**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 1. FINANCIAL STATEMENTS (Continued)**

**TC PipeLines, LP**

**Note 1                      Organization and Basis of Presentation**

TC PipeLines, LP, and its subsidiary limited partnerships, TC GL Intermediate Limited Partnership, TC PipeLines Intermediate Limited Partnership and TC Tuscarora Intermediate Limited Partnership, all Delaware limited partnerships, are collectively referred to herein as TC PipeLines or the Partnership. TC PipeLines was formed by TransCanada PipeLines Limited, a subsidiary of TransCanada Corporation (collectively referred to herein as TransCanada), to acquire, own and participate in the management of United States (U.S.)-based pipeline assets.

TC PipeLines is managed by its general partner, TC PipeLines GP, Inc. (TC PipeLines GP), an indirect wholly-owned subsidiary of TransCanada. The general partner provides certain administrative services for the Partnership and is reimbursed for its costs and expenses. In addition to its aggregate 2 per cent general partner interest in TC PipeLines, LP and its subsidiary limited partnerships on a combined basis, the general partner owns 2,035,106 common units, representing an effective 7.7 per cent ownership interest in the Partnership at September 30, 2007.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although management believes these estimates are reasonable, actual results could differ from these estimates. Amounts are stated in U.S. dollars.

In the opinion of management, these consolidated financial statements have been properly prepared within reasonable limits of materiality and include all adjustments (consisting of normal recurring accruals) necessary to present fairly the results of operations for the three and nine months ended September 30, 2007 and 2006, the financial position as at September 30, 2007 and December 31, 2006, cash flows for the nine months ended September 30, 2007 and 2006, and statement of partners' equity as at September 30, 2007.

The results of operations for the three and nine months ended September 30, 2007 and 2006 are not necessarily indicative of the results that may be expected for a full fiscal year. The interim financial statements should be read in conjunction with the Partnership's financial statements and notes included in TC PipeLines' annual report on Form 10-K for the year ended December 31, 2006.

**Note 2                      Investment in Great Lakes Gas Transmission Limited Partnership**

On February 22, 2007, the Partnership acquired a 46.45 per cent interest in Great Lakes Gas Transmission Limited Partnership (Great Lakes). Great Lakes is a Delaware limited partnership which owns a 2,115-mile interstate natural gas pipeline system that transports natural gas for delivery to customers in the Midwestern and Northeastern U.S. and Eastern Canada. The Partnership uses the equity method of accounting for its

## Edgar Filing: TC PIPELINES LP - Form 10-Q

interest in Great Lakes. Great Lakes is regulated by the Federal Energy Regulatory Commission (FERC).

TransCanada, which previously held a 50 per cent interest in Great Lakes, acquired the other 3.55 per cent interest concurrent with the Partnership's acquisition of its interest. A wholly-owned subsidiary of TransCanada became the operator of Great Lakes.

The following tables set out summarized financial information of Great Lakes:

**Note 3 Investment in Northern Border Pipeline Company**

The Partnership owns a 50 per cent general partner interest in Northern Border Pipeline Company (Northern Border), a Texas general partnership which owns a 1,249-mile U.S. interstate pipeline system that transports natural gas from the Montana-Saskatchewan border to markets in the Midwestern U.S. The other 50 per cent partnership interest in Northern Border is held by ONEOK Partners, LP (ONEOK), a publicly traded limited partnership. The Northern Border system was operated by ONEOK Partners GP, LLC (ONEOK Partners GP), a wholly-owned subsidiary of ONEOK, Inc. during the three months ended March 31, 2007. Effective April 1, 2007, a wholly-owned subsidiary of TransCanada became the operator of Northern Border. Northern Border is regulated by the FERC.

On April 6, 2006, the Partnership, which previously owned a 30 per cent general partner interest in Northern Border, acquired an additional 20 per cent general partnership interest in Northern Border. TC PipeLines' equity income from its investment in Northern Border includes 30 per cent of the net income of Northern Border up to April 6, 2006 and 50 per cent thereafter. The Partnership continues to use the equity method of accounting for its 50 per cent investment in Northern Border.

The Partnership made an equity contribution of \$7.5 million for a cash call issued by Northern Border in the nine months ended September 30, 2007 which was used to make debt repayments.

The following tables set out summarized financial information of Northern Border:

**Note 4 Investment in Tuscarora Gas Transmission Company**

The Partnership owns or controls a 99 per cent general partner interest in Tuscarora Gas Transmission Company (Tuscarora), a Nevada general partnership. Tuscarora owns a 240-mile U.S. interstate pipeline system that transports natural gas from Oregon, where it interconnects with facilities of Gas Transmission Northwest Corporation, a wholly-owned subsidiary of TransCanada, to northern Nevada. The other general partner interests in Tuscarora are held one per cent by Sierra Pacific Resources (with the associated vote being controlled by the Partnership) and one per cent by TransCanada. Tuscarora is regulated by the FERC.

On December 19, 2006, the Partnership acquired an additional 49 per cent general partner interest in Tuscarora. Prior to the acquisition, the Partnership used the equity method of accounting for its investment in Tuscarora. Subsequent to the acquisition, the Partnership used the consolidation method of accounting for its investment in Tuscarora. In connection with this transaction, an indirect wholly-owned subsidiary of TransCanada became the operator of Tuscarora.

The following tables set out summarized financial information of Tuscarora:

**Note 5****Credit Facilities and Long-Term Debt**

On February 22, 2007, the Senior Credit Facility was amended and restated in connection with the Great Lakes acquisition. The amount available under the Senior Credit Facility increased from \$410 million to \$950 million, consisting of a \$700 million senior term loan and a \$250 million senior revolving credit facility, with \$194 million of the senior term loan available being terminated upon closing of the Great Lakes acquisition.

The Partnership had \$517 million and \$397 million outstanding under the Senior Credit Facility at September 30, 2007 and December 31, 2006, respectively. The interest rate on the Senior Credit Facility averaged 5.97 per cent and 6.02 per cent for the three and nine months ended September 30, 2007, respectively. After hedging activity, the interest rate incurred on the Senior Credit Facility averaged 5.66 per cent and 5.81 per cent for the three and nine months ended September 30, 2007, respectively. At September 30, 2007 and December 31, 2006, the interest rates were 6.16 per cent and 6.07 per cent, respectively.

The Partnership had Series A Senior Secured Notes, Series B Senior Secured Notes and Series C Secured Notes in the amounts of \$56.2 million, \$5.7 million and \$6.8 million outstanding at September 30, 2007 related to Tuscarora, while at December 31, 2006 the Partnership had Series A Senior Secured Notes, Series B Senior Secured Notes and Series C Secured Notes in the amounts of \$57.9 million, \$6.0 million and \$7.2 million, respectively. The Series A Senior Secured Notes bear interest at 7.13 per cent and mature in 2010. The Series B Senior Secured Notes bear interest at 7.99 per cent and mature in 2010. The Series C Senior Secured Notes bear interest at 6.89 per cent and are due in 2012.

## Edgar Filing: TC PIPELINES LP - Form 10-Q

Annual maturities of the long-term debt are as follows: 2007 - \$4.7 million; 2008 - \$4.6 million; 2009 - \$4.4 million; 2010 - \$53.5 million; 2011 - \$517.8 million; and, thereafter - \$3.1 million.

### **Note 6**                      **Net Income per Common Unit**

Net income per common unit is computed by dividing net income, after deduction of the general partner's allocation, by the weighted average number of common units outstanding. The general partner's allocation is equal to an amount based upon the general partner's two per cent interest, adjusted to reflect an amount equal to incentive distributions. Net income per common unit was determined as follows:

**PART I. FINANCIAL INFORMATION (Continued)****ITEM 1. FINANCIAL STATEMENTS (Continued)****TC PipeLines, LP**

<i>(unaudited)</i> <i>(millions of dollars except per unit amounts)</i>	Three months ended September 30		Nine months ended September 30

	<b>(2.2)</b>	(0.7)	<b>(5.3)</b>	(2.1)
Net income allocable to common units	<b>22.4</b>	11.3	<b>57.0</b>	31.3
Weighted average common units outstanding				
<i>(millions)</i>	<b>34.9</b>	17.5	<b>31.5</b>	17.5
Net income per common unit	<b>\$0.64</b>	\$0.65	<b>\$1.81</b>	\$1.79

**Note 7 Partners Equity**

Partners' capital consists of 34,856,086 common units representing an aggregate 98 per cent limited partner interest in the Partnership (including 2,035,106 common units held by the general partner and 8,678,045 common units held by TransCan Northern Ltd., an indirect wholly-owned subsidiary of TransCanada) and an aggregate two per cent general partner interest. In aggregate, the general partner's interests represent an effective 7.7 per cent ownership in the Partnership at September 30, 2007 (December 31, 2006 - 13.4 per cent).

**Note 8 Acquisition**

On February 22, 2007, the Partnership acquired a 46.45 per cent general partnership interest in Great Lakes from El Paso Corporation (El Paso). The total purchase price was \$942 million, subject to certain closing adjustments, and included the indirect assumption of approximately \$209 million of debt. The acquisition was partially financed through a private placement of 17,356,086 common units at \$34.57 per common unit for gross proceeds of \$600 million which closed concurrently with the acquisition. TransCan Northern Ltd. purchased 8,678,045 of the 17,356,086 common units issued for gross proceeds of \$300 million. In addition, TC PipeLines GP maintained its two per cent general partner interest in the Partnership by contributing \$12.6 million to the Partnership in connection with the equity private placement. The Partnership funded the balance of the total consideration with a draw on its senior credit facility, which was amended and restated in connection with the acquisition.

The acquisition was accounted for using the purchase method of accounting. The purchase price was allocated on a preliminary basis using an estimate of fair value of the net assets at the date of acquisition. The difference between the purchase price and the estimated fair value of net assets of approximately \$457 million, being goodwill, was recorded as part of the Partnership's investment in Great Lakes.

Great Lakes' business is subject to rate regulation based on historical costs which do not change with market conditions or change of ownership. Accordingly, upon acquisition, the assets and liabilities of Great Lakes were determined to have a fair value equal to the rate regulated historical costs. No intangibles other than goodwill were identified in the acquisition.

## Edgar Filing: TC PIPELINES LP - Form 10-Q

TransCanada, which previously held a 50 per cent interest in Great Lakes, acquired the other 3.55 per cent interest simultaneously with the Partnership's acquisition of its interest. In connection with these transactions, a wholly-owned subsidiary of TransCanada became the operator of Great Lakes.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 1. FINANCIAL STATEMENTS (Continued)**

**TC PipeLines, LP**

The following Partnership pro forma financial information for the nine months ended September 30, 2007 and 2006 has been prepared as if the acquisition occurred at the beginning of the respective periods:

**PART I. FINANCIAL INFORMATION (Continued)****ITEM 1. FINANCIAL STATEMENTS (Continued)****TC PipeLines, LP**

<i>(unaudited)</i>	Nine months ended September 30	
<i>(millions of dollars except per unit amounts)</i>	<b>2007</b>	2006
Equity income from investment in Great Lakes	<b>44.9</b>	42.0
Net income	<b>71.8</b>	69.5
Net income per common unit	<b>\$1.88</b>	\$1.88

**Note 9                      Related Party Transactions**

The Partnership does not have any employees. The management and operating functions are provided by the general partner. The general partner does not receive a management fee or other compensation in connection with its management of the Partnership. The Partnership reimburses the general partner for all costs of services provided, including the costs of employee, officer and director compensation and benefits, and all other expenses necessary or appropriate to the conduct of the business of, and allocable to the Partnership. Such costs include (i) overhead costs (such as office space and equipment) and (ii) out-of-pocket expenses related to the provision of such services. The Partnership Agreement provides that the general partner will determine the costs that are allocable to the Partnership in any reasonable manner determined by the general partner in its sole discretion. Total costs charged to the Partnership by the general partner were \$1.4 million and \$0.9 million for the nine months ended September 30, 2007 and 2006, respectively. Total costs charged to the Partnership by the general partner were \$0.5 million and \$0.4 million for the three months ended September 30, 2007 and 2006, respectively.

TransCanada Northern Border Inc. (TransCanada Northern Border), a wholly-owned subsidiary of TransCanada formerly named TransCan Northwest Border Ltd., became the operator of Great Lakes through TransCanada's acquisition of Great Lakes Gas Transmission Company, the operator of the Great Lakes facilities, on February 22, 2007. TransCanada and its affiliates provide operating services such as legal, tax, treasury, human resources, other administrative functions, and incur other costs on Great Lakes' behalf. These include, but are not limited to, employee benefit costs, property and liability insurance costs, and transition costs. Total costs charged to Great Lakes by TransCanada and its affiliates were approximately \$5.2 million and \$22.2 million for the three months ended September 30, 2007 and for the period from February 23, 2007 to September 30, 2007, respectively, of which \$2.4 million and \$10.3 million are included in the Partnership's equity income from Great Lakes during the same periods.

Great Lakes earns transportation revenues from TransCanada and its affiliates under fixed priced contracts with remaining terms ranging from one to eleven years. Great Lakes earned \$32.4 million and \$81.5 million of transportation revenues under these contracts for the three months ended September 30, 2007 and for the period February 23, 2007 to September 30, 2007, respectively. These amounts represent 49.8 per cent and 50.3 per cent of total revenues earned by Great Lakes for the three months ended September 30, 2007 and for the period February 23, 2007 to September 30, 2007, respectively, of which \$15.1 million and \$37.9 million are included in the Partnership's equity income from Great Lakes during the same periods.

TransCanada Northern Border became the operator of Northern Border effective April 1, 2007. The officers of TransCanada Northern Border are now the equivalent of Northern Border's officers. TransCanada and its affiliates provide operating services such as legal, tax, treasury, human resources, other administrative functions, and incur other costs on Northern Border's behalf. These include, but are not limited to, employee benefit costs, property and liability insurance costs, and transition costs. Total costs charged to Northern Border by TransCanada and its

affiliates were approximately \$7.4 million and \$14.9 million for the three and nine months

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 1. FINANCIAL STATEMENTS (Concluded)**

**TC PipeLines, LP**

ended September 30, 2007, respectively, of which \$3.7 million and \$7.5 million are included in the Partnership's equity income from Northern Border during the same periods.

On April 6, 2006, the Partnership acquired an additional 20 per cent general partnership interest in Northern Border. As part of this transaction, the Partnership paid a \$10 million transaction fee to TransCanada Northern Border related to the assumption of operatorship. This fee has been recorded as part of the Partnership's investment in Northern Border and is being amortized over the term of the related operating agreement partially offsetting equity income.

On December 19, 2006, the Partnership acquired an additional 49 per cent general partner interest in Tuscarora. In connection with this transaction, TransCanada Northern Border became the operator of Tuscarora. TransCanada and its affiliates provide operating services such as legal, tax, treasury, human resources, other administrative functions, and incur other costs on Tuscarora's behalf. These include, but are not limited to, employee benefit costs, and property and liability insurance costs. Total costs charged to Tuscarora by TransCanada and its affiliates were \$0.8 million and \$1.7 million for the three and nine months ended September 30, 2007.

In May 2007, the Partnership reimbursed TransCanada \$2.8 million for third party costs related to the Partnership's acquisition of its interest in Great Lakes in February 2007. In September 2007, the Partnership reimbursed TransCanada \$1.2 million for a working capital adjustment related to the Partnership's acquisition of its interest in Great Lakes in February 2007.

**Note 10                      Derivative Financial Instruments**

At September 30, 2007, the fair value of the interest rate swaps and options accounted for as hedges was negative \$0.7 million. The fair value of interest rate swaps and options has been calculated using period-end market rates. The notional amount hedged was \$400 million. The interest rate swaps and options are structured such that the cash flows match those of the Senior Credit Facility from March 12, 2007 through to maturity dates of May 22, 2009 and December 12, 2011.

**Note 11                      Subsequent Events**

On October 18, 2007, the Partnership announced its third quarter cash distribution in the amount of \$0.66 per unit, payable on November 14, 2007, to unitholders of record on October 31, 2007. The cash distribution represents an increase over the previous quarter of \$0.005 per unit, or \$0.02 per unit per annum, to an indicated annual cash distribution of \$2.64 per unit.

AND RESULTS OF OPERATIONS**

**TC PipeLines, LP**

**Cautionary Statement Regarding Forward-Looking Information**

A number of statements made by TC PipeLines, LP in this quarterly report are forward-looking and relate to, among other things, anticipated financial performance, business prospects, strategies, market forces and commitments. Much of this information appears in Management's Discussion and Analysis of Financial Condition and Results of Operations found herein. All forward-looking statements are based on the Partnership's current beliefs as well as assumptions made by and information currently available to the Partnership. These statements reflect the Partnership's current views with respect to future events. The Partnership assumes no obligation to update any such forward-looking statements to reflect events or circumstances occurring after the date hereof. Words such as anticipate, believe, estimate, expect, plan, intend, forecast, similar expressions, identify forward-looking statements. Readers are cautioned not to place undue reliance on this forward-looking information, which is as of the date of this Form 10-Q. These statements reflect the Partnership's current views with respect to future events and are subject to various risks, uncertainties and assumptions including:

the Partnership's 46.45 per cent general partner interest in Great Lakes and 50 per cent general partner interest in Northern Border represent its most significant assets. As a result, the Partnership is dependent upon Great Lakes and Northern Border for the majority of its available cash;

regulatory decisions, particularly those of the FERC;

the ability of Great Lakes and Northern Border to recontract their capacity and the transportation rates at which that capacity is contracted;

the Alberta (Canada) government's decision to implement a new royalty regime effective January 2009 may affect the volume of Canadian natural gas available for export;

the failure of a shipper on one of the pipelines in which the Partnership has an interest to perform its contractual obligations;

the availability of and demand for Western Canadian natural gas for import into the U.S.;

## Edgar Filing: TC PIPELINES LP - Form 10-Q

the amount of storage capacity in Western Canada and overall strong demand for storage injection; and

prevailing economic conditions, particularly conditions of the capital and equity markets.

These and other risks are discussed in the Partnership's filings with the Securities and Exchange Commission (SEC), including under Item 1A, Risk Factors, in the Partnership's annual report on Form 10-K for the year ended December 31, 2006 and Item 1A, Risk Factors in the Partnership's quarterly report on Form 10-Q for the quarter ended March 31, 2007. By its nature, such forward-looking information is subject to various risks and uncertainties, which could cause TC PipeLines' actual results and experience to differ materially from the anticipated results or other expectations expressed in this quarterly report.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

**Results of Operations of TC PipeLines, LP**

*The general partner interests in Great Lakes Gas Transmission Limited Partnership (Great Lakes), Northern Border Pipeline Company (Northern Border) and Tuscarora Gas Transmission Company (Tuscarora) (together our pipeline assets) were our only material sources of income; therefore, our results of operations were influenced by and reflect the same factors that influenced the financial results of our pipeline assets.*

The following discussions of the financial condition and results of operations of TC PipeLines, LP, Great Lakes, Northern Border and Tuscarora should be read in conjunction with the financial statements and notes thereto of the Partnership included elsewhere in this report (see Item 1. Financial Statements).

***Overview***

TC PipeLines, LP is a Delaware limited partnership formed in 1998. TC PipeLines was formed by TransCanada PipeLines Limited, a subsidiary of TransCanada Corporation (collectively referred to herein as TransCanada), to acquire, own and participate in the management of United States (U.S.)-based pipeline assets. TC PipeLines, LP and its subsidiary limited partnerships, TC GL Intermediate Limited Partnership, TC PipeLines Intermediate Limited Partnership, and TC Tuscarora Intermediate Limited Partnership, are collectively referred to herein as TC PipeLines or the Partnership. In this report, references to we, us or our collectively refer to TC PipeLines or the Partnership. The general partner of the Partnership is TC PipeLines GP, Inc., an indirect wholly-owned subsidiary of TransCanada. Our strategic focus is on delivering stable, sustainable cash distributions to our unitholders and to find opportunities to increase cash distributions while maintaining a low risk profile.

We own a 46.45 per cent interest in Great Lakes, which we acquired on February 22, 2007 from El Paso Corporation. The other 53.55 per cent interest in Great Lakes is held by TransCanada.

We own a 50 per cent interest in Northern Border including a 20 per cent interest acquired on April 6, 2006. The other 50 per cent interest in Northern Border is held by ONEOK Partners, L.P. (ONEOK), a publicly traded limited partnership. At September 30, 2007, each partner held a 50 percent voting interest on the Management Committee of Northern Border.

We also own or control a 99 per cent interest in Tuscarora. In September 2000, we acquired a 49 per cent interest from TCPL Tuscarora Ltd., an indirect wholly-owned subsidiary of TransCanada, which continues to hold a one per cent general partner interest in Tuscarora. The Partnership

## Edgar Filing: TC PIPELINES LP - Form 10-Q

purchased its other interest in Tuscarora from Tuscarora Gas Pipeline Co., a wholly-owned subsidiary of Sierra Pacific Resources, on December 19, 2006.

### ***Business of Great Lakes***

Great Lakes owns a 2,115-mile U.S. interstate pipeline system which receives natural gas from TransCanada at the Canadian border near Emerson, Manitoba and extends across Minnesota, Northern Wisconsin and Michigan, and redelivers gas to TransCanada at the international border at Sault Ste. Marie, Michigan and St. Clair, Michigan. Great Lakes provides its shippers access to markets along its pipeline system through over 60 receipt and delivery interconnections with multiple pipelines and distribution companies, and access to over 30 Michigan storage fields.

The major policies of Great Lakes are established by the Management Committee of Great Lakes, which currently consists of four appointed members, two of whom are designated by us and two of whom are designated by TransCanada. All decisions by the Management Committee require unanimous consent. For the day

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

to day management of Great Lakes business, the Management Committee established an Executive Committee currently consisting of two appointed members: one Partnership Committee Member and one TransCanada Committee Member, who also serves as the Great Lakes President.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

TransCanada Northern Border Inc. (TransCanada Northern Border), a wholly-owned subsidiary of TransCanada formerly named TransCan Northwest Border Ltd., became the operator of Great Lakes through TransCanada's acquisition of Great Lakes Gas Transmission Company, the operator of the Great Lakes facilities, on February 22, 2007. TransCanada and its affiliates provide operating services such as legal, tax, treasury, human resources, other administrative functions, and incur other costs on Great Lakes' behalf. These include, but are not limited to, employee benefit costs, property and liability insurance costs, and transition costs. Total costs charged to Great Lakes by TransCanada and its affiliates were approximately \$5.2 million and \$22.2 million for the three months ended September 30, 2007 and for the period February 23, 2007 to September 30, 2007, respectively, of which \$2.4 million and \$10.3 million are included in the Partnership's equity income from Great Lakes during the same periods.

Great Lakes earns transportation revenues from TransCanada and its affiliates under fixed priced contracts with remaining terms ranging from one to eleven years. Great Lakes earned \$32.4 million and \$81.5 million of transportation revenues under these contracts for the three months ended September 30, 2007 and for the period February 23, 2007 to September 30, 2007, respectively. These amounts represent 49.8 per cent and 50.3 per cent of total revenues earned by Great Lakes for the three months ended September 30, 2007 and for the period February 23, 2007 to September 30, 2007, respectively, of which \$15.1 million and \$37.9 million are included in the Partnership's equity income from Great Lakes during the same periods.

***Business of Northern Border***

Northern Border transports natural gas along 1,249 miles of pipeline with a design capacity of approximately 2.4 Bcf/d that extends from the Montana-Saskatchewan border to a terminus near North Hayden, Indiana. Northern Border's transportation network provides pipeline access to the Midwestern U.S. primarily from natural gas reserves in the Western Canada Sedimentary Basin, which is located in the Canadian provinces of Alberta, British Columbia and Saskatchewan. The Management Committee of Northern Border Pipeline consists of four members. TC PipeLines and ONEOK each designate two members of the Management Committee and each have 50 per cent of the voting power of the Management Committee.

TransCanada Northern Border Inc. became the operator of Northern Border effective April 1, 2007. The officers of TransCanada Northern Border are now the equivalent of Northern Border's officers. TransCanada and its affiliates provide operating services such as legal, tax, treasury, human resources, other administrative functions, and incur other costs on Northern Border's behalf. These include, but are not limited to, employee benefit costs, property and liability insurance costs, and transition costs. Total costs charged to Northern Border by TransCanada and its affiliates were approximately \$7.4 million and \$14.9 million for the three and six months ended September 30, 2007, respectively, of which \$3.7 million and \$7.5 million are included in the Partnership's equity income from Northern Border during the same periods.

*Business of Tuscarora*

## Edgar Filing: TC PIPELINES LP - Form 10-Q

Tuscarora owns a 240-mile U.S. interstate pipeline system that originates at an interconnection point with facilities of Gas Transmission Northwest Corporation, a wholly-owned subsidiary of TransCanada, near Malin, Oregon and runs southeast through northeastern California and northwestern Nevada.

On December 19, 2006, the Partnership acquired an additional 49 per cent general partner interest in Tuscarora. Upon the acquisition, TC PipeLines began to consolidate its interest in Tuscarora, as the Partnership owns or controls 99 per cent. In connection with this transaction, TransCanada Northern Border became the operator of Tuscarora. TransCanada and its

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

affiliates provide operating services such as legal, tax, treasury, human resources, other administrative functions, and incur other costs on Tuscarora's behalf. These include, but are not limited to, employee benefit costs, and property and liability insurance costs. Total costs charged to Tuscarora by TransCanada and its affiliates were \$0.8 million and \$1.7 million for the three and nine months ended September 30, 2007.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

***Recent Developments***

**Acquisition** On February 22, 2007, the Partnership acquired a 46.45 per cent general partnership interest in Great Lakes from El Paso Corporation. The total purchase price was \$942 million, subject to certain closing adjustments, and included the indirect assumption of approximately \$209 million of debt. The acquisition was partially financed through a private placement of 17,356,086 common units at \$34.57 per common unit for gross proceeds of \$600 million which closed concurrently with the acquisition. TransCan Northern Ltd. purchased 8,678,045 of the 17,356,086 common units issued for gross proceeds of \$300 million. In addition, TC PipeLines GP maintained its two per cent general partner interest in the Partnership by contributing \$12.6 million to the Partnership in connection with the private equity placement. The Partnership funded the balance of the total consideration with a draw on its senior credit facility, which was amended and restated in connection with this transaction.

TransCanada, which previously held a 50 per cent interest in Great Lakes, acquired the other 3.55 per cent interest simultaneously with the Partnership's acquisition of its interest. In connection with these transactions, a wholly-owned subsidiary of TransCanada also became the operator of Great Lakes.

In the second quarter of 2007, an additional \$3.0 million related to the Great Lakes acquisition was paid, consisting primarily of a \$2.8 million reimbursement of acquisition fees to a wholly-owned subsidiary of TransCanada. In September 2007, the Partnership reimbursed TransCanada \$1.2 million for a working capital adjustment related to the Partnership's acquisition of its interest in Great Lakes.

***Great Lakes Significant Developments in 2007***

**Michigan Business Tax** In the third quarter of 2007, Michigan announced a replacement for the Michigan Single Business Tax ( SBT ). The new tax, Michigan Business Tax, will commence January 1, 2008 and is an income tax at the partnership level. This is expected to increase Great Lakes' Michigan taxes (net of a property tax credit) by approximately \$1 to \$2 million per annum beginning in 2008. In September 2007, Great Lakes eliminated its deferred SBT amounts consistent with the elimination of the SBT tax. This resulted in an increase of \$1.6 million to Great Lakes' net income in the third quarter of 2007.

***Northern Border Significant Developments in 2007***

## Edgar Filing: TC PIPELINES LP - Form 10-Q

*Rate Case* In accordance with the provisions of the settlement of Northern Border's 2005 rate case, overall rates were reduced, compared with rates prior to the filing, by approximately five per cent beginning January 1, 2007. Additional information about Northern Border's regulatory proceedings is included in this report under Regulatory Developments.

*Amended and Restated Credit Facility* On April 27, 2007, Northern Border entered into a \$250 million five-year revolving credit agreement with certain financial institutions. Additional information about Northern Border's new credit agreement is included in this report under Debt and Credit Facilities of Northern Border.

### *Accounting Policies and Estimates*

TC PipeLines accounts for its investments in both Great Lakes and Northern Border using the equity method of accounting. The equity method of accounting is appropriate where the investor does not control an investee, but rather is able to exercise significant influence over the operating and financial policies of an investee. TC PipeLines is able to exercise significant influence over its investments in Great Lakes and Northern Border because of its ownership interests and its representation on Great Lakes and Northern

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

Border management committees.

The preparation of financial statements in accordance with U.S. GAAP requires us to make estimates and assumptions with respect to values or conditions which cannot be known with certainty that affect the reported amount of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements. These estimates and assumptions also affect the reported amounts of revenue and expenses during the reporting period. Although we believe these estimates are reasonable, actual results could differ from our estimates.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

There have been no material changes to the Partnership's accounting policies or estimates during the nine months ended September 30, 2007.

***Recent Accounting Pronouncements***

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS No. 157), which establishes a framework for measuring fair value and requires additional disclosures about fair value measurements. SFAS No. 157 is effective for our fiscal year beginning January 1, 2008. The effect of adopting SFAS No. 157 is not expected to be material to our results of operations or financial position.

In February 2007, the FASB issued SFAS No. 159 The Fair Value Option for Financial Assets and Financial Liabilities - Including an Amendment of FASB Statement No. 115, which permits entities to choose to measure selected financial assets and financial liabilities at fair value. The fair value option established by SFAS No. 159 permits all entities to choose to measure eligible items at fair value at specified election dates. A business entity shall report unrealized gains and losses in earnings, on items for which the fair value option has been elected, at each subsequent reporting date. SFAS No. 159 is effective for our fiscal year beginning January 1, 2008. The effect of adopting SFAS No. 159 is not expected to be material to our results of operations or financial position.

***Known Trends and Uncertainties***

***Supply*** We continue to see a decline in Canadian natural gas available for export as compared to the same period last year. Due to favorable market conditions in the markets our pipeline assets serve, the decline in Canadian supply available for export has not negatively impacted our pipeline assets' throughput in 2007. We expect the decline in Canadian gas supply available for export to continue due to declining production and rising demand in Alberta primarily due to natural gas consumption associated with the development and production of oil sand reserves. A reduction in the amount of available supply for export will continue to be a negative development for all U.S. pipelines that import natural gas from Canada, but the impact on our pipeline assets will depend upon competitive factors and prevailing market conditions.

***Competition*** Supply competition from other natural gas sources can impact demand for transportation on our pipeline assets. We anticipate further growth in supplies from the Rocky Mountain region will create additional supply in the markets Great Lakes and Northern Border serve. The Rockies Express Pipeline, a 1,679-mile pipeline system from Rio Blanco County, Colorado to Monroe County, Ohio, will increase supply competition in Midwestern markets. The western segment of the Rockies Express Pipeline, from Colorado to Missouri, is anticipated to be placed in service by early 2008, and initially is expected to add more supply competition in markets served by Northern Border. The

eastern segment of the Rockies Express Pipeline, from Missouri to Ohio, is expected to be placed in service by June 2009, and is anticipated to transport natural gas further east, potentially mitigating excess supply in the Midwest market region. The additional supply moving towards eastern markets may provide opportunities for Great Lakes to market its eastern zone capacity, for storage injection and withdrawal, which has historically gone underutilized.

*Great Lakes* For the period from March 1, 2007 to September 30, 2007, Great Lakes' average contracted capacity compared to Great Lakes' design capacity was 100 per cent. As of September 30, 2007, all available capacity is contracted on a firm basis for the remainder of 2007. Great Lakes' average contracted capacities at September 30, 2007 compared to design capacity are 100 per cent and 91 per cent for the first and second quarter of 2008, respectively.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

*Northern Border* Long term rates were reduced and short-term seasonal rates were implemented effective January 1, 2007 as a result of Northern Border's rate case settlement, discussed under "Regulatory Developments" in this report. Revenues for the year 2007 are expected to be comparable to 2006 primarily due to the implementation of seasonal rates and favorable contracting experience for 2007. Northern Border's average contracted capacity was 96 per cent and 97 per cent of design capacity for the nine months ended September 30, 2007 and 2006, respectively. At September 30, 2007, substantially all of Northern Border's design capacity was contracted on a firm basis for the fourth quarter of 2007 and first

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

quarter of 2008. As of September 30, 2007, Northern Border has approximately 980 MMcf/d or 41 per cent of design capacity uncontracted beginning in the second quarter of 2008. Prevailing market conditions and competitive factors in North America, including the Rockies Express Pipeline, will continue to impact the value of Northern Border's transportation and its ability to market this available capacity. Northern Border expects to continue to discount transportation capacity as needed to optimize revenue.

***Regulatory Developments***

In May 2005, the FERC issued a policy statement permitting the inclusion of an income tax allowance in the rates for partnership interests held by partners with an actual or potential income tax liability. On December 16, 2005, the FERC issued an order (the December 16 Order) in its first case-specific review of the income tax allowance issue, reaffirming its tax allowance policy and directing the pipeline to provide certain evidence necessary to determine the income tax allowance. The FERC's policy and the December 16 Order were appealed to the D.C. Circuit Court and rehearing requests were filed with respect to the December 16 Order. On May 29, 2007, the United States Court of Appeals for the D.C. Circuit issued a decision denying the petitions for review and upholding FERC's income tax allowance policy. Great Lakes, Northern Border and Tuscarora currently recover an income tax allowance in their respective rates.

The settlement of Northern Border's 2005 rate case was approved by the FERC in November 2006. The settlement established maximum long-term mileage-based rates and charges for transportation on Northern Border's system. Beginning January 1, 2007, overall rates were reduced, compared with rates prior to the filing, by approximately five per cent. The settlement also provided for seasonal rates for short-term transportation services. Seasonal maximum rates vary on a monthly basis from approximately \$0.54 per decatherm (dth) to approximately \$0.29 per dth for the full transportation route from Port of Morgan, Montana to the Chicago area.

On August 7, 2006, the FERC approved a settlement reached by Tuscarora, Public Utilities Commission of Nevada and its firm shippers. The settlement resulted in a firm transportation rate of \$0.40/dth per day beginning June 1, 2006. This is a 17 per cent reduction to the previous rate of \$0.4811/dth per day, or an approximate \$5 million reduction in Tuscarora's annual revenues. In addition, the settlement results in a moratorium on all rate actions before the FERC by any party to the settlement for a period of 48 months to May 31, 2010, including rate actions related to expansion projects where Tuscarora proposes to price the expansion at the settlement rate.

Additional information about these regulatory proceedings is included in our annual report on Form 10-K for the year ended December 31, 2006.

***Third Quarter 2007 Compared with Third Quarter 2006***

The Partnership reported third quarter 2007 net income of \$24.6 million, an increase of \$12.6 million or 105 per cent, compared to net income of \$12.0 million for the same quarter last year. The increase was primarily due to equity income from the Partnership's investment in Great Lakes,

## Edgar Filing: TC PIPELINES LP - Form 10-Q

offset slightly by increased financial charges incurred by the Partnership.

Equity income from the Partnership's investment in Great Lakes contributed \$14.2 million for the three months ended September 30, 2007. The Partnership's share of Great Lakes' revenue was \$30.5 million which was offset by operations, maintenance and administrative expenses and depreciation of \$12.6 million and financial charges, net and other of \$3.7 million for the same period.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

Equity income from Northern Border was \$16.2 million in the third quarter of 2007, a decrease of \$0.4 million or 2 per cent, compared to \$16.6 million for the same period last year. The decrease in equity income was primarily due to decreased revenue and decreased other income, offset by decreased operations, maintenance and administrative expenses.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

Northern Border's operating revenue decreased \$0.7 million, or 1 per cent, for the three months ended September 30, 2007 compared with operating revenue, net of the provision for rate refunds, for the same period last year primarily due to the following:

decreased revenue of \$1.6 million primarily related to the reduction of long-term rates effective January 1, 2007 and an increase in volumes sold at a discount; and

decreased revenue of \$0.5 million related to decreased demand for other transportation services; offset by

a reduction to net revenue of \$1.5 million in the third quarter of 2006 due to an increase in Northern Border's provision for billings subject to refund related to revenue recorded in the second quarter of 2006. The increase in Northern Border's provision for billings subject to refund was made to reflect the filed settlement of its rate case.

Effective May 1, 2006, Northern Border's revenues were collected subject to possible refunds upon final FERC orders. Based on the settlement of the 2005 rate case, Northern Border made refunds to its customers in the fourth quarter of 2006. Additional information about the settlement of the 2005 rate case is included in this report under "Regulatory Developments".

Northern Border's operations, maintenance and administrative expenses decreased \$0.4 million, or 2 per cent, for the three months ended September 30, 2007 compared with the same period last year primarily due to the following:

decreased taxes other than income of \$0.5 million; and

decreased expense of \$1.1 million related to the net under recovery of the compressor usage surcharge; offset by

increased electric compression charges of \$0.6 million primarily related to increased usage and electric rates; and

increased expense of \$0.4 million related to a credit to expense during the third quarter of 2006 for Northern Border's 2005 rate case.

The remaining decrease in Northern Border's net income of \$0.7 million for the three months ended September 30, 2007 compared with the same period last year was due to increased depreciation expense and financial charges, net and other.

With the acquisition of an additional 49 per cent general partner interest in Tuscarora on December 19, 2006, the Partnership now consolidates its interest in Tuscarora. Tuscarora's contribution to the Partnership's net income increased \$1.5 million in the third quarter of 2007 compared to the same period in the prior year due to the acquisition of the additional 49 per cent general partner interest. The Partnership reported transmission revenues of \$6.7 million and depreciation expense of \$1.6 million for the third quarter of 2007 related to its consolidation of Tuscarora's operations.

The Partnership's operations, maintenance and administrative expenses of \$2.2 million in the third quarter of 2007 increased \$1.7 million compared to \$0.5 million for the same period in 2006. The third quarter of 2007 includes \$1.2 million related to the consolidation of Tuscarora operations. Excluding the \$1.2 million of expenses related to Tuscarora, the Partnership's general and administrative expenses increased \$0.5 million to \$1.0 million in the third quarter of 2007 from \$0.5 million in the same period in 2006. \$0.1 million of this increase relates to increased salary expenses with the remaining increase due to timing of expenses incurred relative to the same period last year.

Financial charges were \$8.7 million in the third quarter of 2007, an increase of \$3.3 million, compared to \$5.4 million for the same period last year due to higher average debt outstanding and the consolidation of Tuscarora operations

**PART I. FINANCIAL INFORMATION (Continued)**

AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

which included \$1.0 million of financial charges. The higher average debt outstanding was the result of additional financing in 2006 and 2007 for acquisitions.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

*Nine Months Ended September 30, 2007 Compared with Nine Months Ended September 30, 2006*

Net income increased \$28.9 million, or 87 per cent, to \$62.3 million in the first nine months of 2007, compared to \$33.4 million for the same period in 2006. The increase was due to equity income from the Partnership's interest in Great Lakes, an increase in equity income from Northern Border and an increase to Tuscarora's contribution to the Partnership's net income resulting from the Partnership's additional general partner interests in these pipelines, partially offset by increased financial charges incurred by the Partnership and lower Northern Border and Tuscarora net income.

Equity income from the Partnership's investment in Great Lakes contributed \$34.3 million for the period February 23, 2007 to September 30, 2007. The Partnership's share of Great Lakes' revenue was \$75.3 million for the period February 23, 2007 to September 30, 2007, which was offset by operations, maintenance and administrative expenses and depreciation of \$32.0 million and financial charges, net and other of \$9.0 million for the same period.

Equity income from the Partnership's investment in Northern Border increased \$4.2 million, or 10 per cent, to \$44.3 million in the first nine months of 2007, compared to \$40.1 million for the same period in 2006. The increase in equity income from Northern Border was due to the Partnership's additional 20 per cent general partner interest which contributed \$7.0 million in equity income, partially offset by a reduction in Northern Border's net income due primarily to decreased revenue and increased operations, maintenance and administrative expenses.

Northern Border's operating revenue decreased \$3.5 million, or 2 per cent, for the nine months ended September 30, 2007 compared with operating revenue, net of the provision for rate refunds, for the same period last year due to the following:

decreased revenue of \$6.4 million primarily related to the reduction of long-term rates effective January 1, 2007 and an increase in volumes sold at a discount; offset by

additional revenue of \$2.0 million due to contracts related to the Chicago III Expansion Project; and

increased revenue of \$0.9 million related to increased demand for other transportation services.

Effective May 1, 2006, Northern Border's revenues were collected subject to possible refunds upon final FERC orders. Based on the settlement of the 2005 rate case, Northern Border made refunds to its customers in the fourth quarter of 2006. Additional information about the settlement of the 2005 rate case is included in this report under Regulatory Developments.

## Edgar Filing: TC PIPELINES LP - Form 10-Q

Northern Border's operations, maintenance and administrative expenses increased \$1.6 million, or 3 per cent, for the nine months ended September 30, 2007 compared with the same period last year primarily due to the following:

a charge during the second quarter of 2007 of \$2.3 million for payment by us to ONEOK Partners over a five year period, as agreed to in a transition services agreement between ONEOK Partners GP and TransCanada Northern Border, related to the reimbursement for shared equipment and furnishings acquired by ONEOK Partners previously used to support Northern Border's operations; and

increased electric compression charges of \$1.7 million primarily related to the Chicago III Expansion Project and increased usage and electric rates; offset by

decreased expense of \$1.2 million related to taxes other than income; and

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

decreased expense of \$1.4 million related to the net under recovery of the compressor usage surcharge.

The remaining decrease in Northern Border's net income of \$1.5 million for the nine months ended September 30, 2007 compared with the same period last year was due to increased depreciation expense, partially offset by decreased financial charges, net and other.

Tuscarora's contribution to the Partnership's net income increased \$3.5 million for the nine months ended September 30, 2007 compared to the same period in the prior year due primarily to the acquisition of an additional 49 per cent general partner interest on December 19, 2006. The Partnership reported transmission revenues of \$20.3 million and depreciation expense of \$4.7 million for the nine months ended September 30, 2007 related to its consolidation of the Tuscarora operations. Tuscarora's revenues were lower in nine months ended September 30, 2007 compared to the same period in 2006 due to a reduced firm transportation rate as a result of its rate settlement.

**PART I. FINANCIAL INFORMATION (Continued)****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION****AND RESULTS OF OPERATIONS (Continued)****TC PipeLines, LP**

The Partnership's operations, maintenance and administrative expenses of \$6.4 million for the nine months ended September 30, 2007 increased \$4.6 million compared to \$1.8 million for the same period in 2006. The nine months ended September 30, 2007 includes \$3.7 million related to the consolidation of Tuscarora operations. Excluding the \$3.7 million of expenses related to Tuscarora, the Partnership's general and administrative expenses increased \$0.9 million to \$2.7 million for the nine months ended September 30, 2007 from \$1.8 million in the same period in 2006. \$0.5 million of this increase relates to increased salary expenses with the remaining increase due to timing of expenses incurred relative to the same period last year.

Financial charges were \$25.5 million for the nine months ended September 30, 2007, an increase of \$15.7 million, compared to \$9.8 million for the same period last year due to higher average debt outstanding and the consolidation of Tuscarora operations which included \$3.4 million of net financial charges. The higher average debt outstanding was the result of additional financing in 2006 and 2007 for acquisitions.

***Partnership Cash Flows***

To supplement our financial statements, we have disclosed Partnership cash flows and have itemized the cash distributions received from our original general partner interests, the increase in cash distributions due to 2006 and 2007 acquisitions, cash flows from Tuscarora's operating activities and Partnership costs. We have presented this additional information to enhance an investor's understanding of the way that management analyzes the Partnership's financial performance. The segregation of the cash distributions received before and after the impact of 2006 and 2007 acquisitions provides a comparison of the Partnership's cash flows for the three and nine months ended September 30, 2007 and 2006. The presentation of this additional information is not meant to be considered in isolation or as a substitute for results prepared in accordance with GAAP.

<i>(unaudited)</i> <i>(millions of dollars)</i>	Three months ended September 30		Nine months ended September 30

(a) Reconciliation of non-GAAP financial measure: Cash distributions received is a non-GAAP financial measure which is the sum of equity income from investment in Great Lakes, equity income from investment in Northern Border, return of capital from Great Lakes, return of capital from Northern Border, equity income in excess of distributions received and up until December 19, 2006, equity income from investment in Tuscarora and return of capital from Tuscarora. It is provided as a supplement to results reported in accordance with GAAP. Management believes that this is a meaningful measure to assist investors in evaluating the levels of cash distributions from the Partnership's investments. Below is a reconciliation of Cash distributions received to GAAP financial measures:

<i>(millions of dollars)</i>	Three months ended September 30		Nine months ended September 30	
	<b>2007</b>	2006	<b>2007</b>	2006
Equity income from investment in Great Lakes	<b>14.2</b>	-	<b>34.3</b>	-
Equity income from investment in Northern Border	<b>16.2</b>	16.6	<b>44.3</b>	40.1
Equity income from investment in Tuscarora	-	1.3	-	4.9
Return of capital from Great Lakes	<b>3.2</b>	-	<b>6.7</b>	-
Return of capital from Northern Border	-	1.7	<b>18.2</b>	16.0
Return of capital from Tuscarora	-	0.5	-	1.3
Equity income in excess of distributions received	<b>(1.4)</b>	-	-	-
Total cash distributions received	<b>32.2</b>	20.1	<b>103.5</b>	62.3

(b) Effective December 19, 2006, the Partnership began consolidating Tuscarora's operations upon acquisition of an additional 49 per cent general partner interest. The cash flows from Tuscarora's operating activities is the GAAP measure cash generated from operations reported in Tuscarora's financial statements.

<i>(millions of dollars)</i>	Three months ended September 30		Nine months ended September 30	
	<b>2007</b>	2006	<b>2007</b>	2006
Tuscarora net income	<b>2.9</b>	2.9	<b>8.5</b>	10.6
Add: Depreciation and amortization	<b>1.6</b>	1.6	<b>4.7</b>	4.7
Changes in operating assets and liabilities	<b>1.7</b>	1.2	<b>1.6</b>	1.6
Cash flows from Tuscarora's operating activities	<b>6.2</b>	5.7	<b>14.8</b>	16.9

(c) Reconciliation of non-GAAP financial measure: Partnership cash flows is a non-GAAP financial measure which is the sum of cash distributions received and cash flows from Tuscarora's operating activities less Partnership costs. We exclude Tuscarora's costs from Partnership costs so that investors may evaluate our costs independent of costs directly

# Edgar Filing: TC PIPELINES LP - Form 10-Q

attributable to our investments. Management believes that this is a useful measure to assist investors in evaluating the Partnership's cash flow from its operating activities. A reconciliation of Partnership costs is summarized below:

<i>(millions of dollars)</i>	Three months ended September 30		Nine months ended September 30	
	2007	2006	2007	2006

**TC PipeLines, LP**

***Third Quarter 2007***

Partnership cash flows for the quarter ended September 30, 2007 were \$29.7 million, an increase of \$15.5 million, compared to \$14.2 million for the same period last year. Cash flows from Tuscarora's operating activities were \$6.2 million for the three months ended September 30, 2007. The Partnership incurred financing and other costs of \$8.7 million in the three months ended September 30, 2007 compared to \$5.9 million in the same period last year. Total cash distributions received increased \$12.1 million to \$32.2 million for the nine months ended September 30, 2007 from \$20.1 million for the same period in the prior year primarily due to cash distributions received from Great Lakes.

The acquisition of a 46.45 per cent general partner interest in Great Lakes on February 22, 2007 contributed \$17.4 million to cash distributions received in the three months ended September 30, 2007. This was the second cash distribution received by the Partnership from Great Lakes.

Total cash distributions of \$14.8 million were received from Northern Border during the third quarter of 2007, of which \$5.9 million was due to the acquisition of an additional 20 per cent general partner interest in Northern Border. The remaining \$8.9 million of cash distributions received from Northern Border related to the Partnership's original 30 per cent general partner interest. Total cash distributions received from Northern Border during the third quarter of 2007 decreased by \$3.5 million compared to the same period in the prior year.

Cash balances of Tuscarora are consolidated by the Partnership effective December 19, 2006 and as a result, the Partnership ceased reporting distributions from Tuscarora after that date. Distributions from Tuscarora for the three months ended September 30, 2006 were \$1.8 million. In 2007, Tuscarora's available operating cash flow has been used to finance the compressor station expansion project in Likely, California and to repay debt.

Partnership costs of \$8.7 million for the quarter ended September 30, 2007 compared to \$5.9 million in the same period in 2006 increased mainly due to increased financial charges on higher outstanding debt balances to finance the 2006 and 2007 acquisitions.

***Nine Months Ended September 30, 2007***

Partnership cash flows for the nine months ended September 30, 2007 were \$93.5 million, an increase of \$42.8 million, compared to \$50.7 million for the same period last year. Cash flows from Tuscarora's operating activities were \$14.8 million for the nine months ended September 30, 2007. The Partnership incurred financing and other costs of \$24.8 million in the nine months ended September 30, 2007 compared to \$11.6 million in the same period last year. Total cash distributions received increased \$41.2 million to \$103.5 million for the nine months ended September 30, 2007 from \$62.3 million for the same period in the prior year primarily due to cash distributions received from Great Lakes and the Partnership's additional 20 per cent general partner interest in Northern Border.

## Edgar Filing: TC PIPELINES LP - Form 10-Q

The acquisition of a 46.45 per cent general partner interest in Great Lakes on February 22, 2007 contributed \$41.0 million of cash distributions received in the nine months ended September 30, 2007. Two cash distributions have been received by the Partnership from Great Lakes.

Total cash distributions of \$62.5 million were received from Northern Border during the nine months ended September 30, 2007, of which \$25.0 million was due to the acquisition of an additional 20 per cent general partner interest in Northern Border. The remaining \$37.5 million of cash distributions received from Northern Border related to the Partnership's original 30 per

**PART I. FINANCIAL INFORMATION (Continued)**

AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

cent general partner interest. Total cash distributions received from Northern Border during the nine months ended September 30, 2007 increased by \$6.4 million compared to the same period in the prior year.

Cash balances of Tuscarora are consolidated by the Partnership effective December 19, 2006 and as a result, the Partnership ceased reporting distributions from Tuscarora after that date. Distributions from Tuscarora for the nine months ended September 30, 2006 were \$6.2 million. In 2007, Tuscarora's available cash flow has been used to finance the compressor station expansion project in Likely, California and to repay debt.

**PART I. FINANCIAL INFORMATION (Continued)**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

Partnership costs of \$24.8 million for the nine months ended September 30, 2007 compared to \$11.6 million in the same period in 2006 increased mainly due to increased financial charges on higher outstanding debt balances to finance the 2006 and 2007 acquisitions.

**Liquidity and Capital Resources of TC PipeLines, LP**

***Cash Distribution Policy of TC PipeLines, LP***

The Partnership has made distributions of Available Cash (as defined in the Partnership Agreement) in the following manner:

First, 98 per cent to the common units, pro rata, and two per cent to the general partner, until there is distributed for each outstanding common unit an amount equal to the minimum quarterly distribution for that quarter; and

Thereafter, in a manner whereby the general partner has rights (referred to as incentive distribution rights) to receive increasing percentages of excess quarterly cash distributions over specified cash distribution thresholds calculated as follows:

Additional Available Cash from Operating Surplus (as defined in the Partnership Agreement) for that quarter will be distributed among the unitholders and the general partner (as incentive distribution) in the following manner:

First, 85 per cent to all units, pro rata, and 15 per cent to the general partner, until each unitholder has received a total of \$0.5275 for that quarter;

Second, 75 per cent to all units, pro rata, and 25 per cent to the general partner, until each unitholder has received a total of \$0.6900 for that quarter; and

Thereafter, 50 per cent to all units, pro rata, and 50 per cent to the general partner.

The distribution to the general partner described above, other than in its capacity as a holder of 2,035,106 units that are in excess of its aggregate two per cent general partner interest, represents the incentive distribution rights.

***2007 Third Quarter Cash Distribution***

On October 18, 2007, the Board of Directors of the general partner declared the Partnership's 2007 third quarter cash distribution. The third quarter cash distribution is payable on November 14, 2007 to unitholders of record as of October 31, 2007. The total cash distribution of \$25.3 million will be paid in the following manner: \$23.0 million to common unitholders (including \$1.3 million to the general partner as holder of 2,035,106 common units and \$5.7 million to TransCan Northern Ltd., an indirect wholly-owned subsidiary of TransCanada, as holder of 8,678,045 common units), \$1.8 million to the general partner as holder of the incentive distribution rights, and \$0.5 million to the general partner in respect of its two per cent general partner interest.

***Cash Flows from Operating Activities***

Cash flows provided by operating activities increased \$30.1 million, or 79 per cent, to \$68.2 million for the nine months ended September 30, 2007, compared to \$38.1 million for the same period in 2006. The increase was primarily due to \$41.0 million of cash distributions received from Great Lakes of which \$34.3 million were classified as cash flows provided by operating activities, \$9.9 million of higher operating cash flows due to the additional ownership interest in Tuscarora, \$4.2 million of higher cash distributions received classified as cash flows provided by operating activities from Northern Border, partially offset by \$12.3 million of higher interest payments related to higher debt and \$3.8 million of operating working capital differences. The increase in cash distributions from Northern Border was primarily due to the

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

Partnership's acquisition of an additional 20 per cent general partner interest. The cash distributions received from Northern Border of \$62.5 million and \$56.1 million for the nine months ended September 30, 2007 and 2006, respectively, include \$44.3 million and \$40.1 million classified as distributions in cash flows provided by operating activities in the nine months ended September 30, 2007 and 2006, respectively.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

***Cash Flows from Investing Activities***

Cash used in investing activities was \$721.3 million and \$294.7 million for the nine months ended September 30, 2007 and 2006, respectively. On February 22, 2007, the Partnership acquired a 46.45 per cent interest in Great Lakes from El Paso Corporation for \$733.0 million in cash, subject to certain closing adjustments. In April 2006, the Partnership incurred costs of \$297 million plus \$10 million in a transaction fee payable to a subsidiary of TransCanada for the acquisition of an additional 20 per cent general partnership interest in Northern Border. The Partnership made equity contributions of \$7.5 million and \$3.1 million during the nine months ended September 30, 2007 and 2006, respectively, for cash calls issued by Northern Border.

\$6.7 million of the cash distributions received from Great Lakes were classified as return of capital for the nine months ended September 30, 2007. \$18.2 million and \$16.0 million of the cash distributions received from Northern Border were classified as return of capital for the nine months ended September 30, 2007 and 2006, respectively. \$nil and \$1.3 million of the cash distributions received from Tuscarora were classified as return of capital for the nine months ended September 30, 2007 and 2006, respectively. Distributions received during the nine months ended September 30, 2007 are based on the equity investment financial results from Great Lakes and Northern Border for the nine months ended June 30, 2007.

Tuscarora made capital expenditures of \$4.4 million in the nine months ended September 30, 2007 related to the compressor station expansion project in Likely, California.

***Cash Flows from Financing Activities***

Cash flows provided by financing activities were \$663.3 million and \$261.3 million for the nine months ended September 30, 2007 and 2006, respectively. The acquisition of a 46.45 per cent general partner interest in Great Lakes was partially financed through a private placement of 17,356,086 common units at \$34.57 per common unit for gross proceeds of \$600 million. In addition, TC PipeLines GP maintained its two per cent general partner interest in the Partnership by contributing \$12.6 million to the Partnership in connection with the private equity placement. The Partnership funded the balance of the total consideration with a draw on its senior credit facility, which was amended and restated in connection with this transaction. The Partnership incurred \$1.2 million of costs associated with the amended senior credit facility. The Partnership drew \$126 million under the senior credit facility and borrowed \$26.5 million under its revolving credit facility. The Partnership repaid \$34.9 million of the outstanding balance on its revolving credit facility and senior notes.

For the nine months ended September 30, 2007, the Partnership paid \$61.3 million in cash distributions in the following manner: \$56.0 million to common unitholders (including \$3.9 million to the general partner as holder of 2,035,106 common units and \$11.3 million to TransCanada Northern Ltd., an indirect wholly-owned subsidiary of TransCanada, as holder of 8,678,045 common units), \$4.1 million to the general partner as holder of the incentive distribution rights, and \$1.2 million to the general partner in respect of its two per cent general partner interest.

***Contractual Obligations***

The following table summarizes TC PipeLines' contractual obligations related to long-term debt, operating leases and other long-term obligations as of September 30, 2007:

**PART I. FINANCIAL INFORMATION (Continued)****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION****AND RESULTS OF OPERATIONS (Continued)****TC PipeLines, LP**

(millions of dollars)	Total	Payments Due by Period			After 5 Years
		Less Than 1 Year	1-3 Years	4-5 Years	
Senior Credit Facility	517.0	-	-	517.0	-
Series A Senior Notes due 2010	56.2	3.3	6.2	46.7	-
Series B Senior Notes due 2010	5.7	0.5	1.1	4.1	-
Series C Senior Notes due 2012	6.8	0.9	1.6	1.6	2.7
Interest payments on Senior Credit Facility <sup>(1)</sup>	118.0	27.3	55.6	35.1	-
Interest payments on Senior Notes	15.9	4.9	8.7	2.3	-
Operating Leases	0.1	0.1	-	-	-
Commitments <sup>(2)</sup>	0.1	0.1	-	-	-
Total	\$ 719.8	\$ 37.1	\$ 73.2	\$ 606.8	\$ 2.7

(1) Interest payments on Senior Credit Facility include the hedging effect of the derivative financial instruments placed on \$400 million of the outstanding debt.

(2) Commitments relate to Tuscarora's contract with a third party for maintenance services on certain components of its pipeline-related equipment. The contract expires in November 2007.

On February 22, 2007, the Senior Credit Facility was amended and restated in connection with the Great Lakes acquisition. The amount available under the Senior Credit Facility increased from \$410 million to \$950 million, consisting of a \$700 million senior term loan and a \$250 million senior revolving credit facility, with \$194 million of the senior term loan available being terminated upon closing of the Great Lakes acquisition.

All amounts outstanding under the Senior Credit Facility will be due and payable on December 12, 2011, subject to two one-year extension options. Borrowings under the Senior Credit Facility will bear interest based, at the Partnership's election, on the London Interbank Offered Rate (LIBOR) or the lenders' base rate plus, in either case, an applicable margin. A facility fee is payable by the Partnership based on the principal amount of the senior revolving credit facility commitment of \$250 million.

The Partnership had \$517 million and \$397 million outstanding under the Senior Credit Facility at September 30, 2007 and December 31, 2006, respectively. The interest rate on the Senior Credit Facility averaged 5.97 per cent and 6.02 per cent for the three and nine months ended September 30, 2007, respectively. After hedging activity, the interest rate incurred on the Senior Credit Facility averaged 5.66 per cent and 5.81

## Edgar Filing: TC PIPELINES LP - Form 10-Q

per cent for the three and nine months ended September 30, 2007, respectively. At September 30, 2007 and December 31, 2006, the interest rates were 6.16 per cent and 6.07 per cent, respectively.

The Partnership has entered into interest rate swaps and options to limit the variability of the interest rate on \$400 million of variable-rate borrowings during the period from March 12, 2007 through to maturity dates of May 22, 2009 and December 12, 2011. The Partnership has designated the interest rate swaps and options as cash flow hedges. At September 30, 2007, the fair value of the interest rate swaps and options accounted for as hedges was negative \$0.7 million. The fair value of interest rate swaps has been calculated using period-end market rates.

The Partnership had Series A Senior Secured Notes, Series B Senior Secured Notes and Series C Secured Notes in the amounts of \$56.2 million, \$5.7 million and \$6.8 million outstanding at September 30, 2007 related to Tuscarora, while

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

at December 31, 2006 the Partnership had Series A Senior Secured Notes, Series B Senior Secured Notes and Series C Secured Notes in the amounts of \$57.9 million, \$6.0 million and \$7.2 million, respectively. The Series A Senior Secured Notes bear interest at 7.13 per cent and mature in 2010. The Series B Senior Secured Notes bear interest at 7.99 per cent and mature in 2010. The Series C Senior Secured Notes bear interest at 6.89 per cent and are due in 2012.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION**

**AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

The Partnership was in compliance with all financial covenants as of September 30, 2007.

***Capital Requirements***

On April 30, 2007, Partnership made a contribution of \$7.5 million to Northern Border, representing the Partnership's 50 per cent share of a \$15.0 million cash call issued by Northern Border. The funds were used by Northern Border to repay indebtedness.

During the nine months ended September 30, 2007, Tuscarora incurred \$4.4 million of capital expenditures related to its compressor station expansion in Likely, California. These capital expenditures were funded with operating cash flows.

To the extent we have any additional capital requirements with respect to our pipeline assets or make acquisitions during the remainder of 2007, we expect to fund these requirements with operating cash flows, debt and/or equity.

**Liquidity and Capital Resources of our Pipeline Assets**

*As a result of the Partnership's equity investments in both Great Lakes and Northern Border, the following discusses the liquidity and capital resources of our respective pipeline assets.*

Great Lakes' and Northern Border's principal sources of liquidity include cash generated from operating activities and debt financing. Great Lakes and Northern Border fund their operating expenses, debt service and cash distributions to their partners primarily with operating cash flow. Capital resources for maintenance and growth expenditures are funded by a variety of sources, including cash generated from operating activities, borrowings under credit agreements (in the case of Northern Border), issuance of senior notes and/or equity contributions from their partners. Northern Border's and Great Lakes' ability to access the capital markets to issue debt securities under reasonable terms depends on their respective financial condition, credit ratings (in the case of Northern Border) and market conditions. Northern Border and Great Lakes believe that their ability to obtain financing and their history of consistent cash flow from operating activities provide a solid foundation to meet their short-term and long-term liquidity and capital resource requirements.

***Debt of Great Lakes***

The following table summarizes Great Lakes' debt outstanding as of September 30, 2007:

# Edgar Filing: TC PIPELINES LP - Form 10-Q

(millions of dollars)	Total	Payments Due by Period	
		Less than 1 year	Long-term portion
8.74% series Senior Notes due 2007 to 2011	50.0	10.0	40.0
9.09% series Senior Notes due 2012 to 2021	100.0	-	100.0
6.73% series Senior Notes due 2009 to 2018	90.0	-	90.0
6.95% series Senior Notes due 2019 to 2028	110.0	-	110.0
8.08% series Senior Notes due 2021 to 2030	100.0	-	100.0
Total	\$ 450.0	\$ 10.0	\$ 440.0

Great Lakes is required to comply with certain financial, operational and legal covenants. Under the most restricted covenants in the Senior Note Agreements, approximately \$242.0 million of Great Lakes' partners' capital is restricted as to distributions as of September 30, 2007. In addition, Great Lakes is required to maintain a minimum consolidated tangible net worth of

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS (Continued)**

**TC PipeLines, LP**

\$175 million. At September 30, 2007, Great Lakes was in compliance with all of its financial covenants.

**PART I. FINANCIAL INFORMATION (Continued)****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION****AND RESULTS OF OPERATIONS (Continued)****TC PipeLines, LP*****Debt and Credit Facilities of Northern Border***

The following table summarizes Northern Border's debt and credit facilities outstanding as of September 30, 2007:

(millions of dollars)	Total	Payments Due by Period	
		Less than 1 year	Long-term portion
\$250 million credit agreement <sup>(a)</sup>	160.0	-	160.0
7.75% senior notes due 2009	200.0	-	200.0
7.50% senior notes due 2021	250.0	-	250.0
Total	\$ 610.0	\$ -	\$ 610.0

(a) Northern Border is required to pay a facility fee of 0.05% on the principal commitment amount of its credit agreement.

On April 27, 2007, Northern Border entered into a \$250 million amended and restated revolving credit agreement (the 2007 Credit Agreement) with certain financial institutions. The 2007 Credit Agreement was used to refinance the outstanding indebtedness under Northern Border's \$175 million revolving credit agreement dated as of May 16, 2005 and was used to repay all of the \$150 million of its 6.25 per cent Senior Notes due May 1, 2007. The 2007 Credit Agreement can also be used to finance permitted acquisitions, pay related fees and expenses, issue letters of credit and provide for ongoing working capital needs and for other general business purposes, including capital expenditures.

Northern Border may, at its option, so long as no default or event of default has occurred and is continuing, elect to increase the capacity under its 2007 Credit Agreement by an aggregate amount not to exceed \$100 million, provided that lenders are willing to commit additional amounts. At Northern Border's option, the interest rate on the outstanding borrowings may be the lenders' base rate or LIBOR plus a spread that is based on Northern Border's long-term unsecured credit ratings. The 2007 Credit Agreement permits Northern Border to specify the portion of the borrowings to be covered by specific interest rate options and to specify the interest rate period. Northern Border is required to pay a facility fee of 0.05 per cent based on the principal amount of the commitment of \$250 million. The term of the agreement is five years, with options for two one-year extensions. At September 30, 2007, amounts outstanding under the 2007 Credit Agreement were \$160 million at an average interest rate of 5.71 per cent.

Under the 2007 Credit Agreement, Northern Border is required to comply with certain financial, operational and legal covenants. Upon any breach of these covenants, amounts outstanding under the 2007 Credit Agreement may become immediately due and payable. At September 30, 2007, Northern Border was in compliance with all of its financial covenants.

In August 2007, Northern Border entered into a zero cost interest rate collar agreement (the "Collar Agreement") to limit the variability of the interest rate on \$140 million of variable-rate borrowings during the period from October 30, 2007 through October 30, 2009. Northern Border has designated the Collar Agreement as a cash flow hedge. At September 30, 2007, Northern Border's balance sheet reflected an unrealized loss of approximately \$0.6 million with a corresponding decrease to accumulated other comprehensive income (loss) related to the changes in fair value of the Collar Agreement since inception.

***Cash Distribution Policies of Great Lakes and Northern Border***

Great Lakes and Northern Border's respective management committees determine the amount and timing of their cash distributions to partners. The amount of

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS (Concluded)**

**TC PipeLines, LP**

cash distributions is based on available cash flow as determined by a prescribed formula. The respective management committees have also defined certain minimum requirements in establishing the timing and amounts of required capital contributions.

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

**TC PipeLines, LP**

**TC PipeLines** is exposed to market risk through changes in interest rates. The Partnership does not have any material foreign exchange risks. TC PipeLines' interest rate exposure results from its Senior Credit Facility, which is subject to variability in LIBOR interest rates. At September 30, 2007, TC PipeLines had \$517 million outstanding on its Senior Credit Facility. If LIBOR interest rates change by one per cent compared to the rates in effect as of September 30, 2007, the Partnership's interest expense for the nine months ended September 30, 2007 would have changed by \$0.9 million net of hedging activity. This amount has been determined by considering the impact of the hypothetical interest rates on variable rate borrowings outstanding as of September 30, 2007.

In accordance with SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, we record financial instruments on the balance sheet as assets and liabilities based on fair value. We estimate the fair value of financial instruments using available market information and appropriate valuation techniques. Changes in financial instruments' fair value are recognized in earnings unless the instrument qualifies as a hedge under SFAS No. 133 and meets specific hedge accounting criteria. Qualifying financial instruments' gains and losses may offset the hedged items' related results in earnings for a fair value hedge or be deferred in accumulated other comprehensive income for a cash flow hedge.

**The Partnership** uses derivatives to assist in managing its exposure to interest rate risk. The fair value of interest rate derivatives has been calculated using period-end market rates. At September 30, 2007, the fair value of the Partnership's interest rate swaps accounted for as hedges was negative \$0.7 million. The notional amount hedged was \$400 million. The interest rate swaps are structured such that the cash flows match those of the Senior Credit Facility from March 12, 2007 through to maturity dates of May 22, 2009 and December 12, 2011.

Northern Border utilizes both fixed- and variable-rate debt and is exposed to market risk due to the floating interest rates under its 2007 Credit Agreement. Northern Border regularly assesses the impact of interest rate fluctuations on future cash flows and evaluates hedging opportunities to mitigate its interest rate risk. Northern Border maintains a significant portion of its debt at fixed rates to reduce its sensitivity to interest rate fluctuations. As of September 30, 2007, 74 per cent of Northern Border's outstanding debt was at fixed rates. If interest rates hypothetically increased one per cent on Northern Border's variable-rate borrowings outstanding of \$160 million at September 30, 2007, its annual interest expense would increase by approximately \$1.6 million.

In August 2007, Northern Border entered into a Collar Agreement to limit the variability of the interest rate on \$140 million of variable-rate borrowings during the period from October 30, 2007 through October 30, 2009.

Great Lakes and Tuscarora utilize fixed-rate debt; therefore, they are not exposed to market risk due to floating interest rates.

The Partnership is also influenced by the same factors that influence our pipeline assets. None of our pipeline assets own any of the natural gas they transport; therefore, they do not assume any of the related natural gas commodity price risk.

The state of Minnesota currently requires Great Lakes to pay use tax on the value of the shipper provided compressor fuel burned in its Minnesota compressor engines. Great Lakes is subject to primarily commodity price volatility and some volume volatility in determining the amount of use tax

**PART I. FINANCIAL INFORMATION (Continued)**

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK (Concluded)**

**TC PipeLines, LP**

owed. If natural gas prices changed by \$1 per mmbtu, Great Lakes annual use tax expense would change by approximately \$750 million.

**PART I. FINANCIAL INFORMATION (Concluded)**

**ITEM 4. CONTROLS AND PROCEDURES**

**TC PipeLines, LP**

**Evaluation of Disclosure Controls and Procedures**

Based on their evaluation of the Partnership's disclosure controls and procedures as of the end of the period covered by this quarterly report, the Principal Executive Officer and Principal Financial Officer of the general partner of the Partnership have concluded that the Partnership's disclosure controls and procedures were effective in ensuring that the information required to be disclosed by the Partnership in the reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that information required to be disclosed by the Partnership in the reports that the Partnership files or submits under the Exchange Act is accumulated and communicated to the management of the general partner of the Partnership, including the Principal Executive Officer and Principal Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

**Changes in Internal Control over Financial Reporting**

There were no changes in the Partnership's internal control over financial reporting during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Partnership's internal control over financial reporting.

**Acquisition of Tuscarora**

On December 19, 2006, the Partnership acquired an additional 49 per cent interest in Tuscarora, increasing the Partnership's interest in Tuscarora to 98 per cent. As at September 30, 2007, the Partnership has substantially completed integrating Tuscarora's transactions into the Partnership's existing internal controls over financial reporting.

**PART II. OTHER INFORMATION**

**ITEM 1A. RISK FACTORS**

**TC PipeLines, LP**

The following new or modified risk factor should be read in conjunction with the risk factors disclosed in Part I, Item 1A, Risk Factors, in our annual report on Form 10-K for the year ended December 31, 2006 and Part II, Item 1A, Risk Factors in our quarterly report on Form 10-Q for the first quarter of 2007:

**Risks Inherent in Our Business**

*Our pipeline assets' operations are subject to operational hazards and unforeseen interruptions, which could adversely affect their business and for which they may not be adequately insured.*

Our pipeline assets' operations are subject to all of the risks and hazards typically associated with the operation of a natural gas transportation pipeline system. Operating risks include, but are not limited to, leaks, pipeline ruptures, the breakdown or failure of equipment or processes, and the performance of pipeline facilities below expected levels of capacity and efficiency. Other operational hazards and unforeseen interruptions include adverse weather conditions, accidents, the collision of equipment with our pipeline assets' facilities (which may occur if a third party were to perform excavation or construction work near our pipeline assets' facilities), and catastrophic events such as explosions, fires, earthquakes, floods or other similar events beyond our control. It is also possible that our pipeline assets' infrastructure facilities could be direct targets or indirect casualties of an act of terrorism. A casualty occurrence might result in injury or loss of life, extensive property damage or environmental damage. Liabilities incurred, and interruptions to the operation of our pipeline assets, for short or extended durations, caused by such an event, could reduce revenues generated by them and increase expenses, thereby impairing their ability to meet their obligations. Insurance proceeds may not be adequate to cover all liabilities or expenses incurred or revenues lost.
