Item 1.01. Entry into a Material Definitive Agreement

On September 6, 2005, RRC Acquisition, LLC, a wholly owned subsidiary of the Company, signed a definitive agreement to buy substantially all of the assets of Regional Recycling LLC (Regional) for \$65.5 million in cash and the assumption of certain liabilities. Regional operates 10 recycling facilities located in Georgia (Atlanta (3), Gainesville, Cartersville, Roosville and Bainbridge) and Alabama (Birmingham, Attalla, and Selma). The transaction is subject to a number of conditions, including expiration of the Hart-Scott-Rodino waiting period, approval of the Company's board of directors, obtaining certain third party consents, permit amendments or transfers and other customary closing conditions, and is anticipated to close within the next 60 days.

This Form 8-K contains forward-looking statements, within the meaning of Section 21E of the Securities Exchange Act of 1934, which are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. One can generally identify these forward-looking statements because they contain "expect", "believe", "anticipate", "estimate" and other words that convey a similar meaning. One can also identify these statements, as they do not relate strictly to historical or current facts. In particular, this Form 8-K includes a statement that the above-described transaction is anticipated to close within the next 60 days. These forward-looking statements are subject to risks, uncertainties, and other factors that could cause actual results to differ materially from future results expressed or implied by the forward-looking statements. Important factors that could cause actual results to differ materially from the information set forth in these forward-looking statements include the timing of satisfaction of the closing conditions for the transaction, and other factors and events, some of which are discussed in the Company's most recent annual report on Form 10-K and its most recent quarterly report on Form 10-Q. One should understand that it is not possible to predict or identify all factors that could cause actual results to differ from the Company's forward-looking statements. Consequently, the reader should not consider any such list to be a complete statement of all potential risks or uncertainties. The Company does not assume any obligation to update any forward-looking statement.
