Item 8.01. Other Events.

On June 10, 2010, EQT Production Company, a wholly owned subsidiary of EQT Corporation, and EQT Corporation (EQT) completed additional closings under the several agreements (the Agreements) described in EQT's Form 8-K dated March 2, 2010. At the closings, which represented approximately 10% of the anticipated total acres to be acquired, EQT paid \$1,798,349 in cash and issued an aggregate of 352,926 shares of its common stock as payment. As a result of these closings and the closings described in EQT's Form 8-K dated April 30, 2010, EQT has now acquired approximately 90% of the total acres to be acquired under the Agreements. The Company expects to close on the remaining assets from time to time as sellers take curative actions typical for Appalachian Basin properties. All remaining closings will be funded with cash.

In accordance with registration rights agreements entered into between the parties, the shares of common stock issued pursuant to each Agreement have been registered for resale under the Company's registration statement on Form S-3 (File No. 333-148154) (the Registration Statement), as supplemented by the prospectus supplements filed April 30, 2010 and June 10, 2010 (the Prospectus Supplement) with the Securities and Exchange Commission. The Opinion and Consent of Buchanan Ingersoll & Rooney PC as to the validity of the shares of common stock of the Company being offered and sold by the respective selling shareholders pursuant to the Registration Statement as supplemented by the Prospectus Supplement are each filed herewith and incorporated by reference into the Registration Statement.

In addition, at the initial closings EQT entered into lock-up agreements with respect to the shares of common stock issued pursuant to each of the Agreements which provide, among other matters, that during each period of 30-days in the six months following the initial closing, sales and certain other dispositions of the shares of common stock issued pursuant to each Agreement are limited to ten percent (10%) of the total shares of common stock issued at the initial closing of that Agreement and at any subsequent closing of that Agreement.
