QUESTIONS AND ANSWERS ABOUT VOTING

Q: Why did you send me this proxy statement?

A: This proxy statement is being sent to you because 1-800 CONTACTS Board of Directors is soliciting your proxy to vote at the 2007 Annual Meeting of Stockholders. This proxy statement summarizes the information you need to know to vote on an informed basis on the matters to be voted on at the annual meeting. Stockholders of record as of the close of business on April 3, 2007 are entitled to vote. This proxy statement, related proxy card, and telephone and internet voting instructions are first being sent on or about April 18, 2007 to those persons who are entitled to vote at the annual meeting.

Q: How many votes do I have?

A: Each share of the common stock of 1-800 CONTACTS that you own entitles you to one vote.

Q: What is the difference between a stockholder of record and a street name holder?

A: These terms describe how your shares are held. If your shares are registered directly in your name with American Stock Transfer & Trust Company, our transfer agent, you are a stockholder of record. If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a street name holder.

Q: How do I vote?

A: If you are a stockholder of record, you can vote on matters presented at the annual meeting in the following ways:

1. You can vote by filling out, signing, and dating your proxy card and returning it in the enclosed envelope;
 2. You can vote by Internet, at www.voteproxy.com, by following the on-screen instructions;
 3. You can vote by touch-tone telephone at 1-800-PROXIES (1-800-776-9437), by following the instructions;
- or
4. You can attend the annual meeting and vote in person.

Q: How do I vote by proxy?

A: If you are a stockholder of record and properly vote in time (either by filling out and mailing the enclosed proxy card or by telephone or internet), your shares will be voted as you have directed. If you return your proxy card but do not specify a choice on the card, the individuals named on the proxy card will vote your shares in accordance with the recommendations of 1-800 CONTACTS Board of Directors. Whether or not you plan to attend the annual meeting, we urge you to complete, sign, date and return your proxy card in the enclosed envelope. Returning the proxy card will not affect your right to attend the annual meeting and vote in person.

Q: How do I vote in person?

A: If you are a stockholder of record and attend the annual meeting, we will give you a ballot when you arrive.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: Your broker will vote your shares only if you provide instructions on how to vote. You should follow the directions provided by your broker regarding how to instruct your broker to vote your shares and how to change your vote, if necessary, once it has been made.

1

Q: Can I change my vote or revoke my proxy after I have mailed my proxy card?

A: If you are a stockholder of record, you can change your vote at any time before your proxy is voted at the annual meeting. You can do this in the following ways: first, you can send a written notice to the Corporate Secretary of 1-800 CONTACTS at our headquarters stating that you would like to revoke your proxy; second, you can complete and submit a new proxy card; third, you can re-vote your shares by Internet or telephone, by visiting the website or calling the phone number listed above and following the instructions; or fourth, you can attend the annual meeting and vote in person. Simply attending a meeting, however, will not revoke your proxy. If you have instructed a broker to vote your shares, you must follow the directions you received from your broker to change your vote.

Q: Will there be any matters voted upon at the annual meeting other than those specified in the Notice of Annual Meeting?

A: 1-800 CONTACTS management does not know of any matters other than those discussed in this proxy statement that will be presented at the annual meeting. If other matters are properly brought before the meeting and 1-800 CONTACTS does not have notice of these matters a reasonable time prior to the annual meeting, all proxies will be voted in accordance with the recommendations of 1-800 CONTACTS management.

Q: What is the voting requirement to approve each of the proposals?

A: Directors will be elected by a plurality of the votes cast at the annual meeting, which means that the three nominees receiving the highest number of votes will be elected. The affirmative vote of a majority of the total number of shares present and entitled to vote at the annual meeting will be necessary to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the 2007 fiscal year.

Q: How are votes counted?

A: Stockholders of record of 1-800 CONTACTS common stock as of the close of business on April 3, 2007 are entitled to vote at the annual meeting. As of April 3, 2007, there were 14,007,831 shares of common stock outstanding. The presence in person or by proxy of a majority of the outstanding shares of common stock will constitute a quorum for the transaction of business. Each share of common stock is entitled to one vote on each matter to come before the annual meeting.

In the election of directors, you can withhold your vote for any nominee. Withheld votes will be excluded entirely from the vote and will have no effect on the outcome. On the other proposal, you can vote to abstain. If you vote to abstain, your shares will be counted as present at the annual meeting for purposes of that proposal and your vote will have the effect of a vote *against* the proposal.

Under Delaware law, broker non-votes are also counted for purposes of determining whether a quorum is present, but are not counted in determining whether a matter requiring a majority of the shares present and entitled to vote has been approved or whether a plurality of the vote of the shares present and entitled to vote has been cast.

Q: How are proxies being solicited and who pays for the solicitation of proxies?

A: Initially, 1-800 CONTACTS will solicit proxies by mail. 1-800 CONTACTS directors, officers and employees, without additional compensation, may also solicit proxies in person, by email or by telephone. 1-800 CONTACTS will pay all expenses of solicitation of proxies.

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the Board) of 1-800 CONTACTS, INC., a Delaware corporation (1-800 CONTACTS or the Company), of proxies for use in voting at the Annual Meeting of Stockholders scheduled to be held on May 18, 2007 and at any postponement or adjournment thereof. This Proxy Statement, the telephone and internet voting instructions, and the related proxy card are being mailed to holders of the common stock of 1-800 CONTACTS, commencing on or about April 18, 2007. References in this Proxy Statement to we, our or us refer to 1-800 CONTACTS, unless otherwise noted.

Voting and Revocability of Proxies

When proxies are properly dated, executed and returned, the shares they represent will be voted as directed by the stockholder on all matters properly coming before the annual meeting.

Where specific choices are not indicated on a valid proxy, the shares represented by such proxies received will be voted

1. FOR the nominees for directors named in this Proxy Statement, and
2. FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm,

in accordance with the best judgment of the persons named in the enclosed proxy, or their substitutes.

In addition, if other matters come before the annual meeting, the persons named in the accompanying form of proxy will vote in accordance with their best judgment with respect to such matters.

Returning your completed proxy will not prevent you from voting in person at the annual meeting if you are a stockholder of record, should you be present and desire to do so. In addition, any stockholder of record may revoke a proxy at any time prior to its exercise either by giving written notice to the Secretary of the Company prior to the annual meeting or by submitting a later-dated proxy.

At the annual meeting, inspectors of election shall determine the presence of a quorum and shall tabulate the results of the stockholders' voting. The presence of a quorum is required to transact the business proposed to be transacted at the annual meeting. The presence in person or by proxy of holders of a majority of the outstanding shares of common stock entitled to vote will constitute the necessary quorum for any business to be transacted at the annual meeting. In accordance with the General Corporation Law of the State of Delaware (the DGCL), properly executed proxies marked abstain, as well as proxies held in street name by brokers that are not voted on all proposals to come before the annual meeting (broker non-votes), will be considered present for the purposes of determining whether a quorum has been achieved at the annual meeting.

The three nominees for director receiving the greatest number of votes cast at the annual meeting in person or by proxy shall be elected. Consequently, any shares of common stock present in person or by proxy at the annual meeting but not voted for any reason have no impact in the election of directors, except to the extent that the failure to vote for an individual may result in another individual receiving a larger number of votes. All other matters to be considered at the annual meeting require the favorable vote of a majority of the shares entitled to vote at the meeting either in person or by proxy. Stockholders have no right to cumulative voting as to any matter, including the election of directors. If any proposal at the annual meeting must receive a specific percentage of favorable votes for approval, abstentions in respect of such proposal are treated as present and entitled to vote under the DGCL and therefore have the effect of a vote against such proposal. Broker non-votes in respect to any proposal are not counted for purposes of determining whether such proposal has received the requisite approval under the DGCL.

Record Date and Share Ownership

Only stockholders of record of our common stock as set forth on our stockholder record books at the close of business on April 3, 2007 will be entitled to vote at the annual meeting. On that date, we had 14,007,831 shares of common stock outstanding. A list of our stockholders will be open to the examination of any stockholders, for any purpose germane to the meeting, at our headquarters for a period of ten (10) days prior to the meeting. Each share of common stock entitles the holder thereof to one vote on all matters submitted to stockholders.

About the Board and its Committees

Meetings of the Board and its Committees. The Board held seven meetings during fiscal 2006. The Board currently has three standing committees: the Audit Committee, the Compensation Committee, and the Governance and Nominating Committee. Each director is expected to attend each meeting of the Board and those committees on which he serves. In addition to meetings, the Board and its committees review and act upon matters through written consent procedures. Each of the directors attended 75% or more of the total number of meetings of the Board and those committees on which he served during the last fiscal year. Two of our directors, Jonathan Coon and John Nichols, attended our 2006 annual meeting of stockholders.

The Audit Committee. The Audit Committee makes recommendations to the Board regarding the selection of the independent registered public accounting firm and reviews the independence of such registered public accounting firm, pre-approves the scope of the annual audit and other services of the independent registered public accounting firm, and reviews such audit results. KPMG LLP presently serves as the independent registered public accounting firm of 1-800 CONTACTS. The Board adopted and approved an amended and restated charter for the Audit Committee on January 11, 2006, a copy of which is available on our website, www.1800contacts.com. The Audit Committee is currently comprised of Messrs. Key (Chairman), Butler, and Knight. The Board has determined that Mr. Key is an audit committee financial expert within the meaning stipulated by the Securities and Exchange Commission. All of the members of the Audit Committee are independent directors, as defined in Rule 4200(a)(15) of the Nasdaq Stock Market listing standards. The Audit Committee met on nine occasions in fiscal 2006.

The Compensation Committee. The Compensation Committee makes recommendations to the Board relating to the compensation arrangements of all of our executive officers and any awards to be made under our stock incentive plan. The Board adopted and approved an amended charter for the Compensation Committee on March 3, 2006, a copy of which is available on our website,

www.1800contacts.com. The Compensation Committee is currently comprised of Messrs. Butler (Chairman), Knight, and Key. All of the members of the Compensation Committee are independent directors, as defined in Rule 4200(a)(15) of the Nasdaq Stock Market listing standards. The Compensation Committee met on eight occasions in fiscal 2006.

The Compensation Committee is responsible for approving all grants made pursuant to our long-term incentive plan. The Board and the Compensation Committee, however, have authorized the creation of a Routine Grant Committee, which consists of one or more of our executive officers who are also directors. The Routine Grant Committee is authorized to grant up to 40,000 shares of our common stock pursuant to our long-term incentive plan to grantees below the level of vice president, but only if our Vice President of Human Resources and President approve of such grants. The Compensation Committee has not delegated any grant making authority with respect to awards to our Named Executive Officers (NEOs).

The Governance and Nominating Committee. The Governance and Nominating Committee nominates candidates for election to the Board, evaluates the overall effectiveness of the Board, reviews and considers developments in corporate governance, and makes recommendations to the Board regarding various corporate governance principles and procedures. The Governance and Nominating Committee also considers nominees proposed by the stockholders and evaluates such nominees in the same manner as other candidates. The Governance and Nominating Committee seeks highly qualified candidates from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Nominees should have experience in positions with a high degree of responsibilities and be leaders in the companies or institutions with which they are affiliated. Board members are ultimately selected based upon contributions they can make to the Board and management and their ability to represent our stockholders. To recommend a prospective nominee to the Governance and Nominating Committee, stockholders should submit the candidate's name and qualifications to our corporate Secretary at our principal executive offices. The Board adopted and approved an amended Governance and Nominating Committee Charter on March 3, 2006, a copy of which is available on our website, www.1800contacts.com. The Governance and Nominating Committee is currently comprised of Messrs. Vincent (Chairman), Boggs, and Butler. All of the members of the Governance and Nominating Committee are independent directors, as defined in Rule 4200(a)(15) of the Nasdaq Stock Market listing standards. The Governance and Nominating Committee met on eight occasions in fiscal 2006.

Company Code of Ethics. The Board has adopted a Code of Ethics that applies to our directors, officers, and employees. The Code of Ethics will be made available, without charge, upon written request made to the Secretary of the Company at our principal executive offices. We filed a copy of the Code of Ethics with the Securities and Exchange Commission as an exhibit to our 2003 Annual Report, and the Code of Ethics is available on our website, www.1800contacts.com.

Whistleblower Hotline. We have established a whistleblower hotline that allows our employees, customers, suppliers, and shareholders, as well as other interested parties, to submit confidential and anonymous reports of suspected or actual violations of the Code of Ethics. The hotline number is (877) 874-8416.

Recommendation of the Board

THE BOARD RECOMMENDS A VOTE *FOR* THE ELECTION OF THE NOMINEES NAMED ABOVE.

PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed KPMG LLP as independent registered public accounting firm to audit our financial statements for the fiscal year ending December 29, 2007.

Stockholder ratification of the selection of KPMG LLP as our independent registered public accounting firm is not required by our by-laws or other applicable legal requirement. However, the Board is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. It is expected that representatives of KPMG LLP will be present at the annual shareholders meeting, with the opportunity to make a statement if they so desire, and will be available to answer appropriate questions.

Approval of the proposal to ratify the appointment of KPMG LLP requires the affirmative vote of a majority of the shares present and entitled to vote at the annual meeting.

Principal Accountant Fees and Services

For fiscal years 2005 and 2006, we paid KPMG LLP the following fees for the indicated services:

EXECUTIVE COMPENSATION AND OTHER MATTERS

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

Our executive compensation programs are designed to attract, retain, motivate, and reward talented and successful individuals. As explained below, we offer various short-term incentives, long-term incentives, benefits, perquisites, and other forms of compensation, all of which are intended to encourage our executives to dedicate significant efforts toward increasing shareholder value over the long term.

We believe our executive compensation practices affect a significant percentage of our employees, many of whom are aware of the compensation received by our senior executives and are aware of Company goals, rewards, and expectations. Consequently, we strive to anticipate the impact of our executive compensation decisions on our workforce, and we consider these anticipated impacts as we make executive compensation decisions. This discussion will focus on our objectives, principles, practices, and decisions with regards to the compensation of our following named executive officers (the NEOs):

Jonathan C. Coon, our Chairman and Chief Executive Officer;

Robert G. Hunter, our Chief Financial Officer;

Brian W. Bethers, our President;

Kevin K. McCallum, our Chief Marketing Officer;

R. Joe Zeidner, our General Counsel and Chief Legal Officer;

Graham D. Mullis, formerly the President of our ClearLab subsidiary. Mr. Mullis resigned effective November 20, 2006; and

Robert Main, formerly our Senior Vice President, Professional Network. Mr. Main resigned effective November 30, 2006.

COMPENSATION OBJECTIVES, PROCEDURES, PRACTICES AND ELEMENTS

Executive Compensation Objectives and Principles

The overall objective of our executive compensation program is to help create long-term value for our shareholders by attracting and retaining talented executives, rewarding superior operating and financial performance, and aligning the long-term interests of our executives with those of our shareholders. Accordingly, our executive compensation program incorporates the following principles:

- We believe that retaining experienced, competent, goal-oriented executives and that minimizing executive turnover is in our shareholders' best interests;
- We believe that a significant portion of our executives' compensation should be tied to measures of performance of the business as a whole;
- We believe that the interests of executives should be linked with those of shareholders through the risks and rewards of owning our stock;
- We believe that a meaningful portion of each executive's annual bonus, long term incentives, and merit increases will vary based upon individual performance;
- We believe that special benefits and perquisites for management should be minimized and based on business necessity;
- We believe that each executive's performance against corporate and individual objectives for the previous year should be periodically reviewed, either directly with the executive being evaluated or with our President or Chief Executive Officer, and that the difficulty of achieving desired results in any particular year must be considered; and
- We believe that we should consider the ability of each executive to support our long-term performance goals, as well as each executive's ability to fulfill their management responsibilities and their ability to work with and contribute to our executive management team.

Executive Compensation Procedures

In conjunction with our efforts to achieve the executive compensation objectives and implement the underlying compensation principles described above, we follow the procedures described below.

Role of the Compensation Committee

The Compensation Committee (the Committee) has responsibility for establishing and monitoring our executive compensation programs and for making decisions regarding the compensation of the NEOs. Under the direction of our Vice President of Human Resources, we conduct an annual review of our senior executive compensation practices and provide compensation recommendations to the Committee. Typically, our Chief Executive Officer, our President, or our Vice President of Human Resources presents those recommendations. The Committee may consider these recommendations, but ultimately has discretion to make compensation decisions relating to our executive management. The Committee approves all compensation decisions relating to our President and other NEOs, with the exception of our Chief Executive Officer, whose compensation is approved by our Board of Directors. Our President regularly attends Committee meetings; other frequent attendees include our in-house legal counsel and Vice President, Human Resources. The Committee regularly meets in executive session.

In determining NEO compensation, the Committee regularly reviews market data summaries provided by our Human Resources department. Our Human Resources department, in turn, utilizes compensation surveys published by Mercer Human Resource Consulting in preparing these summaries. We attempt to benchmark companies with under \$500 million in annual revenue, companies in the retail

industry, and companies in either the Salt Lake City metropolitan area or the intermountain west. We believe that these are the companies with whom we are most likely to compete to attract and retain senior executives. Although the Mercer data we purchase allows us to benchmark companies that fall into the categories described above, we do not obtain the names of the specifically-benchmarked companies from Mercer. The Mercer data is available to the Committee upon request.

The Committee typically meets shortly after the end of our fiscal year to consider NEO base salaries and annual bonus targets for the coming year and annual bonus awards for the previous year. At that meeting, the Committee also reviews the status of long-term incentives available to our NEOs (either options to purchase our common stock or grants of restricted shares) and considers whether any additional long-term incentive awards are appropriate. The Committee makes all decisions regarding annual bonus and merit increase recommendations, except for those pertaining to the Chief Executive Officer, which are approved by the Board of Directors.

Each year, senior management prepares a business plan and establishes Company goals. The Compensation Committee reviews, modifies (if necessary), occasionally sets, and ultimately approves these goals, which are then incorporated into the business plan. Individual NEOs set goals which are directly linked to Company goals. Periodically throughout the year, the Compensation Committee compares individual and Company goals against actual circumstances and accomplishments. The Compensation Committee may revise individual or Company goals if circumstances warrant.

The Committee relies on its judgment in making compensation recommendations and decisions after reviewing the Company's overall performance and evaluating each executive's performance against established goals, leadership ability, responsibilities within the Company, and current compensation arrangements. The compensation program for NEOs and the Compensation Committee assessment process are designed to be flexible so as to better respond to the evolving business environment and individual circumstances.

Role of Consultants

The Committee does not consistently engage the services of compensation consultants, but it may do so upon a case-by-case basis as circumstances warrant. In the fall of 2005 and the spring of 2006, the Committee engaged Semler Brossy Consulting Group LLC to review (i) the design and competitiveness of our compensation arrangements for our Board of Directors and (ii) our long-term incentive plan. Semler Brossy advised management and the Committee with respect to both of these issues. Semler Brossy's review of our long-term incentive plan included a comparison of the plan against the following benchmarked companies: 1-800 Flowers.com; Advanced Medical Optics, Inc.; Autobytel Inc.; Bausch & Lomb Inc.; Blue Nile Inc.; Cooper Companies Inc.; Drugstore.com; FTD Group Inc.; Knot Inc.; Oakley Inc.; Overstock.com; Provide Commerce Inc; Sportsmans Guide Inc; and Stamps.com Inc.

Elements of our Compensation Programs; What our Compensation Programs are Designed to Award and Why we Choose Each Element

Elements of Compensation. We implement the executive compensation objectives and principles described above through the use of the following elements of compensation, each of which is described more fully below:

- Base Salary
- Annual Bonus
- Long-Term Equity Awards
- Retirement Benefits

- Other Personal Benefits

Base Pay. Base salary of the NEOs is set at levels that we believe are generally competitive with our market peers so as to attract, reward, and retain executive talent. We generally attempt to position NEO base salary within the second and third quartile of the compensation range. However, as in all of our compensation decisions, we may opt to pay higher or lower amounts depending on individual circumstances. The Committee sets the base pay of the President and the other NEOs after reviewing recommendations from our Chief Executive Officer, President, and Vice President, Human Resources. However, the Board of Directors sets the base salary of our Chief Executive Officer (upon a recommendation from the Committee). Annual adjustments are influenced by growth of our operations, revenues and profitability, individual performance, changes in responsibility, and other factors.

Annual Bonus. We maintain an annual bonus program for our NEOs and other executive officers. The annual bonus program is intended to reward short-term performance and help attract and retain executives. Under the bonus plan, NEOs are eligible to receive a cash bonus following the conclusion of our fiscal year, contingent on the attainment during that year of predetermined quantitative and qualitative performance goals and Compensation Committee discretion to increase or decrease the bonus at year end.

Our NEOs earn the full amount of their targeted annual bonus only if they and the Company satisfy the performance objectives set by the Committee. If the Company or individual NEOs exceed or fail to meet applicable performance objectives, bonus amounts are increased or decreased, as applicable, within certain predetermined ranges. However, the Committee has discretion to increase or decrease annual bonuses, including refraining from paying any bonus, after general results are known. Examples of target performance objectives used in recent years include net revenue, operating income, and resolution of supply constraints. The payment of annual bonus to the NEOs is made soon after the close of the fiscal year to which the bonus relates, once the Compensation Committee has finally determined the amount actually earned and payable. In the case of the Chief Executive Officer, the full Board reviews and approves the final calculation of the annual bonus.

The Committee approves annual bonus ranges and targets for our NEOs which are consistent with existing employment agreements. The Committee approves ranges which it believes are competitive with our peers, such that the combination of base pay and annual performance-based bonuses results in an aggregate rate of cash salary and annual bonus compensation for our NEOs within competitive, market standards. The targeted annual bonus amount for each NEO is expressed as a percentage of the NEO's base pay and is established at the beginning of each year. The Committee determines the minimum, target, and maximum annual bonus levels for the NEOs, with the exception of the Chief Executive Officer, whose targeted bonus levels are approved by our Board of Directors. Our NEOs' 2006 bonus range and target amounts were as follows: the bonus ranges for our Chief Executive Officer and President were from 0% to 100% of their respective salaries, and were targeted at 50% of their respective salaries; our Chief Financial Officer had a bonus range of 0% to 30% of his salary, targeted at 24% of his salary; and our other NEOs had bonus ranges of 0% to 60%, targeted at 30% of their respective salaries.

Bonus amounts earned for 2006 and paid in February 2007 are reported under the heading "Non-Equity Incentive Compensation" in the Summary Compensation Table for this year. Additional discretionary bonus amounts paid during 2006 are reported under the caption "Discretionary Bonus" in the Summary Compensation Table for this year.

Long-Term Equity Awards. We allocate a significant portion of NEO compensation to equity-based, long-term stock grant awards. We believe that such grants properly encourage our NEOs to deliver long-term returns to our shareholders.

The Committee grants discretionary, long-term equity awards to our NEOs under our Amended and Restated 2004 Stock Incentive Plan (the Plan). These awards may be in the form of stock options or

grants of restricted stock. The Committee believes that such grants provide long-term performance-based compensation, help retain executives through the vesting periods, and serve to align management and shareholder interests. In making awards under the Plan, the Committee considers grant size and the appropriate combination of stock options and restricted stock grants. Generally, both types of awards vest only to the extent that the NEO remains a Company employee through the applicable vesting date. We believe the five-year vesting schedule assists in retaining executives and encourages the NEOs to focus on long-term performance. Additionally, to further encourage NEO focus on long-term performance, in certain cases vesting of restricted stock is tied to attainment of specific performance goals.

In March 2006, our Board of Directors approved grants of restricted shares of our common stock to our NEOs. The restricted stock grants were valued at the closing stock price on the date of the grant and included both time-vesting and performance-vesting restricted shares. The time-vesting shares vest 20% per year beginning November 30, 2006 and ending November 30, 2010. The performance-vesting shares vest upon achievement of certain operational milestones, such as obtaining sources for doctors only lenses on competitive terms, development of certain contact lens products, and the achievement of an eight quarter cumulative financial target of at least \$81 million consolidated earnings before taxes by or before the end of fiscal 2010. Both the time-vesting and the performance-vesting shares are subject to various change in control provisions involving the Company and its subsidiaries that may result in the accelerated vesting of unvested shares, as well as conversion of unvested shares into a cash amount, following a change in control.

In prior years, we have granted stock options to NEOs with an exercise price equal to or above the closing price per share on the date of the grant. We do not grant options with an exercise price below 100% of the trading price of the underlying shares of common stock on the date of grant, nor do we grant options that are priced on a date other than the date of grant. Stock options only have a value to the extent the value of the underlying shares on the exercise date exceeds the exercise price. Accordingly, stock options provide compensation only if the underlying share price increases over the option term and the NEO's employment continues with us until the vesting date. In 2006, the Committee did not grant any stock options to NEOs.

In granting shares of restricted stock and stock options to the NEOs, we also consider the impact of the grant on our financial performance, as determined in accordance with the requirements of Statement of Financial Accounting Standards No. 123(R), *Share-Based Payment* (SFAS No. 123(R)). For share-based equity awards, we record expense in accordance with SFAS 123(R). The amount of expense we record pursuant to SFAS 123(R) may vary from the corresponding compensation value we use in determining the amount of the awards.

Retirement and Other Benefits. Our Company sponsors the 1-800 CONTACTS, Inc. Retirement Savings Plan (the 401(k) Plan) for eligible employees. Each of our NEOs participates in that plan. The 401(k) Plan is a broad-based, tax-qualified retirement plan under which eligible employees, including the NEOs, may make annual pre-tax salary reduction contributions, subject to the various limits imposed under the Internal Revenue Code of 1986, as amended (the Code). The Company makes matching contributions under the 401(k) Plan on behalf of eligible participants, including the NEOs, at the rate of 50 percent of each participating NEO's salary up to a 6 percent deferral, with a 5 year vesting schedule for the matched portion. Matching contributions are subject to non-discrimination requirements imposed by the IRS. The 401(k) Plan is intended to help us attract and retain qualified executives through the offering of competitive employee benefits. Neither our Company nor any of our subsidiaries maintain any other pension or retirement plans for the NEOs.

We provide other traditional benefits and limited perquisites to our NEOs in order to achieve a competitive pay package as detailed in the Summary Compensation Table. The Compensation Committee believes that these benefits, which are detailed in the Summary Compensation Table for the year under the

heading All Other Compensation , are reasonable, competitive, appropriate, and consistent with our overall executive compensation program. Other than Company contributions to the 401(k) Plan, these benefits consist principally of employer-paid premiums on health, life, and disability insurance, and personal automobile and housekeeping allowances. However, effective on the first day of our 2007 fiscal year, we combined our payments for certain of these benefits with the base salaries for our NEOs. Going forward, we will not pay separate housekeeping allowance reimbursements or automobile allowance payments to our NEOs, and we will discontinue our prior practice of paying the individual portion of our NEOs' medical insurance premiums. We have now rolled all payments which we have previously made for these benefits to our NEOs into their respective salaries, and we will not show these as separate line items going forward.

Deductibility of Executive Compensation. Section 162(m) of the Code imposes a \$1 million annual limit on the amount that a public company may deduct for compensation paid to its Chief Executive Officer during a tax year or to any of its four other most highly compensated executive officers who are still employed at the end of the tax year. The limit does not apply to compensation that meets the requirements of Code Section 162(m) for qualified performance-based compensation (i.e., compensation paid only if the executive meets pre-established, objective goals based upon performance criteria approved by the company's shareholders).

The Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code. In certain situations, the Committee may approve compensation that will not meet the requirements of Code Section 162(m) in order to ensure competitive levels of total compensation for its executive officers.

(2) The amount of non-equity incentive compensation plan award (annual performance bonus) actually earned for 2006, and paid in 2007, appears in column (g) of the Summary Compensation Table for this year.

(3) All awards in column (f) (except for awards reported for Graham Mullis) represent grants of restricted stock that will vest on attainment of specific performance requirements, provided the performance requirements are met by the last quarter of fiscal year 2010 and the NEO is still a Company employee on that date. The performance-vesting shares vest upon achievement of certain operational milestones, such as obtaining sources for doctors only lenses on competitive terms, development of certain contact lens products, and the achievement of an eight quarter cumulative financial target of at least \$81 million consolidated earnings before taxes by or before the end of fiscal 2010.

(4) Amounts in column (h) show the full grant date fair value of the award computed in accordance with SFAS 123(R).

(5) These awards represent grants of restricted stock that will vest based solely on the passage of time and continued Company employment. Each of these grants vest in equal annual installments over a five year period beginning November 30, 2006 through November 30, 2010.

(6) Represents time-based restricted stock award granted in 2006 that was subsequently forfeited in 2006 as a result of termination of employment.

(7) Represents performance-based restricted stock awards granted in 2006, all of which were forfeited prior to the end of 2006 as a result of termination of employment.

(8) These outstanding restricted stock awards vest on November 15, 2007, provided that Mr. Mullis complies with all terms of a Compromise Agreement between himself and the Company dated November 20, 2006.

(9) One-half of the shares will vest upon the sale or license of our flat pack technology to a third party, and one-half of the shares will vest upon the sale of substantially all of ClearLab's assets or voting securities or the merger or consolidation of ClearLab into an unrelated entity. These shares will not vest if neither of the preceding events occurs by December 31, 2007.

(10) Represents a time-vesting restricted stock award granted in March 2006. 3,000 restricted shares vested prior to termination of employment. The remaining 12,000 shares were forfeited upon Mr. Main's termination of employment.

- (3) Based on market closing price of \$16.31 per share on December 29, 2006, the last day of trading in 2006.
- (4) These outstanding restricted stock awards vest in equal annual installments (provided Mr. Zeidner remains a Company employee) over a ten year period which began on December 6, 2003 and will end on December 6, 2013.
- (5) These outstanding restricted stock awards vest on November 15, 2007, provided that Mr. Mullis complies with all terms of a Compromise Agreement between himself and the Company dated November 20, 2006.
- (6) All awards in column (i) represent grants of restricted stock that will vest on attainment of the following performance requirements, provided the performance requirements are met by the last quarter of fiscal year 2010 and the NEO remains a Company employee on that date (except for Mr. Mullis, who is no longer an employee and whose shares will vest, if at all, upon the Company's achievement of certain objectives on or before December 31, 2007). The performance-vesting shares vest upon achievement of certain operational milestones, such as obtaining sources for doctors only lenses on competitive terms, development of certain contact lens products, and the achievement of an eight quarter cumulative financial target of at least \$81 million consolidated earnings before taxes by or before the end of fiscal 2010.

Option Exercises and Stock Vested

During fiscal year 2006, our NEOs (i) exercised stock options and (ii) vested in previously-made grants of restricted shares as outlined below.

Name (a)	Option Awards Number of Shares Acquired on Exercise (#)(1) (b)	Value Realized on Exercise (\$) (1) (c)	Stock Awards Number of Shares Acquired on Vesting (#)(2) (d)	Value Realized on Vesting (\$) (3) (e)

R. Joe Zeidner			5,754	\$ 93,003
Graham D. Mullis				\$
Robert Main			3,000	\$ 45,000

- (1) No NEO exercised Company stock options in 2006.
- (2) The amounts listed in column (d) represent the number of shares of restricted stock owned by NEOs that vested in 2006.
- (3) Based on market closing price on the vesting date.

Potential Payments upon Termination or Change-in-Control

Severance Arrangements. Our NEOs' employment agreements provide that they will receive severance payments upon (i) their death, (ii) our termination of their employment (other than a termination for cause), or (iii) their voluntary termination of employment for good reason. These severance payments include continuation of the annual base salary for one year from the date of termination of employment and a pro-rata bonus for the year in which such termination occurred. Additionally, if payments made under the employment agreements with Messrs. Coon, Hunter, Bethers, McCallum, and Zeidner (or any other plans or agreements) are subject to excise tax under the provisions of Section 4999 of the Code, the employment agreements provide that we will pay each executive an additional amount such that the amount retained by each executive would equal the net amount of payments which would have been received by the executive absent application of the excise tax. In addition, Messrs. McCallum and Zeidner will also receive similar severance and pro-rata bonus payments upon a voluntary termination of their employment if they voluntarily terminate their employment with us prior to December 31, 2007.

The information below describes and quantifies certain payments or benefits that would have been payable under our existing NEOs employment agreements if an NEO's employment had terminated involuntarily without cause (including death or long term disability) or voluntarily for good reason on December 30, 2006. These benefits are in addition to benefits generally available to all of our salaried employees in connection with a termination of employment such as distributions from the 401(k) Plan, the opportunity to continue to purchase disability and life insurance benefits, and the value of employee-paid group health plan continuation coverage under COBRA:

Name	Severance Pay(1)	Pro-rated Bonus(2)	Continuation Coverage(3)	Total
Jonathan C. Coon	\$ 210,000	\$ 105,000	\$ 12,983	\$ 327,983
Robert G. Hunter	\$ 166,250	\$ 40,800	\$ 12,372	\$ 219,422
Brian W. Bethers	\$ 310,000	\$ 155,000	\$ 12,372	\$ 477,372
Kevin K. McCallum	\$ 220,000	\$ 66,000	\$ 12,372	\$ 298,372
R. Joe Zeidner	\$ 200,000	\$ 60,000	\$ 12,372	\$ 272,372

- (1) Severance pay equals one year of annual base salary.
- (2) Pro-rated bonus pay equals annual salary multiplied by an overall targeted rate. The targeted rate includes both Company performance and individual performance metrics.
- (3) We will pay continued health plan coverage under COBRA for the period of one year from the date of termination. This amount represents the estimate of this continuation coverage.

Change In Control.

Acceleration of Vesting of Options and Other Stock Awards: All outstanding stock options become fully vested upon a change in control, without regard to whether the NEO terminates employment in connection with or following the change in control.

Upon a change in control, 33% of any unvested time-vested shares and performance shares of restricted stock held by an NEO become fully vested immediately, and any remaining unvested time-vested and performance-vested shares shall vest in equal quarterly installments over a two-year period commencing on the date of the change in control. However, all remaining unvested time- and performance-vested shares would immediately vest upon the termination of the NEO without cause within two years following the change in control or if the termination was requested by the party taking control prior to the change in control. A change in control is defined as any of the following events: (i) the acquisition by any person of 50% or more of our voting shares, (ii) replacement of a majority of our directors within a two-year period under certain conditions, (iii) shareholder approval of a merger in which our Company is not the surviving entity, or (iv) the sale of substantially all of our assets or liquidation of the Company. In addition, under some circumstances, a ClearLab Change in Control (defined as our sale of substantially all ClearLab assets, the sale of ClearLab's voting securities, or a merger of ClearLab in which ClearLab is not the surviving entity) may trigger accelerated vesting as set forth above. ClearLab is our international contact lens development, manufacturing and distribution business.

Edgar Filing: 1 800 CONTACTS INC - Form DEF 14A

The following table shows for each NEO the intrinsic value of his unvested stock option and restricted stock awards as of December 30, 2006 that would have been accelerated had a change in control occurred on that date with termination of the NEO's employment, calculated by multiplying the number of underlying shares by the closing price of our stock on the last trading day of 2006 (\$16.31 per share) and, in the case of stock options, by then subtracting the applicable option exercise price:

Name	Stock Options (\$)	Restricted Stock (\$)	Total
Jonathan C. Coon	\$ 138,572	\$	\$ 138,572
Robert G. Hunter	\$ 415,091	\$ 124,967	\$ 540,058
Brian W. Bethers	\$	\$ 499,867	\$ 499,867
Kevin K. McCallum	\$ 218,820	\$ 312,417	\$ 531,237
R. Joe Zeidner	\$ 97,120	\$ 368,299	\$ 465,419

If a change in control results in acceleration of vesting of an NEO's otherwise unvested stock options and other stock awards, and if the value of such acceleration exceeds 2.99 times the NEO's average W-2 compensation from Company employment for the five taxable years preceding the year of the change in control (the Base Period Amount), the acceleration would result in an excess parachute payment under Code Section 280G. An NEO would be subject to a 20% excise tax under Code Section 4999 on any such excess parachute payment and we would be unable to deduct the excess parachute payment. However, we have agreed to provide our NEOs with gross-up payments for excise taxes imposed on excess parachute payments resulting from acceleration of options or restricted stock awards. We have also agreed to gross up severance payments to offset the adverse tax effect of parachute payment treatment as described above.

Director Compensation

We use a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve as directors. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill level required by our directors. We encourage each director to own at least 5,000 shares of our Common Stock.

Cash Compensation Paid to Directors. For the fiscal year ended December 30, 2006, all of our non-employee directors (with the exception of Frank LaGrange Johnson, who agreed to serve as a Board member without compensation) received an annual cash retainer of \$20,000 plus \$1,500 for each in-person board or committee meeting attended and \$500 for each board or committee conference call. The chair of the Audit Committee received an additional \$20,000 annual retainer, and the chairs of the Compensation Committee and the Governance and Nominating Committee each received an additional \$10,000 annual retainer.

Stock Awards. On March 27, 2006, each of the then-serving non-employee directors received an award of 10,000 shares of restricted stock. These grants vest equally, at annual intervals, over a three-year period ending March 27, 2009; the vesting of these awards will be accelerated upon a change in control of our Company. In conformity with SFAS 123(R), these restricted share grants made to non-employee directors were valued at the closing stock price on the date of the grant, March 27, 2006, which was \$13.14 per share. An additional 2,500 shares of restricted common stock were granted to one non-employee director. This restricted share grant was valued under SFAS 123(R) at the closing stock price on the date of the grant, March 29, 2006, which was \$13.28 per share, and vested on July 28, 2006.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is composed of three directors appointed by the Board, Messrs. Butler, Knight, and Key, each of whom is independent under applicable Nasdaq Stock Market listing rules. No member of the Compensation Committee (i) was, during our last fiscal year, an officer or employee of our Company or any of our subsidiaries; (ii) was formerly an officer of our Company or any of our subsidiaries; or (iii) had any relationship requiring disclosure under Item 404 of Regulation S-K. The Compensation Committee operates under a written charter adopted by the Board in fiscal 2001, as amended and restated in 2003, and amended during 2006, which is available on our website, at www.1800contacts.com. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executives serving on our Compensation Committee.

Certain Relationships and Related Transactions

During fiscal year 2006, we paid the law firm of Patton Boggs LLP \$557,000 for legal services. Mr. Boggs, a member of our Board, is a partner of that law firm.

During fiscal year 2006, we paid the law firm of Munger, Tolles & Olson LLP \$240,000 for legal services. Mr. Vincent, a member of our Board, is a partner of that law firm.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our officers, directors, and persons who beneficially own more than ten percent of our common stock to file reports of securities ownership and changes in such ownership with the Securities and Exchange Commission (SEC). Officers, directors and greater than ten percent beneficial owners also are required by rules promulgated by the SEC to furnish us with copies of all Section 16(a) forms they file.

We believe that during our last fiscal year, our officers, directors, and greater than ten percent beneficial owners complied with all applicable Section 16(a) filing requirements.

Corporate Governance

Our policies and practices reflect corporate governance initiatives that are compliant with the listing requirements of the Nasdaq Stock Market Stock Market and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including the following:

- The Board has adopted clear corporate governance policies;
- A majority of the board members are independent of our Company and our management;
- All members of the key board committees the Audit Committee, the Compensation Committee and the Governance and Nominating Committee are independent from the Company;
- The independent members of the Board meet regularly without the presence of management;
- We have a clear code of business conduct and corporate governance that is monitored by our legal department and is distributed to all employees and annually affirmed by our management;
- The charters of the Board committees clearly establish their respective roles and responsibilities;
- The Audit Committee has procedures in place for the anonymous submission of employee complaints on accounting, internal controls or auditing matters;
- We have adopted a code of ethics that applies generally to all employees and specifically to our principal executive officer and all members of our finance department, including the principal financial officer and principal accounting officer; and
- Our finance department maintains critical oversight over the key areas of our business and financial processes and controls and reports directly to the Audit Committee.

Report of the Audit Committee of the Board of Directors

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or under the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not be deemed filed under the Acts.

The Audit Committee is composed of three directors appointed by the Board, each of whom is independent under applicable law and the rules of the SEC for audit committee membership and Nasdaq Stock Market listing standards. The Audit Committee operates under a written charter, a copy of which can be found on our website located at www.1800contacts.com. The Audit Committee recommends to the Board of Directors the selection of our independent public accounting firm.

Management is responsible for the Company's internal accounting and financial controls, the financial reporting process, and compliance with the Company's legal and ethics programs. The Company's independent registered public accounting firm, KPMG LLP, is responsible for performing an independent audit of our consolidated financial statements, management's assessment of the effectiveness of internal control over financial reporting, and the effectiveness of internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuance of reports thereon. The Audit Committee's responsibility is to monitor and oversee these processes and report its findings to the full Board.

In this context, the Audit Committee has met and held discussions both separately and jointly with each of management and KPMG LLP to review and discuss our audited financial statements and the audit of internal controls over financial reporting. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee also discussed with KPMG LLP matters required to be discussed by Communication with Audit Committees, Statement on Auditing Standards No. 61, as amended.

KPMG LLP also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee discussed with KPMG LLP their independence, including a review of both audit and non-audit fees and considered the compatibility of non-audit services with KPMG LLP's independence.

Based on the Audit Committee's discussion with management and KPMG LLP, its review of the representations of management and the report of the independent registered public accounting firm, the Audit Committee recommended that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 30, 2006.
