Set forth below is a summary of the tax allocation of the distributions paid by Inland Western Retail Real Estate Trust, Inc. (the Company) on its common shares during 2009. Stockholders receiving distributions in 2009 will receive a Form 1099-DIV summarizing the allocation of the individual distributions. Therefore, the tax allocation provided in this report is for informational purposes only. Stockholders are advised to consult with their tax advisors about the specific tax treatment of distributions paid by the Company in 2009.

The fourth quarter 2009 distribution with a record date of December 31, 2009 and payment date of January 11, 2010 is taxable in 2010, and not reflected in the 2009 tax allocation. The following table, presented on a per share basis, summarizes the tax allocation determined by the Company.

(b) ERISA Valuation

Attached to this Form 8-K as Exhibit 99.1 is a copy of a letter to be sent by the Company to its shareholders on or about January 27, 2010, in connection with, among other things, the Company's annual statement of value, being the Company's estimate of the value of a share of its stock for purposes of the Employee Retirement Income Security Act, as amended (ERISA), which letter is incorporated by reference in its entirety into this report.

In order for qualified plans to report account values as required by ERISA, we provide an estimated share value on an annual basis. As of December 31, 2009, the annual statement of estimated value for our shares for shareholders subject to ERISA was estimated to be \$6.85 per share. The estimated value was determined by the use of a combination of different indicators and an internal assessment of value utilizing a common means of valuation under the direct capitalization method as of December 31, 2009. No independent appraisals were obtained.

The annual statement of estimated value for shareholders subject to ERISA and to certain other plan shareholders is only an estimate and may not reflect the actual value of our shares. The annual statement of estimated value is based on the estimated value of each share of common stock based as of the close of our fiscal year. The board of directors, in part, relied upon third

party sources in arriving at this estimated value, which reflects, among other things, the impact of the recent adverse trends in the economy and the real estate industry. Because this is only an estimate, we may subsequently revise any annual valuation that is provided. We cannot assure that:

- this estimate of value could actually be realized by us or by our shareholders upon liquidation;
- shareholders could realize this estimate of value if they were to attempt to sell their shares of common stock now or in the future;
- this estimate of value reflects the price or prices at which our common stock would or could trade if it were listed on a national stock exchange or included for quotation on a national market system; or
- the annual statement of value complies with any reporting and disclosure or annual valuation requirements under ERISA or other applicable law.

In conjunction with the Company's estimate of the value of a share of its stock for purposes of the ERISA, the board of directors amended the Company's Distribution Reinvestment Program (DRP), effective March 1, 2010, solely to modify the purchase price. Under the DRP, a shareholder may acquire, from time to time, additional shares of our stock by reinvesting cash distributions payable by us to such shareholder, without incurring any brokerage commission, fees or service charges. Thus, on or after March 1, 2009, additional shares of our stock purchased under the DRP will be purchased at a price of \$6.85 per share.
