Yes ☐ No ☐

INTRODUCTORY INFORMATION

In this annual report, references to the Company or Taseko mean Taseko Mines Limited and its subsidiaries, unless the context suggests otherwise.

Unless otherwise indicated, all amounts in this annual report are in Canadian dollars and all references to \$ mean Canadian dollars.

PRINCIPAL DOCUMENTS

The following documents that are filed as exhibits to this annual report are incorporated by reference herein:

- the Company's Annual Information Form for the year ended December 31, 2010;
- the Company's Audited Consolidated Financial Statements as at December 31, 2010 and 2009 and for years ended December 31, 2010 and 2009, and the fifteen months ended December 31, 2008 (for a reconciliation of important differences between Canadian and U.S. GAAP, see Note 23 to the Company's Audited Consolidated Financial Statements); and
- the Company's Management Discussion and Analysis for the year ended December 31, 2010.

FORWARD-LOOKING STATEMENTS

This annual report includes or incorporates by reference certain statements that constitute forward-looking statements within the meaning of the United States *Private Securities Litigation Reform Act of 1995*. These statements appear in a number of places in this annual report and documents incorporated by reference herein and include statements regarding the Company's intent, belief or current expectations and those of the Company's management. These forward-looking statements involve known and unknown risks and uncertainties that may cause the Company's actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. When used in this annual report or in documents incorporated by reference in this annual report, words such as believe, anticipate, estimate, project, intend, may, will, plan, should, would, contemplate, possible, attempts, seeks and similar expressions are in these forward-looking statements. These forward-looking statements are based on various factors and were derived utilizing numerous assumptions that could cause the Company's actual results to differ materially from those in the forward-looking statements. Accordingly, readers are cautioned not to put undue reliance on these forward-looking statements. Forward-looking statements include, among others, statements regarding:

- the Company's acquisition plans;
 - the Company's expected financial performance in future periods;
 - the Company's plan of operations, including its plans to carry out exploration and development activities;
 - the Company's expectations regarding the results of operations at its Gibraltar mine and exploration and development potential of the Company's properties;
 - the Company's statement of reserves; and
 - factors relating to the Company's investment decisions.
-

Many factors could cause the Company's actual results, performance or achievements to be materially different from any future results, performance, or achievements that may be expressed or implied by such forward-looking statements, including, among others:

- delays or inability to successfully complete the environmental assessment review process for the Prosperity Project;
- the potential for increase in the cash cost of production;
- lack of mineral reserves at the Harmony Project and Aley Project;
- the estimates of mineral resources is a subjective process, the accuracy of which is a function of the quantity and quality of available data and the assumptions made and judgment used in the engineering and geological interpretation, which may prove to be unreliable, and may be subject to revision based on various factors;
- fluctuation of metal prices and currency rates;
- uncertain project realization values;
- current global economic conditions;
- changes in mining legislation adversely affecting our operations;
- inability to obtain adequate financing on acceptable terms;
- inability to obtain necessary exploration and mining permits and comply with all government requirements including environmental, health and safety laws;
- inability to attract and retain key personnel; and
- other risks detailed from time-to-time in the Company's filings with securities regulators.

Certain of the assumptions the Company has made include assumptions regarding, among other things:

- future commodity prices;
- the cost of carrying out exploration and development activities on certain of the Company's mineral properties;
- the Company's ability to obtain and keep the necessary expertise in order to carry out its operating, exploration and development activities within the planned time periods; and
- the Company's ability to obtain adequate financing on acceptable terms.

Readers are referred to the section entitled "Risk Factors" in the Company's Annual Information Form for a more detailed discussion of such risks and other important factors that could cause our actual results to differ materially from those in such forward-looking statements. Except as required by law, the Company assumes no obligation to update or to publicly announce the results of any change to any of the forward-looking statements contained or incorporated by reference herein to reflect actual results, future events or developments, changes in assumptions or changes in other factors affecting the forward-looking statements.

**CAUTIONARY NOTE TO UNITED STATES INVESTORS CONCERNING
ESTIMATES OF RESERVES AND MEASURED, INDICATED AND INFERRED RESOURCES**

The disclosure in this annual report, including the documents incorporated by reference herein, uses terms that comply with reporting standards in Canada and certain estimates are made in accordance with Canadian National Instrument 43-101 *Standards of Disclosure for Mineral Projects* (NI 43-101). NI 43-101 is a rule developed by the Canadian Securities Administrators that establishes standards for all public disclosure an issuer makes of scientific and technical information concerning mineral projects. Unless otherwise indicated, all reserve and resource estimates contained in or incorporated by reference in this annual report have been prepared in accordance with NI 43-101. These standards differ significantly from the requirements of the SEC, and reserve and resource information contained herein and incorporated by reference herein may not be comparable to similar information disclosed by U.S. companies.

This annual report includes mineral reserve estimates that have been calculated in accordance with NI 43-101, as required by Canadian securities regulatory authorities. For United States reporting purposes, SEC Industry Guide 7 (under the United States Securities Exchange Act of 1934 (the Exchange Act)), as interpreted by Staff of the SEC, applies different standards in order to classify mineralization as a reserve. As a result, the definitions of proven and probable reserves used in NI 43-101 differ from the definitions in the SEC Industry Guide 7. Under SEC standards, mineralization may not be classified as a "reserve" unless the determination has been made that the mineralization could be economically and legally produced or extracted at the time the reserve determination is made. Among other things, all necessary permits would be required to be in hand or issuance imminent in order to classify mineralized material as reserves under the SEC standards. Accordingly, mineral reserve estimates contained in this annual report may not qualify as reserves under SEC standards.

In addition, this annual report uses the terms measured mineral resources , indicated mineral resources and inferred mineral resources to comply with the reporting standards in Canada. We advise investors that while those terms are recognized and required by Canadian regulations, the SEC does not recognize them. Investors are cautioned not to assume that any part or all of the mineral deposits in these categories will ever be converted into mineral reserves. These terms have a great amount of uncertainty as to their existence, and great uncertainty as to their economic and legal feasibility.

Further, inferred resources have a great amount of uncertainty as to their existence and as to whether they can be mined legally or economically. Therefore, Investors are also cautioned not to assume that all or any part of the inferred resources exist. In accordance with Canadian rules, estimates of inferred mineral resources cannot form the basis of feasibility or other economic studies.

It cannot be assumed that all or any part of measured mineral resources , indicated mineral resources , or inferred mineral resources will ever be upgraded to a higher category. Investors are cautioned not to assume that any part of the reported measured mineral resources , indicated mineral resources , or inferred mineral resources in this annual report is economically or legally mineable.

In addition, disclosure of contained ounces in respect of resources that do not qualify as reserves is permitted disclosure under Canadian regulations; however, the SEC only permits issuers to report reserves in ounces and requires other mineralized material to be reported as in place tonnage and grade without reference to unit measures.

For the above reasons, information contained in this annual report and the documents incorporated by reference herein containing descriptions of our mineral deposits may not be comparable to similar information made public by U.S. companies subject to the reporting and disclosure requirements under the United States federal securities laws and the rules and regulations thereunder.

NOTE TO UNITED STATES READERS REGARDING DIFFERENCES BETWEEN UNITED STATES AND CANADIAN REPORTING PRACTICES

The Company is permitted to prepare this annual report in accordance with Canadian disclosure requirements, which are different from those of the United States. The Company prepares its consolidated financial statements in accordance with Canadian generally accepted accounting principles (Canadian GAAP) which principles differ in certain respects from those applicable in the United States (U.S. GAAP) and from practices prescribed by the SEC. Therefore, the Company's financial statements incorporated by reference in this annual report may not be comparable to financial statements prepared in accordance with U.S. GAAP. You should refer to the discussion of the principal differences between our financial results determined under Canadian GAAP and under U.S. GAAP that is contained in Note 23 to our audited consolidated financial statements included herein which provides a reconciliation of the significant measurement differences between Canadian GAAP and U.S. GAAP.

DISCLOSURE CONTROLS AND PROCEDURES

Disclosure controls and procedures are defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (Exchange Act) to mean controls and other procedures of an issuer that are designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and includes, without limitation, controls and procedures designed to ensure that such information is accumulated and communicated to the issuer's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

As of the end of the period covered by this report, our management carried out an evaluation, with the participation of our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures, as defined in Rule 13a-15(e), were effective.

While our Chief Executive Officer and our Chief Financial Officer believe that our disclosure controls and procedures provide a reasonable level of assurance of effectiveness, they do not expect that our disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system will be met.

INTERNAL CONTROL OVER FINANCIAL REPORTING

The management of the Company is responsible for establishing and maintaining adequate internal controls over financial reporting. The Company's internal control system was designed to provide reasonable assurance to the Company's management and the Board of Directors regarding the preparation and fair presentation of published financial statements. Internal control over financial reporting is defined in Rule 13a-15(f) and 15d-15(f) of the Exchange Act as a process designed by, or under the supervision of, the Company's principal executive and principal financial officers and effected by the Company's Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that: (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of

the Company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

The Company's management, with the participation of the Chief Executive Officer and the Chief Financial Officer, has evaluated the effectiveness of internal control over financial reporting based on the framework and criteria established in Internal Control – Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, the Company's management has concluded that the Company's internal control over financial reporting, as defined in Rule 13a-15(f), was effective as of December 31, 2010.

On March 31, 2010, the Company entered into a Joint Venture Formation Agreement (the "JVFA") with Cariboo Copper Corp. Please refer to Note 4 of the accompanying financial statements. In connection with the JVFA, the Company has updated its internal controls over financial reporting, as necessary, to reflect additional processes and controls. Other than the joint venture, there are no significant changes in internal controls over financial reporting that occurred during the year ended December 31, 2010, that could have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

The Company is required to provide an auditor's attestation report on internal control over financial reporting for the fiscal year ended December 31, 2010. In this report, the Company's independent registered auditor, KPMG LLP, must state its opinion as to the effectiveness of the Company's internal control over financial reporting for the fiscal year ended December 31, 2010. KPMG LLP has audited the Company's internal controls over financial reporting and has issued an attestation report on the Company's internal control over financial reporting. The Auditor's Attestation Report is included as part of Exhibit 99.6.

AUDIT COMMITTEE

The Company's Board of Directors has established a separately-designated Audit Committee of the board in accordance with Section 3(a)(58)(A) of the Exchange Act for the purpose of overseeing the Company's accounting and financial reporting processes and the audits of the Company's annual financial statements. As at the date of this annual report, the Audit Committee was comprised of David Elliott, Wayne Kirk and Richard Mundie.

AUDIT COMMITTEE FINANCIAL EXPERT

The Company's Board of Directors has determined that Richard Mundie, a member of the Audit Committee of the Board, is an audit committee financial expert (as that term is defined in Item 407 of Regulation S-K under the Exchange Act) and is an independent director under applicable laws and regulations and the requirements of the NYSE Amex Equities Exchange.

PRINCIPAL ACCOUNTING FEES AND SERVICES

The following table sets forth information regarding amounts billed by the Company's independent auditors for each of the Company's last two fiscal periods:

Services:	Year ended December 31, 2010	Year ended December 31, 2009
Audit Fees	\$ 532,942	\$ 502,100
Audit Related Fees	29,750	19,500
Tax Fees		
All Other Fees		
Total	\$ 562,692	\$ 521,600
Audit Fees		

Audit fees are the aggregate fees billed by the Company's independent auditor for the audit of the Company's annual consolidated financial statements and attestation services that are provided in connection with statutory and regulatory filings or engagements.

Audit-Related Fees

Audit-related fees include services that are traditionally performed by the auditor. For the year ended December 31, 2010, audit-related services include fees billed for services rendered in connection with the Company's sale of 25% of the Gibraltar mine, the opening balance sheet audit of the Gibraltar Joint Venture and the Company's reversal of uncertain tax position. For the year ended December 31, 2009, the audit-related services include fees billed for services rendered in connection with the Company's IFRS conversion project.

Tax Fees

Tax fees are fees for professional services rendered by the Company's independent auditors for tax compliance and tax advice on actual or contemplated transactions.

All Other Fees

All other fees relate to services other than the audit fees, audit-related fees and tax fees described above.

Audit Committee Pre-Approval Policies

The Company's management requests approval from the Audit Committee of the Company's board for non-audit services from the Company's independent auditors. The Audit Committee pre-approves all such services with set maximum dollar limits. In considering these requests, the Audit Committee assesses, among other things, whether the non-audit services requested would be considered prohibited services as contemplated by the SEC, and whether the non-audit services requested and related fees could impair the independence of the Company's auditors.

OFF-BALANCE SHEET ARRANGEMENTS

The Company has not entered into any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues, expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

CONTRACTUAL OBLIGATIONS

The following are the contractual maturities of contractual obligations, including interest payments (in thousands of Canadian dollars) at December 31, 2010.

Contractual obligations	Payments due by period in thousands of Canadian dollars				
	Total	Less than 1 year	1-3 years	3-5 years	More than 5 years
Long-Term Debt Obligations	19,918	5,942	11,365	2,611	-
Capital Lease Obligations	22,881	6,452	11,085	5,344	-
Operating Lease Obligations	-	-	-	-	-
Purchase Obligations	-	-	-	-	-
Other Long-Term Liabilities Reflected on the Registrant's Balance Sheet under GAAP ^{1, 2}	-	-	-	-	-
Total	42,799	12,394	22,450	7,955	

¹ The Company's royalty obligations and deferred revenue have been excluded as there are no cash requirements for the settlement of these obligations. Refer to Note 16 of the accompanying financial statements.

² The Company's income tax and site closure and reclamation obligations have been excluded as the amount and timing of the related future payments cannot be reasonably estimated.

CODE OF ETHICS

The Company has adopted a Code of Ethics that applies to its officers, employees and directors and promotes, among other things, honest and ethical conduct. The code also promotes compliance by the Company's Chief Executive Officer, Chief Financial Officer and other senior finance staff with the Sarbanes-Oxley Act of 2002. Investors may view the Company's Code of Ethics, which is included as a part of the Company's Governance Policies and Procedures Manual, on the Company's web site at www.tasekomines.com.

NYSE AMEX EQUITIES CORPORATE GOVERNANCE

The Company's common shares are listed for trading on the NYSE Amex Equities Exchange (NYSE Amex). Section 110 of the NYSE Amex company guide permits NYSE Amex to consider the laws, customs and practices of foreign issuers in relaxing certain NYSE Amex listing criteria, and to grant exemptions from NYSE Amex listing criteria based on these considerations. A company seeking relief under these provisions is required to provide written certification from independent local counsel that the non-complying practice is not prohibited by home country law. A description of the significant ways in which the Company's governance practices differ from those followed by domestic companies pursuant to NYSE Amex standards is contained on the Company's website at www.tasekomines.com.

Upon listing, the Company received an exemption from its quorum requirements for meetings of shareholders. Under the NYSE Amex listing standards, the quorum requirement is a minimum of one third of shareholders entitled to vote for U.S. domestic companies. The Company does not meet this requirement and has been granted relief from this listing standard.

Further, the Company's Board of Directors is presently not comprised of a majority of independent directors, as required by Section 802(a) of the NYSE Amex Company Guide. The Company has been granted relief from these requirements by NYSE Amex.

UNDERTAKING

The Registrant undertakes to make available, in person or by telephone, representatives to respond to inquiries made by the Commission staff, and to furnish promptly, when requested to do so by the Commission staff, information relating to: the securities registered pursuant to Form 40-F; the securities in relation to which the obligation to file an annual report on Form 40-F arises; or transactions in said securities.

CONSENT TO SERVICE OF PROCESS

The Company previously filed an Appointment of Agent for Service of Process and Undertaking on Form F-X signed by the Company and its agent for service of process with respect to the class of securities in relation to which the obligation to file this annual report arises.

SIGNATURES

Pursuant to the requirements of the Exchange Act, the Company certifies that it meets all of the requirements for filing on Form 40-F and has duly caused this annual report to be signed on its behalf by the undersigned, thereunto duly authorized.

Date: March 29, 2011. **TASEKO MINES LIMITED**
