EQUITABLE RESOURCES, INC.

EMPLOYEE STOCK PURCHASE PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2005

1. Description of the Plan

The following description of the Equitable Resources, Inc. Employee Stock Purchase Plan (the Plan) provides only general information. Participants should refer to the summary plan description or plan document for a more complete description of the Plan s provisions.

General

The Plan is an employee stock purchase plan implemented on October 1, 1995 and amended March 21, 1996 by Equitable Resources, Inc. and subsidiaries (the Company or Companies). Employees of the Company may purchase shares of the Company s common stock at a 10 percent discount through payroll deductions. All nonrepresented employees of the Companies are eligible to participate in the Plan immediately upon employment. Represented employee eligibility is subject to collective bargaining. The Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Effective February 1, 2005, Putnam Fiduciary Trust Company was replaced as plan recordkeeper by Fidelity Stock Plan Services, LLC (Fidelity Services), and as plan custodian by National Financial Services, LLC (an affiliate of Fidelity Services and together with Fidelity Services and certain other affiliates, Fidelity). Upon transfer of all Plan assets on February 1, 2005, Fidelity established individual self-directed brokerage accounts for each participant into which the Company stock previously purchased by employees and held in the Plan was deposited. All Company stock purchased through the Plan effective February 1, 2005 is held directly by the employees in their brokerage accounts with Fidelity.

Contributions and Purchase of Stock

Eligible employees can contribute from 1 to 10 percent of their annual base pay to the Plan on an after-tax basis. No interest will accrue or be payable with respect to any of the payroll deductions of a participant in the Plan. Contributions are initially deposited with the Plan s custodian and are used to purchase shares of the Company s common stock in accordance with the provisions set forth in the plan agreement.

The price of stock purchased for a participant is 90 percent of the closing price of the stock on the second business day after the close of each monthly period.

The Company contributes the remaining 10 percent of the stock price and pays fees for the administration of the Plan and any commission charges associated with the purchase of the stock directly to the custodian.

<u>Dividends on Stock</u>
Through December 31, 2004, dividends on stock on a quarterly basis were automatically used to purchase additional shares for all participants. Participants, however, were able to make a written request to receive a cash distribution of dividend payments. Upon the change in administration of the Plan in connection with the change in custodian to Fidelity, dividends are deposited to each employee s individual brokerage account.
Sale of Stock
Participants are required to hold any shares purchased through the Plan for a minimum of one year. Following the one year holding period, participants may sell shares from their individual accounts and are responsible for all costs associated with the sale of stock.
Termination of Employment
Upon termination of the participant s employment for any reason, payroll deductions credited to the participant s account(s) which have not yet been used to purchase stock will be returned to the participant. Terminated participants are not permitted to purchase shares through the Plan.
<u>Plan Expenses</u>
Expenses associated with the administration of the Plan are paid by the Company. Participants are responsible for all charges and expenses incurred through the sale of their shares.
Reclassifications
Certain amounts in the 2004 and 2003 financial statements have been reclassified to conform to the 2005 presentation.
