Whether or not you attend the Annual Meeting personally, it is important that your shares be represented and voted at the meeting. We are pleased to take advantage of Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the internet. As a result, we are mailing to most of our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") instead of a paper copy of our proxy materials, which include the Notice of Annual Meeting, our Proxy Statement, our 2012 Annual Report and a proxy card or voting instruction form. The Notice contains instructions on how to access those documents on the internet and how to cast your vote via the internet. The Notice also contains instructions on how to request a paper copy of our proxy materials. All stockholders who do not receive the Notice will receive a paper copy of the proxy materials by mail. If you receive a paper copy of our proxy materials, you can cast your vote by completing the enclosed proxy card and returning it in the postage-prepaid envelope provided, or by utilizing the telephone or internet voting systems.

The Board of Directors and management look forward to seeing you at the Annual Meeting.

Sincerely,

### PROXY STATEMENT

#### GENERAL INFORMATION

We are sending you this proxy statement in connection with the solicitation of proxies by our Board of Directors for use at the 2013 Annual Meeting of Stockholders of OncoSec Medical Incorporated, a Nevada corporation (the "Company," "OncoSec," "we" or "our"), which we will hold on April 15, 2013 at 9:00 a.m., Pacific Time, at our principal executive offices at 4690 Executive Drive, Suite 250, San Diego, California 92121.

As permitted by the Securities and Exchange Commission ("SEC"), we are providing most stockholders with access to our proxy materials over the internet rather than in paper form. Accordingly, on or about March 6, 2013, we will mail a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access the proxy materials over the internet to most of our stockholders. We will mail printed copies of the full set of proxy materials to the rest of our stockholders. If you receive the Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you follow the instructions contained on the Notice for requesting such materials. The Notice instructs you on how to access and review all of the important information contained in our Proxy Statement and our 2012 Annual Report to Stockholders over the internet. The Notice also instructs you on how to submit your proxy via the internet.

#### **Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to Be Held on April 15, 2013**

**The Notice of Annual Meeting of Stockholders, Proxy Statement and 2012 Annual Report are available to stockholders at: [www.proxyvote.com](http://www.proxyvote.com).** You are encouraged to access and review all of the important information contained in the proxy materials before voting.

#### **Voting Information**

The presence, in person or by a proxy relating to any matter to be acted upon at the Annual Meeting, of the holders of a majority of the outstanding shares of common stock will constitute a quorum for purposes of the Annual Meeting. Abstentions, broker non-votes, and shares as to which authority to vote on any proposal is withheld, are each included in the determination of the number of shares present at the Annual Meeting for purposes of obtaining a quorum.

Under our Bylaws ("Bylaws"), when a quorum is present at any meeting, directors are elected by a plurality of the votes cast by the stockholders entitled to vote in the election of directors. Under our Bylaws, the affirmative vote of the holders of a majority of the shares represented at the meeting and entitled to vote on the subject matter is necessary for the approval of the other proposals set forth in this Proxy Statement, as explained under each proposal. For purposes of the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will count toward the presence of a quorum. A "broker non-vote" occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Under applicable rules, brokers or other nominees have discretionary voting power with respect to matters that are considered routine, but not with respect to non-routine matters. Proposal No. 1 (the election of directors), Proposal No. 3 (amendment of our 2012 Stock Incentive Plan), Proposal No. 4 (advisory vote on named executive officer compensation) and Proposal No. 5 (advisory vote on the frequency of holding an advisory vote on named executive officer compensation) are considered non-routine matters. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker

## Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

non-votes on these proposals. Proposal No. 2 (ratification of independent registered public accounting firm) is considered a routine matter. Broker non-votes are not expected to result from the vote on Proposal No. 2.

If any other matters are properly presented at the Annual Meeting for consideration, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the individuals named as proxies and acting there under will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. If the Annual Meeting is postponed or adjourned, a stockholder's proxy may remain valid and may be voted at the postponed or adjourned meeting. A stockholder will still be able to revoke the stockholder's proxy until it is voted. As of the date of this Proxy Statement, the Board of Directors does not know of any matters other than those described in this Proxy Statement that will be presented at the Annual Meeting.

### **Who Can Vote; Outstanding Shares**

The record date for the Annual Meeting is February 22, 2013. All holders of record of our common stock on the record date are entitled to notice of and to vote at the Annual Meeting and any meetings held upon any adjournment or postponement thereof. As of the record date, there were 117,859,000 shares of our common stock outstanding, each entitled to one vote.

### **Voting of Proxies**

You may vote by attending the Annual Meeting and voting in person or you may vote by submitting a proxy. If you are the record holder of your stock, you may vote by submitting your proxy via the internet, by telephone or through the mail. To vote via the internet, follow the instructions on the Notice or go to the internet address stated on your proxy card. To vote by telephone, call the number on your proxy card. If you receive only the Notice, you may follow the procedures outlined in the Notice to vote via the internet or request a proxy card.

As an alternative to voting by telephone or via the internet, you may vote by mail. If you receive only the Notice, you may follow the procedures outlined in the Notice to request a paper proxy card to submit your vote by mail. If you receive a paper copy of the proxy materials and wish to vote by mail, simply mark your proxy card, date and sign it and return it in the postage-prepaid envelope. If you do not have the postage-prepaid envelope, please mail your completed proxy card to the following address: OncoSec Medical Incorporated, c/o Proxy Services, PO Box 9111, Farmingdale, NY 11735-9543.

If you hold your shares of common stock in street name you will receive a notice from your broker, bank or other nominee that includes instructions on how to vote your shares. Your broker, bank or other nominee will allow you to deliver your voting instructions via the internet and may also permit you to submit your voting instructions by telephone. In addition, you may request paper copies of our Proxy Statement and proxy card by following the instructions on the notice provided by your broker, bank or other nominee.

The internet and telephone voting facilities will close at 11:59 p.m., Eastern Time, on April 14, 2013, the day before the Annual Meeting. Stockholders who submit a proxy via the internet should be aware that they may incur costs to access the internet, such as usage charges from telephone companies or internet service providers and that these costs must be borne by such stockholders. Stockholders who submit a proxy via the internet or by telephone need not return a proxy card or the form forwarded by your broker, bank or other nominee by mail.

**YOUR VOTE IS VERY IMPORTANT.** You should submit your proxy even if you plan to attend the Annual Meeting. If you properly give your proxy and submit it to us in time to vote, the individuals named as your proxy holders will vote your shares as you have directed.

## Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

All shares entitled to vote and represented by properly submitted proxies (including those submitted via the internet, by telephone and by mail) received before the polls are closed at the Annual Meeting, and not revoked or superseded, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. If no direction is indicated on a proxy, your shares will be voted by the proxy holders named in the enclosed proxy according to the recommendation of our board:

Unless you instruct otherwise in the proxy, any proxy that is not revoked will be voted at the Annual Meeting in accordance with the recommendations of our Board of Directors:

FOR each nominee to our Board of Directors;

FOR ratification of the appointment of Mayer Hoffman McCann P.C., as the Company's independent registered public accounting firm for the fiscal year ending July 31, 2013;

FOR the amendment of the OncoSec Medical Incorporation 2011 Stock Incentive Plan;

FOR the approval, on an advisory basis, of the compensation paid to our named executive officers; and

for the approval, on an advisory basis, of a THREE YEAR advisory vote on the compensation of our named executive officers.

In their discretion, the proxy holders named in the proxy are authorized to vote on any other matters that may properly come before the Annual Meeting and at any continuation, postponement or adjournment of the Annual Meeting. As of the date of this Proxy Statement, our board does not know of any other items of business that will be presented for consideration at the annual meeting other than those described in this Proxy Statement.

### **Voting in Person**

If you plan to attend the Annual Meeting and wish to vote in person, you will be given a ballot at the Annual Meeting. Please note that if your shares are held of record by a broker, bank or other nominee, and you decide to attend and vote at the Annual Meeting, your vote in person at the Annual Meeting will not be effective unless you present a legal proxy, issued in your name from your broker, bank or other nominee. Even if you plan to attend the Annual Meeting, we encourage you to submit your proxy to vote your shares in advance of the Annual Meeting.

### **How You May Revoke or Change Your Vote**

As a stockholder of record, you have the power to revoke your proxy at any time before it is voted. A proxy may be revoked by a stockholder of record by:

delivering a written notice of revocation to our Secretary at or before the Annual Meeting;

presenting to our Secretary, at or before the Annual Meeting, a later dated proxy executed by the person who executed the prior proxy;

submitting another proxy by telephone or via the internet (your latest telephone or internet voting instructions are followed);  
or

attending the Annual Meeting and voting in person.

Attendance at the Annual Meeting will not, by itself, revoke a proxy. Any written notice of revocation or delivery of a subsequent proxy by a stockholder of record may be sent to OncoSec Medical Incorporated, 4690 Executive Drive, Suite 250, San Diego, California 92121, or hand delivered to our Secretary at or before the voting at the Annual Meeting.

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

If you hold your shares through a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your broker, bank or other nominee. If you wish to vote in person, you must obtain a legal proxy issued to you by your broker, bank or other nominee.

**Proxy Solicitation Costs**

We will pay for the cost of preparing, assembling, printing and mailing these proxy materials to our stockholders, as well as the cost of soliciting proxies relating to the Annual Meeting. We may request banks and brokers to solicit their customers who beneficially own our common stock listed of record in names of nominees. We will reimburse these banks and brokers for their reasonable out-of-pocket expenses regarding these solicitations. Our officers, directors and employees may supplement the original solicitation by mail of proxies by telephone, facsimile, e-mail and personal solicitation. We will pay no additional compensation to our officers, directors and employees for these activities.

**Delivery of Proxy Materials to Households**

"Householding" is a program, approved by the Securities and Exchange Commission, or the SEC, which allows companies and intermediaries such as banks or brokers to satisfy the delivery requirements for proxy statements and annual reports by delivering only one package of stockholder proxy material to any household at which two or more stockholders reside. If you and other residents at your mailing address own shares of our common stock in street name, your broker or bank may have notified you that your household will receive only one copy of our proxy materials. Once you have received notice from your broker that they will be "householding" materials to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account. If you hold shares of our common stock in your own name as a holder of record, "householding" will not apply to your shares.

**The Board of Directors recommends a vote FOR the election of each of the named nominees as directors.**

## **PROPOSAL NO. 2**

### **RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Mayer Hoffman McCann P.C. as our independent registered public accounting firm with respect to our financial statements for the fiscal year ending July 31, 2013. In taking this action, the Audit Committee considered Mayer Hoffman McCann P.C.'s independence with respect to the services to be performed and other factors that the Audit Committee and the Board of Directors believe are advisable and in the best interest of the stockholders. As a matter of good corporate governance, the Audit Committee has decided to submit its selection to stockholders for ratification. In the event that this selection of independent registered public accounting firm is not ratified by a majority vote of the shares of common stock present or represented at the Annual Meeting, it will be considered as a direction to the Audit Committee to consider the selection of a different firm.

Representatives of Mayer Hoffman McCann P.C. are expected to attend the 2013 Annual Meeting and will be available to respond to appropriate questions and to make a statement if they so desire. If

## Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

Mayer Hoffman McCann P.C. should decline to act or otherwise become incapable of acting, or if Mayer Hoffman McCann P.C.'s engagement is discontinued for any reason, the Audit Committee will appoint another independent registered public accounting firm to serve as our independent registered public accounting firm for our 2013 fiscal year.

### Change in Certifying Public Accounting Firm

On May 27, 2011, with the approval of our Board, we dismissed Silberstein Ungar, PLLC ("Silberstein") as the independent registered public accounting firm engaged to audit our financial statements. The reports issued by Silberstein relating to its audits of the balance sheets of the Company as of July 31, 2010 and 2009, and the related statements of operations, stockholders' equity (deficit) and cash flows for each of the fiscal years then ended and for the period from inception (February 8, 2008) through July 31, 2010, contained an explanatory paragraph noting that the Company's expected losses, negative working capital, and need to raise capital raised substantial doubt about its ability to continue as a going concern. Other than as disclosed above, such reports did not contain an adverse opinion or a disclaimer of an opinion and were not qualified as to uncertainty, audit scope or accounting principles.

During our two most recent fiscal years and the subsequent interim period preceding the dismissal of Silberstein, there were no disagreements with Silberstein on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Silberstein, would have caused Silberstein to make reference to the subject matter of the disagreements in connection with its report. Pursuant to rules of the Securities and Exchange Commission applicable to smaller reporting companies, Silberstein was not required to provide an attestation as to the effectiveness of the Company's internal control over financial reporting for any period since the Company's inception. However, as disclosed in Item 9A of our Annual Reports on Form 10-K for the fiscal years ended July 31, 2010 and July 31, 2009, and Part I, Item 4 of our 10-Q for the quarterly period ended January 31, 2011, the Company's management determined that the Company's internal control over financial reporting was not effective as of the end of such periods due to the existence of material weaknesses related to the following:

inadequate segregation of duties;

lack of a functioning audit committee due to a lack of a majority of independent members and a lack of a majority of outside directors on the Company's board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; and

ineffective controls over period end financial disclosures and reporting processes.

Other than as disclosed above, there were no reportable events (as that term is defined in Item 304(a)(1)(v) of Regulation S-K) during the fiscal years ended July 31, 2009 and 2010 or during the subsequent interim period through May 27, 2011. Our Board of Directors discussed the subject matter of each reportable event with Silberstein. We authorized Silberstein to respond fully and without limitation to all requests of the successor accountant concerning all matters related to the annual and interim periods audited and reviewed by Silberstein, including with respect to the subject matter of each reportable event.

We requested Silberstein furnish us with a letter addressed to the Securities and Exchange Commission stating whether it agrees with the above statements. A copy of Silberstein's letter, dated June 7, 2011, was filed as Exhibit 16.1 to our Current Report on Form 8-K/A filed on June 10, 2011.

*Tax Fees.* Tax fees consist principally of assistance related to tax compliance and reporting.

*All Other Fees.* The 2012 fees consist of accounting consultation fees. There were no such fees in 2011.

**Pre-approval Policies and Procedures**

Our Audit Committee's charter requires our Audit Committee to pre-approve all audit and permissible non-audit services to be performed for the Company by our independent registered public accounting firm, giving effect to the "de minimus" exception for ratification of certain non-audit services allowed by the applicable rules of the SEC, in order to assure that the provision of such services does not impair the auditor's independence. Subsequent to establishment of our Audit Committee on June 30, 2011, the Audit Committee approved in advance all services provided by our independent registered public accounting firms. All engagements of our independent registered public accounting firm for 2011 entered into prior to the establishment of the Audit Committee were pre-approved by the Board of Directors.

**Required Vote**

Approval of this proposal requires the affirmative vote of a majority of the shares represented at the meeting and entitled to vote on the proposal.

**The Board of Directors recommends that you vote "FOR" approval of the ratification of Mayer Hoffman McCann P.C.**

**PROPOSAL NO. 3**

**APPROVE THE AMENDMENT OF THE  
ONCOSEC MEDICAL INCORPORATED 2011 STOCK INCENTIVE PLAN**

At the Annual Meeting, our stockholders will be asked to approve an amendment to the OncoSec Medical Incorporated 2011 Stock Incentive Plan (the "2011 Plan") to authorize the issuance of an additional 3,800,000 shares of common stock under the 2011 Plan (the "Plan Amendment"), so that the total number of shares reserved for issuance under the 2011 Plan shall be 9,000,000 shares. The Board of Directors adopted the 2011 Plan for directors, employees and consultants on August 5, 2011. The 2011 Plan was approved by the Company's stockholders on March 2, 2012. Our stockholders have previously authorized us to issue up to 5,200,000 shares of common stock under the 2011 Plan (subject to adjustment upon certain changes in the capital structure).

On February 8, 2013, the Board of Directors approved, subject to stockholder approval, the Plan Amendment. At the Annual Meeting, the stockholders will consider the approval of the Plan Amendment. The effectiveness of the Plan Amendment is subject to and conditional upon stockholder approval of such amendment at the Annual Meeting. The Plan Amendment is included as Appendix A to this Proxy Statement.

We are asking our stockholders to approve the increase to the 2011 Plan so that we can continue to use the 2011 Plan to attract and encourage the continued employment and service of, and maximum efforts by, officers, employees, consultants and other individuals by offering those persons an opportunity to acquire or increase a direct proprietary interest in our operations and future success. The increase is being requested to assure that we have a sufficient number of shares available to compensate, reward and provide incentives to current employees, and also to recruit new employees. As of the date of this Proxy Statement the Company only has 274,500 shares of common stock available for future grants, excluding the 2011 Plan Amendment and any future shares from cancellations or forfeitures. Our Compensation Committee and Board of Directors believe that the approval of the Plan Amendment is in the best interests of our Company and stockholders, because the availability of an adequate number of shares reserved for issuance under the 2011 Plan is an important factor in attracting, motivating and retaining qualified individuals essential to our success.

## Background

On August 5, 2011, the Board of Directors adopted the 2011 Stock Incentive Plan (the "2011 Plan"), subject to stockholder approval. We are asking our stockholders to approve the 2011 Plan so that we can use the 2011 Plan to achieve the Company's performance, recruiting, retention and incentive goals, as well as receive a federal income tax deduction for certain compensation paid under the 2011 Plan.

The 2011 Plan includes a variety of forms of awards, including stock options, stock appreciation rights, restricted stock, restricted stock units, and dividend equivalents to allow the Company to adapt its incentive compensation program to meet the needs of the Company in the changing business environment in which the Company operates.

We strongly believe that the approval of the 2011 Plan is essential to our continued success. The Board and management believe that equity awards motivate high levels of performance, align the interests of our personnel and stockholders by giving directors, employees and consultants the perspective of an owner with an equity stake in the Company, and provide an effective means of recognizing their contributions to the success of the Company. The Board and management believe that equity awards are a competitive necessity in our industry, and are essential to recruiting and retaining the highly qualified technical and other key personnel who help the Company meet its goals, as well as rewarding and encouraging current directors, employees and consultants. The Board and management believe that the ability to grant equity awards will be important to the future success of the Company.

A general description of the 2011 Plan is set forth below. This description is qualified in its entirety by the terms of the 2011 Plan.

## Summary of the 2011 Stock Incentive Plan

*Share Reserve.* The number of shares of Company common stock currently reserved for issuance under the 2011 Plan is five million two hundred thousand (5,200,000) shares. If the Plan Amendment is approved, nine million (9,000,000) shares of common stock will be reserved for issuance under the 2011 Plan. The number of shares available under the 2011 Plan is subject to adjustment in the event of a stock split, reverse stock split, stock dividend, combination or reclassification of shares or other similar change in our shares or our capital structure.

Any Shares covered by an award which is forfeited, canceled, expires or is settled in cash, shall be deemed not to have been issued for purposes of determining the maximum number of shares which may be issued under the Plan. Shares that have been issued under the Plan pursuant to an award shall not be returned to the Plan and shall not become available for future grant under the Plan, except where unvested shares are forfeited or repurchased by the Company at the lower of their original purchase price or their fair market value. To the extent not prohibited by the listing requirements of The NASDAQ Stock Market LLC (or other established stock exchange or national market system on which the shares are traded) or applicable law, shares tendered or withheld in payment of an award exercise or purchase price and shares withheld by the Company to pay any tax withholding obligation shall be returned to the Plan and shall become available for future issuance under the Plan, unless otherwise determined by the Administrator.

*Administration.* The 2011 Plan is administered, with respect to grants to officers, employees, directors, and consultants, by the Plan administrator (the "Administrator"), defined as the Board or one (1) or more committees designated by the Board. The Compensation Committee currently acts as the Administrator. With respect to grants to officers and directors, the Compensation Committee shall be constituted in such a manner as to satisfy applicable laws, including Rule 16b-3 promulgated under the Exchange Act and Section 162(m) of the Code.

*Terms and Conditions of Awards.* The 2011 Plan provides for the grant of stock options, restricted stock, restricted stock units, dividend equivalent rights, and stock appreciation rights (collectively referred to as "awards"). Stock options granted under the 2011 Plan may be either incentive stock options under the provisions of Section 422 of the Code, or non-qualified stock options. Incentive stock options may be granted only to employees. Awards other than incentive stock options may be granted to our employees, consultants and directors or to employees, consultants and directors of our related entities. To the extent that the aggregate fair market value of the shares subject to stock options designated as incentive stock options which become exercisable for the first time by a participant during any calendar year exceeds \$100,000, such excess stock options shall be treated as non-qualified stock options. Under the 2011 Plan, awards may be granted to such employees, consultants or directors who are residing in non-U.S. jurisdictions as the Administrator may determine from time to time. Each award granted under the 2011 Plan shall be designated in an award agreement.

Awards may be granted subject to vesting schedules and restrictions on transfer and repurchase or forfeiture rights in favor of the Company as specified in the award agreements to be issued under the 2011 Plan. Under the 2011 Plan, incentive stock options may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised during the lifetime of the participant only by the participant. However, the 2011 Plan permits the designation of beneficiaries by holders of incentive stock options. Other awards shall be transferable by will and by the laws of descent and distribution and during the lifetime of the participant, to the extent and in the manner authorized by the Administrator.

The Administrator has the authority, in its discretion, to select employees, consultants and directors to whom awards may be granted from time to time, to determine whether and to what extent awards are granted, to determine the number of shares or the amount of other consideration to be covered by each award (subject to the limitations set forth below), to approve award agreements for use under the 2011 Plan, to determine the terms and conditions of any award (including the vesting schedule applicable to the award), to amend the terms of any outstanding award granted under the 2011 Plan (subject to the limitations described above), to construe and interpret the terms of the 2011 Plan and awards granted, to establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable non-U.S. jurisdictions, and to take such other action not inconsistent with the terms of the 2011 Plan, as the Administrator deems appropriate.

The term of any award granted under the 2011 Plan will be stated in the applicable award agreement, provided that the term of an incentive stock option may not exceed ten (10) years (or five (5) years in the case of an incentive stock option granted to any participant who owns stock representing more than 10% of our combined voting power or any parent or subsidiary of us). Notwithstanding the foregoing, the term of an award shall not include any period for which the participant has elected to defer the receipt of the shares or cash issuable pursuant to the award pursuant to a deferral program the Administrator may establish in its discretion.

The 2011 Plan authorizes the Administrator to grant incentive stock options at an exercise price not less than 100% of the fair market value of our common stock on the date the stock option is granted (or 110%, in the case of an incentive stock option granted to any employee who owns stock representing more than 10% of our combined voting power or any parent or subsidiary of us). In the case of non-qualified stock options, stock appreciation rights, and awards intended to qualify as performance-based compensation, the exercise price, base appreciation amount or purchase price, if any, shall be not less than 100% of the fair market value per share on the date of grant. In the case of all other awards granted under the 2011 Plan, the exercise or purchase price shall be determined by the Administrator. The exercise or purchase price is generally payable in cash, check, shares or with respect to options, payment through a broker-dealer sale and remittance procedure or a "net exercise" procedure.

## Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

Under the 2011 Plan, the Administrator may establish one or more programs under the 2011 Plan to permit selected participants the opportunity to elect to defer receipt of consideration payable under an award. The Administrator also may establish under the 2011 Plan separate programs for the grant of particular forms of awards to one or more classes of participants.

*Section 162(m) of the Code.* The maximum number of shares with respect to which options and stock appreciation rights may be granted to a participant during a calendar year is five hundred thousand (500,000) shares. For awards of restricted stock and restricted stock units that are intended to be performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), the maximum number of shares subject to such awards that may be granted to a participant during a calendar year is five hundred thousand (500,000) shares. The foregoing limitations shall be adjusted proportionately by the plan administrator in the event of a stock split, reverse stock split, stock dividend, combination or reclassification of shares or other similar change in our shares or our capital structure, and its determination shall be final, binding and conclusive.

In order for restricted stock and restricted stock units to qualify as performance-based compensation, the Administrator must establish a performance goal with respect to such award in writing not later than ninety (90) days after the commencement of the services to which it relates (or, if earlier, the date after which twenty-five percent (25%) of the period of service to which the performance goal relates has elapsed) and while the outcome is substantially uncertain. In addition, the performance goal must be stated in terms of an objective formula or standard.

Under Code Section 162(m), a "covered employee" is the Company's chief executive officer and the three (3) other most highly compensated officers of the Company other than the chief financial officer.

The 2011 Plan includes the following performance criteria that may be considered by the Administrator when granting performance-based awards: (i) net earnings or net income (before or after taxes), (ii) earnings per share or earnings per share growth, total units or unit growth, (iii) net sales, sales growth, total revenue or revenue growth, (iv) operating income, net operating profit or pre-tax profit, (v) return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales or revenue, (vi) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment), (vii) earnings before or after taxes, interest, depreciation, and/or amortization, (viii) gross or operating margins, (ix) productivity ratios, (x) share price or relative share price (including, but not limited to, growth measures and total stockholder return), (xi) expense targets, (xii) margins, (xiii) operating efficiency, (xiv) market share or change in market share, (xv) customer retention or satisfaction, (xvi) working capital targets, (xvii) completion of strategic financing goals, acquisitions or alliances and clinical progress, (xviii) company project milestones and (xix) economic value added (net operating profit after tax minus the sum of capital multiplied by the cost of capital). The performance criteria may be applicable to the Company, any parent or subsidiary of the Company, and/or any individual business units of the Company or any parent or subsidiary of the Company.

*Certain Adjustments.* Subject to any required action by the stockholders of the Company, the number of shares covered by outstanding awards, the number of shares that have been authorized for issuance under the 2011 Plan, the exercise or purchase price of each outstanding award, the maximum number of shares or amount that may be granted subject to awards to any participant, and the like, shall be proportionally adjusted by the Administrator in the event of (i) any increase or decrease in the number of issued shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification or similar event affecting the shares, (ii) any other increase or decrease in the number of issued shares effected without receipt of consideration by the Company or (iii) any other transaction with respect to our shares including a corporate merger, consolidation, acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation

(whether partial or complete), distribution of cash or other assets to stockholders other than a normal cash dividend, or any similar transaction; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive.

*Corporate Transaction and Change in Control.* The Administrator shall have the authority, exercisable either in advance of any actual or anticipated Corporate Transaction or Change in Control or at the time of an actual Corporate Transaction or Change in Control and exercisable at the time of the grant of an award under the 2011 Plan or any time while an award remains outstanding, to provide for the full or partial automatic vesting and exercisability of one or more outstanding unvested awards under the 2011 Plan and the full or partial release from restrictions on transfer and repurchase or forfeiture rights of such awards in connection with a Corporate Transaction or Change in Control, on such terms and conditions as the Administrator may specify. The Administrator also shall have the authority to condition any such award vesting and exercisability or release from such limitations upon the subsequent termination of the Continuous Service of the participant within a specified period following the effective date of the Corporate Transaction or Change in Control. The Administrator may provide that any awards so vested or released from such limitations in connection with a Change in Control shall remain fully exercisable until the expiration or earlier termination of the award. Upon the consummation of a Corporate Transaction, all outstanding awards shall terminate unless assumed by the successor corporation or its parent.

*Amendment, Suspension or Termination of the 2011 Plan.* The Board may at any time amend, suspend or terminate the 2011 Plan. The 2011 Plan will terminate on August 5, 2021, unless earlier terminated by the Board of Directors. To the extent necessary to comply with applicable provisions of federal securities laws, state corporate and securities laws, the Code, applicable rules of any stock exchange or national market system, and the rules of any foreign jurisdiction applicable to awards granted to residents of the jurisdiction, the Company shall obtain stockholder approval of any such amendment to the 2011 Plan in such a manner and to such a degree as required.

#### **New Plan Benefits**

Generally, awards granted under the 2011 Plan are at the discretion of the Administrator. As such, with the exception of grants that have already been made, it is not possible to determine the benefits or the amounts to be received under the 2011 Plan by the Company's officers, employees, consultants or non-employee directors. The following table sets forth the number of outstanding awards to our executive officers, directors and employees under the 2011 Plan. Other future awards that may be granted in the discretion of the Administrator are not determinable.

**Federal Income Tax Consequences**

The following is general summary as of this date of the federal income tax consequences to us and to U.S. participants for awards granted under the plan. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or her individual circumstances. Tax consequences for any particular individual may be different. This summary does not purport to be complete, and does not discuss state, local or non-U.S. tax consequences.

*Non-qualified Stock Options.* The grant of a non-qualified stock option under the 2011 Plan will not result in any federal income tax consequences to the participant or to the Company. Upon exercise of a non-qualified stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares at the time of exercise. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares of common stock will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company does not receive a tax deduction for any such gain.

A non-qualified stock option can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A non-qualified stock option that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

*Incentive Stock Options.* The grant of an incentive stock option under the 2011 Plan will not result in any federal income tax consequences to the participant or to the Company. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and the Company receives no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares of common stock. If the participant does not dispose of the shares within two years after the incentive stock option was granted,

nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The Company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods (referred to as a "disqualifying disposition"), he or she must recognize ordinary income in the year of the disposition. The amount of ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock at the time of exercise and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. The Company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the participant's total compensation is deemed reasonable in amount.

The "spread" under an incentive stock option i.e., the difference between the fair market value of the shares at exercise and the exercise price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the calendar year in which the incentive stock options are exercised. However, such a sale of shares within the year of exercise will constitute a disqualifying disposition, as described above.

*Stock Appreciation Rights.* Recipients of stock appreciation rights ("SARs") generally should not recognize income until the SAR is exercised (assuming there is no ceiling on the value of the right). Upon exercise, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such exercise. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of a SAR. Recipients will recognize gain upon the disposition of any shares received on exercise of a SAR equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

A SAR also can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A SAR that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

*Restricted Stock.* A restricted stock award is subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code to the extent the award will be forfeited in the event that the participant ceases to provide services to the Company. As a result of this substantial risk of forfeiture, the recipient will not recognize ordinary income at the time of the award, unless the participant is retirement eligible. Instead, the recipient will recognize ordinary income on the date when the stock is no longer subject to a substantial risk of forfeiture, or when the stock becomes transferable, if earlier. The recipient's ordinary income is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the earlier of those two dates.

The recipient may accelerate his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty (30) days of the award) an election

## Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date of award, and the capital gain holding period commences on such date. The ordinary income recognized by a recipient that is an employee or former employee will be subject to tax withholding by the Company.

*Restricted Stock Units.* With respect to awards of restricted stock units, no taxable income is reportable when the restricted stock units are granted to a participant or upon vesting of the restricted stock units. Upon settlement, the recipient will recognize ordinary income in an amount equal to the value of the payment received pursuant to the restricted stock units. The ordinary income recognized by a recipient that is an employee or former employee will be subject to tax withholding by the Company.

Restricted stock units also can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A grant of restricted stock units that does not meet the requirements of Code Section 409A will result in an additional 20% tax obligation, plus penalties and interest to such recipient.

*Dividends and Dividend Equivalents.* Recipients of stock-based awards that earn dividends or dividend equivalents will recognize taxable ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards, which income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the individual's total compensation is deemed reasonable in amount.

*Tax Effect for the Company.* Unless limited by Section 162(m) of the Code, the Company generally will be entitled to a tax deduction in connection with an award under the 2011 Plan in an amount equal to the ordinary income realized by a recipient at the time the recipient recognizes such income (for example, when restricted stock is no longer subject to the risk of forfeiture).

The Plan is not qualified under the provisions of Section 401(a) of the Code and is not subject to any provisions of the Employee Retirement Income Security Act of 1974.

**PROPOSAL NO. 4**

**ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION**

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") added Section 14A to Securities Exchange Act of 1934, as amended (the "Exchange Act"), which enables our stockholders to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

Our named executive officer compensation program is designed to attract, motivate and retain our named executive officers, who are critical to our success. The Compensation Committee believes an effective compensation program is one that is designed to recruit and retain executive leadership focused on attaining long-term corporate goals and increasing stockholder value. The Compensation Committee believes that it has taken a responsible approach to compensating our named executive officers.

Please read the "Executive Compensation" section of this proxy statement for additional details about our executive compensation program.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's proxy statement for the 2013 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission."

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board. Our Board and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

**Required Vote**

Approval of this proposal requires the affirmative vote of a majority of the votes cast on the proposal.

**The Board of Directors recommends a vote "FOR" the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.**

**PROPOSAL NO. 5**

**ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY  
VOTE ON EXECUTIVE COMPENSATION**

Section 14A of the Exchange Act, as added by the Dodd-Frank Act, also enables our stockholders to indicate their preference as to how frequently we should seek an advisory vote on the compensation of our named executive officers. By voting on this proposal, stockholders may indicate whether they would prefer an advisory vote on named executive officer compensation once every year, once every two years, or once every three years. Stockholders also may abstain from voting on this proposal.

After careful consideration of this proposal, the Board has determined that an advisory vote on executive compensation that occurs every three years is the most appropriate alternative for the Company, and therefore your Board recommends that you vote for a three year (3-year) frequency for the advisory vote on executive compensation.

In formulating its recommendation, our Board considered that a triennial vote will allow stockholders to better evaluate our executive compensation program in relation to our short- and long-term company performance. Additionally, a triennial vote will provide us with time to respond to stockholder concerns and implement appropriate revisions.

The proxy card provides stockholders with the opportunity to choose among four options (holding the advisory vote on executive compensation every one, two or three years, or abstain from voting) and, therefore, stockholders will not be voting to approve or disapprove the recommendation of the board of directors. You may cast your vote on your preferred voting frequency by choosing the option of once every year ("1 year"), once every two years ("2 years"), once every three years ("3 years"), or you may abstain from voting.

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be considered the frequency for the advisory vote on executive compensation that is preferred by our stockholders. However, because this vote is advisory and not binding on the Board of Directors or the Company in any way, the Board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option preferred by our stockholders.

**Required Vote**

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be considered the frequency for the advisory vote on executive compensation that is preferred by our stockholders.

**The Board of Directors recommends a vote for a three year (3-year) frequency for the advisory vote on executive compensation.**

## CORPORATE GOVERNANCE

### Director Independence

Our Board of Directors has determined that each of our directors, other than Punit Dhillon, qualify as "independent" in accordance with the NYSE Amex LLC Company Guide. The Board has determined that Mr. Dhillon is not independent because he is our Chief Executive Officer. ### *Financing Committee*

Dr. Avtar Dhillon is the Chairman and sole member of our Financing Committee. The Financing Committee does not currently have a charter. The Financing Committee has responsibilities relating to our efforts to obtain adequate funding to finance our development programs and operations.

### **Board Leadership Structure**

Under our Corporate Governance Guidelines, the Board has the flexibility to decide whether it is in the best interests of the Company for the roles of Chief Executive Officer and Chairman of the Board to be separate or combined. During fiscal 2011 through March 2011, our Board consisted of only two directors, Mr. Dela Cruz and Mr. Marby. Our Board determined that as a result of the small size of the Board and the limited operations of the Company, it was not necessary to have a Chairman of the Board. Following the acquisition of certain assets of Inovio Pharmaceuticals, Inc. in March 2011, and the resignation of Mr. Dela Cruz and Mr. Marby and the appointment of Dr. Avtar Dhillon, Punit Dhillon, James DeMesa and Dr. Anthony Maida, III to the Board, our new Board determined that it was in the best interests of the Company for the roles of Chief Executive Officer and Chairman of the Board be separate in recognition of the differences between the two roles. In qualifying the separation of the two positions, our Chief Executive Officer, Punit Dhillon, is responsible for setting our strategic direction and our day-to-day leadership and performance, while the Chairman of the Board, Dr. Avtar Dhillon, provides guidance to the Chief Executive Officer, works with the Chief Executive Officer in setting the agenda for Board meetings and presides over meetings of the full Board. The Board has

determined that having a Chairman of the Board and a separate Chief Executive Officer is in the best interests of the Company at this time, as it permits Dr. Dhillon and Mr. Dhillon to focus on different aspects of our business as the Company begins operations as an emerging biomedical device company. Dr. Avtar Dhillon has significant experience with our technology as a result of his roles at Inovio, as well as with respect to securing financing for emerging companies. Mr. Punit Dhillon in addition to his corporate finance expertise also brings extensive experience in execution of the corporate strategy, clinical development plan and operations as a result of direct familiarity from his roles at Inovio. Our Board believes it should be able to freely select the Chairman of the Board based on criteria that it deems to be in our best interests and the interests of our stockholders, and therefore one person may, in the future, serve as both our Chief Executive Officer and Chairman of the Board. The functions of our Board are carried out by the full Board and, when delegated, by the Board committees. Each director participates in our major strategic and policy decisions.

#### **Nomination of Directors**

We do not have a formal policy with respect to our consideration of nominees to our Board of Directors recommended by our stockholders. However, the Board of Directors will consider candidates recommended by stockholders on a case-by-case basis. A stockholder who desires to recommend a candidate for nomination to the Board of Directors should do so in writing to the Company at 4690 Executive Drive, Suite 250, San Diego, California 92122, Attn: Secretary.

#### **Corporate Governance Guidelines**

Our Board of Directors has adopted a set of corporate governance guidelines established to assist the Board of Directors and its committees in performing their duties and serving the best interests of the company and our stockholders. Our corporate governance guidelines are available on our website, located at <http://www.oncosec.com>, under the Investor Relations tab.

#### **Code of Business Conduct and Ethics**

Our Board has adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees. The Code of Business Conduct and Ethics is available for review on our website at [www.oncosec.com](http://www.oncosec.com), and is also available in print, without charge, to any stockholder who requests a copy by writing to us at OncoSec Medical Incorporated, 4690 Executive Drive, Suite 250, San Diego, CA 92121, Attention: Investor Relations. Each of our directors, employees and officers, including our Chief Executive Officer and Principal Financial Officer, and all of our other executive officers, are required to comply with the Code of Business Conduct and Ethics. There have not been any waivers of the Code of Business Conduct and Ethics relating to any of our executive officers or directors in the past year.

#### **Risk Oversight**

The Board of Directors as a whole is responsible for risk management oversight of the Company. The involvement of the full Board of Directors in setting our business strategy and objectives is integral to the Board's assessment of our risk and also a determination of what constitutes an appropriate level of risk and how best to manage any such risk. This involves receiving reports and/or presentations from applicable members of management and the committees of the board. The full Board of Directors conducts on-going risk assessment of our financial risk, legal/compliance risk and operational/strategic risk and addresses individual risk issues with management throughout the year as necessary.

## Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

While the Board of Directors has the ultimate oversight responsibility for the risk management process, the Board delegates responsibility for certain aspects of risk management to its committees. In particular, the Audit Committee is responsible for reviewing our policies with respect to risk assessment and risk management, and discussing our major risk exposures and the steps management has taken to maintain and control these exposures. In addition, the Audit Committee focuses on financial risks and related controls and processes, and discusses with management our financial statements and the reasonableness of significant judgments and the adequacy and effectiveness of the accounting and financial controls. The Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with our business strategy and objectives. Finally, the Nomination and Corporate Governance Committee is responsible for overseeing our corporate governance and developing and reviewing our Code of Business Conduct and Ethics. Additionally, the full Board regularly receives reports from our Chief Executive Officer, the executive officer principally responsible for aiding the Board in identifying, evaluating and implementing risk management controls and methodologies to address identified risks.

### **Board of Directors' Attendance at Annual Meeting of Stockholders**

Our Corporate Governance Guidelines require that directors attend our annual meeting of stockholders, absent a valid reason. This is our second annual meeting.

### **Compensation of Non-Employee Directors**

All directors received reimbursement for reasonable out-of-pocket expenses in attending Board of Directors meetings and for promoting our business.

On June 30, 2011, the Board of Directors adopted a new director compensation policy for non-employee directors, retroactive to the date of each non-employee director's appointment. According to such policy, the Chairman of our Board of Directors receives an annual fee of \$30,000 and all other independent directors receive an annual fee of \$15,000 for membership on the Board of Directors. In addition, non-employee directors will receive the following compensation for service on the committees of the Board of Directors beginning August 1, 2011:

The Chairman of the Audit Committee will receive \$12,000 per year and each member of the Audit Committee will receive \$6,000 per year;

The Chairman of the Compensation Committee will receive \$8,000 per year and each member of our Compensation Committee will receive \$4,000 per year;

The Chairman of our Nomination and Corporate Governance Committee will receive \$6,000 per year and each member of the committee will receive \$3,000 per year; and

In recognition of the significant contributions expected of the members of our Clinical and Regulatory Affairs Committee and our Financing Committee, each member of the Clinical and Regulatory Affairs Committee will receive \$20,000 per year and each member of our Financing Committee will receive \$40,000 per year.

Additionally, members of all of our committees receive a fee of \$1,500 for each committee meeting attended in person and \$750 for each committee meeting attended telephonically.

The following table sets forth a summary of the compensation we paid to our non-employee directors in our fiscal year 2012.
