INDEPENDENT AUDITORS REPORT

Edgar Filing: STATION CASINOS INC - Form 11-K

To the Trustees and Participants of
Station Casinos, Inc. 401(k) Retirement Plan

We have audited the accompanying statements of net assets available for benefits of the Station Casinos, Inc. 401(k) Retirement Plan (the Plan) as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic 2002 financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan s management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2002 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2002 financial statements taken as a whole.

STATION CASINOS, INC.

401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2002 AND 2001

1. **Description of the Plan**

The following description of the Station Casinos, Inc. 401(k) Retirement Plan (the Plan) provides only general information of the Plan, which has been legally established through a formal retirement Plan Document and Trust Agreement as amended. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

a. **General**

The Plan is a qualified, defined contribution plan that provides participant-directed investment programs to all eligible employees of Station Casinos, Inc. (the Company) who have completed 90 days of service for the Company and have attained the age of 21. Employees who are non-resident aliens that work outside of the United States, individuals covered by a collective bargaining contract and leased employees are not eligible to participate. In addition, employees covered by a collective bargaining agreement, where retirement benefits were the subject of full good faith collective bargaining, are not eligible to participate in the Company's Plan, unless such participation has been specifically agreed to within the collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

b. **Contributions, Vesting and Allocation**

Participants may make contributions to the Plan of any amount up to 19% of their annual compensation, but not to exceed the maximum dollar limit set by the Internal Revenue Service each year. Participants may make rollover contributions to the Plan. All participant contributions are immediately 100% vested and are nonforfeitable. Subject to the limitations described below, the Company makes matching contributions to the Plan on behalf of each participant in an amount equal to 50% of the first 4% of compensation that a participant contributes to the Plan as pre-tax contributions. A participant is credited with a year of service for vesting purposes upon completion of 501 hours of service during the Plan year. A participant begins to vest in that portion of his or her account attributable to the Company's matching contributions as follows:

Vesting Service	Vesting %
Less than 1 year	0
1 year	20

2 years	40
3 years	60
4 years	80
5 or more years	100

Each year the Company may make an additional discretionary profit sharing contribution to the Plan. The discretionary contribution would be allocated among the accounts of eligible participants. Participants become 100% vested in the discretionary contribution after five years of service. In the event of termination of a participant by reason of death or disability, the full value of the participant's account as of the immediately preceding valuation date becomes vested.

All contributions are invested in multiples of 1% as designated by the participant. A participant may direct his/her contributions into any of 15 investment options, one of which is the Station Casinos, Inc. Common Stock Fund (STN Stock Fund). A participant may only invest up to 20% of his or her account balance in the STN Stock Fund. A participant may change his/her investment options monthly, subject to certain Plan provisions. Participants should refer to the Plan documents for a complete description of the investment options as well as for the detailed composition of each investment fund.

c. Forfeitures

The portion of a participant's account that is not vested is forfeited when the participant terminates employment with the Company. These forfeitures shall first be used to pay administrative expenses of the Plan and then are used to reduce future employer contributions payable under the Plan. Forfeitures for the years ended December 31, 2002 and 2001 were approximately \$502,000 and \$152,000, respectively. During 2002 and 2001, the Company applied approximately \$4,400 and \$2,600, respectively of forfeiture funds to administrative expenses of the Plan and the balance was retained in the Plan.

d. Payment of Benefits

Upon normal retirement or death, vested benefits from the Plan in excess of \$5,000 may be paid in either the form of a lump sum cash payment of the participant's account, or in a series of payments over a period not to extend beyond the life expectancy of the participant or the joint life expectancy of the participant and the participant's beneficiary. Participants with a vested account balance of less than \$5,000 will receive a distribution in the form of a lump sum payment.

In certain limited situations, additional forms of distribution available under a previous version of the Plan may be grand fathered and remain available under the Plan. Participants shall be entitled to receive a distribution of all or any portion of all vested account balances upon attainment of age 59½.

Any participant who terminates employment with the Company shall be entitled to receive the value of the vested portion of his or her account no later than the sixtieth day after the close of the plan year in which the participant terminates employment.

Participants may withdraw from their account once they have attained age 59 1/2. Participants may also withdraw from their account, without regard to age, in the event of extreme hardship.

e. Participant Loans

Subject to the rules and limitations contained in the Plan, a participant is able to request a loan up to \$50,000, but not to exceed 50% of the vested amount credited to his or her account. At December 31, 2002 and 2001, there were outstanding participant loans in the amount of \$2.9 million and \$2.8 million, respectively, which approximate the fair value of the loans. The participant loans bear interest at rates commensurate with those charged by persons in the business of lending money for loans that would be made under similar circumstances, which for the year ended December 31, 2002 and 2001 ranged from 5.25% to 10.50%. The loans require equal repayments of principal and interest (with payments not less than quarterly) over a period not to exceed five years.

f. Administration

The Plan is administered by a committee designated by the Company's Board of Directors (the Administrative Committee).

g. Plan Expenses

Plan expenses consist of administrative expenses that are paid by the trust fund if not paid by the Company. The Administrative Committee directs payments of such fees. Plan fees and expenses for the years ended December 31, 2002 and 2001 were approximately \$36,400 and \$35,200, respectively, the majority of which were related to participant loan fees.

2. Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

d. Investment Valuation and Income Recognition

Investments are stated at their current market value measured by the latest available quoted market prices in active markets. Participant loans are valued at cost plus accrued interest, which approximates fair value. Investment income is recorded as earned on a daily basis.

e. Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

3. Investments

Investments are summarized in the following schedule. Investments that represent 5% or more of the Plan's net assets are separately identified and all remaining investments are included in other.

	December 31,	
	2002	2001
Mutual Funds:		
Scudder Capital Growth Fund	\$ 10,876,944	\$ 7,993,698
Scudder Agressive Growth Fund	2,237,511	3,197,248
Janus Overseas Fund	2,001,940	2,114,588
Pimco Total Return Fund	1,797,589	535,804
Scudder Large Company Growth Fund		6,809,235
Other	6,908,687	6,474,456
Total mutual funds	23,822,671	27,125,029
Collective Investment Trust:		
Scudder Stable Value Fund	5,917,202	5,470,161
Station Casinos, Inc. Common Stock	2,588,322	1,783,430
Participant Loans	2,851,297	2,776,733
Total Investments	\$ 35,179,492	\$ 37,155,353

During 2002 and 2001, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in value as follows:

	December 31,	
	2002	2001
Mutual Funds	\$ (7,647,586)	\$ (7,239,269)
Collective Investment Trust		
Station Casino Stock Fund	964,364	430,099
Net depreciation of investments	\$ (6,683,222)	\$ (6,809,170)

The Plan invests in various securities as detailed above. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of certain investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

4. **Benefits Payable**

There were no benefits payable as of December 31, 2002 and 2001.

5. **Income Tax Status of the Plan**

The Internal Revenue Service has determined and informed the Company by a letter dated February 10, 1995, that the Station Casinos, Inc. 401(k) Plan (the Former Plan) was qualified and the Trust established under the Former Plan was tax-exempt, under the appropriate sections of the Internal Revenue Code. The Company adopted the Plan on January 1, 1999, and the Former Plan was converted to the Plan on February 1, 1999. The Administrative Committee and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan and all amendments to the Plan are qualified, and the related trust was tax-exempt as of December 31, 2002 and 2001.

6. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants will become 100% vested in their account balances.

7. **Transfers To Other Qualified Retirement Plans**

On December 18, 2001, the Company opened Green Valley Ranch Station (GVR). GVR is owned by a 50/50 joint venture between the Company and GCR Gaming. The previous employees of the Company who subsequently became employees of GVR were given the option to either withdraw their vested funds from the Plan, or have their funds transferred to the Green Valley Ranch 401(k) Retirement Plan. The balances of the accounts in the Plan belonging to those employees who subsequently became employees of GVR were transferred to that plan on February 15, 2002. The total amount of funds transferred was approximately \$1.6 million.

On September 30, 2001, the Company completed the sale of Southwest Gaming Services, Inc. (SGSI), its wholly owned subsidiary. On December 20, 2000, the Company completed the sale of substantially all of the assets of St. Charles Riverfront Station and Kansas City Station Corporation (collectively the Missouri Properties). The employees of SGSI and the Missouri Properties who were participants in the Plan became 100% vested upon the respective sale dates. They were also given the option to either withdraw their vested funds from the Plan, or have their funds transferred to another plan. The balances of the accounts in the Plan belonging to those employees who subsequently became employed by the purchaser of SGSI were transferred to that plan on January 2, 2002. The total amount of funds transferred was approximately \$223,000. The balances of the accounts in the Plan belonging to those employees who subsequently became employed by the purchaser of the Missouri Properties were transferred to that plan on February 15, 2001. The total amount of funds transferred was approximately \$6.6 million.

8. **Parties-In-Interest**

Certain Plan investments are shares of mutual funds managed by Scudder Retirement Services, the Plan's recordkeeper, therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative and investment management services and loan origination costs amounted to approximately \$36,400 and \$35,200 for the years ended December 31, 2002 and 2001, respectively. All other Plan expenses are paid by the Company.
