**Item 7.01 Regulation FD Disclosure.**

On December 22, 2008, Equitable Resources, Inc. (the Company) announced that its subsidiary, Equitable Gas Company, had reached a settlement of its Pennsylvania rate case that would result in a projected revenue increase of approximately \$38.3 million annually. Equitable Gas Company had originally requested a rate increase totaling \$51.9 million annually. The settlement is unopposed by the active parties to the proceeding and is subject to the recommendation of a Pennsylvania Public Utility Commission ( PUC ) Administrative Law Judge and the approval of the PUC, which is expected before March 31, 2009.

This is the first delivery rate increase Equitable Gas Company has requested in more than a decade. Since 1997, Equitable Gas Company has invested more than \$360 million to upgrade its pipeline infrastructure, improve the efficiency of its operations, and enhance the quality of its customer service. As a result of these investments, the company now ranks among the highest in Pennsylvania in gas utility call center service levels and has achieved documented improvements in on-time scheduled appointment performance and safety.
