**930,956 Shares**

**HCP, Inc.**

**Common Stock**

---

This prospectus supplement is a supplement to the accompanying prospectus dated July 24, 2012 and relates to the possible issuance of up to 930,956 shares of our common stock, from time to time, to the holders of units representing non-managing membership interests in HCPI/Utah II, LLC issued on July 30, 2012, August 15, 2012 and October 19, 2012, upon tender of those units in exchange for shares of our common stock that we may issue in connection with a redemption of the tendered units.

Registration of the issuance of shares of our common stock as provided in this prospectus supplement does not necessarily mean that any of the holders of units representing non-managing membership interests in HCPI/Utah II, LLC will exercise their redemption rights with respect to the units or that we will elect, in our sole discretion, to issue shares of our common stock to satisfy our redemption obligation instead of cash.

We will not receive any cash proceeds from the issuance of the shares of our common stock to the holders of units tendered for redemption, but we will acquire units representing non-managing membership interests in HCPI/Utah II, LLC in exchange for shares of our common stock issued to a holder of units upon redemption of its units.

Our common stock is traded on the New York Stock Exchange under the symbol "HCP." On November 8, 2012, the last reported sales price for our common stock on the New York Stock Exchange was \$43.97 per share.

**CAUTIONARY LANGUAGE REGARDING FORWARD-LOOKING STATEMENTS**

Statements in this prospectus supplement and the information incorporated by reference in this prospectus supplement and the accompanying prospectus that are not historical factual statements are "forward-looking statements." We intend to have our forward-looking statements covered by the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with those provisions. Forward-looking statements include, among other things, statements regarding our and our officers' intent, belief or expectations as identified by the use of words such as "may," "will," "project," "expect," "believe," "intend," "anticipate," "seek," "forecast," "plan," "estimate," "could," "would," "should" and other comparable and derivative terms or the negatives thereof. In addition, we, through our officers, from time to time, make forward-looking oral and written public statements concerning our expected future operations, strategies, securities offerings, growth and investment opportunities, dispositions, capital structure changes, budgets and other developments. Readers are cautioned that, while forward-looking statements reflect our good faith belief and reasonable assumptions based upon current information, we can give no assurance that our expectations or forecasts will be attained. Therefore, readers should be mindful that forward-looking statements are not guarantees of future performance and that they are subject to known and unknown risks and uncertainties that are difficult to predict. As more fully set forth herein under "Risk Factors" and under "Part I, Item 1A. Risk Factors" in our most recent Annual Report on Form 10-K, factors that may cause our actual results to differ materially from the expectations contained in the forward-looking statements include:

- (a) Changes in global, national and local economic conditions, including a prolonged period of weak economic growth;
- (b) Continued volatility in the capital markets, including changes in interest rates and the availability and cost of capital;
- (c) Our ability to manage our indebtedness level and changes in the terms of such indebtedness;
- (d) Changes in federal, state or local laws and regulations, including those affecting the healthcare industry that affect our costs of compliance or increase the costs, or otherwise affect the operations of our operators, tenants and borrowers;
- (e) The potential impact of future litigation matters, including the possibility of larger than expected litigation costs, adverse results and related developments;
- (f) Competition for tenants and borrowers, including with respect to new leases and mortgages and the renewal or rollover of existing leases;
- (g) Our ability to negotiate the same or better terms with new tenants or operators if existing leases are not renewed or we exercise our right to replace an existing operator or tenant upon default;
- (h) Availability of suitable properties to acquire at favorable prices and the competition for the acquisition and financing of those properties;
- (i) The financial, legal, regulatory and reputational difficulties of significant operators of our properties;
- (j) The risk that we may not be able to achieve the benefits of investments within expected time-frames or at all, or within expected cost projections;
- (k) The ability to obtain financing necessary to consummate acquisitions on favorable terms;
- (l)

**RISK FACTORS**

*You should carefully consider any specific risks set forth below, the risks set forth on page 2 of the accompanying prospectus and the risks set forth under the caption "Risk Factors" in our most recent Annual Report on Form 10-K, incorporated by reference into this prospectus supplement and the accompanying prospectus, as updated by our subsequent filings under the Exchange Act. You should consider carefully those risk factors together with all of the other information included and incorporated by reference in this prospectus supplement and the accompanying prospectus before you decide to purchase shares of our common stock.*

**Risks Related to the Exchange of Units for Shares of Our Common Stock**

***The exchange of units representing non-managing membership interests in HCPI/Utah II, LLC for our common stock is a taxable transaction.***

The exchange of units of HCPI/Utah II, LLC for shares of our common stock (which may occur following the tender of such units for redemption if we elect to satisfy the redemption obligation in shares of our common stock) will be treated for U.S. federal income tax purposes as a sale of the units by the holders of such units. A holder of such units will recognize gain or loss for U.S. federal income tax purposes in an amount equal to the fair market value of the shares of our common stock received in the exchange, plus the amount of the HCPI/Utah II, LLC liabilities allocable to the units being exchanged, less the holder's adjusted tax basis in the units exchanged. The recognition of any loss is subject to a number of limitations set forth in the Internal Revenue Code of 1986, as amended, referred to herein as the Internal Revenue Code. It is possible that the amount of gain recognized or even the tax liability resulting from the gain could exceed the value of the shares of our common stock received upon the exchange. In addition, the ability of a holder of units to sell a substantial number of shares of our common stock in order to raise cash to pay tax liabilities associated with the exchange of units may be restricted and, as a result of stock price fluctuations, the price the holder receives for the shares of our common stock may not equal the value of the units at the time of the exchange.

***An investment in our common stock is different from an investment in units representing non-managing membership interests in HCPI/Utah II, LLC.***

If a unitholder exercises its right to redeem its units, the holder may receive cash or, at our election, shares of common stock in exchange for the units. If a unitholder tenders all of its units and receives cash, the holder will no longer have any interest in HCPI/Utah II, LLC or us, will not benefit from any subsequent increases in the share price of our common stock and will not receive any future distributions from HCPI/Utah II, LLC or us (unless the holder currently owns or acquires in the future additional shares of our common stock or additional units). If a unitholder receives shares of our common stock in exchange for its units, the holder will become one of our stockholders rather than a non-managing member in HCPI/Utah II, LLC. Although the nature of an investment in shares of our common stock is substantially equivalent economically to an investment in units representing non-managing membership interests in HCPI/Utah II, LLC, there are differences between ownership of the units and ownership of our common stock. These differences, some of which may be material to you, include:

form of organization;

management control;

voting and consent rights;

liquidity; and

federal income tax considerations.

These differences are further described under "Comparison of HCPI/Utah II, LLC and HCP."

**USE OF PROCEEDS**

We will not receive any cash proceeds from the issuance of shares of common stock offered by this prospectus supplement; however, we will acquire units representing non-managing membership interests in HCPI/Utah II, LLC in exchange for shares of our common stock issued to a non-managing member upon redemption of its units.

**OPERATING AGREEMENT**

*The following summarizes the material provisions of the operating agreement, as amended to date, of HCPI/Utah II, LLC. The summary is qualified in its entirety by reference to the operating agreement, as amended to date, of HCPI/Utah II, LLC, which is being filed as an exhibit to a Current Report on Form 8-K that will be filed on or about the date of this prospectus supplement and incorporated by reference herein.*

**Management**

HCPI/Utah II, LLC is organized as a Delaware limited liability company under the Delaware Limited Liability Company Act and the terms of its operating agreement, the Amended and Restated Limited Liability Company Agreement of HCPI/Utah II, LLC, as the same has been amended to date. HCP is the sole managing member of HCPI/Utah II, LLC. Generally, pursuant to the operating agreement, we have exclusive and complete responsibility and discretion in the management and control of HCPI/Utah II, LLC, including, subject to the restrictions discussed below, the ability to cause it to enter into major transactions such as acquisitions, dispositions, financings, and refinancings, and to manage and operate its properties. We may not be removed as the managing member of HCPI/Utah II, LLC, with or without cause, unless we consent to being removed. Non-managing members of HCPI/Utah II, LLC have no authority to transact business for HCPI/Utah II, LLC or participate in its management activities, except in limited circumstances described below and as required by any non-waivable provision of applicable law.

As the managing member, we may not take any action in contravention of the operating agreement, including:

taking any action that would make it impossible to carry out the ordinary business of HCPI/Utah II, LLC, except as otherwise provided in the operating agreement;

possessing or assigning any rights in specific property owned by HCPI/Utah II, LLC, other than for a HCPI/Utah II, LLC purpose, except as otherwise provided in the operating agreement;

taking any action that would cause a non-managing member to be subject to liability as a managing member or any other liability, except as provided in the operating agreement or by law;

entering into any agreement that would have the effect of restricting a member of HCPI/Utah II, LLC from exercising its right to exchange its units as provided in the operating agreement and discussed below under "Exchange Rights," or the effect of restricting HCPI/Utah II, LLC or us from satisfying our obligations under the operating agreement to effect such exchange, unless such member gives its prior written consent to such action; or

entering into any agreement that would have the effect of restricting HCPI/Utah II, LLC's ability to make distributions to its members, without the written consent of each member affected by the restriction.

Table of Contents

The consent of the holders of a majority of the outstanding non-managing member units is required before we will be permitted to take the following extraordinary actions involving HCPI/Utah II, LLC, subject to limited exceptions:

the amendment, modification or termination of the operating agreement other than to reflect the permitted admission, substitution, termination or withdrawal of members or in connection with a permitted dissolution or termination of HCPI/Utah II, LLC;

approving or acquiescing to the transfer of all or a portion of the membership interest held by us, other than a transfer to HCPI/Utah II, LLC;

the admission of any additional or substitute managing members in HCPI/Utah II, LLC;

making a general assignment for the benefit of HCPI/Utah II, LLC's creditors, appointing or acquiescing to the appointment of a custodian for any part of the assets of HCPI/Utah II, LLC or instituting any proceeding for bankruptcy on behalf of HCPI/Utah II, LLC; or

confessing a judgment against HCPI/Utah II, LLC in excess of \$5,000,000.

In addition to the above restrictions, we, as the managing member, may not amend the operating agreement or take actions without the consent of any non-managing member who would be adversely affected if such amendments or actions would, among other things:

convert a non-managing member's interest in HCPI/Utah II, LLC into a managing member interest;

modify the limited liability of a non-managing member;

alter the rights of a member to receive distributions or the allocation of income and loss to a member; or

materially alter the right of a member to exchange its non-managing member units for our common stock.

As managing member, we may, however, amend the operating agreement without non-managing member consent:

to reflect the issuance of additional membership interests in exchange for capital contributions of cash or property, or the admission, substitution, termination or withdrawal of members or the redemption or other reduction in the number of units outstanding as permitted by the operating agreement;

to reflect inconsequential changes that do not adversely affect the non-managing members, cure ambiguities and make other changes not inconsistent with law or the provisions of the operating agreement;

to satisfy any requirements, conditions or guidelines contained in any governmental order or required by law;

to reflect changes that are reasonably necessary for us, our affiliates or other members to maintain their status as a real estate investment trust ("REIT"); or

to modify the manner in which capital accounts are computed.

Until the earlier of (a) a specified date with respect to certain real properties or (b) such time as certain non-managing members of HCPI/Utah II, LLC (excluding the non-managing members that were issued non-managing member units on February 28, 2007) have disposed, in taxable transactions, of 80% of the non-managing member units issued to them in exchange for their contribution of property to HCPI/Utah II, LLC, HCPI/Utah II, LLC will be required to pay to specified non-managing

members a make whole payment in an amount equal to the aggregate federal, state and local income taxes incurred by the non-managing member as a result of the event, if we do any of the following, subject to limited exceptions, without the prior consent of the holders of a majority of the non-managing member units held by non-managing members:

cause HCPI/Utah II, LLC to merge with another entity, sell all or substantially all of its assets or reclassify its outstanding equity interests (except in connection with certain expenditures and lending and borrowing of money, certain mortgaging and encumbering of the assets of HCPI/Utah II, LLC and the forming of entities as wholly-owned subsidiaries for certain purposes);

sell certain of HCPI/Utah II, LLC's real properties;

refinance specified nonrecourse indebtedness of HCPI/Utah II, LLC, unless such indebtedness is refinanced with nonrecourse indebtedness that does not require principal payments greater than the existing indebtedness and is secured solely by the property which secured the repayment of the existing indebtedness;

prepay such specified nonrecourse indebtedness;

convert such specified nonrecourse indebtedness to recourse indebtedness; or

fail to provide certain non-managing members the opportunity to guaranty debt of HCPI/Utah II, LLC in an amount up to the non-managing member's share of a specified recourse debt amount, as determined by the non-managing member representative.

HCPI/Utah II, LLC will also be required to pay a make whole payment to specified non-managing members if, without the consent of the holders of a majority of the non-managing member units held by non-managing members, we dissolve HCPI/Utah II, LLC, unless certain non-managing members have disposed of 90% of the non-managing member units issued to them in exchange for their contribution of property to HCPI/Utah II, LLC prior to the third anniversary of the issuance of such non-managing member units or 80% of such non-managing member units thereafter.

**Transferability of Interests**

The operating agreement provides that a non-managing member may transfer its non-managing member units only after first offering those units to us and otherwise obtaining our consent, except that a non-managing member may, without obtaining our consent, pledge its membership interest as security for the repayment of debt and transfer such membership interest to the lender upon the foreclosure of such debt if such transfer would not otherwise violate the terms of the operating agreement. A non-managing member may also, without our consent, transfer its membership interest in HCPI/Utah II, LLC to a partner in such non-managing member in liquidation of that partner's interest in such non-managing member, to a family member of such non-managing member or to an organization described in Sections 170(b)(1)(A), 170(c)(2) or 501(c)(3) of the Internal Revenue Code. The operating agreement further imposes the following restrictions on the transfer of the non-managing member units:

the person to whom any non-managing member units are transferred must assume all of the obligations of the transferor under the operating agreement;

we will have the right to receive an opinion of counsel that the proposed transfer may be effected without registration under the Securities Act of 1933, as amended (the "Securities Act"), and will not otherwise violate any federal or state securities laws or regulations;

Table of Contents

we may prohibit any transfer otherwise permitted under the operating agreement if such transfer would require the filing of a registration statement under the Securities Act or would otherwise violate any applicable federal or state securities laws or regulations;

no transfer may be made to any person without our consent if such transfer could result in HCPI/Utah II, LLC being treated as an association taxable as a corporation, or such transfer could adversely affect our ability to maintain our status as a REIT or subject us to additional taxes under Sections 857 or 4981 of the Internal Revenue Code;

no transfer may be made if such transfer could be treated as having been effectuated through an "established securities market" or a "secondary market (or substantial equivalent thereof)" within the meaning of Section 7704 of the Internal Revenue Code;

no transfer may be made to a lender of HCPI/Utah II, LLC or any person related to such a lender whose loan constitutes "nonrecourse liability" within the meaning of the Internal Revenue Code, without our consent as managing member;

transfers may be made only as of the first day of a fiscal quarter of HCPI/Utah II, LLC, unless we otherwise consent; and

no transfer may be made (1) to any person or entity who lacks the legal right, power or capacity to own a membership interest; (2) in violation of applicable law; (3) if such transfer would, in the opinion of legal counsel to us or HCPI/Utah II, LLC, cause an increased tax liability to any other member or assignee as a result of the termination of HCPI/Utah II, LLC; (4) if such transfer would cause HCPI/Utah II, LLC to become a reporting company under the Exchange Act; or (5) if such transfer would cause HCPI/Utah II, LLC to lose certain material tax benefits or become subject to certain regulations not currently applicable to it.

The admission of a transferee of non-managing membership units as a non-managing member of HCPI/Utah II, LLC is subject to the transferee's acceptance of the terms and conditions of HCPI/Utah II, LLC's operating agreement.

**Capital Contributions**

The operating agreement provides that if HCPI/Utah II, LLC requires additional funds for its operation, we may fund those investments by making a capital contribution to HCPI/Utah II, LLC. In addition, in certain circumstances, we are required to make additional capital contributions, including to the extent necessary:

to fund capital additions, tenant improvements and leasing commissions relating to HCPI/Utah II, LLC's real properties except those tenant improvement costs not assumed by HCPI/Utah II, LLC at the time the applicable property was contributed to it; and

to repay certain mortgage debt of HCPI/Utah II, LLC that we elect to repay in accordance with the terms of the operating agreement.

If we fund a capital contribution, we have the right to receive additional managing member units. In the event we receive additional managing member units in return for additional capital contributions, our membership interest in HCPI/Utah II, LLC will be increased. Non-managing members of HCPI/Utah II, LLC do not have the right to make additional capital contributions to HCPI/Utah II, LLC unless permitted to do so by us in our discretion. Accordingly, the membership interest of non-managing members in HCPI/Utah II, LLC will be diluted to the extent we receive an additional membership interest.

For example, as the tax matters partner, we have the authority to file tax returns and make elections for HCPI/Utah II, LLC, conduct audits, file refund claims on behalf of HCPI/Utah II, LLC and settle adjustments. In addition, as the tax matters partner, we will receive notices and other information from the Internal Revenue Service. The designation of HCP as the tax matters partner of HCPI/Utah II, LLC is not directly relevant to our tax status as a REIT.

**Operations**

The operating agreement provides, however, that we, as managing member, may operate HCPI/Utah II, LLC in a manner that will enable us to satisfy the requirements for being classified as a REIT and avoid any federal income tax liability, among other things. Under the operating agreement, HCPI/Utah II, LLC assumes and pays when due, or reimburses us for payment of, all costs and expenses that we incur for the benefit of or relating to its operation.

**Distributions**

Holder of non-managing member units are entitled to receive cumulative preferential distributions from the date of issuance of those non-managing member units, payable on a quarterly basis. The right of holders of non-managing member units to receive cumulative preferential distributions means that, unless and until each of those quarterly distributions are paid in full, HCPI/Utah II, LLC cannot make any distributions to us. These preferred distributions are an amount per unit equal to the amount payable with respect to each share of our common stock for the corresponding quarter (subject to adjustment in the event we pay a dividend or distribution on our common stock in shares of our common stock, split or subdivide our common stock or effect a reverse stock split or other combination of our common stock into a smaller number of shares). Following the payment of the preferred distribution to holders of the non-managing member units, HCPI/Utah II, LLC is required to distribute the remaining cash available for distribution to us until all distributions of cash, including prior distributions, have been made to the members of HCPI/Utah II, LLC pro rata on the basis of the number of managing member or non-managing member units held by them as compared to the total number of managing member and non-managing member units then outstanding. Thereafter, the remaining cash available for distribution is distributed to the unitholders in proportion to their Sharing Percentages. The "Sharing Percentage" of a holder of non-managing member units is determined by multiplying 1% by a fraction, the numerator of which is the number of non-managing member units then outstanding and the denominator of which is the number of non-managing member units issued to certain non-managing members, and multiplying the result by a fraction, the numerator of which is the number of non-managing member units held by such unitholder, and the denominator of which is the total number of non-managing member units then outstanding. Our "Sharing Percentage," as the managing member of HCPI/Utah II, LLC, is equal to 100% minus the aggregate Sharing Percentage of the holders of non-managing member units.

In the event of a taxable disposition of some of HCPI/Utah II, LLC's real property, we may elect to distribute all or a portion of the net proceeds of the taxable disposition to the unitholders. In this event, we must distribute these proceeds as follows:

first, to the holders of non-managing member units to pay any previously unpaid preferred distribution on the non-managing member units held by them;

Table of Contents

second, to us until all distributions of cash, including prior distributions, have been made to the members of HCPI/Utah II, LLC pro rata on the basis of the number of managing member or non-managing member units held by them as compared to the total number of managing member and non-managing member units then outstanding;

third, to the holders of managing member units and non-managing member units in proportion to the number of managing member units and non-managing member units held by them in redemption of those units, as discussed below, until all non-managing member units have been redeemed; and

finally, the remaining balance to us.

The distribution of the net proceeds from the taxable disposition of real property will constitute a return of capital to the unitholders of HCPI/Utah II, LLC. As such, we will cause HCPI/Utah II, LLC to reduce the number of units outstanding at the time of such distributions by causing non-managing member units to be redeemed.

Upon the refinancing of a property or the incurrence of additional debt, the repayment of which is secured by a property owned by HCPI/Utah II, LLC, we may elect to distribute all or a portion of the refinancing or other debt proceeds to the unitholders. In this event, we must distribute such proceeds:

first, to the holders of non-managing member units to pay any previously unpaid preferred distribution on the non-managing member units held by them; and

finally, the remaining balance to us.

**Allocation of Income and Loss**

The operating net income and net loss of HCPI/Utah II, LLC is generally allocated as follows:

second, to each unitholder in an amount that will cause the current allocation, together with all previous allocations of operating net income and net income resulting from the disposition of real property, to be pro rata to the cumulative distributions received by such unitholder for the current and all prior fiscal years;

In the event HCPI/Utah II, LLC sells or otherwise disposes of any of its real properties, however, the net income or net loss attributable to such sale or disposition is generally allocated as follows:

thereafter, to each unitholder in proportion to the number of units held by them.

In the event HCPI/Utah II, LLC liquidates or if no units are held by non-managing members, the net income or net loss for that year and any subsequent years is generally allocated as follows:

first, to holders of non-managing member units in such amounts as will cause their capital account per unit to be, to the greatest extent possible, equal to the sum of: (a) the holder's preferred return shortfall per unit (if any), (b) the value of two shares of our stock (subject to specified adjustments), and (c) their pro rata share of a 1% (subject to adjustment) sharing amount; and

thereafter, to us.

Each of the allocation provisions described above is subject to special allocations relating to depreciation deductions and to compliance with the provisions of Sections 704(b) and 704(c) of the Internal Revenue Code and related Treasury Regulations.

**Term**

The operating agreement provides that HCPI/Utah II, LLC will continue until dissolved by us in accordance with the provisions of the operating agreement or as otherwise provided by law. HCPI/Utah II, LLC also will dissolve if:

we withdraw as the managing member (other than in an event of bankruptcy) and the non-managing members holding a majority of the non-managing member units then outstanding do not agree in writing within 90 days to continue the business of HCPI/Utah II, LLC and to the appointment of a substitute managing member;

we elect to dissolve it in accordance with the provisions of the operating agreement;

it sells all or substantially all of its assets and properties;

it is dissolved by judicial order;

we dissolve or become bankrupt or otherwise incapacitated, unless within 90 days the non-managing members holding a majority of the outstanding non-managing member units agree in writing to continue the business of HCPI/Utah II, LLC and to the appointment of a substitute managing member; or

all of the non-managing member units held by non-managing members have been exchanged for cash or our common stock.

**Indemnification**

The operating agreement provides that, to the fullest extent permitted by law, HCPI/Utah II, LLC will indemnify us, our directors, our and HCPI/Utah II, LLC's officers and employees and those other persons and entities that we may designate, unless:

the act taken by an indemnitee that was material to the matter giving rise to the proceeding was in bad faith or was the result of active and deliberate dishonesty;

an indemnitee received an improper personal benefit; or

if we acted in good faith. See "Comparison of HCPI/Utah II, LLC and HCP Management Liability and Indemnification."

**Exchange Rights**

Non-managing member units are exchangeable in whole or in part for, at our election, cash or shares of our common stock, except that the non-managing member units issued on July 30, 2012, August 15, 2012 and October 19, 2012 in connection with the contribution of additional real property, which may be redeemed for the 930,956 shares of our common stock covered by this prospectus supplement, may not be exchangeable for cash or shares of our common stock until one year after the issuance of such units.

Upon an exchange, the tendering holder will receive, at our election, either (a) that number of shares of our common stock determined by multiplying the number of non-managing member units tendered by an adjustment factor (the "Exchange Shares") or (b) an amount of cash equal to the market value of such number of Exchange Shares. As of the date of this prospectus supplement, the adjustment factor is 2.0 due to the 2-for-1 stock split we effected with respect to our common stock on March 2, 2004; the adjustment factor will be further adjusted to account for the economic effect of the payment of any dividends or other distributions on our common stock in shares of common stock, any split or subdivision in our outstanding common stock, and any reverse stock split or other combination of our outstanding common stock into a smaller number of shares. If we elect to deliver cash in exchange for the tendered units, the market value of each Exchange Share will be deemed to be the average of the closing trading price of our common stock for the 10 trading days ending on the second trading day immediately prior to the date on which the tendering holder delivers a notice of exchange to us. Non-managing member units that are acquired by us pursuant to the exercise of a non-managing member's exchange rights will be held by us as non-managing member units, with the same rights and preferences of non-managing member units held by non-managing members of HCPI/Utah II, LLC.

Our acquisition of non-managing member units, whether they are acquired in exchange for shares of our common stock or cash, will be treated as a sale of the non-managing member units to us for U.S. federal income tax purposes. See "Material United States Federal Income Tax Considerations of an Exchange or Redemption of Units."

A tendering holder effecting an exchange of all or a portion of the holder's non-managing member units must deliver to us a notice of exchange as required by the operating agreement. In general, a tendering holder shall have the right to receive shares of our common stock or cash, which is payable in connection with the exchange, on the thirtieth day following our receipt of the notice of exchange. All shares of our common stock delivered in exchange for non-managing member units will be duly authorized, validly issued, fully paid and non-assessable shares, free of any pledge, lien, encumbrance or restriction, other than those provided in our charter, our bylaws, the Securities Act and relevant state securities or blue sky laws. Notwithstanding any delay in delivery, the tendering holder shall be deemed the owner of such shares and vested with all rights of a stockholder as of the date on which the exchange occurs, including the right to vote or consent, and the right to receive dividends. Correspondingly, the tendering holder's right to receive distributions with respect to the tendered non-managing member units will cease as of the date on which the exchange occurs.

We will not be obligated to effect an exchange of tendered non-managing member units if the issuance of shares of our common stock to the tendering holder upon such exchange would be prohibited under the provisions of our charter, particularly those which are intended to protect our qualification as a REIT. We will not be obligated to effect an exchange of tendered non-managing member units until the expiration or termination of the applicable waiting period, if any, under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended.

**COMPARISON OF HCPI/UTAH II, LLC AND HCP**

Generally, the nature of an investment in our common stock is similar in several respects to an investment in units representing non-managing membership interests in HCPI/Utah II, LLC. However, there are also differences between ownership of such units and ownership of our common stock, some of which may be material to investors.

HCPI/Utah II, LLC and HCP are organized and incorporated in Delaware and Maryland, respectively. Upon the exchange of units representing non-managing membership interests in HCPI/Utah II, LLC for shares of our common stock, the rights of stockholders of HCP will be governed by the Maryland General Corporation Law and by our charter and bylaws.

The information below highlights the material differences between HCPI/Utah II, LLC and us, relating to, among other things, form of organization, management control, voting rights, compensation and fees, investor rights, liquidity and federal income tax considerations. These comparisons are intended to assist holders of non-managing member units in understanding the ways in which their investment will be materially changed if they tender their units in exchange for shares of our common stock.

*The following discussion is summary in nature and does not constitute a complete discussion of these matters. The differences between the rights of HCPI/Utah II, LLC unitholders and HCP stockholders may be determined in full by reference to the Maryland General Corporation Law, the Delaware Limited Liability Company Act, our charter and bylaws, the operating agreement of HCPI/Utah II, LLC, as amended to date, and the balance of this prospectus supplement, the accompanying prospectus and the registration statement of which the accompanying prospectus is a part.*

As long as we qualify as a REIT, distributions out of our current or accumulated earnings and profits, other than capital gain dividends discussed below, generally will constitute dividends taxable to our taxable U.S. stockholders as ordinary income and will not be eligible for the dividends-received deduction in the case of U.S. stockholders that are corporations. In addition, these distributions generally will not be eligible for treatment as "qualified dividend income" for individual U.S. stockholders. Distributions that we properly designate as capital gain dividends will be taxable to our taxable U.S. stockholders as gain from the sale or disposition of a capital asset, to the extent that such gain does not exceed our actual net capital gain for the taxable year. Distributions in excess of current and accumulated earnings and profits will be treated as a nontaxable return of capital to the extent of a stockholder's adjusted basis in his, her or its common stock, with the excess taxed as capital gain.

Distributions we make and gain arising from the sale or exchange by a U.S. stockholder of our shares will not be treated as passive activity income. As a result, U.S. stockholders generally will not be able to apply any "passive losses" against this income or gain. Stockholders who are individuals generally will not be required to file state income tax returns and/or pay state income taxes outside of their state of residence with respect to our operations and distributions. We may be required to pay state income taxes in various states.

**MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS OF AN EXCHANGE  
OR REDEMPTION OF UNITS**

The following is a general summary of the material United States federal income tax considerations regarding the tender of units in exchange for shares of our common stock in connection with a redemption of the tendered units as described in this prospectus supplement. This summary does not purport to be a complete analysis of all of the potential tax considerations relating thereto. This summary is based on current law, is for general information only and is not tax advice.

The information in this summary is based on the Internal Revenue Code; current, temporary and proposed Treasury Regulations promulgated under the Internal Revenue Code; the legislative history of the Internal Revenue Code; current administrative interpretations and practices of the Internal Revenue Service; and court decisions, in each case, as of the date of this prospectus supplement. In addition, the administrative interpretations and practices of the Internal Revenue Service include its practices and policies as expressed in private letter rulings that are not binding on the Internal Revenue Service except with respect to the particular taxpayers who requested and received those rulings. Future legislation, Treasury Regulations, administrative interpretations and practices and/or court decisions may change or adversely affect the tax considerations described in this prospectus supplement. Any such change could apply retroactively to transactions preceding the date of the change. We have not requested and do not intend to request a ruling from the Internal Revenue Service regarding any matter discussed in this prospectus supplement, and the statements in this prospectus supplement are not binding on the Internal Revenue Service or any court. Thus, we can provide no assurance that the tax considerations contained in this summary will not be challenged by the Internal Revenue Service or will be sustained by a court if so challenged.

This summary assumes that the units are held as "capital assets" (generally, property held for investment within the meaning of Section 1221 of the Internal Revenue Code). Your tax treatment will vary depending on your particular situation. This discussion does not purport to deal with all aspects of taxation that may be relevant to holders of units in light of their personal investment or tax circumstances, or to holders of units who receive special treatment under the United States federal income tax laws except to the extent discussed specifically herein. Holders of units receiving special treatment include, without limitation:

banks, insurance companies or other financial institutions;

brokers or dealers in securities or commodities;

traders in securities;

expatriates and certain former citizens or long-term residents of the United States;

tax-exempt organizations;

persons who are subject to the alternative minimum tax;

persons who hold units as a position in a "straddle" or as part of a "hedging," "conversion" or other risk reduction transaction;

persons deemed to sell units under the constructive sale provisions of the Internal Revenue Code;

United States persons that have a functional currency other than the United States dollar;

Edgar Filing: HCP, INC. - Form 424B5

except to the extent specifically discussed below, holders of units who are not United States persons; or

persons that are S corporations, real estate investment trusts, regulated investment companies, partnerships or other pass-through entities.

Table of Contents

The United States federal income tax consequences to a holder of units that tenders its units in exchange for shares of our common stock depends in some instances on determinations of fact and interpretations of complex provisions of United States federal income tax law. No clear precedent or authority may be available on some questions.

**EACH HOLDER OF UNITS IS ADVISED TO CONSULT HIS OR HER TAX ADVISOR REGARDING THE SPECIFIC FEDERAL, STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES TO HIM OR HER AS A RESULT OF A SALE, EXCHANGE OR REDEMPTION OF UNITS TENDERED FOR REDEMPTION, AND OF POTENTIAL CHANGES IN APPLICABLE TAX LAWS.**

**Exchange or Redemption of Units**

If HCP, Inc. acquires a unit for cash or tendered for redemption in exchange for shares of common stock, a tendering holder of units will recognize gain or loss in an amount equal to the difference between (i) the amount realized in the transaction (i.e., the sum of the cash and the fair market value of any shares of common stock plus the amount of the partnership liabilities allocable to such tendered unit at such time) and (ii) the holder's tax basis in the unit disposed of, which tax basis will be adjusted for the unit's allocable share of HCPI/Utah II, LLC's income, gain or loss for the taxable year of disposition. The tax liability resulting from the gain recognized on the disposition of a unit could exceed the amount of cash and the fair market value of any shares of common stock received in exchange therefor. The use of any loss recognized upon an exchange is subject to a number of limitations set forth in the Internal Revenue Code. A holder's adjusted tax basis in any of our common stock received in exchange for units will be the fair market value of those shares on the date of the exchange. Similarly, a holder's holding period in such shares will begin following the exchange.

If HCPI/Utah II, LLC redeems a tendered unit for cash (which is not contributed by us to effect the redemption), the tax consequences generally would be the same as described in the preceding paragraph, except that if HCPI/Utah II, LLC redeems less than all of a holder's units, the holder would recognize no taxable loss and would recognize taxable gain only to the extent that the cash, plus the amount of HCPI/Utah II, LLC liabilities allocable to the redeemed units, exceeded the holder's adjusted tax basis in all of such holder's units immediately before the redemption.

**Disguised Sales**

Under the Internal Revenue Code, a transfer of property by a partner to a partnership followed by a related transfer by the partnership of money or other property to the partner is treated as a disguised sale if (i) the second transfer would not have occurred but for the first transfer and (ii) the second transfer is not dependent on the entrepreneurial risks of the partnership's operations. In a disguised sale, the partner is treated as if he or she sold the contributed property to the partnership as of the date the property was contributed to the partnership. Transfers of money or other property between a partnership and a partner that are made within two years of each other, including redemptions of units made within two years of a contribution of property by a holder of units to HCPI/Utah II, LLC, must be reported to the Internal Revenue Service and are presumed to be a disguised sale unless the facts and circumstances clearly establish that the transfers do not constitute a sale.

A redemption of units by HCPI/Utah II, LLC within two years of the date of a contribution of property by a holder of units to HCPI/Utah II, LLC may be treated as a disguised sale. If this treatment were to apply, such holder of units would be treated for United States federal income tax purposes as if, on the date of its contribution of property to HCPI/Utah II, LLC, HCPI/Utah II, LLC transferred to such holder an obligation to pay such holder the redemption proceeds. In that case, the holder of units would be required to recognize gain on the disguised sale in such earlier year.

Table of Contents

**Character of Gain or Loss Recognized**

Except as described below, the gain or loss that a holder of units recognizes on a sale, exchange or redemption of a tendered unit will be treated as a capital gain or loss and will be treated as long-term capital gain or loss if the holding period for the unit exceeds twelve months. Long-term capital gains recognized by individuals and certain other noncorporate taxpayers generally will be subject to a maximum United States federal income tax rate of 15% (20% for taxable years beginning after December 31, 2012). If the amount realized with respect to a unit that is attributable to a holder's share of "unrealized receivables" of HCPI/Utah II, LLC exceeds the tax basis attributable to those assets, such excess will be treated as ordinary income. Among other things, unrealized receivables include depreciation recapture for certain types of property. In addition, the maximum United States federal income tax rate applicable to persons who are noncorporate taxpayers for net capital gains attributable to the sale of depreciable real property (which may be determined to include an interest in a partnership such as HCPI/Utah II, LLC) held for more than twelve months is currently 25% (rather than 15%) to the extent of previously claimed depreciation deductions that would not be treated as unrealized receivables.

**Medicare Tax**

For taxable years beginning after December 31, 2012, a United States person that is an individual will be subject to a 3.8% tax on the lesser of (1) such person's "net investment income" for the relevant taxable year and (2) the excess of such person's modified adjusted gross income for the taxable year over a certain threshold (which will be between \$125,000 and \$250,000, depending on the individual's circumstances). Estates and trusts (other than certain classes of trusts exempt from such tax) are subject to the same 3.8% tax on the lesser of their undistributed net investment income and the excess of their adjusted gross income over a certain threshold. Net investment income generally will include gain from the redemption of units or the exchange of units for shares of our common stock. If you are a U.S. person that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of this tax.

**Passive Activity Losses**

The passive activity loss rules of the Internal Revenue Code limit the use of losses derived from passive activities, which generally include investments in limited liability company interests such as the units. You are urged to consult your tax advisor concerning whether, and the extent to which, you have available suspended passive activity losses from HCPI/Utah II, LLC or other investments that may be used to offset gain from the sale, exchange or redemption of your units tendered for redemption.

**Tax Reporting**

If a unit is exchanged or redeemed, the holder must report the transaction by filing a statement with its United States federal income tax return for the year of the disposition which provides certain required information to the Internal Revenue Service. To prevent the possible application of backup withholding with respect to payment of the consideration, a holder of units must provide HCP, Inc. or HCPI/Utah II, LLC with its correct taxpayer identification number.

**Foreign Offerees**

Gain recognized by a foreign person on a sale, exchange or redemption of a unit tendered for redemption will be subject to United States federal income tax under the Foreign Investment in Real Property Tax Act of 1980 ("FIRPTA"). If you are a foreign person, HCP, Inc. or HCPI/Utah II, LLC will be required, under the FIRPTA provisions of the Internal Revenue Code, to deduct and withhold 10% of the amount realized by you on the disposition, and you will be required to file a United States

Table of Contents

federal income tax return to report your gain and pay any additional tax due. The amount withheld would be creditable against your United States federal income tax liability and, if the amount withheld exceeds your actual tax liability, you could claim a refund from the Internal Revenue Service.

**Withholding of Foreign Accounts**

Legislation enacted in 2010 and existing guidance issued thereunder will require withholding at a rate of 30% on gross proceeds (which would include any cash or the value of our common stock exchanged for units) paid after December 31, 2016 from the sale of units held by or through certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Secretary of the Treasury to report, on an annual basis, information with respect to shares in the institution held by certain United States persons and by certain non-U.S. entities that are wholly or partially owned by United States persons and to withhold on certain payments. An intergovernmental agreement between the United States and the applicable foreign country, or future Treasury regulations or other guidance, may modify these requirements. Accordingly, the entity through which shares of our common stock are held will affect the determination of whether such withholding is required. Similarly, gross proceeds from the sale of units held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exemptions will be subject to withholding at a rate of 30%, unless such entity either (i) certifies to us that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding the entity's "substantial United States owners," which we will in turn provide to the Secretary of the Treasury. We will not pay any additional amounts to holders in respect of any amounts withheld. Non-U.S. holders are encouraged to consult with their tax advisors regarding the possible implications of the legislation on their investment in shares of our common stock.

**SUPPLEMENTAL MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS  
OF OUR COMMON STOCK**

This discussion is a supplement to, and is intended to be read together with, the discussion in the accompanying prospectus under the heading "Material United States Federal Income Tax Considerations." This summary of material federal income tax considerations is for general information only and is not tax advice. This discussion does not purport to deal with all aspects of taxation that may be relevant to particular holders of our common stock in light of their personal investment or tax circumstances.

**EACH PROSPECTIVE HOLDER IS ADVISED TO CONSULT HIS OR HER TAX ADVISOR REGARDING THE SPECIFIC FEDERAL, STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES TO HIM OR HER OF ACQUIRING, HOLDING, EXCHANGING OR OTHERWISE DISPOSING OF OUR COMMON STOCK AND OF THE COMPANY'S ELECTION TO BE TAXED AS A REAL ESTATE INVESTMENT TRUST, AND OF POTENTIAL CHANGES IN APPLICABLE TAX LAWS.**

**REIT Tax Opinion**

Skadden, Arps, Slate, Meagher & Flom LLP has rendered an opinion to us to the effect that, commencing with our taxable year ended December 31, 1985, we have been organized and have operated in conformity with the requirements for qualification and taxation as a REIT, and that our proposed method of operation will enable us to continue to meet the requirements for qualification and taxation as a REIT under the Internal Revenue Code. It must be emphasized that this opinion was based on various assumptions and representations as to factual matters, including representations made by us in factual certificates. You should be aware that opinions of counsel are not binding on the Internal Revenue Service, and no assurance can be given that the opinion will not be subject to challenge. Moreover, our qualification and taxation as a REIT depend upon our ability to meet the various qualification tests imposed under the Internal Revenue Code, including through actual annual operating results, asset composition, distribution levels and diversity of stock ownership, all of the results of which have not been and will not be reviewed by Skadden, Arps, Slate, Meagher & Flom LLP. Accordingly, no assurance can be given that our actual results of operation for any particular taxable year have satisfied or will satisfy those requirements. See "Material United States Federal Income Tax Considerations Taxation of the Company Failure to Qualify" on page 34 of the accompanying base prospectus. Skadden, Arps, Slate, Meagher & Flom LLP has no obligation to update its opinion subsequent to its date.

**Foreign Account Tax Compliance Act**

Legislation enacted in 2010 and existing guidance issued thereunder will require, after December 31, 2013, withholding at a rate of 30% on dividends in respect of, and, after December 31, 2016, gross proceeds from the sale of, our common stock held by or through certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Treasury to report, on an annual basis, information with respect to shares in the institution held by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments. An intergovernmental agreement between the United States and an applicable foreign country, or future Treasury regulations or other guidance, may modify these requirements. Accordingly, the entity through which our common stock is held will affect the determination of whether such withholding is required. Similarly, dividends in respect of, and gross proceeds from the sale of, our common stock held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exemptions will be subject to withholding at a rate of 30%, unless such entity either (i) certifies to us that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding the entity's "substantial United States owners,"

which we will in turn provide to the Secretary of the Treasury. We will not pay any additional amounts to stockholders in respect of any amounts withheld. Non-U.S. stockholders are encouraged to consult their tax advisors regarding the possible implications of the legislation on their investment in our common stock.

**PLAN OF DISTRIBUTION**

This prospectus supplement relates to the possible issuance by us of up to 930,956 shares of our common stock if, and to the extent that, the holders of units representing non-managing membership interests in HCPI/Utah II, LLC issued on July 30, 2012, August 15, 2012 and October 19, 2012 tender such units for redemption and we elect, in our discretion, to satisfy our redemption obligation by issuing shares of our common stock in exchange for such tendered units. Registration of the issuance of such shares does not necessarily mean that any of the holders of units representing non-managing membership interests in HCPI/Utah II, LLC will exercise their redemption rights with respect to the units or that we will issue any shares of our common stock to satisfy such redemption obligation. Upon the tender of any units for redemption, we may elect to pay cash for some or all of such units rather than issue shares of our common stock in exchange for such units.

We will not receive any cash proceeds from the issuance of the shares of our common stock pursuant to this prospectus supplement to the holders of units tendered for redemption, but we will acquire units representing non-managing membership interests in HCPI/Utah II, LLC in exchange for shares of our common stock issued to a holder of units upon redemption of its units.

We have agreed to pay the following expenses for the registration of the shares:

all registration and filing fees;

fees and expenses of compliance with securities or blue sky laws (including the reasonable fees and expenses of counsel to the Company);

printing and distribution expenses;

the fees and expenses incurred in connection with the listing of the shares on each securities exchange on which our common stock is then listed; and

fees and expenses of our legal counsel, independent public accountants and other experts we retain in connection with the registration.

**VALIDITY OF COMMON STOCK**

The validity of the shares of our common stock offered hereby will be passed upon for us by Ballard Spahr LLP, Baltimore, Maryland. In addition, the description of material federal income tax consequences contained in this prospectus supplement under the headings "Material United States Federal Income Tax Considerations of an Exchange of Redemption of Units" and "Supplemental Material United States Federal Income Tax Considerations" has been passed upon by Skadden, Arps, Slate, Meagher & Flom LLP.

### **CAUTIONARY LANGUAGE REGARDING FORWARD-LOOKING STATEMENTS**

Statements in this prospectus and the information incorporated by reference in this prospectus or any prospectus supplement that are not historical factual statements are "forward-looking statements." We intend to have our forward-looking statements covered by the safe harbor provisions of the Private

Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with those provisions. Forward-looking statements include, among other things, statements regarding our and our officers' intent, belief or expectations as identified by the use of words such as "may," "will," "project," "expect," "believe," "intend," "anticipate," "seek," "forecast," "plan," "estimate," "could," "would," "should" and other comparable and derivative terms or the negatives thereof. In addition, we, through our officers, from time to time, make forward-looking oral and written public statements concerning our expected future operations, strategies, securities offerings, growth and investment opportunities, dispositions, capital structure changes, budgets and other developments. Readers are cautioned that, while forward-looking statements reflect our good faith belief and reasonable assumptions based upon current information, we can give no assurance that our expectations or forecasts will be attained. Therefore, readers should be mindful that forward-looking statements are not guarantees of future performance and that they are subject to known and unknown risks and uncertainties that are difficult to predict. As more fully set forth herein under "Risk Factors" and under "Part I, Item 1A. Risk Factors" in our most recent Annual Report on Form 10-K, factors that may cause our actual results to differ materially from the expectations contained in the forward-looking statements include:

- (a) Changes in global, national and local economic conditions, including a prolonged period of weak economic growth;
- (b) Continued volatility in the capital markets, including changes in interest rates and the availability and cost of capital;
- (c) Our ability to manage our indebtedness level and changes in the terms of such indebtedness;
- (d) Changes in federal, state or local laws and regulations, including those affecting the healthcare industry that affect our costs of compliance or increase the costs, or otherwise affect the operations of our operators, tenants and borrowers;
- (e) The potential impact of future litigation matters, including the possibility of larger than expected litigation costs, adverse results and related developments;
- (f) Competition for tenants and borrowers, including with respect to new leases and mortgages and the renewal or rollover of existing leases;
- (g) Our ability to negotiate the same or better terms with new tenants or operators if existing leases are not renewed or we exercise our right to replace an existing operator or tenant upon default;
- (h) Availability of suitable properties to acquire at favorable prices and the competition for the acquisition and financing of those properties;
- (i) The financial, legal, regulatory and reputational difficulties of significant operators of our properties;
- (j) The risk that we may not be able to achieve the benefits of investments within expected time-frames or at all, or within expected cost projections;
- (k) The ability to obtain financing necessary to consummate acquisitions on favorable terms;

**RATIOS OF EARNINGS TO FIXED CHARGES AND PREFERRED STOCK DIVIDENDS**

The following table sets forth our ratios of earnings to fixed charges and our ratios of earnings to combined fixed charges and preferred stock dividends for the periods indicated. In computing the ratios of earnings to fixed charges, earnings have been based on consolidated pre-tax income from continuing operations before fixed charges (exclusive of capitalized interest). Fixed charges consist of interest on debt, including amounts capitalized, an estimate of interest in rental expense, and interest expense related to the guaranteed debt of the partnerships and limited liability companies in which we hold an interest. In computing the ratios of earnings to combined fixed charges and preferred stock dividends, preferred stock dividends consist of dividends on our 7.25% Series E Cumulative Redeemable Preferred Stock and 7.10% Series F Cumulative Redeemable Preferred Stock. In April 2012, we redeemed all of our 7.25% Series E Cumulative Redeemable Preferred Stock and 7.10% Series F Cumulative Redeemable Preferred Stock.

(1)

The unaudited pro forma condensed consolidated statement of income data used in the pro forma calculations for the year ended December 31, 2011 was prepared under the purchase method of accounting as if the acquisition of HCR Properties, Inc. ("HCR PropCo.") and the approximate 10% ownership interest in the operations of HCR ManorCare, Inc. had been completed on January 1, 2011. We have included this information only for purposes of illustration, and it does not necessarily indicate what the ratios would have been if the acquisitions had actually been completed on that date. Moreover, this information does not necessarily indicate what the future ratios of earnings to fixed charges will be.

**DESCRIPTION OF CAPITAL STOCK**

The following description summarizes the material provisions of the common stock and preferred stock we may offer. This description is not complete and is subject to, and is qualified in its entirety by reference to our charter and our bylaws and applicable provisions of the Maryland General Corporation Law, or the MGCL. The specific terms of any series of preferred stock will be described in the applicable prospectus supplement. Any series of preferred stock we issue will be governed by our charter and by the articles supplementary related to that series. We will file the articles supplementary with the SEC and incorporate it by reference as an exhibit to our registration statement at or before the time we issue any preferred stock of that series of authorized preferred stock.

Our authorized capital stock consists of 750,000,000 shares of common stock, par value \$1.00 per share, and 50,000,000 shares of preferred stock, par value \$1.00 per share. The following description does not contain all the information that might be important to you.

**Common Stock**

As of July 23, 2012, there were 429,523,697 shares of common stock outstanding. All shares of common stock participate equally in dividends payable to holders of common stock, when, as and if authorized by our board and declared by us, and in net assets available for distribution to holders of common stock on liquidation, dissolution, or winding up. Each outstanding share of common stock entitles the holder to one vote on all matters submitted to a vote of our stockholders. Holders of common stock do not have cumulative voting rights in the election of directors.

All issued and outstanding shares of common stock are, and the common stock offered by this prospectus will be upon issuance, validly issued, fully paid and nonassessable. Holders of common stock do not have preference, conversion, exchange or preemptive rights. The common stock is listed on The New York Stock Exchange (NYSE Symbol: HCP).

The Transfer Agent and Registrar for our common stock is Wells Fargo Shareowner Services.

**Preferred Stock**

Under our charter, our board is authorized without further stockholder action to establish and issue, from time to time, up to 50,000,000 shares of our preferred stock, in one or more series, with such designations, preferences, powers and relative participating, optional or other special rights, and the qualifications, limitations or restrictions thereon, including, but not limited to, dividend rights, dividend rate or rates, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), the redemption price or prices, and the liquidation preferences as shall be stated in the resolution providing for the issue of a series of such stock, adopted, at any time or from time to time, by our board. As of July 23, 2012 we had no shares of preferred stock outstanding.

The following description of the terms of the preferred stock sets forth certain general terms and provisions of the preferred stock to which any prospectus supplement may relate. The preferred stock shall have the dividend, liquidation, redemption and voting rights set forth below unless otherwise provided in a prospectus supplement relating to a particular series of the preferred stock. The terms of any particular series of preferred stock will be described in the prospectus supplement relating to that particular series of preferred stock, including:

the number of shares constituting the series and the distinctive designation thereof;

the voting rights, if any, of the series;

the rate of dividends payable on the series, the time or times when dividends will be payable, the preference to, or any relation to, the payment of dividends to any other class or series of stock and whether the dividends will be cumulative or non-cumulative;

Table of Contents

whether there shall be a sinking or similar fund for the purchase of shares of the series and, if so, the terms and provisions that shall govern the fund;

the rights of the holders of shares of the series upon our liquidation, dissolution or winding up;

the rights, if any, of holders of shares of the series to convert their shares into or to exchange the shares for, shares of any other class or classes or any other series of the same or of any other class or classes of stock of the corporation or any other securities, the price or prices or rate or rates of exchange, with such adjustments as shall be provided, at which the shares shall be convertible or exchangeable, whether such rights of conversion or exchange shall be exercisable at the option of the holder of the shares or upon the happening of a specified event and any other terms or conditions of such conversion or exchange; and

any other preferences, powers and relative participating, optional or other special rights and qualifications, limitations or restrictions of shares of the series.

The preferred stock will, when issued, be fully paid and nonassessable and will have no preemptive rights. Unless otherwise stated in a prospectus supplement relating to a particular series of preferred stock, each series of preferred stock will rank on a parity as to dividends and distributions of assets with each other series of preferred stock. The rights of the holders of each series of preferred stock will be subordinate to those of our general creditors.

***Dividend Rights of Preferred Stock***

Holders of shares of preferred stock of each series will be entitled to receive, when, as and if declared by our board of directors, out of funds legally available therefor, cash dividends on the dates and at rates as will be set forth in, or as are determined by the method described in, the prospectus supplement relating to the series of preferred stock. The rate may be fixed or variable or both. Each dividend will be payable to the holders of record as they appear on our stock books on the record dates fixed by our board of directors, as specified in the prospectus supplement relating to the series of preferred stock.

Dividends may be cumulative or noncumulative, as provided in the prospectus supplement relating to the series of preferred stock. If our board of directors fails to declare a dividend payable on a dividend payment date on any series of preferred stock for which dividends are noncumulative, then the holders of the series of preferred stock will have no right to receive a dividend in respect of the dividend period ending on the dividend payment date, and we will have no obligation to pay the dividend accrued for such period, whether or not dividends on the series are declared payable on any future dividend payment dates. Dividends on the shares of each series of preferred stock for which dividends are cumulative will accrue from the date on which we initially issue shares of the series.

So long as the shares of any series of preferred stock are outstanding, except as otherwise provided in the prospectus supplement relating to such series, we may not declare any dividends on our common stock or any other stock ranking as to dividends or distributions of assets junior to the series of preferred stock or make any payment on account of, or set apart money for, the purchase, redemption or other retirement of, or for a sinking or other analogous fund for, any shares of junior stock or make any distribution in respect thereof, whether in cash or property or in obligations or stock, other than junior stock which is neither convertible into, nor exchangeable or exercisable for, any securities other than junior stock:

unless, if the preferred stock is cumulative, full dividends for prior dividend periods shall have been paid or declared and set apart for payment on all outstanding shares of preferred stock of the series and all other series of our preferred stock (other than junior stock); and

Table of Contents

unless we are not in default or in arrears with respect to the mandatory or optional redemption or mandatory repurchase or other mandatory retirement of, or with respect to any sinking or other analogous fund for, any shares of preferred stock of the series or any shares of any other series of our preferred stock (other than junior stock).

***Liquidation Preference***

In the event of any liquidation, dissolution or winding up of us, voluntary or involuntary, the holders of each series of the preferred stock will be entitled to receive out of our assets legally available for distribution to stockholders, before any distribution of assets or payment is made to the holders of common stock or any other shares of our stock ranking junior as to such distribution or payment to such series of preferred stock, the amount set forth in the prospectus supplement relating to such series of preferred stock. If, upon any voluntary or involuntary liquidation, dissolution or winding up of us, the amounts payable with respect to the preferred stock of any series and any other shares of preferred stock (including any other series of the preferred stock) ranking as to any such distribution on a parity with such series of preferred stock are not paid in full, the holders of the preferred stock of such series and of such other shares of preferred stock will share ratably in any such distribution of our assets in proportion to the full respective preferential amounts to which they are entitled. After payment to the holders of the preferred stock of each series of the full preferential amounts of the liquidating distribution to which they are entitled, the holders of each such series of preferred stock will be entitled to no further participation in any distribution of our assets.

If such payment shall have been made in full to all holders of shares of preferred stock, our remaining assets will be distributed among the holders of any other classes of stock ranking junior to the preferred stock upon liquidation, dissolution or winding up, according to their respective rights and preferences and in each case according to their respective number of shares. For such purposes, our consolidation or merger with or into any other corporation, or the sale, lease or conveyance of all or substantially all of our property or business, shall not be deemed to constitute a liquidation, dissolution or winding up of us.

In determining whether a distribution (other than upon voluntary or involuntary liquidation) by dividend, redemption or other acquisition of shares of our stock or otherwise is permitted under the MGCL, no effect shall be given to amounts that would be needed, if we would be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of holders of shares of our stock whose preferential rights upon dissolution are superior to those receiving the distribution.

***Redemption***

A series of preferred stock may be redeemable, in whole or from time to time in part, at our option, and may be subject to mandatory redemption pursuant to a sinking fund or otherwise, in each case upon terms, at the times and at the redemption prices set forth in the prospectus supplement relating to such series. Shares of the preferred stock redeemed by us will be restored to the status of authorized but unissued shares of preferred stock.

In the event that fewer than all of the outstanding shares of a series of the preferred stock are to be redeemed, whether by mandatory or optional redemption, the number of shares to be redeemed will be determined by lot or pro rata (subject to rounding to avoid fractional shares) as may be determined by us or by any other method as may be determined by us in our sole discretion to be equitable. From and after the redemption date (unless default shall be made by us in providing for the payment of the redemption price plus accumulated and unpaid dividends, if any), dividends shall cease to accumulate on the shares of the preferred stock called for redemption and all rights of the holders thereof (except the right to receive the redemption price plus accumulated and unpaid dividends, if any) shall cease.

Table of Contents

So long as any dividends on shares of any series of preferred stock or any other series of preferred stock ranking on a parity as to dividends and distributions of assets with such series of preferred stock are in arrears, no shares of any such series of the preferred stock or such other series of preferred stock will be redeemed (whether by mandatory or optional redemption) unless all such shares are simultaneously redeemed, and we will not purchase or otherwise acquire any such shares. However, the foregoing will not prevent the purchase or acquisition of such shares of preferred stock of such series or of shares of such other series of preferred stock in order to ensure that we continue to meet the requirements for qualification as a REIT for federal and state income tax purposes or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of preferred stock of such series and, unless the full cumulative dividends on all outstanding shares of any cumulative preferred stock of such series and any other stock ranking on a parity with such series as to dividends and upon liquidation shall have been paid or contemporaneously are declared and paid for all past dividend periods, we will not purchase or otherwise acquire directly or indirectly any shares of preferred stock of such series (except by conversion into or exchange for our stock) ranking junior to the preferred stock of such series as to dividends and upon liquidation.

Notice of redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of record of shares of preferred stock to be redeemed at the address shown on our stock transfer books. After the redemption date, dividends will cease to accrue on the shares of preferred stock called for redemption and all rights of the holders of such shares will terminate, except the right to receive the redemption price without interest plus accumulated and unpaid dividends, if any.

***Conversion Rights***

The terms, if any, on which shares of preferred stock of any series may be exchanged for or converted (mandatorily or otherwise) into shares of common stock or another series of preferred stock (or any other securities) will be set forth in the prospectus supplement relating thereto.

***Voting Rights***

Except as indicated below or in a prospectus supplement relating to a particular series of preferred stock, the holders of the preferred stock will not be entitled to vote for any purpose.

So long as any shares of preferred stock remain outstanding, we will not, without the consent or the affirmative vote of the holders of two-thirds of the shares of each series of preferred stock outstanding at the time given in person or by proxy, either in writing or at a meeting (such series voting separately as a class):

authorize, create or issue, or increase the authorized or issued amount of, any series of stock ranking prior to such series of preferred stock with respect to payment of dividends, or the distribution of assets on liquidation, dissolution or winding up or reclassifying any of our authorized stock into any such shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or

repeal, amend or otherwise change any of the provisions of our charter applicable to the preferred stock of such series in any manner which materially and adversely affects the powers, preferences, voting power or other rights or privileges of such series of preferred stock or the holders thereof; provided, however, that any increase in the amount of the authorized preferred stock or the creation or issuance of other series of preferred stock, or any increase in the amount of authorized shares of such series or of any other series of preferred stock, in each case ranking on a parity with or junior to the preferred stock of such series, shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting powers.

Table of Contents

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding shares of the preferred stock shall have been redeemed or called for redemption and sufficient funds shall have been deposited in trust to effect such redemption.

**Transfer and Ownership Restrictions Relating to our Common Stock**

Our charter contains restrictions on the ownership and transfer of our voting stock that are intended to assist us in complying with the requirements to continue to qualify as a REIT. Subject to limited exceptions, no person or entity may own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Internal Revenue Code, more than 9.8% (by number or value, whichever is more restrictive) of the outstanding shares of our common stock. Our board may, but is in no event required to, waive the applicable ownership limit with respect to a particular stockholder if it determines that such ownership will not jeopardize our status as a REIT and our board otherwise decides such action would be in our best interests.

These charter provisions further prohibit:

any person from actually or constructively owning shares of our stock that would result in our being "closely held" under Section 856(h) of the Internal Revenue Code or otherwise cause us to fail to qualify as a real estate investment trust (including but not limited to ownership that would result in us owning, actually or constructively, an interest in a tenant as described in Section 856(d)(2)(B) of the Internal Revenue Code if the income derived by us, either directly or indirectly, from such tenant would cause us to fail to satisfy any of the gross income requirements of Section 856(c) of the Internal Revenue Code); and

any person from transferring shares of our capital stock if such transfer would result in shares of our stock being beneficially owned by fewer than 100 persons (determined without reference to any rules of attribution).

Any person who acquires or attempts or intends to acquire actual or constructive ownership of shares of our stock that will or may violate any of these restrictions on ownership and transfer is required to give notice immediately to us and provide us with such other information as we may request in order to determine the effect of the transfer on our status as a REIT. Under our charter, if any purported transfer of our stock or any other event would otherwise result in any person violating the applicable ownership limit or such other limit as permitted by our board, then any such purported transfer is void and of no force or effect with respect to the purported transferee as to that number of shares of our stock in excess of the ownership limit or such other limit, and the transferee will acquire no right or interest in such excess shares. Any excess shares described above are transferred automatically, by operation of law, to a trust, the beneficiary of which is a qualified charitable organization selected by us. Such automatic transfer will be deemed to be effective as of the close of business on the business day prior to the date of such violative transfer. Within 20 days of receiving notice from us of the transfer of shares to the trust, the trustee of the trust is required to sell the excess shares to a person or entity who could own the shares without violating the applicable ownership limit, or such other limit as permitted by our board, and distribute to the prohibited transferee an amount equal to the lesser of the price paid by the prohibited transferee for the excess shares or the sales proceeds received by the trust for the excess shares. Any proceeds in excess of the amount distributable to the prohibited transferee are distributed to the beneficiary of the trust. Prior to a sale of any such excess shares by the trust, the trustee is entitled to receive, in trust for the beneficiary, all dividends and other distributions paid by us with respect to such excess shares, and also is entitled to exercise all voting rights with respect to such excess shares.

Table of Contents

Subject to Maryland law, effective as of the date that such shares have been transferred to the trust, the trustee will have the authority, at the trustee's sole discretion:

to rescind as void any vote cast by a prohibited transferee prior to the discovery by us that the shares have been transferred to the trust; or

to recast such vote in accordance with the desires of the trustee acting for the benefit of the beneficiary of the trust.

However, if we have already taken irreversible corporate action, then the trustee will not have the authority to rescind and recast such vote. Any dividend or other distribution paid to the prohibited transferee, prior to the discovery by us that such shares had been automatically transferred to a trust as described above, are required to be repaid to the trustee upon demand for distribution to the beneficiary of the trust. In the event that the transfer to the trust as described above is not automatically effective, for any reason, to prevent violation of the ownership limit or such other limit as permitted by our board, then our charter provides that the transfer of the excess shares is void ab initio.

In addition, shares of common stock held in the trust shall be deemed to have been offered for sale to us, or our designee, at a price per share equal to the lesser of:

the price per share in the transaction that resulted in such transfer to the trust or, in the case of a devise or gift, the market price at the time of such devise or gift; and

the market price on the date we, or our designee, accepted the offer.

We will have the right to accept the offer until the trustee has sold the shares of stock held in the trust. Upon a sale to us, the interest of the beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the prohibited transferee.

If any purported transfer of shares of common stock would cause us to be beneficially owned by fewer than 100 persons, such transfer will be null and void ab initio in its entirety and the intended transferee will acquire no rights to the stock.

All certificates representing shares of common stock bear a legend referring to the restrictions described above. The foregoing ownership limitations could delay, defer or prevent a transaction or a change in control of us that might involve a premium price for the common stock or otherwise be in the best interest of our stockholders.

In addition, if our board of directors shall, at any time and in good faith, be of the opinion that direct or indirect ownership of at least 9.9% of the voting shares of capital stock has or may become concentrated in the hands of one beneficial owner, it shall have the power:

by lot or other means deemed equitable by it to call for the purchase from any stockholder of a number of voting shares sufficient, in the opinion of our board of directors, to maintain or bring the direct or indirect ownership of voting shares of capital stock of the beneficial owner to a level of no more than 9.9% of our outstanding voting shares; and

to refuse to transfer or issue voting shares of capital stock to any person whose acquisition of such voting shares would, in the opinion of the board of directors, result in the direct or indirect ownership by that person of more than 9.9% of the outstanding voting shares of our capital stock.

If our board of directors fails to grant an exemption from this 9.9% ownership limitation, then the transfer of shares, options, warrants, or other securities convertible into voting shares that would create a beneficial owner of more than 9.9% of the outstanding voting shares shall be deemed void ab initio, and the intended transferee shall be deemed never to have had an interest in the transferred securities. The purchase price for any voting shares of capital stock so redeemed shall be equal to the fair market value of the shares reflected in the closing sales price for the shares, if then listed on a national

Table of Contents

securities exchange, or the average of the closing sales prices for the shares if then listed on more than one national securities exchange, or if the shares are not then listed on a national securities exchange, the latest bid quotation for the shares if then traded over-the-counter, on the last business day immediately preceding the day on which we send notices of such acquisitions, or, if no such closing sales prices or quotations are available, then the purchase price shall be equal to the net asset value of such stock as determined by the board of directors in accordance with the provisions of applicable law. From and after the date fixed for purchase by the board of directors, the holder of any shares so called for purchase shall cease to be entitled to distributions, voting rights and other benefits with respect to such shares, except the right to payment of the purchase price for the shares.

**Business Combination Provisions**

Our charter requires that, except in some circumstances, "business combinations" between us and a beneficial holder of 10% or more of our outstanding voting stock (a "Related Person") be approved by the affirmative vote of at least 90% of our outstanding voting shares. A "business combination" is defined in our charter as:

any merger or consolidation with or into a Related Person;

any sale, lease, exchange, transfer or other disposition, including without limitation a mortgage or any other security device, of all or any "Substantial Part" (as defined below) of our assets, including any voting securities of a subsidiary, to a Related Person;

any merger or consolidation of a Related Person with or into us;

any sale, lease, exchange, transfer or other disposition of all or any Substantial Part of the assets of a Related Person to us;

the issuance of any of our securities, other than by way of pro rata distribution to all stockholders, to a Related Person; and

any agreement, contract or other arrangement providing for any of the transactions described above.

The term "Substantial Part" means more than 10% of the book value of our total assets as of the end of our most recent fiscal year ending prior to the time the determination is being made.

In addition to the restrictions on business combinations contained in our charter, Maryland law also contains restrictions on business combinations. See "Certain Provisions of Maryland Law and HCP's Charter and Bylaws Business Combinations."

The foregoing provisions may have the effect of discouraging unilateral tender offers or other takeover proposals which stockholders might deem to be in their interests or in which they might receive a substantial premium. The HCP board's authority to issue and establish the terms of currently authorized preferred stock, without stockholder approval, may also have the effect of discouraging takeover attempts. See " Preferred Stock."

The foregoing provisions could also have the effect of insulating current management against the possibility of removal and could, by possibly reducing temporary fluctuations in market price caused by accumulations of shares of our common stock, deprive stockholders of opportunities to sell at a temporarily higher market price. Our board believes, however, that inclusion of the business combination provisions in our charter may help assure fair treatment of our stockholders and preserve our assets.

**Transfer and Ownership Restrictions Relating to our Preferred Stock**

Our charter may contain restrictions on the ownership and transfer of preferred stock that are intended to assist us in complying with the requirements to maintain its status as a REIT. Subject to

Table of Contents

limited exceptions, unless otherwise provided in a prospectus supplement relating to a particular series of the preferred stock, no person or entity may own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Internal Revenue Code, more than 9.8% (by number or value, whichever is more restrictive) of the outstanding shares of such series of preferred stock. Our board of directors may, but in no event will be required to, waive the applicable ownership limit with respect to a particular stockholder if it determines that such ownership will not jeopardize our status as a REIT and our board of directors otherwise decides such action would be in our best interests. The mechanics for the ownership limits on our preferred stock will be similar to the mechanics related to our common stock, as described in "Transfer and Ownership Restrictions Relating to our Common Stock" above, unless otherwise provided in a prospectus supplement relating to a particular series of the preferred stock.

## DESCRIPTION OF DEPOSITARY SHARES

### General

We may offer fractional shares of preferred stock, rather than full shares of preferred stock. If we do so, we may issue receipts for depositary shares that each represent a fraction of a share of a particular series of preferred stock. The prospectus supplement will indicate that fraction. The shares of preferred stock represented by depositary shares will be deposited under one or more depositary agreement between us and a bank or trust company that meets certain requirements and is selected by us (the "bank depositary"). Each owner of a depositary share will be entitled to all the rights and preferences of the preferred stock represented by the depositary share. The depositary shares will be evidenced by depositary receipts issued pursuant to the depositary agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of preferred stock in accordance with the terms of the offering.

We have summarized some common provisions of a depositary agreement and the related depositary receipts. The description in the applicable prospectus supplement of any depositary shares we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable depositary agreement and the depositary receipts relating to any particular issue of depositary shares, which will be filed with the SEC if we offer depositary shares. For more information on how you can obtain copies of any depositary agreement and the depositary receipts if we offer depositary shares, see "Where You Can Find More Information." We urge you to read the applicable depositary agreement and the depositary receipts relating to any particular issue of depositary shares and any applicable prospectus supplement in their entirety.

### Dividends and Other Distributions

If we pay a cash distribution or dividend on a series of preferred stock represented by depositary shares, the bank depositary will distribute such dividends to the record holders of such depositary shares. If the distributions are in property other than cash, the bank depositary will distribute the property to the record holders of the depositary shares. However, if the bank depositary determines that it is not feasible to make the distribution of property, the bank depositary may, with our approval, sell such property and distribute the net proceeds from such sale to the record holders of the depositary shares.

### Redemption of Depositary Shares

If we redeem a series of preferred stock represented by depositary shares, the bank depositary will redeem the depositary shares from the proceeds received by the bank depositary in connection with the redemption. The redemption price per depositary share will equal the applicable fraction of the redemption price per share of the preferred stock. If fewer than all the depositary shares are

Table of Contents

redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as the bank depositary may determine.

**Voting the Preferred Stock**

Upon receipt of notice of any meeting at which the holders of the preferred stock represented by depositary shares are entitled to vote, the bank depositary will mail the notice to the record holders of the depositary shares relating to such preferred stock. Each record holder of these depositary shares on the record date, which will be the same date as the record date for the preferred stock, may instruct the bank depositary as to how to vote the preferred stock represented by such holder's depositary shares. The bank depositary will endeavor, insofar as practicable, to vote the amount of the preferred stock represented by such depositary shares in accordance with such instructions, and we will take all action that the bank depositary deems necessary in order to enable the bank depositary to do so. The bank depositary will abstain from voting shares of the preferred stock to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred stock.

**Amendment and Termination of the Depositary Agreement**

The form of depositary receipt evidencing the depositary shares and any provision of the depositary agreement may be amended by agreement between the bank depositary and us. However, any amendment that materially and adversely alters the rights of the holders of depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. The depositary agreement may be terminated by the bank depositary or us only if (i) all outstanding depositary shares have been redeemed or (ii) there has been a final distribution in respect of the preferred stock in connection with any liquidation, dissolution or winding up of our Company and such distribution has been distributed to the holders of depositary receipts.

**Charges of Bank Depositary**

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the bank depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary receipts will pay other transfer and other taxes and governmental charges and any other charges, including a fee for the withdrawal of shares of preferred stock upon surrender of depositary receipts, as are expressly provided in the depositary agreement.

**Withdrawal of Preferred Stock**

Except as may be provided otherwise in the applicable prospectus supplement, upon surrender of depositary receipts at the principal office of the bank depositary, subject to the terms of the depositary agreement, the owner of the depositary shares may demand delivery of the number of whole shares of preferred stock and all money and other property, if any, represented by those depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the bank depositary will deliver to such holder at the same time a new depositary receipt evidencing the excess number of depositary shares. Holders of preferred stock thus withdrawn may not thereafter deposit those shares under the depositary agreement or receive depositary receipts evidencing depositary shares therefor.

**Miscellaneous**

The bank depositary will forward to holders of depositary receipts all reports and communications from us that are delivered to the bank depositary and that we are required to furnish to the holders of the preferred stock.

Table of Contents

Neither the bank depositary nor we will be liable if we are prevented or delayed by law or any circumstance beyond our control in performing our obligations under the depositary agreement. The obligations of the bank depositary and us under the depositary agreement will be limited to performance in good faith of our duties thereunder, and we will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We may rely upon written advice of counsel or accountants, or upon information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

**Resignation and Removal of Bank Depositary**

The bank depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the bank depositary. Any such resignation or removal will take effect upon the appointment of a successor bank depositary and its acceptance of such appointment. The successor bank depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company meeting the requirements of the depositary agreement.

**DESCRIPTION OF THE DEBT SECURITIES**

We may offer debt securities, which may be senior debt securities or subordinated debt securities and may be convertible or non-convertible, as well as secured or unsecured.

The following description briefly sets forth certain general terms and provisions of the debt securities. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which these general provisions may apply to the debt securities, will be described in the applicable prospectus supplement. Unless otherwise specified in the applicable prospectus supplement, our debt securities will be issued in one or more series under an indenture to be entered into between us and The Bank of New York Mellon Trust Company, N.A. A form of the indenture is attached as an exhibit to the registration statement of which this prospectus forms a part. The terms of the debt securities will include those set forth in the indenture and those made a part of the indenture by the Trust Indenture Act of 1939 (the "TIA"). You should read the summary below, the applicable prospectus supplement and the provisions of the indenture and supplemental indenture and/or officer's certificate, if any, in their entirety before investing in our debt securities. See "Where You Can Find More Information."

### **General**

We may sell the debt securities, including original issue discount securities, at par or at a substantial discount below their stated principal amount. Unless we inform you otherwise in a

Table of Contents

prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series or any other series outstanding at the time of issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, may constitute a single series of securities under the indenture.

We will describe in the applicable prospectus supplement any other special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars. In addition, debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. We will describe in the applicable prospectus supplement information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked.

United States federal income tax consequences and special considerations, if any, applicable to any such series will be described in the applicable prospectus supplement. Unless we inform you otherwise in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange.

We expect most debt securities to be issued in fully registered form without coupons and in denominations of \$2,000 and any integral multiples of \$1,000 in excess thereof. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the designated corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

**Global Securities**

Unless we inform you otherwise in the applicable prospectus supplement, the debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depository for such global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by such depository or any such nominee to a successor of such depository or a nominee of such successor. The specific terms of the depository arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

**Governing Law**

The indenture and the debt securities shall be construed in accordance with and governed by the laws of the State of New York.

**DESCRIPTION OF WARRANTS**

We may issue warrants for the purchase of debt securities, preferred stock, common stock or other securities. We may issue warrants independently or together with any offered securities. The warrants may be attached to or separate from those offered securities. We will issue the warrants under one or more warrant agreements to be entered into between us and a warrant agent to be named in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the

warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The prospectus supplement relating to any warrants that we may offer will contain the specific terms of the warrants. These terms may include the following:

the title of the warrants;

the price or prices at which the warrants will be issued;

the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each other security;

the aggregate number of warrants;

any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;

the price or prices at which the securities purchasable upon exercise of the warrants may be purchased;

if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;

a discussion of any material U.S. federal income tax considerations applicable to the exercise of the warrants;

the date on which the right to exercise the warrants will commence, and the date on which the right will expire;

the maximum or minimum number of warrants that may be exercised at any time;

information with respect to book-entry procedures, if any; and

any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

**Exercise of Warrants**

Each warrant will entitle the holder of the warrant to purchase for cash the amount of debt securities, preferred stock, common stock or other securities at the exercise price stated or determinable in the applicable prospectus supplement for the warrants. Warrants may be exercised at any time up to the close of business on the expiration date shown in the applicable prospectus supplement, unless otherwise specified in such prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void. Warrants may be exercised as described in the applicable prospectus supplement. When the warrant holder makes the payment and properly completes and signs the warrant certificate at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as

## Edgar Filing: HCP, INC. - Form 424B5

possible, forward the debt securities, preferred stock, common stock or other securities that the warrant holder has purchased. If the warrant holder exercises the warrant for less than all of the warrants represented by the warrant certificate, we will issue a new warrant certificate for the remaining warrants.

The description in the applicable prospectus supplement of any warrants we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable warrant agreement and warrant certificate, which will be filed with the SEC if we offer warrants. For more information on how you can obtain copies of any warrant certificate or warrant agreement if we offer warrants, see "Where You Can Find More Information." We urge you to read the applicable warrant certificate, the applicable warrant agreement and any applicable prospectus supplement in their entirety.

Table of Contents

**CERTAIN PROVISIONS OF MARYLAND LAW AND HCP'S CHARTER AND BYLAWS**

The following paragraphs summarize certain provisions of Maryland law and of our charter and bylaws. This is a summary, and does not completely describe Maryland law, our charter or our bylaws. For a complete description, we refer you to the MGCL, our charter and our bylaws. We have incorporated by reference our charter and bylaws as exhibits to the registration statement of which this prospectus is a part.

**Election of Directors**

Our bylaws provide that our board of directors may establish, increase or decrease the number of directors, provided that the number thereof shall never be less than three nor more than eleven. Our bylaws also provide for the election of directors, in uncontested elections, by a majority of the votes cast. In contested elections, the election of directors shall be by a plurality of the votes cast. Holders of common stock have no right to cumulative voting for the election of directors. Consequently, at each annual meeting of stockholders, the holders of a majority of the outstanding shares of our common stock can elect all of our directors. A vacancy resulting from an increase in the number of directors may be filled by a majority vote of the entire board of directors or by the affirmative vote of the holders of a majority of our shares then entitled to vote at an election of directors. Other vacancies may be filled by the vote of a majority of the remaining directors.

**Removal of Directors**

Our charter provides that a director of ours may be removed by the affirmative vote of the holders of two-thirds of the outstanding shares of our voting stock or by a unanimous vote of all other directors. Our stockholders may elect a successor to fill any vacancy which results from the removal of a director.

**Business Combinations**

Under Maryland law, "business combinations" between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, share exchange, or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested stockholder is defined as:

any person who beneficially owns ten percent or more of the voting power of the corporation's shares; or

an affiliate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of ten percent or more of the voting power of the then outstanding voting stock of the corporation.

After the five-year prohibition, any business combination between the Maryland corporation and an interested stockholder generally must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and

two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected or which are held by an affiliate or associate of the interested stockholder.

Table of Contents

These super-majority vote requirements do not apply if the corporation's common stockholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares. None of these provisions of the Maryland law will apply, however, to business combinations that are approved or exempted by the board of directors of the corporation prior to the time that the interested stockholder becomes an interested stockholder.

In addition to the restrictions on business combinations provided under Maryland law, our charter also contains restrictions on business combinations. See "Description of Capital Stock Business Combination Provisions."

**Control Share Acquisitions**

Maryland law provides that "control shares" of a Maryland corporation acquired in a "control share acquisition" have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter. Shares of stock owned by the acquiror, by officers or by directors who are employees of the corporation are excluded from shares entitled to vote on the matter. "Control shares" are voting shares of stock which, if aggregated with all other shares of stock owned by the acquiror or shares of stock for which the acquiror is able to exercise or direct the exercise of voting power except solely by virtue of a revocable proxy, would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third;

one-third or more but less than a majority; or

a majority or more of all voting power.

Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. Except as otherwise specified in the statute, a "control share acquisition" means the acquisition of control shares.

Once a person who has made or proposes to make a control share acquisition has undertaken to pay expenses and satisfied other conditions, the person may compel the board of directors to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then the corporation may be able to redeem any or all of the control shares for fair value, except for control shares for which voting rights previously have been approved. The right of the corporation to redeem control shares is subject to certain conditions and limitations. Fair value is determined without regard to the absence of voting rights for control shares, as of the date of the last control share acquisition by the acquiror or of any meeting of stockholders at which the voting rights of control shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of these appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition. Some of the limitations and restrictions otherwise applicable to the exercise of dissenters' rights do not apply in the context of a control share acquisition.

The control share acquisition statute does not apply to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or to acquisitions approved or exempted by the charter or bylaws of the corporation. Our bylaws contain a provision exempting

Table of Contents

acquisitions of shares of our stock from the control share acquisition statute. However, our board of directors may amend our bylaws in the future to repeal or modify this exemption, in which case any control shares of our company acquired in a control share acquisition will be subject to the control share acquisition statute.

**Unsolicited Takeovers**

Under Maryland law, a Maryland corporation with a class of equity securities registered under the Securities Exchange Act of 1934, as amended, and at least three independent directors may elect to be subject to certain statutory provisions relating to unsolicited takeovers which, among other things, would automatically classify the board of directors into three classes with staggered terms of three years each and vest in the board of directors the exclusive right to determine the number of directors and the exclusive right, by the affirmative vote of a majority of the remaining directors, to fill vacancies on the board of directors, even if the remaining directors do not constitute a quorum. These statutory provisions relating to unsolicited takeovers also provide that any director elected to fill a vacancy shall hold office for the remainder of the full term of the class of directors in which the vacancy occurred, rather than the next annual meeting of directors as would otherwise be the case, and until his successor is elected and qualified.

An election to be subject to any or all of the foregoing statutory provisions may be made in our charter or bylaws, or by resolution of our board of directors without stockholder approval. Any such statutory provision to which we elect to be subject will apply even if other provisions of Maryland law or our charter or bylaws provide to the contrary. Neither our charter nor our bylaws provides that we are subject to any of the foregoing statutory provisions relating to unsolicited takeovers. However, our board of directors could adopt a resolution, without stockholder approval, to elect to become subject to some or all of these statutory provisions.

If we made an election to be subject to such statutory provisions and our board of directors were divided into three classes with staggered terms of office of three years each, the classification and staggered terms of office of our directors would make it more difficult for a third party to gain control of our board of directors since at least two annual meetings of stockholders, instead of one, generally would be required to effect a change in the majority of our board of directors.

**Amendments to the Charter**

Provisions of our charter on business combinations, the number of directors and certain ownership restrictions may be amended only if approved by our board of directors and by our stockholders by the affirmative vote of two-thirds of all of the votes entitled to be cast by our stockholders on the matter. Other amendments to our charter require approval by our board of directors and approval by our stockholders by the affirmative vote of a majority of all the votes entitled to be cast by our stockholders on the matter.

**Amendment to the Bylaws**

Provisions of our bylaws on the number of directors, in certain circumstances, and the vote required to amend the bylaws may be amended only by unanimous vote of the board of directors or by the affirmative vote of not less than 90% of all of the votes entitled to be cast by our stockholders on the matter. Other amendments to our bylaws require the affirmative vote of a majority of the entire board of directors or the affirmative vote of two-thirds of all of the votes entitled to be cast by our stockholders on the matter.

Table of Contents

**Dissolution of HCP, Inc.**

Our dissolution must be approved by our board of directors by a majority vote of the entire board and by our stockholders by the affirmative vote of a majority of all the votes entitled to be cast by our stockholders on the matter.

**Advance Notice of Director Nominations and New Business; Procedures of Special Meetings Requested by Stockholders**

Our bylaws provide that nominations of persons for election to the board of directors and the proposal of business to be considered by stockholders at the annual or special meeting of stockholders may be made only:

pursuant to our notice of the meeting;

by or at the direction of the board of directors; or

by a stockholder who was a stockholder at the time the notice of meeting was given and is entitled to vote at the meeting and who has complied with the advance notice procedures, including the minimum time period, described in the bylaws.

Our bylaws also provide that only the business specified in our notice of meeting may be brought before a special meeting of stockholders. Our bylaws provide that our stockholders have the right to call a special meeting only upon the written request of the stockholders holding in the aggregate not less than 50% of the outstanding shares entitled to vote on the business proposed to be transacted at such meeting.

**Anti-Takeover Effect of Provisions of Maryland Law and of the Charter and Bylaws**

The provisions in the charter on removal of directors and business combinations, the business combinations and control share acquisition provisions of Maryland law, the unsolicited takeover provisions of Maryland law (if we elect to become subject to such provisions), the advance notice provisions of our bylaws and the provisions of our bylaws relating to stockholder-requested special meetings may delay, defer or prevent a change of control or other transaction in which holders of some, or a majority, of the common stock might receive a premium for their common stock over the then prevailing market price or which such holders might believe to be otherwise in their best interests.

**Limitation of Liability and Indemnification**

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages. However, a Maryland corporation may not limit liability resulting from actual receipt of an improper benefit or profit in money, property or services. Also, liability resulting from active and deliberate dishonesty may not be eliminated if a final judgment establishes that the dishonesty is material to the cause of action. Our charter contains a provision which limits the liability of directors and officers for money damages to the maximum extent permitted by Maryland law. This provision does not limit our right or that of our stockholders to obtain equitable relief, such as an injunction or rescission.

Our bylaws obligate us, to the maximum extent permitted by Maryland law, to indemnify and, without requiring a preliminary determination as to the ultimate entitlement to indemnification, to pay or reimburse reasonable expenses before final disposition of a proceeding to:

any present or former director or officer who is made a party to the proceeding by reason of his service in that capacity; or

Table of Contents

any individual who, while one of our directors or officers and at our request, serves or has served another corporation, partnership, joint venture, trust, employee benefit plan or any other enterprise as a director, officer, partner or trustee of such corporation, partnership, joint venture, trust, employee benefit plan, or other enterprise and who is made a party to the proceeding by reason of his service in that capacity.

The bylaws authorize us, with the approval of our board of directors, to provide indemnification and advancement of expenses to our agents and employees.

Unless limited by a corporation's charter, Maryland law requires a corporation to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he is made a party by reason of his service in that capacity, or in the defense of any claim, issue or matter in the proceeding. Our charter does not alter this requirement.

Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against:

judgments;

penalties;

finest;

settlements; and

reasonable expenses actually incurred by them in connection with any proceeding to which they may be made a party by reason of their service in those or other capacities.

Maryland law does not permit a corporation to indemnify its present and former directors and officers if it is established that:

the act or omission of the director or officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty;

the director or officer actually received an improper personal benefit in money, property or services; or

in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

Under Maryland law, a Maryland corporation generally may not indemnify for an adverse judgment in a suit by or in the right of the corporation. Also, a Maryland corporation generally may not indemnify for a judgment of liability on the basis that personal benefit was improperly received. In either of these cases, a Maryland corporation may indemnify for expenses only if a court so orders.

Maryland law permits a corporation to advance reasonable expenses to a director or officer. First, however, the corporation must receive a written affirmation by the director or officer of his good faith belief that he has met the standard of conduct necessary for indemnification by the corporation. The corporation must also receive a written undertaking, either by the director or officer or on his behalf, to repay the amount paid or reimbursed by the corporation if it shall ultimately be determined that the standard of conduct was not met. The termination of any proceeding by conviction, or upon a plea of nolo contendere or its equivalent, or an entry of any order of probation prior to judgment, creates a rebuttable presumption that the director or officer did not meet the requisite standard of conduct required for indemnification to be permitted.

Edgar Filing: HCP, INC. - Form 424B5

It is the position of the Commission that indemnification of directors and officers for liabilities arising under the Securities Act is against public policy and is unenforceable pursuant to Section 14 of the Securities Act.

**Taxation of the Company**

*General*

We elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code, commencing with our taxable year ended December 31, 1985. We believe we have been organized and have operated in a manner which allows us to qualify for taxation as a REIT under the Internal Revenue Code commencing with our taxable year ended December 31, 1985. We currently intend to continue to be organized and operate in this manner. However, qualification and taxation as a REIT depend upon our ability to meet the various qualification tests imposed under the Internal Revenue Code, including through actual annual operating results, asset composition, distribution levels and diversity of stock ownership. Accordingly, no assurance can be given that we have been organized and have operated, or will continue to be organized and operate, in a manner so as to qualify or remain qualified as a REIT. See " Failure to Qualify."

## Edgar Filing: HCP, INC. - Form 424B5

The sections of the Internal Revenue Code and the corresponding Treasury Regulations that relate to the qualification and taxation as a REIT are highly technical and complex. The following sets forth the material aspects of the sections of the Internal Revenue Code that govern the United States federal income tax treatment of a REIT and its stockholders. This summary is qualified in its entirety by the applicable Internal Revenue Code provisions, Treasury Regulations, and related administrative and judicial interpretations thereof. Skadden, Arps, Slate, Meagher & Flom LLP has acted as our tax counsel in connection with this prospectus and our election to be taxed as a REIT.

Skadden, Arps, Slate, Meagher & Flom LLP has rendered an opinion to us to the effect that, commencing with our taxable year ended December 31, 1985, we have been organized and have operated in conformity with the requirements for qualification and taxation as a REIT, and that our

proposed method of operation will enable us to continue to meet the requirements for qualification and taxation as a REIT under the Internal Revenue Code. It must be emphasized that this opinion was based on various assumptions and representations as to factual matters, including representations made by us in factual certificates provided by one or more of our officers. In addition, this opinion was based upon our factual representations set forth in this prospectus. Moreover, our qualification and taxation as a REIT depend upon our ability to meet the various qualification tests imposed under the Internal Revenue Code which are discussed below, including through actual annual operating results, asset composition, distribution levels and diversity of stock ownership, all of the results of which have not been and will not be reviewed by Skadden, Arps, Slate, Meagher & Flom LLP. Accordingly, no assurance can be given that our actual results of operation for any particular taxable year have satisfied or will satisfy those requirements. See " Failure to Qualify." Further, the anticipated income tax treatment described in this prospectus may be changed, perhaps retroactively, by legislative, administrative or judicial action at any time. Skadden, Arps, Slate, Meagher & Flom LLP has no obligation to update its opinion subsequent to its date.

Provided we qualify for taxation as a REIT, we generally will not be required to pay United States federal corporate income taxes on our REIT taxable income that is currently distributed to our stockholders. This treatment substantially eliminates the "double taxation" that ordinarily results from investment in a C corporation. A C corporation is a corporation that is generally required to pay tax at the corporate-level. Double taxation generally means taxation that occurs once at the corporate level when income is earned and once again at the stockholder level when the income is distributed. We will be required to pay United States federal income tax, however, as follows:

We will be required to pay tax at regular corporate tax rates on any undistributed REIT taxable income, including undistributed net capital gains.

We may be required to pay the "alternative minimum tax" on our items of tax preference under some circumstances.

If we have: (a) net income from the sale or other disposition of "foreclosure property" which is held primarily for sale to customers in the ordinary course of business; or (b) other nonqualifying income from foreclosure property, we will be required to pay tax at the highest corporate rate on this income. Foreclosure property generally is defined as property we acquired through foreclosure or after a default on a loan secured by the property or a lease of the property and for which an election is in effect.

We will be required to pay a 100% tax on any net income from prohibited transactions. Prohibited transactions are, in general, sales or other taxable dispositions of property, other than foreclosure property, held as inventory or primarily for sale to customers in the ordinary course of business.

If we fail to satisfy the 75% gross income test or the 95% gross income test, as described below, but have otherwise maintained our qualification as a REIT because certain other requirements are met, we will be required to pay a tax equal to (a) the greater of (i) the amount by which 75% of our gross income exceeds the amount qualifying under the 75% gross income test and (ii) the amount by which 95% of our gross income (90% for our taxable years ended on or prior to December 31, 2004) exceeds the amount qualifying under the 95% gross income test, multiplied by (b) a fraction intended to reflect our profitability.

If we fail to satisfy any of the REIT asset tests (other than a de minimis failure of the 5% or 10% asset tests), as described below, due to reasonable cause and not due to willful neglect, and we nonetheless maintain our REIT qualification because of specified cure provisions, we will be required to pay a tax equal to the greater of \$50,000 or the highest corporate tax rate multiplied by the net income generated by the nonqualifying assets that caused us to fail such test.

If we fail to satisfy any provision of the Internal Revenue Code that would result in our failure to qualify as a REIT (other than a violation of the REIT gross income tests or certain violations of the asset tests described below) and the violation is due to reasonable cause and not due to willful neglect, we may retain our REIT qualification but will be required to pay a penalty of \$50,000 for each such failure.

We will be required to pay a 4% excise tax to the extent we fail to distribute during each calendar year at least the sum of (a) 85% of our REIT ordinary income for the year, (b) 95% of our REIT capital gain net income for the year, and (c) any undistributed taxable income from prior periods.

If we acquire any asset from a corporation which is or has been a C corporation in a transaction in which the basis of the asset in our hands is determined by reference to the basis of the asset in the hands of the C corporation (as we expect occurred as a result of the merger with CNL Retirement Corp. ("CRC") in 2006, the acquisition of Slough Estates USA, Inc. ("SEUSA") in 2007, and the acquisition of HCR PropCo. with respect to the acquisition of certain real property from HCR in 2011), and we subsequently recognize gain on the disposition of the asset during the ten-year period beginning on the date on which we acquired the asset, then we will be required to pay tax at the highest regular corporate tax rate on this gain to the extent of the excess of (a) the fair market value of the asset over (b) our adjusted basis in the asset, in each case determined as of the date on which we acquired the asset. The results described in this paragraph with respect to the recognition of gain assume that certain elections specified in applicable Treasury Regulations are either made or forgone by us or by the entity from which the assets are acquired, in each case, depending upon the date such acquisition occurred.

We will be required to pay a 100% tax on any "redetermined rents," "redetermined deductions" or "excess interest." In general, redetermined rents are rents from real property that are overstated as a result of services furnished to any of our tenants by a "taxable REIT subsidiary" of ours. Redetermined deductions and excess interest generally represent amounts that are deducted by a taxable REIT subsidiary of ours for amounts paid to us that are in excess of the amounts that would have been deducted based on arm's-length negotiations.

Certain of our subsidiaries are C corporations, the earnings of which will be subject to United States federal corporate income tax.

***Requirements for Qualification as a REIT***

The Internal Revenue Code defines a REIT as a corporation, trust or association:

- (1) that is managed by one or more trustees or directors;
- (2) that issues transferable shares or transferable certificates to evidence its beneficial ownership;
- (3) that would be taxable as a domestic corporation but for special Internal Revenue Code provisions applicable to REITs;
- (4) that is not a financial institution or an insurance company within the meaning of certain provisions of the Internal Revenue Code;
- (5) that is beneficially owned by 100 or more persons;
- (6) not more than 50% in value of the outstanding stock of which is owned, actually or constructively, by five or fewer individuals, including certain specified entities, during the last half of each taxable year; and

(7) that meets other tests, described below, regarding the nature of its income and assets and the amount of its distributions.

The Internal Revenue Code provides that conditions (1) to (4), inclusive, must be met during the entire taxable year and that condition (5) must be met during at least 335 days of a taxable year of twelve months, or during a proportionate part of a taxable year of less than twelve months. Conditions (5) and (6) do not apply until after the first taxable year for which an election is made to be taxed as a REIT. For purposes of condition (6), the term "individual" includes a supplemental unemployment compensation benefit plan, a private foundation or a portion of a trust permanently set aside or used exclusively for charitable purposes, but generally does not include a qualified pension plan or profit sharing trust.

We believe that we have been organized, have operated and have issued sufficient shares of capital stock with sufficient diversity of ownership to allow us to satisfy conditions (1) through (7) inclusive, during the relevant time periods. In addition, our charter documents provide for restrictions regarding ownership and transfer of our shares which are intended to assist us in continuing to satisfy the ownership requirements described in conditions (5) and (6) above. These stock ownership and transfer restrictions are described in "Description of Capital Stock Transfer and Ownership Restrictions Relating to our Common Stock," "Description of Capital Stock Business Combination Provisions" and "Description of Capital Stock Transfer and Ownership Restrictions Relating to our Preferred Stock." These restrictions, however, may not ensure that we will, in all cases, be able to satisfy the share ownership requirements described in conditions (5) and (6) above. If we fail to satisfy these share ownership requirements, except as provided in the next two sentences, our status as a REIT will terminate. See "Failure to Qualify." If, however, we comply with the rules contained in applicable Treasury Regulations that require us to ascertain the actual ownership of our shares and we do not know, or would not have known through the exercise of reasonable diligence, that we failed to meet the requirement described in condition (6) above, we will be treated as having met this requirement.

In addition, we may not maintain our status as a REIT unless our taxable year is the calendar year. We have and will continue to have a calendar taxable year.

***Ownership of Interests in Partnerships and Limited Liability Companies***

We own and operate one or more properties through partnerships and limited liability companies. Treasury Regulations provide that if we are a partner in a partnership, we will be deemed to own our proportionate share of the assets of the partnership based on our interest in partnership capital, subject to special rules relating to the 10% REIT asset test described below. Also, we will be deemed to be entitled to our proportionate share of the income of the partnership. The assets and gross income of the partnership retain the same character in our hands, including for purposes of satisfying the gross income tests and the asset tests. In addition, for these purposes, the assets and items of income of any partnership in which we own a direct or indirect interest include such partnership's share of assets and items of income of any partnership in which it owns an interest. A brief summary of the rules governing the United States federal income taxation of partnerships and their partners is included below in " Tax Aspects of the Partnerships.
