none of the services were approved by the Audit Committee pursuant to a waiver of pre-approval, as contemplated by Regulation S-X Rule 2-01(c)(7)(i)(C).

One or more representatives of KPMG LLP will be present at the Annual Meeting of Stockholders, will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Ratification of the appointment of the independent auditors requires the affirmative vote of a majority of the votes cast by the holders of the shares of Class A Common Stock and Class B Common Stock of the Company voting in person or by proxy at the Annual Meeting of Stockholders. If the stockholders do not ratify the appointment of KPMG LLP, the Audit Committee of the Board of Directors will reconsider the appointment.

The Board recommends a vote FOR the proposal to ratify the appointment of KPMG LLP as independent auditors of the Company for the fiscal year ending June 30, 2013. Proxies received by the Board will be so voted unless a contrary choice is specified in the proxy.

Proxy Procedure and Expenses of Solicitation

The Company will hold the votes of all stockholders in confidence from the Company, its directors, officers and employees except: (i) as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company; (ii) in case of a contested proxy solicitation; (iii) in the event that a stockholder makes a written comment on the proxy card or otherwise communicates his/her vote to management; or (iv) to allow the independent inspectors of election to certify the results of the vote. The Company will retain an independent tabulator to receive and tabulate the proxies and independent inspectors of election to certify the results.

All expenses incurred in connection with the solicitation of proxies will be borne by the Company. The Company will reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of Common Stock held in their names.

Solicitation may be undertaken by mail, telephone, electronic means and personal contact by directors, officers and employees of the Company without additional compensation.

Stockholder Proposals and Director Nominations

If a stockholder intends to present a proposal for action at the 2013 Annual Meeting and wishes to have such proposal considered for inclusion in the Company's proxy materials in reliance on Rule 14a-8 under the Securities Exchange Act of 1934, the proposal must be submitted in writing and received by the Secretary of the Company by May 31, 2013. Such proposal also must meet the other requirements of the rules of the Securities and Exchange Commission relating to stockholder proposals.

The Company's bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals and nominations of individuals for election to the Board of Directors, outside the process of Rule 14a-8. In general, notice of a stockholder proposal or a director nomination for an annual meeting must be received by the Company not less than 60 days nor more than 90 days prior to the first anniversary of the date on which the Company first mailed its proxy materials for the preceding annual meeting of stockholders and must contain specified information and conform to certain requirements, as set forth in the bylaws. If the chairman at any meeting of stockholders determines that a stockholder proposal or director nomination was not made in accordance with the bylaws, the Company may disregard such proposal or nomination. In addition, if a stockholder submits a proposal outside of Rule 14a-8 for the 2013 Annual Meeting and the proposal fails to comply with the advance notice procedure prescribed by the bylaws, then the Company's proxy may confer discretionary authority on the persons being appointed as proxies on behalf of the Board of Directors to vote on the proposal.

Proposals and nominations should be addressed to Spencer G. Smul, Senior Vice President, Deputy General Counsel and Secretary, The Estée Lauder Companies Inc., 767 Fifth Avenue, New York, New York 10153.
