

Edgar Filing: BIOENVISION INC - Form 8-K

promptly as practicable to, among other things, amend its Bylaws so that the size of the Company's Board of Directors could be increased to at least five (5) persons) and another person designated by the pre-merger directors of Pathagon Inc. would then join the Company's Board of Directors and Mr. Stuart Smith would then be reappointed to the Board of Directors to fill a vacancy so created as well. At the same time, the Company's management hopes to be able to seek authorization to increase the amount of the Company's outstanding common stock and to create a class of preferred stock in order to facilitate future sales of the Company's securities to finance implementation of its business strategy.

In connection with the closing of the acquisition of Pathagon Inc., the Company also entered into Registration Rights Agreements with the persons or entities, who were shareholders of Pathagon Inc. prior to the merger of Pathagon Inc. into the Company's wholly-owned subsidiary, to whom shares of the Company's common stock were issued in connection with the merger, covering those shares of common stock of the Company. The Company is required to prepare and file with the U.S. Securities and Exchange Commission a registration statement on Form S-1 or such other form as may then be available and appropriate for use by the Company to register the offer and resale of those shares upon the earlier to occur of (a) the date which is six (6) months after February 1, 2002, or (b) the Company's preparation and filing of a registration statement to register the offer and resale of securities of the Company in connection with any other financing. Those shareholders also have certain demand registration and piggyback registration rights. However, each shareholder party to the Registration Rights Agreement also agreed not to dispose of any securities in a market transaction, if so requested by the Company or any underwriters managing an underwritten offering of the Company's securities, or any regulatory authority, for 180 days from the effective date of such registration with respect to the underwriter's request or such longer period as requested by any such regulatory authority.

The foregoing is a summary of terms and conditions of the Acquisition. The complete terms and conditions of the acquisition are set forth in the agreements, which are filed as exhibits to this Report.
