PROXY STATEMENT

Annual Meeting of Stockholders

to be held July 10, 2006

GENERAL INFORMATION

The Notice of the Annual Meeting of Stockholders, this proxy statement and the accompanying proxy card are being mailed to you commencing on or about May 23, 2006 in connection with your Board's solicitation of proxies to be used at the annual meeting of stockholders to be held at the Wyndham Westshore Hotel, 4860 West Kennedy Boulevard, Tampa, Florida 33609, at 10:00 A.M., local time, on July 10, 2006. A copy of the Company's Annual Report to Stockholders for the fiscal year ended January 31, 2006 is being mailed to you with this document.

All proxies that are either properly executed and delivered or submitted using the Internet will be voted on all matters that properly come before the meeting for a vote. If your proxy specifies instructions with respect to the matters being voted upon, the proxy holders will act in accordance with your instructions. If no instructions are specified, your shares will be voted FOR the election of each of the nominees as a director and in the discretion of the proxy holders as to any other matters that may properly come before the meeting. You have the right to revoke your proxy any time prior to it being voted by (i) delivering a written revocation or duly executed proxy bearing a later date to the Corporate Secretary (at 1212 North Hercules Avenue, Clearwater, Florida 33765) or (ii) attending the meeting and voting your shares in person.

Internet voting procedures are designed to authenticate your identity, allow you to vote your shares and confirm that your instructions have been properly recorded. Specific instructions to be followed by those of you holding shares that are registered in your name who are interested in voting via the Internet are set forth on the proxy card we have enclosed with this document. Those of you holding shares in "street name" should follow the instructions you are given by your bank or broker.

Whether or not you attend the meeting, your vote is important. Accordingly, regardless of the number of shares you own, you are asked to vote promptly by accessing the World Wide Web and voting on the Internet or signing and returning the accompanying proxy card.

Your shares can only be voted at the meeting if you are represented by proxy or are present in person.

VOTING SECURITIES AND VOTING RIGHTS

Your Board has fixed the close of business on May 22, 2006 as the record date for determining the stockholders who are entitled to notice of, and to vote at, the meeting and at any adjournment thereof. On the record date, there were 3,568,939 shares of our common stock outstanding. Each stockholder of record on the record date is entitled to one vote per share held. There are no other classes of voting stock issued and outstanding.

Quorum and Required Vote

A majority of our outstanding common stock entitled to vote at the meeting must be present in person or represented by proxy to have a quorum for the transaction of business at the meeting. Under Delaware law and our Bylaws, the affirmative vote of the holders of a plurality of the shares represented and voting at the meeting at which a quorum is present is required to elect directors. On any other matters that properly come before the meeting, a majority of the shares represented and voting at the meeting is required to decide the question. Shares represented by proxies marked "WITHHOLD AUTHORITY FOR ALL NOMINEES" with regard to the election of directors will be counted for purposes of determining whether there is a quorum at the meeting, but will not be voted in the election of directors, and therefore, will have no effect on the determination of the outcome of the votes for the election of directors. A "broker non-vote" occurs with respect to shares as to a proposal when a broker who holds shares of record in its name is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given. A broker holding your shares in its name will be permitted to vote such shares with respect to the proposal to elect the directors to be voted on at the meeting without instruction from you, and, accordingly, broker non-votes will not occur with respect to the election of directors.

ELECTION OF DIRECTORS

Our Bylaws provide for a classified Board of Directors, with the number of directors which shall constitute the whole Board determined by the Board and consisting of not less than three or more than seven members, as may be fixed from time to time by action of the Board or of the stockholders and the number of classes into which the directors shall be classified being three. Your Board currently consists of five directors in total, two of whom are designated as Class I directors with a term expiring in 2008, two of whom are designated as Class II directors with a term expiring in 2006 and one of whom is designated a Class III director with a term expiring in 2007. At each annual meeting of stockholders, directors in one class are elected for a full term of three years to succeed those directors whose terms are expiring. This year, the two Class II director nominees will stand for election to a three-year term expiring at the 2009 annual meeting. The Nominating/Corporate Governance Committee of the Board has nominated Robert J. McGill and P. Mark Perkins as directors to serve in Class II, and the Board has endorsed such nomination.

The persons named in the enclosed proxy will vote all properly executed proxies for the election of Messrs. McGill and Perkins unless authority to vote is withheld. Each of the nominees has indicated his willingness to serve, if elected. However, if a nominee should be unable to serve, the shares of common stock represented by proxies may be voted for a substitute nominee designated by the Board. Management has no reason to believe that either of the above-mentioned persons will not serve his term as a director.

Set forth below are the names, ages (as of May 31, 2006), principal occupations, and length of service of each of the individuals nominated for election to your Board and each of the other directors who will continue to serve in office following the annual meeting.

Nominees as Class II Directors

Mr. Russo joined us in 1988 and served as a member of the Board from 1999 until 2001. Mr. Russo has over 20 years of experience in the aviation industry.

Meetings and Committees of the Board of Directors

During the fiscal year ended January 31, 2006 ("fiscal year 2006"), the Board held eleven meetings. During fiscal year 2006, each of the then-directors attended at least 75% of the aggregate number of meetings of the Board and meetings of committees thereof on which he served. We encourage all directors to attend the annual meeting of stockholders, in person. In 2005, four of the then-current directors attended the annual meeting.

The Board currently has, and appoints members of, a standing Audit Committee, Compensation Committee, and Nominating/Corporate Governance Committee.

Audit Committee. The Audit Committee is composed entirely of independent directors as determined by the audit committee independent director standards of the American Stock Exchange (Amex). Its members are Thomas E. Whytas (chairman), Robert J. McGill and Donald Russell. During fiscal year 2006, the Audit Committee was composed of Messrs. Whytas, McGill and Vosen. Mr. Vosen passed away in February 2006. The resulting vacancy was filled by Mr. Russell, and he promptly was appointed to the Audit Committee and the Nominating/Corporate Governance Committee as well. The Board has determined that Mr. Whytas is the Audit Committee s designated financial expert. The Audit Committee met six times during fiscal year 2006. The functions performed by the Audit Committee are described in the Audit Committee Report, set forth below, and in the Audit Committee Charter adopted by the Board, a copy of which was provided to stockholders as an appendix to the proxy materials delivered in connection with our 2004 annual meeting.

Compensation Committee. The Compensation Committee members are Donald Russell (chairman), Robert J. McGill and Thomas E. Whytas, each of whom is an "independent" director as determined by standards established by Amex for compensation committees. During fiscal year 2006, the members of the Compensation Committee were Messrs. McGill, Vosen and Whytas. The Compensation Committee, which met six times during fiscal year 2006, has authority as delegated by the Board to review and approve our employee benefit plans and administer our executive compensation plans, as set forth in its Charter.

Nominating/Corporate Governance Committee. The Nominating/Corporate Governance Committee members are Robert J. McGill (chairman), Donald Russell and Thomas E. Whytas, each of whom is an independent director as determined by standards established by Amex for nominating committees. At the beginning of fiscal year 2006, the Nominating Committee consisted of Messrs. McGill, Vosen and Whytas. The Nominating Committee reviews and assesses the composition of the Board, assists in identifying potential new candidates as directors, and submits its recommendations for nomination of directors to the Board. The Nominating Committee also regularly reviews the size and composition of the Board, individual director performance, and level of compensation of directors, and recommends to the Board any changes it deems appropriate. The policies and function of the Nomination Committee are detailed in its Charter, which is currently available at our website at www.aerosonic.com. The Nominating Committee met three times during fiscal year 2006.

Our Bylaws provide that stockholders may make nominations for election to the Board and the Nominating Committee will consider those nominees. To recommend a prospective nominee to the Nominating Committee for consideration at an annual meeting, stockholders must submit the prospective nominee s name and qualifications to the Corporate Secretary, in writing, by delivering or sending such recommendation not less than 90 days nor more than 120 days prior to the anniversary of the preceding year s annual meeting to the following address: Aerosonic Corporation, 1212 North Hercules Avenue, Clearwater, Florida, 33765, Attention: Secretary. Stockholders are urged to assure delivery of their recommendations by arranging for some form of delivery receipt. The Nominating Committee did not receive any nominees during the required time period for consideration at this annual meeting.

The Nominating Committee s policy regarding the consideration and selection of director candidates (whether recommended by directors, members of management, stockholders, or any other persons) is to seek candidates who have a demonstrable record of personal and professional ethics and integrity, business and professional experience, knowledge of our industry, academic achievements, service on other boards of directors, and civic involvement. The Nominating Committee has not set any objective minimum qualifications that must be met by a nominee, but rather

seeks to identify candidates with outstanding backgrounds and experience as measured by the above selection criteria.

The Nominating Committee's process for identifying and evaluating director nominees includes active solicitation of suggestions from our management, as well as engaging in an active dialogue with executives and directors within our industry and in related industries. The Nominating Committee also considers nominations submitted by stockholders as discussed above. The Nominating Committee requires a careful background check by an independent contractor of any candidate it deems as an appropriate nominee, before making a recommendation of that person to the Board. The Company has not paid any fees to third parties to identify or evaluate or assist in identifying or evaluating potential nominees, but may consider the use of such third parties in the future.

Compensation of Directors

Outside directors are paid \$3,000 for each Board meeting they attend, whether in person or by phone. Prior to December 2005, independent committee members were paid an additional \$1,500 for each committee meeting they attended. In December 2005, the Board approved a change in the compensation of independent directors for their service on Board committees. Each independent committee member now receives an annual grant of shares of our common stock, valued at \$15,000 (rounded to the next whole share), for their committee service. An award of 2,113 shares of our common stock for the period from August 1, 2005 through July 31, 2006 was made to Messrs. McGill, Vosen and Whytas on December 7, 2005 based on the closing price of our common stock on that date. A tabular presentation of the compensation for outside directors for fiscal year 2006 is as follows:

	Board Meetings	Committee Meetings - Cash	Committee Meetings Equity⁽¹⁾
Robert McGill	\$ 30,000	\$ 7,500	\$ 15,002
William Parker	3,000	3,000	-
David Vosen	33,000	9,000	15,002
Thomas Whytas	33,000	7,500	15,002
All Directors, as a group	\$ 99,000	\$ 27,000	\$ 45,006

⁽¹⁾ 2,113 shares of our common stock awarded to each of the directors on December 7, 2005, based on the closing price of \$7.10 per share on the award date.

Communications to the Board from Stockholders

The Board welcomes communications from our stockholders, and requests that all such communications be sent to the Aerosonic Corporation, 1212 North Hercules Avenue, Clearwater, Florida 33765, Attention: Corporate Secretary. All communications that relate to matters that are within the scope of responsibilities of the Board or its committees will be forwarded to the appropriate directors by the Corporate Secretary. Communications also may be addressed to one or more directors, or to the entire Board. If a stockholder requests that any such communication be treated as confidential and delivered only to one or more directors, it may be submitted in a sealed envelope with a request that the communication be treated as a confidential matter for immediate delivery to the intended recipient(s).

Code of Conduct

We have adopted a Code of Conduct that includes a code of ethics that applies to all of our employees and directors (including our principal executive officer and our principal finance and accounting officer). This Code of Conduct is posted on our website and is available for review at www.aerosonic.com/conduct.htm.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and specified officers to file reports on Forms 3, 4 and 5 with respect to their ownership and changes in ownership of our equity securities with the SEC and the AMEX and to furnish us with copies of these reports.

Based solely upon a review of the copies of these Form 3, 4, and 5 reports and amendments that we received, and certain written representations that we received from these persons, we believe that all applicable filing requirements were complied with for fiscal year 2006 and do not know of any persons who may have failed to file on a timely basis any required form, except as follows:

Messrs. Baldini, Colbert, Perkins and Russo, executive officers of Aerosonic and, in the case of Messrs. Baldini and Perkins, directors, did not timely file Form 4s reflecting the grant of an option to purchase shares of our common stock on June 9, 2005.

Certain Relationships and Related Party Transactions

Aerosonic has maintained a long-standing business relationship with the Commercial Infrared division of Raytheon Company. In late 2004, L-3 Communications Corporation acquired this business from Raytheon and renamed it L-3 Communications Infrared Products. Aerosonic has continued its business relationship with the Infrared Products division. During fiscal year 2005 and fiscal year 2006, sales to this division amounted to \$403,000 and \$302,000, respectively. These sales were made on terms at least as favorable as would have been available to other parties and Aerosonic intends to continue its dealings with the Infrared Products division going forward on similar terms. Based on the pertinent facts and circumstances and taking into consideration all applicable laws, regulations and stock exchange listing requirements, the Board has determined that this ongoing relationship is not material and does not affect the independence of Messrs. McGill and Whytas.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The primary goals of our executive compensation are to incentivize and reward superior executive performance and encourage diligence, hard work and dedication. By doing so, we hope to attract and retain the best available people and create long-term stockholder value. In an effort to meet these objectives, in fiscal year 2006, the Compensation Committee, together with the full Board, approved new employment agreements with each of our executive officers. These agreements are more fully discussed in the section of this document entitled "Employment Agreements and Other Arrangements" on page 11. In an effort to more closely align the interests of our executives with those of our stockholders, we also awarded each of our executive officers stock options under the Aerosonic 2004 Stock Incentive Plan.

The primary element of our executive compensation is base salary. Executive officers' base salary is determined by each officer's employment agreement with us, and is reviewed on an annual basis. Executive officers' employment agreements do not set any required bonus amount or guarantee any bonus. However, each year we reward superior executive performance through bonuses, although bonuses are typically a small component of each executive's overall compensation. We believe that this structure allows us the flexibility to reward performance without creating a system where annual bonuses are paid without regard to our performance and are viewed as an entitlement rather than an incentive and reward.

In determining executive compensation, bonuses and any increases in base salary, we rely primarily upon our assessment of each executive's performance and potential to enhance long-term stockholder value. We rely upon our judgment of numerous factors, and not solely upon set numerical performance data or similar guidelines. We do not use short term changes in our stock price as a guide in determining executive compensation. Key factors affecting our judgments include the nature and scope of each executive's responsibilities, effectiveness, productivity and growth. Of course, in order to attract and retain talented executives, our executive compensation also is calibrated by comparison to the executive compensation of executives at similarly sized and situated companies in our geographic area.

With respect to compensation paid for the fiscal year ended January 31, 2006, the Compensation Committee reviewed the performance of each of our executive officers with the full Board for the purposes of determining the base salary of each, the amounts of any cash bonuses and other benefits, if any, to be paid or granted in consideration for the services that were provided during the fiscal year ended January 31, 2006.

We analyzed several factors, both qualitative and quantitative, in determining overall compensation packages for fiscal 2006 in order to tie financial rewards paid to our executive officers, including the Chief Executive Officer, to both our then-current and expected future financial performance. In reviewing our fiscal 2006 performance, including the improvement in core product revenues, the results of our major development contract with a significant customer, the development in fiscal 2006 of new products targeted for introduction during the upcoming 2006 fiscal year, the evaluation of financial performance metrics such as revenue, EBIT, cash flows, earnings per share, and the contributions of each executive officer with respect to our performance for such period, the Compensation Committee recommended, and the Board determined, that each executive officer, including the Chief Executive Officer, was entitled to the base salary, cash bonus and other compensation reported as having been paid based on such executive officer's individual performance.

Basis for Chief Executive Officer Compensation. The Compensation Committee uses the same procedures described above for all other executive officers in setting the annual salary and bonus for David A. Baldini, our Chief Executive Officer. The Compensation Committee evaluates Mr. Baldini's performance at least annually based upon both our financial performance and the extent to which our strategic and business goals are met.

The Compensation Committee of the Board of Directors held six meetings during the fiscal year ended January 31, 2006.

Employment Agreements and Other Arrangements

The Board approved Amended and Restated Employment Agreements between us and each of the named executive officers and became effective on November 28, 2005. Each of the agreements requires certain minimum performance standards for the executive officer and includes confidentiality and non-compete provisions, among others. Each of the agreements may be terminated by us for, among other reasons, a material breach by the executive officer or a determination by the Board to terminate the agreement, with or without cause. Each of the agreements provides that in the event it is terminated by the Board, the executive officer shall continue to be bound by the non-compete provisions for a period of three years and (unless such termination is for specified breaches or certain other events) shall continue to receive his annual salary during such time. In addition, each of the new agreements provides for automatic renewal each November 28th, absent earlier non-renewal and for certain severance payments and benefits to be given to the executive officer following a change in control if his employment is terminated either by us without cause or by the executive officer during the term in effect at the time of the change in control or within 18 months following the change in control after a material change in the terms of his employment.

In accordance with its written Charter, the Audit Committee assists the Board in fulfilling its responsibility for oversight of management and its auditors in respect of corporate accounting, financial reporting practices, and the quality and integrity of our financial reports. The independent auditors, not the Audit Committee, are responsible for planning and conducting independent audits of our financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and applicable laws and regulations.

In this context, the Audit Committee has met and held discussions with our management and independent auditors. In performing all of these functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of management and our independent auditors, which, in their report, express an opinion on the conformity of our audited financial statements to accounting principles generally accepted in the United States. In reliance on the reviews and discussions referred to in this Report and in light of its role and responsibilities, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended January 31, 2006.
