Item 1.01. Entry into a Material Definitive Agreement.

As previously disclosed, on January 31, 2018, Northern Oil and Gas, Inc. (the “Company”) entered into an agreement (as amended, the “Exchange Agreement”) with holders (the “Supporting Noteholders”) of approximately \$497 million, or 71%, of the aggregate principal amount of the Company’s outstanding 8.000% Senior Notes due 2020 (the “Outstanding Notes”), pursuant to which the Supporting Noteholders have agreed to exchange all of the Outstanding Notes held by each such Supporting Noteholder for approximately \$155 million of the Company’s common stock, par value \$0.001 (the “Common Stock”), and approximately \$344 million in aggregate principal amount of new senior secured second lien notes due 2023 (the “Second Lien Notes”) (such proposed exchange, the “Exchange Transaction”). The closing of the Exchange Transaction had been conditioned upon, among other things, the Company raising at least \$156 million in total value comprised of (i) at least 50% in new cash contributions from the sale of Common Stock and (ii) no more than 50% from the fair market value of additional assets acquired, which assets would represent non-operating interests in the Williston Basin shale play (the “Equity Raise”).

On April 2, 2018, the Company and the Supporting Noteholders entered into a second amendment to the Exchange Agreement (the “Amendment”). Among other things, the Amendment reduced the minimum amount of the Equity Raise to \$140 million in gross proceeds while providing the Common Stock in the Equity Raise be issued solely for cash. The Amendment also changed the expiration date of the Exchange Agreement from May 31, 2018 to May 15, 2018. The foregoing summary is qualified in its entirety by reference to the text of the Amendment, which is filed as Exhibit 10.1 hereto and is incorporated herein by reference.
