Item 1. **Reports to Stockholders.**

SHAREHOLDER LETTER

October 31, 2005

Dear Shareholders:

On behalf of the Board of Trustees, I am pleased to announce that the Reaves Utility Income Fund has delivered a one-year total return on investment of more than 21% of net asset value per common share, with dividends reinvested. Return on market price was more than 14% per common share, again assuming dividends are reinvested.

Additionally, since December 2004, the fund has continued to pay a dividend of \$0.10 per common share, a 3.4% increase over the monthly dividend paid prior to that date. Those shareholders invested in the Fund since the first dividend record date in April 2004 have received dividend payments totaling approximately \$1.87 per share. Over the past 12 months, 88.49% of those dividends have been qualified dividend income, which are taxed at a maximum 15% federal rate, as opposed to a rate as high as 35% for non-qualifying and other types of dividend income. This presents a significant tax advantage to our shareholders.

Total assets in the fund have grown to approximately \$749 million, up from approximately \$687 million one year ago.

These numbers reflect the fact that utilities remain the highest yielding sector of the domestic stock market.

In other fund news, in September the board of Directors of W. H. Reaves announced the election of Ronald J. Sorenson as Vice Chairman and Chief Executive Officer of the firm. Mr. Sorenson succeeds William H. Reaves, the founder of the firm, who will remain as Non-Executive Chairman. Mr. Sorenson will also succeed Mr. Reaves as portfolio manager of the Reaves Utility Income Fund.

Mr. Sorenson joined W.H. Reaves in 1991 and has 24 years of experience in the investment management industry. On behalf of the Board of Trustees and Officers, I congratulate him on his promotion and thank William Reaves for his many years of dedicated service.

The portfolio managers provide detailed fund commentary and analysis on the pages that follow, along with full holdings and financial statements. Feel free to contact us with any questions about the fund by calling 1-800-644-5571 or visiting www.utilityincomefund.com.

Sincerely,

Edgar Filing: REAVES UTILITY INCOME FUND - Form N-CSR

Ned Burke

President, Reaves Utility Income Fund

MANAGEMENT DISCUSSION & ANALYSIS

October 31, 2005

We are pleased with the results for the year fiscal year ended 10/31/2005. The net asset value (NAV) of the Fund increased 14.7% to \$22.12 and the stock price increased 8.1% to \$19.46, excluding any reinvestment of dividends. During the fiscal year the Fund paid 12 monthly dividends. The first two were at the rate of \$0.0967/share and the subsequent ten were at \$0.10/share, following a 3.4% dividend increase in December 2004. Stock price performance plus reinvested dividends produced a total return of 14.7%.

Throughout the year we focused on the twin priorities of generating yield to meet our dividend commitment and growing NAV. In some cases we were able to achieve both objectives with the same investment. The old AT&T is a good example. We believed the shares to be undervalued and thought that the dividend was not only sustainable, but could actually grow. We were rewarded when SBC Communications announced its acquisition of AT&T, at a premium price, as well as a special \$1.30 dividend to AT&T shareholders, paid in November.

Throughout the year, the common stock of electric utilities averaged about 47% of the portfolio. Duke Energy, which raised its dividend 12.7%, continues to be our largest holding at 7.1%. In May, Duke and Cinergy announced they were merging in a transaction valued at approximately \$7.5 Billion. Duke is in the midst of a successful restructuring which should reduce operating costs, rationalize assets and create opportunities for growth. With the dividend increase and 4.7% current yield, Duke contributed, like AT&T, to the Fund's dividend growth and yield objectives.

Constellation Energy participates in the growth of the U.S. merchant power markets. Although the dividend yield is relatively low, as of this writing 2.53%, the company raised the dividend 20% in early 2005 and is expected to continue to raise the dividend as a result of expected earnings growth. This was the third consecutive dividend increase since the merchant power industry problems of 2001. Exelon is another example of the portfolio's exposure to growth opportunities. Because of its large efficient nuclear fleet producing low cost power, the company benefits disproportionately from the rising price of natural gas which sets the marginal price of power in many of its markets. The result was strong earnings growth, a 31% dividend increase in December 2004, and expectation of continued future dividend growth.

The telephone sector, particularly rural telecom, proved to be a significant source of dividend income for the Fund, with an average yield of 5.75% over the year. The large cash flow of the regional bell operating companies enabled dividend increases from 3.2% to 7.4%. Telcos face challenges however, as competition with cable intensifies and the required level of

investment in new broadband and wireless technology continues to increase. In addition to the U.S. regional bell operating companies, the portfolio holds shares of companies based in Canada and New Zealand, where the competitive pressures are less intense and the regulatory regimes somewhat more benign. The Fund participated in European telco buy out activity through investment in TDC/AS which is to be taken private. Telecom common holdings averaged about 19% of the portfolio during the year.

The Fund's ability to invest up to 20% of assets outside the utility sector produced meaningful dividend income and capital growth from selected investments in the energy and consumer staples sectors. Energy companies will continue as Fund investments, given their ability to grow dividends and buy back stock with their large free cash flows. The consumer staples sector is concentrated in tobacco companies. Litigation risk continues to decrease and the companies are raising their already above-market dividends.

The 15% tax rate on qualified dividends and increased investor desire for income supported by a major demographic trend, retirement of the Baby Boomers looking for current investment income, has increased company managements attention to dividends. As a result qualified special dividend distributions occur which serve to boost dividend income. The fund earned special dividends from Todco, an oil service company and ENEL, an Italian electric utility. Shortly after the close of the fiscal year the special AT&T dividend was declared and paid.

Preferred stock holdings, yielding 6.9%, accounted for 8.5% of the portfolio at the end of the period.

As expected, investor concerns about rising interest rates contributed to volatility. The most serious impact came at the beginning of October 2005 when market participants concluded that Federal Reserve is not in the eighth inning of interest rate increases. The portfolio continues to be positioned defensively against volatility caused by fear of rising interest rates with selected investments in consumer staples and energy. More importantly it has been our experience that the share price of utilities which periodically raise their dividends finds support even during times of rising interest rates.

During the period, the cost of leverage, represented by dividends on the auction market preferred stock, rose in tandem with the rise in short-term rates. The preferred stock yield rose from 1.9% to 3.9% at fiscal year end. The preferred stock dividend yield increase was expected, and at least two further quarter point increases are expected in fiscal 2006. In our experience utility stock price declines triggered by investor fears of rising interest rates provide the Fund opportunities to improve the total return of the portfolio.

Edgar Filing: REAVES UTILITY INCOME FUND - Form N-CSR

The top five holdings of the Fund as of October 31, 2005 were Duke Energy, 7.1%, Ameren Corporation, 5.8%, Altria Group, 5.4%, Great Plains Energy, 5.1%, and AT&T, 4.1%.

As we position the portfolio for 2006, we remain focused on commodity prices, interest rates, and the regulatory environment. We expect commodity prices to be volatile and possibly moderate to the downside. The repeal of the Public Utilities Holding Act as well as other provisions of the Energy Act, which focuses on the urgent requirement for meaningful investment to upgrade the electric and gas infrastructure in the US, should pave the way for increased investment and earnings growth for selected utilities. Berkshire Hathaway's announced acquisition of PacifiCorp presages further consolidation in the industry. We continue to actively manage the portfolio and remained focused on identifying opportunities to grow the net asset value and the Fund's monthly dividend.

Respectfully submitted,

Ronald J. Sorenson

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Trustees and Shareholders of Reaves Utility Income Fund
Denver, Colorado

We have audited the accompanying statement of assets and liabilities of the Reaves Utility Income Fund (the Fund), including the statement of investments, as of October 31, 2005, and the related statement of operations, statement of changes in net assets, and financial highlights for the year ended October 31, 2005. The statement of changes in net assets and financial highlights of Reaves Utility Income Fund for the period ended October 31, 2004 were audited by other auditors whose report, dated December 17, 2004 expressed an unqualified opinion on those statements. These financial statements and financial highlights are the responsibility of the Fund s management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of October 31, 2005, by correspondence with the custodian and brokers. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Fund as of October 31, 2005, the results of its operations, changes in its net assets, and the financial highlights for the year ended October 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

Average market value per share (5)	\$	25,000	\$	25,000

** For the period February 24, 2004 (inception) to October 31, 2004.

(1) Total investment return is calculated assuming a purchase of a common share at the opening on the first day and a sale at closing on the last day of each period reported. Total investment return on net asset value excludes a sales load of \$.90 per share. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust's dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Total investment returns for less than a full year are not annualized. Past performance is not a guarantee of future results.

- (2) Annualized.
- (3) Ratios do not reflect dividend payments to preferred shareholders.
- (4) Average managed assets represent net assets applicable to common shares plus liquidation value of preferred shares.
- (5) Based on weekly prices.
- (6) Amount does not include dividends on preferred shares.

NOTES to FINANCIAL STATEMENTS

October 31, 2005

1. SIGNIFICANT ACCOUNTING AND OPERATING POLICIES

Reaves Utility Income Fund is a closed-end management investment company (the Fund) that was organized under the laws of the state of Delaware by an Agreement and Declaration of Trust dated September 15, 2003. The Fund is a non-diversified series with an investment objective to provide a high level of after-tax income and total return consisting primarily of tax-advantaged dividend income and capital appreciation. The Declaration of Trust provides that the Trustees may authorize separate classes of shares of beneficial interest. The Fund commenced operations on February 24, 2004. The Fund's common shares are listed on the American Stock Exchange and trade under the ticker symbol UTG.

The Fund may have elements of risk, including the risk of loss of principal. There is no assurance that the investment process will consistently lead to successful results. An investment concentrated in sectors and industries may involve greater risk and volatility than a more diversified investment.

The following summarizes the significant accounting policies of the Fund.

Security Valuation: The net asset value per common share of the Fund is determined no less frequently than daily, on each day that the American Stock Exchange (the Exchange) is open for trading, as of the close of regular trading on the Exchange (normally 4:00 p.m. New York time). Securities held by the fund for which exchange quotations are readily available are valued at the last sale price, or if no sale price or if traded on the over-the-counter market, at the mean of the bid and asked prices on such day. Over-the-counter securities traded on NASDAQ are valued based upon the NASDAQ Official Closing Price. Debt securities for which the over-the-counter market is the primary market are normally valued on the basis of prices furnished by one or pricing services at the mean between the latest available bid and asked prices. As authorized by the Trustees, debt securities (other than short-term obligations) may be valued on the basis of valuations furnished by a pricing service which determines valuations based upon market transactions for normal, institutional-size trading units of securities. Short-term obligations maturing within 60 days are valued at amortized cost which approximates market value. Over-the-counter options are valued at the mean between bid and asked prices provided by dealers. Financial futures contracts listed on commodity exchanges and exchange-traded options are valued at closing settlement prices. Securities for which there is no such quotation or valuation and all other assets are valued at fair value in good faith by or at the direction of the Trustees. Various factors may be reviewed in order to make a good faith determination of a security's fair value. These factors may include, but are not limited to, the type and cost of the security; the fundamental analytical data relating to the investment; an evaluation of the forces which influence the market in which the security is sold, including the liquidity and depth of the market; information as to any transactions or offers with respect to the security; price, yield and the extent of public or private trading in similar securities of the issuer or comparable companies. The valuation assigned to fair-valued securities for purposes of calculating the Fund's NAV may differ from the security's most recent closing market price and from the prices used by other funds to calculate their NAVs.

Foreign Securities: The Fund may invest a portion of its assets in foreign securities. In the event that the Fund executes a foreign security transaction, the Fund will generally enter into a forward foreign currency contract to settle the foreign security transaction. Foreign securities may carry more risk than U.S. securities, such as political, market and currency risks.

The accounting records of the Fund are maintained in U.S. dollars. Prices of securities denominated in foreign currencies are translated into U.S. dollars at the closing rates of exchange at period end. Amounts related to the purchase and sale of foreign securities and investment income are translated at the rates of exchange prevailing on the respective dates of such transactions.

The effect of changes in foreign currency exchange rates on investments is separately identified from the fluctuations arising from changes in market values of securities held and reported with all other foreign currency gains and losses in the Fund's Statement of Operations.

Distributions to Shareholders: Distributions from net investment income for the Fund are declared and paid monthly to common shareholders. Any net capital gains earned by the Fund are distributed at least annually to the extent necessary to avoid federal income and excise taxes. Distributions to shareholders are recorded by the Fund on the ex-dividend date.

Income Taxes: The Fund's policy is to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies and to distribute all of its taxable income to its shareholders. Therefore, no federal income tax provision is required.

Securities Transactions and Investment Income: Investment security transactions are accounted for as of trade date. Dividend income is recorded on the ex-dividend date. Interest income, which includes amortization of premium and accretion of discount, is accrued as earned. Realized gains and losses from securities transactions and unrealized appreciation and depreciation of securities are determined using the First In First Out basis for both financial reporting and income tax purposes.

Use of estimates: The Fund's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. This requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from these estimates.

2. INCOME TAXES

Net investment income (loss) and net realized gain (loss) may differ for financial statement and tax purposes. The character of distributions made during the year from net investment income or net realized gains may differ from its ultimate characterization for federal income tax purposes. Also, due to the timing of dividend distributions, the fiscal year in which amounts are distributed may differ from the fiscal year in which the income or realized gain was recorded by the Fund.

Edgar Filing: REAVES UTILITY INCOME FUND - Form N-CSR

The tax character of the distributions paid by the Fund during the year ended October 31, 2005, and the period ended October 31, 2004, was as follows:

	2005		2004
Distributions paid from:			
Ordinary Income	\$ 34,291,139	\$	16,767,897
Long-Term Capital Gain			
Total	\$ 34,291,139	\$	16,767,897

Edgar Filing: REAVES UTILITY INCOME FUND - Form N-CSR

The tax components of capital at October 31, 2005, were as follows:

Undistributed ordinary income	\$	6,523,203
Accumulated net realized gain		
Net unrealized appreciation		65,733,481
Total	\$	72,256,684

The tax basis components of capital differ from the amounts reflected in the Statement of Assets and Liabilities due to temporary book/tax differences primarily arising from wash sales and the tax treatment of certain preferred holdings.

Net unrealized appreciation/depreciation of investments based on federal tax cost were as follows:

As of October 31, 2005		
Gross appreciation (excess of value over tax cost)	\$	81,948,271
Gross depreciation (excess of tax cost over value)		(16,214,790)
Net unrealized appreciation	\$	65,733,481
Cost of investments for income tax purposes	\$	681,476,177

3. CAPITAL TRANSACTIONS

Common Shares: There are an unlimited number of no par value common shares of beneficial interest authorized.

Preferred Shares: On April 27, 2004, the Fund's Board of Trustees authorized the issuance of an unlimited number of no par value preferred shares, in addition to the existing common shares, as part of the Fund's leverage strategy. Preferred shares issued by the Fund have seniority over the common shares.

The Fund is subject to certain limitations and restrictions while preferred shares are outstanding. Failure to comply with these limitations and restrictions could preclude the Fund from declaring any dividends or distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of Preferred Shares at their liquidation value. Specifically, the Fund is required under the Investment Company Act of 1940 to maintain an asset coverage with respect to the outstanding preferred shares of 200% or greater.

The Fund has three series of Auction Market Preferred Shares: M7, F7, and W28. On June 30, 2004, the Fund issued 3,200 shares of Series M7, 3,200 shares of Series F7, and 3,200 shares of Series W28 each with a net asset and liquidation value of \$25,000 per share plus accrued dividends. Dividends on the preferred shares are cumulative and are paid based on an annual rate set through auction procedures. Distributions of net realized capital gains, if any, are paid annually. As of October 31, 2005, the annualized dividend rates for Series M7, F7 and W28 were 3.90%, 3.75% and 3.90%, respectively. The dividend rate, as set by the auction process, is generally expected to vary with short-term interest rates. These rates may vary in a manner unrelated to the income received on the Fund's assets, which could have either a beneficial or detrimental impact on net investment income and gains available to Common Shareholders.

Preferred Shares, which are entitled to one vote per share, generally vote with the Common Shares but vote separately as a class to elect two Trustees and on any matters affecting the rights of the Preferred Shares.

4. PORTFOLIO SECURITIES

Purchases and sales of investment securities, other than short-term securities, for the year ended October 31, 2005 aggregated \$406,922,767 and \$398,066,925, respectively.

5. INVESTMENT ADVISORY AND ADMINISTRATION AGREEMENTS

W.H. Reaves & Co., Inc. (Reaves) serves as the Fund's investment adviser pursuant to an Investment Advisory Agreement with the Fund. As compensation for its services to the Fund, Reaves receives an annual investment advisory fee of 0.575% based on the Fund's average daily total assets, computed daily and payable monthly.

ALPS serves as the Fund's administrator pursuant to an Administration, Bookkeeping and Pricing Services Agreement with the Fund. As compensation for its services to the Fund, ALPS receives an annual administration fee of 0.265% based on the Fund's average daily total assets, computed daily and payable monthly. ALPS will pay all expenses incurred by the Fund, with the exception of advisory fees, trustees' fees, portfolio transaction expenses, litigation expenses, taxes, cost of preferred shares, expenses of conducting repurchase offers for the purpose of repurchasing fund shares, and extraordinary expenses.

6. OTHER

The Independent Trustees of the Fund receive a quarterly retainer of \$3,500 and an additional \$1,500 for each meeting attended.

7. INDEMNIFICATIONS

In the normal course of business, the Fund enters into contracts that contain a variety of representations which provide general indemnifications. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred.

DIVIDEND REINVESTMENT PLAN

October 31, 2005 (Unaudited)

Unless the registered owner of Common Shares elects to receive cash by contacting The Bank of New York (the Plan Administrator or BONY), all dividends declared on Common Shares will be automatically reinvested by the Plan Administrator for shareholders in the Fund's Dividend Reinvestment Plan (the Plan), in additional Common Shares. Shareholders who elect not to participate in the Plan will receive all dividends and other distributions in cash paid by check mailed directly to the shareholder of record (or, if the Common Shares are held in street or other nominee name, then to such nominee) by BONY as dividend disbursing agent. You may elect not to participate in the Plan and to receive all dividends in cash by contacting BONY, as dividend disbursing agent, at the address set forth below. Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by notice if received and processed by the Plan Administrator prior to the dividend record date; otherwise such termination or resumption will be effective with respect to any subsequently declared dividend or other distribution. Some brokers may automatically elect to receive cash on your behalf and may re-invest that cash in additional Common Shares for you. If you wish for all dividends declared on your Common Shares to be automatically reinvested pursuant to the Plan, please contact your broker.

The Plan Administrator will open an account for each Common Shareholder under the Plan in the same name in which such Common Shareholder's Common Shares are registered. Whenever the Fund declares a dividend or other distribution (together, a Dividend) payable in cash, non-participants in the Plan will receive cash and participants in the Plan will receive the equivalent in Common Shares. The Common Shares will be acquired by the Plan Administrator for the participants' accounts, depending upon the circumstances described below, either (i) through receipt of additional unissued but authorized Common Shares from the Fund (Newly Issued Common Shares) or (ii) by purchase of outstanding Common Shares on the open market (Open-Market Purchases) on the American Stock Exchange or elsewhere. If, on the payment date for any Dividend, the closing market price plus estimated brokerage commissions per Common Share is equal to or greater than the net asset value per Common Share, the Plan Administrator will invest the Dividend amount in Newly Issued Common Shares on behalf of the participants. The number of Newly Issued Common Shares to be credited to each participant's account will be determined by dividing the dollar amount of the Dividend by the net asset value per Common Share on the payment date; provided that, if the net asset value is less than or equal to 95% of the closing market value on the payment date, the dollar amount of the Dividend will be divided by 95% of the closing market price per Common Share on the payment date. If, on the payment date for any Dividend, the net asset value per Common Share is greater than the closing market value plus estimated brokerage commissions, the Plan Administrator will invest the Dividend amount in Common Shares acquired on behalf of the participants in Open-Market Purchases. In the event of a market discount on the payment date for any Dividend, the Plan Administrator will have until the last business day before the next date on which the Common Shares trade on an ex-dividend basis or 30 days after the payment date for such Dividend, whichever is sooner (the Last Purchase Date), to invest the Dividend amount in Common Shares acquired in Open-Market Purchases. It is contemplated that the Fund will pay monthly income Dividends. Therefore, the period during which Open-

Edgar Filing: REAVES UTILITY INCOME FUND - Form N-CSR

Market Purchases can be made will exist only from the payment date of each Dividend through the date before the next ex-dividend date which typically will be approximately ten days. If, before the Plan Administrator has completed its Open-Market Purchases, the market price per Common Share exceeds the net asset value per Common Share, the average per Common Share purchase price paid by the Plan Administrator may exceed the net asset value of the Common Shares, resulting in the acquisition of fewer Common Shares than if the Dividend had been paid in Newly Issued Common Shares on the Dividend payment date. Because of the foregoing difficulty with respect to Open-Market Purchases, the Plan provides that if the Plan Administrator is unable to invest the full Dividend amount in Open-Market Purchases during the purchase period or if the market discount shifts to a market premium during the purchase period, the Plan Administrator may cease making Open-Market Purchases and may invest the uninvested portion of the Dividend amount in Newly Issued Common Shares at the net asset value per Common Share at the close of business on the Last Purchase Date provided that, if the net asset value is less than or equal to 95% of the then current market price per Common Share; the dollar amount of the Dividend will be divided by 95% of the market price on the payment date.

The Plan Administrator maintains all shareholders' accounts in the Plan and furnishes written confirmation of all transactions in the accounts, including information needed by shareholders for tax records. Common Shares in the account of each Plan participant will be held by the Plan Administrator on behalf of the Plan participant, and each shareholder proxy will include those shares purchased or received pursuant to the Plan. The Plan Administrator will forward all proxy solicitation materials to participants and vote proxies for shares held under the Plan in accordance with the instructions of the participants.

In the case of Common Shareholders such as banks, brokers or nominees which hold shares for others who are the beneficial owners, the Plan Administrator will administer the Plan on the basis of the number of Common Shares certified from time to time by the record shareholder's name and held for the account of beneficial owners who participate in the Plan.

There will be no brokerage charges with respect to Common Shares issued directly by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred in connection with Open-Market Purchases. The automatic reinvestment of Dividends will not relieve participants of any federal, state or local income tax that may be payable (or required to be withheld) on such Dividends. Participants that request a sale of Common Shares through the Plan Administrator are subject to brokerage commissions.

The Fund reserves the right to amend or terminate the Plan. There is no direct service charge to participants with regard to purchases in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants.

All correspondence or questions concerning the Plan should be directed to the Plan Administrator, The Bank of New York, 101 Barclay Street, New York, New York 10286, 20th Floor, Transfer Agent Services, 1-800-433-8191.

FUND PROXY VOTING POLICIES & PROCEDURES

October 31, 2005 (Unaudited)

Fund policies and procedures used in determining how to vote proxies relating to portfolio securities and a summary of proxies voted by the Fund for the period ended June 30, 2005, are available without a charge, upon request, by contacting the Fund at 1-800-644-5571 and on the Commission's website at <http://www.sec.gov>.

PORTFOLIO HOLDINGS

October 31, 2005 (Unaudited)

The Fund files its complete schedule of portfolio holdings with the Commission for the first and third quarters of each fiscal year on Form N-Q within 60 days after the end of the period. Copies of the Fund's Forms N-Q are available on the Commission's website at <http://www.sec.gov>. You may also review and copy Form N-Q at the Commission's Public Reference Room in Washington, D.C. For more information about the operation of the Public Reference Room, please call the Commission at 1-800-SEC-0330. Information on the Fund's N-Q is available without a charge, upon request, by contacting the Fund at 1-800-644-5571 and on the website at <http://www.utilityincomefund.com>.

NOTICE

October 31, 2005 (Unaudited)

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940 that the Fund may purchase at market prices from time to time shares of its common stock in the open market.

TAX INFORMATION FOR SHAREHOLDERS

October 31, 2005 (Unaudited)

Certain tax information regarding the Fund is required to be provided to shareholders based upon the Fund's income and distributions for the taxable year ended October 31, 2005. The information and distributions reported herein may differ from information and distributions taxable to shareholders for the calendar year ended December 31, 2005. During the fiscal period ended October 31, 2005, 76.70% of the dividends paid qualify for the corporate dividends received deduction. In addition, 88.49% of the dividends paid meet the requirements regarding qualified dividend income.

TRUSTEES & OFFICERS

October 31, 2005

Except for their service on the Company's Board of Directors, the independent directors named above have not held any positions during the past two years with the Fund; any investment company; any investment adviser; any underwriter of the Fund; or any affiliate of the Fund or its investment advisers or underwriters. Each independent trustee serves on the Fund's Audit Committee.

Item 2. **Code of Ethics.**

(a) The Registrant, as of the end of the period covered by the report, has adopted a code of ethics that applies to the Registrant's principal executive officer, principal financial officer, principal accounting officer or controller or any persons performing similar functions on behalf of the Registrant.

(b) Not applicable.

(c) During the period covered by this report, no amendments were made to the provisions of the code of ethics adopted in 2(a) above.

(d) During the period covered by this report, no implicit or explicit waivers to the provisions of the code of ethics adopted in 2(a) above were granted.

(e) Not applicable.

(f) The Registrant's Code of Ethics is attached as an Exhibit hereto.

Item 3. **Audit Committee Financial Expert.**

The Board of Trustees of the Registrant has determined that the Registrant has at least one audit committee financial expert serving on its audit committee. The Board of Trustees has designated Mike Holland and Robert E. Lee as the Registrant's audit committee financial experts. Messrs. Holland and Lee are independent as defined in paragraph (a)(2) of Item 3 to Form N-CSR.

Item 4. **Principal Accountant Fees and Services.**

(a) **Audit Fees:** The aggregate fees billed for each of the last two fiscal years for professional services rendered by the principal accountant for the audit of the registrant's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for fiscal years 2005 and 2004 were \$25,000 and \$63,000, respectively.

(b) Audit-Related Fees: The aggregate fees billed in each of the last two fiscal years for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under paragraph (a) of this Item were \$0 in 2005 and \$0 in 2004.

(c) Tax Fees: The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant for tax compliance, tax advice, and tax planning were \$13,500 in 2005 and \$0 in 2004.

(d) All Other Fees: The aggregate fees billed in each of the last two fiscal years for products and services provided by the principal accountant, other than the services reported in paragraphs (a) through (c) of this Item are \$14,500 in 2005 and \$0 in 2004.

(e)(1) Audit Committee Pre-Approval Policies and Procedures: All services to be performed by the Registrant's principal auditors must be pre-approved by the Registrant's audit committee.

(e)(2) No services described in paragraphs (b) through (d) were approved pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) Not applicable.

(g) Not applicable.

(h) Not applicable.

Item 5. **Audit Committee of Listed Registrants.**

The registrant has a separately designated standing audit committee established in accordance with Section 3 (a)(58)(A) of the Exchange Act and is comprised of the following members:

Mary Anstine

Mike Holland (designated Financial Expert)

Robert E. Lee (designated Financial Expert)

Larry Papasan

Item 6. **Schedule of Investments.**

Item 9. **Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.**

Not applicable.

Item 10. **Submission of Matters to Vote of Security Holders.**

The registrant has adopted the following procedures by which shareholders may recommend nominees to the registrant's Board of Trustees.

The Board of Trustees of the registrant will as part of its authority and responsibilities, seek individuals qualified to become members of the Board of Trustees, including evaluating persons suggested by shareholders. In connection with filling vacancies or expanding the Board of Trustees, the Board of Trustees will evaluate the suitability of individual candidates in the context of the Board as a whole, with the objective of recommending a group or individual candidate that can best perpetuate the success of the business and represent shareholder interests through the exercise of sound judgment, relying on its diversity of experience. Candidates may be nominated by the Board of Trustees or by shareholders by submitting the name and basic qualifications of the candidates to the Secretary of the Registrant at Clough Global Allocation Fund, 1625 Broadway, Suite 2200, Denver, Colorado 80202.

Item 11. **Controls and Procedures.**

(a) The registrant's principal executive officer and principal financial officer have evaluated the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended) within 90 days of this filing and have concluded that the registrant's disclosure controls and procedures were effective, as of that date.

(b) There was no change in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act of 1940, as amended) during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. **Exhibits.**

(a)(1) The Code of Ethics that applies to the registrant's principal executive officer and principal financial officer is attached hereto as Exhibit 12.A.1.

(a)(2) The certifications required by Rule 30a-2(a) of the Investment Company Act of 1940, as amended, and Section 302 of the Sarbanes-Oxley Act of 2002 are attached hereto as Ex99.Cert.

(a)(3) Not applicable.

(b) The certifications by the registrant's Principal Executive Officer and Principal Financial Officer, as required by Rule 30a-2(b) of the Investment Company Act of 1940, as amended, and Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto as Ex99.906Cert.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
