ITEM 8.01 Other Events.

On December 21, 2004, Tenet Healthcare Corporation issued a press release announcing that it had reached an agreement in principle with lawyers representing former cardiac care patients at Redding Medical Center to settle substantially all patient litigation against the company and its subsidiaries arising out of allegations that unnecessary medical procedures were performed at the hospital before November 2002. Tenet also announced that the Redding settlement would cause the company to breach certain financial covenants in its existing bank credit line, which is currently undrawn. Therefore, the company said it is in its best interests to terminate the credit line before the end of this year and negotiate a new bank credit line early next year. The press release is attached as Exhibit 99.1.
