Item 1.01 Entry into a Material Definitive Agreement

On August 29, 2008, we obtained a \$4,210,000 straight line of credit from Lewisville State Bank, a division of 1st International Bank (the Bank), which has previously lent us \$2,500,000 (the Prior Debt). \$2,288,730.63 of the Prior Debt is still outstanding. The purpose of the line of credit is to expand the warehouse. The expansion will include additional warehouse space, additional office space, and a new Clean Room.

Disbursements from the line of credit are due only with respect to work previously completed by a contractor. The Bank has no obligation to make disbursements if, among other things, there occurs a material adverse change in financial condition or in the value of the collateral. We are obligated to pay the full amount upon demand. Beginning on September 29, 2008, we must also pay minimum monthly payments equal to the accrued interest on any disbursed amounts.

The maturity date is February 28, 2010. The interest rate is Prime (as established by the Wall Street Journal) plus .25%. We may prepay the line of credit without penalty. Repayment of disbursed funds is secured by a Construction Deed of Trust dated August 29, 2008, on the land and buildings (which is secondary to that certain Construction Deed of Trust dated March 29, 2004, securing the Prior Debt) as well as an Assignment of All Rents.

The Bank may require evidence of equity funds totaling \$236,972 prior to the initial advance of funds. The Bank has a right of set off against all other funds held with it. We currently hold approximately \$600,000 in cash and cash equivalents with the Bank.
