PROXY STATEMENT FOR 2005 ANNUAL MEETING

GENERAL INFORMATION ABOUT VOTING

Who can vote?

You can vote your shares of common stock if our records show that you owned the shares on January 25, 2005. A total of 10,061,789 shares of common stock can vote at the annual meeting. You get one vote for each share of common stock. We do not recognize cumulative voting for the election of our directors. The enclosed proxy card shows the number of shares you can vote.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the annual meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope. The proxyholders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxyholders will vote for you on that proposal. Unless you instruct otherwise, the proxyholders will vote for each of the five directors and for the ratification of Tullius Taylor Sartain & Sartain LLP as independent auditors.

What if other matters come up at the annual meeting?

The matters described in this proxy statement are the only matters we know will be voted on at the annual meeting. If other matters are properly presented at the meeting, the proxyholders will vote your shares as they see fit.

Can I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you can change your vote either by giving our secretary a written notice revoking your proxy

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person.

If your shares are held in the name of your broker, a bank, or other nominee, that party should give you instructions for voting your shares.

How are votes counted?

We will hold the annual meeting if holders of a majority of the shares of common stock entitled to vote either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card. Votes will be tabulated by an inspector of election appointed by our board of directors. Abstentions from voting, which you may specify on the ratification of the appointment of Tullius, Taylor, Sartain & Sartain LLP as independent auditors, will have the effect of a negative vote.

If your shares are held in the name of a nominee, and you do not tell the nominee how to vote your shares (so-called "broker nonvotes"), the nominee may vote them on the proposals to elect directors and to ratify the appointment of Tullius Taylor Sartain & Sartain LLP as our independent auditors. Additionally, broker nonvotes will be counted as present to determine if a quorum exists.

Who pays for this proxy solicitation?

The accompanying proxy is solicited

Edgar Filing: ADVANTAGE TECHNOLOGIES GROUP INC - Form DEF 14A

card or by signing, dating and returning to us a new proxy card. We will honor the proxy card with the latest date. Attendance at the annual meeting will not, by itself, revoke your proxy card.

Can I vote in person at the annual meeting rather than by completing the proxy card?

by and on behalf of our board of directors, and the entire cost will be paid by us. In addition to sending you these materials, some of our employees may contact you by telephone, by mail or in person. None of these employees will receive any extra compensation for doing this, but they may be reimbursed for their out-of-pocket expenses incurred while assisting us in soliciting your proxy.

Report of the Compensation Committee

The Compensation Committee of our board of directors is comprised of three directors who are not officers of the Company. The Compensation Committee is responsible for the review of the performance of Kenneth Chymiak and David Chymiak, who are the only executive officers of the Company. The performance of the executive officers of the Company is reviewed in light of the performance of the Company and the Company's working capital position and prospects. The Committee does not assign relative weights to the factors considered in setting compensation, but rather considers all factors as a whole. In determining compensation levels, the Committee has not set specific performance targets for officers to attain in order to earn any specific component of compensation.

The Committee and the board of directors have considered other companies in the telecommunications industry and reviewed, to the extent such information was available, the compensation paid to the Chief Executive Officer and other executive officers of those companies. As a result of such review, the board of directors has concluded that the compensation levels of the Company's executive officers are in the lower range of compensation paid by comparably situated companies. There have been no material increases in salary or other compensation paid to the executive officers in the past three fiscal years.

At the present time, the Company maintains its 1998 Incentive Plan for the purpose of awarding options to its directors, executive officers and other key employees. Stock options were granted to the executive officers during fiscal 2004 as described herein under "Summary Compensation Table."

The Company's future compensation policies will be developed in light of the Company's profitability and with the goal of rewarding members of management for their contributions to the Company's success.

Compensation Committee Interlocks and Insider Participation

During 2004, none of the Company's executive officers served on the board of directors or on the compensation committee of any other entity who had an executive officer that served either on the Company's Board of Directors or on its Compensation Committee.

The Corporate Governance and Nominating Committee has adopted a policy with regard to the consideration of director candidates recommended by shareholders. The Corporate Governance and Nominating Committee will consider director candidates recommended by any shareholder holding 10,000 shares of our common stock for at least 12 months prior to the date of submission of the recommendation or nomination. Additionally, a recommending shareholder shall submit a written statement in support of the candidate, particularly within the context of the criteria for board membership, including issues of character, judgment, age, independence, expertise, corporate experience, length of service, other commitments and the like, personal references, and a written indication by the candidate of his/her willingness to serve, if elected, and evidence of the nominating person's ownership of our stock sufficient to meet any applicable stock ownership requirements set forth in our corporate governance guidelines.

A shareholder that instead desires to nominate a person directly for election to the board must meet the deadlines and other requirements set forth in the Company's bylaws and the rules and regulations of the Securities and Exchange Commission.

The Corporate Governance and Nominating Committee's criteria and process for identifying and evaluating the candidate that it selects, or recommends to the full board for selection, as director nominees, are: (i) regular review of composition and size of the board; (ii) review of qualifications of candidates properly recommended or nominated by any qualifying shareholder; (iii) evaluation of the performance of the board and qualification of members of the board eligible for re-election; and (iv) consideration of the suitability of each candidate, including current members of the board, in light of the size and composition of the board. After such review and consideration, the Corporate Governance and Nominating Committee will recommend a slate of director nominees.

While the Corporate Governance and Nominating Committee has not established specific minimum requirements for director candidates, the committee believes that candidates and nominees must reflect a board that is comprised of directors who: (i) are predominantly independent; (ii) are of high integrity; (iii) have qualifications that will increase overall board effectiveness; and (iv) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

The Corporate Governance and Nominating Committee is comprised of three directors who are not officers of the Company. Under currently applicable rules, all members are "independent" as defined under the American Stock Exchange listing standards. A copy of the Corporate Governance and Nominating Committee Charter is posted on our website at www.addvantagetech.com.

Chymiak, purchased from TULSAT Corporation on September 30, 1999, the real estate and improvements comprising the headquarters and a substantial portion of the other office and warehouse space of TULSAT Corporation for a price of \$1,286,000. The price represents the appraised value of the property less the sales commission and other sales expenses that would have been incurred by TULSAT Corporation if it had sold the property to a third party in an arm's-length transaction. TULSAT Corporation entered into a five-year lease commencing October 1, 1999 with Chymiak Investments, L.L.C. covering the property. Chymiak Investments Inc., which is owned by Kenneth A. Chymiak and his wife, Susan C. Chymiak, owns three other properties leased to TULSAT Corporation for five-year terms (all ending in 2008).

The Company had outstanding, unsecured shareholder loans of \$800,000 at September 30, 2003. Of this amount, \$650,000 was payable to revocable trusts for the benefit of Kenneth A. Chymiak and his wife and \$150,000 was payable to David E. Chymiak. The interest rate on the notes was 1.25% below the Chase Manhattan Bank Prime, which was the same rate as the Company's bank line of credit. The total interest paid on the notes was \$19,134 in 2004. These notes were repaid in August and September 2004.

The Company leases various properties primarily from two companies owned by David E. Chymiak and Kenneth A. Chymiak as discussed above. Future minimum lease payments under these leases are as follows:

SEC regulations impose specific due dates for these reports and we are required to disclose in this proxy statement any failure to file by these dates during fiscal 2004.

Based solely on the review of the copies of these reports furnished to us and written representations that no other reports were required, during and with respect to the fiscal year ended September 30, 2004, we believe that these persons have complied with all applicable filing requirements.
