EXPLANATORY NOTE

This current report on Form 8-K is being filed with the Securities and Exchange Commission by RBC Bearings Inc. (CIK 0001324948). This report was previously filed inadvertently by the Company's printer with the Securities and Exchange Commission on June 29, 2006 under Roller Bearing Co of America Inc. (File Number 333-33085, CIK 0001042465).

Item 1.01 Entry into a Material Definitive Agreement.

On June 26, 2006 RBC Bearings Incorporated (the Company) and Roller Bearing Company Company of America, Inc., (RBCA) entered into a credit agreement and related security and guaranty agreements with certain banks, Keybank National Association, as Administrative Agent, and J.P. Morgan Chase Bank, N.A. as Co-Lead Arrangers and Joint Lead Book Runners. The credit agreement provides RBCA, as borrower, with a \$150 million five-year senior secured revolving credit facility. The credit facility can be increased by up to \$75 million, in increments of \$25 million, under certain circumstances and subject to certain conditions (including the receipt from one or more lenders of the additional commitment).

Amounts outstanding under the credit facility generally bear interest at the prime rate or Libor plus a specified margin, depending on the type of borrowing being made. The applicable margin is based on the Company s consolidated ratio of net debt to adjusted EBITDA from time to time. Currently, the Company s margin is 0.0% for prime rate loans and 1.0% for Libor rate loans.

Amounts outstanding under the credit facility are generally due and payable on the expiration date of the credit agreement (June 24, 2011). The Company can elect to prepay some or all of the outstanding balance from time to time without penalty.

The credit agreement requires the Company to comply with various covenants, including among other things, financial covenants to maintain the following:

- From the closing date through March 31, 2007 a ratio of consolidated net debt to adjusted EBITDA not to exceed 3.5 to 1 and from June 30, 2007 a ratio of consolidated net debt to adjusted EBITDA not to exceed 3.25 to 1.
- A consolidated fixed charge coverage ratio not to exceed 1.5 to 1

The credit agreement allows the Company to, among other things, make distributions to shareholders, repurchase its stock, incur other debt or liens, or acquire or dispose of assets provided that the Company complies with certain requirements and limitations of the credit agreement.

The Company s obligations under the credit agreement are secured by a pledge of substantially all of the Company s and RBCA s assets and a guaranty by the Company of RBCA s obligations.

On June 26, 2006, the Company borrowed approximately \$79.0 million under the revolving credit facility and used such funds, to (i) pay fees and expenses associated with the new credit facility and (ii) repay the approximately \$78.0 million balance outstanding under the Company s old credit facility. See Item 1.02. Termination of a Material Definitive Agreement below.

Item 1.02 Termination of A Material Definitive Agreement.

On June 26, 2006 the Company repaid the approximately \$78.0 million term loan outstanding under its existing August 15, 2005 Fifth Amended and Restated Credit Agreement with certain lenders and General Electric Capital Corporation as agent, and terminated the related credit, security and ancillary agreements. As a result, the Company will record a non-cash pre-tax charge of approximately \$3.5 in the first quarter fiscal 2007 to write off deferred debt issuance costs associated with the early termination of the facility.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

See Item 1.01 Entry into a Material Definitive Agreement above.

Item 8.01 Other Events.

On June 27, 2006, the Company issued a press release announcing a new \$150 million 5-year senior secured revolving credit facility. A copy of the press release is attached hereto as Exhibit 99.4, which is incorporated herein by reference.
