Visalia Community Bank, Central Valley Community Bancorp and Central Valley Community Bank ("CVC Bank"), a wholly-owned subsidiary of Central Valley Community Bancorp, entered into a merger agreement on December 19, 2012. The merger will result in Visalia Community Bank being merged with and into CVC Bank, with CVC Bank being the surviving bank in the merger. A copy of that agreement is attached as Appendix A to this proxy statement-prospectus.

In the merger, each share of common stock of Visalia Community Bank will be converted into (i) 2.971 shares of Central Valley Community Bancorp, or an aggregate of 1,262,858 shares of Central Valley Community Bancorp common stock and (ii) \$26.00 in cash, or an aggregate of approximately \$11,050,000 subject to change depending on various factors discussed in the section of this proxy statement-prospectus entitled "The Merger Calculation of Consideration to be Paid to Visalia Community Bank Shareholders." The market value of the merger consideration will fluctuate with the market price of the common stock of Central Valley Community Bancorp and will not be known at the time you vote on the merger. On May 8, 2013, the last practicable trading date before the date of this proxy statement-prospectus, the closing share price of the common stock of Central Valley Community Bancorp was \$8.35 per share as reported on the Nasdaq Capital Market. If the merger had become effective as of May 8, 2013, the value of the aggregate merger consideration would have been approximately \$21,594,864 or \$50.81 per share for each share of common stock of Visalia Community Bank.

We are sending you this proxy statement-prospectus to notify you and invite you to a special shareholders' meeting for the purpose of approving the merger transaction. The special meeting of Visalia Community Bank shareholders will be held on June 18, 2013 at the main office of Visalia Community Bank at 120 N. Floral Street, Visalia, California 93291 at 5:30 p.m. If you are not able to attend, a proxy authorizing someone else to vote for you in the way that you specify is enclosed.

At the special shareholders meeting, in addition to approval of the merger, shareholders also will be asked to approve a certificate of amendment to the Certificate of Determination ("Certificate of Amendment") that created the Series B Preferred Stock of Visalia Community Bank ("Series B Preferred Stock") to provide for the mandatory conversion of the Series B Preferred Stock into the common stock of Visalia Community Bank on a share for share basis immediately prior to the effective time of the merger. Under the merger agreement, it is a condition to the merger that all outstanding shares of Series B Preferred Stock shall have been converted into common stock or redeemed prior to the consummation of the merger.

If the merger described herein is not approved by the holders of the Series B Preferred Stock at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share, the redemption price fixed in the Certificate of Determination for the Series B Preferred Stock, no later than the date preceding the effective date of the merger. The notice will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock on a share for share basis prior to the mandatory redemption instead of accepting the redemption payment of \$37.50 per share. Following the redemption or conversion of all of the Series B Preferred Stock, approval of the merger will require a majority vote only of the common stock. The directors and executive officers of Visalia Community Bank and certain principal shareholders owning an aggregate of 76.9% of the currently outstanding common shares (70.2% if all Series B Preferred Stock is converted to common shares) have agreed to vote their shares in favor of the merger. Accordingly, approval of the merger is assured.

The merger and Certificate of Amendment are more fully described in this proxy statement-prospectus and in the merger agreement. Under the merger agreement, it is a condition of the merger that all outstanding shares of Visalia Community Bank Series B Preferred Stock shall have been converted to common stock or redeemed prior to the consummation of the merger.

If the merger described herein is not approved by the holders of the Series B Preferred Stock at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share, the redemption price currently fixed in the Certificate of Determination for the Series B Preferred Stock, no later than the date preceding the effective date of the merger. The notice will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock on a share for share basis prior to the mandatory redemption instead of accepting the redemption payment of \$37.50 per share. The directors and executive officers of Visalia Community Bank and certain principal shareholders owning an aggregate of 76.9% of the currently outstanding common stock (70.2% if all Series B Preferred Stock is converted to common stock) have agreed to vote their shares in favor of the merger. QUESTIONS AND ANSWERS ABOUT THE MERGER

This question and answer summary highlights selected information contained in other sections of this proxy statement-prospectus. To understand the merger more fully, you should carefully read this entire proxy statement-prospectus, including all appendices and financial statements.

In this document, references to "you" and "your" refer to holders of capital stock of Visalia Community Bank who are being asked to cast votes on the matters described herein.

Q: What am I being asked to vote on?

A: You are being asked to vote on a merger agreement which, when approved, will result in Visalia Community Bank being merged with and into Central Valley Community Bank, a wholly owned subsidiary of Central Valley Community Bancorp. You are also being asked to vote to approve the amendment to the Visalia Community Bank Certificate of Determination creating its Series B Preferred Stock, so that immediately prior to effectiveness of the merger, the outstanding 44,687 shares of Series B Preferred Stock will be converted into shares of Visalia Community Bank common stock.

You are urged to vote in favor of both proposals by signing and returning the enclosed proxy as promptly as possible, whether or not you plan to attend the special meeting of shareholders in person. If you submit a proxy and then decide to attend the meeting in person, you need not vote at the meeting unless you wish to change your proxy voting instructions. The proxy may be revoked at any time prior to its exercise.

Q: Who is eligible to vote?

A: Holders of Visalia Community Bank common stock and Series B Preferred Stock are eligible to vote their shares at the Visalia Community Bank special meeting of shareholders if they were holders of record of those shares at the close of business on May 2, 2013, with regard to both the merger and the Certificate of Amendment.

Q: What is the vote needed for approval of the merger agreement?

A: Approval of the merger agreement will require the affirmative vote of shareholders holding at least a majority of each class of the outstanding shares of Visalia Community Bank. With respect to Visalia Community Bank common stock, a majority vote would require 190,162 shares of the 380,322 shares of common stock outstanding at the time of the meeting. With respect to the Series B Preferred Stock, a majority vote would require 22,344 shares of the 44,687 shares of Series B Preferred Stock outstanding at the time of the meeting. If the merger and Certificate of Amendment described herein are not approved by the holders of the Series B Preferred Stock at the special meeting, all of the Series B Preferred Stock will either be converted or redeemed prior to the merger and approval of the merger after such redemption or conversion will require a majority vote only of the common stock. The directors, executive officers and certain principal shareholders of Visalia Community Bank own 76.9% of the currently outstanding common shares (70.2% if all Series B Preferred Stock is converted to common shares). They have agreed to vote their shares in favor of the merger. Accordingly, approval of the merger is assured.

Q: How many votes are required to approve the Certificate of Amendment?

A: Approval of the Certificate of Amendment will require the affirmative vote of shareholders holding at least a majority of each class of the outstanding shares of Visalia Community Bank. With respect to Visalia Community Bank common stock, a majority vote would require 190,162 shares of the 380,322 shares of common stock outstanding at the time of the meeting. With respect to the Series B

Table of Contents

Preferred Stock, a majority vote would require 22,344 shares of the 44,687 shares of Series B Preferred Stock outstanding at the time of the meeting.

Q: What will happen if Visalia Community Bank shareholders approve the merger?

A: If the Visalia Community Bank shareholders approve both the merger and the Certificate of Amendment, and all regulatory approvals are obtained, and other conditions set forth in the merger agreement are fulfilled, the Series B Preferred Stock shall be converted to Visalia Community Bank common stock, and then Visalia Community Bank will merge with and into CVC Bank. Visalia Community Bank will cease to exist as a separate entity.

Q: What will happen if holders of the Visalia Community Bank Series B Preferred Stock do not approve the merger at the special meeting?

A: If the merger described herein is not approved by both classes of shareholders at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share no later than the date preceding the effective date of the merger. Such notice will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock prior to the merger instead of accepting the redemption payment of \$37.50 per share.

Following the redemption or conversion of all Series B Preferred Stock, approval of the merger will require a majority vote only of the common stock. The directors and executive officers of Visalia Community Bank and certain principal shareholders own 76.9% of the currently outstanding shares of common stock (70.2% if all Series B Preferred Stock is converted to common stock). They have agreed to vote their shares in favor of the merger. Accordingly, approval of the merger is assured.

Q: What will happen if Visalia Community Bank shareholders approve the Certificate of Amendment?

A: If the Visalia Community Bank shareholders approve both the merger and the Certificate of Amendment, and all regulatory approvals are obtained, and other conditions set forth in the merger agreement are fulfilled, the Series B Preferred Stock shall be converted to Visalia Community Bank common stock on a share for share basis immediately prior to the merger, and then Visalia Community Bank will merge with and into CVC Bank.

If the Certificate of Amendment is not approved by both classes of shareholders at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share no later than the date preceding the effective date of the merger. Such notice will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock on a share for share basis prior to the merger instead of accepting the redemption payment of \$37.50 per share. All of these actions may be taken under the existing Certificate of Determination of the Series B Preferred Stock so approval of the Certificate of Amendment will no longer be necessary.

Q: What will I receive in exchange for my Visalia Community Bank shares in the merger?

A: Assuming conversion of all Series B Preferred Stock to Visalia Community Bank common stock, the value of the merger consideration would have been approximately \$50.81 per share of Visalia Community Bank common stock if the merger had become effective as of May 8, 2013, with such merger consideration payable in a combination of \$26.00 in cash and 2.971 newly issued shares of Central Valley Community Bancorp common stock in exchange for each share of Visalia Community

Table of Contents

Bank common stock. That value may change depending on various factors discussed in the section of this proxy statement-prospectus entitled "The Merger Calculation of Consideration to be Paid to Visalia Community Bank Shareholders." If any shares of Series B Preferred Stock are redeemed, the cash portion of the merger consideration will be reduced by the redemption amount. If all Series B Preferred Stock is redeemed, the total reduction in the cash consideration payable in the merger would be \$1,675,763; however, since holders of shares of Series B Preferred Stock would not receive any of the merger consideration following the redemption, and since it is anticipated that the value of the per share merger consideration on the effective date of the merger will be greater than the \$37.50 redemption price for the Series B Preferred Stock, the value of the per share merger consideration payable to holders of the common stock at the effective time of the merger should increase in the event any of the shares of the Series B Preferred Stock are redeemed.

Q: Why is Visalia Community Bank merging?

A: In reaching its decision to adopt and approve the merger agreement and recommend the merger to its shareholders, Visalia Community Bank's board of directors consulted with Visalia Community Bank's management, as well as its legal and financial advisors, and considered a number of positive factors, including the following material factors:

Its knowledge of Visalia Community Bank's business, operations, financial condition, earnings and prospects and of Central Valley Community Bancorp's business, operations, financial condition, earnings and prospects, taking into account the results of Visalia Community Bank's due diligence review of Central Valley Community Bancorp.

Its knowledge of the current environment in the financial services industry, including national and regional economic conditions, continued consolidation, increased regulatory burdens, evolving trends in technology and increasing nationwide and global competition, the current financial market conditions and the likely effects of these factors on the companies' potential growth, development, productivity, profitability and strategic options, and the historical market prices of Visalia Community Bank common stock.

The careful review undertaken by Visalia Community Bank's board of directors and management, with the assistance of Visalia Community Bank's legal and financial advisors, with respect to the strategic alternatives available to Visalia Community Bank if it remained an independent bank.

The complementary aspects of the Visalia Community Bank and Central Valley Community Bank businesses, including customer focus and geographic coverage.

Central Valley Community Bancorp's commitment to enhancing its strategic position in the Central Valley area of the State of California.

The potential expense-saving and revenue-enhancing opportunities in connection with the merger, the related potential impact on the combined company's earnings and the fact that the nature of the merger consideration would allow former Visalia Community Bank shareholders to participate as Central Valley Community Bancorp shareholders in the benefits of such savings opportunities and the future performance of the combined company generally.

The fact that, subject to certain conditions set forth in the merger agreement, including the payment of a termination fee, the merger agreement allows its board of directors in the exercise of its fiduciary duties, to consider a superior proposal, as defined in the merger agreement, which is presented to it, and to withdraw its recommendation to its shareholders to adopt the merger agreement and to terminate the merger agreement to accept such a superior proposal.

The respective presentations by Visalia Community Bank management and its financial advisors concerning the operations, financial condition and prospects of Visalia Community Bank and the expected financial impact of the merger on the combined company, including pro forma assets, earnings and deposits.

The terms of the merger agreement, and the presentation by Visalia Community Bank's outside legal advisors regarding the merger and the merger agreement.

The opinion delivered to Visalia Community Bank by FIG Partners LLC ("FIG") on December 19, 2012 to the effect that, as of December 19, 2012, and based upon and subject to the assumptions, procedures, considerations, qualifications and limitations set forth in the opinion, the consideration to be paid under the merger agreement was fair, from a financial point of view, to the shareholders of Visalia Community Bank.

Visalia Community Bank's board of directors' belief that a merger with Central Valley Community Bank would allow Visalia Community Bank shareholders to participate in the future performance of a combined company that would have better future prospects than Visalia Community Bank was likely to achieve on a stand-alone basis or through other strategic alternatives, including a combination with other potential merger partners.

Visalia Community Bank's board of directors' belief that Visalia Community Bank and Central Valley Community Bancorp shared a similar strategic vision.

The regulatory and other approvals required in connection with the merger and the likelihood that the approvals needed to complete the merger would be obtained without unacceptable conditions.

The fact that holders of Visalia Community Bank shares who do not vote in favor of the merger agreement and who comply with all other applicable statutory procedures for asserting dissenters' rights will be entitled to exercise dissenters' rights under California law.

Please read the section entitled "The Merger Background and Reasons for the Merger; Recommendation of the Board of Directors" for additional information.

Q: Should I send in my certificates now?

A: No. Please do not send in your Visalia Community Bank stock certificates with your proxy. After the merger, an exchange agent designated by Central Valley Community Bancorp will send you instructions for exchanging your Visalia Community Bank stock certificates for the merger consideration.

Q: What do I need to do now?

A: After you have carefully read this proxy statement-prospectus and have decided how you wish to vote your shares, please vote your shares promptly so that your shares are represented and voted at the special meeting. If you hold your shares in your name as a shareholder of record, you must complete, sign, date and mail your proxy card in the enclosed postage-paid return envelope as soon as possible. If you hold both common stock and preferred stock you should have received two separate proxy cards in which case you must complete, sign, date and mail both proxy cards in the enclosed postage-paid return envelope(s) as soon as possible. If you hold your shares in "street name" through a bank or broker, you must direct your bank or broker to vote in accordance with the instructions you have received from your bank or broker. "Street name" shareholders who wish to vote at the special meeting will need to obtain a proxy form from the institution that holds their shares.

Table of Contents

Q: What happens if I do not return my proxy card?

A: If you fail to execute and return your proxy card, it will have the same effect as voting against the merger and the Certificate of Amendment.

Q: What risks should I consider before I vote on the merger?

A: Certain risks that you should consider in deciding how to vote on the merger are described in the section of this proxy statement-prospectus entitled "Risk Factors." You are urged to read that section, as well as the rest of this proxy statement-prospectus, before deciding how to vote.

Q: How do I vote?

A: Just indicate on your proxy card how you want to vote. Sign and mail your proxy card in the enclosed envelope as soon as possible so that your shares will be represented at the Visalia Community Bank special shareholders' meeting. Alternatively, you may attend the meeting and vote in person.

If you sign and send in your proxy card and do not indicate how you want to vote, your proxy will be voted in favor of the merger and the Certificate of Amendment.

If you do not sign and send in your proxy card or you abstain from voting, it will have the effect of voting against the merger and/or the Certificate of Amendment.

You may attend the meeting and vote your shares in person, rather than voting by proxy.

In addition, you may withdraw your proxy at any time up to and including the taking of the vote at the Visalia Community Bank special shareholders' meeting by following the directions on page 36 and either changing your vote by executing another proxy or attending the meeting and voting in person.

Q: How do Visalia Community Bank's directors plan to vote on the merger and the Certificate of Amendment?

A: All of Visalia Community Bank's directors and executive officers and certain principal shareholders owning an aggregate of 292,477 shares or 76.9% of the currently outstanding shares of common stock of Visalia Community Bank have agreed to vote their shares in favor of the merger. Accordingly, Visalia Community Bank expects to receive the affirmative vote of a majority of Visalia Community Bank's issued and outstanding common stock eligible to vote that is needed for class approval by the common stock for both the merger and the Certificate of Amendment. The directors and executive officers also collectively own 13.5% of the Series B Preferred Stock, which Visalia Community Bank expects will be voted in favor of both the merger and the Certificate of Amendment.

Q: What do I do if I do not agree with the merger? Do I have appraisal or dissenter's rights?

A: If you do not agree with the merger, and if you do not vote in favor of it, and if you take certain other actions required by California law, you will have dissenter's rights under California law. Exercise of these rights will result in Visalia Community Bank purchasing your shares at their "fair market value," as of the date immediately prior to the public announcement of the merger as determined in accordance with California law. Please read the section entitled "The Merger Dissenters' Rights of Visalia Community Bank's Shareholders" and **Appendix B** for additional information.

Q: Who can help answer my other questions?

A: If you want to ask any additional questions about the merger, you should contact Nancy Hamill, Corporate Secretary of Visalia Community Bank, 120 N. Floral Street, Visalia, California 93291, telephone (559) 730-2871.

After the merger, the combination of Visalia Community Bank and CVC Bank would result in a community banking operation that would extend through the California Central Valley from Tulare County in the south to Sacramento in the north.

IMPORTANT NOTE IN THE EVENT THE SERIES B PREFERRED STOCK DOES NOT APPROVE THE MERGER AND THE CERTIFICATE OF AMENDMENT

Visalia Community Bank has two classes of stock outstanding, common stock and Series B Preferred Stock. So long as both classes of stock are outstanding, approval of the merger and the Certificate of Amendment will require a vote by both classes.

If the merger and Certificate of Amendment described herein are not approved by the holders of the Series B Preferred Stock at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share, the redemption price currently fixed in the Certificate of Determination for the Series B Preferred Stock, no later than the date preceding the effective date of the merger. The notice will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock on a share for share basis prior to the mandatory redemption instead of accepting the redemption payment of \$37.50 per share.

Following the redemption or conversion of all Series B Preferred Stock, approval of the merger will require a majority vote of only the common stock. The directors, executive officers and certain principal shareholders of Visalia Community Bank owning an aggregate of 76.9% of the currently outstanding common shares (70.2% if all Series B Preferred Stock is converted to common shares) have agreed to vote their shares in favor of the merger. Accordingly, approval of the merger is assured.

If any shares of Series B Preferred Stock are redeemed, the cash portion of the consideration payable in the merger will be reduced by the redemption amount. If all 44,687 shares of the Series B Preferred Stock are redeemed, the total reduction in the cash consideration payable in the merger would be \$1,675,763; however, since holders of shares of Series B Preferred Stock would not receive any of the merger consideration following the redemption, and, since it is anticipated that the value of the per share merger consideration on the effective date of the merger will be greater than the \$37.50 redemption price for the Series B Preferred Stock, the value of the per share merger consideration payable to holders of common stock at the effective time of the merger should increase in the event any shares of the Series B Preferred Stock are redeemed.

Please read the sections entitled "The Merger Structure of the Merger" and " Certain Effects of the Merger" for additional information.

The Merger Agreement (Page 74)

The merger agreement is the legal document that embodies the merger's terms and governs Central Valley Community Bancorp's, CVC Bank's, and Visalia Community Bank's merger process, including the issuance of Central Valley Community Bancorp common stock and cash to holders of Visalia Community Bank's common stock in connection with the merger. Please read the entire merger agreement which is attached to this proxy statement-prospectus as **Appendix A**. Also, please read the section entitled "The Merger The Merger Agreement" for additional information.

Consideration to be Paid to Visalia Community Bank Shareholders (Page 43)

Assuming conversion of all Series B Preferred Stock into Visalia Community Bank common stock, the value of the merger consideration would have been approximately \$50.81 per share of Visalia Community Bank if the merger had become effective as of May 8, 2013, with such merger consideration consisting of \$26.00 in cash and 2,971 newly issued shares of Central Valley Community Bancorp common stock, which may change depending on various factors. Please read the sections entitled "Risk Factors Risks Regarding the Merger" and "The Merger Calculation of Consideration to be Paid to Visalia Community Bank Shareholders" for additional information.

Regulatory Approvals (Page 47)

CVC Bank and Visalia Community Bank must receive approvals from the Federal Deposit Insurance Corporation and the California Department of Financial Institutions in order to consummate the merger. CVC Bank and Visalia Community Bank submitted applications to these agencies. The California Department of Financial Institutions has approved the merger. The application with the Federal Deposit Insurance Corporation is currently pending. CVC Bank and Visalia Community Bank believe the application will be approved. In addition, Central Valley Community Bancorp has filed a notification with the Federal Reserve Bank of San Francisco. In addition, Visalia Community Bank must receive the approval from the California Department of Financial Institutions for the Certificate of Amendment and, in the event the merger is not approved by the holders of the Series B Preferred Stock, for the redemption of the Series B Preferred Stock. The California Department of Financial Institutions has approved the Certificate of Amendment. Please read the section entitled "The Merger Regulatory Approvals" for additional information.

Opinion of Visalia Community Bank's Financial Advisor and Central Valley Community Bancorp's Financial Advisor. (Pages 54 and 59).

In deciding to recommend approval of the merger, Visalia Community Bank's Board of Directors considered, among other things, the December 19, 2012 opinion of FIG, Visalia Community Bank's financial advisor, regarding the fairness, from a financial point of view, of the consideration to be received by Visalia Community Bank's shareholders as a result of the merger. A copy of the FIG report is attached as **Appendix C** to this proxy statement-prospectus. You should read it carefully to understand the assumptions made, matters considered and limitations of the review undertaken by the advisor in providing its opinion. Subject to the terms and limitations set forth in their report, FIG concluded that the combination of Central Valley Community Bancorp common stock and cash to be received by holders of Visalia Community Bank common stock in the merger is fair from a financial point of view.

In deciding to recommend approval of the merger, Central Valley Community Bancorp's Board of Directors considered, among other things, the December 19, 2012 opinion of Sandler O'Neill + Partners, L.P. ("Sandler O'Neill"), Central Valley Community Bancorp's financial advisor, regarding the fairness of the merger consideration, from a financial point of view **to Central Valley Community Bancorp**. A copy of the Sandler O'Neill opinion is attached as **Appendix D** to this proxy

statement-prospectus. You should read it carefully to understand the assumptions made, matters considered and limitations of the review undertaken by the advisor in providing its opinion. Subject to the terms and limitations set forth in their opinion, the Sandler O'Neill confirmed that the merger consideration is fair to Central Valley Community Bancorp from a financial point of view.

Recommendation of Visalia Community Bank's Board of Directors (Page 41)

On December 19, 2012, Visalia Community Bank's Board of Directors unanimously approved the merger agreement and the transactions contemplated by it. Moreover, they unanimously believe that the merger's terms are fair to you and in your best interests. Accordingly, they unanimously recommend a vote "FOR" the proposal to approve the merger agreement and the merger. The conclusions of Visalia Community Bank's Board of Directors regarding the merger are based upon a number of factors. Please read the sections entitled "The Merger Background and Reasons for the Merger; Recommendation of the Board of Directors," "Opinion of Visalia Community Bank's Financial Advisor" for additional information.

On February 21, 2013, Visalia Community Bank's Board of Directors approved the Certificate of Amendment and determined to recommend that shareholders approve the Certificate of Amendment.

Termination of the Merger (Page 81)

Central Valley Community Bancorp, CVC Bank and Visalia Community Bank can mutually agree to terminate the merger agreement and abandon the merger at any time. In addition, the merger can be terminated as a result of material breaches of any representation, warranty, covenant, or agreement contained in the merger agreement that is not timely cured; if the merger has failed to occur by September 30, 2013; if the approval of any governmental authority required for the consummation of the merger has been denied; by Central Valley Community Bancorp or CVC Bank if Visalia Community Bank's board of directors alters or modifies its favorable recommendation of the merger and the merger agreement in a manner adverse to Central Valley Community Bancorp or CVC Bank or recommends, endorses, accepts or agrees to an acquisition proposal by any other party; by Central Valley Community Bancorp or CVC Bank if Visalia Community Bank's closing shareholder's equity, as defined in the merger agreement, is less than \$18,500,000; by Visalia Community Bank if the trading price of Central Valley Community Bancorp common stock declines below limits agreed in the merger agreement, or by Central Valley Community Bancorp if the trading price of Central Valley Community Bancorp common stock increases above limits agreed in the merger agreement; or by Central Valley Community Bancorp or CVC Bank if Visalia Community Bank enters into a written agreement to effect an acquisition transaction with a third party in connection with a superior proposal.

In the event the merger agreement is terminated by Visalia Community Bank in connection with a superior proposal or if the board of directors of Visalia Community Bank approves, or if Visalia Community Bank authorizes, recommends, publicly proposes or publicly announces its intention to authorize, recommend or approve an acquisition proposal from any third party, Visalia Community Bank will be obligated to pay a \$1,000,000 termination fee to Central Valley Community Bancorp. Please read the section entitled "The Merger The Merger Agreement Termination" for additional information.

Conditions to Closing the Merger (Page 79)

In addition to receipt of regulatory and shareholder approvals, closing of the merger will depend on fulfillment of certain conditions, unless waived by the parties.

If all required regulatory and shareholder approvals are received as planned, and if the conditions to the merger have either been met or waived, the parties anticipate that the merger will close during the second quarter of 2013. However, the parties cannot assure you whether or when the merger will

actually close. Please read the section entitled "The Merger The Merger Agreement The Closing" for additional information.

Historic Market Value of Securities (Page 33)

On December 18, 2012, the day before the public announcement of the merger, shares of Central Valley Community Bancorp traded on the Nasdaq Capital Market under the symbol CVCY at prices between \$8.25 and \$8.09 per share. There is currently no established public trading market for the common stock of Visalia Community Bank. While the common stock of Visalia Community Bank is quoted on the OTCQB under the symbol "VSMU," Visalia Community Bank is only aware of six trades in its common stock since January 1, 2011, with the trade nearest to December 18, 2012, occurring on September 2012, when 200 shares were sold at \$31.00 per share. Please read the section entitled "Comparative Market Prices and Dividends" for additional information.

Federal Income Tax Consequences (Page 45)

Visalia Community Bank expects that, for United States federal income tax purposes, you generally will not recognize any gain or loss with respect to that portion of your shares of Visalia Community Bank common stock that are converted to shares of Central Valley Community Bancorp common stock in the merger, but you will recognize gain or loss with respect to any cash received in lieu of a fractional share interest in Central Valley Community Bancorp common stock and the \$26.00 cash portion of the merger consideration.

If you hold shares of Series B Preferred Stock, you will not recognize any gain or loss on the value of your shares as a result of the conversion of Series B Preferred Stock to Visalia Community Bank common stock. Any gain or loss you recognize would result from the subsequent conversion of Visalia Community Bank common stock to Central Valley Community Bancorp stock in the merger.

If you perfect dissenter's rights and receive payment for your shares (or if you are notified of a Series B Preferred Stock redemption and do not opt to convert your Series B Preferred Stock to Visalia Community Bank common stock), you will be treated as if the shares were redeemed and, if shares are held by you as a capital asset you will recognize a capital gain or loss measured by the difference between the cash received and your basis in the shares of Visalia Community Bank stock surrendered.

The tax laws are complex. Therefore, you should consult your individual tax advisor regarding the federal income tax consequences of the merger to you. You should also consult your tax advisor concerning all state, local and foreign tax consequences of the merger.

Accounting Treatment of the Merger (Page 73)

Central Valley Community Bancorp will account for the merger as a purchase. Under this method of accounting, the assets and liabilities of the company acquired are recorded at their respective fair value as of completion of the merger, and are added to those of the acquiring company. Financial statements of the acquiring company issued after the merger takes place reflect these values, but are not restated retroactively to reflect the historical financial position or results of operations of the company that was acquired. Please read the section entitled "The Merger Accounting Treatment" for additional information.

Central Valley Community Bancorp's and CVC Bank's Management and Operations after the Merger (Page 48)

Central Valley Community Bancorp has agreed to, contingent upon the closing of the merger, increase the authorized number of directors by one director and appoint F. T. Elliott, IV to fill the

newly-created vacancy on the board of directors of Central Valley Community Bancorp, to hold office until the next annual meeting of shareholders of Central Valley Community Bancorp, until his successor is elected and qualified or until otherwise removed. Central Valley Community Bancorp has also agreed, timing of the merger permitting, to nominate Mr. Elliott for election to the Central Valley Community Bancorp board at the 2013 annual shareholder meeting, provided that he satisfies the standards of the Central Valley Community Bancorp nominating committee and subject to the fiduciary duties of the Central Valley Community Bancorp board and nominating committee.

Please read the section entitled "The Merger Certain Effects of the Merger" and " Interests of Certain Persons in the Merger" for additional information.

Interests of Certain Persons in the Merger That Are Different From Yours (Page 48)

The directors and executive officers of Visalia Community Bank have financial interests in the merger that are in addition to their interests as Visalia Community Bank shareholders. You should consider these interests in deciding how to vote. These interests include:

the agreed upon appointment of F.T. Elliott, IV, the current Chairman of the Board of Visalia Community Bank, as a director of Central Valley Community Bancorp and Central Valley Community Bank following the merger;

rights of Visalia Community Bank's executive officers to certain compensation after the merger as follows:

An aggregate of approximately \$808,725 to Thomas J. Beene, the current President and Chief Executive Officer of Visalia Community Bank, consisting of (i) approximately \$95,000 in base compensation in connection with his continued employment with Central Valley Community Bank for an approximate 6 month period following the merger, (ii) a payment of \$190,000 as a "stay payment" under his employment agreement with Central Valley Community Bank and (iii) payment of an aggregate of \$523,725 under his September 21, 2006 Amended and Restated Salary Continuation Agreement with Visalia Community Bank, payable in 180 equal monthly installments commencing at his monthly retirement age, representing the payment of accruals under this agreement at December 31, 2012. In addition, Mr. Beene may receive 180 monthly installment payments aggregating approximately \$129,113, representing the amount of accruals as of December 31, 2012 under that certain Amended and Restated Salary Continuation Agreement dated March 24, 2011, provided, however, that the payments under this agreement are subject to prior approval of the FDIC.

A payment of \$60,000 as a pay to stay payment to the Bank's Chief Financial Officer, Roger White, and a payment of \$53,040 as a pay to stay payment to the Bank's Chief Credit Officer, Renee Savage.

rights of Visalia Community Bank's directors to certain compensation after the merger, consisting of lump sum payments of accrual balances under their respective director retirement agreements and director deferred fee agreements, and, with respect to directors F.T. Elliott, III, F.T. Elliott, IV, Margaret K. Elliott and Jonathan Graves, payment of termination fees regarding

these directors' split dollar life insurance agreements. The approximate aggregate amounts due to these directors under these various pre-existing agreements after the merger is as follows:

Director	Aggregate Payments
Dena R. Cochran	\$ 425,867
F.T. Elliott, III	260,537
F.T. Elliott, IV	173,499
Margaret K. Elliott	241,935
Jonathan Graves	466,659
Jonathan Hornburg	239,548
Brian Johnson	109,428
Gordon L. Pendegraft	279,567

rights to Visalia Community Bank executive officers and directors to continued liability insurance coverage after the merger for acts or omissions occurring prior to the merger.

Differences in Your Rights as a Shareholder (Page 88)

As a Visalia Community Bank shareholder, your rights are currently governed by Visalia Community Bank's Articles of Incorporation and Bylaws. When you receive Central Valley Community Bancorp common stock in exchange for your Visalia Community Bank common stock, you will become a Central Valley Community Bancorp shareholder. Consequently, your rights as a Central Valley Community Bancorp shareholder will be governed by Central Valley Community Bancorp's Articles of Incorporation and Bylaws. Your rights as a shareholder will also be affected by the vote on the Certificate of Amendment. Please read the section entitled "Comparison of Shareholder Rights" for additional information.

Dissenters' Rights (Page 52)

In the event Visalia Community Bank's shareholders approve the merger and you have not voted in favor of the merger and you do not wish to accept the merger consideration offered for your shares, you have the right to dissent from the merger and receive the fair market value of your shares determined as of the date immediately prior to the public announcement of the merger under the provisions of Chapter 13 of the California Corporations Code. Please read the section entitled "The Merger Dissenters' Rights of Visalia Community Bank's Shareholders" and *Appendix B* for additional information.

IMPORTANT NOTE IN THE EVENT THE SERIES B PREFERRED STOCK DOES NOT APPROVE THE MERGER AND THE CERTIFICATE OF AMENDMENT

Visalia Community Bank has two classes of stock outstanding, common stock and Series B Preferred Stock. So long as both classes of stock are outstanding, approval of the merger and the Certificate of Amendment will require a vote by both classes.

If the merger and Certificate of Amendment described herein are not approved by the holders of the Series B Preferred Stock at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share, the redemption price currently fixed in the Certificate of Determination for the Series B Preferred Stock, no later than the date preceding the effective date of the merger. The notice will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock on a share for share basis prior to the mandatory redemption instead of accepting the redemption payment of \$37.50 per share.

Following the redemption or conversion of all Series B Preferred Stock, approval of the merger will require a majority vote of only the common stock. The directors, executive officers and certain principal shareholders of Visalia Community Bank owning an aggregate of 76.9% of the currently outstanding common shares (70.2% if all Series B Preferred Stock is converted to common shares) have agreed to vote their shares in favor of the merger. Accordingly, approval of the merger is assured.

If any shares of Series B Preferred Stock are redeemed, the cash portion of the consideration payable in the merger will be reduced by the redemption amount. If all 44,687 shares of the Series B Preferred Stock are redeemed, the total reduction in the cash consideration payable in the merger would be \$1,675,763; however, since holders of shares of Series B Preferred Stock would not receive any of the merger consideration following the redemption, and, since it is anticipated that the value of the per share merger consideration on the effective date of the merger will be greater than the \$37.50 redemption price for the Series B Preferred Stock, the value of the per share merger consideration payable to holders of common stock at the effective time of the merger should increase in the event any shares of the Series B Preferred Stock are redeemed.

CENTRAL VALLEY COMMUNITY BANK / VISALIA COMMUNITY BANK

**UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION
(Unaudited)**

December 31, 2012

The unaudited pro forma condensed combined balance sheet combines the historical consolidated balance sheets of Central Valley Community Bancorp and Visalia Community Bank, giving effect to the merger as if it had been consummated on December 31, 2012. The unaudited pro forma condensed combined income statements for the year ended December 31, 2012, combine the Central Valley Community Bancorp consolidated statements of income for the year ended December 31, 2012 with the Visalia Community Bank statements of income for the same period. The historical consolidated financial information has been adjusted to give effect to pro forma events that are (i) directly attributable to the merger, (ii) factually supportable, and (iii) with respect to the statements of income, expected to have a continuing impact on the combined results. The unaudited pro forma condensed combined financial information includes the following assumptions: (i) that no shareholder of Visalia Community Bank or Central Valley Community Bancorp perfects dissenters' rights, (ii) that all outstanding Visalia Community Bank Series B Preferred Stock will be converted into Visalia Community Bank common stock prior to the consummation of the merger, (iii) that the exchange ratio used for purposes of the pro forma calculations was 2.971 shares of Central Valley Community Bancorp common stock (based on the value of Central Valley Community Bancorp stock of \$8.75, the assumed value used in the merger agreement) plus \$26.00 in cash to be exchanged for each Visalia Community Bank common share outstanding, and (iv) that Visalia Community Bank conforms its allowance for loan and lease losses methodology and required level of reserves to be consistent with the Central Valley Bancorp methodology prior to the consummation of the Merger.

The unaudited pro forma condensed combined financial information is presented for illustrative purposes only and does not indicate the financial results of the combined company had the companies actually been combined on the dates described above, nor is it necessarily indicative of the results of operations in future periods or the future financial position of the combined entities. The unaudited pro forma condensed combined financial information also does not consider any potential impacts of current market conditions on revenues, expense efficiencies, asset dispositions and share repurchases, among other factors.

These unaudited pro forma condensed combined financial statements should be read in conjunction with the historical audited and unaudited consolidated financial information and accompanying notes of Central Valley Community Bancorp and Visalia Community Bank, which have been incorporated by reference or included in this proxy statement-prospectus.

The unaudited pro forma condensed combined financial statements were prepared using the acquisition method of accounting with Central Valley Community Bancorp treated as the acquiring entity. Accordingly, consideration expected to be paid by Central Valley Community Bancorp to complete the merger with Visalia Community Bank will be allocated to Visalia Community Bank's assets and liabilities based upon their estimated fair values as of the date of completion of the merger. The allocation is dependent upon certain valuations and other studies that have not progressed to a stage where there is sufficient information to make a final allocation. Additionally, a final determination of the fair value of Visalia Community Bank's assets and liabilities, which cannot be made prior to the completion of the transaction, will be based on the actual fair values of the net tangible and intangible assets of Visalia Community Bank that exist as of the date of completion of the merger. Accordingly, the pro forma purchase price adjustments are preliminary, subject to further adjustments as additional information becomes available and as additional analyses are performed and have been made solely for the purpose of providing the unaudited pro forma condensed combined financial information presented below. Central Valley Community Bancorp estimated the fair value of Visalia Community Bank's assets and liabilities based on discussions with Visalia Community Bank's

Table of Contents

management, due diligence and information presented in public filings. Valuations of tangible and intangible assets and liabilities and related pro forma adjustments are based on Central Valley Community Bancorp management's good faith estimates of fair value. Upon completion of the merger, final valuations will be performed. Increases or decreases in the fair value of relevant balance sheet amounts will result in adjustments to the unaudited pro forma condensed combined balance sheet and/or income statement. There can be no assurance that the final determination will not result in material changes.

The value of Central Valley Community Bancorp shares of common stock issued in connection with the Visalia Community Bank acquisition will be based on the closing price of Central Valley Community Bancorp common stock on the date the merger is completed. For purposes of the unaudited pro forma condensed combined financial information, the fair value of Central Valley Community Bancorp common stock was assumed to be \$8.75 per share. The actual value of the Central Valley Community Bancorp common stock at the completion of the merger could be different.

Central Valley Community Bancorp anticipates that the completed acquisitions of Visalia Community Bank will provide the combined company with financial benefits that include reduced operating expenses. The unaudited pro forma condensed combined financial information, although helpful in illustrating the financial characteristics of the combined company under one set of assumptions, does not necessarily reflect the exact benefits of expected cost savings or opportunities to earn additional revenue and, accordingly, does not attempt to predict or suggest future results. It also does not necessarily reflect what the historical results of the combined company would have been had the companies been combined during these periods. Actual results may be materially different than the pro forma information presented.

Note 1 Basis of Presentation

The unaudited pro forma condensed combined financial information and explanatory notes show the impact on the historical financial condition and results of operations of Central Valley Community Bancorp resulting from the Visalia Community Bank acquisition under the acquisition method of accounting. Under the acquisition method of accounting, the assets and liabilities of Visalia Community Bank will be recorded by Central Valley Community Bancorp at their respective fair values as of the merger date. The unaudited pro forma condensed combined balance sheet combines the historical financial information of Central Valley Community Bancorp and Visalia Community Bank as of December 31, 2012, and assumes that the Visalia Community Bank merger was completed on that date. The unaudited pro forma condensed combined income statements for the year ended December 31, 2012 give effect to the pending Visalia Community Bank merger as if it had been completed on January 1, 2012.

Since the transaction is recorded using the acquisition method of accounting, all loans are recorded at fair value, including adjustments for credit quality, and no allowance for credit losses is carried over to Central Valley Community Bancorp's balance sheet. In addition, certain nonrecurring costs associated with the Visalia Community Bank merger such as potential severance, professional fees, legal fees and conversion-related expenditures are expensed as incurred and not reflected in the unaudited pro forma condensed combined income statement.

While the recording of the acquired loans at their fair value will impact the prospective determination of the provision for loan and lease losses and the allowance for loan and lease losses, for purposes of the unaudited pro forma condensed combined income statement for the year ended December 31, 2012, Central Valley Community Bancorp assumed no adjustments to the historical amount of Visalia Community Bank's provision for loan losses. If such adjustments were estimated, there could be a reduction, which could be significant, to the historical amounts of Visalia Community Bank's provision for loan losses presented.

Note 2 Accounting Policies and Financial Statement Classifications

The accounting policies of Visalia Community Bank are in the process of being reviewed in detail by Central Valley Community Bancorp. Upon completion of such review, conforming adjustments or financial statement reclassifications may be determined.

Note 3 Merger and Acquisition Integration Costs

In connection with the Visalia Community Bank merger the plan to integrate the operations of Visalia Community Bank is still being developed and the specific details of the plan will continue to be refined over the next several months, and will include assessing personnel, benefit plans, premises, equipment and service contracts to determine where Central Valley Community Bancorp may take advantage of redundancies. Certain decisions arising from these assessments may involve involuntary termination of employees, vacating leased premises, changing information systems, canceling contracts with certain service providers, and selling or otherwise disposing of certain premises, furniture and equipment. Central Valley Community Bancorp also expects to incur merger-related costs including professional fees, legal fees, system conversion costs and costs related to communications with customers and others. To the extent there are costs associated with these actions, the costs will be recorded based on the nature of the cost and the timing of these integration actions. No such costs were considered in the accompanying unaudited pro forma condensed combined balance sheet or income statement.

Table of Contents

Note 4 Estimated Annual Cost Savings

Central Valley Community Bancorp expects to realize cost savings from the Visalia Community Bank merger. These cost savings are not reflected in the unaudited pro forma condensed combined financial information and there can be no assurance they will be achieved in the amount, manner or timing currently contemplated.

Note 5 Pro Forma Adjustments

The following pro forma adjustments have been reflected in the unaudited pro forma condensed combined financial information. All adjustments are based on current assumptions and valuations, which are subject to change.

- (A) Payment for cash consideration of \$11.05 million to Visalia Community Bank shareholders is funded by the liquidation of interest bearing deposits in other banks.
- (B) \$3.851 million adjustment made to reflect the preliminary estimated market value of Visalia Community Bank's loans, which includes an estimate of lifetime credit losses, net of \$3.112 million purchase accounting reversal of Visalia Community Bank's allowance for loan and lease losses, which cannot be carried over.
- (C) Represents the recognition of goodwill resulting from the difference between the net fair value of the acquired assets and assumed liabilities and the value of the consideration paid to Visalia Community Bank shareholders. The excess of the value of the consideration paid over the fair value of net assets acquired is summarized as follows:

No pro forma adjustments have been included herein which reflect potential effects of merger integration expenses, cost savings or operational synergies which may be obtained by combining the operations of Central Valley Community Bancorp and Visalia Community Bank, or the costs of combining the companies and their operations. Per share data for Visalia Community Bank is presented based on the 380,322 presently outstanding shares of common stock and without giving effect to the conversion of Series B Preferred Stock that would occur immediately prior to the merger if the Certificate of Amendment is approved. RISK FACTORS

In addition to general investment risks and the other information contained in or incorporated by reference into this proxy statement-prospectus, including the matters addressed under the section "Cautionary Statement Regarding Forward-Looking Statements," you should carefully consider the following risk factors in deciding how to vote for the proposals presented in this proxy statement-prospectus. In addition, you should read and consider the risks associated with each of the businesses of Visalia Community Bank and Central Valley Community Bancorp because these risks will relate to the combined company. Descriptions of some of these risks can be found in the Annual Report on Form 10-K filed by Central Valley Community Bancorp for the year ended December 31, 2012, as updated by other reports filed with the SEC, which is filed with the SEC and incorporated by reference into this proxy statement-prospectus. You should also consider the other information in this proxy statement-prospectus and the other documents incorporated by reference into this proxy statement-prospectus. See "Where You Can Find More Information."

IMPORTANT NOTE IN THE EVENT THE SERIES B PREFERRED STOCK DOES NOT APPROVE THE MERGER AND THE CERTIFICATE OF AMENDMENT

Visalia Community Bank has two classes of stock outstanding, common stock and Series B Preferred Stock. So long as both classes of stock are outstanding, approval of the merger and the Certificate of Amendment will require a vote by both classes.

If the merger and Certificate of Amendment described herein are not approved by the holders of the Series B Preferred Stock at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share, the redemption price currently fixed in the Certificate of Determination for the Series B Preferred Stock, no later than the date preceding the effective date of the merger. The notice will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock on a share for share basis prior to the mandatory redemption instead of accepting the redemption payment of \$37.50 per share.

Following the redemption or conversion of all Series B Preferred Stock, approval of the merger will require a majority vote of only the common stock. The directors, executive officers and certain principal shareholders of Visalia Community Bank owning an aggregate of 76.9% of the currently outstanding common shares (70.2% if all Series B Preferred Stock is converted to common shares) have agreed to vote their shares in favor of the merger. Accordingly, approval of the merger is assured.

If any shares of Series B Preferred Stock are redeemed, the cash portion of the consideration payable in the merger will be reduced by the redemption amount. If all 44,687 shares of the Series B Preferred Stock are redeemed, the total reduction in the cash consideration payable in the merger would be \$1,675,763; however, since holders of shares of Series B Preferred Stock would not receive any of the merger consideration following the redemption, and, since it is anticipated that the value of the per share merger consideration on the effective date of the merger will be greater than the \$37.50 redemption price for the Series B Preferred Stock, the value of the per share merger consideration payable to holders of common stock at the effective time of the merger should increase in the event any shares of the Series B Preferred Stock are redeemed.

Table of Contents

Because the market price of Central Valley Community Bancorp common stock will fluctuate, Visalia Community Bank shareholders cannot be certain of the market value of the merger consideration they will receive.

The merger agreement assumes that the 1,262,858 shares of Central Valley Community Bancorp common stock which will constitute the equity portion of the merger consideration have a market value equal to approximately \$11,050,000, or \$8.75 per share. Since the market value of Central Valley Community Bancorp common stock fluctuates, the value of the equity portion of the merger consideration may be more or less than approximately \$11,050,000. Assuming conversion of all Series B Preferred Stock to Visalia Community Bank common stock, the value of the equity portion of the consideration would have been an aggregate of approximately 21,594,864 or \$50.81 per share of Visalia Community Bank common stock if the merger had become effective as of May 8, 2013, on which date the closing price of one share of common stock of Central Valley Community Bancorp on Nasdaq was \$8.35. The value of the merger consideration may change depending on various factors discussed in the section of the attached proxy statement-prospectus entitled "The Merger Calculation of Consideration to be Paid to Visalia Community Bank Shareholders." Assuming conversion of all Series B Preferred Stock to Visalia Community Bank common stock, you will receive a combination of \$26.00 in cash and 2.971 newly issued shares of Central Valley Community Bancorp common stock in exchange for each share of Visalia Community Bank common stock. As a result, each increase, or decrease, of \$1.00 in the market price of Central Valley Community Bancorp stock would result in a corresponding change of approximately \$2.971 for each share of Visalia Community Bank stock surrendered in the merger. Stock price changes may result from a variety of factors that are beyond the control of Central Valley Community Bancorp and Visalia Community Bank, including but not limited to general market and economic conditions, changes in their respective businesses, operations and prospects and regulatory considerations. Therefore, at the time of the Visalia Community Bank special meeting you will not know the precise market value of the consideration you will receive at the effective time of the merger.

As a result of these factors, the value of the merger consideration may change prior to the time payments to Visalia Community Bank shareholders are made.

Please read the sections entitled "The Merger Calculation of Consideration to be Paid to Visalia Community Bank Shareholders."

The market price of Central Valley Community Bancorp common stock after the merger may be affected by factors different from those affecting the shares of Visalia Community Bank or Central Valley Community Bancorp currently.

Upon completion of the merger, holders of Visalia Community Bank common stock will become holders of Central Valley Community Bancorp common stock. Central Valley Community Bancorp's business differs from that of Visalia Community Bank, and, accordingly, the results of operations of the combined company and the market price of Central Valley Community Bancorp common stock after the completion of the merger may be affected by factors different from those currently affecting the independent results of operations of each of Central Valley Community Bancorp and Visalia Community Bank.

If shares of Series B Preferred Stock are redeemed rather than converted to Visalia Community Bank common stock, it will decrease the cash component of merger consideration available to holders of Visalia Community Bank common stock.

Under the merger agreement, it is a condition of the merger that all outstanding shares of Visalia Community Bank Series B Stock shall have been converted to common stock or redeemed prior to the consummation of the merger. If the merger and Certificate of Amendment described herein are not approved by the holders of the Series B Preferred Stock at the special meeting, Visalia Community

Table of Contents

Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share no later than the date preceding the effective date of the merger. Such notice will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock prior to the merger instead of accepting the redemption payment of \$37.50 per share.

Pursuant to the merger agreement, cash used to redeem Series B Preferred Stock would be deducted from the cash portion of the merger consideration. Redemption of all Series B Preferred Stock would result in a reduction of the cash portion of the merger consideration by approximately \$1,675,763; however, since holders of shares of Series B Preferred Stock would not receive any of the merger consideration following the redemption, and since it is anticipated that the value of the per share merger consideration on the effective date of the merger will be greater than the \$37.50 redemption price for the Series B Preferred Stock, the value of the per share merger consideration payable to holders of the common stock at the effective time of the merger should increase in the event any of the shares of the Series B Preferred Stock are redeemed; however, the holders of the common stock of Visalia Community Bank would receive a larger portion of the merger consideration in shares of the common stock of Central Valley Community Bancorp, so the merger consideration received would be subject to greater fluctuation after the merger. See "The Merger Calculation of Consideration to be Paid to Visalia Community Bank Shareholders."

Regulatory approvals may not be received, may take longer than expected or may impose conditions that are not presently anticipated.

Before the merger may be completed, Central Valley Community Bancorp and Visalia Community Bank must obtain various approvals or consents, including from the FDIC and the DFI. The DFI has approved the merger. In deciding whether to grant these approvals, the relevant governmental authorities will make a determination of whether, among other things, the merger is in the public interest. These regulatory entities may impose conditions on the completion of the merger or require changes to the terms of the merger. Although the parties do not currently expect that any material conditions or changes would be imposed, there can be no assurance that they will not be. Such conditions or changes could have the effect of delaying completion of the merger or imposing additional costs on or limiting the revenues of the combined company following the merger, any of which might have a material adverse effect on the combined company following the merger. In addition, Central Valley Community Bancorp or Visalia Community Bank may elect not to consummate the merger if any required regulatory approval has been denied by the relevant regulatory authority and such denial has become final and nonappealable, or if a regulatory authority has issued a final, nonappealable injunction permanently enjoining or otherwise prohibiting the completion of the merger. See "The Merger Regulatory Approvals Required for the Merger."

Combining the two companies may be more difficult, costly or time consuming than expected.

Central Valley Community Bancorp and Visalia Community Bank have operated and, until the completion of the merger will continue to operate, independently. The success of the merger, including any anticipated cost savings, will depend, in part, on whether the parties to the merger agreement successfully combine the businesses of Central Valley Community Bancorp and Visalia Community Bank. To realize these anticipated benefits, after the completion of the merger, Central Valley Community Bancorp expects to integrate Visalia Community Bank's business into its own. It is possible that the integration process could result in the loss of key employees, the disruption of each company's ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect the combined company's ability to maintain relationships with clients, customers, depositors and employees or to achieve the anticipated benefits of the merger. The loss of key employees could adversely affect Central Valley Community Bancorp's ability to successfully conduct its business in the

Table of Contents

markets in which Visalia Community Bank now operates, which could have an adverse effect on Central Valley Community Bancorp's financial results and the value of its common stock. If Central Valley Community Bancorp experiences difficulties with the integration process, the anticipated benefits of the merger may not be realized fully or at all, or may take longer to realize than expected. As with any merger of financial institutions, there also may be business disruptions that cause Visalia Community Bank to lose customers or cause customers to remove their accounts from Visalia Community Bank and move their business to competing financial institutions. Integration efforts between the two companies will also divert management attention and resources. These integration matters could have an adverse effect on each of Visalia Community Bank and Central Valley Community Bancorp during this transition period and for an undetermined period after completion of the merger.

The fairness opinion obtained by Visalia Community Bank from its financial advisor will not reflect changes in circumstances between signing the merger agreement and the completion of the merger.

Visalia Community Bank has not obtained an updated fairness opinion as of the date of this proxy statement-prospectus from FIG, Visalia Community Bank's financial advisor. Changes in the operations and prospects of Visalia Community Bank or Central Valley Community Bancorp, general market and economic conditions and other factors that may be beyond the control of Visalia Community Bank and Central Valley Community Bancorp, and on which the fairness opinion was based, may alter the value of Visalia Community Bank or Central Valley Community Bancorp or the prices of shares of Visalia Community Bank common stock or Central Valley Community Bancorp common stock by the time the merger is completed. The opinion does not speak as of the time the merger will be completed or as of any date other than the date of such opinion. Because Visalia Community Bank does not anticipate asking its financial advisor to update its opinion, the December 19, 2012 opinion does not address the fairness of the merger consideration, from a financial point of view, at the time the merger is completed. The opinion is attached as Appendix C to this proxy statement-prospectus. For a description of the opinion that Visalia Community Bank received from its financial advisor, see "The Merger Opinion of FIG Partners LLC." For a description of the other factors considered by Visalia Community Bank's board of directors in determining to approve the merger, see "The Merger Visalia Community Bank's Reasons for the Merger; Recommendation of Visalia Community Bank's Board of Directors."

Some of the directors and executive officers of Visalia Community Bank may have interests and arrangements that may have influenced their decisions to support or recommend that you approve the merger agreement.

The interests of some of the directors and executive officers of Visalia Community Bank may be different from those of Visalia Community Bank shareholders, and directors and officers of Visalia Community Bank may be participants in arrangements that are different from, or in addition to, those of Visalia Community Bank shareholders. These interests are described in more detail in the section entitled "The Merger Interests of Visalia Community Bank's Directors and Executive Officers in the Merger."

Termination of the merger agreement could negatively impact Visalia Community Bank.

If the merger agreement is terminated, there may be various consequences. For example, Visalia Community Bank's businesses may have been impacted adversely by the failure to pursue other beneficial opportunities due to the focus of management on the merger, without realizing any of the anticipated benefits of completing the merger. If the merger agreement is terminated and Visalia Community Bank's board of directors seeks another merger or business combination, Visalia Community Bank shareholders cannot be certain that Visalia Community Bank will be able to find a party willing to pay the equivalent or greater consideration than that which Central Valley Community Bancorp has agreed to pay in the merger. In addition, if the merger agreement is terminated under

Table of Contents

certain circumstances, including circumstances involving a change in recommendation by Visalia Community Bank's board of directors, Visalia Community Bank may be required to pay Central Valley Community Bancorp a termination fee of \$1 million.

Visalia Community Bank will be subject to business uncertainties and contractual restrictions while the merger is pending.

Uncertainty about the effect of the merger on employees and customers may have an adverse effect on Visalia Community Bank. These uncertainties may impair Visalia Community Bank's ability to attract, retain and motivate key personnel until the merger is completed, and could cause customers and others that deal with Visalia Community Bank to seek to change existing business relationships with Visalia Community Bank.

Retention of certain employees by Visalia Community Bank may be challenging while the merger is pending, as certain employees may experience uncertainty about their future roles with Visalia Community Bank. If key employees depart because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with Visalia Community Bank, the combined bank's business following the merger could be harmed. To mitigate this risk, Visalia Community Bank has entered into retention agreements with certain key employees, but these agreements do not guarantee continued employment by these individuals continuing through and for a period after the merger. In addition, subject to certain exceptions, Visalia Community Bank has agreed to operate its business in the ordinary course prior to closing. See "The Merger Agreement - Covenants and Agreements" for a description of the restrictive covenants applicable to Visalia Community Bank.

The unaudited pro forma financial data for Central Valley Community Bancorp and Visalia Community Bank included in this proxy statement-prospectus are preliminary, and Central Valley Community Bancorp's actual financial position and operations after the completion of the merger may differ materially from the unaudited pro forma financial data included in this proxy statement-prospectus.

The unaudited pro forma financial data for both Central Valley Community Bancorp and Visalia Community Bank in this proxy statement-prospectus are presented for illustrative purposes only and are not necessarily indicative of what Central Valley Community Bancorp's actual financial position or operations would have been had the merger been completed on the dates indicated. Record Date; Stock Entitled to Vote; Quorum

Only holders of record of Visalia Community Bank common stock or Series B Preferred Stock at the close of business on May 2, 2013, the record date for Visalia Community Bank's special shareholders' meeting, are entitled to receive notice of and to vote at the special shareholders' meeting. A majority of the shares of each class of Visalia Community Bank stock issued and outstanding and entitled to vote on the record date must be represented in person or by proxy at the special shareholders' meeting in order for a quorum to be present for purposes of transacting business. In the event that a quorum is not present, it is expected that the special shareholders' meeting will be adjourned or postponed to solicit additional proxies.

Number of Votes

Each holder of Visalia Community Bank common stock will be entitled to one vote, in person or by proxy, for each share of Visalia Community Bank common stock held on the record date with regard to the vote to be taken by the common stock. Each holder of Series B Preferred Stock will be entitled to one vote, in person or by proxy, for each share of Series B Preferred Stock held on the record date with regard to the vote to be taken by the Series B Preferred Stock.

The common stock and Series B Preferred Stock are the only classes of Visalia Community Bank stock that are issued and outstanding.

If the merger described herein is not approved by the holders of the Series B Preferred Stock at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share no later than the date preceding the effective date of the merger. If a written proxy card is signed by a shareholder and returned without instructions, the shares represented by the proxy will be voted "FOR" approval of the merger and "FOR" approval of the Certificate of Amendment. Visalia Community Bank shareholders whose shares are held in "street name" (i.e., in the name of a broker, bank or other record holder) must either direct the record holder of their shares as to how to vote their shares or obtain a proxy from the record holder to vote at the Visalia Community Bank special shareholders' meeting. It is important that you follow the directions provided by your broker or other record holder. Revoking Proxies

Visalia Community Bank shareholders of record may revoke their proxies at any time before the time their proxies are voted at the Visalia Community Bank special shareholders' meeting. Proxies may be revoked by written notice, including by telegram or teletype, to the Corporate Secretary of Visalia Community Bank, by a later-dated proxy signed and returned by mail or by attending the special shareholders' meeting and voting in person. Attendance at the special shareholders' meeting will not, in and of itself, constitute a revocation of a proxy. Instead, Visalia Community Bank shareholders who wish to revoke their proxies must inform Visalia Community Bank's Corporate Secretary at the special shareholders' meeting, prior to the vote, that he or she wants to revoke his or her proxy and vote in person. Written notices of proxy revocations must be sent so that they will be received before the taking of the vote at Visalia Community Bank's special shareholders' meeting as follows:

Abstentions and Broker Nonvotes

The presence, in person or by properly executed proxy, of the holders of a majority of each class of Visalia Community Bank's outstanding shares entitled to vote is necessary to constitute a quorum at the special shareholders' meeting. Abstentions and broker nonvotes will be counted in determining whether a quorum is present. Under the applicable rules of the National Association of Securities Dealers, Inc., brokers who hold shares in street name for customers who are the beneficial owners of Visalia Community Bank common stock or Series B Preferred Stock are prohibited from giving a proxy to vote those shares in the absence of specific instructions from beneficial owners. Visalia Community Bank refers to the shares for which brokers fail to receive voting instructions as "broker nonvotes." Abstentions and broker nonvotes will not be counted as a vote "FOR" or "AGAINST" either the merger agreement or the Certificate of Amendment at the Visalia Community Bank special shareholders' meeting. However, abstentions and broker nonvotes will have the same effect as a vote

Table of Contents

"AGAINST" both the merger and the Certificate of Amendment because approval is based on the affirmative vote of a majority of the shares outstanding.

Other Matters

In addition to voting for approval of the merger and the Certificate of Amendment, any other matters that are properly presented at the special shareholders' meeting will be acted upon. Visalia Community Bank's management does not presently know of any other matters to be presented at the Visalia Community Bank special shareholders' meeting other than those set forth in this proxy statement-prospectus. If Visalia Community Bank's management deems it advisable, the services of individuals or companies that are not regularly employed by Visalia Community Bank may be used in connection with the solicitation of proxies. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries to send the proxy materials to beneficial owners. Visalia Community Bank will, upon request, reimburse those brokerage houses and custodians for their reasonable expenses in so doing.

THE MERGER

This section of the proxy statement-prospectus describes certain aspects of the proposed merger. Because this is a summary, it does not contain all the information that may be important to you. You should read this entire proxy statement-prospectus, including the appendices. A copy of the merger agreement is attached as Appendix A to this proxy statement-prospectus. The following discussion, and the discussion under the subsection entitled "The Merger Agreement," describes important aspects of the merger and the material terms of the merger agreement. These descriptions are qualified by reference to Appendix A.

Background and Reasons for the Merger

The terms of the merger agreement were the result of arm's length negotiations between representatives of Central Valley Community Bancorp and Visalia Community Bank. The following is a brief description of the events that led to the execution of the merger agreement.

Each of Central Valley Community Bancorp's and Visalia Community Bank's board of directors has from time to time separately engaged with senior management of their respective companies in reviews and discussions of potential strategic alternatives, and has considered ways to enhance their respective companies' performance and prospects in light of competitive and other relevant developments. For each company, these reviews have included periodic discussions with respect to potential transactions that would further its strategic objectives, and the potential benefits and risks of those transactions.

During mid-2010, Dan Doyle, CEO of CVC Bank and Central Valley Community Bancorp (with the knowledge of, and at the direction of, the Central Valley Community Bancorp Board of Directors), met with F.T. Elliott III, F.T. Elliott IV, and Jonathan Graves of the Visalia Community Bank Board of Directors to discuss a potential merger of the two banks. The parties did not agree on management and governance structure and determined not to take the discussions further at that time.

On March 1, 2012, Tom Beene, CEO of Visalia Community Bank, met with Mr. Doyle to discuss Visalia Community Bank's strategic planning process. Mr. Beene indicated that Visalia Community Bank was willing to consider merging with a larger institution, but he also discussed with Mr. Doyle Central Valley Community Bancorp's experience with acquisitions, and issues Visalia Community Bank might encounter in raising additional capital in the future. Mr. Doyle provided Mr. Beene with recommendations for consultants and investment bankers who might help Visalia Community Bank's Board of Directors and management in its strategic planning. No arrangements to promote a possible merger of CVC Bank and Visalia Community Bank were made at that time.

On April 26, 2012, a representative of FIG Partners LLC ("FIG") met with Mr. Beene. At that meeting, FIG and Visalia Community Bank management explored the current operating environment for community banks generally and in the Central Valley of California in particular, as well as the process that would be involved in offering Visalia Community Bank for sale, the valuation of Visalia Community Bank and the steps involved in concluding a transaction.

On May 24, 2012, FIG met with the executive committee of the Visalia Community Bank board, consisting of F.T. Elliott, IV, Jonathan Graves and Brian Johnson, and was formally engaged and entered into an agreement with Visalia Community Bank to market the bank for sale following a review of all strategic options. On June 4, 2012, Visalia Community Bank retained the firm of King, Holmes, Paterno & Berliner, LLP ("King Holmes") to advise the bank on legal matters respecting the transaction.

On June 12, 2012 Mr. Doyle was informed by a representative of FIG that FIG had been retained to represent a bank in the southern part of the Central Valley that might be available for acquisition. Doyle indicated potential interest by Central Valley Community Bancorp based upon the preliminary

Table of Contents

information FIG provided. On June 14, 2012 Central Valley Community Bancorp signed a Non Disclosure Agreement with FIG on behalf of Visalia Community Bank, and Central Valley Community Bancorp received a preliminary presentation prepared by FIG regarding Visalia Community Bank.

During the week of June 18, 2012, Visalia Community Bank entered into confidentiality and non-disclosure agreements with six potential acquirors that had been contacted by FIG. The potential acquirors were provided with confidential information memorandums and limited preliminary due diligence materials. Based on their initial review, four of the potential acquirors, including Central Valley Community Bancorp, elected to continue evaluating the transaction and meetings were held with each of these institutions in Visalia Community Bank on June 26 and June 27.

On June 20, 2012, the Central Valley Community Bancorp's Board of Directors reviewed the FIG profile and preliminary merger model prepared by Central Valley Community Bancorp CFO Dave Kinross, and management determined to proceed with additional discussions with Visalia Community Bank.

On June 21, 2012 additional information was provided to Central Valley Community Bancorp by FIG. After reviewing this information, Central Valley Community Bancorp management asked FIG for additional information in order to determine whether to present the question of a transaction with Visalia Community Bank to the Central Valley Community Bancorp Board of Directors.

On July 11, 2012 Central Valley Community Bancorp's Board of Directors and Strategic Planning Committee met to discuss the analysis performed by CVC Bank management regarding estimates on credit losses, human resources, facilities, contracts, deposit base, potential revenue and growth opportunities in the new market for CVC Bank. Following discussion and review, the Central Valley Community Bancorp Board of Directors instructed management to submit a non-binding proposal to Visalia Community Bank. In its bid, Central Valley Community Bancorp offered to extend a board position to a current member of the Visalia Community Bank board of directors.

On July 12, 2012 Central Valley Community Bancorp submitted its non-binding proposal through FIG, and one other bidder presented a proposal through FIG. The other parties who had indicated initial interest declined to submit formal offers, indicating that their pricing of the transaction would likely not be received by Visalia Community Bank as satisfactory or competitive. On July 18, 2012, King Holmes reviewed the two offers with FIG. On July 19, 2012, the executive committee reviewed the proposals with FIG and on July 20, Visalia Community Bank entered into a non-binding letter of intent to negotiate exclusively with the institution ("Bank A") other than Central Valley Community Bancorp. The Bank A proposal, consisting of 50% cash and 50% common stock was valued by Visalia Community Bank at approximately \$24.5 million. Central Valley Community Bancorp's offer was valued at approximately \$18.9 million, and also consisted of 50% cash and 50% common stock. On July 20, 2012 Central Valley Community Bancorp was informed by FIG that it was not the winning bidder for Visalia Community Bank.

During August and September 2012, Bank A continued its due diligence review of Visalia Community Bank and its business, management and operations, and submitted a final offer valued at \$21.5 million on September 19, 2012. On September 13, 2012 FIG notified Mr. Doyle that Bank A had reduced its original bid offered to Visalia Community Bank following the due diligence, and asked if Central Valley Community Bancorp would be willing to review and adjust its original bid. On September 17, 2012 the Central Valley Community Bancorp Board of Directors approved a revised bid containing the same terms and conditions of the original but with a merger consideration price of \$52 per Visalia Community Bank share payable in 50% cash and 50% Central Valley Community Bancorp stock and subject to on-site due diligence. In considering the revised bid the Board considered that Central Valley Community Bancorp's stock price had improved to a price near tangible book value since the time of the original bid.

On September 20, 2012, Visalia Community Bank elected to move forward and negotiate a definitive binding agreement with Bank A on these revised terms. On September 21, 2012 FIG notified Central Valley Community Bancorp that Visalia Community Bank had declined the revised offer of Central Valley Community Bancorp.

On October 12, 2012, Bank A's legal counsel delivered an initial draft of a proposed definitive agreement for the transaction to King Holmes. Multiple drafts were subsequently exchanged in October and November 2012 reflecting subsequent negotiations. On November 1, 2012, King Holmes met with the executive committee of Visalia Community Bank to review the terms of the proposed definitive agreement. A second meeting was held between King Holmes and the Visalia Community Bank board on November 8, 2012 to review and obtain approval of the Bank A definitive agreement. On November 15, 2012, the chief executive officer of Bank A advised FIG it was electing not to acquire Visalia Community Bank and terminating the negotiations.

On November 16, 2012, FIG informed Mr. Doyle that Visalia Community Bank's merger with Bank A had developed problems and asked if Central Valley Community Bancorp would be willing to re-submit the September 17, 2012 bid and if Central Valley Community Bancorp was able to work towards arriving at a definitive agreement before the end of 2012.

Central Valley Community Bancorp conducted an updated analysis of the transaction and the board reviewed and considered the transaction. On November 19, 2012, Central Valley Community Bancorp re-submitted a non-binding expression of interest with a value of \$22.1 million, consisting of 50% cash and 50% Central Valley Community Bancorp common stock. The Visalia Community Bank board was interested in proceeding with Central Valley Community Bancorp.

On November 24 and 26, 2012 FIG delivered by electronic media certain of the due diligence material requested by Central Valley Community Bancorp. On December 1 and 2, 2012 Central Valley Community Bancorp conducted on-site diligence activities at the Visalia Community Bank headquarters, primarily with regard to Visalia Community Bank's loans and credit portfolio. In addition to Central Valley Community Bancorp's Chief Credit Officer and three other senior officers, Central Valley Community Bancorp engaged third party credit review personnel for the diligence session. In attendance for Visalia Community Bank were Mr. Beene, and Renee Savage, Chief Credit Officer. Central Valley Community Bancorp was able to review the files and reports that Visalia Community Bank made available and also was able to ask questions of Ms. Savage on credit related matters.

On December 4 and 5, 2012 CVC Bank Board of Directors met with management, company counsel and the company's auditors to discuss CVC Bank's Strategic Plan for 2013 and beyond as well as the status of the potential merger with Visalia Community Bank. After discussion of the findings of due diligence, Mr. Doyle was instructed to proceed with the additional due diligence and to continue to negotiate a definitive agreement.

On December 6, 2012 Doyle contacted Sandler O'Neill + Partners L.P. ("Sandler O'Neill") regarding preparation of a review and fairness opinion for the potential transaction. On December 11, 2012 Central Valley Community Bancorp and Sandler O'Neill signed an engagement letter.

On December 10, 2012 Central Valley Community Bancorp contracted with Navigant Capital Advisors as a third party to provide a fair market valuation on the loan portfolio of Visalia Community Bank.

In connection with the negotiation of merger agreement, F.T. Elliott IV was identified as the Visalia Community Bank board member who would be named to the Central Valley Community Bancorp board. Mr. Elliott was selected in light of his business background, knowledge of the market in which Visalia Community Bank operates, and the expected share ownership percentage he and his family members would own in the combined entity.

On December 19, 2012 the Central Valley Community Bancorp Board of Directors in addition to its attorney Jim Dyer reviewed the presentation of Sandler O'Neill on the fairness of the merger consideration and asked questions and had full discussion. The Board of Directors then unanimously adopted a joint resolution of the Boards of Directors of Central Valley Community Bancorp and Central Valley Community Bank approving the merger and directing Mr. Doyle to execute the merger agreement.

On December 19, 2012 King Holmes discussed the terms of the agreement at the Visalia Community Bank board meeting and FIG delivered its opinion that the consideration payable under the agreement was fair from a financial point of view to the Visalia Community Bank shareholders. Thereafter, the merger agreement was unanimously approved by the Board of Directors of Visalia Community Bank and executed.

Recommendation of Visalia Community Bank Board of Directors Regarding the Merger

After careful consideration, at its meeting on December 19, 2012, Visalia Community Bank's board of directors determined that the plan of merger contained in the merger agreement is in the best interests of Visalia Community Bank and its shareholders and that the consideration to be received in the merger is fair to the common shareholders of Visalia Community Bank. Accordingly, Visalia Community Bank's board of directors, by a unanimous vote, adopted and approved the merger agreement and unanimously recommends that Visalia Community Bank shareholders vote "FOR" approval of the merger agreement.

In reaching its decision to adopt and approve the merger agreement and recommend the merger to its shareholders, Visalia Community Bank's board of directors consulted with Visalia Community Bank's management, as well as its legal and financial advisors, and considered a number of positive factors, including the following material factors:

Its knowledge of Visalia Community Bank's business, operations, financial condition, earnings and prospects and of Central Valley Community Bancorp's business, operations, financial condition, earnings and prospects, taking into account the results of Visalia Community Bank's due diligence review of Central Valley Community Bancorp.

Its knowledge of the current environment in the financial services industry, including national and regional economic conditions, continued consolidation, increased regulatory burdens, evolving trends in technology and increasing nationwide and global competition, the current financial market conditions and the likely effects of these factors on the companies' potential growth, development, productivity, profitability and strategic options, and the historical market prices of Visalia Community Bank common stock.

The careful review undertaken by Visalia Community Bank's board of directors and management, with the assistance of Visalia Community Bank's legal and financial advisors, with respect to the strategic alternatives available to Visalia Community Bank if it remained an independent bank.

The complementary aspects of the Visalia Community Bank and Central Valley Community Bancorp businesses, including customer focus and geographic coverage.

Central Valley Community Bancorp's commitment to enhancing its strategic position in the Central Valley area of the State of California.

The potential expense-saving and revenue-enhancing opportunities in connection with the merger, the related potential impact on the combined company's earnings and the fact that the nature of the merger consideration would allow former Visalia Community Bank shareholders to

Table of Contents

participate as Central Valley Community Bancorp shareholders in the benefits of such savings opportunities and the future performance of the combined company generally.

The fact that, subject to certain conditions set forth in the merger agreement, including the payment of a termination fee, the merger agreement allows our board of directors in the exercise of its fiduciary duties, to consider a superior proposal, as defined in the merger agreement, which is presented to it, and to withdraw its recommendation to our shareholders to adopt the merger agreement and to terminate the merger agreement to accept such a superior proposal.

The respective presentations by Visalia Community Bank management and its financial advisors concerning the operations, financial condition and prospects of Visalia Community Bank and the expected financial impact of the merger on the combined company, including pro forma assets, earnings and deposits.

The terms of the merger agreement, and the presentation by Visalia Community Bank's outside legal advisors regarding the merger and the merger agreement.

The opinion delivered to Visalia Community Bank by FIG on December 19, 2012 to the effect that, as of December 19, 2012, and based upon and subject to the assumptions, procedures, considerations, qualifications and limitations set forth in the opinion, the consideration to be paid to Visalia Community Bank under the merger agreement was fair, from a financial point of view, to the holders of shares of Visalia Community Bank common stock.

Visalia Community Bank's board of directors' belief that a merger with Central Valley Community Bancorp would allow Visalia Community Bank shareholders to participate in the future performance of a combined company that would have better future prospects than Visalia Community Bank was likely to achieve on a stand-alone basis or through other strategic alternatives, including a combination with other potential merger partners.

Visalia Community Bank's board of directors' belief that Visalia Community Bank and Central Valley Community Bancorp shared a similar strategic vision.

The regulatory and other approvals required in connection with the merger and the likelihood that the approvals needed to complete the merger would be obtained without unacceptable conditions.

The fact that holders of Visalia Community Bank shares who do not vote in favor of the merger agreement and who comply with all other applicable statutory procedures for asserting dissenters' rights will be entitled to exercise dissenters' rights under California law.

Visalia Community Bank's board of directors also considered potential risks and potentially negative factors concerning the merger in connection with its deliberations on the proposed transaction, including the following material factors:

The potential risk that a further downturn in California, national or regional economic conditions could negatively impact Central Valley Community Bancorp's loan portfolio, and thereby affect the value of the Central Valley Community Bancorp common stock.

The potential risk of diverting management focus and resources from other strategic opportunities and from operational matters while working to implement the merger.

Edgar Filing: CENTRAL VALLEY COMMUNITY BANCORP - Form 424B4

The provisions of the merger agreement restricting Visalia Community Bank's solicitation of third-party acquisition proposals, and providing for the payment of a termination fee and reimbursement of Central Valley Community Bancorp's expenses related to the merger in certain circumstances, which Visalia Community Bank's board of directors understood, thereby potentially limiting the willingness of a third party to propose a competing business combination

Table of Contents

transaction with Visalia Community Bank, were a condition to Central Valley Community Bancorp's willingness to enter into the merger agreement.

The fact that some of Visalia Community Bank's directors and executive officers have other interests in the merger that are different from, or in addition to, their interests as Visalia Community Bank shareholders. See "The Merger Interests of Visalia Community Bank's Directors and Executive Officers in the Merger."

The foregoing discussion of factors considered by Visalia Community Bank's board of directors is not intended to be exhaustive, but is believed to include all material factors considered by Visalia Community Bank's board of directors. In view of the wide variety of the factors considered in connection with its evaluation of the merger and the complexity of these matters, Visalia Community Bank's board of directors did not find it useful, and did not attempt, to quantify, rank or otherwise assign relative weights to these factors. In considering the factors described above, the individual members of Visalia Community Bank's board of directors may have given different weight to different factors. Visalia Community Bank's board of directors conducted an overall analysis of the factors described above including thorough discussions with, and questioning of, Visalia Community Bank management and Visalia Community Bank's legal and financial advisors, and considered the factors overall to be favorable to, and to support, its determination.

The foregoing explanation of Visalia Community Bank's board of directors' reasoning and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed in the section entitled "Cautionary Statement Concerning Forward-Looking Statements."

Structure of the Merger

The merger agreement provides that Visalia Community Bank will merge with and into CVC Bank. After the merger, the offices operated by Visalia Community Bank will become banking offices of CVC Bank (with the exception of one small branch in Visalia which is in the process of being closed). Each share of Visalia Community Bank common stock issued and outstanding (other than shares with respect to which dissenters' rights have been perfected, but including shares of Series B Preferred Stock converted to common stock) will be converted into the right to receive shares of Central Valley Community Bancorp common stock and cash. Each share of Central Valley Community Bancorp common stock outstanding will remain outstanding after the merger. Please read the sections entitled "The Merger Calculation of Consideration to be Paid to Visalia Community Bank Shareholders" and "The Merger Dissenters' Rights of Visalia Community Bank's Shareholders" for additional information.

Calculation of Consideration to be Paid to Visalia Community Bank Shareholders

Each share of Visalia Community Bank common stock will be entitled to receive the per share consideration described below. For purposes of this discussion, it is assumed that the Certificate of Amendment will be approved and that the 44,687 outstanding shares of Series B Preferred Stock will be converted to Visalia Community Bank common stock immediately prior to the merger and that accordingly, at the time of the merger, Visalia Community Bank will have 425,009 shares of common stock outstanding.

Under the terms of the merger agreement, and subject to adjustment as discussed below, shareholders of Visalia Community Bank will receive aggregate merger consideration of approximately \$11,050,000 in cash and 1,262,858 shares of Central Valley Community Bancorp common stock. The aggregate merger consideration will be reduced by the amount, if any, by which the closing shareholders equity of Visalia Community Bank, as defined in the merger agreement, is less than \$18,500,000. If Visalia Community Bank's closing shareholder's equity, as defined in the merger

Table of Contents

agreement, is less than \$18,500,000, Central Valley Community Bancorp and CVC Bank may terminate the merger agreement rather than adjust the merger consideration. Assuming the closing shareholders equity of Visalia Community Bank is at least \$18,500,000, the aggregate cash portion of the merger consideration will be \$11,050,000 less any amount paid by Visalia Community Bank in the redemption of the Series B Preferred Stock. The aggregate stock portion of the merger consideration will be equal to the quotient obtained by dividing one-half of the aggregate merger consideration by \$8.75, which is the assigned per share value of the Central Valley Bancorp common stock solely for the purpose of calculating the stock portion of the merger consideration. Accordingly, assuming Visalia's closing shareholder's equity is at least \$18,500,000, and assuming all shares of outstanding Series B Preferred Stock are converted into shares of common stock rather than redeemed, the total cash merger consideration will be \$11,050,000 and the total stock portion of the merger consideration will be 1,262,858 shares of Central Valley Community Bancorp common stock, or per share merger consideration for each of the 425,009 shares of Visalia common stock exchanged of \$26.00 in cash and 2.971 shares of Central Valley Community Bancorp common stock. As of May 8, 2013 the closing stock price on Nasdaq for a share of Central Valley Community Bancorp common stock was \$8.35, so the per share merger consideration would have been \$50.81 per share had the merger become effective on May 8, 2013 and the value of the aggregate merger consideration would have been \$21,594,864.

Pursuant to the merger agreement, cash used to redeem Series B Preferred Stock would be deducted from the cash portion of the merger consideration. Redemption of all Series B Preferred Stock would result in a reduction of the cash portion of the merger consideration by approximately \$1,675,763; however, since holders of shares of Series B Preferred Stock would not receive any of the merger consideration following the redemption, and since it is anticipated that the value of the per share merger consideration on the effective date of the merger will be greater than the \$37.50 redemption price for the Series B Preferred Stock, the value of the per share merger consideration payable to holders of the common stock at the effective time of the merger should increase in the event any of the shares of the Series B Preferred Stock are redeemed. If all of the shares of the Series B Preferred Stock were redeemed prior to the merger, each of the 380,322 shares of the common stock of Visalia Community Bank issued and outstanding immediately prior to the merger would be exchanged for approximately \$24.65 in cash and 3.32 shares of Central Valley Community Bancorp common stock which, if the merger had become effective on May 8, 2013, on which date the closing stock price on Nasdaq for a share of Central Valley Community Bancorp common stock was \$8.35, the per share value of the merger consideration would have been approximately \$52.37 per share.

The merger agreement provides that Visalia Community Bank can terminate the agreement in the event that the 20-day volume weighted average price of the common stock of Central Valley Community Bancorp drops below \$7.44 per share and underperforms the market by more than 15%. In the event that Visalia Community Bank notifies Central Valley Community Bancorp that it intends to terminate the merger agreement under this provision, Central Valley Community Bancorp can prevent the termination by agreeing to increase the consideration as set forth in the merger agreement. Similarly, the merger agreement provides that Central Valley Community Bancorp can terminate the merger agreement in the event that the 20-day volume weighted average price of Central Valley Community Bancorp common stock increases above \$10.06 per share and outperforms the market by more than 15%. In the event that Central Valley Community Bancorp notifies Visalia Community Bank that it intends to terminate the merger agreement under this provision, Visalia Community Bank can prevent the termination by agreeing to reduce the consideration as set forth in the merger agreement. See "The Merger Agreement Termination" for additional information on this possible adjustment to the merger consideration.

Fractional Shares

It is very likely that most of Visalia Community Bank's shareholders will be entitled to receive a fractional interest of a share of Central Valley Community Bancorp common stock in addition to a whole number of shares of Central Valley Community Bancorp common stock. The merger agreement provides that, in lieu of receiving a fractional share, Visalia Community Bank's shareholders entitled to a fractional share will receive cash equal to the value of the fractional interest, calculated by reference to the merger agreement price.

Certain Federal Income Tax Consequences

The following discussion is intended to be a description of material United States federal income tax consequences of the merger. However, the discussion does not address tax consequences which may vary with, or are contingent on, your individual circumstances. Moreover, the discussion does not address any non-income tax or any foreign, state or local tax consequences of the merger. Accordingly, you are strongly urged to consult with your tax advisor to determine the particular United States federal, state, local or foreign income or other tax consequences to you of the merger. Visalia Community Bank and Central Valley Community Bancorp will not bear any expenses incurred by any shareholder arising from disputes with the Internal Revenue Service, or the IRS, or any state or foreign tax agency over the tax consequences of the merger.

The following are the expected material United States federal income tax considerations of the merger generally applicable to Visalia Community Bank shareholders. The following discussion is based on and subject to the Internal Revenue Code of 1986, as amended, which is referred to in this proxy statement-prospectus as the Code, the regulations promulgated under the Code, existing interpretations and court decisions, all of which are subject to change, possibly with retroactive effect. Any such change could affect the continuing validity of the discussion. This discussion does not address all aspects of United States federal income taxation that may be important to you in light of your particular circumstances or if you are subject to special rules, such as rules relating to:

stockholders who are not United States persons;

financial institutions;

tax exempt organizations;

insurance companies;

dealers in securities;

traders in securities that elect to use a mark-to-market method of accounting;

stockholders who acquired their shares of Visalia Community Bank pursuant to the exercise of employee stock options or otherwise acquired shares as compensation; and

stockholders who hold their shares of Visalia Community Bank as part of a hedge, straddle or other risk reduction, constructive sale or conversion transaction.

This discussion assumes you hold your shares of Visalia Community Bank stock as capital assets within the meaning of Section 1221 of the Code.

Material U.S. Federal Income Tax Consequences of the Merger to U.S. Holders

Edgar Filing: CENTRAL VALLEY COMMUNITY BANCORP - Form 424B4

The parties intend for the merger to qualify as a reorganization for U.S. federal income tax purposes. Downey Brand LLP has provided Central Valley Community Bancorp and Central Valley Community Bank with an opinion substantially to the effect that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code. This opinion will be based on

assumptions, representations, warranties and covenants, including those contained in the merger agreement and in tax representation letters provided by Visalia Community Bank. The accuracy of such assumptions, representations and warranties, and compliance with such covenants, could affect the conclusions set forth in such opinions. Neither Visalia Community Bank nor Central Valley Community Bancorp has requested a ruling from the IRS in connection with the merger. The opinion described above will not be binding on the Internal Revenue Service, and there can be no assurance that the IRS will not assert, or that a court would not sustain, a position contrary to any of the conclusions set forth below.

Upon the exchange of your shares of Visalia Community Bank common stock for a combination of Central Valley Community Bancorp common stock and cash (other than cash received in lieu of a fractional share of Central Valley Community Bancorp common stock), a U.S. holder generally will recognize gain (but not loss) in an amount equal to the lesser of (1) the sum of the amount of cash and the fair market value of the Central Valley Community Bancorp common stock received, minus the adjusted tax basis of the Visalia Community Bank common stock surrendered in exchange therefor and (2) the amount of cash received by the holder. If a U.S. holder of Visalia Community Bank common stock acquired different blocks of Visalia Community Bank common stock at different times or different prices, the holder should consult its tax advisor regarding the manner in which gain or loss should be recognized. Any recognized gain generally will be long-term capital gain if, as of the date the merger is completed, the U.S. holder's holding period with respect to the Visalia Community Bank common stock surrendered exceeds one year. Long-term capital gains of certain non-corporate U.S. holders, including individuals, are generally subject to U.S. federal income tax at preferential rates. The aggregate tax basis of the Central Valley Community Bancorp common stock received (including any fractional shares deemed received and exchanged for cash) by a U.S. holder that exchanges its shares of Visalia Community Bank common stock for a combination of Central Valley Community Bancorp common stock and cash will be equal to the aggregate adjusted tax basis of the shares of Visalia Community Bank common stock surrendered, reduced by the amount of cash received by the holder (excluding any cash received in lieu of a fractional share of Central Valley Community Bancorp common stock) and increased by the amount of gain, if any, recognized by the holder (excluding any gain recognized with respect to cash received in lieu of a fractional share of Central Valley Community Bancorp common stock). The holding period of the Central Valley Community Bancorp common stock received (including any fractional share deemed received and exchanged for cash) will include the holding period of the Visalia Community Bank common stock surrendered.

If you hold shares of Series B Preferred Stock, you will not recognize any gain or loss on the value of your shares as a result of the conversion of Series B Preferred Stock to Visalia Community Bank common stock that is then exchanged for Central Valley Community Bancorp stock received in the merger. Subject to possible further exceptions, any gain or loss you recognize would result from the subsequent disposition of Central Valley Community Bancorp stock received in the merger.

If you perfect dissenter's rights and receive payment for your shares (or if you are notified of a Series B Preferred Stock redemption and do not opt to convert your Series B Preferred Stock to Visalia Community Bank common stock and you do not otherwise receive Central Valley Community Bancorp stock in the merger), you will be treated as if the shares were redeemed and, if shares are held as a capital asset you will recognize a capital gain or loss measured by the difference between the cash received and your basis in the shares of Visalia Community Bank common stock surrendered.

Backup Withholding and Information Reporting.

If you receive cash in exchange for surrendering your shares of Visalia Community Bank common stock, you may be subject to information reporting and backup withholding at a rate currently equal to 28% if you are a non-corporate U.S. person and you (i) fail to provide an accurate taxpayer identification number; (ii) are notified by the United States Internal Revenue Service that you have

Table of Contents

failed to report all interest or dividends required to be shown on your federal income tax returns; or (iii) in certain circumstances, fail to comply with applicable certification requirements.

Regulatory Approvals

The merger of CVC Bank and Visalia Community Bank is subject to receipt of certain regulatory approvals and the filing of certain related notices, including the following:

The merger requires the approval of the Federal Deposit Insurance Corporation under the Bank Merger Act pursuant to 12 U.S.C. Section 1828(c).

The merger requires the approval of the California Commissioner of Financial Institutions pursuant to Section 4880 et seq. of the California Financial Code.

The required applications and notices were initially mailed on February 7, 2013 and the California Department of Financial Institutions has now approved the merger. The approval of the Federal Deposit Insurance Corporation is pending.

No assurance can be provided that the Federal Deposit Insurance Corporation will approve the merger, that the Department of Justice will not challenge the merger, or that any approval by the Federal Deposit Insurance Corporation will not contain conditions which are materially burdensome to Central Valley Community Bancorp. To the extent that any materially burdensome conditions are imposed on Central Valley Community Bancorp, Central Valley Community Bancorp has the right not to close the merger and to terminate the merger agreement.

In addition, the approval of the California Department of Financial Institutions is required with respect to the Certificate of Amendment and, if necessary, the redemption of the Series B Preferred Stock. The California Department of Financial Institutions has approved the Certificate Amendment. In the event the holder of the Series B Preferred Stock do not approve the merger and Certificate of Amendment, Visalia Community Bank will file an application for approval of the redemption of the Series B Preferred Stock.

See "The Merger Agreement Conditions to Completion of the Merger"

Statutory Waiting Period

Under federal banking laws, a 30-day waiting period must expire following the Federal Deposit Insurance Corporation's approval of the merger. Within that 30-day waiting period the Department of Justice may file objections to the merger under federal antitrust laws. The Federal Deposit Insurance Corporation may reduce the waiting period to 15 days with the concurrence of the Department of Justice. The Department of Justice could take such action under antitrust laws as it deems necessary or desirable in the public interest, including seeking to enjoin the merger unless divestiture of an acceptable number of branches to a competitively suitable purchaser can be made. If the Department of Justice commences an action challenging the merger on antitrust grounds during either the 30-day or 15-day waiting periods, commencement of that action would stay the effectiveness of the regulatory approvals, unless a court of competent jurisdiction specifically orders otherwise.

The merger cannot proceed in the absence of the regulatory approvals and the expiration of the statutory waiting period. Central Valley Community Bancorp, CVC Bank and Visalia Community Bank are not aware of any reasons why regulatory approvals will not be received. Central Valley Community Bancorp, CVC Bank, and Visalia Community Bank have agreed to use their reasonable best efforts to obtain all necessary regulatory approvals. However, there can be no assurance that approvals will be obtained, nor can there be assurance as to the date of any approval. There also can be no assurance that any approvals will not contain unacceptable conditions or requirements.

Resale of Central Valley Community Bancorp Common Stock

The shares of Central Valley Community Bancorp common stock that you receive as a result of the merger will be registered under the Securities Act of 1933 as amended, or the Securities Act. You may freely trade these shares of Central Valley Community Bancorp common stock if you are not considered an "affiliate" of Central Valley Community Bancorp, as that term is defined in the federal securities laws. Generally, an "affiliate" of Central Valley Community Bancorp is any person or entity directly or indirectly controlling or who is controlled by Central Valley Community Bancorp. Central Valley Community Bancorp's affiliates generally include directors, certain executive officers and holders of 10% or more of Central Valley Community Bancorp's common stock.

Certain Effects of the Merger

The merger agreement requires Visalia Community Bank to merge into CVC Bank, with CVC Bank as the surviving entity. After the merger, the offices operated by Visalia Community Bank will become banking offices of CVC Bank.

Central Valley Community Bancorp has agreed to, contingent upon the closing of the merger, increase the authorized number of directors by one director and appoint F. T. Elliott, IV, the current Chairman of Visalia Community Bank, to fill the newly-created vacancy on the board of directors of Central Valley Community Bancorp, to hold office until the next annual meeting of shareholders of Central Valley Community Bancorp, until his successor is elected and qualified or until otherwise removed. Central Valley Community Bancorp has also agreed, timing of the merger permitting, to nominate Mr. Elliott for election to the Central Valley Community Bancorp board at the 2013 annual shareholder meeting, provided that he satisfies the standards of the Central Valley Community Bancorp nominating committee and subject to the fiduciary duties of the Central Valley Community Bancorp board and nominating committee.

After the merger, each Visalia Community Bank shareholder will receive instructions from Central Valley Community Bancorp's exchange agent regarding the exchange of Visalia Community Bank stock certificates for the merger consideration.

Interests of Certain Persons in the Merger

In considering the recommendation of the Board of Directors of Visalia Community Bank that you vote to approve the merger agreement, you should be aware that some of Visalia Community Bank's executive officers and directors have financial interests in the merger that are different from, or in addition to, those of Visalia Community Bank's shareholders generally. The members of Visalia's board of directors were aware of and considered these interests, among other matters, in evaluating and negotiating the merger agreement and the merger, and in recommending to the shareholders that the merger agreement be approved. Although no new compensation agreements were entered into with Visalia Community Bank's directors in connection with the negotiation of the merger, other than the payments with respect to the termination of certain split dollar life insurance policies as set forth below, the directors were aware that the amount accrued in their respective director retirement agreements and director deferred fee agreements would be paid out as a lump sum payment following a change in control rather than paid out over time. Further, Mr. Beene, the President and Chief Executive Officer of Visalia Community Bank, was aware of the change in control payment in his existing employment agreement.

Stock Ownership

The directors and executive officers of Visalia Community Bank beneficially owned as of March 31, 2013, a total of 162,029 shares of Visalia common stock and 6,044 shares of Series B Preferred Stock, representing approximately 42.6% of the outstanding shares of Visalia Community

Table of Contents

Bank's common stock and 13.5% of its Series B Preferred Stock. In addition, F.T. Elliott, III, a principal shareholder of Visalia Community Bank, beneficially owns 130,448 shares of the common stock of Visalia Community Bank, or approximately 34.3% of the issued and outstanding shares of common stock. The executive officers, directors and principal shareholder of Visalia Community Bank will receive the same merger consideration as other shareholders of Visalia Community Bank.

Employment Agreements, Change in Control and other Compensation Arrangements

Executive Officers of Visalia Community Bank

Thomas J. Beene. Visalia Community Bank is a party to an employment agreement dated February 7, 2011 with Thomas J. Beene, its President and Chief Executive Officer. The employment agreement provides for severance benefits in the event of certain qualifying terminations of employment, including a termination due to a change in control. Specifically, Mr. Beene's employment agreement provides for a lump sum payment equal to 12 months of his base salary upon his termination of employment within 30 days following a change in control, or a payment of approximately \$190,000. As described below, Mr. Beene and Central Valley Community Bank have agreed that this employment agreement will be terminated upon the effectiveness of the merger so that the \$190,000 lump sum payment that would otherwise be due to Mr. Beene upon a change of control will not be paid to Mr. Beene as a result of the merger under his current employment agreement.

On March 28, 2013 Central Valley Community Bank and Thomas J. Beene entered into an employment agreement, which employment agreement will become effective on the date of the merger and will continue through December 15, 2013 or such earlier date upon which Mr. Beene's employment is terminated by Central Valley Community Bank. Mr. Beene has been retained to assist in the integration of the operations of Visalia Community Bank into Central Valley Community Bank following the merger and will report to the President and Chief Executive Officer of Central Valley Community Bank. Mr. Beene's base salary under this new employment agreement is \$190,000 per annum, provided that this amount is based on full time employment, and the base salary may be proportionately reduced during such time as Mr. Beene is working less than 35 hours in any one week period. The new employment agreement also provides that Mr. Beene shall receive a "stay bonus" of \$190,000 payable in one lump sum payment upon the expiration of the term of Mr. Beene's employment under this employment agreement subject to certain conditions as provided in the employment agreement. This new employment agreement further provides that the February 7, 2011 employment agreement between Mr. Beene and Visalia Community Bank will be terminated upon the effectiveness of the merger, and further provides for the termination of Mr. Beene's Amended and Restated Visalia Community Bank Salary Continuation Agreement dated March 24, 2011 unless the FDIC shall have approved the making of payments under the March 24, 2011 salary continuation agreement on or before the 60th day following the consummation of the merger.

Additionally, Mr. Beene is a party to two Salary Continuation Agreements with Visalia Community Bank. Pursuant to an Amended and Restated Salary Continuation Agreement dated September 21, 2006, upon a change in control followed by a separation from service, Mr. Beene will receive 100% of the account value determined as of the end of the plan year preceding the separation from service, which benefits are payable in 180 consecutive equal monthly installments commencing at Mr. Beene's normal retirement age. At December 31, 2012, total accruals under this agreement were \$523,725. The second agreement between Mr. Beene and Visalia Community Bank is an Amended and Restated Salary Continuation Agreement dated March 24, 2011. This second agreement provides that if there is a change in control followed within 12 months by a separation of service prior to normal retirement age, then commencing at normal retirement age, Mr. Beene will receive 180 monthly installments of his accrued benefit under the second agreement calculated as of the end of the plan year prior to his separation of service as a result of the change in control. In addition, during the time period between the separation from service and normal retirement age and during the installment period, interest shall

Edgar Filing: CENTRAL VALLEY COMMUNITY BANCORP - Form 424B4

Table of Contents

be credited on the accrued benefit, at the discount rate (which is the discount rate used by the plan administrator for determining the accrued benefit). Total accruals under this agreement as of December 31, 2012 were \$129,113.

Finally, Mr. Beene is a party to an Endorsement Method Split Dollar Plan Agreement with Visalia Community Bank dated July 1, 2000. Since Mr. Beene is already 100% vested in the benefits payable under this agreement, the change in control that will occur as a result of the merger should have no effect on payments which may be due to Mr. Beene's beneficiaries under this agreement.

The severance benefits that would have been payable to Mr. Beene under his existing employment agreement as well as the benefits under the Amended and Restated Salary Continuation Agreement dated March 24, 2011, are subject to the prior approval of the FDIC due to the fact that Visalia Community Bank is deemed to be in troubled condition. See "Information Regarding Visalia Community Bank Regulatory Matters."

Other Executive Officers. Each of the Chief Credit Officer, Renee Savage, and Chief Financial Officer, Roger White, of Visalia Community Bank have entered into pay to stay agreements in connection with the merger. Pursuant to their respective agreements, Ms. Savage and Mr. White will receive lump sum payments of \$53,040 and \$60,000, respectively, no later than 120 days following the effective date of the merger.

Directors of Visalia Community Bank

Director Retirement Agreements. Each of the current directors of Visalia Community Bank, other than Matthew D. Graham, is a party to a Director Retirement Agreement, which agreements were entered into with the various directors of Visalia Community Bank between 2003 and 2006. In addition, F.T. Elliott, III, the former Chairman of Visalia Community Bank, and a principal shareholder of Visalia Community Bank, is a party to a director retirement agreement. Each of these agreements, except the agreement with Mr. F.T. Elliott, III, who was already receiving monthly retirement benefits as of December 31, 2012, and which monthly benefits will continue to be paid by Central Valley Community Bancorp following the merger, provide that upon a change in control, followed by a separation from service, Visalia Community Bank will distribute to the director 100% of the accrual balance as of the plan year preceding the separation from service in one lump sum payment within 30 days following separation from service. The accrual balance for each director's account as of December 31, 2012 is as follows:

Director	Accrual Balance At 12/31/12
Dena R. Cochran	\$ 207,479

Board Positions

Central Valley Community Bancorp has agreed to, contingent upon the closing of the merger, increase the authorized number of directors by one director and appoint F. T. Elliott, IV to fill the newly-created vacancy on the board of directors of Central Valley Community Bancorp, to hold office until the first annual meeting of shareholders of Central Valley Community Bancorp, until his successor is elected and qualified or until otherwise removed.

Insurance

Pursuant to the merger agreement, Central Valley Community Bancorp is required to use commercially reasonable efforts to maintain in effect for a period of six (6) years from the effective date of the merger insurance with respect to the possible claims against directors and/or executive officers of Visalia Community Bank arising from facts or events which occurred prior to the effective time of the merger.

Dissenters' Rights of Visalia Community Bank's Shareholders

Dissenters' rights will be available to the Visalia Community Bank shareholders in accordance with Chapter 13 of the California Corporations Code. The required procedure set forth in Chapter 13 of the California Corporations Code must be followed exactly or any dissenters' rights may be lost.

The information set forth below is a general summary of dissenters' rights as they apply to Visalia Community Bank shareholders and is qualified in its entirety by reference to Chapter 13 of the California Corporations Code which is attached to this proxy statement-prospectus as Appendix B.

Fair Market Value of Shares

If the merger is approved, Visalia Community Bank shareholders who dissent from the merger by complying with the procedures set forth in Chapter 13 of the California Corporations Code will be entitled to receive an amount equal to the fair market value of their shares as of December 19, 2012, the last business day before the public announcement of the merger.

Table of Contents

Voting Procedure

In order to be entitled to exercise dissenters' rights, the shares of Visalia Community Bank capital stock which are outstanding on the record date and entitled to vote at the special shareholders' meeting must not have been voted "FOR" the merger by the holder of such shares. Thus, any Visalia Community Bank shareholder who wishes to dissent and executes and returns a proxy in the accompanying form or votes at the special shareholders' meeting must not vote "FOR" the merger. If the shareholder returns a proxy without voting instructions or with instructions to vote "FOR" the merger, or votes in person at the special shareholders' meeting "FOR" the merger, his or her shares will be counted as votes in favor of the merger and the shareholder will lose any dissenters' rights.

Written Demand

Furthermore, in order to preserve his or her dissenters' rights, a Visalia Community Bank shareholder must make a written demand upon Visalia Community Bank for the purchase of dissenting shares and payment to the shareholder of their fair market value, specifying the number of shares held of record by the shareholder and a statement of what the shareholder claims to be the fair market value of those shares as of December 19, 2012. The demand must be addressed to Visalia Community Bank, 120 N. Floral Street, Visalia, California, 93291; Attention: Nancy Hamill, Corporate Secretary, and the demand must be received by Visalia Community Bank not later than 30 days after the date on which the written notice of approval, described below, is sent to shareholders who have not voted "FOR" approval of the merger. A vote "AGAINST" the merger does not constitute the written demand.

Notice of Approval

If the merger is approved by the Visalia Community Bank shareholders, Visalia Community Bank will have 10 days after the approval to send to those shareholders who have not voted "FOR" approval of the merger a written notice of the approval accompanied by a copy of sections 1300 through 1312 of the California Corporations Code, a statement of the price determined by Visalia Community Bank to represent the fair market value of the dissenting shares as of December 19, 2012, and a brief description of the procedure to be followed if a shareholder desires to exercise dissenters' rights. The statement of price determined by Visalia Community Bank to represent the fair market value of dissenting shares, as set forth in the notice of approval, will constitute an offer by Visalia Community Bank to purchase the dissenting shares at the stated price if the merger becomes effective and the dissenting shares do not otherwise lose their status as such.

Surrender of Certificates

Within 30 days after the date on which the notice of the approval of the merger is mailed, the dissenting shareholder must surrender to Visalia Community Bank, at the office designated in the notice of approval, both the written demand and the certificates representing the dissenting shares to be stamped or endorsed with a statement that they are dissenting shares or to be exchanged for certificates of appropriate denomination so stamped or endorsed. Any shares of Visalia Community Bank capital stock that are transferred prior to their submission for endorsement lose their status as dissenting shares.

Agreement on Price and Payment

If Visalia Community Bank and the dissenting shareholder agree that the surrendered shares are dissenting shares and agree upon the price of the shares, the dissenting shareholder will be entitled to the agreed price with interest thereon at the legal rate on judgments from the date of the agreement between Visalia Community Bank and the dissenting shareholder. Payment of the fair market value of

Table of Contents

the dissenting shares will be made within 30 days after the amount thereof has been agreed upon or 30 days after any statutory or contractual conditions to the merger have been satisfied, whichever is later, subject to the surrender of the certificates therefor, unless provided otherwise by agreement.

Disagreement on Price and Court Determination

If Visalia Community Bank denies that the shares surrendered are dissenting shares, or Visalia Community Bank and the dissenting shareholder fail to agree upon a fair market value of the shares of Visalia Community Bank capital stock, then the dissenting shareholder of Visalia Community Bank must, within six months after the notice of approval is mailed, file a complaint at the Superior Court of the proper county requesting the court to make the determination or intervene in any pending action brought by any other dissenting shareholder. If the complaint is not filed or intervention in a pending action is not made within the specified six-month period, the dissenters' rights are lost. If the fair market value of the dissenting shares is at issue, the court will determine, or will appoint one or more impartial appraisers to determine, the fair market value.

Withdrawal of Demand

A dissenting shareholder may not withdraw his or her dissent or demand for payment unless Visalia Community Bank consents to the withdrawal.

Opinion of Visalia Community Bank's Financial Advisor

FIG Partners LLC ("FIG") has delivered to the Board of Directors of Visalia Community Bank its opinion that, based upon and subject to the various considerations set forth in its written opinion dated December 19, 2012, the total merger consideration to be paid to the shareholders of Central Valley Community Bancorp is fair to the shareholders of Visalia Community Bank from a financial point of view as of such date. In requesting FIG's advice and opinion, no limitations were imposed by Visalia Community Bank upon FIG with respect to the investigations made or procedures followed by it in rendering its opinion. **The full text of the opinion of FIG, dated December 19, 2012, which describes the procedures followed, assumptions made, matters considered and limitations on the review undertaken, is attached hereto as Appendix C. Visalia Community Bank shareholders should read this opinion in its entirety.**

FIG is a nationally recognized investment banking firm and, as part of its investment banking business, is continually engaged in the valuation of financial institutions in connection with mergers and acquisitions, private placements and valuations for other purposes. As a specialist in securities of financial institutions, FIG has experience in, and knowledge of, banks, thrifts and bank and thrift holding companies. Visalia Community Bank's board of directors selected FIG to act as its financial advisor in connection with the merger on the basis of the firm's reputation and expertise in transactions such as the merger.

FIG will receive a fee from Visalia Community Bank for performing its financial advisory services in connection with the merger and rendering a written opinion to the Board of Directors of Visalia Community Bank as to the fairness, from a financial point of view, of the merger to Visalia Community Bank's shareholders; which is not at all contingent upon the consummation of the merger. Further, Visalia Community Bank has agreed to indemnify FIG against any claims or liabilities arising out of FIG's engagement by Visalia Community Bank.

FIG's opinion is directed only to the fairness, from a financial point of view, of the total merger consideration, and, as such, does not constitute a recommendation to any Visalia Community Bank shareholder as to how the shareholder should vote at the Visalia Community Bank shareholder meeting. The summary of the opinion of FIG set forth in this proxy statement-prospectus is qualified in its entirety by reference to the full text of the opinion.

Table of Contents

The following is a summary of the analyses performed by FIG in connection with its fairness opinion. Certain analyses were confirmed in a presentation to the Board of Directors of Visalia Community Bank by FIG. The summary set forth below does not purport to be a complete description of either the analyses performed by FIG in rendering its opinion or the presentation delivered by FIG to the Board of Directors of Visalia Community Bank, but it does summarize all of the material analyses performed and presented by FIG.

The preparation of a fairness opinion involves various determinations as to the most appropriate and relevant methods of financial analyses and the application of those methods to the particular circumstances. In arriving at its opinion, FIG did not attribute any particular weight to any analysis and factor considered by it, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. FIG may have given various analyses more or less weight than other analyses. Accordingly, FIG believes that its analyses and the following summary must be considered as a whole and that selecting portions of its analyses, without considering all factors could create an incomplete view of the process underlying the analyses set forth in its report to the Board of Directors of Visalia Community Bank and its fairness opinion.

In performing its analyses, FIG made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of Visalia Community Bank. The analyses performed by FIG are not necessarily indicative of actual value or actual future results, which may be significantly more or less favorable than suggested by such analyses. Such analyses were prepared solely as part of FIG's analysis of the fairness of the transaction consideration, from a financial point of view, to Visalia Community Bank shareholders. The analyses do not purport to be an appraisal or to reflect the prices at which a company might actually be sold or the prices at which any securities may trade at the present time or at any time in the future. FIG's opinion does not address the relative merits of the merger as compared to any other business combination in which Visalia Community Bank might engage. In addition, as described above, FIG's opinion to the Board of Directors of Visalia Community Bank was one of many factors taken into consideration by the Board of Directors of Visalia Community Bank in making its determination to approve the merger agreement.

During the course of its engagement, and as a basis for arriving at its opinion, FIG reviewed and analyzed material bearing upon the financial and operating conditions of Visalia Community Bank and Central Valley Community Bancorp and material prepared in connection with the merger, including, among other things, the following:

reviewed the merger agreement;

reviewed certain historical publicly available business and financial information concerning Visalia Community Bank and Central Valley Community Bancorp including among other things, quarterly and annual reports filed by the parties with the FDIC and Federal Reserve;

reviewed certain financial projections prepared by the management of Visalia Community Bank and Central Valley Community Bancorp;

reviewed filings with the Securities and Exchange Commission by Central Valley Community Bancorp and with its banking regulators by Visalia Community Bank;

certain financial projections prepared by the managements of Visalia Community Bank and Central Valley Community Bancorp;

held discussions with members of the senior management of Visalia Community Bank and Central Valley Community Bancorp for the purpose of reviewing future prospects of Visalia Community Bank and Central Valley Community Bancorp, including financial forecasts related

Table of Contents

to the respective businesses, earnings, assets, liabilities and the amount of and timing of cost savings (the "Synergies") expected to be achieved as a result of the merger;

reviewed the terms of recent merger and acquisition transactions, to the extent publicly available, involving banks, thrifts and bank and thrift holding companies that FIG considered relevant; and

performed such other analyses and considered such other factors as FIG deemed appropriate.

FIG conducted meetings and had discussions with members of senior management of Visalia Community Bank and Central Valley Community Bancorp for purposes of reviewing the future prospects of Visalia Community Bank and Central Valley Community Bancorp, including the financial forecasts related to the respective businesses, earnings, assets, liabilities and the amount and timing of cost savings and revenue enhancements expected to be achieved as a result of the merger. FIG also took into account its experience in other transactions, as well as its knowledge of the commercial banking industry and its general experience in securities valuations.

In rendering its opinion, FIG assumed, without independent verification, the accuracy and completeness of the publicly and non-publicly available financial and other information furnished to FIG by Visalia Community Bank and Central Valley Community Bancorp and relied upon the accuracy of the representations and warranties of the parties contained in the merger agreement. FIG also assumed that the financial forecasts furnished to or discussed with FIG by Visalia Community Bank and Central Valley Community Bancorp were reasonably prepared and reflected the best currently available estimates and judgments of senior management of Visalia Community Bank and Central Valley Community Bancorp as to the future financial performance of Visalia Community Bank. FIG has not made any independent evaluation or appraisal of any properties, assets or liabilities of Visalia Community Bank or Central Valley Community Bancorp.

Contribution Analysis

FIG prepared a contribution analysis showing percentages of total assets, total loans, total deposits, and tangible common equity, and net income at September 30, 2012 for Visalia Community Bank and for Central Valley Community Bancorp to be contributed to the combined company on a pro forma basis. Visalia Community Bank shareholders will receive a merger consideration of 50% stock (a total issuance of 1,262,858 shares of Central Valley Community Bancorp) and 50% cash.

FIG calculated the medians and averages of the following relevant transaction ratios in the Comparable Transactions U.S. Western Region and the Comparable Transactions National: the

percentage of the offer value to the acquired company's total assets, the multiple of the offer value to the acquired company's stated book value; the multiple of the offer value to the acquired company's tangible book value; and the tangible book value premium to core deposits. FIG compared these multiples with the corresponding multiples for the merger, valuing the total consideration that would be received pursuant to the merger agreement at approximately \$22.1 million, or \$52.20 per Visalia Community Bank diluted share. In calculating the multiples for the merger, FIG used Visalia Community Bank stated book value, tangible book value per share, total assets, and total core deposits as of September 30, 2012. The results of this analysis are as follows:

	Stated Book Value (%)	Offer Value to Tangible Book Value (%)	LTM Earnings (x)	Core Deposit Premium (%)

Discounted Cash Flow Analysis

FIG estimated the present value of all shares of Visalia Community Bank common stock by estimating the value of Visalia Community Bank's estimated future earnings stream beginning in 2012. Reflecting internal projections and FIG estimates based upon discussion with both Visalia Community Bank and Central Valley Community Bank, FIG assumed net income in 2012, 2013, 2014, 2015, and 2016 of \$271 million, \$616 million, \$894 million, \$1,383 million, and \$1,907 million, respectively. The present value of these earnings was calculated based on a range of discount rates of 13.0%, 14.0%, and 15.0%, respectively. In order to derive the terminal value of Visalia Community Bank's earnings stream beyond 2016, FIG performed two separate analyses: 1) an acquisition in 2016 at 16.0 times estimated earnings in the terminal year; and 2) an acquisition in 2016 at 1.35 times estimated tangible book value in the terminal year. The present value of these terminal amounts was then calculated based on the range of discount rates mentioned above. These rates and values were chosen to reflect different assumptions regarding the required rates of return of holders or prospective buyers of Visalia Community Bank's common stock. The two analyses and the underlying assumptions yielded a range of value for all the shares of Visalia Community Bank's stock of approximately 1) \$34.82 per share to \$48.23 per share; and 2) \$35.46 per share to \$51.50 per share compared to the merger consideration of approximately \$52.00 per share.

Franchise Valuation

FIG estimated the value of Visalia Community Bank's franchise through a build up methodology based on a deposit premium, credit mark and capital mark based analysis. The methodology begins with Visalia Community Bank's tier 1 tangible common capital of \$16.3 million. From the tier 1 common capital number, a credit mark is subtracted which is based on a loan credit mark of 3.0% and an OREO credit mark of 25%, totaling \$541 million (net of taxes and reserves). A capital mark is also subtracted from the tier 1 common capital figure if tier 1 common capital is less than 8%. This was not the case for Visalia Community Bank and therefore, no subtraction was made for the capital mark. After a credit mark and capital mark has been applied to tier 1 common capital, a deposit premium is applied based on deposit premiums for noninterest bearing deposits of 6.0%, NOW accounts of 3.0% and MMDA and savings accounts of 2.0%. The total deposit premium calculated was \$5.2 million. Therefore, the total indicated franchise valuation was \$20.9 million, which indicated a value of \$49.46 per share.

Table of Contents

Based upon the foregoing analyses and other investigations and assumptions set forth in its opinion, without giving specific weightings to any one factor or comparison, FIG determined that the merger consideration was fair, from a financial point of view, to Visalia Community Bank shareholders.

FIG acted as Visalia Community Bank's financial advisor in connection with the merger and has received, or will receive, fees from Visalia Community Bank as follows: (i) a non-refundable \$25,000 retainer fee at the time that FIG was engaged as its financial advisor; (ii) a non-refundable fee of \$50,000 in connection with rendering its fairness opinion in connection with the merger payable at the time the merger agreement was executed and (iii) a fee payable in the event the merger is consummated equal to 1.25% of the aggregate merger consideration if the transaction is completed at a price of up to \$51.99 per share for each share of Visalia Community Bank common stock or a fee equal to 1.50% of the aggregate merger consideration if the transaction is completed at a price greater than \$52.00 per share for each share of Visalia Community Bank common stock. Visalia Community Bank has also agreed to reimburse FIG for reasonable out-of-pocket expenses incurred in connection with its engagement and to indemnify FIG and its affiliates and their respective partners, directors, officers, employees and agents against certain expenses and liabilities, including liabilities under the securities laws.

Other than as noted above, Visalia Community Bank has had no material relationship with FIG or Sandler O'Neill in the last two years. Other than the fees associated with the contemplated transaction as noted above, Visalia Community Bank has not paid any fees or other compensation to FIG or Sandler O'Neill in the last two years.

Opinion of Central Valley Community Bancorp Financial Advisor

By letter dated December 11, 2012, Central Valley Community Bancorp retained Sandler O'Neill & Partners, L.P., or Sandler O'Neill, to issue a fairness opinion to Central Valley Community Bancorp's board of directors in connection with the board's consideration of a possible business combination with Visalia Community Bank. Sandler O'Neill is a nationally recognized investment banking firm whose principal business specialty is financial institutions. In the ordinary course of its investment banking business, Sandler O'Neill is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. Sandler O'Neill was paid \$100,000 for its services. Central Valley Community Bancorp also agreed to indemnify Sandler O'Neill and its affiliates and their respective partners, directors, officers, employees and agents against certain expenses and liabilities, including liabilities under the securities laws. Central Valley Community Bancorp has had no other material relationship with, or paid fees to, FIG or Sandler O'Neill in the two years prior to the negotiation of the merger agreement, other than the payment of a \$15,000 by Central Valley Community Bancorp to Sandler O'Neill in September 2011 for services in connection with the repurchase by Central Valley Community Bancorp of common stock warrants issued to the U.S. Treasury in connection with the TARP program.

Sandler O'Neill provided a fairness opinion to the Central Valley Community Bancorp board of directors in connection with the proposed transaction. At the December 19, 2012 meeting at which Central Valley Community Bancorp's board of directors considered and approved the merger agreement, Sandler O'Neill delivered to the board its oral opinion, which was subsequently confirmed in writing, that, as of such date, the merger consideration was fair to Central Valley Community Bancorp from a financial point of view.

The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler O'Neill in rendering its opinion. With respect to the projections of transaction costs, purchase accounting adjustments, expected cost savings and other synergies which were prepared by and/or reviewed with the senior management of Central Valley Community Bancorp, such management confirmed that they reflected the best currently available estimates. Sandler O'Neill expressed no opinion as to such estimates or the assumptions on which they are based. In rendering its fairness opinion, Sandler O'Neill performed a variety of financial analyses. The following is a summary of the material analyses performed by Sandler O'Neill, but is not a complete description of all the analyses underlying Sandler O'Neill's opinion. The summary includes information presented in tabular format. **In order to fully understand the financial analyses, these tables must be**

read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses. The preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. Sandler O'Neill believes that its analyses must be considered as a whole and that selecting portions of the factors and analyses to be considered without considering all factors and analyses, or attempting to ascribe relative weights to some or all such factors and analyses, could create an incomplete view of the evaluation process underlying its opinion. Also, no company included in Sandler O'Neill's comparative analyses described below is identical to Central Valley Community Bancorp or Visalia Community Bank and no transaction is identical to the merger. Accordingly, an analysis of comparable companies or transactions involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of Central Valley Community Bancorp and Visalia Community Bank and the companies to which they are being compared.

In performing its analyses, Sandler O'Neill also made numerous assumptions with respect to industry performance, business and economic conditions and various other matters, many of which cannot be predicted and are beyond the control of Central Valley Community Bancorp, Visalia Community Bank and Sandler O'Neill. The analyses performed by Sandler O'Neill are not necessarily indicative of actual values or future results, both of which may be significantly more or less favorable than suggested by such analyses. Sandler O'Neill prepared its analyses solely for purposes of rendering its opinion and provided such analyses to the Central Valley Community Bancorp board of directors at the board of directors' December 19, 2012 meeting. Estimates on the values of companies do not purport to be appraisals or necessarily reflect the prices at which companies or their securities may actually be sold. Such estimates are inherently subject to uncertainty and actual values may be materially different. Accordingly, Sandler O'Neill's analyses do not necessarily reflect the value of Central Valley Community Bancorp's or Visalia Community Bank's common stock or the prices at which Central Valley Community Bancorp's or Visalia Community Bank's common stock may be sold at any time. The analyses of Sandler O'Neill and its opinion were among a number of factors taken into consideration by Central Valley Community Bancorp's board of directors in making its determination to approve of Central Valley Community Bancorp's entry into the merger agreement and the analyses described below should not be viewed as determinative of the decision of Central Valley Community Bancorp's board of directors or management with respect to the fairness of the merger.

In arriving at its opinion Sandler O'Neill did not attribute any particular weight to any analysis or factor that it considered. Rather, it made qualitative judgments as to the significance and relevance of each analysis and factor. Sandler O'Neill did not form an opinion as to whether any individual analysis or factor (positive or negative) considered in isolation supported or failed to support its opinions; rather, Sandler O'Neill made its determination as to the fairness of the merger consideration on the basis of its experience and professional judgment after considering the results of all its analyses taken as a whole.

Central Valley Community Bancorp Net Present Value Analysis

Sandler O'Neill performed an analysis that estimated the net present value per share of Central Valley Community Bancorp common stock under various circumstances. The analysis assumed that Central Valley Community Bancorp performed in accordance with the publicly available consensus earnings estimates for Central Valley Community Bancorp for the quarter ending December 31, 2012, the year ended December 31, 2013 and financial projections for the years thereafter through 2017 based on discussions with senior management of Central Valley Community Bancorp.

To approximate the terminal value of Central Valley Community Bancorp common stock at December 31, 2016, Sandler O'Neill applied price to earnings multiples ranging from 8.0x to 18.0x and multiples of tangible book value ranging from 50% to 175%. The terminal values were then discounted to present values using different discount rates ranging from 9.0% to 15.0% chosen to reflect different assumptions regarding required rates of return of holders for prospective buyers of Central Valley Community Bancorp's common stock.

During the Central Valley Community Bancorp board of directors' meeting on December 19, 2012, Sandler O'Neill noted that the terminal value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.

As illustrated in the following tables, the analysis indicates an imputed range of values per share of Central Valley Community Bancorp common stock of \$4.50 to \$11.71 when applying multiples of earnings to the applicable amounts indicated in the Central Valley Community Bancorp projections and \$3.82 to \$14.84 when applying multiples of tangible book value to the applicable amounts indicated in the Central Valley Community Bancorp projections.

Pro Forma Results and Capital Ratios

Sandler O'Neill analyzed certain potential pro forma effects of the merger, assuming the following: (i) the merger closes on June 30, 2013; (ii) aggregate consideration value of \$21.27 million, based on Central Valley Community Bancorp's closing stock price on December 18, 2012 of \$8.09; (iii) Central Valley Community Bancorp would be able to achieve cost savings of approximately \$1.2 million in the first full year following the merger based on Visalia Community Bank's annualized YTD 9/30/12 core noninterest expense base; (iv) pretax transaction costs and expenses would total approximately \$2.8 million; (v) a core deposit intangible of approximately \$1.6 million (amortized straight-line for ten years); (vi) pretax opportunity cost of cash of approximately 1.5%; (vii) Central Valley Community Bancorp's future performance was calculated in accordance with publicly available consensus earnings estimates for Central Valley Community Bancorp for the quarter ending December 31, 2012, the year ended December 31, 2013 and financial projections for the years thereafter through 2017 based on

Table of Contents

discussions with senior management of Central Valley Community Bancorp; (viii) Visalia Community Bank's future performance was calculated in accordance with financial projections for Visalia Community Bank for the years ending December 31, 2012 through 2017 based on discussions with senior management of Visalia Community Bank and as adjusted based on discussions with senior management of Central Valley Community Bancorp; (ix) various purchase accounting adjustments, including a mark-to-market adjustment on Visalia Community Bank's loan portfolio and other real estate owned as provided by Central Valley Community Bancorp senior management; and (x) an adjustment to Visalia Community Bank's provision for loan losses for the years ending December 31, 2012 through 2017 to reflect the impact of the mark-to-market adjustment on Visalia Community Bank's loan portfolio. The analyses indicated that for the year ending December 31, 2013, the merger (excluding transaction expenses) would be accretive to Central Valley Community Bancorp's projected earnings per share and, at closing at June 30, 2013 the merger would be dilutive to Central Valley Community Bancorp's tangible book value per share. The analyses also indicated that as of closing at June 30, 2013, the merger would maintain Central Valley Community Bancorp's regulatory capital ratios in excess of the regulatory guidelines for "well capitalized" status. The actual results achieved by the combined company, however, may vary from projected results and the variations may be material.

Sandler O'Neill's Relationship

Sandler O'Neill issued a fairness opinion to Central Valley Community Bancorp's board of directors in connection with the merger and received a fee associated with the delivery of its fairness opinion which became payable at the time Sandler O'Neill rendered its fairness opinion. Central Valley Community Bancorp has agreed to indemnify Sandler O'Neill against certain liabilities arising out of Sandler O'Neill's engagement. In the ordinary course of Sandler O'Neill's business as a broker-dealer, Sandler O'Neill may purchase securities from and sell securities to Central Valley Community Bancorp and Visalia Community Bank and their affiliates.

Visalia Community Bank Unaudited Prospective Financial Information

Visalia Community Bank does not, as a matter of course, publicly disclose forecasts as to future performance, earnings or other results due to the unpredictability of the underlying assumptions and estimates. However, in connection with the financial analysis conducted by Visalia Community Bank's financial advisor, FIG, Visalia Community Bank provided to FIG, and indirectly provided to Central Valley Community Bancorp's financial advisor, Sandler O'Neil, certain non-public unaudited prospective financial information based on estimates by management of Visalia Community Bank. These estimates were prepared with respect to prospective financial information in connection with such financial analysis, and were not prepared with a view toward public disclosure or with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information, published guidelines of the SEC regarding forward-looking statements, or GAAP.

There can be no assurance that the underlying assumptions will prove to be accurate or that the projected results will be realized, and actual results likely will differ, and may differ materially, from those reflected in the financial forecasts, whether or not the merger is completed. The

Readers of this proxy statement/prospectus are cautioned not to place undue reliance on this information. None of the financial forecasts reflect any impact of the merger.

Such reports do not extend to the financial forecasts and should not be read to do so.

By including in this proxy statement/prospectus a summary of certain financial forecasts, neither Visalia Community Bank nor any of its representatives has made or makes any representation to any person regarding the ultimate performance of Visalia Community Bank or the surviving bank compared to the information contained in the financial forecasts. Visalia Community Bank's management's forecasts made available to Sandler O'Neil and FIG in connection with their respective financial analysis reflected projected gross income of \$9.3 million, \$9.9 million and \$10.8 million, net income of \$405,000, \$750,000 and \$1.0 million, and net income per share of \$1.06, \$1.97, and \$2.70, for the years ended December 31, 2012, 2013 and 2014, respectively.

Accounting Treatment

Central Valley Community Bancorp must account for the merger under the acquisition method of accounting for financial reporting purposes under accounting principles generally accepted in the United States of America. Under this method, Central Valley Community Bancorp's purchase price will be allocated to Visalia Community Bank's assets acquired and liabilities assumed based upon their estimated fair values as of the date of the completion of the merger. Deferred tax assets and liabilities will be adjusted for the difference between the tax basis of the assets and liabilities and their estimated values. The excess, if any, of the total acquisition cost over the sum of the assigned fair values of the tangible and identifiable intangible assets acquired, less liabilities assumed, will be recorded as goodwill and periodically evaluated for impairment. Central Valley Community Bancorp's financial statements issued after completion of the merger will reflect these values, but historical data are not restated retroactively to reflect the combined historical financial position or results of operations of Central Valley Community Bancorp and Visalia Community Bank.

THE MERGER AGREEMENT

Summary of the Merger

Central Valley Community Bancorp, CVC Bank, and Visalia Community Bank entered into the merger agreement on December 19, 2012, which is incorporated into this proxy statement-prospectus by reference to Appendix A hereto. Under the merger agreement's terms, Visalia Community Bank will merge with and into Central Valley Community Bancorp's sole subsidiary, CVC Bank. The separate corporate existence of Visalia Community Bank will cease, and CVC Bank will be the survivor. Each share of Visalia Community Bank common stock issued and outstanding (other than shares with respect to which dissenters' rights have been perfected, but including shares of Series B Preferred Stock converted to common stock) will be converted into the right to receive Central Valley Community Bancorp common stock and cash. Please read the sections entitled "The Merger Calculation of Consideration to be Paid to Visalia Community Bank Shareholders" and "Dissenters' Rights" for additional information.

Each share of Central Valley Community Bancorp common stock outstanding immediately before the effectiveness of the merger closes will remain outstanding after the effectiveness of the merger.

Central Valley Community Bancorp and Visalia Community Bank have structured the merger with the intent to qualify it as a tax-free reorganization under Section 368 of the Internal Revenue Code. However, under Section 368, the tax-free designation would apply only to the stock consideration that Visalia Community Bank shareholders would receive in connection with the merger and, accordingly, they are expected to have taxable income depending on the actual amount of cash consideration they receive in the merger and their individual tax situations. For more information, you are urged to read the section entitled "The Merger Certain Federal Income Tax Consequences" for additional information.

The Closing

The merger will be effective at the date and time an agreement of merger (substantially in the form attached to the merger agreement as Annex B) is filed with the California Department of Financial Institutions following its prior certification by the California Secretary of State. At the closing the parties will exchange various documents, including officers' certificates, as required by the merger agreement. The merger agreement provides that the merger shall be effective within ten calendar days after each of the closing conditions in the merger agreement (described in greater detail below) have been satisfied or waived, including the receipt of all regulatory approvals and the expiration of all applicable waiting periods in connection with the regulatory approvals, or such other date as the parties shall mutually agree.

Based upon the timing for Visalia Community Bank's special shareholders' meeting and the present and anticipated timing of the regulatory approvals, it is presently anticipated that the merger will be closed in the second quarter of 2013. Neither Central Valley Community Bancorp, CVC Bank, nor Visalia Community Bank can assure you that the merger will close when anticipated.

Discussions with Third Parties

The merger agreement provides that Visalia Community Bank shall immediately cease any written or oral discussions, negotiations or communication with any other parties that may be ongoing with respect to the possibility or consideration of an acquisition proposal (any inquiry, proposal or offer related to the acquisition or purchase of the material assets or deposits of Visalia Community Bank, or more than five percent of any class of equity securities of Visalia Community Bank, or merger, consolidation, business combination, recapitalization, tender offer, stock purchase, liquidation, dissolution or similar transaction involving Visalia Community Bank). Visalia Community Bank has also agreed not to solicit, encourage or facilitate third party acquisition proposals which would reasonably be expected to lead to an acquisition proposal, and requires that if such a proposal is received, notification must be given to Central Valley Community Bancorp. Notwithstanding the prohibition on soliciting or encouraging such proposals, the merger agreement recognizes that an unsolicited third party proposal might be received. Moreover, the merger agreement permits Visalia Community Bank engaging in discussions or negotiations with the third party to the extent necessary to prevent a violation of the fiduciary duties of the board of directors of Visalia Community Bank, if the proposal is determined, after consultation with counsel and a financial advisor, to be superior, from the shareholders' perspective, to the merger. Provided, that Visalia Community Bank will keep Central Valley Community Bancorp apprised of any developments, discussions and negotiations related to such superior proposal.

In the event the merger agreement is terminated by Visalia Community Bank in connection with a superior proposal or if the board of directors of Visalia Community Bank approves, or if Visalia Community Bank authorizes, recommends, publicly proposes or publicly announces its intention to authorize, recommend or approve an acquisition proposal from any third party, Visalia Community Bank will be obligated to pay a termination fee to Central Valley Community Bancorp in the amount of \$1,000,000.

Expenses

The merger agreement provides that Central Valley Community Bancorp, CVC Bank, and Visalia Community Bank shall bear their own costs and expenses incurred in connection with the merger agreement and the merger.

Director Voting Agreements

Central Valley Community Bancorp, and CVC Bank have entered into voting agreements with each of Visalia Community Bank's directors, executive officers and certain principal shareholders who hold shares of Visalia Community Bank's common stock. The voting agreements require each of those

Table of Contents

shareholders to vote in favor of the merger at Visalia Community Bank's shareholders' meeting or consent to the merger with CVC Bank in any applicable action by written consent of the shareholders.

It is also expected that the directors and executive officers will vote in favor of the Certificate of Amendment, in which case there would be an affirmative vote of a majority of Visalia Community Bank's issued and outstanding common stock eligible to vote that is needed for class approval by the common stock of the Certificate of Amendment.

If the merger and Certificate of Amendment described herein are not approved by the holders of the Series B Preferred Stock at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share no later than the date preceding the effective date of the merger. Such notice to holders of Series B Preferred Stock will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock prior to the merger instead of accepting the redemption payment of \$37.50 per share.

If the merger and Certificate of Amendment described herein are not approved by the holders of the Series B Preferred Stock at the special meeting, all of the Series B Preferred Stock will either be converted or redeemed prior to the merger and approval of the merger after such redemption or conversion will require a majority vote only of the common stock. The directors, executive officers and certain principal shareholders of Visalia Community Bank own 76.9% of the currently outstanding common shares (70.2% if all Series B Preferred Stock is converted to common shares). They have agreed to vote their shares in favor of the merger. Accordingly, approval of the merger is assured.

The voting agreements also require each of those shareholders to vote against any merger agreement, share exchange, or merger (other than the proposed merger with CVC Bank), consolidation, combination, sale of substantial assets, merger, recapitalization, dissolution, liquidation, or winding-up of or by Visalia Community Bank or any amendment of Visalia Community Bank's Articles of Incorporation or Bylaws or other proposal or transaction involving Visalia Community Bank, which would impede or prevent the merger with CVC Bank.

Each voting agreement also provides that the shareholder will not take any action that will alter or affect in any way the shareholder's right to vote his or her shares of Visalia Community Bank common stock.

The voting agreements bind the actions of the directors only in their capacities as Visalia Community Bank shareholders. The directors are not and could not be contractually bound to abrogate their fiduciary duties as directors of Visalia Community Bank. Accordingly, while the directors are contractually bound to vote as a Visalia Community Bank shareholder in favor of the merger, their fiduciary duties as directors nevertheless require them to act in their capacities as directors in the best interests of Visalia Community Bank when they consider the merger. In addition, the directors will continue to be bound by their fiduciary duties as Visalia Community Bank's directors with respect to any further decisions they make in connection with the merger.

Central Valley Community Bancorp was incorporated on February 7, 2000 as a California corporation, for the purpose of becoming the holding company for CVC Bank, formerly known as Clovis Community Bank, a California state chartered bank, through a corporate reorganization. In the reorganization, CVC Bank became the wholly-owned subsidiary of Central Valley Community Bancorp, and the shareholders of CVC Bank became the shareholders of Central Valley Community Bancorp. Central Valley Community Bancorp is registered as a bank holding company under the Bank Holding Company Act of 1956, as amended, and is subject to supervision and regulation by the Board of Governors of the Federal Reserve System.

At December 31, 2012, Central Valley Community Bancorp had one banking subsidiary, CVC Bank. Central Valley Community Bancorp's principal business is to provide, through its banking subsidiary, financial services in its primary market area in California. Central Valley Community Bancorp serves Fresno County, Madera County, Sacramento County, San Joaquin County, Merced County, and Stanislaus County and their surrounding areas through CVC Bank. Central Valley Community Bancorp does not currently conduct any operations other than through CVC Bank. At December 31, 2012, based on unaudited financial statements, Central Valley Community Bancorp had consolidated total assets of approximately \$890,228,000.

After the close of business on November 12, 2008, Service 1st Bancorp (Service 1st) was merged with and into Central Valley Community Bancorp, and Service 1st Bank ("S1 Bank") was merged with and into CVC Bank. S1 Bank had three branches in Stockton, Tracy, and Lodi which continue to be operated by CVC Bank.

On August 18, 2011, Central Valley Community Bancorp entered into a Securities Purchase Agreement with the Small Business Lending Fund of the United States Department of the Treasury (the "Treasury"), under which Central Valley Community Bancorp issued 7,000 shares of Senior Non-Cumulative Perpetual Preferred Stock, Series C (the "Preferred Shares") to the Treasury for an aggregate purchase price of \$7,000,000. Simultaneously, Central Valley Community Bancorp agreed with Treasury under a Letter Agreement to redeem, for an aggregate price of \$7,000,000, the 7,000 shares of Central Valley Community Bancorp's Series A Fixed Rate Cumulative Preferred Stock ("Series A Stock") originally issued pursuant to the Treasury's Capital Purchase Program ("CPP") in 2009. The redemption of the Series A Stock resulted in an acceleration of the remaining discount booked at the time of the CPP transaction.

In connection with the repurchase of the Series A Stock, Central Valley Community Bancorp also notified the Treasury of Central Valley Community Bancorp's intent to repurchase the warrant (the "Warrant") to purchase 79,037 shares of Central Valley Community Bancorp's common stock that was originally issued to Treasury in connection with the CPP transaction. On September 28, 2011, Central Valley Community Bancorp completed the repurchase of the Warrant for total consideration of \$185,000.

The Preferred Shares qualify as Tier 1 capital and pay non-cumulative dividends at an initial rate of 5% per annum. The dividend rate may vary, but not exceed 5%, with any reductions in interest rate to be calculated by reference to increases over a baseline amount in Central Valley Community Bancorp's small business lending activities. The Preferred Shares may be redeemed by Central Valley Community Bancorp, or by Treasury in the event that it is statutorily prevented from continuing to hold the Preferred Shares..

On December 23, 2009, Central Valley Community Bancorp entered into Stock Purchase Agreements with a limited number of accredited investors (collectively, the "Purchasers") to sell to the Purchasers a total of 1,264,952 shares of Central Valley Community Bancorp common stock at \$5.25

In May 2010, the shareholders of Central Valley Community Bancorp approved an amendment to Central Valley Community Bancorp's governing instruments to create a series of non-voting common stock. In June 2010, Central Valley Community Bancorp exercised its option to require the Purchasers to exchange 1,359 shares of CVCY Series B for 258,862 shares of non-voting common stock. In August, 2011, Central Valley Community Bancorp agreed to exchange 258,862 shares of Central Valley Community Bancorp's non-voting common stock for 258,862 shares of Central Valley Community Bancorp's voting common stock.

On August 15, 2012, the Board of Directors of Central Valley Community Bancorp adopted a stock repurchase program under which Central Valley Community Bancorp was permitted to repurchase up to five percent of its outstanding shares of common stock (approximately 479,850 shares based on the shares outstanding as of August 15, 2012), for the period beginning on August 15, 2012, and ending February 15, 2013. The stock repurchase program was suspended when Central Valley Community Bancorp entered into the merger agreement with Visalia Community Bank. Prior to suspension of the stock repurchase program, Central Valley Community Bancorp repurchased and retired a total of 58,100 shares of common stock at an average price of \$8.41, for a total cost of \$488,000.

Floral Street, Visalia, CA, as well as three additional branch offices in Visalia and one additional branch office in Exeter. It is anticipated that this office will be closed prior to the effectiveness of the merger. Visalia Community Bank also maintains a remote ATM and drive-up ATM at Mary's Vineyard Shopping Center in Visalia.

Visalia Community Bank is a community bank engaged in the general commercial banking business. Its primary market area is Tulare County in the San Joaquin Valley of Central California. It offers a variety of deposit and loan products to individuals and small- to mid-sized businesses. Regulatory Matters

On March 26, 2012 Visalia Community Bank entered into a memorandum of understanding, an informal administrative action, with the DFI and the FDIC. The memorandum of understanding replaced a previous memorandum of understanding which had been in effect since November 2009. The memorandum currently in effect requires that Visalia Community Bank: (i) maintain management acceptable to the DFI and the FDIC; (ii) notify the DFI and FDIC in writing and obtain their non-disapproval before adding or replacing any individual on the Board of Directors or employing any individual or changing the responsibilities of any individual to act as a senior executive officer; (iii) maintain a Tier 1 capital level in such amount as to equal or exceed 9.0% of the bank's adjusted total assets ("tier 1 leverage ratio"), and maintain the bank's capital ratios above "Well Capitalized" thresholds; (iv) not pay cash dividends without the written consent of the DFI and FDIC; (v) within

Table of Contents

30 days of the effective date of the memorandum of understanding, develop a written plan to reduce the volume of adversely classified items and to restore asset quality to a fully satisfactory condition and develop written action plans for each adversely classified asset greater than \$500,000 detailing plans for reducing loss exposure; (vi) within 60 days from the effective date of the memorandum of understanding, develop, adopt and implement a plan to improve the bank's profitability; and (vii) within 30 days after the end of the first quarter following the effective date of the memorandum of understanding, and within 30 days after the end of each quarter thereafter, furnish written progress reports to the DFI and FDIC detailing the form and manner of any actions taken to secure compliance with the memorandum of understanding and the results thereof. Visalia Community Bank is currently in compliance with the terms of the memorandum of understanding other than as noted below, and management believes that the memorandum of understanding will have no material impact on the bank's operating results or financial condition and that continued compliance with the memorandum of understanding will not constrain the bank's business. Visalia Community Bank's tier 1 leverage ratio at December 31, 2012, was 8.5% (below the required 9.0%) due to a substantial increase in one-time merger related expenses recorded in the fourth quarter of 2012 and changes in the calculation of "disallowed deferred tax assets" for the year ended December 31, 2012. It is a condition of closing under the merger agreement that Central Valley Community Bank and Central Valley Community Bancorp will not be subject to the memorandum of understanding.

Visalia Community Bank is also considered to be in "troubled" condition for purposes of Section 32 of the Federal Deposit Insurance Act, and, accordingly, is required to notify the FDIC in writing at least 30 days prior to certain management changes. In addition, Visalia Community Bank is also considered "troubled" for the purposes of Part 359 of the FDIC Rules and Regulations, and accordingly, Visalia Community Bank needs the consent of the FDIC prior to entering into any agreements to make any "golden parachute payments" or "excess nondiscriminatory severance payments" as defined in the rules and regulations of the FDIC. Due to its troubled condition status, Visalia Community Bank will need to receive the prior approval of the FDIC with respect to certain payments to be made to Thomas Beene, its President and Chief Executive Officer and to certain of its directors in the merger. See "The Merger Interest of Certain Persons in the Merger."

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF VISALIA COMMUNITY BANK

This discussion presents management's analysis of Visalia Community Bank's financial condition and results of operations as of and for each of the years in the two-year period ended December 31, 2012 and 2011. This discussion is designed to provide a more comprehensive review of the operating results and financial position of Visalia Community Bank than could be obtained from an examination of the financial statements alone and should be read in conjunction with the financial statements of Visalia Community Bank and the notes related thereto which appear elsewhere in this proxy statement-prospectus.

General

Visalia Community Bank commenced operations in 1977 as a California-chartered commercial bank. Visalia Community Bank is subject to the regulations of and periodic examinations by the California Department of Financial Institutions and the FDIC, its primary regulators. Visalia Community Bank is not a member of the Federal Reserve System.

Visalia Community Bank serves both businesses and individuals, providing a wide range of financial services, including credit and deposit products as well as cash management services, from its five full-service banking offices in Visalia and Exeter in California's San Joaquin Valley.

Visalia Community Bank's primary source of income is from the interest earned on loans and securities investments and its primary expenses are interest paid on deposits and salaries and employee benefits.

At December 31, 2012, Visalia Community Bank had \$199.8 million in total assets, \$123.3 million in gross loans, \$173.5 million in total deposits and \$18.7 million in total shareholders' equity.

For the year ended December 31, 2012, net income was \$148,000 or \$0.04 per diluted share, compared to \$466,000 or \$0.87 per diluted share in 2011. The \$318,000 decrease in net income is primarily due to a \$128,000 increase in the provision for loan losses, a \$508,000 decrease in net interest income and a \$233,000 decrease in noninterest income, partially offset by net decreases in noninterest expense of \$328,000 and income tax expense of 223,000. Each of these changes is more fully discussed elsewhere in this Management's Discussion and Analysis.

The return on average total assets was 0.07% for the year ended December 31, 2012, compared to 0.24% in 2011. The return on average total shareholders' equity was 0.79% for the year ended December 31, 2012, compared to 2.55% in 2011.

Critical Accounting Policy

Visalia Community Bank's financial statements are prepared in accordance with accounting principles generally accepted in the United States. The financial information contained within these statements is, to a significant extent, financial information that is based on approximate measures of the financial effects of transactions and events that have already occurred.

Based on its consideration of accounting policies that involve the most complex and subjective decisions and assessments, management has identified its most critical accounting policy to be that related to the allowance for loan losses. Visalia Community Bank's methodology to determine its allowance for loan losses incorporates a variety of risk considerations, both quantitative and qualitative, in establishing an allowance for loan losses that management believes is appropriate at each reporting date taking into account the characteristics of the loan portfolio, current economic conditions and historical credit loss experience. Although management believes that the level of the allowance as of December 31, 2012 is adequate to absorb losses inherent in Visalia Community Bank's loan portfolio, a

decline in the local economy or other adverse factors may result in increasing losses that cannot be reasonably predicted at this time. See " Financial Condition" below.

Results of Operations

Net Interest Income

Visalia Community Bank's earnings depend largely upon its net interest income, which is the difference between the income received from its loan portfolio and other interest-earning assets and the interest paid on deposits and other interest-bearing liabilities. Net interest income, when expressed as a percentage of average total interest-earning assets, is referred to as the net interest margin. Visalia Community Bank's net interest income is affected by changes in the level and mix of interest-earning assets and interest-bearing liabilities ("volume changes"). Visalia Community Bank's net interest income is also affected by changes in the yields earned on assets and rates paid on liabilities ("rate changes"). Interest rates charged on Visalia Community Bank's loans are affected principally by the demand for such loans, the supply of money available for lending purposes and competitive factors. Those factors are, in turn, affected by general economic conditions and other factors beyond Visalia Community Bank's control, such as federal economic policies, the general supply of money in the economy, legislative tax policies, governmental budgetary matters and the actions of the Federal Reserve Board. Interest rates on deposits are affected primarily by rates charged by competitors.

Net interest income totaled \$6,938,000 for the year ended December 31, 2012, representing a decrease of \$508,000 or 6.8% from \$7,446,000 in 2011. This decrease in net interest income reflects a \$637,000 decrease in total interest income partially offset by a \$129,000 decrease in total interest expense.

Total interest income decreased \$637,000 or 8.0% for the year ended December 31, 2012 compared with 2011, primarily due to lower yields on average interest-earning assets, which decreased to 4.12% for the year ended December 31, 2012 from 4.57% for the same period in 2011, reflecting a declining interest-rate environment as well as increasing competition for loans. Interest income in 2012 was also affected by a decrease in average net loans outstanding to \$122.0 million in 2012 from \$128.3 million in 2011, also reflecting the greater competitive environment in Visalia Community Bank's market.

Total interest expense decreased \$129,000 or 24.6% in 2012 compared with 2011, primarily because of lower rates paid on interest-bearing deposits, particularly time certificates, as well as a reduction in average FHLB advances.

Net Interest Margin and Net Interest Spread

Net interest income, when expressed as a percentage of average total interest-earning assets, is referred to as the net interest margin. Visalia Community Bank's net interest margin was 3.90% for the year ended December 31, 2012, compared to 4.27% in 2011. The decrease primarily reflects declines in average yields on interest-earning assets from 4.57% in 2011 to 4.12% in 2012.

The difference between the yield on average interest-earning assets and the cost of average interest-bearing liabilities is the net interest spread. The net interest spread is an indication of Visalia Community Bank's ability to manage yields earned on loans and securities and rates paid on deposits and borrowings. The net interest spread was 3.80% and 4.11% for the years ended December 31, 2012 and 2011, respectively. The decline from 2011 to 2012 is attributable to a decrease of 45 basis points in the yield on average interest-earning assets that was partially offset by a decrease of 14 basis points in the cost of average interest-bearing liabilities.

The decline in the yield on average interest-earning assets from 2011 to 2012 was due to a decline in interest-rates in general coupled with increased competition for loans as well as a change in the mix

of earning assets from higher-yielding loans to lower-yielding investments and overnight funds. Average net loans decreased from 74% of average earning assets in 2011 to 69% in 2012.

The cost of average total interest-bearing liabilities decreased to 0.32% for the year ended December 31, 2012 from 0.46% in 2011. The decrease is primarily due to declines in rates paid on deposits and the reduction in higher-cost FHLB advances.

The following tables shows Visalia Community Bank's average balances of assets, liabilities and shareholders' equity; the amount of interest income and interest expense; the average yield or rate for categories of interest-earning assets and interest-bearing liabilities; and the net interest margin and net interest spread for the years ended December 31, 2012 and 2011 (dollars in thousands):

Net loan (costs) fees totaled \$(7,000) and \$3,000 for the years ended December 31, 2012 and 2011, respectively. Nonaccrual loans are included in the table for computation purposes, but foregone interest related to such loans has been excluded.

Provision for Loan Losses

Visalia Community Bank accounts for credit risk associated with lending activities through its allowance for loan losses and provision for loan losses. The provision for loan losses is the expense recognized in the statement of income to adjust the allowance for loan losses to the level deemed appropriate by management based upon application of Visalia Community Bank's allowance methodology procedures. Specifically identifiable and quantifiable losses are immediately charged-off against the allowance for loan losses. The procedures for monitoring the adequacy of the allowance for loan losses, as well as detailed information about the allowance itself, are included below. See " Allowance for Loan Losses" below.

Visalia Community Bank recorded a provision for loan losses of \$834,000 for the year ended December 31, 2012, compared to \$706,000 in 2011. The provision for loan losses reflects the impact of management's continuing assessment of the credit quality of Visalia Community Bank's loan portfolio, which is affected by a variety of factors including the size and composition of the loan portfolio,

Table of Contents

information about specific borrower situations, estimated collateral values and general economic factors.

Noninterest Income

Total noninterest income was \$2,278,000 for the year ended December 31, 2012, a decrease of \$233,000 from \$2,511,000 in 2011. The decrease primarily reflects a decrease in service charges on deposit accounts of \$256,000, entirely attributable to lower overdraft and related fees, which decreased \$259,000 to \$725,000 in 2012, compared to \$984,000 in 2011. Overdraft fees declined due to changes in fee structure brought about by recent changes in regulation.

Noninterest Expense

Total noninterest expense, which is comprised of salaries and employee benefits, occupancy and other operating expenses, was \$8,294,000 for the year ended December 31, 2012. This represents a decrease of \$328,000 or 3.8% from \$8,622,000 in 2011.

Total noninterest expense for the year ended December 31, 2012 included \$247,000 of nonrecurring expenses directly related to the anticipated merger, primarily for professional fees. Without this expense, total noninterest expense in 2012 would have been \$8,047,000, a decrease of \$575,000 or 6.7% from 2011. For purposes of analysis, the following discussion and data excludes merger-related expense from total noninterest expense in 2012.

Salaries and employee benefits increased \$253,000 or 6.8% to \$3,976,000 for the year ended December 31, 2012 from \$3,723,000 in 2011.

Professional fees decreased \$373,000 or 65% to \$203,000 in the year ended December 31, 2012 from \$576,000 in 2011. Professional fees were particularly high in 2011 due to legal fees related to an earlier employee lawsuit finally settled in 2011 as well as greater use of consulting professionals to fill temporary vacancies in management.

Noninterest expense as a percentage of average interest-earning assets improved to 4.52% for the year ended December 31, 2012 from 4.94% in 2011. The efficiency ratio, defined as total noninterest expense as a percentage of the sum of net interest income and total noninterest income excluding net gains on security sales ("total revenues"), was approximately 87% for both 2012 and 2011.

Provision for Income Taxes

For the years ended December 31, 2011 and 2010, the effective tax rates (benefit) were (68.2%) and 26.0%, respectively. These effective tax rates were lower than the combined statutory rate of 41.15% primarily due to state and municipal bond interest income, increases in cash surrender value of bank-owned life insurance, and other items that are exempt from Federal and/or state income taxes.

Market Risk/Interest Rate Risk Management

Market risk is the risk of loss from adverse changes in market prices or rates. Visalia Community Bank's market risk arises primarily from interest rate risk inherent in its lending, investment and deposit-taking activities. Visalia Community Bank's profitability is affected by fluctuations in interest rates. A sudden and substantial change in interest rates may adversely impact Visalia Community Bank's earnings to the extent that the interest rates borne by assets and liabilities do not change at the same speed, to the same extent or on the same basis. To that end, management actively monitors and manages its interest rate exposure.

Asset and liability management is concerned with the timing and magnitude of the repricing of assets and liabilities. It is Visalia Community Bank's objective to control risks associated with interest rate movements within tolerances approved by its Board of Directors. In general, management's strategy is to match asset and liability balances within maturity and repricing categories to limit Visalia Community Bank's exposure to earnings variations and variations in the value of assets and liabilities as interest rates change over time.

Interest Rate Risk

Interest rate risk is inherent in financial institutions and financial services companies. Interest rate risk results from assets and liabilities maturing or repricing at different times, from assets and liabilities repricing at the same time but in different amounts or from short-term and long-term interest rates changing by different amounts. Generally speaking, the rates of interest that Visalia Community Bank earns on its assets and pays on its liabilities are established contractually for specified periods of time. Market interest rates change over time, and if a financial institution cannot quickly adapt to interest rate changes, it may be exposed to volatility in earnings. For instance, if Visalia Community Bank were to fund long-term fixed rate assets with short-term variable rate deposits and interest rates were to rise over the term of the assets, the short-term variable rate deposits would rise in cost and adversely affect net interest income. Similar risks exist when rate sensitive assets (for example, prime rate-based loans) are funded by longer-term fixed rate liabilities in a falling interest rate environment.

To manage its interest-rate risk, Visalia Community Bank uses two primary measurement processes on a quarterly basis to quantify and manage exposure to interest rate risk: net interest income simulations and economic value of equity analyses. Net interest income simulations are used to identify the direction and severity of interest rate risk exposure over a 12- and 24-month forecast horizon. Economic value of equity analyses are used to estimate the price sensitivity of shareholders' equity to changes in interest rates.

Visalia Community Bank also uses gap analysis to provide insight into mismatches of asset and liability cash flows. The interest rate sensitivity gap is determined by subtracting the amount of liabilities from the amount of assets that reprice during a particular time interval. A liability-sensitive position results when more liabilities than assets reprice within a given period. Conversely, an asset-sensitive position results when more assets than liabilities reprice within a given period.

As of December 31, 2012, Visalia Community Bank was slightly liability sensitive at the one-year time horizon, with a cumulative gap of \$(5 million) or (2.5%) of total assets, but was asset sensitive at a five-year time horizon with a cumulative gap of \$25 million or 12% of total assets. Since more of its

Table of Contents

assets than liabilities will reprice over a five-year horizon, Visalia Community Bank will tend to realize higher net interest income in a rising rate environment and lower net interest income in a falling interest rate environment with all other conditions remaining constant.

The following table sets forth the interest rate sensitivity of Visalia Community Bank's interest-earning assets and interest-bearing liabilities using interest rate sensitivity gap analysis as of December 31, 2012 (dollars in thousands). For the purposes of the following table, an asset or liability is considered rate-sensitive within a specified period when it can be repriced or matures (including estimated principal reductions prior to final contractual maturity). Actual repricing patterns may differ from the assumptions used.

Liquidity and Capital Resources*Liquidity*

Liquidity is Visalia Community Bank's ability to maintain sufficient cash flow to meet obligations as they come due, fund loan demand, and take advantage of investment opportunities as they arise. Changes in either can be anticipated or unanticipated. Visalia Community Bank actively manages its liquidity on a daily basis because adequate liquidity is essential to address balance sheet fluctuations, without causing undue rise in cost, risk, or disruption to normal operating conditions. In addition, the Asset-Liability Management Committee and the Board of Directors periodically review Visalia Community Bank's liquidity position.

Table of Contents

Visalia Community Bank's principal sources of liquidity have been deposits and principal and interest payments on loans and securities. To supplement these primary sources of liquidity, Visalia Community Bank maintains contingent funding sources, which include an unsecured overnight borrowing line of credit for \$500,000 with a correspondent bank and secured borrowing facilities at the Federal Home Loan Bank of San Francisco ("FHLB"). At December 31, 2012, Visalia Community Bank had an unused borrowing capacity of \$28.1 million at the FHLB.

At December 31, 2012, Visalia Community Bank had one outstanding FHLB advance for \$2 million, maturing in May 2013 at an interest rate of 3.93%. There were no borrowings outstanding under the correspondent bank line of credit at December 31, 2012.

Capital Resources

Total shareholders' equity was \$18.7 million at December 31, 2012, approximately unchanged from December 31, 2011. The primary activity in shareholders' equity has been net income, change in unrealized gains on securities available for sale, and dividends on preferred stock.

In 2010, Visalia Community Bank issued 44,687 shares of non-cumulative convertible and redeemable Series B Preferred Stock in a private offering, raising \$1,613,000 net of issuance costs. The shares of Series B Preferred Stock qualify as Tier 1 capital and pay semiannual dividends at an annual rate of 8%. Visalia Community Bank paid \$134,000 in preferred dividends for both of years ended December 31, 2012 and 2011.

Management is committed to maintaining capital at a level to assure shareholders, customers and regulators that Visalia Community Bank is financially sound and able to support its growth from its retained earnings. Visalia Community Bank is subject to risk-based capital regulations adopted by the federal banking regulators. These guidelines are used to evaluate capital adequacy and are based on an institution's asset risk profile and off-balance-sheet exposures. The risk-based capital guidelines assign risk weightings to assets and off-balance-sheet exposures. According to the regulations, institutions whose Tier 1 risk-based capital ratio, total risk-based capital ratio and leverage ratio meet or exceed 6%, 10% and 5%, respectively, are generally deemed to be "well-capitalized". At December 31, 2012, all of Visalia Community Bank's capital ratios were well above the minimum regulatory requirements for a "well capitalized" institution.

The memorandum of understanding pursuant to which Visalia Community Bank is a party with the California Department of Financial Institutions and the FDIC requires that the Bank maintain a leverage ratio of at least 9.0% and shall maintain all capital ratios above "well capitalized". While all of its capital ratios were well above the requirements for a "well-capitalized" institution, its leverage ratio of 8.5% at December 31, 2012 was below the required 9.0%. This decline in Visalia Community Bank's leverage ratio was directly affected by merger related expenses and changes in the calculation of the amount of deferred tax assets includable in Tier I capital at year end. See "Information Regarding Visalia Community Bank Regulatory Matters."

Contractual Obligations

As of December 31, 2012, Visalia Community Bank had contractual obligations for the following payments, by type and period due (dollars in thousands):

Table of Contents*Impact of Inflation*

The impact of inflation on a financial institution differs significantly from such impact on other companies. Banks, as financial intermediaries, have assets and liabilities that tend to move in concert with inflation both as to interest rates, yields and value. A bank can reduce the impact of inflation if it can manage its interest rate sensitivity gap. Visalia Community Bank attempts to structure its mix of financial instruments and manage its interest rate risk sensitivity gap in order to minimize the potential adverse effects of inflation or other market forces on its net interest income and therefore its earnings and capital. See " Interest Rate Risk". Inflation has been moderate in recent years and has had little or no effect on the financial condition and results of operations of Visalia Community Bank during the periods covered in this proxy statement-prospectus.

Loans

The loan portfolio represents the largest single portion of Visalia Community Bank's total assets, greater than any other asset category on the balance sheet as of December 31, 2012 and 2011. The quality and diversification of its loan portfolio are important considerations when reviewing Visalia Community Bank's results of operations.

At December 31, 2012, total loans outstanding were \$123.3 million, compared to \$125.5 million at December 31, 2011, a decline of 1.8%. The decline reflects lower loan demand during the continuing economic downturn as well as increased price competition.

Table of Contents*Commitments*

During the ordinary course of business, Visalia Community Bank will provide various forms of credit lines to meet the financing needs of its customers. These commitments to provide credit represent an obligation of Visalia Community Bank to its customers which is not represented in any form in the balance sheets. These commitments include, to varying degrees, elements of credit and interest rate risk not recognized in Visalia Community Bank's financial statements.

The effect on Visalia Community Bank's revenues, expenses, cash flows and liquidity from the unused portion of the commitments to provide credit cannot be reasonably predicted because there is no guarantee that the lines of credit will ever be used.

At December 31, 2012 and 2011, Visalia Community Bank has undisbursed loan commitments outstanding of \$22.6 million and \$25.1 million, respectively, whose contractual amounts represent credit risk.

Loan Maturities and Sensitivity to Changes in Interest Rates

The following table shows the maturity distribution of Visalia Community Bank's outstanding loans as of December 31, 2012 (dollars in thousands). The loan amounts are based on contractual maturities although borrowers may have the ability to prepay. The table includes nonaccrual loans of \$5.8 million and net deferred loan fees totaling \$221,000.

Nonperforming Assets

Nonperforming assets are comprised of loans on nonaccrual status, loans 90 days or more past due but not on nonaccrual status, and other real estate ("ORE"). Management generally places loans on nonaccrual status when they become 90 days past due, unless they are both fully secured and in the process of collection. Loans may be restructured by management when a borrower has experienced some change in financial status causing an inability to meet the original repayment terms, where Visalia Community Bank believes the borrower will eventually overcome these circumstances and repay the loan in full. ORE consists of real property acquired through foreclosure or similar means that management intends to offer for sale.

Management's classification of a loan as nonaccrual or restructured is an indication that there is reasonable doubt as to the full collectability of principal or interest on the loan. At this point, Visalia Community Bank stops recognizing income from the interest on the loan and reverses any uncollected

Table of Contents

interest that has been accrued but unpaid. If the loan deteriorates further due to a borrower's bankruptcy or similar financial problems, unsuccessful collection efforts or a loss classification by examiners, the remaining balance of the loan is then charged-off. These loans may or may not be collateralized, but collection efforts are continued.

Nonperforming loans, comprised of nonaccrual loans and loans past due 90 days or more as a percentage of total loans were 4.69% and 3.37% at December 31, 2012 and 2011, respectively.

Nonperforming loans at December 31, 2012 totaled \$5.8 million, an increase of \$1.6 million from the end of 2011. The total comprises loans to 18 borrowers, the four largest of which amount to \$4.9 million as follows:

A commercial loan to a fuel distribution company for \$1.2 million. The borrower is paying as agreed but continues to have financial difficulties.

Two loans financing lots for future development for a hotel operator totaling \$1.3 million. The loans are paying as agreed, but were placed on nonaccrual status due to borrower financial difficulties.

A mixed-use lot development loan with a current balance of \$1.0 million. The loan, which has been restructured but is not performing in accordance with restructured terms, is dependent on sales of collateral. The balance decreased \$1.0 million during the year ended December 31, 2012 as a result of four sales totaling \$400,000 and write-downs of \$540,000.

A loan for \$1.4 million to a recreational vehicle dealership on its business property. The borrower is paying as agreed but is experiencing financial difficulties and is attempting to sell the property.

(2) Total loans are gross of the allowance for loan losses and net of deferred fees.

Allowance for Loan Losses

The allowance for loan losses reflects management's judgment of the level of allowance adequate to provide for probable losses inherent in the loan portfolio. On a quarterly basis, management assesses the overall adequacy of the allowance for loan losses, utilizing a methodology which includes an individual analysis of specific categories of loans, specific categories of classified loans and individual classified loans. The adequacy of the allowance for loan losses is determinable only on an approximate basis since estimates as to the magnitude and timing of loan losses are by their nature imprecise.

Evaluation of the adequacy of the allowance for loan losses is based upon relevant information about the ability of borrowers to service their debt such as current financial information, historical payment experience, collateral adequacy and credit documentation as well as an amount for other factors that, in management's judgment, deserve recognition in estimating possible loan losses. These factors include, but are not limited to, historical charge-offs, estimated future losses on all significant loans, credit concentrations, certain classes or composition of loans, trends in the portfolio, delinquencies and nonaccruals, economic factors, and the experience of management.

Table of Contents

The allowance for loan losses is established through a provision for loan losses charged to expense. Loan losses are charged against the allowance when management believes that the collectability of principal is unlikely. Subsequent recoveries of charged-off amounts are credited to the allowance for loan losses.

Management is committed to maintaining the allowance for loan losses at a level that is considered to be commensurate with estimated and known risks in the loan portfolio. As of December 31, 2012, management believed that the allowance for loan losses of \$3.1 million was adequate based on its assessment of such factors. However, no assurance can be given that economic conditions or other circumstances will not result in increased loan losses or provisions for loan losses in the future.

The changes in average balances of both noninterest-bearing and interest-bearing demand deposits during the year ended December 31, 2012 compared with the year ended December 31, 2011 were in large part the result of several structural changes in deposit accounts that shifted a large number of noninterest-bearing accounts into the interest-bearing category. In particular, individual noninterest demand accounts were changed to allow higher-balance accounts to earn interest, while lower-balance accounts continued to earn no interest.

The following table sets forth the scheduled maturities of Visalia Community Bank's time deposits in denominations of \$100,000 or more as of December 31, 2012 and 2011 (dollars in thousands):

AMENDMENT TO CERTIFICATE OF DETERMINATION FOR SERIES B PREFERRED STOCK TO PROVIDE FOR MANDATORY CONVERSION PRIOR TO MERGER

IMPORTANT NOTE IN THE EVENT THE SERIES B PREFERRED STOCK DOES NOT APPROVE THE MERGER AND THE CERTIFICATE OF AMENDMENT

Visalia Community Bank has two classes of stock outstanding, common stock and Series B Preferred Stock. So long as both classes of stock are outstanding, approval of the merger and the Certificate of Amendment will require a vote by both classes.

If the merger and Certificate of Amendment described herein are not approved by the holders of the Series B Preferred Stock at the special meeting, Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share, the redemption price currently fixed in the Certificate of Determination for the Series B Preferred Stock, no later than the date preceding the effective date of the merger. The notice will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock on a share for share basis prior to the mandatory redemption instead of accepting the redemption payment of \$37.50 per share.

Following the redemption or conversion of all Series B Preferred Stock, approval of the merger will require a majority vote of only the common stock. The directors, executive officers and certain principal shareholders of Visalia Community Bank owning an aggregate of 76.9% of the currently outstanding common shares (70.2% if all Series B Preferred Stock is converted to common shares) have agreed to vote their shares in favor of the merger. Accordingly, approval of the merger is assured.

If any shares of Series B Preferred Stock are redeemed, the cash portion of the consideration payable in the merger will be reduced by the redemption amount. If all 44,687 shares of the Series B Preferred Stock are redeemed, the total reduction in the cash consideration payable in the merger would be \$1,675,763; however, since holders of shares of Series B Preferred Stock would not receive any of the merger consideration following the redemption, and, since it is anticipated that the value of the per share merger consideration on the effective date of the merger will be greater than the \$37.50 redemption price for the Series B Preferred Stock, the value of the per share merger consideration payable to holders of common stock at the effective time of the merger should increase in the event any shares of the Series B Preferred Stock are redeemed.

Visalia Community Bank's Board of Directors has unanimously approved a resolution, subject to the approval of the holders of Visalia Community Bank's issued and outstanding shares of Series B Preferred Stock and the holders of Visalia Community Bank's common stock, to amend section 3 of the Certificate of Determination for the Series B Preferred Stock by adding a new section 3(h) to the Certificate of Determination to provide that immediately prior to the effectiveness of a consolidation, merger or other similar business combination of Visalia Community Bank with and into another entity pursuant to which Visalia Community Bank will not be the surviving entity, and pursuant to which transaction the common stock of Visalia Community Bank will be converted into cash, securities or other property, that each share of Series B Preferred Stock will be automatically converted into one share of common stock of Visalia Community Bank on a share for share basis.

The Certificate of Determination for the Series B Stock currently provides for the conversion of the Series B Preferred Stock at the option of the holder on a share for share basis into shares of the common stock of Visalia Community Bank commencing on March 31, 2013 (three (3) years after the date of issuance of the Series B Preferred Stock). The Certificate of Determination further currently

Table of Contents

provides for the redemption of the Series B Preferred Stock, at the option of Visalia Community Bank, at a price of \$37.50 per share of Series B Preferred Stock, commencing on March 31, 2013 (three years after the issuance of the shares of Series B Preferred Stock).

The purpose of the Certificate of Amendment is to make the conversion into common stock automatic, without the requirement of any action being taken by all of the holders of the Series B Preferred Stock to convert their respective shares, and would ensure that each holder of Series B Preferred Stock would receive the same merger consideration as the holders of the common stock of Visalia Community Bank upon the effectiveness of the merger.

If the merger described herein has not been approved by the holders of the Series B Preferred Stock at the special meeting, all of the Series B Preferred Stock will either be converted into common stock by the individual holders or, if not converted, redeemed, and Visalia Community Bank is obligated under the merger agreement to notify holders of Series B Preferred Stock that it will redeem all shares of Series B Preferred Stock at a price of \$37.50 per share no later than the date preceding the effective date of the merger. Such notice to holders of Series B Preferred Stock will provide holders of Series B Preferred Stock with the option to convert their shares of Series B Preferred Stock to Visalia Community Bank common stock prior to the merger instead of accepting the redemption payment of \$37.50 per share.

If the merger is not approved by the holders of the Series B Preferred Stock at the special meeting, all of the Series B Preferred Stock will either be converted into common stock by the individual holders or, if not converted, redeemed, and approval of the merger after such redemption or conversion will require a majority vote only of the common stock. The directors, executive officers and certain principal shareholders of Visalia Community Bank own 76.9% of the currently outstanding common shares (70.2% if all Series B Preferred Stock is converted to common shares). They have agreed to vote their shares in favor of the merger. Accordingly, approval of the merger is assured.

Therefore, regardless of whether the Certificate of Amendment is approved, Series B Preferred Stock will be redeemed or converted in connection with the merger.

Proposed section 3(h) to be added to the Certificate of Determination for the Series B Preferred Stock shall read substantially in full as follows; subject to any changes that may be required by the California Secretary of State or California Department of Financial Institutions prior to filing.

"h. (1) Effective immediately prior to the effectiveness of a Reorganization Event (as defined below) (the "Mandatory Conversion Date"), each share of Series B Preferred Stock will automatically be converted into one (1) fully paid and nonassessable share of the Common Stock of Visalia Community Bank. For purposes of this Section (h), a "Reorganization Event" shall mean any consolidation, merger or other similar business combination of Visalia Community Bank with and into another entity in which Visalia Community Bank is not the surviving entity, and in each case pursuant to which the Common Stock of Visalia Community Bank will be converted into cash, securities or other property.

(2) From and after the Mandatory Conversion Date, the shares of Series B Preferred Stock will no longer be deemed to be outstanding, subject to the right of the holders of the Series B Preferred Stock to receive (i) shares of Common Stock issuable upon such mandatory conversion and (ii) any declared and unpaid dividends with respect to such Series B Preferred Stock. All share certificates previously representing shares of the Series B Preferred Stock shall from and after the Mandatory Conversion Date, represent shares of the Common Stock of Visalia Community Bank. The person or persons entitled to receive the Common Stock upon the mandatory conversion of the

Table of Contents

Series B Preferred Stock shall be treated for all purposes as the record holder(s) of such shares of Common Stock as of the Mandatory Conversion Date.

(3) No fractional shares of Common Stock shall be issued in connection with the mandatory conversion; alternatively, the holders of the Series B Preferred Stock will receive cash in lieu of their fractional shares equal to the fair value of such fractional shares as of the time when those entitled to receive their fractional shares shall be determined.

(4) In the event of a stock split, reverse stock split or stock dividend affecting the number of shares of Common Stock outstanding prior to the Mandatory Conversion Date, the conversion ratio set forth in paragraph (h)(1) shall be proportionately revised so as to fairly and equitably preserve the purposes and intent of the mandatory conversion provision of the Series B Preferred Stock."

Required Vote for Approval

The Board of Directors of Visalia Community Bank directed that the Certificate of Amendment be submitted for approval by Visalia Community Bank's shareholders as required by California law. Under California law, approval of the Certificate of Amendment requires the affirmative vote of a majority of the outstanding shares of Series B Preferred Stock voting as a class and a vote of a majority of the outstanding shares of common stock.

If you are a holder of Series B Preferred Stock and vote against the merger, you can perfect dissenters' rights. Voting against the Certificate of Amendment, by itself, will not permit you to perfect dissenters' rights.

Recommendation of Board of Directors

The Board of Directors of Visalia Community Bank Unanimously Recommends a vote "FOR" the amendment to the Certificate of Determination for the Series B Preferred Stock to provide for the mandatory conversion of the Series B Preferred Stock in the event of a merger.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Visalia Community Bank as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

VISALIA COMMUNITY BANK
NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Visalia Community Bank (the "Bank") was incorporated on July 30, 1976. The Bank operates five branches in the cities of Visalia and Exeter, California. The Bank's primary source of revenue is interest on commercial, agricultural, commercial real estate, residential real estate and installment loans.

The accounting and reporting policies of the Bank conform with accounting principles generally accepted in the United States of America and prevailing practices within the banking industry.

Management has evaluated subsequent events for recognition and disclosure through April 22, 2013, the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. The allowance for loan losses, deferred tax assets, and fair values of assets and liabilities are particularly subject to change.

Cash Equivalents

For the purpose of the statements of cash flows, the Bank considers cash and due from banks and interest-bearing overnight deposits in the Federal Reserve and other banks to be cash equivalents.

Correspondent Banking Agreements

In addition to the Federal Reserve and Federal Home Loan Bank of San Francisco, the Bank maintains funds on deposit with a federally insured financial institution under a correspondent banking agreement.

Time Deposits in Other Banks

Investments in time deposits in other banks consist of certificates of deposits purchased from other financial institutions with original maturities greater than ninety days. All such deposits are fully insured by the FDIC.

Investment Securities

Investment securities are classified into the following categories:

Available-for-sale investment securities, reported at fair value, with unrealized gains and losses excluded from earnings and reported, net of taxes, as accumulated other comprehensive income within shareholders' equity.

Table of Contents

VISALIA COMMUNITY BANK

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2012 and 2011

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Securities (Continued)

Held-to-maturity investment securities, which management has the positive intent and ability to hold, reported at amortized cost, adjusted for the accretion of discounts and amortization of premiums.

Management determines the appropriate classification of its investment securities at the time of purchase and may only change the classification in certain limited circumstances. All transfers between categories are accounted for at fair value.

Gains or losses on the sale of investment securities are computed on the specific identification method. Interest earned on investment securities is reported in interest income, net of applicable adjustments for accretion of discounts and amortization of premiums. In addition, unrealized losses that are other-than-temporary are recognized in earnings for all investments.

An investment security is impaired when its carrying value is greater than its fair value. Investment securities that are impaired are evaluated on at least a quarterly basis and more frequently when economic or market conditions warrant such an evaluation to determine whether such a decline in their fair value is other than temporary. Management utilizes criteria such as the magnitude and duration of the decline and whether it intends to sell, or it is more likely than not that it will be required to sell, a security in an unrealized loss position before recovery of its amortized cost basis, in addition to the reasons underlying the decline, to determine whether the loss in value is other than temporary. The term "other than temporary" is not intended to indicate that the decline is permanent, but indicates that the prospects for a near-term recovery of value is not necessarily favorable, or that there is a lack of evidence to support a realizable value equal to or greater than the carrying value of the investment.

Once a decline in value is determined to be other than temporary, and management does not intend to sell the security and it is more likely than not that the Bank will not be required to sell the security before recovery, only the portion of the impairment loss representing credit exposure is recognized as a charge to earnings, with the balance recognized as a charge to other comprehensive income. If management intends to sell the security or it is more likely than not that the Bank will be required to sell the security before recovering its forecasted cost, the entire impairment loss is recognized as a charge to earnings.

Loans

Loans are reported at the principal amounts outstanding, adjusted for deferred loan origination fees and costs, purchase premiums and discounts, write-downs and the allowance for loan losses. Loan origination fees, net of certain deferred origination costs, and purchase premiums and discounts are recognized as an adjustment to the yield of the related loans.

The accrual of interest on loans is discontinued when, in the opinion of management, there is an indication that the borrower may be unable to meet payments as they become due. Upon such discontinuance, all unpaid accrued interest is reversed against current income unless the loan is well secured and in the process of collection. Interest received on nonaccrual loans is either applied against principal or reported as interest income, according to management's judgment as to the collectibility of principal. Generally, loans are restored to accrual status when the obligation is brought current and has performed in accordance with the contractual terms for a reasonable period of time and the ultimate collectibility of the total contractual principal and interest is no longer in doubt.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Allowance for Loan Losses

The allowance for loan losses is an estimate of probable credit losses inherent in the Bank's loan portfolio that have been incurred as of the balance-sheet date. The allowance is established through a provision for loan losses which is charged to expense. Additions to the allowance are expected to maintain the adequacy of the total allowance after credit losses and loan growth. Credit exposures determined to be uncollectible are charged against the allowance. Cash received on previously charged off amounts is recorded as a recovery to the allowance. The overall allowance consists of two primary components, specific reserves related to impaired loans and general reserves for probable incurred losses related to loans that are not impaired.

The Bank's process for identifying impaired loans is the same for all classes of loans. A loan is considered impaired when, based on current information and events, it is probable that the Bank will be unable to collect all amounts due, including principal and interest, according to the contractual terms of the original agreement. Factors considered in this assessment include the borrower's historical payment performance, financial condition and global cash flows. All loans determined to be impaired are individually evaluated for impairment. When a loan is impaired, the Bank measures impairment based on the present value of expected future cash flows discounted at the loan's effective interest rate, except that as a practical expedient, the Bank may measure impairment based on an observable market price, or the fair value of the collateral if collateral dependent. A loan is collateral dependent if the repayment is expected to be provided by the underlying collateral.

A restructuring of a debt constitutes a troubled debt restructuring (TDR) if the Bank grants a concession to the debtor for economic or legal reasons related to the debtor's financial difficulties that it would not otherwise consider. Restructured debts typically present an elevated level of credit risk as the borrowers are not able to perform according to the original contractual terms. Loans that are reported as TDRs are considered impaired and measured for impairment as described above.

The determination of the general reserve for loans that are not impaired is based on estimates made by management, to include, but not limited to, consideration of historical losses by portfolio segment during the previous twelve months, internal asset classifications, and qualitative factors to include economic trends in the Bank's service areas, industry experience and trends, geographic concentrations, estimated collateral values, the Bank's underwriting policies, the character of the loan portfolio, and probable losses inherent in the portfolio taken as a whole.

The Bank maintains a separate allowance for each class of loans. These classes include commercial and agriculture, real estate commercial, real estate residential, real estate construction (including land and development loans), and consumer loans. The allowance for loan losses attributable to each class, which includes both impaired loans and loans that are not impaired, is combined to determine the Bank's overall allowance, which is available for all loss exposure.

Allowance for Loan Losses (Continued)

The Bank assigns a risk rating to all loans and at least annually performs detailed reviews of all such loans over a certain threshold to identify credit risks and to assess the overall collectability of the portfolio. These risk ratings are also subject to examination by independent specialists engaged by the Bank and the Bank's regulators. During the Bank's internal reviews, management monitors and analyzes the financial condition of borrowers and guarantors, trends in the industries in which borrowers operate and the fair values of collateral securing the loans. These credit quality indicators are used to assign a risk rating to each individual loan. The risk ratings can be grouped into five major categories, defined as follows:

Pass A pass loan is a strong credit with no existing or known potential weaknesses deserving of management's close attention.

Special Mention A special mention loan has potential weaknesses that deserve management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects or in the Bank's credit position at some future date. Special Mention loans are not adversely classified and do not expose the Bank to sufficient risk to warrant adverse classification.

Substandard A substandard loan is not adequately protected by the current sound worth and paying capacity of the borrower or the value of the collateral pledged, if any. Loans classified as substandard have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. Well defined weaknesses include inadequate cash flow or collateral support, a project's lack of marketability, failure to complete construction on time or the project's failure to fulfill economic expectations. They are characterized by the distinct possibility that the Bank will sustain some loss if the deficiencies are not corrected.

Doubtful Loans classified doubtful have all the weaknesses inherent in those classified as substandard with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently known facts, conditions and values, highly questionable and improbable.

Loss Loans classified as loss are considered uncollectible and charged off immediately.

The general reserve component of the allowance for loan losses also consists of reserve factors that are based on management's assessment of the following for each class of loans: (1) inherent credit risk, (2) historical losses and (3) other qualitative factors. These reserve factors are inherently subjective and are driven by the repayment risk associated with each class described below.

Commercial and agriculture Commercial loans are generally underwritten to existing cash flows of operating businesses. Debt coverage is provided by business cash flows. Economic trends influenced by unemployment rates and other key economic indicators are closely correlated to the credit quality of these loans. Loans secured by crop production and farmland are especially vulnerable to two risk factors that are largely outside the control of the Bank and borrowers: commodity prices and weather conditions. In addition, trends in real estate values significantly impact the credit quality of agriculture loans secured by farmland.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Allowance for Loan Losses (Continued)

Real estate commercial Adverse economic developments or an overbuilt market impact commercial real estate projects and may result in troubled loans. Trends in vacancy rates of non-owner occupied commercial properties impact the credit quality of those loans. High vacancy rates reduce operating revenues and the ability for properties to produce sufficient cash flow to service debt obligations. Owner-occupied commercial real estate loans are directly impacted by general economic trends.

Real estate residential The degree of risk in residential real estate lending depends primarily on the loan amount in relation to collateral value, the interest rate and the borrower's ability to repay in an orderly fashion. Economic trends determined by unemployment rates and other key economic indicators are closely correlated to the credit quality of these loans. Weak economic trends indicate that the borrowers' capacity to repay their obligations may be deteriorating.

Real estate construction Real estate construction loans, which include land and development loans, generally possess a higher inherent risk of loss than other real estate portfolio segments. A major risk arises from the necessity to complete projects within specified cost and time lines. Trends in the construction industry significantly impact the credit quality of these loans, as demand drives construction activity. In addition, trends in real estate values significantly impact the credit quality of these loans, as property values determine the economic viability of construction projects.

Consumer loans Economic trends determined by unemployment rates and other key economic indicators are closely correlated to the credit quality of these loans. Weak economic trends indicate that the borrowers' capacity to repay their obligations may be deteriorating.

Although management believes the allowance to be adequate, ultimate losses may vary from its estimates. At least quarterly, the Board of Directors reviews the adequacy of the allowance, including consideration of the relative risks in the portfolio, current economic conditions and other factors. If the Board of Directors and management determine that changes are warranted based on those reviews, the allowance is adjusted. In addition, the Bank's primary regulators, the Federal Deposit Insurance Corporation (FDIC) and the California Department of Financial Institutions (DFI), as an integral part of their examination process, review the adequacy of the allowance. These regulatory agencies may require additions to the allowance based on their judgment about information available at the time of their examinations.

Allowance for Credit Losses on Off-Balance-Sheet Credit Exposures

The Bank also maintains a separate allowance for off-balance-sheet commitments. Management estimates anticipated losses using historical data and utilization assumptions. The allowance for off-balance-sheet commitments is included in accrued interest payable and other liabilities on the balance sheets.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Premises and Equipment

Premises and equipment are carried at cost. Depreciation is determined using the straight-line method over the estimated useful lives of the related assets. The useful lives of buildings and improvements are estimated to be thirty-nine years. The useful lives of furniture, fixtures and equipment are estimated to be three to fifteen years. Leasehold improvements are amortized over the life of the asset or the term of the related lease, whichever is shorter. When assets are sold or otherwise disposed of, the cost and related accumulated depreciation and amortization are removed from the accounts, and any resulting gain or loss is recognized in income for the period. The cost of maintenance and repairs is charged to expense as incurred. Management evaluates premises and equipment for financial impairment as events or changes in circumstances indicate that the carrying amount of such assets may not be fully recoverable.

Bank-Owned Life Insurance

The Bank has purchased life insurance policies on certain key executives. Bank-owned life insurance is recorded at the amount that can be realized under the insurance contract at the balance sheet date, which is the cash surrender value adjusted for other charges or other amounts due that are probable at settlement.

Other Real Estate

Other real estate properties are initially recorded at fair value less costs to sell when acquired, establishing a new cost basis. These assets are subsequently accounted for at lower of cost or fair value less estimated costs to sell. If fair value declines subsequent to foreclosure, a valuation allowance is recorded through expense. Operating costs after acquisition are expensed.

Investment in Federal Home Loan Bank Stock

As a member of the Federal Home Loan Bank System, the Bank is required to maintain an investment in the capital stock of the Federal Home Loan Bank (FHLB). The investment is carried at cost, classified as a restricted security, and periodically evaluated for impairment based on the ultimate recovery of par value. FHLB stock is included in accrued interest receivable and other assets on the balance sheets.

Income Taxes

Income tax expense is the total of the current year income tax due or refundable and the change in deferred tax assets and liabilities. Deferred tax assets and liabilities are recognized for the tax consequences of temporary differences between the reported amounts of assets and liabilities and their tax basis. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. A valuation allowance is recognized if, based on the weight of available evidence, management believes it is more likely than not that some portion or all of the deferred tax assets will not be recognized. Net deferred tax assets are included in accrued interest receivable and other assets on the balance sheets.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes (Continued)

The Bank uses a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return. A tax position is recognized as a benefit only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax benefit is recorded.

Derivative Instruments

The Bank uses interest rate swap agreements to modify interest rate characteristics of certain loans for asset and liability management purposes. These derivative instruments are recognized on the balance sheets at their estimated fair value. On the date the derivative contract is originated, the Bank designates the derivative as a hedge of fair value of a recognized asset or liability. Changes in the fair value of a derivative instrument that is highly effective and that is designated and qualifies as a fair value hedge, along with the loss or gain on the hedged asset or liability that is attributable to the hedged risk, are recorded in current period earnings.

The Bank formally documents all relationships between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedged transactions. This process includes linking all derivatives that are designated as fair value hedges to specific assets and liabilities on the balance sheets. The Bank also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values of hedged items. When it is determined that a derivative is not highly effective as a hedge or that it has ceased to be a highly effective hedge, the Bank discontinues hedge accounting prospectively, as discussed below. The Bank discontinues hedge accounting prospectively when (1) it is determined that the derivative is no longer effective in offsetting changes in the fair value of a hedged item; (2) the derivative expires or is sold, terminated or exercised; or (3) management determines that designation of the derivative as a hedge instrument is no longer appropriate.

When hedge accounting is discontinued because it is determined that the derivative no longer qualifies as an effective fair value hedge, the derivative will continue to be carried on the balance sheets at its fair value, and the hedged asset or liability will no longer be adjusted for changes in fair value. In all other situations in which hedge accounting is discontinued, the derivative will be carried at its fair value on the balance sheets, with changes in its fair value recognized in current period earnings.

As of December 31, 2012 and 2011, the Bank had outstanding interest rate swap agreements with total notional amounts of approximately \$5,514,000 and \$5,880,000, respectively. During the year ended December 31, 2011, one hedged loan was repaid, and the related interest rate swap agreement was settled. Because of the nature of the terms of the agreements, there was no hedge ineffectiveness during either of the years. As of December 31, 2012 and 2011, the fair value of the derivative asset and liability relating to the interest rate swaps was \$1,109,000 and \$1,162,000, respectively. The derivative asset and liability are recorded in loans and accrued interest payable and other liabilities on the balance sheets. The Bank recognized a net payment of approximately \$290,000 and \$312,000 for the years ended December 31, 2012 and 2011, respectively, which represents the net monthly settlement of the fair value hedges and is included in interest and fees on loans on the statements of operations.

Reclassifications

Certain reclassifications have been made to prior year balances to conform to classifications used in 2012. Reclassifications had no impact on prior year net income or shareholders' equity.

New Financial Accounting Standards

In June 2011, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update (ASU) 2011-05, *Presentation of Comprehensive Income*. The amendments in this ASU increase the prominence of items reported in other comprehensive income (OCI). The ASU requires that all non-owner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. The adoption of this amendment changed the presentation of the components of comprehensive income for the Bank, which was previously included as part of the statements of changes in shareholders' equity. The Bank adopted this ASU for the year ended December 31, 2012 and elected the single continuous statement presentation.

In May 2011, the FASB issued ASU 2011-04 *Fair Value Measurement*. The amendments in this ASU result in common fair value measurement and disclosure requirements in U.S. Generally Accepted Accounting Principles and International Financial Reporting Standards. The ASU requires expanded disclosures including descriptions of unobservable inputs utilized determining certain fair values. The Bank adopted this ASU for the year ended December 31, 2012. The effect of adopting this standard did not have a material effect on the Bank's operating results or financial condition.

Net unrealized gains on available-for-sale investment securities totaling \$178,000 were recorded, net of \$67,000 in tax liabilities, as accumulated other comprehensive income within shareholders' equity as of December 31, 2012. Proceeds from securities that matured or were called were \$17,022,000 for the year ended December 31, 2012. There were no sales or transfers of available-for-sale investment securities during the year ended December 31, 2012.

Net unrealized gains on available-for-sale investment securities totaling \$188,000 were recorded, net of \$71,000 in tax liabilities, as accumulated other comprehensive income within shareholders' equity as of December 31, 2011. Proceeds from securities that matured or were called were \$3,870,000 for the year ended December 31, 2011. There were no sales or transfers of available-for-sale investment securities during the year ended December 31, 2011.

As of December 31, 2012, the Bank held one U.S. Government sponsored agency security with a fair value of \$804,000 and an unrealized loss of \$2,000. This security was in a loss position for less than twelve months. Management believes that the unrealized loss on this security was caused by interest rate fluctuations and was not attributable to changes in credit quality. Because the Bank does not intend to sell and it is likely that the Bank will not be required to sell the security before recovery of fair value, which may be maturity, management does not consider this security to be other-than-temporarily impaired as of December 31, 2012.

The amortized cost and estimated fair value of available-for-sale investment securities as of December 31, 2012 by final contractual maturity are reflected below (in thousands). Expected maturities will differ from contractual maturities because of principal reductions on mortgage-backed securities and because the issuers of some securities have the right to call the obligations.

	Amortized Cost	Estimated Fair Value
Within one year	\$ 116	\$ 118
After one year through five years	4,374	4,435
After five years through ten years	5,020	5,088
After ten years	6,524	6,571

Table of Contents**VISALIA COMMUNITY BANK****NOTES TO FINANCIAL STATEMENTS (Continued)****December 31, 2012 and 2011****NOTE 3 LOANS (Continued)**Troubled Debt Restructurings

The Bank has allocated \$38,000 and \$23,000 of specific reserves to loans with terms that have been modified in troubled debt restructurings as of December 31, 2012 and 2011, respectively. The Bank has not committed to lend any additional amounts to customers with outstanding loans that are classified as troubled debt restructurings.

During the years ended December 31, 2012 and 2011, the terms of certain loans were modified as troubled debt restructurings. The modification of the terms of such loans included one or a combination of the following: a deferral of principal payments, a reduction of the stated interest rate of the loan below the current market rate for new debt with similar risk or an extension of the maturity date. Modifications were for periods ranging from one to five years.

The following table presents loans by class modified as troubled debt restructurings during the year ended December 31, 2012 and 2011 (dollars in thousands):

	Number of Loans	Pre- Modification Outstanding Recorded Investment	Post- Modification Outstanding Recorded Investment
2012			
Commercial and agriculture	1	\$ 275	\$ 275
2011			
Commercial and agriculture	1	\$ 20	\$ 20
Real estate-commercial	2	849	849
Real estate-residential	1	57	57
Real estate-construction	4	3,227	3,227
	8	\$ 4,153	\$ 4,153

A loan is considered to be in payment default once it is 90 days contractually past due under the modified terms. During the years ended December 31, 2012 and 2011, there were no troubled debt restructurings for which there was a payment default within twelve months following the modification.

The terms of certain other loans were modified during the years ended December 31, 2012 and 2011 that did not meet the definition of a troubled debt restructuring. The modification of these loans involved either a modification of the terms of a loan to borrowers who were not experiencing financial difficulties or a delay in a payment ranging from one to six months that was considered to be insignificant.

In order to determine whether a borrower is experiencing financial difficulty, an evaluation is performed of the probability that the borrower will be in payment default on any of its debt in the foreseeable future without the modification. This evaluation is performed under the Bank's internal underwriting policy.

The Bank files income tax returns in the United States and California jurisdictions. With few exceptions, the Bank is no longer subject to Federal and state income tax examinations by tax authorities for years before 2009 and 2008, respectively. The Bank has a California net operating loss carryforward of \$2,114,000, which will expire in 2029.

The provision for income taxes differs from amounts computed by applying the statutory Federal income tax rates to operating income before income taxes. The significant items comprising these differences for the years ended December 31, 2012, 2011 and 2010 consist of the following (dollars in thousands):

	Amount	Rate %	Amount	Rate %

Banks are required to maintain reserves with the Federal Reserve Bank equal to a percentage of their reservable deposits less a portion of reported vault cash. The reserve requirement as of December 31, 2012 and 2011 totaled \$25,000.

Table of Contents**VISALIA COMMUNITY BANK****NOTES TO FINANCIAL STATEMENTS (Continued)****December 31, 2012 and 2011****NOTE 9 COMMITMENTS AND CONTINGENCIES (Continued)**Financial Instruments With Off-Balance-Sheet Risk

The Bank is a party to financial instruments with off-balance-sheet risk in the normal course of business in order to meet the financing needs of its customers and to reduce its own exposure to fluctuations in interest rates. These financial instruments consist of commitments to extend credit and standby letters of credit. These instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the balance sheets.

The Bank's exposure to credit loss in the event of nonperformance by the other party for commitments to extend credit and standby letters of credit is represented by the contractual amount of those instruments. The Bank uses the same credit policies in making commitments and standby letters of credit as it does for loans included on the balance sheets.

The following financial instruments represent off-balance-sheet credit risk at December 31, 2012 and 2011 (in thousands):

	2012	2011
Commitments to extend credit	\$ 22,577	\$ 25,095
Standby letters of credit	17	55

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since some of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Bank evaluates each customer's creditworthiness on a case-by-case basis. The amount of collateral obtained, if deemed necessary by the Bank upon extension of the credit, is based on management's credit evaluation of the borrower. Collateral held relating to these commitments varies, but may include securities, equipment, inventory, and real estate.

Standby letters of credit are conditional commitments issued by the Bank to guarantee the performance of a customer to a third party. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loans to customers. The fair value of the liability related to these standby letters of credit, which represents the fees received for issuing the guarantees, was not significant as of December 31, 2012 and 2011. The Bank recognizes these fees as revenue over the term of the commitment or when the commitment is used.

As of December 31, 2012, commercial loan commitments represent approximately 52% of total commitments and are generally secured by collateral other than real estate or are unsecured. Real estate loan commitments represent 39% of total commitments. Consumer loan commitments represent the remaining 9% of total commitments and are generally unsecured. In addition, the majority of the Bank's commitments have variable interest rates. As of December 31, 2011, commercial, real estate, and consumer loan commitments represented approximately 55%, 37% and 8% of total commitments, respectively.

NOTE 9 COMMITMENTS AND CONTINGENCIES (Continued)

Concentrations of Credit Risk

The Bank's customers are located primarily within Tulare and Kings Counties. Although the Bank has a diversified loan portfolio, a significant portion of its customers' ability to repay loans is dependent upon the real estate market and various economic factors within the Bank's service area. Real estate loans represented approximately 77% of the Bank's loan portfolio at December 31, 2012 and 2011. The Bank's loan policy requires sufficient collateral, which consists primarily of real estate, be obtained as necessary to meet the Bank's relative risk criteria for each borrower.

A substantial decline in the performance of the economy in general, or a continued decline in real estate values in the Bank's primary market area in particular, could have an adverse impact on collectibility, increase the level of real estate related nonperforming loans, or have other adverse effects which alone or in the aggregate could have a material adverse effect on the financial condition of the Bank.

Contingencies

The Bank is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to such actions will not materially affect the financial position or results of operations of the Bank.

NOTE 10 SHAREHOLDERS' EQUITY

Regulatory Capital

The Bank is subject to certain regulatory capital requirements administered by the FDIC. Failure to meet these minimum capital requirements can initiate certain mandatory, and possibly additional discretionary, actions by regulators that, if undertaken, could have a direct material effect on the Bank's financial statements.

Under capital adequacy guidelines, the Bank must meet specific capital guidelines that involve quantitative measures of its assets, liabilities and certain off-balance-sheet items as calculated under regulatory accounting practices. These quantitative measures are established by regulation and require that minimum amounts and ratios of total and Tier 1 capital to risk-weighted assets and of Tier 1 capital to average assets (leverage ratio) be maintained. Capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors

The Bank is also subject to additional capital guidelines under the regulatory framework for Prompt Corrective Action ("PCA"). To be categorized as well capitalized, the Bank must maintain minimum total risk-based, Tier 1 risk-based and Tier 1 leverage ratios as set forth in the table below. As of December 31, 2012 and 2011, the most recent regulatory notifications categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. There are no conditions or events since that notification that management believes have changed the institution's category.

Preferred Stock

During 2009, the Board of Directors authorized 200,000 shares of non-cumulative, non-voting, convertible and redeemable Series B preferred stock with an 8% interest rate and obtained a permit from the Department of Financial Institutions dated December 21, 2009 to offer the preferred stock to accredited investors in a private placement in order to augment the capital of the Bank. A certificate of determination authorizing the preferred stock and fixing the rights, privileges and restrictions of the preferred stock was filed with the California Secretary of State on December 29, 2009. Under the permit, up to 75,000 shares of the preferred stock could be offered and sold at a price of \$37.50 per share. Payment of interest at 8% per year is subject to regulatory imposed dividend restrictions in addition to the non-cumulative limitation of the preferred stock. During the year ended December 31, 2010, the Bank conducted a private offering of these preferred shares and raised \$1,613,000 net of stock issuance costs of \$63,000. As of December 31, 2012 and 2011, there were 44,687 Series B preferred shares issued and outstanding as a result of the offering.

Upon declaration by the Board of Directors, all shareholders of record will be entitled to receive dividends. The California Financial Code restricts the total dividend payment of any bank in any calendar year to the lesser of (1) the bank's retained earnings or (2) the bank's net income for its last three fiscal years, less distributions made to shareholders during the same three-year period. However, in accordance with an informal agreement between the Bank and its regulators, the Bank is prohibited from paying cash dividends during the life of the agreement without prior written consent from its regulators. Cash dividends to preferred shareholders totaled \$134,000 during each of the years ended December 31, 2012 and 2011. No cash dividends were paid to common shareholders during 2012 and 2011.

Common Stock Repurchase Program

On February 15, 2007, the Board of Directors of the Bank authorized a stock repurchase program which called for the repurchase of up to 10,000 shares of the Bank's outstanding common stock at a fixed price of \$40 per share. No shares were repurchased during the years ended December 31, 2012 and 2011.

Generally, all employees are eligible to participate in the plan. Bank contributions, as determined by the Board of Directors, are discretionary. Matching contributions by the Bank totaled approximately \$55,000 and \$60,000 for the years ended December 31, 2012 and 2011, respectively.

The executives and directors will receive lifetime benefits upon retirement, with their beneficiaries receiving designated proceeds from split-dollar life insurance policies at their death. The estimated present value of these future benefits is accrued from the effective date of the program until their expected retirement dates. As of December 31, 2012 and 2011, a liability has been accrued in the amount of \$1,999,000 and \$1,733,000, respectively, and is included in accrued interest payable and other liabilities on the balance sheets. Endorsement Split Dollar Benefit Accrual

In connection with the split dollar life insurance agreements associated with the Deferred Fee, Salary Continuation and Retirement Programs, the Bank has effectively agreed to maintain life insurance policies during the related postretirement periods. As of December 31, 2012 and 2011, a liability has been accrued in the amount of \$392,000 and \$349,000, respectively, representing the actuarial present value of the costs to maintain the life insurance during the postretirement periods. The Bank recorded expense of \$43,000 and \$46,000 during the years ended December 31, 2012 and 2011, respectively, in relation to the agreements.

NOTE 14 FAIR VALUE MEASUREMENTS (Continued)

These estimates do not reflect any premium or discount that could result from offering the Bank's entire holdings of a particular financial instrument for sale at one time, nor do they attempt to estimate the value of anticipated future business related to the instruments. In addition, the tax ramifications related to the realization of unrealized gains and losses can have a significant effect on fair value estimates and have not been considered in any of these estimates.

The following methods and assumptions were used to estimate the fair value of financial instruments. For cash and cash equivalents, variable-rate loans, accrued interest receivable and payable, demand deposits and interest rate swaps, the carrying amount is estimated to be fair value. Fair values for time deposits in other banks are estimated using discounted cash flow analyses using interest rates offered at each reporting date for time deposits with similar remaining maturities. For investment securities, fair values are based on quoted market prices, quoted market prices for similar securities and indications of value provided by brokers. The fair values for fixed-rate loans are estimated using discounted cash flow analyses, using interest rates being offered at each reporting date for loans with similar terms to borrowers of comparable creditworthiness. Fair values for fixed-rate certificates of deposit are estimated using discounted cash flow analyses using interest rates offered at each reporting date by the Bank for certificates with similar remaining maturities. The fair values of FHLB advances are estimated using discounted cash flow analyses, using interest rates being offered at each reporting date for instruments with similar terms. It was not practicable to determine the fair value of FHLB stock due to restrictions placed on its transferability. The fair values of commitments are estimated using the fees currently charged to enter into similar agreements and are not significant and, therefore, not included in the above table.

Fair Value Hierarchy

The Bank groups its assets and liabilities measured at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. Valuations within these levels are based upon:

Level 1 Quoted market prices for identical instruments traded in active exchange markets.

Level 2 Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable or can be corroborated by observable market data.

Level 3 Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect the Bank's estimates of assumptions that market participants would use on pricing the asset or liability. Valuation techniques include management judgment and estimation which may be significant.

Management monitors the availability of observable market data to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets, total liabilities or total earnings.

Fair values for Level 2 derivative instruments are based on model-based valuation techniques for which significant assumptions are observable or can be corroborated by observable market data.

There were no transfers in or out of Levels 1 and 2 during the years ended December 31, 2012 and 2011.

Non-recurring Basis

The Bank may be required, from time to time, to measure the following assets at fair value on a non-recurring basis.

	Fair Value	Level 1	Level 2	Level 3	Total Losses
<i>2012</i>					
Impaired loans:					
Real estate commercial	\$ 1,093	\$	\$	\$ 1,093	\$ 295

	\$ 3,563	\$	\$	\$ 3,563	\$ 618

Impaired Loans

Impaired loans carried at fair value consist of collateral dependent impaired loans with a partial charge-off of principal recognized during the year or a valuation allowance determined based on the fair value of the collateral. The fair value of collateral is based on recent third party appraisals. These appraisals utilize a market, income, or cost approach or some combination of the three and typically contain unobservable market data. Therefore, such appraisals are classified as Level 3 in the fair value hierarchy. Unobservable market data contained in appraisals often includes adjustments to comparable property sales for such items as location, condition, size and quality.

Table of Contents**VISALIA COMMUNITY BANK****NOTES TO FINANCIAL STATEMENTS (Continued)****December 31, 2012 and 2011****NOTE 14 FAIR VALUE MEASUREMENTS (Continued)**Other Real Estate

The fair value of other real estate is estimated based on recent third party appraisals. Appraisals conducted on other real estate utilize a market, income, or cost approach or some combination of the three and typically contain unobservable market data. Therefore, such appraisals are classified as Level 3 in the fair value hierarchy. Unobservable market data contained in appraisals often includes adjustments to comparable property sales for such items as location, condition, size and quality. When a new appraisal indicates a decline in fair value from the property's original cost basis, a valuation allowance is established to reduce the carrying value to fair value less estimated costs to sell.

Appraisals for both collateral dependent impaired loans and other real estate are performed by certified appraisers whose qualifications and licenses have been reviewed and verified by the Bank. Once received, a member of management reviews the assumptions and approaches utilized in the appraisal as well as the overall resulting fair value in comparison with independent data sources such as recent market data or industry-wide statistics. The Bank periodically compares the actual selling price of collateral that has been sold to the most recent appraised value to determine what additional adjustment should be made to the appraisal value to arrive at fair value. The most recent analysis performed indicated that no discount should be applied to properties with appraisals performed within 12 months of the balance sheet date. Management generally updates appraisals on an annual basis.

The following table presents quantitative information about Level 3 fair value measurements for financial instruments measured at fair value on a non-recurring basis as of December 31, 2012:

	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
Impaired loans:			Adjustments for differences between the property and comparable sales	
Real estate commercial	\$ 1,093	Sales comparison approach		(15%) to 32%
		Income approach	Capitalization rate	9%
Other real estate	192	Sales comparison approach	Adjustments for differences between the property and comparable sales	(10)% to 35%

letter of intent, agreement in principle, merger agreement, asset purchase agreement or share exchange agreement, option agreement or other similar agreement related to any Acquisition Proposal or propose to do any of the foregoing, or (vi) make or authorize any statement, recommendation or solicitation in support of any Acquisition Proposal. For purposes of this Agreement, the term "**Acquisition Proposal**" means any inquiry, proposal or offer, filing of any regulatory application or notice (whether in draft or final form) or disclosure of an intention to do any of the foregoing from any Person relating to any (x) direct or indirect acquisition or purchase of any material assets or deposits (as applicable) of VCBank, (y) direct or indirect acquisition or purchase of more than 5% of any class of Equity Securities of VCBank, or (z) merger, consolidation, business combination, recapitalization, tender offer, stock purchase, liquidation, dissolution or similar transaction involving VCBank, other than the transactions contemplated by this Agreement. VCBank agrees that any violation of this Section 5.8 by any Representative of VCBank with the knowledge of VCBank shall be deemed a breach of this Section 5.8 by VCBank. VCBank acknowledges that this Section 5.8 is a significant inducement for CVCY and Central Valley Community Bank to enter into this Agreement and the absence of such provision would have resulted in either (i) a material reduction in the consideration to be paid to shareholders of VCBank in the Merger, or (ii) a failure to induce CVCY and Central Valley Community Bank to enter into this Agreement.

(c) VCBank agrees that it will promptly (and, in any event, within 24 hours) notify CVCY and Central Valley Community Bank if any inquiries, proposals or offers with respect to an Acquisition Proposal are received by, any such information is requested from, or any such discussions or negotiations are sought to be initiated or continued with, VCBank or any of their respective Representatives indicating, in connection with such notice, the name of such Person and the material terms and conditions of any proposals or offers (including, if applicable, copies of any written requests, proposals or offers, including proposed agreements) and thereafter shall keep CVCY and Central Valley Community Bank informed, on a current basis, of the status and terms of any such proposals or offers (including any amendments thereto) and the status of any such discussions or negotiations, including any change in VCBank' intentions as previously notified.

(d) Notwithstanding the foregoing, in the event VCBank receives an unsolicited bona fide Acquisition Proposal and VCBank's Board of Directors concludes in good faith that such Acquisition Proposal constitutes or is reasonably likely to result in a Superior Proposal (as defined below), VCBank may take any action described in this Section 5.7(d) to the extent that the Board of Directors of VCBank concludes in good faith (after receipt of advice from its legal counsel) that failure to take such actions would more likely than not result in a violation of its fiduciary duties under applicable law. Prior to providing any nonpublic information permitted to be provided pursuant to this Section 5.7(d), VCBank shall have entered into a confidentiality agreement with such third party on terms no less favorable to VCBank than the Confidentiality Agreement. VCBank will promptly advise CVCY following receipt of any Acquisition Proposal of the substance thereof (including the identity of the person making such Acquisition Proposal), and will keep CVCY and Central Valley Community Bank apprised of any related developments, discussions and negotiations (including the terms and conditions of the Acquisition Proposal) on a current basis. "**Superior Proposal**" means any bona fide written Acquisition Proposal which the Board of Directors of VCBank concludes in good faith to be more favorable from a financial point of view to its shareholders than the Merger and the other transactions contemplated by this Agreement, (i) after receiving the advice of its financial advisor (who shall be a regionally recognized investment banking firm), (ii) after taking into account the likelihood of consummation of such transaction on the terms set forth therein (as compared to, and with due regard for, the terms herein) and (iii) after taking into account all legal (after receipt of advice from its legal counsel), financial (including the financing terms of any such proposal), regulatory and other aspects of such proposal and any other relevant factors permitted under applicable Laws.

As promptly as practicable, but in no event more than three (3) Business Days, after the Registration Statement is declared effective by the SEC pursuant to the Securities Act or after the receipt of a California Permit, VCBank shall (1) submit this Agreement and the transactions contemplated hereby (including the Merger) for approval by holders of VCBank Common Stock at a special meeting to be called and held in accordance with applicable laws (the "**VCBank Common Shareholder Meeting**") within 15 days and (2) submit this Agreement, the transactions contemplated hereby (including the Merger), the Series B Amendment and a proposal to convert the VCBank Preferred Stock to VCBank Common Stock at the price of \$37.50 per share for approval by holders of a majority of the outstanding shares of VCBank Series B Preferred Stock (the "**Requisite Preferred Shareholder Approval**") at a special meeting to be called and held in accordance with applicable laws (the "**VCBank Preferred Shareholder Meeting**"). VCBank shall cause the VCBank Common Shareholder Meeting and the VCB Preferred Shareholder Meeting to take place as promptly as reasonably practicable. In connection with its call of such shareholder meetings, VCBank shall cause its proxy materials to set forth each of their respective directors' commitment to vote the stock for which he or she has voting authority in favor of the transactions contemplated hereby, to include the recommendation of the VCBank Board that the VCBank shareholders approve this Agreement, the Merger and the transactions contemplated herein, and that the holders of VCBank Series B Preferred approve the Series B Amendment, and to be mailed to the respective VCBank shareholders (the proxy materials, together with any amendments or supplements thereto, being herein referred to as the "**Proxy Statement**") as soon as practicable following the date hereof. After the execution of this Agreement, VCBank shall promptly prepare its Proxy Statements, which shall be subject to CVCY and Central Valley Community Bank's review and approval prior to delivery to holders of VCBank capital stock. The VCBank Board shall at all times prior to and during the VCBank Common Shareholder Meeting and the VCBank Preferred Shareholder Meeting, any adjournments and until the Requisite Common Shareholder Approval and the Requisite Preferred Shareholder Approval are obtained, recommend that the transactions contemplated hereby be adopted and approved and use its commercially reasonable efforts to obtain the Requisite Common Shareholder Approval and the Requisite Preferred Shareholder Approval. To the extent VCBank's shareholders include any Benefit Plan or trust maintained in connection therewith, the VCBank Board shall cause the administrator or other applicable fiduciary for such Benefit Plan to adopt or maintain procedures for the voting of the VCBank capital stock held by the Benefit Plan or its trust which are consistent with applicable fiduciary responsibilities and otherwise reasonably satisfactory to CVCY and Central Valley Community Bank. Except with the prior approval of CVCY and Central Valley Community Bank, neither VCBank nor any member of the VCBank Board shall, at the VCBank Common Shareholder Meeting or the VCBank Preferred Shareholder Meeting, submit any other matters for approval of its shareholders.

5.9. Notice of Redemption VCBank Series B Preferred; Redemption. In the event that the Requisite Preferred Shareholder Approval has not been obtained by the date that is 30 days prior to the earliest date that VCBank may redeem the VCBank Preferred Stock in accordance with the VCBank Articles as in effect on the date of this Agreement, then, subject to the receipt of either the California Permit or the effectiveness of the Registration Statement, and in any event after the record date for determining holders of record of VCBank Common Stock entitled to vote with respect to the Requisite Common Stock Approval, VCBank shall notify holders of VCBank Series B Preferred Stock that all such shares shall be redeemed as of a date no later than the date preceding the Closing Date (the "**Mandatory Conversion Date**"), and providing a form of notice allowing such holders to convert such VCBank Series B Preferred Stock to VCBank Common Stock in accordance with the VCBank Articles. On the Mandatory Conversion Date, VCBank shall redeem all outstanding shares of VCBank Series B Preferred Stock in accordance with the VCBank Articles.

(including loan classifications and levels of reserves) so as to be applied on a basis that is consistent with that of CVCY and Central Valley Community Bank; provided, however, that no such modifications or changes need be made prior to the satisfaction of the condition set forth in Section 6.1(a); and further provided that in any event, no accrual or reserve made by VCBank pursuant to this Section 5.10 shall constitute or be deemed to be a breach or violation of any representation, warranty, covenant or agreement under this Agreement or otherwise be considered in determining whether any such breach or violation shall have occurred; and provided further, that no such modifications or changes will reduce VCBank's Closing Shareholders Equity except to the extent that they exceed in the aggregate the maximum amount of Transaction Expenses specified in the definition thereof. The recording of any such adjustments shall not be deemed to imply any misstatement of previously furnished financial statements or information and shall not be construed as concurrence of VCBank or its management with any such adjustments. VCBank shall tender notices of termination of any vendor agreement requested by Central Valley Community Bank.

5.11. Notification of Certain Matters. VCBank shall give prompt notice to CVCY and Central Valley Community Bank of any fact, event or circumstance known to it that (i) is reasonably likely, individually or taken together with all other facts, events and circumstances known to it, to result in any Material Adverse Effect with respect to VCBank, (ii) would cause or constitute a material breach of any of its representations, warranties, covenants or agreements contained herein, or (iii) lead to litigation or regulatory action that would delay or prevent the consummation of the transactions contemplated by this Agreement.

5.12. Estoppel Letters and Consents. VCBank shall use its commercially reasonable efforts to obtain and deliver to Central Valley Community Bank at the Closing the waiver, approval and/or consents to assignment for all Material Contracts so identified as requiring consent on the Disclosure Schedule of VCBank (the "**Consents**"). Any fees and charges or other consideration, however designated, that are payable in connection with any Consent or estoppel letter shall be promptly paid by, and shall be the sole responsibility of VCBank. Where required by law or by agreements with third parties, VCBank shall use commercially reasonable efforts to obtain from third parties, prior to the Closing Date, all other consents to the transactions contemplated by this Agreement, where failure to obtain such consents would or would reasonably be expected to have a Material Adverse Effect on VCBank, CVCY or Central Valley Community Bank or that will or would reasonably be expected to prevent CVCY and Central Valley Community Bank from realizing any substantial portion of the economic benefits of the transactions contemplated by this Agreement.

5.13. Antitakeover Statutes. Each of CVCY, Central Valley Community Bank and VCBank and their respective boards of directors shall, if any state antitakeover statute or similar statute becomes applicable to this Agreement and the transactions contemplated hereby, take all action reasonably necessary to ensure that the transactions contemplated hereby may be consummated as promptly as practicable on the terms contemplated hereby and otherwise to minimize the effect of such statute or regulation on this Agreement and the transactions contemplated hereby.

5.14. Notice to VCBank Customers. On and after the receipt of all regulatory approvals required to consummate the transactions contemplated hereby, VCBank shall permit Central Valley Community Bank to provide one or more written notices (which may be joint notices from VCBank and Central Valley Community Bank) to customers of VCBank to describe the proposed transactions, the effect on customers and planned transition procedures. VCBank shall have the right to review and approve the substance of any such communications, provided that VCBank shall not unreasonably withhold, delay or condition its approval.

Such Reports of Condition and Income shall be prepared in accordance with applicable Federal Financial Institutions Examination Council instructions.

(b) VCBank shall deliver to CVCY copies of all annual management letters and opinions, and shall make available to CVCY for inspection all reviews, correspondence and other documents in the files of VCBank, prepared by Crowe Horwath LLP or any other certified public accountant engaged by VCBank and delivered to VCBank or any of its subsidiaries since January 1, 2010.

(c) To confirm satisfaction of the condition in Section 6.3(j) and for purposes of assisting CVCY in the calculation of the Aggregate Merger Consideration, at least five Business Days before the Closing Date, VCBank shall provide to CVCY and Central Valley Community Bank (i) VCBank's financial statements as of the date that the Closing Shareholders' Equity is measured and (ii) a certificate of its chief financial officer as to the accuracy of such financial statements and confirming that VCBank is not aware that such financial statements required any material modifications in order to comply with GAAP, including regulatory guidelines and requirements with respect to loan classifications, appraisals and the adequacy of the allowance for loan losses. CVCY and Central Valley Community Bank shall be permitted reasonable review and inquiry with respect to all elements of the financial statements and the supporting certificate.

5.16. CVCY Financial Statements.

(a) CVCY shall deliver or make available to VCBank at or prior to the Effective Date true and correct copies of (w) all financial statements provided to CVCY shareholders and/or provided to its directors on or after the date hereof and through the Effective Date. 5.17. Indemnification; Directors and Officers Insurance.

(a) From and after the Effective Time, Central Valley Community Bank shall indemnify and hold harmless, to the fullest extent permitted under applicable law (and shall also advance expenses as incurred to the fullest extent permitted under applicable law and the VCBank Articles and VCBank Bylaws), each present and former director and officer of VCBank (in each case, when acting in such capacity), determined as of the Effective Time (collectively, the "**Indemnified Parties**") against any costs or expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages or liabilities incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of matters existing or occurring at or prior to the Effective Time, including the transactions contemplated by this Agreement; *provided* that the

(b) Any Indemnified Party wishing to claim indemnification under Section 5.17(a), upon learning of any claim, action, suit, proceeding or investigation described above, will promptly notify CVCY and Central Valley Community Bank; *provided* that failure to so notify will not affect the obligations of Central Valley Community Bank under Section 5.18(a) unless and to the extent that Central Valley Community Bank is actually and materially prejudiced as a consequence.

(c) The rights of each Indemnified Party under this Section 8.17 shall be in addition to any rights such individual may have under the VCBank Articles and VCBank Bylaws or any other applicable laws or under any agreement of any Indemnified Party with VCBank. (d) CVCY shall use its commercially reasonable efforts (and VCBank shall cooperate prior to the Effective Time in these efforts) to maintain in effect for a period of six (6) years after the Effective Time VCBank's existing directors' and officers' liability insurance policy (provided that CVCY may substitute therefor (i) policies of at least the same coverage and amounts containing terms and conditions which are substantially no less advantageous or (ii) with the consent of VCBank given prior to the Effective Time, any other policy) with respect to claims arising from facts or events which occurred prior to the Effective Time and covering persons who are currently covered by such insurance; provided that CVCY shall not be obligated to make aggregate annual premium payments for such six (6)-year period in respect of such policy (or coverage replacing such policy) which exceed, for the portion related to VCBank's directors and officers, 250% of the annual premium payments on VCBank's current policy in effect as of the date of this Agreement (the "**Maximum Amount**"). If the amount of the premiums necessary to maintain or procure such insurance coverage exceeds the Maximum Amount, CVCY shall use its commercially reasonable efforts to maintain the most advantageous policies of directors' and officers' liability insurance obtainable for a premium equal to the Maximum Amount. In lieu of the foregoing, CVCY, or VCBank with the prior written consent of CVCY (not to be unreasonably withheld) (in the case of the VCBank, with an aggregate cost not to exceed \$100,000), may obtain on or prior to the Effective Time, a six (6)-year "tail" prepaid policy providing equivalent coverage to that described in this Section 8.17(d).

(e) The provisions of this Section 8.17 are intended to be for the benefit of, and shall be enforceable by, each Indemnified Party as if he or she was a party to this Agreement.

(a) **Mutual Consent.** By the mutual consent in writing of CVCY, Central Valley Community Bank and VCBank.

(b) **Breach.**

(i) By VCBank, if VCBank is not in material breach of any of the terms of this Agreement, in the event of a material breach by CVCY or Central Valley Community Bank of any representation, warranty, covenant or agreement contained herein, which breach, individually or together with all such other then uncured breaches by VCBank (i) cannot be or has not been cured within the sooner to occur of: (A) September 30, 2013 or (B) thirty (30) Business Days after the giving of written notice to the breaching party or parties of such breach, and (ii) would entitle VCBank not to consummate the transactions contemplated hereby under Section 6.2(a) or (b).

(ii) By CVCY and Central Valley Community Bank, if none of CVCY or Central Valley Community Bank is in material breach of any of the terms of this Agreement, in the event of a material breach by VCBank of any representation, warranty, covenant or agreement contained herein, which breach, individually or together with all such other then uncured breaches by CVCY or Central Valley Community Bank (A) cannot be or has not been cured within the sooner to occur of: (1) September 30, 2013 or (2) thirty (30) Business Days after the giving of written notice to the breaching party or parties of such breach, and (B) would entitle CVCY and Central Valley Community Bank not to consummate the transactions contemplated hereby under 6.3(a) or (b).

(c) **Delay.** By CVCY and Central Valley Community Bank, on the one hand, or VCBank, on the other hand, in the event that the transactions contemplated hereby is not consummated by September 30, 2013, except to the extent that the failure of the transactions contemplated hereby then to be consummated by such date shall be due to the failure of the party or parties seeking to terminate pursuant to this Section 7.1(c) to perform or observe the covenants and agreements of such party or parties set forth in this Agreement.

(d) **No Regulatory Approval.** By CVCY and Central Valley Community Bank, on the one hand, or VCBank, on the other hand, in the event the approval of any Governmental Authority required for consummation of the transactions contemplated hereby shall have been denied by final nonappealable action of such Governmental Authority or an application therefor shall have been permanently withdrawn at the request of a Governmental Authority, or by CVCY and Central Valley Community Bank in the event the approval of any Governmental Authority required for consummation of the transactions contemplated hereby will not be granted without the imposition of a Burdensome Condition; *provided, however*, that no party or parties shall have the right to terminate this Agreement pursuant to this Section 7.1(d) if such denial shall be due to the failure of the party or parties seeking to terminate this Agreement to perform or observe the covenants of such party or parties set forth herein.

(e) **Breach of No Solicitation or Negotiation.** By CVCY and Central Valley Community Bank, if VCBank shall have breached the covenants contained in Section 5.8 above.

(f) **Change of Recommendation.** By CVCY and Central Valley Community Bank if the VCBank Board shall have (i) altered or modified its favorable recommendation of this Agreement to VCBank shareholders in a manner adverse to CVCY or Central Valley Community Bank, (ii) recommended, endorsed, accepted or agreed to an Acquisition Proposal, or (iii) resolved to do any of the foregoing;

provided, however, that nothing in this Section 7.1(f) shall affect the obligations of VCBank under Sections 5.8 and 5.9 above.

(g) **Shareholders Equity.** By CVCY and Central Valley Community Bank, if VCBank's Closing Shareholders Equity is or is reasonably expected to be less than \$18,500,000.

(h) **Trading Collar.**

(i) By VCBank, upon its written notice to CVCY within the two (2) business days following the Determination Date (as defined below), in the event of all of the following:

(A) CVCY does not have the right to terminate this Agreement pursuant to Sections 7.1(b)(ii), 7.1(e) or 7.1(f) of this Agreement, or CVCY has the right to terminate this Agreement pursuant to Sections 7.1(b)(ii), 7.1(e) or 7.1(f) of this Agreement and does not exercise such right;

(B) The CVCY Determination Price (as defined below) on the Determination Date is less than eighty-five percent (85%) of the Assigned CVCY Common Share Price (the "**Lower Collar Price**") and the difference between the CVCY Determination Price and the Lower Collar Price, the "**Lower Determination Price Difference**"; and

(C) (1) the number obtained by dividing the CVCY Determination Price by the Assigned CVCY Common Share Price (the "**CVCY Change Ratio**") is less than eighty-five percent (85%) of (2) the Index Change Ratio (as defined below).

(ii) If VCBank elects to exercise its termination right pursuant to Section 7.1(h)(i), it shall give written notice to CVCY within two (2) Business Days after the Determination Date, and such termination will be effective on the third Business Day after the giving of such notice (the "**VCBank Effective Termination Date**"); provided that within two (2) Business Days after CVCY's receipt of such notice, CVCY shall have the option to increase the Aggregate Merger Consideration by an amount equal to (A) the number of shares of CVCY Common Stock comprising the Aggregate Stock Consideration immediately preceding this adjustment, *multiplied by* (B) the lesser of (I) the Lower Determination Price Difference or (II) the amount by which the CVCY Determination Price is less than the amount that would yield a CVCY Change Ratio of eighty-five percent (85%) of the Index Change Ratio if such amount were the CVCY Determination Price. Such adjustment, if any, to the Aggregate Merger Consideration can be effected by an increase in the Aggregate Cash Consideration, the Aggregate Stock Consideration (with such additional shares of CVCY Common Stock valued at the CVCY Determination Price) or a combination of the Aggregate Cash Consideration and the Aggregate Stock Consideration, at CVCY's discretion; provided, however, that notwithstanding the foregoing, any such adjustment shall not result in an aggregate amount of cash that would prevent the Merger from qualifying as a reorganization within the meaning of Section 368(a) of the Code. If CVCY so elects, it shall timely give written notice to VCBank of such election and of the CVCY Increase, whereupon no termination shall be deemed to have occurred pursuant to Section 7.1(h)(i) and this Agreement shall remain in full force and effect in accordance with its terms (except that the Per Share Merger Consideration shall have been so modified).

(iii) By CVCY, upon its written notice to VCBank within the two (2) business days following the Determination Date, in the event of all of the following:

(A) VCBank does not have the right to terminate this Agreement pursuant to Section 7.1(b) of this Agreement, or VCBank has the right to terminate this Agreement pursuant to Section 7.1(b) of this Agreement and does not exercise such right;

(B) The CVCY Determination Price on the Determination Date is greater than one hundred fifteen percent (115%) of the Assigned CVCY Common Share Price (the "**Upper Collar Price**")

and the difference between the CVCY Determination Price and the Upper Collar Price, the "**Upper Determination Price Difference**"; and

(C) The CVCY Change Ratio is greater than one hundred fifteen percent (115%) of the Index Change Ratio.

(iv) If CVCY elects to exercise its termination right pursuant to this Section 7.1(h)(iii), it shall give written notice to VCBank within two (2) Business Days after the Determination Date, and such termination will be effective on the third Business Day after the giving of such notice (the "**VCBank Effective Termination Date**"); provided that within two (2) Business Days after VCBank's receipt of such notice, VCBank shall have the option to accept a decrease in the Aggregate Merger Consideration by an amount equal to (A) the number of shares of CVCY Common Stock comprising the Aggregate Stock Consideration immediately preceding the adjustment, *multiplied by* (B) the lesser of (I) the Upper Determination Price Difference or (II) the amount by which the CVCY Determination Price is greater than the amount that would yield a CVCY Change Ratio equal to one hundred fifteen percent (115%) of the Index Change Ratio if such amount were the CVCY Determination Price. Such adjustment, if any, to the Aggregate Merger Consideration can be effected by a decrease in the Aggregate Cash Consideration, the Aggregate Stock Consideration (with such decrease in shares of CVCY Common Stock valued at the CVCY Determination Price) or a combination of the Aggregate Cash Consideration and the Aggregate Stock Consideration, at CVCY's discretion; provided, however, that notwithstanding the foregoing, any such adjustment shall not result in an aggregate amount of cash that would prevent the Merger from qualifying as a reorganization within the meaning of Section 368(a) of the Code. If VCBank so elects, it shall timely give written notice to CVCY of such election and of the VCBank Decrease, whereupon no termination shall be deemed to have occurred pursuant to Section 7.1(h)(iii) and this Agreement shall remain in full force and effect in accordance with its terms (except that the Per Share Merger Consideration shall have been so modified).

(v) For purposes of Sections 7.1(h), the following terms have the meanings indicated below:

(A) "**Trading Day**" means a day that CVCY Common Stock is traded on the NASDAQ Capital Market as reported on the website of www.nasdaq.com.

(B) "**Determination Date**" shall mean the later of (a) the date that is ten (10) business days before the anticipated Closing Date and (b) the date immediately following the date of approval of the Merger by VCBank Shareholders.

(C) "**Daily Sales Price**" for any Trading Day means the daily volume weighted average sales price per share of CVCY Common Stock on the NASDAQ Capital Market.

(D) "**CVCY Determination Price**" shall mean the volume weighted average of the Daily Sales Prices of CVCY Common Stock on the twenty (20) consecutive Trading Days ending on and including the Determination Date.

(E) "**Final Index Price**" means the average of the daily closing amounts of the Index on the twenty (20) consecutive Trading Days ending on and including the Determination Date.

(F) "**Index**" means the NASDAQ Bank Index.

(G) "**Initial Index Price**" means the average of the daily closing amounts of the Index on the twenty (20) consecutive Trading Days ending on December 19, 2012.

(H) "**Index Change Ratio**" means the ratio determined by dividing the Final Index Price by the Initial Index Price.

Date, the prices for the CVCY Common Stock shall be appropriately adjusted for the purposes of applying Sections 7.1(h).

(vii) In the event that (a) CVCY shall enter into a definitive written agreement on or before the Effective Date relating to a merger, consolidation or any other business combination transaction pursuant to which the shareholders of CVCY immediately before such transaction shall not directly or indirectly own or control fifty-one percent (51%) or more of the capital stock of the surviving entity immediately after such transaction or (b) there is a public announcement on or before the Effective Time of a tender offer or other unsolicited attempt to directly or indirectly acquire fifty-one percent or more of the capital stock of CVCY or Central Valley Community Bank or to engage in a transaction described in subsection (a) immediately above, then this Section 7.1(h) shall immediately become null and void.

(i) **Superior Proposal.** By VCBank in the event that it enters into a written agreement to effect an Acquisition Event in connection with a Superior Proposal.

(j) **Notice of Termination.** In the event a party elects to effect any termination pursuant to Section 7.1(b) through 7.1(h) above, it shall give written notice to the other parties hereto specifying the basis for such termination.

7.2. Liabilities and Remedies; Liquidated Damages; Expense Reimbursement. In the event of a material breach by any party of any of its covenants or agreements contained herein, any other party shall be entitled, without terminating this Agreement, to specifically enforce the terms hereof against the breaching party. Each party acknowledges that there is not an adequate remedy at law to compensate the other party relating to the non-consummation of the Merger. To this end, each party, to the extent permitted by law, irrevocably waives any bond or any defense it might have based on the adequacy of a remedy at law which might be asserted as a bar to specific performance, injunctive relief or other equitable relief. Notwithstanding the foregoing, in the event that VCBank terminates this Agreement pursuant to Section 7.1(i), or in the event of any other Acquisition Event (as hereinafter defined) within twelve (12) month's of the termination of this Agreement, VCBank shall immediately pay Central Valley Community Bank the sum of \$1,000,000. As used herein, "**Acquisition Event**" shall mean VCBank's Board of Directors shall have approved or VCBank shall have authorized, recommended, publicly proposed or publicly announced an intention to authorize, recommend or propose, or shall have entered or announced an intention to enter into a letter of intent, an agreement-in-principle or a definitive agreement with any Person (other than CVCY or Central Valley Community Bank) to effect an Acquisition Transaction or failed to publicly oppose a tender offer or an exchange offer (as defined below). As used herein, the term "**Acquisition Transaction**" shall mean (i) a merger, consolidation or similar transaction involving VCBank, (ii) the disposition, by sale, lease, exchange, dissolution or liquidation, or otherwise, of all or substantially all of the assets of VCBank or a grant of an option entitling any Person to acquire more than 15% of the outstanding shares of stock of VCBank or all or substantially all of the assets material to the business of VCBank; or (iii) the issuance, other than pursuant to outstanding stock options, sale or other disposition by VCBank (including, without limitation, by way of merger, consolidation, share exchange or any similar transaction) of shares of VCBank Common Stock or other equity securities, or the grant of any option, warrant or other right to acquire shares of VCBank Common Stock or other equity securities, representing directly, or on an as-exercised, as-exchanged or as-converted basis (in the case of options, warrants, rights or exchangeable or convertible equity securities), 15% or more of the voting securities of VCBank.

8.3. Counterparts. 8.4. Governing Law. This Agreement shall be governed by, and interpreted in accordance with, the laws of the State of California applicable to contracts made and entirely to be performed within such state, without regard to any applicable conflicts of law principles that would require the application of the laws of any other jurisdiction.

8.5. Waiver of Jury Trial. Each party hereto acknowledges and agrees that any controversy that may arise under this Agreement is likely to involve complicated and difficult issues, and therefore each party hereby irrevocably and unconditionally waives any right such party may have to a trial by jury in respect of any litigation, directly or indirectly, arising out of, or relating to, this Agreement, or the transactions contemplated by this Agreement. Each party certifies and acknowledges that (a) no representative, agent or attorney of any other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce the foregoing waiver, (b) each party understands and has considered the implications of this waiver, (c) each party makes this waiver voluntarily and (d) each party has been induced to enter into this Agreement by, among other things, the mutual waivers and certifications in this Section 8.5.

8.6. Expenses. Except as otherwise provided for in Section 7.2, each party hereto will bear all expenses incurred by it in connection with this Agreement and the transactions contemplated hereby, including fees and expenses of its own financial consultants, accountants and counsel, provided that nothing contained herein shall limit either party's rights to recover any liabilities or damages arising out of the other party's fraud or willful breach of any provision of this Agreement.

This Agreement, the Voting Agreements, the Key Employee Agreements and the Noncompete Agreements and the Confidentiality Agreement represent the entire understanding of the parties hereto and thereto with reference to the transactions contemplated hereby, and this Agreement, the Voting Agreements, the Key Employee Agreements, the Directors Agreements and the Confidentiality Agreement supersede any and all other oral or written agreements heretofore made. Nothing in this Agreement, expressed or implied, is intended to confer upon any Person, other than the parties hereto, their respective successors, or, with respect to Section 5.16, the present and former directors and officers of VCBank, any rights, remedies, obligations or liabilities under or by reason of this Agreement.

8.9. Severability. If any provision of this Agreement or the application thereof to any person or circumstance is determined by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions, or the application of such provision to persons or circumstances other than those as to which it has been held invalid or unenforceable, will remain in full force and effect and will in no way be affected, impaired or invalidated thereby, so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party hereto. Upon such determination, the parties will negotiate in good faith in an effort to agree upon a suitable and equitable substitute provision to effect the original intent of the parties.

8.10. Enforcement of the Agreement. The parties hereto agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any court of the United States or any state having jurisdiction, this being in addition to any other remedy to which they are entitled at law or in equity. In the event attorneys' fees or other costs are incurred to secure performance of any of the obligations herein provided for, or to establish damages for the breach thereof, or to obtain any other appropriate relief, whether by way of prosecution or defense, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs incurred therein.

8.11. Waiver of Conditions. The conditions to each of the parties' obligations to consummate the Merger are for the sole benefit of such party and may be waived by such party in whole or in part to the extent permitted by applicable laws.

8.12. Interpretation. limitation." Whenever the words "as of the date hereof" are used in this Agreement, they shall be deemed to mean the day and year first above written.

8.13. Assignment. No party may assign either this Agreement or any of its rights, interests or obligations hereunder without the prior written approval of the other parties. Subject to the preceding sentence, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and permitted assigns.

8.14 Alternative Structure. Notwithstanding any provision of this Agreement to the contrary, (a) CVCY and Central Valley Community Bank may at any time modify the structure of the acquisition of VCBank set forth herein, including to provide for a merger of a newly formed subsidiary of CVCY with and into VCBank, followed by the merger of VCBank with and into CVCY as part of an integrated transaction, provided that the consideration to be paid to the holders of VCBank Common Stock is not thereby changed in kind or reduced in amount as a result of such modification, and (b) CVCY reserves the right to increase the portion of the Aggregate Merger Consideration represented by the Aggregate Stock Consideration (using the Assigned CVCY Common Stock Price to value any such increase) and decrease the Aggregate Cash Consideration in the same amount as the value of such increase in the Aggregate Stock Consideration if CVCY reasonably believes that it is necessary or appropriate to ensure that that the Merger would qualify as a reorganization within the meaning of Section 368(a) of the Code; provided, however, that, notwithstanding the foregoing, neither CVCY nor Central Valley Community Bank shall have any responsibility whatsoever for making any such determination. In the event CVCY and Central Valley Community Bank elect to make any such changes, the parties agree to execute appropriate documents to reflect the change.

ANNEX A

FORM OF VOTING AGREEMENT

THIS VOTING AGREEMENT ("Agreement") is made and entered into as of December 19, 2012, by and between the undersigned shareholder of Visalia Community Bank, a California banking corporation ("VCBank") and Central Valley Community Bancorp, a California corporation ("CVCY").

VCBank, CVCY and Central Valley Community Bank, a California banking corporation and wholly-owned subsidiary of CVCY (Central Valley Community Bank"), are, concurrently herewith or following the execution of this Agreement, entering into an Agreement and Plan of Reorganization and Merger, dated as of December 19, 2012 (the "Merger Agreement"). The Merger Agreement generally provides for the merger of VCBank into Central Valley Community Bank (the "Merger") and the conversion of the issued and outstanding shares of VCBank common stock (the "Common Stock") into a combination of shares of the common stock of CVCY and cash. The Merger is subject to, among other things, the affirmative vote of the holders of a majority of the outstanding shares of Common Stock, the receipt of certain regulatory approvals, and the satisfaction of other conditions. Capitalized terms used herein and not otherwise defined shall have the meanings assigned to such terms in the Merger Agreement.

The undersigned is a member of the Board of Directors of VCBank and/or a senior officer of VCBank and is the owner of the number of shares of Common Stock and, if any, of VCBank's Series B Preferred Stock ("Preferred Stock") as set forth on *Exhibit A* attached hereto (all such shares along with any shares of Common Stock received upon conversion of any Preferred Stock, and any shares of Common Stock or Preferred Stock acquired by the undersigned after the execution of this Agreement, the "Shares"). In order to induce CVCY and Central Valley Community Bank to enter into the Merger Agreement, the undersigned is entering into this Agreement with CVCY and Central Valley Community Bank to set forth certain terms and conditions governing the actions to be taken by the undersigned solely in his or her capacity as a shareholder of VCBank with respect to the Shares until consummation of the Merger.

NOW, THEREFORE, in consideration of the transactions contemplated by the Merger Agreement and the mutual promises and covenants contained herein, the parties agree as follows:

1. The undersigned represents and warrants that the undersigned owns beneficially all of the Shares free and clear of all Liens and except pursuant hereto, there are no options, warrants or other rights, agreements, arrangements or commitments of any character to which the undersigned is a party relating to the pledge, disposition or voting of any of the Shares and there are no voting trusts or voting agreements with respect to the Shares.
2. Without the prior written consent of CVCY, the undersigned shall not transfer, sell, assign, convey, or encumber (except for such encumbrances that are made with recourse) any of the Shares during the term of this Agreement except for transfers (i) by operation of law, by will, or pursuant to the laws of descent and distribution, or (ii) in which the transferee shall agree in writing to be bound by the provisions of paragraphs 1, 2, 3, and 4 of this Agreement as fully as the undersigned, or (iii) the conversion of Preferred Stock to Common Stock. Without limiting the generality of the foregoing, the undersigned shall not grant to any party any option or right to purchase the Shares or any interest therein.
3. At any meeting of shareholders of VCBank or at any adjournment thereof, in response to any consent solicitation, and in other circumstances upon which the vote, consent, or other approval of VCBank's shareholders is sought with respect to the Merger Agreement or the Merger, the undersigned will vote or consent with respect to (or cause to be voted or consented with respect to) all of the Shares over which the undersigned has voting authority (other than in a fiduciary capacity) in

favor of the Merger Agreement and the Merger. Upon the written request of CVCY at any time after CVCY's receipt of a California Permit or after the Registration Statement is declared effective by the SEC pursuant to the Securities Act, the undersigned shall deliver to CVCY a written shareholder consent with respect to the adoption of the Merger Agreement and approval of the Merger in substantially the form of *Exhibit B* attached hereto with respect to all Shares for which the undersigned has the power or authority to vote.

4. At any meeting of shareholders of VCBank or at any adjournment thereof, in response to any consent solicitation, and in other circumstances upon which the vote, consent, or other approval of VCBank's shareholders is sought, the undersigned will vote or consent with respect to (or cause to be voted or consented with respect to) all of the Shares over which the undersigned has voting authority (other than in a fiduciary capacity) against (i) any merger agreement, share exchange, or merger (other than the Merger Agreement and the Merger), consolidation, combination, sale of substantial assets, merger, recapitalization, dissolution, liquidation, or winding-up of or by VCBank or (ii) any amendment of VCBank's Articles of Incorporation or Bylaws or other proposal or transaction involving VCBank, which amendment or other proposal or transaction would in any manner impede, frustrate, prevent, or nullify the Merger, the Merger Agreement, or any of the other transactions contemplated thereby.

5. The undersigned hereby appoints CVCY and any designee of CVCY, and each of them individually, its proxies and attorneys-in-fact, with full power of substitution and resubstitution, to vote or act by written consent during the term of this Agreement with respect to the Shares in accordance with Section 3 and Section 4 above. This proxy and power of attorney is given to secure the performance of the duties of the undersigned under this Agreement. The undersigned shall take such further action or execute such other instruments as may be necessary to effectuate the intent of this proxy. This proxy and power of attorney granted by the undersigned shall be irrevocable during the term of this Agreement, shall be deemed to be coupled with an interest sufficient in law to support an irrevocable proxy and shall revoke any and all prior proxies granted by the undersigned with respect to the Shares. The power of attorney granted by the undersigned herein is a durable power of attorney and shall survive the dissolution, bankruptcy, death or incapacity of the undersigned. The proxy and power of attorney granted hereunder shall terminate upon the termination of this Agreement.

6. The undersigned acknowledges and agrees that CVCY could not be made whole by monetary damages in the event of any default by the undersigned of the terms and conditions set forth in this Agreement. It is accordingly agreed and understood that CVCY, in addition to any other remedy which it may have at law or in equity, shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and specifically to enforce the terms and provisions hereof in any action instituted in any state or federal court having appropriate jurisdiction located in California.

7. Any term or provision of this Agreement which is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions of this Agreement or affecting the validity or enforceability of any of the terms or provisions of this Agreement in any other jurisdiction. If any provision of this Agreement is so broad as to be unenforceable, the provision shall be interpreted to be only so broad as is enforceable.

8. The covenants and obligations set forth in this Agreement shall expire and be of no further force and effect upon termination of the Merger Agreement under Section 7.1 thereof.

CHAPTER 13. Dissenters' Rights**

1300. (a) If the approval of the outstanding shares (Section 152) of a corporation is required for a reorganization under subdivisions (a) and (b) or subdivision (e) or (f) of Section 1201, each shareholder of the corporation entitled to vote on the transaction and each shareholder of a subsidiary corporation in a short-form merger may, by complying with this chapter, require the corporation in which the shareholder holds shares to purchase for cash at their fair market value the shares owned by the shareholder which are dissenting shares as defined in subdivision (b). The fair market value shall be determined as of the day of, and immediately prior to, the first announcement of the terms of the proposed reorganization or short-form merger, excluding any appreciation or depreciation in consequence of the proposed reorganization or short-form merger, as adjusted for any stock split, reverse stock split, or share dividend that becomes effective thereafter.

(b) As used in this chapter, "dissenting shares" means shares to which all of the following apply:

(1) That were not, immediately prior to the reorganization or short-form merger, listed on any national securities exchange certified by the Commissioner of Corporations under subdivision (o) of Section 25100, and the notice of meeting of shareholders to act upon the reorganization summarizes this section and Sections 1301, 1302, 1303 and 1304; provided, however, that this provision does not apply to any shares with respect to which there exists any restriction on transfer imposed by the corporation or by any law or regulation; and provided, further, that this provision does not apply to any shares where the holder of those shares is required, by the terms of the reorganization or short-form merger, to accept for the shares anything except: (A) shares of any other corporation, which shares, at the time the reorganization or short-form merger is effective, are listed on any national securities exchange certified by the Commissioner of Corporations under subdivision (o) of Section 25100; (B) cash in lieu of fractional shares described in the foregoing subparagraph (A); or (C) any combination of the shares and cash in lieu of fractional shares described in the foregoing subparagraphs (A) and (B).

(2) That were outstanding on the date for the determination of shareholders entitled to vote on the reorganization and (A) were not voted in favor of the reorganization or, (B) if described in paragraph (1), were voted against the reorganization, or were held of record on the effective date of a short-form merger; provided, however, that subparagraph (A) rather than subparagraph (B) of this paragraph applies in any case where the approval required by Section 1201 is sought by written consent rather than at a meeting.

(3) That the dissenting shareholder has demanded that the corporation purchase at their fair market value, in accordance with Section 1301.

(4) That the dissenting shareholder has submitted for endorsement, in accordance with Section 1302.

(c) As used in this chapter, "dissenting shareholder" means the record holder of dissenting shares and includes a transferee of record.

1301. (a) If, in the case of a reorganization, any shareholders of a corporation have a right under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, to require the corporation to purchase their shares for cash, that corporation shall mail to each of those shareholders a notice of the approval of the reorganization by its outstanding shares (Section 152) within 10 days after the date of that approval, accompanied by a copy of Sections 1300, 1302, 1303, and

1304 and this section, a statement of the price determined by the corporation to represent the fair market value of the dissenting shares, and a brief description of the procedure to be followed if the shareholder desires to exercise the shareholder's right under those sections. The statement of price constitutes an offer by the corporation to purchase at the price stated any dissenting shares as defined in subdivision (b) of Section 1300, unless they lose their status as dissenting shares under Section 1309.

(b) Any shareholder who has a right to require the corporation to purchase the shareholder's shares for cash under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, and who desires the corporation to purchase shares shall make written demand upon the corporation for the purchase of those shares and payment to the shareholder in cash of their fair market value. The demand is not effective for any purpose unless it is received by the corporation or any transfer agent thereof (1) in the case of shares described in subdivision (b) of Section 1300, not later than the date of the shareholders' meeting to vote upon the reorganization, or (2) in any other case, within 30 days after the date on which the notice of the approval by the outstanding shares pursuant to subdivision (a) or the notice pursuant to subdivision (h) of Section 1110 was mailed to the shareholder.

(c) The demand shall state the number and class of the shares held of record by the shareholder which the shareholder demands that the corporation purchase and shall contain a statement of what the shareholder claims to be the fair market value of those shares as determined pursuant to subdivision (a) of Section 1300. The statement of fair market value constitutes an offer by the shareholder to sell the shares at that price.

1302. Within 30 days after the date on which notice of the approval by the outstanding shares or the notice pursuant to subdivision (h) of Section 1110 was mailed to the shareholder, the shareholder shall submit to the corporation at its principal office or at the office of any transfer agent thereof, (a) if the shares are certificated securities, the shareholder's certificates representing any shares which the shareholder demands that the corporation purchase, to be stamped or endorsed with a statement that the shares are dissenting shares or to be exchanged for certificates of appropriate denomination so stamped or endorsed or (b) if the shares are uncertificated securities, written notice of the number of shares which the shareholder demands that the corporation purchase. Upon subsequent transfers of the dissenting shares on the books of the corporation, the new certificates, initial transaction statement, and other written statements issued therefor shall bear a like statement, together with the name of the original dissenting holder of the shares.

1303. (a) If the corporation and the shareholder agree that the shares are dissenting shares and agree upon the price of the shares, the dissenting shareholder is entitled to the agreed price with interest thereon at the legal rate on judgments from the date of the agreement. Any agreements fixing the fair market value of any dissenting shares as between the corporation and the holders thereof shall be filed with the secretary of the corporation.

(b) Subject to the provisions of Section 1306, payment of the fair market value of dissenting shares shall be made within 30 days after the amount thereof has been agreed or within 30 days after any statutory or contractual conditions to the reorganization are satisfied, whichever is later, and in the case of certificated securities, subject to surrender of the certificates therefor, unless provided otherwise by agreement.

1304. (a) If the corporation denies that the shares are dissenting shares, or the corporation and the shareholder fail to agree upon the fair market value of the shares, then the shareholder demanding purchase of such shares as dissenting shares or any interested corporation, within six months after the date on which notice of the approval by the outstanding shares (Section 152) or notice pursuant to subdivision (h) of Section 1110 was mailed to the shareholder, but not thereafter, may file a complaint in the superior court of the proper county praying the court to determine whether the shares are

dissenting shares or the fair market value of the dissenting shares or both or may intervene in any action pending on such a complaint.

(b) Two or more dissenting shareholders may join as plaintiffs or be joined as defendants in any such action and two or more such actions may be consolidated.

(c) On the trial of the action, the court shall determine the issues. If the status of the shares as dissenting shares is in issue, the court shall first determine that issue. If the fair market value of the dissenting shares is in issue, the court shall determine, or shall appoint one or more impartial appraisers to determine, the fair market value of the shares.

1305. (a) If the court appoints an appraiser or appraisers, they shall proceed forthwith to determine the fair market value per share. Within the time fixed by the court, the appraisers, or a majority of them, shall make and file a report in the office of the clerk of the court. Thereupon, on the motion of any party, the report shall be submitted to the court and considered on such evidence as the court considers relevant. If the court finds the report reasonable, the court may confirm it.

(b) If a majority of the appraisers appointed fail to make and file a report within 10 days from the date of their appointment or within such further time as may be allowed by the court or the report is not confirmed by the court, the court shall determine the fair market value of the dissenting shares.

(c) Subject to the provisions of Section 1306, judgment shall be rendered against the corporation for payment of an amount equal to the fair market value of each dissenting share multiplied by the number of dissenting shares which any dissenting shareholder who is a party, or who has intervened, is entitled to require the corporation to purchase, with interest thereon at the legal rate from the date on which judgment was entered.

(d) Any such judgment shall be payable forthwith with respect to uncertificated securities and, with respect to certificated securities, only upon the endorsement and delivery to the corporation of the certificates for the shares described in the judgment. Any party may appeal from the judgment.

(e) The costs of the action, including reasonable compensation to the appraisers to be fixed by the court, shall be assessed or apportioned as the court considers equitable, but, if the appraisal exceeds the price offered by the corporation, the corporation shall pay the costs (including in the discretion of the court attorneys' fees, fees of expert witnesses and interest at the legal rate on judgments from the date of compliance with Sections 1300, 1301 and 1302 if the value awarded by the court for the shares is more than 125 percent of the price offered by the corporation under subdivision (a) of Section 1301).

1306. To the extent that the provisions of Chapter 5 prevent the payment to any holders of dissenting shares of their fair market value, they shall become creditors of the corporation for the amount thereof together with interest at the legal rate on judgments until the date of payment, but subordinate to all other creditors in any liquidation proceeding, such debt to be payable when permissible under the provisions of Chapter 5.

1307. Cash dividends declared and paid by the corporation upon the dissenting shares after the date of approval of the reorganization by the outstanding shares (Section 152) and prior to payment for the shares by the corporation shall be credited against the total amount to be paid by the corporation therefor.

1308. Except as expressly limited in this chapter, holders of dissenting shares continue to have all the rights and privileges incident to their shares, until the fair market value of their shares is agreed upon or determined. A dissenting shareholder may not withdraw a demand for payment unless the corporation consents thereto.

Table of Contents

1309. Dissenting shares lose their status as dissenting shares and the holders thereof cease to be dissenting shareholders and cease to be entitled to require the corporation to purchase their shares upon the happening of any of the following:

(a) The corporation abandons the reorganization. Upon abandonment of the reorganization, the corporation shall pay on demand to any dissenting shareholder who has initiated proceedings in good faith under this chapter all necessary expenses incurred in such proceedings and reasonable attorneys' fees.

(b) The shares are transferred prior to their submission for endorsement in accordance with Section 1302 or are surrendered for conversion into shares of another class in accordance with the articles.

(c) The dissenting shareholder and the corporation do not agree upon the status of the shares as dissenting shares or upon the purchase price of the shares, and neither files a complaint or intervenes in a pending action as provided in Section 1304, within six months after the date on which notice of the approval by the outstanding shares or notice pursuant to subdivision (h) of Section 1110 was mailed to the shareholder.

(d) The dissenting shareholder, with the consent of the corporation, withdraws the shareholder's demand for purchase of the dissenting shares.

1310. If litigation is instituted to test the sufficiency or regularity of the votes of the shareholders in authorizing a reorganization, any proceedings under Sections 1304 and 1305 shall be suspended until final determination of such litigation.

1311. This chapter, except Section 1312, does not apply to classes of shares whose terms and provisions specifically set forth the amount to be paid in respect to such shares in the event of a reorganization or merger.

1312. (a) No shareholder of a corporation who has a right under this chapter to demand payment of cash for the shares held by the shareholder shall have any right at law or in equity to attack the validity of the reorganization or short-form merger, or to have the reorganization or short-form merger set aside or rescinded, except in an action to test whether the number of shares required to authorize or approve the reorganization have been legally voted in favor thereof; but any holder of shares of a class whose terms and provisions specifically set forth the amount to be paid in respect to them in the event of a reorganization or short-form merger is entitled to payment in accordance with those terms and provisions or, if the principal terms of the reorganization are approved pursuant to subdivision (b) of Section 1202, is entitled to payment in accordance with the terms and provisions of the approved reorganization.

(b) If one of the parties to a reorganization or short-form merger is directly or indirectly controlled by, or under common control with, another party to the reorganization or short-form merger, subdivision (a) shall not apply to any shareholder of such party who has not demanded payment of cash for such shareholder's shares pursuant to this chapter; but if the shareholder institutes any action to attack the validity of the reorganization or short-form merger or to have the reorganization or short-form merger set aside or rescinded, the shareholder shall not thereafter have any right to demand payment of cash for the shareholder's shares pursuant to this chapter. The court in any action attacking the validity of the reorganization or short-form merger or to have the reorganization or short-form merger set aside or rescinded shall not restrain or enjoin the consummation of the transaction except upon 10 days' prior notice to the corporation and upon a determination by the court that clearly no other remedy will adequately protect the complaining shareholder or the class of shareholders of which such shareholder is a member.

Table of Contents

(c) If one of the parties to a reorganization or short-form merger is directly or indirectly controlled by, or under common control with, another party to the reorganization or short-form merger, in any action to attack the validity of the reorganization or short-form merger or to have the reorganization or short-form merger set aside or rescinded, (1) a party to a reorganization or short-form merger which controls another party to the reorganization or short-form merger shall have the burden of proving that the transaction is just and reasonable as to the shareholders of the controlled party, and (2) a person who controls two or more parties to a reorganization shall have the burden of proving that the transaction is just and reasonable as to the shareholders of any party so controlled.

1313. A conversion pursuant to Chapter 11.5 (commencing with Section 1150) shall be deemed to constitute a reorganization for purposes of applying the provisions of this chapter, in accordance with and to the extent provided in Section 1159.

Fairness Opinion of Sandler O'Neill + Partners, L.P.

[LETTERHEAD OF SANDER O'NEILL + PARTNERS]

December 19, 2012

Board of Directors
Central Valley Community Bancorp
7100 North Financial Drive, Suite 101
Fresno, CA 93720

Ladies and Gentlemen:

Central Valley Community Bancorp ("Central Valley"), Central Valley Community Bank ("Bank") and Visalia Community Bank ("Visalia") have entered into a Plan of Merger and Merger Agreement, dated as of December 19, 2012 (the "Agreement"), pursuant to which Visalia will merge with and into the Bank, with the Bank as the surviving entity (the "Merger"). Under the terms of the Agreement, upon consummation of the Merger, each share of Visalia common stock issued and outstanding immediately prior to the Merger (the "Visalia Common Stock"), other than certain shares specified in the Agreement, will be converted into the right to receive (i) an amount in cash without interest equal to the quotient of the Aggregate Cash Consideration divided by the number of shares of Visalia Common Stock issued and outstanding immediately prior to the closing of the Merger (the "Cash Consideration") and (ii) a number of shares of Central Valley common stock equal to the quotient of the Aggregate Stock Consideration divided by the number of Visalia Common Stock (the "Stock Consideration"). The terms of the Merger are more fully described in the Agreement. Capitalized terms used herein without definition shall have the meanings given to such terms in the Agreement. You have requested our opinion as to the fairness, from a financial point of view, of the Merger Consideration to Central Valley.

Sandler O'Neill & Partners, L.P., as part of its investment banking business, is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. In connection with this opinion, we have reviewed, among other things: (i) the Agreement; (ii) certain publicly available financial statements and other historical financial information of Central Valley that we deemed relevant; (iii) certain publicly available financial statements and other historical financial information of Visalia that we deemed relevant; (iv) publicly available consensus earnings estimates for Central Valley for the quarter ending December 31, 2012, the year ended December 31, 2013 and financial projections for the years thereafter through 2017 determined based on discussions with senior management of Central Valley; (v) financial projections for Visalia for the years ending December 31, 2012 through 2017 based on discussions with senior management of Visalia and as adjusted based on discussions with senior management of Central Valley; (vi) the pro forma financial impact of the Merger on Central Valley based on assumptions relating to transaction expenses, purchase accounting adjustments, cost savings and other synergies as determined by the senior management of Central Valley; (vii) a comparison of certain financial information for Central Valley and Visalia with similar institutions for which publicly available information is available; (viii) the financial terms of certain recent business combinations in the commercial banking industry, to the extent publicly available; (ix) the current market environment generally and the banking environment in particular; and (x) such other information, financial studies, analyses and investigations and financial, economic and market criteria as we considered relevant. We also discussed with certain members of senior management of Central Valley the business, financial condition, results of operations and prospects of Central Valley and held similar discussions with certain members of senior

Table of Contents

management of Visalia regarding the business, financial condition, results of operations and prospects of Visalia.

In performing our review, we have relied upon the accuracy and completeness of all of the financial and other information that was available to us from public sources, that was provided to us by Central Valley and Visalia or their respective representatives or that was otherwise reviewed by us and have assumed such accuracy and completeness for purposes of rendering this opinion. We have further relied on the assurances of the respective managements of Central Valley and Visalia that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading. We have not been asked to and have not undertaken an independent verification of any of such information and we do not assume any responsibility or liability for the accuracy or completeness thereof. We did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of Central Valley and Visalia or any of their respective subsidiaries. We render no opinion or evaluation on the collectability of any assets or the future performance of any loans of Central Valley and Visalia. We did not make an independent evaluation of the adequacy of the allowance for loan losses of Central Valley and Visalia, or the combined entity after the Merger and we have not reviewed any individual credit files relating to Central Valley and Visalia. We have assumed, with your consent, that the respective allowances for loan losses for both Central Valley and Visalia are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity.

In preparing its analyses, Sandler O'Neill used publicly earnings projections and long-term growth rates for Central Valley as discussed with senior management of Central Valley and projections for Visalia as discussed with senior management of Visalia and as adjusted based on discussions with senior management of Central Valley. Sandler O'Neill also received and used in its analyses certain projections of transaction costs, purchase accounting adjustments, expected cost savings and other synergies which were prepared by and/or reviewed with the senior management of Central Valley. With respect to those projections, estimates and judgments, the respective managements of Central Valley and Visalia confirmed to us that those projections, estimates and judgments reflected the best currently available estimates and judgments of those respective managements of the future financial performance of Central Valley and Visalia, respectively, and we assumed that such performance would be achieved. We express no opinion as to such estimates or the assumptions on which they are based. We have also assumed that there has been no material change in Central Valley' and Visalia's assets, financial condition, results of operations, business or prospects since the date of the most recent financial statements made available to us. We have assumed in all respects material to our analysis that Central Valley and Visalia will remain as going concerns for all periods relevant to our analyses, that all of the representations and warranties contained in the Agreement and all related agreements are true and correct, that each party to the agreements will perform all of the covenants required to be performed by such party under the agreements, that the conditions precedent in the Agreement are not waived and that the Merger will qualify as a tax-free reorganization for federal income tax purposes. Finally, with your consent, we have relied upon the advice Central Valley has received from its legal, accounting and tax advisors as to all legal, accounting and tax matters relating to the Merger and the other transactions contemplated by the Agreement.

Our opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof could materially affect this opinion. We have not undertaken to update, revise, reaffirm or withdraw this opinion or otherwise comment upon events occurring after the date hereof. Central Valley has also agreed to indemnify us against certain liabilities arising out of our engagement. In the ordinary course of our business as a broker-dealer, we may purchase securities from and sell securities to Central Valley and Visalia and their affiliates.

Table of Contents

Our opinion is directed to the Board of Directors of Central Valley in connection with its consideration of the Merger and does not constitute a recommendation to any shareholder of either Central Valley and Visalia as to how any such shareholder should vote at any meeting of shareholders called to consider and vote upon the Merger. Our opinion is directed only to the fairness, from a financial point of view, of the Merger Consideration to Central Valley and does not address the underlying business decision of Central Valley to engage in the Merger, the relative merits of the Merger as compared to any other alternative business strategies that might exist for Central Valley or the effect of any other transaction in which Central Valley might engage. This opinion shall not be reproduced or used for any other purposes, without Sandler O'Neill's prior written consent. This Opinion has been approved by Sandler O'Neill's fairness opinion committee. We do not express any opinion as to the fairness of the amount or nature of the compensation to be received in the Merger by any officer, director, or employees, or class of such persons, relative to the compensation to be received in the Merger by any other shareholder.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration is fair to Central Valley from a financial point of view.

Very truly yours,
/s/ SANDLER O'NEILL & PARTNERS, L.P.
