Description of Business

General

American Hospital Resources, Inc. or AMHR, originally incorporated in the State of Utah on May 9, 1972, under the name High-Line Investment & Development Company. In 1977, we changed our name to Gayle Industries, Inc. In 1978 we merged into our subsidiary, Swing Bike, and retained the Swing Bike name. In 1979 we changed our name from Swing Bike to Horizon Energy Corp., and in 1992 we changed our name to Millennium Entertainment Corp.

In 1993 we changed our name to New Horizon Education, Inc. and implemented a business plan focusing on marketing computer education programs. Later that year, we formed a new subsidiary, Sunset Horizon, Inc. for the purpose of merging with Ruff Network Marketing, Inc. The subsidiary owned the marketing rights to the computer education programs and Ruff Network Marketing, Inc. provided the marketing network. We were not successful in our marketing activities and in 1995 we sold our assets and suspended operations. In 1997 we sold our subsidiary and remained essentially dormant from 1998 through 2000.

In 2001, we brought our SEC filings current and began seeking business opportunities. In June of 2002, we finalized an Agreement and Plan of Reorganization with American Hospital Resources, Inc (AHR). Under the Agreement, American Hospital Resources Inc. became our wholly owned subsidiary and we changed our name to American Hospital Resources, Inc. We also authorized a class of 10,000,000 shares of Preferred Stock at no par value and changed our business strategy to focus on providing health care services and management.

Our common stock is quoted on the OTCBB under the symbol AMHR.

Nature of Business

American Hospital Resources provided consulting and management services hospitals and other acute care facilities. On December 22, 2003 we discontinued our hospital management consulting business. The Company's board of directors determined that the Company had not realized the expected benefits from the acquisition of AHR subsidiary and made the determination to seek to dispose of AHR subsidiary. As a result the Company repurchased 2,131,249 shares of common stock for \$85,250 and obtained a court order to cancel the remaining 1,065,624 shares that were issued to AHR pursuant to the terms of the Reorganization agreement. AHR has since discontinued operations and has been dissolved by the State of Delaware. All operations of AHR subsidiary have been reclassified to discontinued operations. We are continuing to focus on the acquisition and consolidation of profitable pharmacy outsourcing businesses that provide pharmacy management services and pharmaceutical supplies to acute care hospitals and long-term care facilities such as nursing homes and hospices.

As part of our business strategy, we have structured a program designed to merge profitable regional pharmacy outsourcers into a national team. We believe these regional providers will benefit from the enhanced buying power

and market presence of a consolidated healthcare entity.

We intend to continue seeking suitable healthcare and pharmaceutical companies for potential acquisition, consulting or management opportunities.

Employees

Mark Buck and Antione Gedeon are our only employees and devote time as needed for the Company's operations. As of the fourth quarter of 2003, Mr. Buck has served as our Chief Executive Officer, Chief Financial Officer and President. Mr. Gedeon serves as a director for the Company. We have also contracted with outside consultants and subcontractors on a part time, as-needed basis.

Item 2. Description of Property.

As of the fourth quarter, 2003, we have been using office space provided at no cost by our Chief Executive Officer, Mark Buck. Our offices are located at 5231-A Kuaiwi Place Honolulu, Hawaii, 96821. Prior to the fourth quarter, 2003, we paid \$500 per month to our former Chief Executive Officer for office space located at 1912 West Bay Crest in Santa Ana, California, 92704. Total rents to the former Chief Executive Officer amounted to \$4,500 for the year ended December 31, 2003.

Item 3. Legal Proceedings.

Management is aware of a potential suit in the Circuit Court of the County of St. Louis, State of Missouri, Cause No. 03AC-002539TCV, dated March 25, 2003. The suit is being brought by Pre-Employment Screening, Inc., Lawrence J. Altman, Gateway Legal Services, Inc. and Fun Services of Kansas City, Inc. against American Hospital Resources, Inc. f/k/a New Horizon Resources, Inc. The suit is a petition for damages arising from an alleged violation of the Telephone Consumer Protection Act. The petition alleges that the company breached the Act by sending unsolicited advertising faxes to plaintiffs and requests damages of \$12,000 and such other relief as the court deems proper.

Management denies transmitting any faxes to the plaintiffs and regards the lawsuit as frivolous and opportunistic. Should AMHR be formally served with this suit, it intends to deny all charges and defend itself appropriately. AMHR has never been formally served and no legal action has commenced as of December 31, 2003.

On February 17, 2004, a complaint was filed against the Company by Jeffrey A. Dunster, a shareholder of the Company, in the Circuit Court of the First Circuit, State of Hawaii, Civil no. 04-1-0303-02 RWP. The Complaint alleged the Company had issued certain shares and warrants and did not receive any consideration for such shares and

warrants. On February 27, 2004, the Court issued a Final Judgment and ordered 7,921,824 shares of common stock, 720,000 shares of Class B preferred stock, and 78,760 shares of Class A preferred stock be cancelled and declared null and void. AMHR never received any consideration for any of the cancelled shares. Additionally, the Judgment ordered that a five-year series of warrants to purchase 75,000 shares of AMHR stock at \$.25 a share, issued to Christopher Wheeler, our former Chief Executive Officer, be cancelled and declared null and void. AMHR never received consideration for the cancelled warrants. Furthermore, the Judgment ordered the purchase and sale agreement signed by AMHR on September 15, 2002, with the Gaelic Capital Group be cancelled and declared null and void. Under the Agreement, AMHR paid Gaelic \$94,500 for the rights to receive 6% of the sale price of the peripheral assets of Parkview Community Hospital Medical Center. As of December 31, 2003, the Company had collected none of this receivable and had recognized no revenues as part of this agreement. The Judgment was in full satisfaction and discharge of all claims of the Plaintiff.

Item 4. Submission of Matters to a Vote of Securities Holders.

None.

PART II

On June 10, 2003, we declared a 5% special dividend linked directly with the successful acquisition of a profitable pharmacy outsourcing companies. The D1 Preferred was to be non-voting, non-transferable, without dividend, and redeemable only by the Company. The acquisition was not completed and therefore, the Company did not distribute the dividend.

We have not paid any dividends on our common stock since inception and do not intend to declare any such dividends until such time as we successfully complete acquisitions. Our ability to pay dividends is subject to limitations imposed by Utah law. Under Section 16-10a-640 of the Utah Revised Business Corporation Act, dividends maybe paid to the extent that a corporation's assets exceed its liabilities and it is able to pay its debts as they become due in the usual course of business and does not affect preferential shareholders rights upon dissolution.

Effective July 1, 2003, if there is a merger, reorganization, recapitalization or similar event in which the Company is not the surviving entity, then each share of Class A preferred stock will be converted into 5.5 shares of common stock. Item 6. Management's Discussion and Analysis or Plan of Operation.

Results of Operations for the periods ended December 31, 2003 and December 31, 2002

The company did not have any revenues for the year ended December 31, 2003. General and administrative expenses were \$523,876 during the year ended December 31, 2003. We also recorded expenses of \$12,006 relating to our unsuccessful attempt to acquire NIPSI, \$40,000 relating to our unsuccessful acquisition of RXS and interest of \$51,285. General and administrative expenses were \$1,063,337 for the period ended December 31, 2002 with \$5,957 in expenses related to NIPSI and interest expense of \$1,122. Total loss before income taxes was \$627,167 in 2003 compared to \$1,070,416 in 2002. The losses in both 2003 and 2002 are mainly attributed to loss from continuing operations. In 2003, general and administrative expenses consisted mainly of consulting fees, legal fees and accounting costs associated with preparing and filing our public reports. The significantly higher costs in 2002 were due to consulting fees.

As a result of these factors, we realized a net loss of \$720,755 for the year ended December 31, 2003 compared to a net loss of \$1,247,310 for the year ended December 31, 2002.

Net cash used by operations was \$268,702 during the year ended December 31, 2003 compared to net cash provided by operations of \$48,774 for the year ended December 31, 2002. Net cash provided by investing activities was \$13,586 during the year ended December 31, 2003 compared to net cash used by investing activities of \$152,575 for the year ended December 31, 2002. Net cash provided by financing activities was \$248,342 for the year ended December 31, 2003 compared to \$110,500 for the year ended December 31, 2002.

Liquidity and Capital Resources

At December 31, 2003, we had total assets of \$1,080,117. Current assets were \$5 in cash and other assets of \$10,503 in deferred loan costs and \$1,069,609 in deferred stock offering costs.

Current liabilities at December 31, 2003 totaled \$292,460 consisting of \$91,570 in accounts payable, \$85,250 incurred to repurchase common stock, \$68,840 in payable dividends, \$3,755 in accrued interest, and \$43,045 in notes payable.

We anticipate that our operating expenses for the next twelve months will be approximately \$120,000 consisting mainly of consulting fees, legal and auditing expenses relating to our public reports as well as office rental and other expenses. Management believes that our cash needs cannot be met with cash on hand. The Company has incurred significant losses and has yet to be profitable. Further, the Company has liabilities in excess of current assets. Because we have discontinued operations it may become necessary to raise additional capital, and we may consider securing loans from officers and directors, selling additional stock or entering into debt financing. These factors raise

substantial doubt about the ability of the Company to continue as a going concern.

Other than as discussed in this report, we have no material commitments for capital expenditures for the next twelve months.

The Company has entered into an Equity Line of Credit Agreement with Cornell Capital Partners, LP. The agreement requires Cornell to purchase up to \$10,000,000 of the Company's common stock at approximately 90% of market price. The agreement allows the Company to make requests for funds in \$150,000 increments every seven trading days over the next two years. The agreement also provides for a commitment fee of approximately \$290,000 of the Company's common stock and other provisions. As of December 31, 2003, the Company has not used this line of credit.

Offers to Purchase

In October 2002, the Company signed an Offer to Purchase with Coastalmed Inc. and Coastalmed of Panama City, Inc. (collectively Coastalmed). The offer called for the Company to purchase all of the assets of Coastalmed for \$7,000,000 payable as \$4,000,000 cash, \$1,375,000 as a five-year 6.5% note payable with interest-only payments for the first 18 months and \$1,625,000 as Class B preferred stock. This offer expired and was replaced by a new Offer to Purchase signed in January 2003. The new offer called for the Company to purchase 100% of the stock of Coastalmed for \$8,400,000 payable as \$4,900,000 cash, \$1,625,000 as a five-year 6.5% note payable with interest-only payments for the first 18 months and \$1,875,000 as Class B preferred stock.

In September 2002, the Company signed an Offer to Purchase to acquire all of the assets of Quantum Pharmacy Alliance, Ltd. (Quantum). The offer called for the Company to purchase all of the assets of Quantum for one of two financing alternatives at Quantum's option. The first alternative was \$250,000 cash, \$500,000 as a five-year 6% note payable and \$400,000 as Class B preferred stock. The second alternative was \$650,000 as a five-year 6% note payable and \$850,000 as Class B preferred stock. The offer expired without a signed acquisition agreement and consummation of the proposed acquisition is not guaranteed.

INDEPENDENT AUDITORS' REPORT

Board of Directors

AMERICAN HOSPITAL RESOURCES, INC.

Honolulu, Hawaii

We have audited the accompanying balance sheet of American Hospital Resources, Inc. as of December 31, 2003, and the related statements of operations, stockholders' equity and cash flows for the years ended December 31, 2003 and 2002. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements audited by us present fairly, in all material respects, the financial position of American Hospital Resources, Inc. as of December 31, 2003, and the results of its operations and its cash flows for the years ended December 31, 2003 and 2002, in conformity with generally accepted accounting principles in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 11 to the financial statements, the Company has incurred significant losses and not yet been successful in establishing profitable operations. Further, the Company has current liabilities in excess of current assets. These factors raise substantial doubt about the ability of the Company to continue as a going concern. Management's plans in regards to these matters are also described in Note 11. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

The discounts are being amortized over the term of the respective note. Through December 31, 2003, the Company had amortized \$43,045 of the discounts on notes payable as interest expense.

The Company has paid a total of \$14,988 to consultants for negotiating the notes payable. These costs have been deferred and are being amortized over the lives of the respective notes. Through December 31, 2003, the Company had amortized \$4,485 of the deferred loan costs as interest expense.

For the years ended December 31, 2003 and 2002, interest expense on notes payable amounted to \$8,240 and \$1,122, respectively.

NOTE 8 - PREFERRED STOCK

The Company has authorized 10,000,000 shares of preferred stock, no par value, with such rights, preferences and designations and to be issued in such classes and series as determined by the Company's Board of Directors. In December 2002, the Company's Board of Directors designated 5,000,000 shares as Class A and 5,000,000 shares as Class B. In June 2003, the Company's Board of Directors modified the preferred stock distributions to designate 2,600,000 shares as Class A, 5,000,000 shares as Class B and 1,200,000 as Class C. In liquidation, Class A, B and C preferred stock have no preferential rights to any distributions other than payment of accrued dividends.

Class A Preferred Stock - Class A preferred stock is only available to the Company's management, directors and existing shareholders. Each share of Class A preferred stock has the voting rights of five shares of common stock and is convertible at the shareholder's option into five shares of common stock. If shares of the Class A preferred stock are required to be converted as part of a sale or merger of the Company, then each share of Class A preferred stock was convertible into 5.5 shares of common stock. Each share of Class A preferred stock was entitled to receive a \$.0575 annual dividend payable monthly. The total annual dividend for all shares of Class A preferred stock was limited to 50% of the Company's earnings before interest, taxes, depreciation and amortization for the year and the monthly payments were adjusted accordingly. For the six months ended June 30, 2003, the Company had negative earnings before interest, taxes, depreciation and amortization; therefore, no dividends were due on the Class A preferred stock through June 30, 2003. In June 2003, the Company's Board of Directors modified the mandatory conversion and dividend provisions of the Class A preferred stock. Effective July 1, 2003, if there is a merger, reorganization, recapitalization or similar event in which the Company is not the surviving entity, then each share of Class A preferred stock will be converted into 5.5 shares of common stock. Effective July 1, 2003, each share of Class A preferred stock is entitled to receive a cumulative \$.0575 annual dividend payable monthly with no limitation based on earnings. NOTE 10 - INCOME TAXES

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes . SFAS No. 109 requires the Company to provide a net deferred tax asset or liability equal to the expected future tax benefit or expense of temporary reporting differences between book and tax accounting methods and any available operating loss or tax credit carryforwards. At December 31, 2003, the Company has available unused net operating and capital loss carryforwards of approximately \$752,000 and 294,000, respectively, which may be applied against future taxable income and which expire in various years through 2023 and 2008, respectively. If certain substantial changes in the Company s ownership should occur, there will be an annual limitation on the amount of net operating loss carryforwards which can be utilized.

At December 31, 2003, the total of all deferred tax assets is approximately \$417,000 and the total of all deferred tax liabilities is \$0. The amount of and ultimate realization of the benefits from the deferred tax assets for income tax purposes is dependent, in part, upon the tax laws in effect, the future earnings of the Company, and other future events, the effects of which cannot be determined. Because of the uncertainty surrounding the realization of the loss carryforwards, the Company has established a valuation allowance of approximately \$417,000 and \$205,000 at December 31, 2003 and 2002, respectively. The change in the valuation allowance for the year ended December 31, 2003 is approximately \$212,000.
