FOR
2013 ANNUAL MEETING OF STOCKHOLDERS**

General Information

Why am I receiving this Proxy Statement?

The Company has made this Proxy Statement and the Company's Annual Report and Form 10-K for the fiscal year ended December 31, 2012 available to you in connection with the Company's solicitation of proxies for use at the Annual Meeting, to be held on Wednesday, May 8, 2013 at 11:00 a.m., Eastern Time, and at any postponement(s) or adjournment(s) thereof. These materials were first sent or given to the stockholders on or about April 5, 2013. You are invited to attend the Annual Meeting and are requested to vote on the proposals in this Proxy Statement. The Annual Meeting will be held at The Charles Hotel, One Bennett Street, Cambridge, Massachusetts 02138.

What items will be voted on at the Annual Meeting?

You are being asked to vote on the following items at the Annual Meeting:

1. To elect the four nominees named in the proxy statement, each to serve for a three-year term and until their respective successors are duly elected and qualified;
2. To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2013;
3. To hold an advisory vote on the compensation of our named executive officers;
4. To transact such further business as may properly come before the Annual Meeting, or any adjournment or postponement thereof. Please note that at this time we are not aware of any such business.

Who may vote at the Annual Meeting?

Each share of the Company's common stock has one vote on each matter. As of March 15, 2013, there were 70,370,712 shares of the Company's common stock issued and outstanding. Only stockholders of record as of the close of business on March 15, 2013 (the "Record Date") are entitled to receive notice of and to vote at the Annual Meeting.

What constitutes a quorum?

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Each share of common

Edgar Filing: BROOKLINE BANCORP INC - Form DEF 14A

stock outstanding on the record date is entitled to one vote on each matter properly submitted at the Annual Meeting and, with respect to the election of directors, one vote for each director to be elected.

Table of Contents

Abstentions and "broker non-votes" (i.e., shares represented at the meeting held by brokers, as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which, on one or more but not all matters, the broker does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting.

How do I vote?

Voting in Person at the Meeting. If you are a stockholder of record and attend the Annual Meeting, you may vote in person at the meeting. If your shares of common stock are held in street name and you wish to vote in person at the meeting, you will need to obtain a "legal proxy" from the broker, bank or other nominee that holds your shares of common stock of record.

Voting by Proxy for Shares Registered Directly in the Name of the Stockholder. If you hold your shares of common stock in your own name as a holder of record with our transfer agent, American Stock Transfer & Trust Company, you may instruct the proxy holders named in the proxy card how to vote your shares of common stock in one of the following ways:

Vote by Internet. You may vote via the Internet by following the instructions on your proxy card. The website for Internet voting is printed on your proxy card. Please have your proxy card in hand. Internet voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 7, 2013. You will receive a series of instructions that will allow you to vote your shares of common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. If you vote via the Internet, you do not need to return your proxy card.

Vote by Telephone. If you received printed copies of the proxy materials, you also have the option to vote by telephone by calling the toll-free number listed on your proxy card. Telephone voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 7, 2013. When you call, please have your proxy card in hand. You will receive a series of voice instructions that will allow you to vote your shares of common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. If you vote by telephone, you do not need to return your proxy card.

Vote by Mail. If you would like to vote by mail, then please mark, sign and date your proxy card and return it promptly to our transfer agent, American Stock Transfer & Trust Company, in the postage-paid envelope provided.

Voting by Proxy for Shares Registered in Street Name. If your shares of common stock are held in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares of common stock voted.

Will other matters be voted on at the Annual Meeting?

We are not currently aware of any other matters to be presented at the Annual Meeting other than those described in this proxy statement. If any other matters not described in the proxy statement are properly presented at the meeting, any proxies received by us will be voted in the discretion of the proxy holders.

May I revoke my proxy instructions?

You may revoke your proxy at any time before it has been exercised by:

filing a written revocation with the Corporate Secretary of Brookline Bancorp, Inc., 131 Clarendon Street, Boston, Massachusetts 02116;

Table of Contents

submitting a new proxy by telephone, or by the Internet, or by submitting a new proxy card after the time and date of the previously submitted proxy; or

appearing in person and voting by ballot at the Annual Meeting.

If you are a stockholder of record as of the record date attending the Annual Meeting, you may vote in person whether or not a proxy has been previously given, but your presence (without further action) at the Annual Meeting will not constitute revocation of a previously given proxy.

What is the voting requirement to approve each of the Proposals?

For Proposal 1, a nominee for director in an uncontested election must receive a majority of the votes cast as to such nominee in order to be elected as director. Any incumbent director who does not receive the required vote for reelection will promptly offer to resign from the Board. Within 90 days after the date of certification of the election results, the Board of Directors will determine whether to accept or reject such director's offer to resign.

Approval of Proposals 2 and 3 requires the affirmative vote of a majority of the votes cast at the Annual Meeting.

How are abstentions treated?

Abstentions and broker non-votes are counted for purposes of determining whether a quorum is present. Only "FOR" and "AGAINST" votes are counted for purposes of determining the votes received in connection with each proposal. If you "abstain" from voting for Proposals 1, 2 or 3, it will have the same effect as if your vote was not cast with respect to each such proposal, and this will have no effect on the outcome. A broker non-vote will have no effect on the outcome of Proposals 1, 2 or 3.

How are proxies voted?

All valid proxies received prior to the Annual Meeting will be voted. All shares represented by a proxy will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted by the proxyholders in accordance with the stockholder's instructions.

What happens if I do not give specific voting instructions?

If you are a stockholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board, or sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

What is householding?

If you and other residents at your mailing address own shares of common stock in street name, your broker, bank or other nominee may have sent you a notice that your household will receive only one Annual Report, Form 10-K, Notice of Annual Meeting and Proxy Statement. This procedure, known as "householding," is intended to reduce the volume of duplicate information stockholders receive and also reduce our printing and postage costs. Under applicable law, if you consented or were deemed to have consented, your broker, bank or other nominee may send one copy of our Annual Report and proxy materials to your address for all residents that own shares of common stock in street name. If you wish to revoke your consent to householding, you must contact your broker, bank or other

Table of Contents

nominee. If you are receiving multiple copies of our Annual Report and proxy materials, you may be able to request householding by contacting your broker, bank or other nominee.

If you wish to request extra copies free of charge of our Annual Report, Form 10-K or this Proxy Statement, please send your request to the Company's Corporate Secretary at 131 Clarendon Street, Boston, Massachusetts 02116.

Is my vote confidential?

Proxy instructions, ballots, voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties except as necessary to meet applicable legal requirements, to allow for the tabulations and certification of votes, and to facilitate a successful proxy solicitation.

Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to management and the Board.

Where can I find voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by a representative from American Stock Transfer & Trust Company, who will serve as inspector of elections, and published and filed with the Securities Exchange Commission ("SEC") on a Form 8-K within four business days following the completion of the Annual Meeting.

How can I view the Company's proxy materials for the Annual Meeting on the Internet?

ROLE OF THE BOARD; CORPORATE GOVERNANCE MATTERS

A critical function of the Board is to oversee the Company's executive management in the competent and ethical operation of the Company on a day-to-day basis, and to assure that the long-term interests of the stockholders are being served. To satisfy this duty, the directors proactively establish appropriate policy to ensure that the Company is committed to success through the maintenance of the highest standards of responsibility and ethics.

Members of the Board bring to the Company a wide range of experience and knowledge. These varied skills provide for strong leadership and effective corporate governance. The Board works closely with senior management to ensure effective decision-making, compliance with Company policy and regulations, and strong leadership.

Board Leadership Structure

Mr. Slotnik serves as the Company's Chairman of the Board of Directors. Mr. Perrault serves as the Company's President and Chief Executive Officer. The Chairman and the President and Chief Executive Officer work closely to ensure that the strategic goals of the Company's management team are in line with the risk and governance oversight objectives of the Board of Directors.

The Board of Directors encourages strong communication among all of its independent directors and the Chairman of the Board. The Board of Directors also believes that it is able to effectively provide independent oversight of the Company's business and affairs, including risks facing the Company, through the composition of our Board of Directors, the role of our independent Chairman, the strong leadership of the independent directors and the independent committees of our Board of Directors, and the other corporate governance structures and processes already in place. Nine of our twelve directors are independent under the independence rules of the NASDAQ rules. All of our directors are free to suggest the inclusion of items on the agenda for meetings of our Board of Directors or raise subjects that are not on the agenda for that meeting. In addition, our Board of Directors and each committee has complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate without consulting or obtaining the approval of any member of management. Our Board of Directors also holds regularly scheduled executive sessions of non-management directors in order to promote discussion among the non-management directors and assure independent oversight of management. Moreover, our Audit Committee and our Compensation Committee, each of which are comprised entirely of independent directors, also perform oversight functions independent of management.

Risk Oversight

The Board of Directors plays an important role in the risk oversight of the Company. Although the Board recognizes that it is not possible to identify all risks that may affect the Company and its subsidiaries or to develop processes and controls to completely eliminate or mitigate their occurrence or effects, the Board is involved in risk oversight through its direct decision-making authority with respect to significant matters and the oversight of management by the Board of Directors and its committees.

In particular, the Board of Directors administers its risk oversight function through (i) the review and discussion of regular periodic reports to the Board of Directors and its committees on topics relating to the risks that the Company faces, including, among others, market risk, interest rate risk, credit risk, regulatory risk, and various other matters relating to the Company's business, (ii) the required approval by the Board of Directors (or a committee thereof) of significant transactions and other decisions, including, among others, new hires and promotions to the Company's senior management positions, (iii) the direct oversight of specific areas of the Company's business by the Audit and Credit Committees, (iv) regular periodic reports from the Company's internal and external

Table of Contents

auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to the Company's internal control over financial reporting. The Board of Directors also relies on management to bring significant matters impacting the Company and its subsidiaries to the Board's attention.

Pursuant to the Audit Committee's charter, the Audit Committee is specifically responsible for reviewing and discussing with management and the Company's independent auditor matters and activities relating to financial reporting and internal controls of the Company.

Pursuant to the Credit Committee's charter, the Credit Committee is specifically responsible for the review and approval of loan transactions of a certain value, the oversight of the Company's credit risk and loan review process, and the governance of the Company's credit management.

Board Committees

During 2012, the Board met ten times. Each director attended at least 75% of the combined total number of meetings of the Board and board committees of which he or she was a member. Consistent with the Company's policy, the independent directors meet at least twice each year in executive session. In addition, the Company and NASDAQ rules strongly encourage all directors and nominees to attend each Annual Meeting. All of the directors as of May 9, 2012 attended the Annual Meeting held on May 9, 2012, and the Company anticipates that all of the directors will attend the 2013 Annual Meeting.

The Board has five standing committees: the Executive Committee, the Audit Committee, the Compensation, the Nominating Committee and the Credit Committee. The Board has adopted a written charter for each of the standing committees, which are available on the Company's website at www.brooklinebancorp.com.

Executive Committee. The Executive Committee consists of Joseph J. Slotnik, David C. Chapin, John L. Hall II, Merrill W. Sherman, and Peter O. Wilde. The Executive Committee is responsible for transacting any business of the Company which properly might come before the Board of Directors, except as such by law, that only the full Board is authorized to perform. The Executive Committee documents its proceedings and reports on any actions taken at the next meeting of the Board of Directors. The Executive Committee met a total of two times during 2012.

Audit Committee. The Audit Committee consists of Thomas J. Hollister (Chair), John J. Doyle, Jr., John A. Hackett, Bogdan Nowak and Rosamond Vaule. Duties of the Audit Committee include the following: (i) reviewing the scope of the proposed audit, including the adequacy of staffing; (ii) discussing the contents of our audited financial statements with management and the independent auditor; (iii) appointing, compensating, evaluating, overseeing and/or replacing the independent registered public accounting firm; (iv) pre-approving the scope of services provided by and fees paid to the independent registered public accounting firm for audit, audit-related and permitted non-audit-related services; (v) overseeing the internal and external audit function; and (vi) reviewing with management and the Company's General Counsel the nature and status of significant legal matters. The Board has determined that each of Messrs. Hollister and Doyle qualify as the "audit committee financial expert," as defined by the SEC, and that all members of the Audit Committee are independent and financially literate in accordance with the NASDAQ rules. The report of the Audit Committee is included in this Proxy Statement. The Audit Committee met a total of seven times during 2012.

Compensation Committee. The Compensation Committee consists of Joseph J. Slotnik (Chair), David C. Chapin, John L. Hall II, and Peter O. Wilde. The Compensation Committee is responsible for determining and overseeing the establishment of compensation levels for Company officers and reviewing personnel policies. Each member of the Compensation Committee is independent under the

NASDAQ rules. The report of the Compensation Committee is included in this Proxy Statement. The Compensation Committee met a total of eight times 2012.

Nominating Committee. The Nominating Committee consists of Joseph J. Slotnik (Chair), David C. Chapin, John L. Hall II and Peter O. Wilde. The Nominating Committee is responsible for the annual selection of the Board's nominees for election as directors, to review and monitor the Board's adherence with the NASDAQ rules for independence, and to review the Company's committee structure and make any necessary recommendations to the Board of Directors regarding committee appointments. Each member of the Compensation Committee is independent under the NASDAQ rules. The Nominating Committee met one time in 2012.

Credit Committee. The Credit Committee consists of David C. Chapin (Chair), John L. Hall II, Charles H. Peck, Paul A. Perrault, M. Robert Rose, and Peter O. Wilde. The Credit Committee is responsible for the approval of certain loan transactions at the Company's subsidiary banks, the oversight of the Company's credit risk and governance, and the credit risk management process. After its formation on November 7, 2012, the Credit Committee met four times in 2012.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that sets forth standards of ethical business conduct for all directors, officers, and employees of the Company and its subsidiaries. Additionally, the Code of Business Conduct and Ethics is in conformity with the requirements of the Sarbanes-Oxley Act of 2002 and the NASDAQ rules. A copy of the Code, and any amendments to or waivers of the requirements under the Code, is available on the Company's website at www.brooklinebancorp.com.

The Board has established a means for employees, customers, stockholders and other interested parties to submit confidential and anonymous reports of suspected or actual violations of our Code of Business Conduct and Ethics.

Any employee, stockholder or other interested party can submit a report to the Audit Committee either in writing to: Brookline Bancorp, Inc., Internal Audit Services, P.O. Box 6024, Providence, Rhode Island 02940-6024 or by calling The Network at (855) 898-9097. Any such reports may be submitted confidentially or anonymously.

Board Nominations

The Nominating Committee identifies nominees by evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experiences that are relevant to our business and who are willing to continue in service are first considered for renomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, or if the Nominating Committee or the Board decides not to renominate a member for reelection, or if the size of the Board is increased, the Nominating Committee would seek to identify appropriate director candidates.

Neither the Nominating Committee nor the Board has a policy with regard to the consideration of diversity in identifying director nominees, although both may consider diversity when identifying and evaluating nominees. The Nominating Committee may consider whether a nominee, if elected, would have the necessary qualifications, professional background and core competencies to discharge his or her duties as well as the ability to add something unique and valuable to our Board of Directors as a whole. The Nominating Committee would seek to identify a candidate who at a minimum has high personal and professional integrity, who shall have demonstrated ability and judgment, and who shall

Table of Contents

be most effective, in conjunction with the other nominees to the Board, in collectively serving the long-term interests of the stockholders.

The Nominating Committee will also take into account whether a candidate satisfies the criteria for "independence" under the NASDAQ rules, and if a candidate with financial and accounting experience is sought for service on the Audit Committee, whether the individual is financially literate and qualifies as an Audit Committee financial expert.

Communications with the Board

Stockholders who wish to communicate with our Board or with any director can write to the Nominating Committee, care of the Corporate Secretary, at Brookline Bancorp, Inc., 131 Clarendon Street, Boston, Massachusetts 02116. This letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, the Corporate Secretary will forward the communication to the director(s) to whom it is addressed, or, if the inquiry is a request for information about the Company or a stock-related matter for example, the Corporate Secretary will respond directly. The Corporate Secretary will not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, the Corporate Secretary shall present a summary of all communications received, if any, since the last meeting and make those communications available to the directors upon request.

Transactions with Related Parties

Pursuant to various regulatory requirements and other applicable law, the Boards of the Company and its subsidiaries, Brookline Bank, First Ipswich Bank and Bank Rhode Island, must approve certain extensions of credit, contracts and other transactions between the Company's subsidiaries and any director or executive officer. The Company has adopted written policies and procedures to implement these requirements which state, in essence, that any transaction between the Company, its subsidiaries and any director or executive officer, or any of their affiliates or immediate family members, may be made on terms comparable to those which the Company would reach with an unrelated, similarly-situated third-party and must be approved in advance by a Board vote. The Company's General Counsel and Chief Credit Officer share responsibility for oversight and implementation of the Company's policy regarding related party transactions, which is typically applied to extensions of credit and any other financial transactions of a material nature between the Company, its subsidiaries, and any director or executive officer. Any director or executive officer involved in such a transaction leaves the meetings while the Board considers and votes upon the transaction.

Since January 1, 2012, neither the Company nor its subsidiaries has been a party to any transaction or series of transactions in which the amount involved exceeded \$120,000 and which any director, executive officer, or holder of more than 5% of the Company's stock, or any members of the immediate family of any such person, had or will have a direct or indirect material interest other than:

On December 23, 2010, Charles H. Peck entered into a Retirement Agreement with the Company in which he agreed to provide commercial real estate consulting services to the Company and its management team. The Retirement Agreement is for one year, can be extended by mutual agreement of the Company and Mr. Peck, and provides for the payment to Mr. Peck in the amount of \$4,000 per month. The Company and Mr. Peck extended the agreement through December, 2013.

On January 1, 2012, Merrill W. Sherman entered into a two-year Consulting and Non-Competition Agreement with the Company and in 2012 received \$350,000 in consideration of the non-competition provisions and \$100,000 for consulting services to the Company and its

management team. In 2013, it is anticipated that Ms. Sherman will receive \$300,000 for the non-competition provisions and \$100,000 for consulting services.

Some of the directors and executive officers of the Company, as well as members of their immediate families and the companies, organizations, trusts, and other entities with which they are associated are, or during 2012 were, also customers of Brookline Bank, First Ipswich Bank and Bank Rhode Island in the ordinary course of business or had loans outstanding during 2012. It is anticipated that such persons and their associates will continue to be customers of or indebted to Brookline Bank, First Ipswich Bank and Bank Rhode Island in the future. All such loans were made in the ordinary course of business, did not involve more than normal risk of collectability or present other unfavorable features, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with unaffiliated persons and, where required by law, were approved by the Boards of Brookline Bank, First Ipswich Bank or Bank Rhode Island. None of these loans to directors, executive officers or their associates is nonperforming.

This section provides a description of the roles and responsibilities of the Compensation Committee of the Company's Board of Directors. Additionally, this section details the Company's executive compensation philosophy and contains a discussion of each material element of the Company's executive officer compensation program as it relates to the following "named executive officers" (the "Named Officers") whose compensation information is detailed:

Paul A. Perrault	President and Chief Executive Officer

Executive Summary

The Compensation Committee oversees the executive compensation program, recommends to the Board the President and Chief Executive Officer's compensation, and determines the compensation for the Company's executive officers. This Committee as well as the Company's Board of Directors continues to believe that the Company's success is highly dependent on the ability to hire and retain qualified executives who have the potential to influence performance and enhance shareholder value over time. By designing and developing executive compensation programs that are competitive in the marketplace, built to reward strong corporate performance and aligned with shareholder interests, the Company has been successful in building a strong executive management team over the past few years. Furthermore, the Company's executive management team has been instrumental in leading the efforts that resulted in another year of solid financial performance in 2012.

On January 1, 2012, the Company completed its acquisition of Bancorp Rhode Island, Inc. and throughout 2012 successfully consolidated significant areas of operations in order to achieve identified efficiencies. Additionally, in 2012, the Company completed the conversion of the core processing systems of First Ipswich Bank and Brookline Bank, and expects the conversion of Bank Rhode Island to be completed in May, 2013. These conversions will provide for additional efficiencies in the operations of the Company's subsidiary banks. Finally, the Company converted the charters of its two Massachusetts subsidiary banks to state-chartered institutions, such that all of its bank subsidiaries are now regulated by the Federal Reserve Bank and the respective state regulatory agencies. The Company anticipates that the charter conversions and the resulting increase in regulatory uniformity will provide for further efficiencies going forward.

The Company reported net income of \$37.1 million in 2012, as compared to \$27.6 million for 2011, and total assets of \$5.15 billion as of December 31, 2012, as compared to \$3.29 billion as of December 31, 2011. The Company's total deposit balances increased to \$3.62 billion and total loan balances increased to \$4.18 billion, both as of December 31, 2012. The Company reported earnings per share of \$0.53 per share in 2012, as compared to \$0.47 per share in 2011.

Role of the Compensation Committee

The Compensation Committee is responsible for discharging the Board's responsibilities regarding the compensation philosophy, program and practices as they relate to the Company's directors and Named Officers. To that end, the Compensation Committee develops, approves and implements compensation policies and plans that are fair and appropriate to attract, retain and motivate executives to further the Company's long-term strategic plan and drive stockholder value.

Table of Contents

The Compensation Committee meets throughout the year and held eight meetings in 2012. The frequency of the meetings was indicative of the work undertaken by the Compensation Committee to provide for a reasonable, competitive and compliant compensation program. Four members of the Board serve on the Compensation Committee, each of whom is independent under the NASDAQ rules.

In accordance with its charter, the Compensation Committee annually evaluates the President and Chief Executive Officer's performance relative to established goals. Recommendations regarding the President and Chief Executive Officer's compensation are made to the full Board and take into consideration the Company's achievement against annually established absolute performance targets, its relative performance when compared to its peer group, and current compensation trends within the competitive marketplace. Information regarding current trends within executive compensation is provided by a compensation consultant at the request of the Committee.

The Compensation Committee also reviews and evaluates the compensation and performance of other members of the executive management team.

The Role of the Compensation Consultant

The Compensation Committee has the authority to engage independent consultants to assist it in the compensation process. The consultants are retained by and report directly to the Compensation Committee. The Compensation Committee places no restrictions on the consultants within the scope of contracted services. The consultants provide expertise and information about competitive trends in the marketplace, including established and emerging compensation practices at other companies.

In 2012, the Compensation Committee retained the services of BDO USA, LLP ("BDO USA"), an independent executive compensation consulting firm. BDO USA does not provide any other services to the Company and works with the Company's management only on matters for which the Compensation Committee is responsible. The Compensation Committee has assessed the independence of BDO USA under applicable SEC rules and the NASDAQ rules and concluded that no conflict of interest exists that would prevent BDO USA from serving as an independent consultant to the Compensation Committee. The Compensation Committee periodically seeks input from BDO USA on a range of external market factors, including evolving compensation trends, appropriate peer group companies and market survey data. BDO USA also provides general observations on the Company's compensation programs, but it does not determine or recommend the amount or form of compensation for the Named Officers.

Roles of Executive Officers and Management

The Compensation Committee regularly meets in executive session. The Compensation Committee occasionally requests one or more members of executive management to be present at committee meetings where executive compensation and Company or individual performance are discussed and evaluated. Executives may provide insight, suggestions or recommendations regarding executive compensation; however, only Compensation Committee members vote on decisions or recommendations regarding executive compensation.

The Company's President and Chief Executive Officer provides recommendations to the Compensation Committee on matters relating to the compensation of the executive management group. This includes input regarding performance measures and plan design. In addition, the President and Chief Executive Officer provides specific recommendations regarding base salary adjustments and short- and long-term incentive awards for members of the executive management group to the Compensation Committee.

Table of Contents

Compensation Philosophy and Objectives

The Compensation Committee continues to adhere to the philosophy that the most effective compensation program is one that is designed to attract and retain qualified and experienced officers and at the same time, is reasonable, competitive, and aligned with the Company's pay for performance philosophy. The Compensation Committee believes that an effective program is one component of the overall management of the Company, and that such a program helps to support and promote a culture that recognizes and rewards the individuals, behaviors and results that the Company and its stockholders value.

The Company's underlying compensation philosophy is one that recognizes the importance of individual contribution and achievement and strives to reward these behaviors. However, there is also a strong belief that all must work together for the organization to be truly successful. Thus, payments in short-and long-term incentive programs are weighted toward the achievement of corporate goals; on both a specific and a relative basis.

As such, the compensation program is comprised of:

Base salary;

Performance-based cash incentives;

Equity compensation; and

Benefit programs.

Compensation Benchmarking

Information about the level and type of compensation and benefits offered by comparable organizations competing for individuals with similar skills and experience is essential for the Company to make informed decisions regarding compensation levels and programs. During 2012, the Compensation Committee, at the recommendation of the Company's President and Chief Executive Officer, asked BDO USA to conduct a comprehensive market analysis of all components of the Company's executive compensation program, including base salary, short-and long-term incentive compensation. The basis of the analysis was survey data and a review of compensation practices and levels within the named peer group. This analysis indicated that current compensation levels for most positions within the executive management group, including the President and Chief Executive Officer, were competitive. This information served as the basis for 2013 salary adjustments. The analysis also revealed that the compensation program components are well-aligned with current industry practice.

With the assistance of BDO USA, the Compensation Committee identified an updated group of peer companies to use for compensation purposes for 2012. In determining the updated peer group, the Compensation Committee selected companies located in diverse geographic regions throughout the United States based on comparable asset size, market capitalization, performance metrics and business model.

Table of Contents

As of December 31, 2012, the peer group consisted of the following institutions:

Banner Corporation	S&T Bancorp, Inc.
SCBT Financial Corporation	TrustCo Bank Corp NY
Heartland Financial USA, Inc.	Flushing Financial Corporation
1 st Source Corporation	Berkshire Hills Bancorp, Inc.
Columbia Banking System, Inc.	Pinnacle Financial Partners, Inc.
BBCN Bancorp, Inc.	Independent Bank Corp.
PacWest Bancorp	Chemical Financial Corporation
WesBanco, Inc.	BancFirst Corporation
First Commonwealth Financial Corporation	Boston Private Financial Holdings, Inc.
First Financial Bancorp	Capital Bank Financial Corp.

Total assets of this group at year-end 2012 ranged from \$4.3 billion to \$7.5 billion, with market capitalization from \$539 million to \$1 billion. The companies are headquartered across the United States, as it is believed that the Company would recruit on a national level for many of its executive management positions. The Company was intentionally positioned in the middle of the group.

While competitive practice is an important component of the Company's compensation philosophy, it is not the sole determinant of executive compensation and benefit practices and programs. Ultimately, the Company will administer compensation in a manner that ensures its practices are:

Externally competitive;

Internally equitable;

Based on merit and performance; and

Compliant.

2012 Compensation Elements and Decisions

The Company continued to utilize a variety of criteria when establishing compensation opportunities for executive management positions. These included:

Recognition of the relative value and contribution of the position to the Company;

Consideration of the unique qualifications and/or capabilities required by the position;

The Company's desired relationship to its external marketplace vis-à-vis a particular position; and

The Company's ability to pay.

It is the Company's objective to position its executive total compensation package base salary combined with short- and long-term incentives to pay between the 50th and 75th percentiles when incentive targets are achieved and all components of compensation are received, although there may be certain circumstances when this does not occur. Short- and long-term incentives are designed and administered to ensure that actual results in relation to the Company's performance objectives appropriately position earned pay levels relative to the competitive market. Indirect compensation is designed to provide the executive with a competitive array of benefit programs. As is confirmed in the Summary Compensation Table, a very small portion of the executive's total compensation is delivered through perquisites.

Table of Contents

Base Salary

Base salary is a significant component of direct compensation for executive positions at the Company. The base salaries of executive officers and other members of senior management are reviewed annually. Initial base salary levels, as well as subsequent adjustments to base salaries, are determined by:

Impact and contribution of a particular position, as well as the unique qualifications and/or capabilities an individual offers to the Company;

Salary levels suggested by the external marketplace;

Internal equity; and

Individual performance.

Base salary is the only portion of the executive's total compensation package that is considered to be "fixed" compensation and is thus not "at risk" on an annual basis. Base salary levels are established to ensure that each executive is being paid competitively for sound performance. It is intended that greater rewards will be recognized when the performance targets established within the context of the Company's short- and long-term incentive programs are achieved.

In 2012, the Compensation Committee recommended to the Board the annual base salary for the President and Chief Executive Officer, and set the annual base salaries for the remaining Named Officers at levels that were consistent with the market analysis that was performed by the Company's independent compensation consultant and the Compensation Committee's assessment of the individual's officer's level of performance, contribution to the Company and experience. The 2012 base salaries were \$655,000 for the Company's President and Chief Executive Officer, an increase of \$30,000 from 2011; \$262,000 for the Company's Chief Credit Officer, an increase of \$9,500 from 2011; \$262,000 for the Company's Chief Financial Officer, an increase of \$12,000 from 2011; \$225,000 for the Company's Chief Operations Officer, an increase of \$25,000 from 2011; and \$300,000 for the President and Chief Executive Officer of Bank Rhode Island. In all cases, the base salary levels of the Named Officers were consistent with the Company's compensation philosophy and practices as adopted by the Company's Compensation Committee.

Short-Term Incentives

The first component of the Company's variable, or "at risk" compensation is delivered through the Company's short-term incentive plan (the "Incentive Plan"). Performance measures are established by the Compensation Committee on an annual basis and are tied specifically to the Company's financial performance. The short-term incentive is cash-based and a target bonus opportunity is established for each position. While the funding of the incentive pool is based on the Company's financial performance, individual awards are impacted by each executive's annual performance and contribution.

In 2012, the Incentive Plan provided for cash target awards of 75% of annual base salary for the Company's President and Chief Executive Officer, 50% of annual base salary for the Company's Chief Credit Officer, Chief Financial Officer and Chief Operations Officer, and 40% of annual base salary for the President and Chief Executive Officer of Bank Rhode Island.

Funding of the Incentive Plan

For 2012, the funding of the Company's Incentive Plan was based on the Company's financial performance relative to a targeted level of earnings per share, as approved by the Board. The total amount of the Incentive Plan pool was determined by whether the Company achieved a predetermined targeted level of earnings per share, which was set at \$0.60 per share. If the Company did not achieve the targeted level of earnings per share, the amount of the Incentive Plan pool funding was reduced accordingly.

Table of Contents

In 2012, the Company recorded earnings per share in the amount of \$0.53 per basic and diluted share, or 88% of the targeted level. In accordance with the Company's Incentive Plan, the Compensation Committee then considered other evaluative factors in determining the final level of the funding of the Incentive Plan, including whether certain areas of the Company's performance had a significant impact on the Company's ability to achieve the targeted level of earnings per share. Specifically, the Compensation Committee reviewed certain one-time charges related to the completion of the acquisition of Bancorp Rhode Island, Inc., the extent associated with the conversion of the Company's core processing systems, and the credit charge incurred by the Company in its second quarter. Based on this overall assessment, the Compensation Committee set the funding of the Incentive Plan pool at 85% of its targeted level of funding, and therefore each Named Officer was eligible to receive a short-term incentive payment that was 85% of target.

Payment of Short-Term Incentives

In making awards to individual Named Officers, the Compensation Committee considers a combination of Company and individual performance factors. These factors include a review of the Company's overall performance relative to its strategic plan, the individual achievement of each Named Officer relative to annual goals, the unique skills and experience of the Named Officer, and the Named Officer's overall contribution to the Company.

In 2012, the Company's overall performance remained strong. The Company reported solid earnings, low levels of non-performing loans, non-performing assets and delinquent loans, and loan and deposit growth numbers that exceeded budgeted growth objectives. Additionally, the Company completed its acquisition of Bancorp Rhode Island, Inc. on January 1, 2012.

After reviewing the Company's performance in these areas, combined with its evaluation of the individual achievement of the Named Officers, the Compensation Committee authorized incentive payments for 2012 for the Company's President and Chief Executive Officer in the amount of \$417,563; for the Company's Chief Financial Officer in the amount of \$111,350; for the Company's Chief Credit Officer in the amount of \$111,350; for the Company's Chief Operations Officer in the amount of \$95,625; and for the President and Chief Executive Officer of Bank Rhode Island in the amount of \$102,000. In all cases these awards are reflective of the Company's growth, successful integration of recent acquisitions, and strong asset quality metrics combined with the experience and leadership skills of the individual officers.

The awards were within the plan guidelines and reflect individual and Company performance. No award was above the 85% funding level and thus no awards are reflected as discretionary awards in the Summary Compensation Table.

Long-Term Incentives

The Compensation Committee believes that profitability and growth are measured not only in annual increments, but also over an extended period of time. In addition, the Compensation Committee is of the opinion that it is important to consider performance relative to the Company's peer group, and to align the interests of the management team with that of the Company's stockholders. The Compensation Committee believes that these goals are accomplished through equity awards.

The Company's equity-based long-term incentive program is the third component of each executive officer's total compensation and is also variable in nature. Equity grants may be made in the form of stock options or restricted shares, and restricted shares, in turn, may be time- or performance-based. In considering the appropriate form and design of these awards, the Compensation Committee considers the intended purpose of each award as well as the alignment with stockholder interests.

Table of Contents

In 2012, 53,941 shares of restricted stock were granted to the President and Chief Executive Officer in accordance with the terms of his employment agreement. In addition, restricted stock grants in the amount of 7,500 shares were made by the Compensation Committee to Ms. Gerschick, Mr. Rose and Mr. Cosman, and a grant of 5,000 shares was made to Mr. Meiklejohn. All restricted stock awards are structured such that fifty percent (50%) of each award will vest ratably over a three-year period and the remaining fifty percent (50%) will vest at the end of the three-year period if certain identified Company performance objectives are achieved. These performance objectives include Company performance relative to the peer group in the following areas: return on assets, return on equity, asset quality and total return to stockholders. Dividends paid on restricted stock with performance vesting are accrued and not paid out to the Named Officers until the performance vesting is attained.

Retirement Benefits

401(k) Plan. The Company provides all of its employees, including the Named Officers, with tax-qualified retirement benefits through the Company's 401(k) plan. The Compensation Committee believes that a 401(k) plan is an attractive retirement vehicle in recruiting superior officers. All Named Officers who meet the eligibility requirements participate in the 401(k) plan on a non-discriminatory basis. Named Officers, like other employees, may begin deferring compensation upon employment.

The Company's 401(k) plan allows employees to make salary reduction contributions equal to the lesser of 75% of compensation or a maximum limit which is indexed annually. Those employees who are age 50 or older are permitted to make additional "catch-up" contributions up to a maximum limit set by the Internal Revenue Service and that which is indexed annually.

Pursuant to the Company's 401(k) plan, the Company provides an annual contribution equal to 5% of each employee's compensation up to a maximum limit which is indexed annually. In order to be fully vested in the Company's annual contribution, an employee must complete three years of service with the Company in which he or she works at least 1,000 hours. The 401(k) plan permits employees to direct the investment of their own accounts into various investment options.

Nonqualified Deferred Compensation Plan. As of January 1, 2012, eligible participants, including members of the Company's Board of Directors and certain executive officers, including the Named Officers, may participate in the Company's Nonqualified Deferred Compensation Plan.

A Company director may elect to defer from 25% to 100% of his or her annual retainer and fees for service on the Board of Directors of the Company and eligible executive officers may elect to defer from 5% to 100% of their annual base salary and/or cash incentive payment. Amounts deferred earn interest credited at the end of each month based on the Company's average annual yield on earning assets for the previous calendar quarter, converted to a monthly equivalent yield.

In 2012, Mr. Cosman elected to participate in the Company's Nonqualified Deferred Compensation Plan.

Employee Stock Ownership Plan. The Company has an Employee Stock Ownership Plan (the "ESOP"). Employees with at least one year of employment in which they work at least 1,000 hours with the Company and who have attained age 21 are eligible to participate. Shares of the Company's Common Stock purchased by the ESOP through the proceeds of a loan are held in a suspense account for allocation among participants.

Shares of common stock released from the suspense account are allocated among ESOP participants on the basis of compensation in the year of allocation. Benefits generally vest over a five-year period. Benefits generally vest at the rate of 20% per year beginning in the third year of service until a participant is 100% vested after five years or upon normal retirement (as defined in the ESOP), disability or death of the participant or a change in control (as defined in the ESOP). A participant who terminates employment for reasons other than death, retirement or disability prior to

Table of Contents

seven years of credited service forfeits the non-vested portion of his or her benefits under the ESOP. Benefits are payable in the form of Common Stock of the Company and cash upon death, retirement, early retirement, disability or separation from service.

Employment and Change in Control Agreements. The Company has entered into an Employment Agreement with the Company's President and Chief Executive Officer and the President and Chief Executive Officer of Bank Rhode Island, and Change in Control Agreements with the remaining Named Officers. These agreements are intended to provide the Company with the continued employment and undivided attention of its Named Officers without the potential distraction resulting from the reduction of job security inherent in employment by a publicly-held institution. The agreements provide assurances to Named Officers regarding the continued payment of salary and benefits in the event of involuntary termination or a change in control at the Company. For additional information on the Company's Change in Control Agreements, please refer to page XXX.

Perquisites and Other Personal Benefits

The Company provides eligible employees with group life, accidental death and dismemberment, and long-term disability coverage. For its eligible employees, the Company pays 80% of the monthly premiums for group health coverage and 50% of the monthly premiums for individual and family dental and vision coverage.

The Company pays 100% of the monthly premiums for group life and group accident insurance coverage for all full-time employees after the employee has completed three months of service. The Company also sponsors a flexible benefits plan under which employees can pay their ratable share of health insurance premiums on a pre-tax basis, a medical expense reimbursement plan under which employees can defer part of their salary on a pre-tax basis to cover the costs of certain medical expenses not reimbursed through insurance or otherwise, a dependent care plan under which employees can defer part of their salary on a pre-tax basis to cover qualified dependent care expenses, and a transportation plan under which employees can defer part of their salary on a pre-tax basis for qualified parking and transportation expenses. Finally, the Company provides the Company's President and Chief Executive Officer with the use of an automobile.

Relationship between Compensation Policies and Risk

The Company and its subsidiaries use variable cash incentive compensation programs and/or plans to reward and incent employee performance and retain top talent. The Compensation Committee is responsible for the review and analysis of the Company's variable cash incentive programs to ensure that they do not encourage excessive risk- or profit-taking at the expense of long-term performance and stockholder value. The Compensation Committee completed a review of the Company's variable cash incentive compensation programs and believes that the current incentive compensation programs that are in place at the Company and its subsidiaries effectively incent officer performance, and not excessive risk taking. The Compensation Committee will continue to monitor both existing and proposed variable cash incentive compensation programs to ensure that this prudent balance continues to exist.

Clawback Policy

In addition to any other remedies available to the Company and subject to applicable law, if the Board or any committee of the Board determines that it is appropriate, the Company may recover in whole or in part any bonus, incentive payment, equity award or other compensation received by an officer of the Company to the extent that such bonus, incentive payment, equity award or other compensation is or was based on any financial results or operating metrics that were impacted by the

Table of Contents

officer's knowing or intentional fraudulent or illegal conduct, including the making of a material misrepresentation contained in the Company's financial statements.

2012 Advisory Votes on Executive Compensation

In 2012, the Company submitted to stockholders a non-binding, advisory vote on the compensation of the Named Officers. At the Company's 2012 Annual Meeting, a substantial majority of the votes cast on the say-on-pay proposal were voted in favor of the proposal. The Compensation Committee believes this affirms stockholders' support of the Company's approach to executive compensation, and accordingly did not make any material changes to the Company's executive compensation program.

Stock Ownership Guidelines

The Compensation Committee believes that Company stock ownership by Company directors and executive officers strengthens their commitment to the Company's future and further aligns their interests with those of the Company's stockholders. The Compensation Committee encourages the Company's directors and executive officers to purchase and own Company stock and discourages sales of Company stock except pursuant to a pre-arranged plan. The Compensation Committee is of the opinion that the number of shares of the Company's stock owned by each director and executive officer is a personal decision and accordingly does not require directors or executive officers to purchase and/or own Company stock. The Compensation Committee will review the Company's policy on Company stock ownership on a periodic basis to evaluate the stock ownership practices of directors and executive officers and to consider any necessary changes or enhancements to the Company's policy on Company stock ownership.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in our Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the SEC.

Potential Payments Upon Termination or Change in Control

Employment Agreement with Paul A. Perrault. The Company and Brookline Bank entered into an employment agreement (the "Perrault Agreement") with Mr. Perrault on April 11, 2011. The Perrault Agreement is for a period of 36 calendar months, and commencing on the first anniversary of the date of the Perrault Agreement, and continuing at each anniversary date thereafter, the Perrault Agreement shall renew for an additional year unless written notice is provided to Mr. Perrault at least 60 days prior to any such anniversary date.

The Perrault Agreement provides that the Company will pay Mr. Perrault a base salary and a short-term incentive payment of up to 75% of base salary. As previously discussed, payment of this award is predicated upon the Company's achievement of established annual goals. The Perrault Agreement also sets forth the terms and conditions of Mr. Perrault's long-term incentive, which is in the form of equity compensation. Specifically, Mr. Perrault is eligible to receive an award of restricted stock having a value equal to 70% of his base salary in effect at the time the award is made. Fifty percent (50%) of each award will vest ratably over a three-year period, with the remaining 50% vesting at the end of a three-year period based on the attainment of performance goals which are established by the Compensation Committee.

Upon the occurrence of an Event of Termination, as defined in the Perrault Agreement, Mr. Perrault (or his beneficiaries or estate in the event of his death subsequent to his termination of employment) is entitled to receive an amount equal to the sum of (i) Mr. Perrault's base salary, (ii) the highest Bonus awarded to him during the past three years, and (iii) the highest Equity Consideration previously awarded to him in any year.

Upon the occurrence of a Change in Control, as defined in the Perrault Agreement, Mr. Perrault (or his beneficiaries or estate) is entitled to receive an amount equal to three times the sum of items (i), (ii) and (iii) as set forth in the preceding paragraph and all unvested restricted and performance stock awards immediately vest and become payable upon a Change in Control.

Upon the occurrence of an Event of Termination or a Change in Control, life and disability coverage substantially identical to the coverage maintained by the Company or the Bank shall continue to be made available to Mr. Perrault for 24 months from the date of termination. The Company shall

also provide Mr. Perrault with healthcare coverage (medical and dental) until he attains age 65; provided, however, that if such coverage would cause the Company to be subject to tax penalties under the Patient Protection and Affordable Care Act, the Company shall pay Mr. Perrault a monthly amount equal to the cost of healthcare coverage until he attains age 65.

Notwithstanding the preceding paragraphs, if the aggregate payments and benefits to be made to Mr. Perrault (the "Termination Benefits") would be deemed to include an "excess Parachute payment" under Section 280G of the Code, then the Termination Benefits would be reduced to an amount (the "non-Triggering Amount"), the value of which would be one hundred dollars less than the total amount of payments permissible under Section 280G of the Code.

In the event that Mr. Perrault is unable to perform his duties on a full-time basis for a period of six consecutive months due to disability, the Company may terminate the Perrault Agreement, but will be obligated to pay him his base salary for one year, provided that any amounts actually paid to Mr. Perrault pursuant to any disability insurance or other similar such program which the Company has provided, or pursuant to any workman's or social security disability program, shall reduce the compensation to be paid to Mr. Perrault resulting from his disability.

In the event of death, Mr. Perrault's estate, legal representatives or beneficiaries shall be paid his base salary for a period of one year from the date of his death and the Company will continue to provide medical, dental and other benefits normally provided to Mr. Perrault's family for one year after his death.

Employment Agreement with Mark J. Meiklejohn. The Company entered into an employment agreement (the "Meiklejohn Agreement") with Mr. Meiklejohn on April 19, 2011.

The Meiklejohn Agreement provides that Mr. Meiklejohn will serve as the President and Chief Executive Officer of Bank Rhode Island, receive a base salary and is eligible to participate in the Company's short-term incentive pay plan.

Upon the occurrence of a Termination either by the Company without cause or by Mr. Meiklejohn for Good Reason, as defined in the Meiklejohn Agreement, Mr. Meiklejohn is entitled to receive an amount equal to the sum of Mr. Meiklejohn's base salary. In addition, the Company will provide Mr. Meiklejohn with medical, dental and life insurance benefits for a period of 12 months from the date of termination.

Notwithstanding the preceding paragraph, if the aggregate payments and benefits to be made to Mr. Meiklejohn (the "Termination Benefits") would be deemed to include an "excess Parachute payment" under Section 280G of the Code, then the Termination Benefits would be reduced to an amount (the "non-Triggering Amount"), the value of which would be one hundred dollars less than the total amount of payments permissible under Section 280G of the Code

In the event that Mr. Meiklejohn is unable to perform his duties on a full-time basis for a period of 12 consecutive months due to disability or death, the Company may terminate the Meiklejohn Agreement, but will be obligated to pay Mr. Meiklejohn or his base salary for a period of six months from the date of disability or the date of his death, respectively.

The Meiklejohn Agreement provides that Mr. Meiklejohn will enter into a change in control agreement with the Company. The information regarding payments and benefits available to Mr. Meiklejohn upon a change in control are set forth below.

Change in Control Agreements. The Company, including its subsidiaries, has entered into change in control agreements (the "Change in Control Agreements") with several of the Company's officers, including individuals who serve as officers of the Company's subsidiaries and all of the Named Officers. The Change in Control Agreements provide certain benefits in the event of a change in control of the Company. For these purposes, a "change in control" is defined generally to mean: (i) consummation of

Table of Contents

a plan of reorganization, merger or sale of substantially all of the assets of the Company where the Company is not the surviving entity; (ii) changes to the Board of Directors of the Company whereby individuals who constitute the current Board cease to constitute a majority of the Board, subject to certain exceptions; (iii) a "change in control" as that term is defined in the Bank Holding Company Act; (iv) a transaction or occurrence whereby any person becomes the beneficial owner of 25% or more of the voting securities of the Company; and (v) a tender offer is made for 25% or more of the voting securities of the Company and 25% or more of the stockholders have tendered their shares.

Upon a change in control, Named Officers are entitled to a payment under the Change in Control Agreement if the officer's employment is involuntarily terminated during the term of such agreement, other than for cause, as defined, or if the officer voluntarily terminates employment during the term of such agreement as the result of a demotion, loss of title, office or significant authority, reduction in his or her annual compensation or benefits, or relocation of the officer's principal place of employment by more than 30 miles from its location immediately prior to the change in control.

In the event that Mark J. Meiklejohn is entitled to receive payments pursuant to the Change in Control Agreement, he would receive a cash payment equal to two times the annual base salary and cash incentive paid to him attributable to the preceding year and all unvested restricted stock and performance stock awards immediately vest and become payable on a Change in Control. In addition, Mr. Meiklejohn would receive life, health and dental coverage for a period of up to 24 months following a termination due to a change in control.

In the event that either James M. Cosman, Julie A. Gerschick, or M. Robert Rose is entitled to receive payments pursuant to the Change in Control Agreement, the respective officer would receive a cash payment equal to the annual base salary paid to the officer and the cash incentive paid to the officer attributable to the preceding year and all unvested restricted stock and performance stock awards immediately vest and become payable on a Change in Control. In addition, the officers would receive life, health and dental coverage for a period of up to 12 months following a termination due to a change in control. In addition, the officers would receive life, health and dental coverage for a period of up to 12 months following a termination due to a change in control.

Notwithstanding any provision to the contrary in the Change in Control Agreements, payments under the Change in Control Agreements are limited so that they will not constitute an excess parachute payment under Section 280G of the Internal Revenue Code.

In the aggregate, the Company's current liability with respect to all outstanding Change in Control Agreements is \$11,331,586.

AUDIT COMMITTEE REPORT

The Audit Committee currently consists of five members of the Board, each of whom is independent under the NASDAQ Stock Market LLC ("NASDAQ") listing standards and Securities and Exchange Commission ("SEC") rules and regulations applicable to Audit Committees. All members of the Audit Committee are financially literate under the applicable NASDAQ rules, and Thomas J. Hollister and John J. Doyle, Jr. are "audit financial committee experts" within the meaning of that term as defined by the SEC in Regulation S-K under the Securities Exchange Act of 1934, as amended. The Board has adopted, and annually reviews, an Audit Committee charter. The charter specifies the scope of the Audit Committee's responsibilities and how it carries out those responsibilities.

The Audit Committee is responsible primarily for assisting the Board in fulfilling its oversight responsibilities of reviewing the financial information that will be provided to stockholders and others, appointing the independent registered public accounting firm, reviewing the services performed by the Company's independent registered public accounting firm and internal audit function, evaluating the Company's accounting policies and the Company's system of internal controls that management and the Board have established, and reviewing material transactions. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

The Audit Committee has reviewed and discussed the Company's December 31, 2012 consolidated audited financial statements with management and with KPMG LLP, the Company's independent registered public accounting firm. The Audit Committee has discussed with KPMG LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (Codification of Statements on Auditing Standards, AU380), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. The Audit Committee has received the written disclosures and the letter from KPMG LLP required by the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with KPMG LLP its independence. The Audit Committee has considered whether the provision of non-audit services to the Company is compatible with KPMG LLP's independence.

Based on the review and discussion referred to above, the Audit Committee recommended to the Board that the December 31, 2012 consolidated audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the SEC. We have selected KPMG LLP as the Company's independent registered public accounting firm for the fiscal year end 2013, and have approved submitting the selection of the independent registered public accounting firm for ratification by the stockholders.

Table of Contents**PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

KPMG LLP currently serves as our independent registered public accounting firm, and that firm conducted the audit of our consolidated financial statements for the fiscal year ended December 31, 2012. The Audit Committee has appointed KPMG LLP to serve as the independent registered public accounting firm to conduct an audit of our consolidated financial statements for the fiscal year ending December 31, 2012.

Although ratification by stockholders is not required by law or by our bylaws, the Audit Committee believes that submission of its selection to stockholders is a matter of good corporate governance. Even if the appointment is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders. If our stockholders do not ratify the appointment of KPMG LLP, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its next selection of independent auditors.

It is anticipated that a representative of KPMG LLP will attend the Annual Meeting of stockholders, will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

At present, our Audit Committee approves each engagement for audit and non-audit services before we engage KPMG LLP to provide those services. Our Audit Committee has not established any pre-approval policies or procedures that would allow management to engage KPMG LLP to provide any specified services with only an obligation to notify the Audit Committee of the engagement for those services. None of the services provided by KPMG LLP for the fiscal year 2012 were obtained in reliance on the waiver of the pre-approval requirement afforded in SEC regulations.

**PROPOSAL 3: ADVISORY (NON-BINDING) VOTE ON
EXECUTIVE COMPENSATION**

As required by Section 14A of the Securities Exchange Act of 1934, as amended, the Board of Directors is submitting to stockholder approval, on an advisory basis, the compensation paid to the Company's named executive officers as described in this Proxy Statement pursuant to Item 402 of Regulation S-K. As previously disclosed by the Company, the Board of Directors has determined that it will hold an advisory vote on executive compensation on an annual basis, and the next such stockholder advisory vote will occur at the 2014 Annual Meeting of Stockholders.

The resolution that is the subject of this proposal is a non-binding advisory resolution and will not have any binding legal effect regardless of whether or not it is approved, and may not be construed as overruling a decision by the Company or the Board of Directors or creating or implying any change to the fiduciary duties of the Board. Furthermore, because this non-binding advisory resolution relates primarily to compensation that has already been paid or is contractually committed for the Company's Named Officers, there is generally no opportunity for the Board to revisit those decisions. However, the Compensation Committee intends to take the results of this vote on this proposal into account in its future decisions regarding the compensation of the Company's Named Officers.

The Company has five Named Officers listed in this Proxy Statement. The Company's compensation program is designed to attract, motivate and retain the Named Officers who are critical to the Company's success, offering a combination of base salary and annual long-term incentives that are closely aligned with the Company's annual and long-term performance objectives. Please see the section titled "*Compensation Discussion and Analysis*" for additional information about the Company's executive compensation programs.

We believe that the effectiveness of our compensation programs is demonstrated by the accomplishments of management over the last fiscal year as detailed in our discussion section titled "*Compensation Discussion and Analysis*."

For these reasons, the Board of Directors recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the compensation of the Company's Named Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion, be approved.

THE BOARD RECOMMENDS A VOTE "FOR" APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED OFFICERS
