401(k) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of Allegiant Bancorp, Inc. 401(k) Profit Sharing Plan as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2001 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Allegiant Bancorp, Inc.
401(k) Profit Sharing Plan

Notes to Financial Statements

Year Ended December 31, 2001

1. DESCRIPTION OF THE PLAN

The following description of Allegiant Bancorp, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was established by Allegiant Bancorp, Inc. (the Company) as of January 1, 1993 and has been amended subsequently, most recently in March 2002.

The Plan is a defined contribution plan covering all employees of the Company who have reached age 21 and have completed three months of service. Prior to December 16, 2000, eligibility required six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Employees may elect to contribute up to 15 percent of their eligible compensation as defined. Historically, and in 2001 and 2000, the Company has matched 50 percent of employees' contributions up to a maximum of 6 percent of pretax compensation. All Company contributions are discretionary. All employer contributions are initially invested in Company common stock, but may be immediately redirected by participants. All contributions are subject to applicable limitations.

PARTICIPANT ACCOUNTS

Individual accounts are maintained for each participant in the Plan. In addition to participants' contributions, each participant's account is credited with the Company's matching contribution and plan earnings. Investment earnings are allocated daily to each participant by investment fund based on that participant's share of total investments.

VESTING

Participants are entitled to the benefit that can be provided from the vested portion of the participant's account. Participants are immediately vested in their contributions and the related earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of service, as defined, with participants being 20 percent vested for each year of service (100 percent vested after five years of service).

Notes to Financial Statements (continued)

1. DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures of non-vested Company matching contributions are available to pay administrative expenses of the plan or used to reduce future Company contributions. For the year ended December 31, 2001, forfeited balances applied to administrative expenses or used to reduce Company contributions were approximately \$41,000.

PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

Participants, while employed by the Company, may elect to withdraw all or a portion of their vested account balance upon attainment of age 65 or sooner or if they experience a financial hardship, as defined in the Plan, subject to Internal Revenue Code (Code) limitations and possible penalties.

Upon termination of service, a participant or the participant's beneficiary may elect to receive his or her vested account balance in the form of a lump-sum distribution or may elect to transfer the account balance to an individual retirement account or another employer's qualified plan if the subsequent employer permits such transfer.

LOANS

Edgar Filing: ALLEGIANT BANCORP INC/MO/ - Form 11-K

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer from (to) the investment fund to (from) the loan fund. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Interest rates ranged from 6.00 percent to 10.50 percent in 2001 and 8.00 percent to 10.50 percent in 2000.

PLAN ADMINISTRATION

The cost of administering the Plan may be paid by the Company. If the Company does not pay the cost of administering the Plan, it shall be paid from assets of the Plan, including the use of forfeitures on non-vested amounts. The Company has historically paid all of the costs associated with administering the Plan.

1. DESCRIPTION OF THE PLAN (CONTINUED)

PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right to discontinue its contributions to the Plan and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options offered by the Plan, which include trusted mutual funds and Company stock. All investments are participant-directed.

Participants may change their investment options as often as they choose by directly contacting the plan trustee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are presented on the accrual basis.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ

Edgar Filing: ALLEGIANT BANCORP INC/MO/ - Form 11-K

from those estimates.
