Item 8.01 Other Events.

On August 29, 2008 the company closed its production facility in Holmesville, Ohio and terminated the production employees. The company's granola bar and penne paste production is not affected. Management has taken this action in order to preserve working capital in response to increases in raw materials, energy and transportation cost. Management believes there is sufficient excess production capacity available from American co-packing sources that there will be no interruption of production supply and delivery. The action also permits the company to focus primarily on marketing while significantly reducing operating costs. The board of directors express their appreciation of the services of the affected employees and regret the negative impact this action will have on the employees.

SIGNATURE
